PROPOSAL NO. 1:

ELECTION OF DIRECTORS

GENERAL

Article III, paragraph number 2 of the Company's Bylaws provides that the number of directors of the Company shall be a minimum of three and a maximum of ten. The members of the Board of Directors are each elected for a one-year term or until their successors are elected and qualify with a plurality of votes cast in favor of their election. The Board of Directors consisted of six persons during Fiscal 2005 and six nominees for the Board are put forth before the stockholders for the Annual Meeting. All of the nominees are presently directors of the Company and Mr. Jeffrey R. Bailey, one of the director-nominees is also presently the Chief Executive Officer of the Company.

The directors will serve until the next annual meeting of stockholders and thereafter until their successors shall have been elected and qualified.

Unless authority is withheld, the proxies in the accompanying form will be voted in favor of the election of the nominees named above as directors. If any nominee should subsequently become unavailable for election, the persons voting the accompanying proxy may in their discretion vote for a substitute.

BOARD OF DIRECTORS

The Board of Directors has the responsibility for establishing broad corporate policies and for the overall performance of the Company. Although only one member of the Board is involved in day-to-day operating details, the other members of the Board are kept informed of the Company's business by various reports and documents sent to them as well as by operating and financial reports made at Board meetings. The Board of Directors held twelve meetings in Fiscal 2005. All directors who are up for re-election attended at least 75% of the aggregate number of meetings of the Board of Directors and of the committees on which such directors served during Fiscal 2005. Although it has no formal policy requiring attendance, the Company encourages all of its directors to attend the annual meeting of stockholders. Two of the Company's directors attended last year's annual meeting and it is anticipated that all of the director-nominees will attend this year's Annual Meeting.

Management believes that a majority of the six director-nominees are independent directors in accordance with the definition of that term under the Rules of the American Stock Exchange.

There is no understanding or arrangement between any director or any other persons pursuant to which such individual was or is to be selected as a director or nominee of the Company.

His work led directly to the discovery of what is now the Company's Paul Reed # 1 well. He further recognized the area to have significant oil and gas potential and is credited with discovery of the field which is now known as the Company's Swan Creek Field. The Compensation/Stock Option Committee's other functions, in conjunction with the Board of Directors, are to assist in the implementation of, and provide recommendations with respect to, general and specific compensation policies and practices of the Company for directors, officers and other employees of the Company. The Compensation/Stock Option Committee expects to periodically review the approach to executive compensation and to make changes as competitive conditions and other circumstances warrant and will seek to ensure the Company's compensation philosophy is consistent with the Company's best interests and is properly implemented.

The Compensation/Stock Option Committee is also charged with administering the Tengasco, Inc. Stock Incentive Plan (the "Stock Incentive Plan") which was adopted by the Board of Directors on October 25, 2000. The Compensation/Stock Option Committee has complete discretionary authority with respect to the awarding of options and Stock Appreciation Rights ("SARs"), under the Stock Incentive Plan, including, but not limited to, determining the individuals who shall receive options and SARs; the times when they shall receive them; whether an option shall be an incentive or a non-qualified stock option; whether an SAR shall be granted separately, in tandem with or in addition to an option; the number of shares to be subject to each option and SAR; the term of each option and SAR; the date each option and SAR shall become exercisable; whether an option or SAR shall be exercisable in whole, in part or in installments and the terms relating to such installments; the exercise price of each option and the base price of each SAR; the form of payment of the exercise price; the form of payment by the Company upon the exercise of an SAR; whether to restrict the sale or other disposition of the shares of common stock acquired upon the exercise of an option or SAR; to subject the exercise of all or any portion of an option or SAR to the fulfillment of a contingency, and to determine whether such contingencies have been met; with the consent of the person receiving such option or SAR, to cancel or modify an option or SAR, provided such option or SAR as modified would be permitted to be granted on such date under the terms of the Stock Incentive Plan; and to make all other determinations necessary or advisable for administering the Plan.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Introduction

The Compensation/Stock Option Committee of the Board of Directors is composed solely of non-employee directors who satisfy the current independence standards established by the American Stock Exchange. Pursuant to the Rules of the American Stock Exchange, this Committee determines or recommends to the Board of Directors for determination the compensation of the Company's Chief Executive Officer and all of the Company's other

officers. The Chief Executive Officer may not be present during the voting or deliberations with respect to his compensation.

