GENERAL INFORMATION

We are providing these proxy materials to you in connection with the solicitation of proxies by the Board of Directors of ENGlobal Corporation ("ENGlobal") for the 2009 Annual Meeting of Stockholders (the "Meeting") and for any adjournment or postponement of the Meeting. In this Proxy Statement, we refer to ENGlobal as the "Company," "we," "our" or "us."

We are making these proxy materials available to you on the Internet. On or about May 8, 2009, we will mail a notice to our stockholders containing instructions on how to access the proxy materials at <http://www.proxyvote.com> and vote online. In addition, stockholders may request proxy materials to be sent to them by mail or email.

Who is soliciting my proxy?

We, the Board of Directors of ENGlobal (the "Board"), are making these proxy materials available to you in connection with our solicitation of proxies for use at the Meeting. Specified directors, officers, and employees of ENGlobal may also solicit proxies on our behalf by mail, phone, fax, or in person.

Who is paying for this solicitation?

ENGlobal will pay for the solicitation of proxies, including the cost of preparing and assembling these proxy materials, making these proxy materials available on the Internet, mailing notices to our stockholders, and mailing these proxy materials to our stockholders on request. We have retained and pay a fee to Broadridge Financial Solutions, Inc. to assist us in making our proxy materials available on the Internet and tabulating our proxies, but we pay no separate compensation solely for the solicitation of proxies.

What is the purpose of the Meeting?

At the Meeting, stockholders will be asked to (1) elect directors and (2) approve and ratify the adoption of the ENGlobal Corporation 2009 Equity Incentive Plan.

Who is entitled to vote at the Meeting?

Only stockholders of record at the close of business on April __, 2009, the record date for the Meeting, are entitled to receive notice of and to vote at the Meeting. If you were a stockholder of record on that date, you are entitled to vote all of the shares you held on that date at the Meeting, or any postponements or adjournments of the Meeting.

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

If your shares are registered directly in your name, you are the holder of record of these shares and we will send the notice and online access and voting instructions directly to you. If you hold your shares in a brokerage account or through a bank or other holder of record, you hold the shares in "street name," and your broker, bank or other holder of record will send voting instructions to you.

How many votes do I have?

You have one vote at the Meeting, or any postponements or adjournments of the Meeting, for each share of our Common Stock you owned as of the record date. Stockholders do not have cumulative voting rights.

1

How do I vote?

You may submit a proxy or voting instructions over the Internet at <http://www.proxyvote.com> by following the instructions provided in the notice mailed to you or by voting in person at the Meeting. You may also submit a proxy or voting instructions by telephone by following the instructions found on the Internet site. If you request proxy materials by mail or email, you may submit a proxy or voting instructions by any of the above methods or by completing and mailing a proxy card.

If you hold your shares in street name, you have the right to direct your broker, bank or other holder of record how to vote by following the instructions sent to you by the holder of record. If you desire to vote in person at the Meeting, as a holder in street name, you must provide a legal proxy from your bank, broker or other holder of record.

May I revoke my proxy or change my voting instructions?

Yes, you may revoke your proxy or change your voting instructions by (a) voting in person at the Meeting, (b) casting a vote over the Internet or by telephone at a later date or (c) sending a written notice of revocation to our Corporate Secretary by mail to ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914 or by facsimile at (281) 878-1011; provided, that, with regard to (b) and (c), the Company receives such change prior to the Meeting. If you request proxy materials by mail or email, you may also change your proxy by mailing a proxy card with a later date, provided that the Company receives the later dated proxy card prior to the Meeting. If you submit a new proxy, only your later dated proxy (whether cast by Internet, telephone, mail or in person) will be counted.

What are the Board's recommendations?

The Board's recommendations are set forth together with the description of each item in this Proxy Statement. The Board recommends a vote FOR the election of four directors to our Board to serve until the next annual meeting of stockholders and FOR the approval of the adoption of the ENGlobal Corporation 2009 Equity Incentive Plan.

If any other matter properly comes before the Meeting, with regard to any proxies submitted by stockholders, William A. Coskey, P.E. and R.W. (Bob) Raiford will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

How many votes must be present to hold the Meeting?

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

We will have a quorum, and will be able to conduct the business of the Meeting, if the holders of a majority of shares of Common Stock outstanding and entitled to vote are represented in person or by proxy at the Meeting. As of the record date, 27,294,852 shares of Common Stock, representing the same number of votes, were outstanding. Thus, the presence in person or by proxy of the record holders of at least 13,647,427 shares of Common Stock will be required to establish a quorum. Stockholders of record who are present at the Meeting in person or by proxy and who abstain from voting, including brokers holding customers' shares of record who cause abstentions to be recorded at the Meeting, will be included in the number of stockholders present at the Meeting for purposes of determining whether a quorum is present.

What vote is required to approve each item?

The election of directors is decided by a plurality of the votes cast. For this purpose, "plurality" means that the individuals receiving the largest number of affirmative votes, whether or not they receive a majority of the

2

votes, are elected as directors, up to the maximum number of directors to be chosen at the election. A properly executed proxy marked "WITHHOLD AUTHORITY" with respect to the election of one or more directors will not be voted with regard to the director or director indicated, although it will be counted for purposes of determining whether there is a quorum.

With regard to each other item voted on at the Meeting, including the adoption of the 2009 Equity Incentive Plan, the affirmative vote of the holders of a majority of the votes cast in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked "Abstain" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

For shares held in "street name" through a broker or other nominee, the broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if stockholders do not give their broker or nominee specific instructions, their shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

What if I do not mark a voting choice for some of the matters listed on my proxy card?

If you request proxy materials by mail or email and send a proxy card without specifying a vote or an abstention, your shares will be voted "FOR" the director nominees listed on the proxy card and in this Proxy Statement, and for the approval of the ENGlobal Corporation 2009 Equity Incentive Plan.

Could other matters be decided at the Meeting?

We do not know of any matters that will be considered at the Meeting other than the items set forth in this Proxy Statement. If other matters are properly raised at the Meeting, your proxy authorizes the Proxy Holders to vote as they think best, unless authority to do so is withheld by you in your proxy.

What happens if the Meeting is postponed or adjourned?

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

If the Meeting is postponed or adjourned, your proxy will still be good and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy until it is voted at the Meeting.

How do I get copies of the exhibits filed with ENGlobal's Form 10-K?

We are furnishing our annual report to our stockholders over the Internet. You may read, print and download our annual report at <http://www.proxyvote.com>. You may request the annual report be sent to you by mail or email by following the instructions on the notice of internet availability to be mailed to you on or about May 8, 2009. ENGlobal will provide to any stockholder as of the record date, who so specifically requests in writing, copies of the exhibits filed with ENGlobal's Annual Report on Form 10-K for a reasonable fee. Requests for such copies should be directed to Corporate Secretary, ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914. The annual report may also be read, downloaded and printed at www.englobal.com. In addition, copies of all exhibits filed electronically by ENGlobal may be reviewed and printed from the SEC's website at: www.sec.gov.

CORPORATE GOVERNANCE

The following section summarizes information about our corporate governance policies, our Board and its committees and the director nomination process.

Our Governance Practices

Corporate Governance Guidelines

We believe that good corporate governance helps to ensure that the Company is managed for the long-term benefit of our stockholders. During the past year, we continued to review our corporate governance policies and practices, the corporate governance rules and regulations of the SEC, and the rules of the NASDAQ Stock Market ("NASDAQ").

In 2008, we reviewed our Audit Committee, Compensation Committee, Nominating & Corporate Governance Committee Charters, Corporate Code of Conduct, and other policies and procedures required by applicable law or stock exchange listing standards. You can access and print these documents from the "Investor Relations" section of our website at www.englobal.com or you can request copies at no cost by writing us at ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Investor Relations.

Corporate Code of Conduct

The Company has adopted a Corporate Code of Conduct that applies to all of the Company's directors, officers and employees in accordance with NASDAQ rules. The purpose and role of this code is to focus our officers, directors, and employees on areas of ethical risk, provide guidance to help them recognize and deal with ethical issues, provide mechanisms to report unethical or unlawful conduct, and help enhance and formalize our culture of integrity, honesty and accountability. We have posted our Code of Conduct on the "Investor Relations" section of our website at www.englobal.com.

