#### **Item 8.01. Other Events.**

On May 18, 2018, Future Healthcare of America, a Wyoming corporation (the "Company"), and Natur Holding B.V., a Netherlands-based holding company ("Natur"), executed a non-binding letter of intent for the Company to acquire all of Natur's outstanding capital stock pursuant to a reverse triangular merger or share exchange (the "Merger") on mutually agreeable terms (the "Letter of Intent"). Natur is Europe's first hi-tech health food and beverage company with a mission to revolutionize natural juice and snack consumption, allowing consumers to afford a better quality of life through natural and functional nutrition. Natur offers 100% natural / organic juices and snacks with no additives or preservatives, all of which are non-GMO. The focus is on the premium branded segment in which consumers are increasingly moving towards healthier alternatives, embracing the "snackification" trend. Natur has a multi-channel route to market via leading retailers, foodservice partners, online subscription models and through to its own European flagship retail stores.

The final number of shares of the Company's common stock to be issued in connection with the Merger will be specified in a definitive agreement between the parties, with the parties anticipating that the stockholders of Natur will own approximately 71% of the Company's shares immediately following the closing of the Merger, with the remaining 29% to be owned by the Company's current stockholders, noteholders, lenders and consultants. Upon completion of the transaction, Natur will be a wholly-owned subsidiary of the Company and the former Natur stockholders will own a controlling interest in the Company.

The Letter of Intent contemplates that the current businesses of the Company will be sold either prior to or after the closing of the proposed definitive agreement between the parties (the "Closing").

Following the Closing, the Company intends to continue Natur's historical businesses described above.

The Letter of Intent contains customary provisions, including among other things: (i) providing Natur and the Company access to one another's personnel, properties, books and records for due diligence purposes; (ii) restricting the Company from soliciting or entertaining offers relating to the acquisition of the Company or its common stock through purchase, merger, consolidation or otherwise until the earlier of the date that one party provides the other with

written notice that negotiations toward the definitive

---

agreement are terminated (the Termination Date ) or 90 days after the date of the Letter of Intent; and (iii) requiring the Company and Natur to operate their respective businesses in the ordinary course of business until the Termination Date.

The Closing of the Merger is subject to numerous conditions including the negotiation and execution of a binding definitive agreement between the parties and the satisfaction of any pre-Closing conditions that may be contained therein. The Company can provide no assurance that such conditions will be met or that the contemplated Merger will be consummated.