The following report is being furnished with respect to certain compensation paid to the Company's executive officers during the fiscal year ended December 31, 2005.

Compensation Philosophy

The Company's compensation program is intended to attract, retain, motivate and reward highly qualified executives who are expected to manage both the short-term and long-term success of the Company and thereby increase shareholder value. The level of compensation that is paid to executive officers is based on both the performance of the Company and the individual officer. The Company's performance is judged primarily upon the operating results and profitability for the immediately preceding fiscal year. Individual performance is measured based on an evaluation of the executive officer's particular responsibilities, his performance in the prior year, and his general management skills.

Compensation Program

Edgar Filing: TENGASCO INC - Form DEF 14A

The Company's compensation program for executive officers consists of cash compensation and, if the situation warrants, equity based compensation. The principal elements of this program are the following:

Salary. The base salary component of an executive officer's compensation is intended to reward the executive for normal levels of performance. When reviewing base salaries, the Committee will consider the following factors: (1) individual performance, (2) the performance of the Company and the extent to which the executive contributed to that performance, (3) the executive's level of responsibility and prior experience; and (4) the executive's value to the Company both presently and in the future. The Committee also considers the recommendations of the Chief Executive Officer except in the case of his own compensation.

Stock Options. In order to align the financial interests of executive officers with those of the shareholders, the Committee grants stock options to its executives on a periodic basis. Options are granted with an exercise price equal to or greater than the market value of the Company's shares on the date of grant. Since the financial reward provided by stock options will be dependent on appreciation in the market value of the Company's shares, stock options effectively reward executives only for performance that results in improved market performance of our common stock, which directly benefits all shareholders. Generally, the number of shares included in each stock option grant is determined based on an evaluation of the executive's importance to the future performance of the Company, as well as his past performance. Options are granted on terms that provide that they will become exercisable (or vest) in annual or other periodic installments (such as, for example, 25% per year over four years), so that if an executive's employment is terminated, whether by the Company or by the executive, prior to the

10

full vesting of the options, the unvested portion terminates automatically, thereby creating an incentive for the executive to remain in the Company's employ for at least the vesting period.

During Fiscal 2005 the Compensation/Stock Option Committee met six (6) times. In Fiscal 2005 it granted options to officers and employees of the Company to purchase an aggregate of 2,500,000 shares of the Company's common stock, including an option to purchase 1,250,000 shares to Jeffrey R. Bailey, the Company's Chief Executive Officer and options to purchase 400,000 shares each to Mark A. Ruth, the Company's Chief Financial Officer and Cary V. Sorensen, the Company's Vice-President, Secretary and General Counsel. Each of the options granted to these officers vests over a period of four years with 20% vested upon authorization and additional 20% on each anniversary date of authorization and the exercise price of the options was greater than the market price of the Company's per share price on the day the options were granted.

It also reviewed and made recommendation to the full Board of Directors regarding salaries and benefits of the Company's executive officers. In determining the salary of the Company's Chief Executive Officer during the fiscal year ended December 31, 2005, the Committee considered his prior employment history and experience in the oil and gas industry, his superior knowledge of that industry, his past performance with the Company, his management abilities and projected performance during the fiscal year. The Committee also considered the Company's performance and financial position in making its determination. The Committee set Mr. Bailey's salary at an annual rate of \$130,000.

No interlocking relationship existed or exists between any member of the Company's Compensation/Stock Option Committee and any member of the compensation committee of any other company, nor has any such interlocking relationship existed in the past. No member or nominee of the Compensation/Stock Option Committee is an officer or an employee of the Company.