The Company also has a Code of Ethics applicable to the Chief Executive Officer and certain senior financial officers of the Company that complies with

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

Item 406 of Regulation S-K of the Exchange Act and with applicable NASDAQ rules. We have posted our Code of Conduct on the "Investor Relations" section of our website at www.englobal.com.

The Board of Directors

Board Size; Meetings of the Board

Our Board currently has four members (its authorized size). During 2008, the Board met 14 times and each director attended at least 75% of the meetings. For information regarding meetings of the committees of our Board, see "Committees of the Board of Directors--Committee Composition and Meetings" below.

Executive Sessions; Lead Director

In 2008, the Company held nine executive sessions of its non-employee directors, Messrs. Gent, Hale and Roussel. Any non-employee director can request that an executive session be scheduled. Mr. Gent has served as the Company's lead independent director since 2002, and was re-elected to this role in 2009.

4

Director Independence

The Board has determined that no director has a relationship which, in the opinion of the Board, would interfere with the exercise of his independent judgment in carrying out the responsibilities of a director, and that all directors, except Mr. Coskey, meet the criteria for independence under NASDAQ rules. The Board has also determined that the members of each of its committees, including the Audit Committee, meet the criteria for membership applicable to each committee under the NASDAQ listing standards and applicable SEC rules and regulations.

Director Attendance at Annual Meetings

All of our directors, except Mr. Hale, attended the 2008 annual meeting and we expect all directors standing for reelection will attend the 2009 Meeting.

Board Evaluation Process

The Nominating & Corporate Governance Committee conducts an annual evaluation to determine whether the Board, its committees and its members are functioning effectively. The evaluation focuses on the Board's (and each Board committee's and member's) contribution as a whole to us and on areas that the Board, any Board committee, any individual director and/or management believe can be improved.

Director Elections

Directors will be elected by a favorable vote of a plurality of the shares of common stock present, in person or by proxy, at the Meeting and entitled to vote.

Committees of the Board of Directors

Committee Composition and Meetings

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

Each of our directors, except Mr. Gent, attended at least 75% of the total meetings held by all Board committees on which they served in 2008.

Summary of Committee Responsibilities

All of our committee charters are available at www.englobal.com.

Audit Committee

The purposes of the Audit Committee are to oversee:

- o the quality and integrity of our financial statements;
- o our compliance with legal and regulatory requirements; and
- o our independent auditors' qualifications, independence and performance.

In addition, the Audit Committee annually reviews our disclosures regarding deficiencies, if any, in the design or operation of internal controls.

The Board has determined that Mr. Hale is qualified as an audit committee financial expert under the SEC's rules and regulations. In addition, the Board has determined that each member of the Audit Committee has the requisite accounting and related financial management expertise under NASDAQ rules.

Nominating & Corporate Governance Committee

The purposes of the Nominating & Corporate Governance Committee are to:

- o assist the Board by identifying individuals qualified to become Board members and recommend to the Board director nominees for election at the annual meetings of stockholders or for appointments to fill vacancies;
- o recommend to the Board director nominees for each Board committee and advise the Board on the appropriate composition of the Board and its committees;
- o make an annual report to the Board on succession planning;
- o advise the Board about and recommend to the Board appropriate corporate governance practices and assist the Board in implementing those practices; and
- o implement the annual performance review process for the Board and its committees.

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

In addition, the Nominating & Corporate Governance Committee reviews all relationships each director has with us and reports the results of its review to the Board with appropriate recommendations, if any, for approval.

Compensation Committee

The purposes of the Compensation Committee are to:

- o review, evaluate and approve our agreements, plans, policies and programs to compensate our officers and directors;
- o oversee our plans, policies and programs to compensate our employees;
- o review the Compensation Discussion and Analysis and, based on that review and discussion, determine whether to recommend to the Board that the Compensation Discussion and Analysis be included in our annual report or Proxy Statement for the Meeting;
- o produce a report for inclusion in our Proxy Statement for the Meeting;
- o evaluate the performance of our Chief Executive Officer and executives;
- o set the compensation for our Chief Executive Officer and such other executives as the Compensation Committee deems appropriate and otherwise discharge the Board's responsibilities relating to compensation of our officers and directors; and

6

- o encourage stock ownership by directors and executives, including through the use of equity compensation programs.

The Compensation Committee has discretion to establish and delegate some or all of its authority to subcommittees. During 2008, the Compensation Committee did not establish or utilize a subcommittee for considering or determining executive or director compensation, and it has no current plans to do so. For information regarding the Compensation Committee's role in setting compensation, see "Executive Compensation--Compensation Discussion and Analysis" and "Director Compensation." For information regarding the role of our executive officers in setting compensation, see "Executive Compensation--Compensation Discussion and Analysis."

Compensation Committee Interlocks and Insider Participation

During 2008, all members of the Compensation Committee were independent directors and no member is or was our employee. During 2008, none of our executives served on a compensation committee (or equivalent) or a board of directors of another entity that had an executive serving on our Compensation Committee or Board.

Director Nominations

Consideration of Director Nominees

Stockholder Nominees

The Nominating & Corporate Governance Committee will carefully consider all qualified director candidates, whether such candidates are recommended by a stockholder or otherwise. Any stockholder wishing to recommend a director candidate for the 2010 Annual Meeting of Stockholders should submit his nomination before January 8, 2010 to ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Corporate

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

Secretary. Nominations should include the following information in order to facilitate the Nominating & Corporate Governance Committee's review and consideration:

- o the name, telephone number and address of the recommending stockholder;
- o the name, age, business address and residence of the director candidate;
- o the principal occupation or employment of the director candidate for the past five years;
- o a description of the director candidate's qualifications to serve as a director, including financial expertise and why the candidate qualifies or does not qualify as "independent" under the NASDAQ listing standards;
- o the number of shares of the Company's Common Stock beneficially owned by the director candidate, if any;
- o a description of any arrangements or understandings between the recommending stockholder and the director candidate, if any, or any other person for whom the recommending stockholder is making the recommendation; and
- o whether or not the recommending stockholder and the director candidate consent to being named in the Company's Proxy Statement with respect to disclosures regarding the nomination process.

No candidate for election to our Board has been recommended within the preceding year by a beneficial owner of 5% or more of our Common Stock.

7

Director Qualifications

The Nominating & Corporate Governance Committee establishes criteria for selecting new members of the Board. The Board as a whole should reflect a range of skills, knowledge and experience in areas of importance to the Company. Directors must be committed to upholding the highest standards of personal and professional integrity and to representing the interests of all stockholders, not particular stockholder constituencies. The Nominating & Corporate Governance Committee places no specific restrictions on the number of terms directors may serve or other Boards on which a director may sit, but directors must possess sufficient time and energy to carry out their duties effectively. A majority of directors must be "independent" under the NASDAQ rules, and members of the Company's audit committee must meet NASDAQ financial literacy and sophistication requirements. In determining whether a director is independent, the Board will broadly consider all relevant facts and circumstances.

Identifying and Evaluating Nominees for Directors

The Nominating & Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating & Corporate Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. If vacancies are anticipated, or otherwise arise, the Nominating & Corporate Governance Committee will consider various potential candidates for director. Candidates may come to the attention of the Nominating & Corporate Governance Committee through current Board members, stockholders or other persons. These candidates will be evaluated at regular or special meetings of the Nominating & Corporate Governance Committee, and may be considered at any point during the year. As described above, the Nominating & Corporate Governance Committee will consider properly submitted stockholder nominations for

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

candidates for the Board.

Communications with the Board

Stockholders may communicate with the Board, Board committees, Non-employee Directors as a group, and individual directors by submitting their communications in writing to ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Corporate Secretary. Any communication must contain:

- o a representation that the stockholder is a holder of record of our capital stock;
o the name and address, as they appear on our books, of the stockholder sending the communication; and
o the number of shares of our capital stock that are beneficially owned by such stockholder.

