**Ra`anana, Israel, October 29, 2003 - NICE Systems (NASDAQ: NICE)**, a worldwide leader of multimedia recording solutions, applications and related professional services for business interaction management, today announced unaudited results for the quarter ending September 30, 2003.

Revenue in the third quarter was \$58.0 million, a 3% sequential increase from \$56.2 million in the second quarter of 2003, and a 51% increase from the third quarter of 2002. On a GAAP basis, net income was \$3.5 million, or \$0.21 per share, compared with net income of \$1.4 million, or \$0.09 per share, on a fully diluted basis, in the second quarter of 2003. 2003, and net income of \$0.4 million, or \$0.03 per fully diluted share, in the year earlier period.

Commenting on the results, Haim Shani, president and CEO of NICE said, "We reported another strong quarter, reflecting especially good results in the contact center/financial trading floor segment, where we continue to increase our market share and to leverage the former TCS customer base and distribution channels. We also continued to increase our service revenues and achieved more than a two percentage point improvement in gross margin in Q3 versus Q2. For the first nine months of 2003 our gross margin is up over four margin points from the corresponding period in 2002."

Gross margin in the third quarter reached 53.1%, up from 51.0% in the second quarter of 2003 and 49.1% in the third quarter a year ago. Operating expenses increased slightly on a sequential basis due a major customer event and trade show during the quarter. As a percent of revenue, operating expenses were 47.7% in the third quarter of 2003 compared with 48.5% in the second quarter of 2003 and 50.5% in the third quarter of 2002. On a GAAP basis, the company reported operating income of \$3.2 million for the third quarter. However, excluding restructuring charges, NICE had a non-GAAP operating profit of \$3.6 million.

#### **Balance Sheet**

Total cash and equivalents at September 30, 2003 rose to \$93.2 million compared with \$87.0 million at June 30, 2003. Reflecting continued focus on working capital management, the company generated operating cash flow of \$9.8 million during Q3 and DSO fell to an all-time low of 73 days from 81 days at the end of the second quarter.

#### Outlook

Commenting on the outlook, Mr. Shani said, "We are expecting revenue in Q4 to be between \$63 million and \$68 million, depending on the timing of orders related to several large projects. We continue to expect to report at least \$0.80 per share for the full year, before special charges."