Audit Committee

In Fiscal 2005, director-nominees Clarke H. Bailey, John A. Clendenning and Neal F. Harding were the members of the Audit Committee. Mr. Bailey was the Chairman of the Committee and the Board of Directors determined that Mr. Bailey is an audit committee financial expert as defined by applicable Securities and Exchange Commission (SEC)

regulations. Each of the members of the Audit Committee met the independence and experience requirements of the applicable laws, regulations and stock market rules, including the Sarbanes-Oxley Act, regulations and rules promulgated by the SEC and the American Stock Exchange. The Audit Committee adopted an Audit Committee Charter during fiscal 2001. In 2004, the Board adopted an amended Audit Committee Charter, a copy of which was included in the Company's 2004 Proxy Statement and is available on the Company's internet website, www.tengasco.com. The Audit Committee's functions are to review with management and the Company's independent auditors, the scope of the annual audit and quarterly statements, significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements; to review major changes to the Company's auditing and accounting principles and practices suggested by the independent auditors; to monitor the independent auditor's relationship with the Company; to advise and assist the Board of Directors in evaluating the independent auditor's examination; to supervise the Company's financial and accounting organization and financial reporting, and, to nominate, for approval of the Board of Directors, a firm of certified public accountants whose duty it is to audit the financial records of the Company for the fiscal year for which it is appointed. In addition, the Audit Committee has the responsibility to review and consider fee arrangements with, and fees charged by, the Company's independent auditors. The Audit Committee met four times in Fiscal 2005 with the Company's auditors, including to discuss the audit of the Company's year end financial statements. It is intended that if elected as directors, Messrs. Bailey, Clendenning and Harding will continue to serve as members of the Audit Committee and Clarke H. Bailey will continue to be designated as the financial expert of the committee in 2006.

Audit Committee Report

The Audit Committee has:

- (a) Reviewed and discussed the Company's unaudited financial statements for the first three quarters of Fiscal 2005 and the Company's audited financial statements for the year ended December 31, 2005 with the management of the Company and the Company's independent auditors.
- (b) Discussed with the Company's independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61, as the same was in effect on the date of the Company's financial statements; and
- (c) Received the written disclosures and the letter from the Company's independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as the same was in effect on the date of the Company's financial statements.

Based on the foregoing materials and discussions, the Audit Committee recommended to the Board of Directors that the unaudited financial statements for each of the first three quarters of Fiscal 2005 be included in the Quarterly Reports on Form 10-Q for those quarters and that the

audited financial statements for the year ended December 31, 2005 be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

John A. Clendenning

Nomination and Governance Committee

The Nomination and Governance Committee was formed in Fiscal 2004. In Fiscal 2005, the members of the Committee were director-nominees Carlos P. Salas, Clarke H. Bailey and Neal F. Harding with Mr. Salas acting as Chairman. The Company believes that each member of the Committee was independent as that term is defined under the rules of the American Stock Exchange. The Committee met one

time in Fiscal 2005. The Committee, among other duties, determines the slate of director candidates to be presented for election at the Company's annual meeting of shareholders. Although the Company does not presently have a nominating committee charter, on November 18, 2004, the Company's Board of Directors adopted procedures for annual director nominations by the Nomination and Governance Committee. Those procedures provide that the qualifications that should be met by any person recommended as a nominee for a position on the Company's Board of Directors should include one or more of the following: a background or experience in oil and gas exploration, production, transportation, geology, construction, finance or in another business, government service, or profession that would reasonably enable the nominee to provide seasoned and reputable service to the shareholders of the Company in the performance of the duties of a member of the Board of Directors. In addition to these qualifications, a nominee must be willing to serve without a right to receive compensation for such service.

The Company has no separate policy with regard to the consideration of any director candidates recommended by security holders. However, the Nomination Committee will consider director candidates recommended by security holders. Any person recommended by a security holder to serve on the Board of Directors is considered upon the same terms as candidates recommended by any other person.

Among the nominating procedures adopted are the following: (1) Any shareholder, officer, or director may recommend for nomination any person for the slate of candidates for membership on the Company's Board of Directors to be presented to the shareholders at the Company's annual meeting of shareholders. Such recommendations must be furnished in writing addressed to the Company's Board of Directors at the Company's principal offices. All such nominations will be furnished to the Nomination Committee which may conduct interviews, investigations or make other determinations as to the qualifications of such recommended persons. (2) Any then-current members of the Board of Directors desiring to stand for re-election may be placed on the slate of directors for re-election without further inquiry as to their qualifications. (3) The Nomination Committee will meet to determine the slate of candidates for