ENGlobal's Corporate Secretary will distribute such communications to the intended recipient upon receipt, unless the communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Corporate Secretary has the authority to discard the communication or to take appropriate legal action regarding the communication.

ITEMS TO BE VOTED ON BY STOCKHOLDERS

PROPOSAL ONE:
ELECTION OF DIRECTORS

Nominees

The number of directors of the Company has been set at four in connection with the Annual Meeting. At the Annual Meeting, you and the other stockholders will elect four individuals to serve as directors until the next annual meeting of stockholders, until their successors are duly elected or appointed or until their death, resignation, or removal. Each of the nominees is currently a member of the Board.

The individuals named as proxies will vote proxies received for the election of all nominees, unless you direct them to withhold your votes. If any nominee becomes unable to serve as a Director before the Annual Meeting, an event that is not presently anticipated, discretionary authority may be exercised by the persons named as proxies to vote for substitute nominees proposed by the Board.

There are no arrangements or understandings between ENGlobal and any person pursuant to which such person has been elected as Director.

The nominees for Director, each of whom has consented to serve, if elected, are as follows:

PROPOSAL TWO: APPROVAL OF THE ADOPTION OF THE ENGLOBAL CORPORATION 2009 EQUITY INCENTIVE PLAN

The Board has approved, subject to stockholder approval, ENGlobal's 2009 Equity Incentive Plan (the "Plan"). The Plan will enhance the ability of ENGlobal and its subsidiaries to attract and retain officers, employees, directors and consultants of outstanding ability and to provide selected participants with an interest in ENGlobal parallel to that of our stockholders.

The Board has chosen to limit the number of authorized shares under the Plan to 480,000, which represents the number of previously authorized but unissued shares under the expired ENGlobal Corporation 1998 Incentive Plan previously approved by stockholders on June 14, 2007. The Board believes this limitation is appropriate because it uses equity for the limited purpose of aligning the interests of participants under the Plan. The Board also believes the limitation is appropriate to reduce shareholder dilution.

Summary Description of the Plan

The following summary of the principal terms of the Plan is qualified in its entirety by the full text of the Plan, which has been filed as an exhibit to this Proxy Statement and can be reviewed on the Securities and Exchange Commission's website at www.sec.gov. You may also obtain, free of charge, a copy of the Plan by writing to our Corporate Secretary at 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914.

Purpose. The purpose of the Plan is to attract and retain key employees, directors and consultants by providing them with additional incentives, and to promote the success of the Company's business.

Administration. The Board or one or more committees appointed by the Board will administer the Plan. For this purpose, the Board has delegated general administrative authority for the Plan to the Chief Governance Officer. A committee may delegate some or all of its authority with respect to the Plan to

11

another committee of directors and may delegate certain limited award grant authority to one or more officers of the Company. (The appropriate acting body, be it the Board, a committee within its delegated authority, or an officer within his or her delegated authority, is referred to in this summary as the "Administrator.") The Administrator determines the number of shares that are subject to awards and the terms and conditions of such awards, including the price (if any) to be paid for the shares or the award. Along with other authority granted to the Administrator under the Plan, the Administrator may (i) determine fair market value, (ii) select recipients of awards, (iii) determine the number of shares subject to awards, (iv) approve form award agreements, (v) determine the terms and conditions of awards, (vi) reduce the exercise price of outstanding awards without participant consent, (vii) amend outstanding awards, and (viii) allow participants to satisfy withholding tax obligations through a reduction of shares.

Eligibility. Persons eligible to receive awards under the Plan include our officers, employees, consultants and member of the Board. The Administrator determines from time to time the participants to whom awards will be granted.

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

An award may be granted by the Administrator to any eligible person to reward exceptional or special services, contributions or achievements in the manner and on such terms and conditions (including any restrictions on such shares) as determined by the Administrator and may be granted independently or in lieu of a cash bonus.

Authorized Shares; Limits on Awards. The maximum number of shares of Common Stock that may be issued pursuant to awards under the Plan equals 480,000, all of which may be subject to incentive stock option treatment. Additionally, the maximum number of shares subject to those options and stock appreciation rights that may be granted during any calendar year to any individual under the Plan is 240,000 shares.

To the extent that the Company settles an award for cash or a form other than shares, the shares that would have been delivered had there been no such cash or other settlement will not be counted against the shares available for issuance under the Plan. To the extent that shares are delivered pursuant to the exercise of a stock appreciation right or stock option, only the shares actually issued shall be counted against the applicable share limits. Shares that are subject to or underlie awards that expire or for any reason are cancelled or terminated, are forfeited, fail to vest, or for any other reason are not paid or delivered under the Plan will again be available for subsequent awards under the Plan. Additionally, shares that are exchanged by a participant or withheld by the Company as full or partial payment in connection with any award under the Plan, as well as any shares exchanged by a participant or withheld by the Company to satisfy the tax withholding obligations related to any award under the Plan, will be available for subsequent awards under the Plan and are not counted against the applicable share limits.

As is customary in incentive plans of this nature, the number and kind of shares available under the Plan and the then outstanding stock-based awards, as well as exercise or purchase prices, performance targets under certain performance-based awards and share limits, are subject to adjustment in the event of certain reorganizations, mergers, combinations, consolidations, recapitalizations, dividends, stock splits, a split-up or a spin-off, repurchases or exchange, or other similar events, or extraordinary dividends or distributions of property to the stockholders.

Incentive Awards. The Plan authorizes stock options, stock appreciation rights ("SARs"), restricted stock, restricted stock units, performance shares and performance units, as well as other awards (described in the Plan) that are responsive to changing developments in management compensation. The Plan retains the flexibility to offer competitive incentives and to tailor benefits to specific needs and circumstances. Any award may be paid or settled in cash. An option or SAR will expire, or other award will vest in accordance with the schedule set forth in the applicable award agreement.

Stock Option. A stock option is the right to purchase shares of Common Stock at a future date at a specified price per share generally equal to, but no less than, the fair market value of a share on the date of grant. An option may either be an Incentive Stock Option ("ISO") or a nonstatutory stock option ("NSO"). ISO benefits are taxed differently from NSOs, as described under "Federal Income Tax Treatment of Awards under the Plan," below. ISOs also are

subject to more restrictive terms and are limited in amount by the Internal Revenue Code of 1986, as amended (the "Code"), and the Plan. Full payment for

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

shares purchased on the exercise of any option must be made at the time of such exercise in a manner approved by the Administrator.

SARs. A SAR is the right to receive payment of an amount equal to the excess of the fair market value of a common share on the date of exercise of the SAR over the base price of the SAR. The base price will be established by the Administrator at the time of grant of the SAR but will not be less than the fair market value of a share on the date of grant. SARs may be granted in connection with other awards or independently.

Restricted Stock. A restricted stock award is typically for a fixed number of shares of Common Stock subject to restrictions. The Administrator specifies the price, if any, the participant must pay for such shares and the restrictions (which may include, for example, continued service and/or performance standards) imposed on such shares.

Restricted Stock Units. A restricted stock unit is similar to a SAR except that it entitles the recipient to receive an amount equal to the fair market value of a share of Common Stock.

Performance-Based Awards. Performance-based awards designed to satisfy the requirements for deductibility under Section 162(m) of the Code (in addition to other awards expressly authorized under the Plan which may also qualify as performance-based) and may be based on the performance of the Company and/or one or more of our subsidiaries, divisions, segments, or units. The business criteria from which performance goals will be established are listed in the Plan under the term "Performance Goals." Performance goals may be adjusted to reflect certain changes, including reorganizations, liquidations and capitalization and accounting changes, to the extent permitted by Section 162(m). Performance-based awards may be stock-based (payable either in stock only or in cash or stock) or may be cash-only awards (in either case, subject to the limits described under the heading "Authorized Shares; Limits on Awards" above). Before any performance-based award is paid, the Administrator must certify that the performance goals have been satisfied. The Administrator has discretion to determine the performance goals and restrictions or other limitations of the individual awards and reserves discretion to reduce payments below maximum award limits.

