PART I

FINANCIAL INFORMATION

ITEM 1. FINANCIAL STATEMENTS

The unaudited, condensed financial statements included herein,

commencing at page F-1, have been prepared in accordance with the requirements of Regulation S-B and, therefore, omit or condense certain footnotes and other information normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America. In the opinion of management, all adjustments (including all normal recurring adjustments) necessary for a fair presentation of the financial information for the interim periods reported have been made.

Results of operations for the six months ended June 30, 2004, are not necessarily indicative of the results of operations expected for the year ending December 31, 2004.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

The following discussion with regard to the Company's financial condition and operating results contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based on current plans and expectations of Orthodontix, Inc. (the "Company") and involve risks and uncertainties that could cause actual future activities and results of operations to be materially different from those set forth in the forward-looking statements. Important factors that could cause actual results to differ include, among others, the Company's inability to consummate an acquisition of an operating business on terms favorable to the Company or, in the event the Company does consummate the transaction contemplated, the Company's ability to successfully manage and operate the combined business.

The discussion of the Company's financial condition and plan of operation should be read in conjunction with the Company's unaudited, condensed financial statements and notes thereto included elsewhere in this Report and the Company's Annual Report on Form 10-KSB filed with the Securities and Exchange Commission.

FINANCIAL RESULTS FOR THE QUARTER ENDED JUNE 30, 2004

For the quarter ended June 30, 2004, the Company recorded a net loss of approximately \$58,500 or \$0.02 per share. Included in the financial results for the quarter ended June 30, 2004, were general and administrative expenses of approximately \$59,900, and interest and other income of approximately \$1,400.

The Company does not expect to generate operating revenues or net income until such time as it effects a business combination with an operating company. However, in the event the Company does consummate a merger or an acquisition of an operating company, there can be no assurances that the combined operation will operate profitably.

1

LIQUIDITY AND CAPITAL RESOURCES

As of June 30, 2004, the Company had cash and cash equivalents and investments of approximately \$622,100 and total liabilities of approximately \$67,400. The Company's cash is primarily invested in money market accounts. The Company continues to anticipate that the primary uses of working capital will include general and administrative expenses and costs associated with seeking to locate and consummate a business combination. The Company believes that its operating funds will be sufficient for its cash expenses for at least the next twelve months.

PLAN OF OPERATION

Management of the Company intends to continue devoting substantially all of its time to consummating a merger or acquisition with an operating business and has evaluated numerous companies and other business combinations since July 2001. The Company has focused its efforts on businesses operating in selected industries including aircraft maintenance and related service companies, health care, pharmaceutical, banking and financial services. In the event the Company locates an acceptable operating business, the Company intends to effect the transaction utilizing any combination of its common stock, cash on hand, or other funding sources that the Company reasonably believes are available. The Company currently has no contractual commitment with regard to effecting an acquisition or other business combination with an operating company.

Although the Company believes that it will be successful in consummating a business combination with an operating company, there can be no assurances that the Company will enter into such a transaction in the near term or on terms favorable to the Company, or that other funding sources will be available.

ITEM 3. CONTROLS AND PROCEDURES

As of June 30, 2004, the Company's President and Chief Executive Officer and its Acting Chief Financial Officer evaluated the Company's disclosure controls and procedures and they concluded that the Company maintains effective disclosure controls and procedures. There have been no significant changes in internal control over financial reporting that have materially affected, or are likely to materially affect, the Company's internal control over financial reporting subsequent to the Evaluation Date.