13

the Board in such a manner and at such a time so as not to delay either the mailing of the proxy statement to the Company's shareholders or the annual meeting of shareholders. At such meeting, each recommended person including directors standing for re-election shall be subject to affirmative vote of half or more of the members of the Nomination Committee for inclusion on the slate of nominees. (4) The adopted procedures apply only to the determination of the slate of directors to be presented for election at the annual meeting of the shareholders. Any vacancies on the Board of Directors following the annual meeting of shareholders may be filled in the manner currently applicable under the Company's Charter, Bylaws, and applicable state law. (5) The procedures adopted may be amended from time to time by the Board of Directors or by the Nomination Committee, in order to comply with any applicable provision or interpretation of any rule, statute, or stock exchange rule of the exchange on which the Company's stock may be listed.

The nomination procedures adopted are posted on the Company's internet website at www.tengasco.com. In the event of any such amendment to the procedures, the Company intends to disclose the amendments on the Company's internet website within five business days following such amendment.

The Nomination Committee determined the slate of candidates for the Board of Directors presented for election at this year's Annual Meeting.

The other function of this Committee is to oversee the Company's compliance with the corporate governance requirements of the SEC and the American Stock Exchange. The Chairman of the Committee, Carlos P. Salas, is an attorney with experience in the area of securities law.

Other Committees

The Company's Board also has a frontier exploration committee. The members of this Committee in Fiscal 2005 were Jeffrey R. Bailey, John A. Clendening and Carlos P. Salas. The Committee met five (5) times in Fiscal 2005 to discuss new areas of potential development for the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and persons who beneficially own more than 10% of the Company's Common Stock to file initial reports of ownership and reports of changes in ownership with the SEC no later than the second business day after the date on which the transaction occurred unless certain exceptions apply. To the Company's knowledge, based on the review of copies of such reports filed with the SEC and other information furnished to the Company, all Section 16(a) filing

requirements applicable to the Company's officers, directors and greater than 10% beneficial owners were complied with during Fiscal 2005.

Family and Other Relationships

There are no family relationships between any of the present directors or executive officers of the Company except that Carlos P. Salas, a Director of the Company, is the second cousin of Peter E. Salas, also a director of the Company. Mr. Carlos P. Salas is also one of seven members of Dolphin Advisors, LLC which serves as the managing general partner of Dolphin Direct Equity Partners, L.P., a private company investment fund that is not a shareholder of the Company. The majority owner of Dolphin Advisors, LLC is Dolphin Management, Inc, the sole shareholder of which is Peter E. Salas. Dolphin Management, Inc. is also the managing partner of Dolphin Offshore Partners, L.P. which directly owns 20,839,492 shares of the Company's common stock. Peter E. Salas is the controlling person of Dolphin Offshore Partners, L.P. Carlos P. Salas has no direct or indirect ownership interest in Dolphin Offshore Partners, L.P.

There is no family or other relationship between Clarke H. Bailey, a Director of the Company and Jeffrey R. Bailey, the President and a Director of the Company. Mr. Clarke H. Bailey owns an approximately 1.5% investment interest in Dolphin Offshore Partners, L.P. and in Dolphin Direct Equity Partners, L.P. Management believes that Mr. Bailey is not an affiliate of either of these entities as a result of his minor percentage investment in those companies. There are no family relationships between any of the other Directors or executive officers of the Company.

To the knowledge of management, no director, executive officer or affiliate of the Company or owner of record or beneficially of more than 5% of the Company's common stock is a party adverse to the Company or has a material interest adverse to the Company in any proceeding.

Compensation of Directors

The Board of Directors has resolved to compensate members of the Board of Directors for attendance at meetings at the rate of \$250 per day, together with direct out-of-pocket expenses incurred in attendance at the meetings, including travel. The Directors, however, have waived such fees due to them as of this date for prior meetings.

Members of the Board of Directors may also be requested to perform consulting or other professional services for the Company from time to time. The Board of Directors has reserved to itself the right to review all directors' claims for compensation on an ad hoc basis.

Directors who are on the Company's Audit, Compensation/Stock Option and Nomination and Governance Committees are independent and therefore, do not receive any consulting, advisory or compensatory fees from the Company. However, such Board members may receive fees from the Company for their services on those committees. A plan (the Plan) to issue cash and/or shares of stock to independent directors for service on the various committees of the Board of Directors was authorized by the Company's Board on May 19, 2005 and approved by shareholders at last year's Annual Meeting.