The Administrator may grant stock unit awards and permit deferred payment of awards, and may determine the form and timing of payment, vesting, and other terms applicable to stock units or deferrals.

Acceleration of Awards; Possible Early Termination of Awards. Upon a change in control of the Company, outstanding awards under the Plan will be assumed or substituted. However, if the successor corporation does not assume or substitute the outstanding awards, then vesting of these awards will fully accelerate, and in the case of options or stock appreciation rights, will become immediately exercisable. For this purpose a change in control is defined to include certain changes in the majority of the Board, the sale of all or substantially all of the Company's assets, and the consummation of certain mergers or consolidations.

Transfer Restrictions. Subject to certain exceptions, awards under the Plan are not transferable by the recipient other than by will or the laws of descent and distribution and are generally exercisable, during the recipient's lifetime, only by him or her.

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

Termination of or Changes to the Plan. The Board may amend or terminate the Plan at any time and in any manner; provided, however, that under NASDAQ rules and the Code, stockholder approval generally is required in connection with any material amendment to the Plan. Unless required by applicable law or listing agency rule, stockholder approval for any amendment will not be required. Unless previously terminated by the Board, the Plan will terminate on June 18, 2019. Generally speaking, outstanding awards may be amended, subject, however, to the consent of the holder if the amendment materially and adversely affects the holder.

Federal Income Tax Treatment of Awards under the Plan

Federal income tax consequences (subject to change) relating to awards under the Plan are summarized in the following discussion. This summary is not intended to be exhaustive and, among other considerations, does not describe the deferred compensation provisions of Section 409A of the Code to the extent an award is subject to and does not satisfy those rules, nor does it describe state, local, or international tax consequences.

For "NSOs," the Company is generally entitled to deduct (and the optionee recognizes taxable income in) an amount equal to the difference between the option exercise price and the fair market value of the shares at the time of exercise. For ISOs, the Company is generally not entitled to a deduction nor does the participant recognize income at the time of exercise. The current federal income tax consequences of other awards authorized under the Plan generally follow certain basic patterns: SARs are taxed and deductible in substantially the same manner as NSOs; nontransferable restricted stock subject to a substantial risk of forfeiture results in income recognition equal to the excess of the fair market value over the price paid (if any) only at the time the restrictions lapse (unless the recipient elects to accelerate recognition as of the date of grant); bonuses and performance share awards are generally subject to tax at the time of payment; cash-based awards are generally subject to tax at the time of payment; and compensation otherwise effectively deferred is taxed when paid. The Company will generally have a corresponding deduction at the time the participant recognizes income. However, as for those awards subject to ISO treatment, the Company would generally have no corresponding compensation deduction.

If an award is accelerated under the Plan in connection with a change in control (as this term is used under the Code), the Company may not be permitted to deduct the portion of the compensation attributable to the acceleration ("parachute payments") if it exceeds certain threshold limits under the Code (and certain related excise taxes may be triggered). Furthermore, the aggregate compensation in excess of \$1,000,000 attributable to awards which are not "performance-based" within the meaning of Section 162(m) of the Code may not be permitted to be deducted by the Company in certain circumstances.

Inapplicability of ERISA

Based upon current law and published interpretations, ENGlobal does not believe the Plan is subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Anticipated Grants

The Board has not made any grants under the proposed Plan. But as discussed in greater detail in the "Director Compensation" section of this proxy, the Board anticipates awarding a number of shares of restricted stock to its Non-employee Directors in a total amount equal to \$83,000 for director compensation, which the Compensation Committee considers commiserate with peer company director compensation. The following table represents the pro-forma number of restricted shares to be granted, assuming the fair market value of the

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

grant was \$4.54 on June 18, 2009:

14

Name and Position -----	Expected Grant Date -----	Number of Shares of Restricted Stock(1) -----
David W. Gent, P.E.	June 18, 2009	18,282
Randall B. Hale	June 18, 2009	18,282
David C. Roussel	June 18, 2009	18,282
	Total	54,846 =====

(1) Assuming the fair market value on the date of grant is \$4.54, 18,282 shares of restricted stock will be awarded to each of Company's Non-employee directors on June 18, 2009.

Stockholder Approval

Stockholder approval is required so that incentive stock options under the Plan will qualify under Section 422 of the Code and so that certain awards under the Plan will qualify as performance-based compensation under Section 162(m) of the Code. Stockholder approval is also required under NASDAQ rules.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

This Compensation Discussion and Analysis generally describes the development and current composition of our executive and director compensation programs and policies, and discusses the philosophy and principles underlying those policies and programs. It also gives greater context to the data presented in the tables and narratives that follow. This discussion should be read in conjunction with such tables, which follow beginning on page 20 of this Proxy Statement.

What is our executive compensation program designed to reward?

Our executive compensation program is designed to reward individual performance and to achieve strategic business objectives that are aimed at growing our business and aligning the long-term interests of our executives and stockholders. Specifically, as our production and profits increase, so does executive compensation. Conversely, if production and profits decrease, executive compensation may be less generous.

What are the elements and objectives of our executive compensation program?

Our compensation program for executives consists of base salary, annual incentive awards, long-term incentive awards, and termination and change-in-control arrangements. Using these elements, the Compensation Committee (the "Committee") has designed our compensation program to prudently use our resources while meeting the following objectives:

- o attract and retain the talent that we believe is required to successfully execute our business strategy;
- o align the interests of our executives with the interests of our stockholders;
- o reinforce expectations of leadership and achievement, consistent with our values and our vision to be the best positioned, most trusted choice for engineering and professional services in the energy sector; and
- o provide a strong incentive to our executives to achieve their potential and our goals and long-term success.

17

How are executive compensation amounts determined?

In determining target compensation levels for each executive, the Committee considers:

- o total compensation amounts;
- o market data;
- o individual performance;
- o corporate performance;
- o compensation history; and
- o internal equity.

None of these factors are weighted, but are considered together.

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

Total Compensation Amounts

In determining the individual compensation for ENGlobal's executives, the Committee considers the total compensation to be awarded to each executive (base salary, annual incentive awards, long-term incentive awards, and termination and change-in-control arrangements) and may exercise discretion in determining the portion allocated to the various components of total compensation. ENGlobal believes that the focus on total compensation provides the ability to align pay decisions with our short- and long-term business needs. This approach also allows for the flexibility needed to recognize differences in performance by providing differentiated pay.

Market Data

Market data is a key consideration for the Committee. The Committee considers this data for general market movement and trends and the positioning of our executives relative to the market. The Committee reviewed and considered market data for a peer group composed of six other engineering and construction companies (Furmanite Corporation, Michael Baker Corporation, Matrix Service Company, Tetra Tech, Inc., Willbros Group, and VSE Corporation). These companies were selected primarily because they are representative of the sector in which we operate with respect to each company's relative leadership position in our sector, its relative size as measured by market capitalization, the relative complexity of the business, and the CEO's role and responsibilities.

Market data for target total direct compensation (base salary, targeted annual incentive and expected value of long-term incentive awards) is developed to provide a broad market view. Each executive's position relative to the market data is reflective of his experience (both with us and with other organizations) and the other factors described below.

Individual Performance

The Committee also considers individual performance, including achievement of individualized goals, current and potential impact on corporate performance, reputation, skills, experience, criticality and demonstration of our values as important factors. Our values are to:

- o act with absolute integrity;
- o provide superb service to our customers;
- o collaborate with, support and respect our employees;
- o embrace the entrepreneurial spirit;
- o encourage a passion for excellence in everything we do; and
- o operate in a safe and responsible manner.

18

The format used for our executives' annual performance evaluations is the same as for all employees (except our Chief Executive Officer). See "What is the role of our executives in the compensation process?"

Corporate Performance

Significant portions of our annual incentive awards and long-term incentive awards are tied to corporate and operational results, which must be measured to determine the level of payout. See "Why do we choose to pay each element?"

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

Compensation History

In determining an executive's compensation, the Committee considers the base salary and the annual incentive payout history of each executive for the preceding four years. The Committee also considers each executive's equity holdings, including the date of any grants, the types of awards (stock options or cash), the vesting provisions, the expiration dates, the exercise prices, and the number of shares granted. The Committee reviews these historical awards in order to allocate an appropriate portion of executive compensation to retention value.

