On June 22, 2007, the shareholders of U.S. Energy Corp. (the "company") approved four amendments to existing compensation plans:

- (a) The term of the 2001 Stock Compensation Plan (the "2001 SCP") has been extended 10 years, and now will expire at the annual shareholder meeting in 2018. In addition, the number of shares issuable each quarter under the 2001 SCP has been increased, from 2,500 shares for each of the five executive officers, to 5,000 shares, each quarter, for each of the five executive officers. The executives will continue to be unable to sell previously received and to-be-received shares while in company service; and the company will continue to pay the income taxes which each executive will owe upon each receipt of his shares. The increased number of shares will be issued beginning with the third quarter 2007. Voting on this matter was:

In addition, (i) this plan was amended to provide that the company will pay the income taxes which will be owed by the recipients when the forfeitable shares are released; and (ii) the shareholders ratified the company's prior reimbursement of taxes already paid by the company on behalf of a retired officer (Daniel P. Svilar), and on behalf of the estate of a former officer and director (John L. Larsen), when the forfeitable shares issued in those persons' names were released to Mr. Svilar, and to the Estate of John L. Larsen. The officers of the company who hold forfeitable shares will execute lockup agreements by which each will agree not to sell the shares, after release to them, while in company service.