Under the Plan, the Board of Directors, in its discretion, from time to time may grant compensation to any or all independent directors serving on the Company's Board of Directors as the Board may deem appropriate in the form of cash or Company stock, provided that the value of such compensation does not exceed the limits of compensation for determination of the independence of directors under rules and regulations of the SEC or the American Stock Exchange (AMEX) or such other exchange upon which shares of the Company may be listed. The Board may, but is not required, to consider the recommendations of the Compensation/Stock Option Committee with regard to any such cash or equity compensation to be awarded.

Pursuant to the Plan, on July 19, 2005, the Company issued 100,000 shares of its common stock each to two of its directors, John A. Clendening and Clarke H. Bailey, and 50,000 shares to another director, Neal F. Harding, for their services as members of the Audit Committee.

The Company adopted an employee health insurance plan in August 2001. The Company does not presently have a pension or similar plan for its directors, executive officers or employees. Management has considered adopting a 401(k) plan and full liability insurance for directors and executive officers. However, there are no immediate plans to do so at this time.

20

Employment Contracts

There are presently no employment contracts relating to any member of management. However, depending upon the Company's operations and requirements, the Company may offer long term contracts to directors, executive officers or key employees in the future.

CERTAIN TRANSACTIONS**Transactions with Management and Others**

Except as set forth hereafter, there have been no material transactions, series of similar transactions or currently proposed transactions during 2005, to which the Company or any of its subsidiaries was or is to be a party, in which the amount involved exceeds \$60,000 and in which any director or executive officer or any security holder who is known to the Company to own of record or beneficially more than 5% of the Company's common stock, or any member of the immediate family of any of the foregoing persons, had a material interest.

On March 4, 2005, the Company sold its gas wells, associated gathering system, underlying leases and rights of way located on its Kansas Properties for \$2.4 million. All of the net proceeds from the sale were used to pay down a note the Company had issued to Dolphin Offshore Partners, L.P. (Dolphin) dated May 18, 2004 from its original principal amount of \$2,500,000 to \$150,000. This note evidenced a \$2.5 million loan from Dolphin to the Company the proceeds of which had been used primarily to fund the Company's settlement of its litigation with its primary lender, Bank One, N.A. Dolphin is the Company's largest shareholder. Peter E. Salas, who is the Chairman of the Board of Directors of the Company, is the sole shareholder and controlling person of Dolphin Management, Inc., the general partner of Dolphin.

On May 19, 2005, the Company issued a note to Dolphin in the principal amount of \$700,000 bearing interest at the rate of 12% per annum and payable on August 20, 2005 (the \$700,000 Note). The \$700,000 Note replaced the balance due of \$150,000 on the Company's earlier note to Dolphin as described above and a \$550,000 note to Dolphin evidencing a loan in that principal amount made by Dolphin to the Company on December 31, 2004. The proceeds of that \$550,000 loan were used in part to fund the Company's exchange of a cash payment for a portion of the Company's outstanding Series A 8% Cumulative Convertible Preferred Stock. Thereafter, the due date of the \$700,000 Note was extended on the same terms as the existing Note to December 31, 2005.

On August 22, 2005, Dolphin loaned the Company the sum of \$1,814,000 to fund the Company's exchange of cash payments for the surrender of a portion of its Series B 8% and Series C 6% Cumulative Convertible Preferred Stock. The loan was evidenced by a promissory note to Dolphin on the same date and in the same principal amount of the loan bearing interest at the rate of 12% per annum and due and payable on December 31, 2005 (the \$1,814,000 Note).

21

Both the \$700,000 Note and the \$1,814,000 Note were secured by all of the Company's assets.