Internal Equity

The Committee believes that the success of a company depends to a large extent on honest and ethical leadership and teamwork. Consequently, compensation among senior executives is roughly equivalent. However, some differences in levels of compensation among our executives exist because of differences in their roles and responsibilities and in the factors discussed above. The Committee does not use formulas in determining base compensation amounts, but is mindful of internal equity and the impact of perceived fairness related to its decisions. Bonuses for senior executives are based on a formula tied to increases in earnings per share.

How does each element and our decisions regarding that element fit into our compensation program's objectives and affect other elements?

The Committee believes that in order to achieve our compensation program's objectives, a significant portion of executive compensation should be composed of variable, at risk elements, with the majority of these elements being based on alignment with our stockholders and achievement of our long-term success. Base salaries attract and retain the talent we need to lead and grow our business. The Committee strives for a balanced and effective mix of elements, which are not weighted in any particular manner. We have no policies or formulas for allocating among different forms of pay.

Mr. Coskey did not receive a salary increase in 2008, but elected to participate in the 2008 Key Manager Incentive Plan. See "Annual Incentive Awards" below.

Why do we choose to pay each element?

Base Salary

Base salary is paid in cash commensurate with the responsibilities of each individual's position, subject to adjustment by the Committee based on its annual review of the factors discussed under "How are executive compensation amounts determined?" The Committee believes the base salaries provide a

19

competitive level of fixed compensation based on the individual's experience and performance as well as the position's market value. See "Summary Compensation Table" for base salary amounts.

Annual Incentive Awards

Annual incentive awards are paid in cash and are tied to annual achievement against earnings per share results. The purpose of our annual incentive awards is to encourage superior performance on key corporate and

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

employee metrics that are critical to our business. Under the Key Manager Incentive Plan, if the Company's adjusted earnings per share for a year, after subtracting all incentive compensation, exceeds adjusted earnings per share in the immediately preceding calendar year, the Company designates a bonus pool equal to \$80,000 for each penny per share of earnings the Company makes which is above the prior year's earnings per share. The amount of the bonus pool under the Key Manager Incentive Plan is not permitted to exceed 12.50% of adjusted pre-tax, pre-bonus earnings (after adjusting for non-operating and non-recurring events) for the year for which the bonus is paid.

Except for bonuses paid to our Chief Executive Officer and Chief Financial Officer, which are determined by the Committee, amounts in the bonus pool are distributed in the discretion of the Chief Executive Officer, after consultation with the Company's management, based on evaluations of each eligible participant, assessing factors such as financial performance, client satisfaction, and leadership. In addition, in the discretion of the Chief Executive Officer, an amount equal to 10% to 15% of the total bonus pool may be allocated for any employees exhibiting performance over and above requirements of their position, when their performance has resulted in the addition of new clients, an improvement in the Company's financial performance, the award of new projects, or other significant activities that reflect the Company's core values. A copy of the Key Manager Incentive Plan approved by the Board of Directors was previously filed with the SEC as Exhibit 10.43 to the Company's Form 8-K dated April 10, 2007.

Long-Term Incentive Awards

Although use of the long-term incentive awards is limited, such equity-based awards are available for issuance when appropriate to align our executives' interests with those of our stockholders. These awards are designed to retain our executives and to provide them continued motivation to achieve our long-term success. In selecting recipients for equity grants and in determining the size of such grants, we consider various factors, including:

- o our achievements, financial performance and financial ratios, including revenues, operating income, and earnings per share;
- o Company and individual performance, both on an absolute basis in terms of growth over prior year performance, and against pre-established performance goals;
- o compensation paid by companies of comparable size in businesses similar to our business;
- o the executive's level of responsibility; and
- o the executive's contributions in support of our strategies.

The structure of our long-term incentive awards reflects the Committee's view that the purpose of the executive's equity compensation should strengthen alignment with stockholders, provide incentives tied to our performance and serve as a retention vehicle. Performance-based cash awards are primarily a stockholder alignment tool, as they are earned or vested upon the achievement of a key performance metric, earnings per share. Time-based common stock options can be retentive and they create stockholder alignment because their value increases as our stock price increases. The weighting of the long-term incentive award vehicles is reflective of the Committee's goal to have a balanced and effective mix of cash and equity elements.

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

Messrs. Raiford, Patton and Kelley are each a party to a written employment agreement (the "Employment Agreements") with ENGlobal. Mr. Coskey is not subject to an employment agreement with the Company. The Employment Agreements provide for an annual base salary, subject to discretionary increases by the Board of Directors, and other compensation in the form of cash bonuses, incentive compensation, stock options, stock appreciation rights, and restricted stock awards. Additionally, the executives receive health, life, and other insurance benefits in accordance with the terms of the Company's benefit plans, and the Company provides management level support services and reimbursement for specified business expenses. Copies of Messrs. Raiford, Patton and Kelley's Employment Agreements are on file with the SEC as Exhibits 10.37, 10.38, and 10.39, respectively, to the Company's Form 10-K for the fiscal year ended December 31, 2008.

The Employment Agreements provide for severance payments and benefits in the case of termination of employment. If employment ends because of death, the Company will pay any accrued but unpaid salary, additional compensation, and other benefits earned up to that date. In the case of disability, and depending on the executive, salary and benefits would generally be maintained by the Company on behalf of the disabled executive for up to three or six months of disability and for a period of three or six months following the date of termination, and the executive would receive health and life insurance benefits in accordance with the terms of the Company's benefit plans during that period. At the Company's option, severance payments and full benefits may be extended for an additional six-month period following the initial period of severance for disability.

If the Company terminates an executive's employment for "cause," as defined in the Employment Agreements, the Company will pay any accrued but unpaid salary, additional compensation, and other benefits earned up to the effective date of termination. If the Company terminates an executive's employment without "cause," as defined in the employment agreement, the Employment Agreements generally provide that the Company will continue to pay him for a period of six or twelve months following the date of termination and, at the Company's option, severance payments and full benefits may be extended for an additional six-month period following the initial severance period. See "Executive Compensation Tables--Severance."

The Employment Agreements include a covenant not to compete following termination of employment for a period of up to one year as well as confidentiality provisions as are customary in nature and scope, for such agreements.

The terms of the Employment Agreements were set through the course of arms-length negotiations with the executives. As part of these negotiations, the Committee analyzed the terms of the same or similar arrangements for comparable executives employed by some of the companies in our peer group. The Committee used this approach in setting the amounts payable and the triggering events under the Employment Agreements. The Employment Agreements' termination of employment provisions were entered into in order to address competitive concerns by providing the executives with a fixed amount of compensation that would offset the potential risk of foregoing other opportunities. At the time of entering into the Employment Agreements, the Committee considered ENGlobal's aggregate potential obligations in the context of retaining the executive and his expected compensation.

In addition, Messrs. Raiford and Patton are parties to an option pool agreement with Alliance 2000, Ltd. ("Alliance"), a Texas limited partnership beneficially owned and controlled by our Chief Executive Officer. Under the option pool agreement, options to acquire shares of ENGlobal's common stock

owned by Alliance were granted to Messrs. Raiford and Patton. These options vest and become exercisable upon a change of control of the Company. This arrangement was entered into in connection with a merger and was intended to provide an incentive to certain key employees to remain in the Company's service after the merger. The Alliance option pool agreement is scheduled to expire in December 2011.

Executive Perquisites

We do not provide substantial personal benefits or perquisites. The current Named Executive Officers (as defined in Item 402(a)(3) of Regulation S-K) are eligible to receive an executive vehicle/auto allowance perquisite having an annual value of up to \$9,000. See "Summary Compensation Table."

Other Compensation

From time to time, we make available to employees and executives certain other fringe benefits. We may provide club memberships, tickets to sporting or cultural events, tickets to community events, etc. To the extent that such items are taxable to the individual, they are considered to be part of the individual's compensation package. Other benefits provided to our executives are generally available to all employees, such as medical, dental, life, short-term disability, and long-term disability insurances, personal leave benefits, reimbursement for an annual physical exam, and Company matching contributions to the ENGlobal Corporation 401(k) Plan as amended.