On October 5, 2005, Hoactzin Partners, L.P. (Hoactzin) subscribed for a 94.3% working interest in a twelve well drilling program to be undertaken by the Company on its Kansas Properties. In exchange for its interest in that drilling program, Hoactzin surrendered to the Company the \$700,000 Note and the \$1,814,000 Note which had been assigned to it by Dolphin. Under the terms of the twelve well drilling program, once Hoactzin receives total proceeds from its working interest in the program in the amount of \$3,016,800 Hoactzin will pay the Company a management fee equal to 85% of the net revenues attributable to its working interest in the Program for the remaining life of the twelve wells. In addition, the Company has an option expiring March 31, 2006 to repurchase from Hoactzin the obligation to drill the final six wells of the twelve well program by paying to Hoactzin an amount equal to one half of the principal amount of the notes exchanged by Hoactzin, plus interest on that amount at 6% per annum until the date of repurchase, and granting to Hoactzin a 1/16 overriding royalty in both the six wells existing at the time of repurchase and the next six wells in the Program drilled by the Company. Hoactzin has agreed to extend the expiration date of the repurchase option from March 31, 2006 to an indefinite future date being not later than the beginning of drilling of what would be the seventh well in the program if the repurchase option has not been exercised. Peter E. Salas, the Chairman of the Board of Directors of the Company, is the controlling person of both Hoactzin and, as stated, he is also the sole shareholder and controlling person of Dolphin Management, Inc., the general partner of Dolphin.

The Company's Board of Directors has not adopted any general policy with respect to these transactions, many of which were effected on behalf of the Company by senior management prior to consideration of the transaction by the Board of Directors in light of senior management's perceived urgency of the funding requirements, the limited availability of alternative sources, and the belief that the terms of such transactions were at least as favorable to the Company as could have been obtained through arms-length negotiations with unaffiliated third parties. In each of the Company's transactions with Dolphin, Peter E. Salas negotiated on behalf of Dolphin with senior management of the Company as to the terms thereof and did not participate in any Board action with respect thereto.

In an offer made to all holders of the Company's B and C Shares, on September 12, 2005, Dolphin exchanged all of its Series B Shares having an aggregate value of \$1,148,760 for 4,595,040 shares of the Company's common stock.

On April 21, 2005, options were granted under the Tengasco, Inc. Stock Incentive Plan for a term of five years to the following officers of the Company to purchase shares of the Company's common stock in the following amounts at a price of \$0.27 per share which was above the

closing price of \$0.23 of the Company's stock as listed on the AMEX on that day: 1,250,000 shares to Jeffrey Baily, the Company's Chief Executive Officer, 400,000 shares each to Mark A. Ruth, the Company's Chief Financial Officer, and Cary V. Sorensen, Vice-President, Secretary and General Counsel to the Company. Each of these options is for a term of five years and vests over a period of four years with 20% vested upon authorization and additional 20% on each anniversary date of authorization over the next four years.

22

On July 19, 2005, the Company issued 100,000 shares of its common stock each to two of its directors, John A. Clendening and Clarke H. Bailey, and 50,000 shares to another director, Neal F. Harding, for their services as members of the Audit Committee.

Indebtedness of Management

No officer, director or security holder known to the Company to own of record or beneficially more than 5% of the Company's common stock or any member of the immediate family of any of the foregoing persons is indebted to the Company.

BOARD RECOMMENDATION AND VOTE REQUIRED

For Proposal No. 1 regarding the election of directors, votes may be cast in favor of all nominees, may be withheld with regard to all nominees or may be withheld only with regard to nominees specified by the stockholder. Directors will be elected by a plurality of the votes of the shares of the Company's common stock present in person or represented by proxy, and entitled to vote on the election of directors at a meeting at which a quorum is present. Abstentions are tabulated in determining the votes present at a meeting. Consequently, an abstention has the same effect as a vote against a director-nominee, as each abstention would be one less vote in favor of a director nominee. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter (i.e., a broker non-vote), those shares will not be considered as present and entitled to vote with respect to that matter. The Board of Directors recommends that

stockholders vote FOR the nominees set forth above. Unless marked to the contrary, proxies received will be voted FOR the nominees set forth above.