What is the role of our executives in the compensation process?

Our Chief Executive Officer has access to the internal and external compensation information described above, including each executive's annual performance review. Using that information, our Chief Executive Officer makes recommendations to the Committee regarding the compensation of our other executives. The Committee independently reviews the data and makes its own determinations for our executives. The Committee is comprised of all of the Non-Employee Directors; each of whom is able to provide his views of the Chief Executive Officer's performance and compensation. The Committee has not historically engaged or retained any outside advisors or consultants with respect to executive or director compensation.

What are our equity and security ownership requirements?

We encourage stock ownership by executives through the use of equity awards.

When are awards granted and base salaries approved?

Each year, the Committee approves our executives' base salaries, payout of annual incentive awards for the prior year, and annual and long-term incentive awards for the current year at its first regular quarterly meeting (generally in March or April). Any awards for newly hired executives are granted at the next regularly scheduled Committee meeting. Offers to executive candidates are reviewed with the Committee prior to being made. Any equity awards included in an offer are subject to the Committee's approval.

Our executives do not have any role in establishing the timing of grants or vesting of stock options. We do not have any program, plan or practice to time grants of equity or equity-based awards in coordination with the release

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

of material non-public information and we do not set grant dates to new

22

executives in coordination with the release of such information. We have not timed, and do not intend to time, our release of material non-public information for the purpose of affecting the value of executive compensation.

Does the accounting and tax treatment of a particular form of compensation impact the form and design of awards?

The Committee considers tax, tax deductibility and accounting treatment of various compensation alternatives. However, these are not typically driving factors. The Committee may approve non-deductible compensation arrangements if it believes they are in the best interests of the Company and its stockholders taking into account several factors, including our ability to utilize the deduction based on projected taxable income.

Review of and Conclusion Regarding All Components of Executive Compensation

Based on our performance during the past several years, and in light of our executives' efforts in directing the Company, the Compensation Committee and the Board have determined that the compensation paid to Mr. Coskey, as well as compensation paid to our other Named Executive Officers, serves the best interests of our stockholders and continues to emphasize programs that the Compensation Committee and the Board believe positively affect stockholder value.

DIRECTOR COMPENSATION

As of December 31, 2008, the following table discloses cash and equity awards and other compensation earned, paid or awarded, as the case may be, to each of the Company's Non-employee Directors during the last fiscal year.

Name	Fees Earned or Paid in Cash (\$)	All Other Compensation (\$) (1) (2)	Total
----	---	-----	-----
Mr. Hale	\$36,000	\$26,514.60	\$62,514.60
Mr. Gent	\$32,000	\$26,514.60	\$58,514.60
Mr. Roussel	\$32,000	\$26,514.60	\$58,514.60

-
- (1) Amount paid in cash to Non-employee Directors on or about March 15, 2009 for director compensation earned in 2008. Represents vested portion of 6,420 restricted stock units granted to each director on August 8, 2008. Units vest 25% quarterly on each of September 30, 2008, December 31, 2008, March 31, 2009, and June 14, 2009. The market closing price on September 30, 2008 and December 31, 2008 were \$13.27 and \$3.25, respectively. The units that vested in 2008 were settled by March 15, 2009.
- (2) Represents 1,605 vested restricted stock unit awards on September 30, 2008 and 1,605 vested restricted stock unit awards on December 31, 2008 multiplied by the closing prices on those dates.

The principal objectives of our Non-employee Director compensation programs are to: (i) compensate for time spent on the Company's behalf, (ii) ensure long-term retention, and (iii) align the compensation programs with long-term value to the Company's stockholders. We attempt to accomplish these objectives in an economical manner through a combination of reasonable director retainer fees and equity incentive grants to the Non-employee Directors.

Retainer Fees

Our Non-employee Directors, Messrs. Gent, Hale and Roussel, receive a retainer of \$32,000 per year. Non-employee Directors are also eligible for reimbursement of travel and other miscellaneous expenses associated with attendance at Board of Directors and Committee meetings. The chairman of the Audit Committee, Mr. Hale, receives an additional \$4,000 per year.

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

Restricted Stock Unit Grants

In addition to the annual retainer, we issued grants of restricted stock units equivalent to 6,420 shares of common stock to our Non-employee Directors on August 8, 2008. The grants were not issued pursuant to an incentive plan. These restricted stock units were intended to compensate and retain the directors over the one-year service period commencing July 1, 2008. The fair value of the awards was \$93,411 per director based on the market price of \$14.55 per share of the Company's stock on the date the award was granted. Upon vesting, the units are convertible into cash based on the fair value of the Company's shares at the vesting date or, if shareholder approval of the Plan is obtained, into common stock at the

26

Company's option. The units vest in equal quarterly installments beginning on September 30, 2008, so long as the grantee continues to serve as an independent director of the Company. Recognition of compensation expense related to the restricted stock units commenced in the third quarter of 2008. The units that vested in 2008 are required to be settled by and were settled by March 15, 2009. The remaining units are required to be settled by March 15, 2010.

The Board considers the director compensation programs to be in conformity with industry standards and to be reasonable by comparison to directors' compensation at the comparable companies that we used for our evaluation of executive compensation.

AUDIT MATTERS

Report of the Audit Committee

The information contained in this Report of the Audit Committee shall not be deemed to be "soliciting material" or to be "filed" or incorporated by reference in future filings with the SEC, or to be subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

In accordance with its written charter, the Audit Committee assists the Board in, among other things, oversight of our financial reporting process, including the effectiveness of our internal accounting and financial controls and procedures, and controls over our accounting, auditing, and financial reporting practices. A copy of the Audit Committee Charter is available on our website at www.englobal.com.

The Board has determined that all three members of the Committee are "independent" based upon the standards adopted by the Board, which incorporate the independence requirements under applicable laws, rules and regulations.

Management is responsible for the financial reporting process, the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, our system of internal controls, and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. Our independent auditors are responsible for auditing the financial statements. The Audit Committee's responsibility is to monitor and review these processes and procedures. The members of the Audit Committee are not professionally engaged in the practice of accounting or auditing and we are not professionals in those fields. The Audit

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

Committee relies, without independent verification, on the information provided to us and on the representations made by management that the financial statements have been prepared with integrity and objectivity and on the representations of management and the opinion of the independent auditors that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

During fiscal year 2008, the Audit Committee held six meetings. The Audit Committee's meetings were conducted so as to encourage communication among the members of the Audit Committee, management, and our independent auditors, Hein & Associates, LLP. Among other things, the Audit Committee discussed with our internal and independent auditors the overall scope and plans for ENGlobal's audits. The Audit Committee met separately with the independent auditors, with and without management, to discuss the results of their examinations and their observations and recommendations regarding our internal controls. The Audit Committee also discussed with our independent auditors all matters required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees."

27

The Audit Committee reviewed and discussed our audited consolidated financial statements as of and for the year ended December 31, 2008 with management and our independent auditors. Management's discussions with the Audit Committee included a review of critical accounting policies.

The Audit Committee obtained from the independent auditors a formal written statement describing all relationships between us and our auditors that might bear on the auditors' independence consistent with the applicable requirements of the Public Company Accounting Oversight Board regarding auditors' communications with audit committees concerning independence. The Audit Committee discussed with the auditors any relationships that may have an impact on the auditors' objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee has reviewed and approved the amount of fees paid to Hein & Associates for audit and non-audit services. The Audit Committee concluded that the provision of services by Hein & Associates is compatible with the maintenance of Hein & Associates' independence.

At five of its meetings during 2008, the Audit Committee met with members of senior management and the independent auditors to review the certifications provided by the Chief Executive Officer and Chief Financial Officer under the Sarbanes-Oxley Act of 2002, the rules and regulations of the SEC and the overall certification process. At these meetings, Company officers reviewed each of the Sarbanes-Oxley certification requirements concerning internal control over financial reporting and any fraud, whether or not material, involving management or other employees with a significant role in internal control over financial reporting.