PROPOSAL NO. 2

RATIFICATION OF SELECTION OF RODEFER MOSS & CO, PLLC AS INDEPENDENT AUDITORS

On May 31, 2005, the Company engaged Rodefer Moss & Co, PLLC (Rodefer Moss) of Knoxville, Tennessee to serve as its independent registered public accounting firm and dismissed BDO Seidman LLP (BDO Seidman). The change in independent registered public accounting firms was approved by the Audit Committee of the Company s Board of Directors and thereafter ratified by the Company s stockholders at last year s Annual Meeting. BDO Seidman audited the Company s financial statements for the year ended December 31, 2004 and for several prior years. Rodefer Moss audited the Company s financial statements for the year ended December 31, 2005. The Board s Audit Committee has again recommended and the Board of Directors has approved the engagement of Rodefer Moss as independent certified public accountants, to audit the accounts for the Company for Fiscal 2006.

The Company is advised that neither Rodefer Moss nor any of its partners has any material direct or indirect relationship with the Company. The Audit Committee considers Rodefer Moss to be well qualified for the function of serving as the Company s auditors. Tennessee law does not require the approval of the selection of auditors by the Company s stockholders, but in view of the importance of the financial statements to stockholders, the Board of Directors deems it desirable that they pass upon its selection of auditors. In the event the stockholders disapprove of the selection, the Board of Directors will consider the selection of other auditors.

Previous Independent Auditors

(a) BDO Seidman s audit report on the financial statements for the year ended December 31, 2004 was qualified for an uncertainty as to the Company s ability to continue as a going concern. BDO Seidman s audit report for that period contained no adverse opinion or disclaimer of opinion and was not qualified or modified as to audit scope or accounting principles.

(b) During the fiscal year ended December 31, 2004 and the subsequent interim period through May 31, 2005, there were no disagreements with BDO Seidman on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to BDO Seidman s satisfaction, would have caused it to make reference to the subject matter of the disagreement in connection with its reports.

(c) None of the reportable events set forth in Item 304(a)(1)(v) of Regulation S-K occurred within the year ended December 31, 2004 or within the period from January 1, 2005 through May 31, 2005 except, that on November 12, 2004, BDO Seidman advised management and the Audit Committee that it believed a material weakness existed in the Company s internal controls over financial reporting. The Company disclosed this material weakness in the Company s Quarterly Report on Form 10-Q for the quarter ending September 30, 2004 and in its

Annual Report on Form 10-K for the year ended December 31, 2004. The Company reported that its disclosure controls and procedures were not effective to ensure that material information was recorded, processed, summarized and reported by management of the Company on a timely basis in order to comply with the Company s disclosure obligations under the Securities Exchange Act of 1934, and the rules and regulations thereunder as to one particular matter. That matter involved an error in the calculation of the estimated fair value of the Company s mandatory preferred stock for presentation in accordance with Statement of Financial Accounting Standard No. 150 Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity. Management noted that the matter (i) related principally to the implementation of complex and new calculations under a newly implemented accounting standard, and (ii) that the error described did not result from the failure of the Company s disclosure controls and procedures to make known to the appropriate officials and auditors the facts concerning the Company s convertible preferred stock. Management after consulting with BDO Seidman determined that this could be remedied by continuing education and professional development of accounting staff on new accounting pronouncements and this would be sufficient to prevent any similar recurrence. The Company has and is continuing to provide necessary and appropriate educational and professional development and such efforts have remediated the material weakness described herein.

(d) The Audit Committee of the Board of Directors participated in and approved the decision to change accountants.

Edgar Filing: TENGASCO INC - Form DEF 14A

(e) The Company provided BDO with a copy of the foregoing statements and requested that BDO Seidman furnish it with a letter addressed to the Securities and Exchange Commission (SEC) stating whether or not it agreed with such statements. BDO Seidman has provided the Company with a copy of the letter it sent to the SEC stating that it had reviewed and agreed with the Company's statements.

New Independent Accountants

Prior to its engagement of Rodefer Moss as its new independent auditors, the Company did not consult with Rodefer Moss regarding (i) the application of accounting principles to a specified transaction, either completed or proposed; (ii) the type of audit opinion that might be rendered by Rodefer Moss on the Company's financial statements; or (iii) any other matter that was the subject of a disagreement between the Company and its former auditors as described in Item 304(a)(1)(iv) of Regulation S-K or a reportable event as that term is defined in Item 304(a)(1)(v).

26

AUDIT AND NON-AUDIT FEES

The following table presents the fees for professional audit services rendered by the Company's prior independent accountants, BDO Seidman and the Company's current independent accountants, Rodefer Moss, for the audit of the Company's annual consolidated financial statements for the fiscal years ended December 31, 2005 and December 31, 2004, and fees for other services rendered by BDO Seidman and Rodefer Moss during those periods:

Fee Category	Fiscal 2005	Fiscal 2004
Audit Fees	\$ 123,500	\$ 155,000
Audit-Related Fees	\$ 0	\$ 0
Tax Fees	\$ 0	\$ 0
All Other Fees	\$ 1,500	\$ 12,000
Total Fees	\$ 125,000	\$ 167,000

All fees in 2004 were fees of BDO Seidman, the Company's independent accountants during that period. All fees in 2005 with the exception of \$18,000 under the category Audit Fees provided by the Company's new accountants, Rodefer Moss, were fees charged by the Company's former accountants, BDO Seidman, relating primarily to their audit of the Company's financial statement for the year ended December 31, 2004.

Audit fees include fees related to the services rendered in connection with the annual audit of the Company's consolidated financial statements, the quarterly reviews of the Company's quarterly reports on Form 10-Q and the reviews of and other services related to registration statements and other offering memoranda.

Audit-related fees are for assurance and related services by the principal accountants that are reasonably related to the performance of the audit or review of the Company's financial statements.

Tax Fees include (i) tax compliance, (ii) tax advice, (iii) tax planning and (iv) tax reporting.

All Other Fees includes fees for all other services provided by the principal accountants not covered in the other categories such as litigation support, etc.

All of the services for 2004 and 2005 were performed by the full-time, permanent employees of either BDO Seidman or Rodefer Moss.

Edgar Filing: TENGASCO INC - Form DEF 14A

All of the 2005 services described above were approved by the Audit Committee pursuant to the SEC rule that requires audit committee pre-approval of audit and non-audit services provided by the Company's independent auditors to the extent that rule was applicable during fiscal year 2005. The Audit Committee considered whether the provisions of such services, including non-audit services, by BDO Seidman and Rodefer Moss were compatible with maintaining their independence and concluded they were.

27

BOARD RECOMMENDATION AND VOTE REQUIRED

The Board of Directors recommends that you vote in favor of the above proposal to ratify the appointment of Rodefer Moss & Co, PLLC as independent auditors of the Company for Fiscal 2006. A representative of Rodefer Moss & Co, PLLC is expected to be present at the Annual Meeting with the opportunity to make a statement if he desires to do so, and is expected to be available to respond to appropriate questions.

Ratification will require the affirmative vote of a majority of the shares present and voting at the meeting in person or by proxy. In the event ratification is not provided, the Audit Committee and the Board of Directors will review the future selection of the Company's independent auditors.

Unless otherwise directed by the stockholder giving the proxy, the proxy will be voted for the ratification of the selection by the Board of Directors of Rodefer Moss & Co, PLLC as the Company's independent certified public accountants for Fiscal 2006. Shares voted as abstaining will count as votes cast. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter (i.e., a broker non-vote), those shares will not be considered as present and entitled to vote with respect to that matter. An abstention from voting by a stockholder present in person or by proxy at the meeting has the same legal effect as a vote against Proposal No. 2 because it represents a share present or represented at the meeting and entitled to vote, thereby increasing the number of affirmative votes required to approve this proposal.

28

STOCKHOLDERS PROPOSALS

Proposals of stockholders intended to be presented at the 2007 annual meeting must be received in writing, by the President of the Company at its offices by November 22, 2006 in order to be considered for inclusion in the Company's proxy statement relating to that meeting.

SEC rules and regulations provide that if the date of the Company's 2007 Annual Meeting is advanced or delayed more than 30 days from the date of the 2006 Annual Meeting, stockholder proposals intended to be included in the proxy materials for the 2007 Annual Meeting must be received by the Company within a reasonable time before the Company begins to print and mail the proxy materials for the 2007 Annual Meeting. Upon determination by the Company that the date of the 2007 Annual Meeting will be advanced or delayed by more than 30 days from the date of the 2006 Annual Meeting, the Company will disclose such change in the earliest possible Quarterly Report on Form 10-Q.

By Order of the Board of Directors

Secretary