Based on the above-mentioned review and discussions with management, the internal auditors, and the independent auditors, and subject to the limitations on our role and responsibilities described above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that ENGlobal's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2008, for filing with the SEC.

Principal Auditor Fees

The Audit Committee has appointed Hein & Associates, LLP as ENGlobal's independent auditors for the fiscal year ending December 31, 2009. Representatives of Hein & Associates are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

The following table shows the fees paid or accrued by ENGlobal for the audit and other services provided by Hein & Associates for fiscal year 2008 and 2007.

	2008 -----	2007 -----
Audit Fees	\$430,344	\$502,048
Audit-Related Fees	--	--
Tax Fees	--	--
All Other Fees	--	--
	-----	-----
Total	\$430,344 =====	\$502,048 =====

As defined by the SEC, (i) "audit fees" are fees for professional services rendered by the company's principal accountant for the audit of the company's annual financial statements and review of financial statements included in the company's Form 10-Q, or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years; (ii) "audit-related fees" are fees for assurance and related services by the company's principal accountant that are reasonably related to the performance of the audit or review of the company's financial statements and are not reported under "audit fees;" (iii) "tax fees" are fees for professional services rendered by the company's principal accountant for tax compliance, tax advice, and tax planning; and (iv) "all other fees" are fees for products and services provided by the company's principal accountant, other than the services reported under "audit fees," "audit-related fees," and "tax fees."

Under applicable SEC rules, except for the ability to designate a portion of this responsibility as described below, the full Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditors in order to ensure that they do not impair the auditors' independence from ENGlobal. The Audit Committee may delegate pre-approval authority to a member of the Audit Committee and if it does, the decisions of that member must be presented to the full Audit Committee at its next scheduled meeting. The SEC's rules specify the types of non-audit services that an independent auditor may not provide to its audit client and establish the Audit Committee's responsibility for administration of the engagement of the independent auditors.

Consistent with the SEC's rules, the Audit Committee Charter requires that the Audit Committee review and pre-approve all audit services and permitted

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

non-audit services provided by the independent auditors to ENGlobal or any of its subsidiaries, except that the Audit Committee Chairman has the right to approve up to \$25,000 of services in any year. During 2008, all fees were pre-approved by the Audit Committee.

(xix) establish one or more programs under the Plan to permit selected Participants the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of Performance Goals or other performance criteria, or other event that absent the election, would entitle the Participant to payment or receipt of Shares or other consideration under an Award; and

(xx) make all other determinations that the Administrator deems necessary or advisable for administering the Plan.

The express grant in the Plan of any specific power to the Administrator shall not be construed as limiting any power or authority of the Administrator. However, the Administrator may not exercise any right or power reserved to the Board.

The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment shall be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 15 of the Plan or the applicable Award Agreement. Exercising an Option in any manner shall decrease the number of Shares thereafter available for sale under the Option, by the number of Shares as to which the Option is exercised.

A-8

Payment of earned Performance Units and Performance Shares shall be made after the expiration of the applicable Performance Period at the time determined by the Administrator. The Administrator, in its sole discretion, may pay earned Performance Units and Performance Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units or Performance Shares, as applicable, at the close of the applicable Performance Period) or in a combination of cash and Shares.

(f) Cancellation of Performance Units or Performance Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units and Performance Shares shall be forfeited to the Company, and again shall be available for grant under the Plan.

11. Restricted Stock Units. Restricted Stock Units shall consist of a Restricted Stock, Performance Share or Performance Unit Award that the Administrator, in its sole discretion permits to be paid out in a lump sum, installments or on a deferred basis, in accordance with rules and procedures established by the Administrator

12. Other Stock Based Awards. Other Stock Based Awards may be granted either alone, in addition to, or in tandem with, other Awards granted under the Plan and/or cash awards made outside of the Plan. The Administrator shall have authority to determine the Service Providers to whom and the time or times at which Other Stock Based Awards shall be made, the amount of such Other Stock Based Awards, and all other conditions of the Other Stock Based Awards, including any dividend or voting rights.

13. Leaves of Absence. Unless the Administrator provides otherwise, vesting of Awards granted under this Plan shall be suspended during any unpaid leave of absence and shall resume on the date the Participant returns to work on a regular schedule as determined by the Company; provided, however, that no vesting credit shall be awarded for the time vesting has been suspended during such leave of absence. A Service Provider shall not cease to be an Employee in the case of (i) any leave of absence approved by the Company or (ii) transfers between locations of the Company or between the Company, its Parent, or any Subsidiary. For purposes of Incentive Stock Options, no leave of absence may exceed 90 days, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not guaranteed by statute or contract, then at the end of three months following the expiration of the leave of absence, any Incentive Stock Option held by the Participant shall cease to be treated as an Incentive Stock Option and shall be treated for tax purposes as a Nonstatutory Stock Option.

14. Non-Transferability of Awards. Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by shall or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. If the Administrator makes an Award transferable, such Award shall contain such additional terms and conditions as the Administrator deems appropriate.

A-11

15. Adjustments; Dissolution or Liquidation; Change in Control.

(a) Adjustments. If the Administrator determines, in its sole judgment, that as a result of any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), or as a result of any change in the corporate structure of the Company affecting the Shares (including any recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company), an adjustment is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Administrator shall, in the manner it deems equitable, adjust the number and class of Shares which may be delivered under the Plan, the number, class and price of Shares subject to outstanding Awards, the number and class of Shares issuable pursuant to Options, and the numerical limits in Sections 3 and 6(b). Notwithstanding the preceding, the number of Shares subject to any Award always shall be a whole number.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Participant as soon as practical prior to the effective date of the proposed transaction. The Administrator, in its sole discretion, may provide for a Participant to have the right to exercise his Award, to the extent applicable, until 10 days prior to the transaction as to all of the Awarded Stock covered thereby, including Shares as to which the Award would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option or forfeiture rights applicable to any Award shall lapse 100%, and that any Award vesting shall accelerate 100%, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised or vested, an Award shall terminate immediately prior to the consummation of such proposed action.

(c) Change in Control.

(i) Stock Options and SARs. In the event of a Change in Control, each outstanding Option and SAR shall be assumed or an equivalent option or SAR substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. Unless determined otherwise by the Administrator, if the successor corporation refuses to assume or substitute for the Option or SAR, the Participant shall fully vest in and have the right to exercise the Option or SAR as to all of the Awarded Stock, including Shares as to which it would not otherwise be vested or exercisable. If an Option or SAR is not assumed or substituted on the Change in Control, the Administrator shall notify the Participant in writing or electronically that the Option or SAR shall be exercisable, to the extent vested, for a period of up to 15 days from the date of such notice, and the Option or SAR shall terminate upon the expiration of such period. For the purposes of this Section 15(c)(i), the Option or SAR shall be considered assumed if, following the Change in Control, the option or SAR confers the right to purchase or receive, for each Share of Awarded Stock subject to the Option or SAR immediately prior to the Change in Control, the consideration (whether securities, cash, or property) received in the Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares). However, if the consideration received in the Change in Control is not solely

common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or SAR, for each share of Awarded Stock subject to the Option or SAR, to be solely common stock of the successor corporation or its Parent equal in Fair Market Value to the per share consideration received by holders of Common Stock in the Change in Control. Notwithstanding anything in this Plan to the contrary, an Award that vests, is earned, or is paid-out upon the satisfaction of one or more performance objectives shall not be considered assumed if the Company or its successor modifies any of the performance objectives without the Participant's consent; provided, however, a modification to performance objectives only to reflect the successor corporation's post-Change in Control corporate structure shall not be deemed to invalidate an otherwise valid Award assumption.

(ii) Restricted Stock, Performance Shares, Performance Units, Restricted Stock Units and Other Stock Based Awards. In the event of a Change in Control, each outstanding Award of Restricted Stock, Performance Share, Performance Unit, Other Stock Based Award and Restricted Stock Unit shall be assumed or an equivalent Restricted Stock, Performance Share, Performance Unit, Other Stock Based Award and Restricted Stock Unit award substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. Unless determined otherwise by the Administrator, if the successor corporation

refuses to assume or substitute for the Award, the Participant shall fully vest in the Award, including as to Shares or Units that would not otherwise be vested, all applicable restrictions shall lapse, and all performance objectives and other vesting criteria shall be deemed achieved at targeted levels. For the purposes of this Section 15(c) (ii), an Award of Restricted Stock, Performance Shares, Performance Units, Other Stock Based Awards and Restricted Stock Units shall be considered assumed if, following the Change in Control, the award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control (and if a Restricted Stock Unit or Performance Unit, for each Share as determined based on the then current value of the unit), the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares). However, if the consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide that the consideration to be received for each Share (and if a Restricted Stock Unit or Performance Unit, for each Share as determined based on the then current value of the unit) be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the Change in Control. Notwithstanding anything in this Plan to the contrary, an Award that vests, is earned, or is paid-out upon the satisfaction of one or more performance objectives shall not be considered assumed if the Company or its successor modifies any of the performance objectives without the Participant's consent; provided, however, a modification to the performance objectives only to reflect the successor corporation's post-Change in Control corporate structure shall not be deemed to invalidate an otherwise valid Award assumption.

(iii) Outside Director Awards. Notwithstanding any provision of Sections 15(c) (i) or 15(c) (ii) to the contrary, with respect to Awards granted to an Outside Director that are assumed or substituted for, if on

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

the date of or following the assumption or substitution, the Participant's status as a Director or a director of the successor corporation, as applicable, is terminated other than upon a voluntary resignation by the Participant, then the Participant shall fully vest in and have the right to exercise his Options and Stock Appreciation Rights as to all of the Award, including Shares as to which such Awards would not otherwise be vested or exercisable, and all restrictions on Restricted Stock and Restricted Stock Units, as applicable, shall lapse, and, with respect to Performance Shares, Performance Units, and Other Stock Based Awards, all performance goals and other vesting criteria shall be deemed achieved at target levels and all other terms and conditions met.

16. Date of Grant. The date of grant of an Award shall be, for all purposes, the date on which the Administrator makes the determination granting such Award, or a later date as is determined by the Administrator. Notice of the determination shall be provided to each Participant within a reasonable time after the date of such grant.

17. Stockholder Approval and Term of Plan. The Plan became effective on June 18, 2009 and thereafter shall continue in effect for a term of 10 years unless terminated earlier under Section 18 of the Plan.

18. Amendment and Termination of the Plan.

(a) Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.

(b) Stockholder Approval. The Company shall obtain stockholder approval of any Plan amendment to the extent necessary to comply with Applicable Laws.

(c) Effect of Amendment or Termination. No amendment, alteration, suspension, or termination of the Plan shall materially or adversely impair the rights of any Participant, unless otherwise mutually agreed upon by the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it under this Plan with respect to Awards granted under the Plan prior to the date of termination.

A-13

19. Conditions Upon Issuance of Shares.

(a) Legal Compliance. Shares shall not be issued pursuant to the exercise of an Award unless the exercise of the Award and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) Investment Representations. As a condition to the exercise or receipt of an Award, the Company may require the person exercising or receiving the Award to represent and warrant at the time of any such exercise or receipt that the Shares are being purchased only for investment and without any present intention to sell or distribute the Shares if, in the opinion of counsel for the Company, such a representation is required.

(c) Taxes. No Shares shall be delivered under the Plan to any Participant or other person until the Participant or other person has made arrangements acceptable to the Administrator for the satisfaction of any

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

non-U.S., U.S.-federal, U.S.-state, or local income and employment tax withholding obligations, including, without limitation, obligations incident to the receipt of Shares. Upon exercise or vesting of an Award, the Company shall withhold or collect from the Participant an amount sufficient to satisfy such tax obligations, including, but not limited to, by surrender of the whole number of Shares covered by the Award sufficient to satisfy the minimum applicable tax withholding obligations incident to the exercise or vesting of an Award.

20. Severability. Notwithstanding any contrary provision of the Plan or an Award to the contrary, if any one or more of the provisions (or any part thereof) of this Plan or the Awards shall be held invalid, illegal, or unenforceable in any respect, such provision shall be modified so as to make it valid, legal, and enforceable, and the validity, legality, and enforceability of the remaining provisions (or any part thereof) of the Plan or Award, as applicable, shall not in any way be affected or impaired thereby.

21. Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

22. No Rights to Awards. No eligible Service Provider or other person shall have any claim to be granted any Award pursuant to the Plan, and neither the Company nor the Administrator shall be obligated to treat Participants or any other person uniformly.

23. No Stockholder Rights. Except as otherwise provided in an Award Agreement, a Participant shall have none of the rights of a stockholder with respect to Shares covered by an Award until the Participant becomes the record owner of the Shares.

24. Fractional Shares. No fractional Shares shall be issued and the Administrator shall determine, in its sole discretion, whether cash shall be given in lieu of fractional Shares or whether such fractional Shares shall be eliminated by rounding up or down as appropriate.

25. Governing Law. The Plan, all Award Agreements, and all related matters, shall be governed by the laws of the State of Texas, without regard to choice of law principles that direct the application of the laws of another state. However, the Nevada Revised Corporate Statutes shall govern any matter relating to the operation of Nevada corporations.

26. No Effect on Terms of Employment or Consulting Relationship. The Plan shall not confer upon any Participant any right as a Service Provider, nor shall it interfere in any way with his right or the right of the Company or a Parent or Subsidiary to terminate the Participant's service at any time, with or without cause, and with or without notice.

27. Unfunded Obligation. Participants shall have the status of general unsecured creditors of the Company. Any amounts payable to Participants pursuant to the Plan shall be unfunded and unsecured obligations for all purposes, including, without limitation, Title I of the Employee Retirement Income Security Act of 1974, as amended. Neither the Company nor any Parent or Subsidiary shall be required to segregate any monies from its general funds, or to create any trusts, or establish any special accounts with respect to such obligations. The Company shall retain at all times beneficial ownership of any

Edgar Filing: ENGLOBAL CORP - Form PRE 14A

investments, including trust investments, which the Company may make to fulfill its payment obligations under this Plan. Any investments or the creation or maintenance of any trust for any Participant account shall not create or constitute a trust or fiduciary relationship between the Administrator, the Company or any Parent or Subsidiary and Participant, or otherwise create any vested or beneficial interest in any Participant or the Participant's creditors in any assets of the Company or Parent or Subsidiary. The Participants shall have no claim against the Company or any Parent or Subsidiary for any changes in the value of any assets that may be invested or reinvested by the company with respect to the Plan.

28. Section 409A. It is the intention of the Company that no Award shall be "deferred compensation" subject to Section 409A of the Code, unless and to the extent that the Administrator specifically determines otherwise, and the Plan and the terms and conditions of all Awards shall be interpreted accordingly. The following rules shall apply to Awards intended to be subject to Section 409A of the Code ("409A Awards"):

(a) Any distribution of a 409A Award following a separation from service that would be subject to Section 409A(a)(2)(A)(i) of the Code as a distribution following a separation from service of a "specified employee" (as defined under Section 409A(a)(2)(B)(i) of the Code) shall occur no earlier than the expiration of the six-month period following such separation from service.

(b) In the case of a 409A Award providing for distribution or settlement upon vesting or lapse of a risk of forfeiture, if the time of such distribution or settlement is not otherwise specified in the Plan or Award Agreement or other governing document, the distribution or settlement shall be made no later than March 15 of the calendar year following the calendar year in which such 409A Award vested or the risk of forfeiture lapsed.

(c) In the case of any distribution of any other 409A Award, if the timing of such distribution is not otherwise specified in the Plan or Award Agreement or other governing document, the distribution shall be made not later than the end of the calendar year during which the settlement of the 409A Award is specified to occur.

29. Construction. Headings in this Plan are included for convenience and shall not be considered in the interpretation of the Plan. References to sections are to Sections of this Plan unless otherwise indicated. Pronouns shall be construed to include the masculine, feminine, neutral, singular or plural as the identity of the antecedent may require. This Plan shall be construed according to its fair meaning and shall not be strictly construed against the Company.
