INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Joystar, Inc.

We have audited the accompanying balance sheets of Joystar, Inc. (formerly known as Solutions Resource, Inc. and a development stage company) as of December 31, 2002 and 2001 and the related statements of operations, changes in stockholders' equity (deficit) and cash flows for the year ended December 31, 2002, for the period from inception (May 23, 2001) through December 31, 2001 and for the period from inception (May 23, 2001) through December 31, 2002. These financial

statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Joystar, Inc. as of December 31, 2002 and 2001, and the results of its operations and cash flows for the year ended December 31, 2002, for the period from inception (May 23, 2001) through December 31, 2001 and for the period from inception (May 23, 2001) through December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed further in Note 3, the Company has been in the development stage since its inception (May 23, 2001) and continues to incur significant losses. The Company's viability is dependent upon its ability to obtain future financing and the success of its future operations. These factor raise substantial doubt about the Company's ability to continue as a going concern. Management's plan in regard to these matters is also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO FINANCIAL STATEMENTS

FROM INCEPTION (MAY 23, 2001) THROUGH DECEMBER 31, 2001,

FOR THE YEAR ENDED DECEMBER 31, 2002 AND

FROM INCEPTION (MAY 23, 2001) THROUGH DECEMBER 31, 2002

1. ORGANIZATION AND HISTORY

Joystar, Inc. (the Company), a Nevada Corporation, was incorporated on May 23, 2001. The Company is a provider of online and offline travel services for the leisure and small business traveler.

The Company has been in the development stage since its inception, May 23, 2001. It is primarily engaged in raising capital to increase sales and marketing activity, licensing and product development, acquisitions and infrastructure development.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PROPERTY AND EQUIPMENT

Property and equipment is stated at cost and depreciated using the straight-line method over the estimated useful life of the assets, which is seven years for furniture and equipment and three years for computer equipment. No property and equipment has been depreciated.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INCOME TAXES

Deferred income taxes are reported using the liability method. Deferred tax assets are recognized for deductible temporary differences and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the

opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

NET LOSS PER SHARE

In February 1997, the Financial Accounting Standards Board (FASB) issued SFAS No. 128 "Earnings Per Share" which requires the Company to present basic and diluted earnings per share, for all periods presented. The computation of loss per common share (basic and diluted) is based on the weighted average number of shares actually outstanding during the period. The Company has no common stock equivalents, which would dilute earnings per share.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial instruments consist principally of cash and various current liabilities. The estimated fair value of these instruments approximates their carrying value.

3. GOING CONCERN

The accompanying financial statements, which have been prepared in conformity with accounting principles generally accepted in the United States of America, contemplates the continuation of the Company as a going concern. However, the Company has been in the development stage since its inception (May 23, 2001), sustained significant losses and has used capital raised through the issuance of stock and debt to fund activities. Continuation of the Company as a going concern is contingent upon establishing and achieving profitable operations. Such operations will require management to secure additional financing for the Company in the form of debt or equity.

Management believes that actions currently being taken to revise the Company's funding requirements will allow the Company to continue its development stage operations. However, there is no assurance that the necessary funds will be realized by securing debt or through stock offerings.

4. PROPERTY AND EQUIPMENT

Property and equipment consist of the following:

ER 31, 2001
=======

The property and equipment was acquired at the end of 2002. Depreciation will start in 2003.

6. RELATED PARTY TRANSACTIONS

Advances from shareholder of \$62,577 at December 31, 2002 are non-interest bearing, currently payable and not evidenced by any notes.

7. CAPITAL STOCK

COMMON STOCK

On November 2, 2001, the Company issued 16,715,000 restricted shares of common stock at \$0.001 per share totaling \$16,715 for services rendered in connection with the start up of the Company.

At various dates in 2002, the Company issued for cash of \$105,998, 70,667 shares of common stock at \$1.50 per share through a private placement, pursuant to provisions of Section 4(2) of the Securities Act of 1933 and Rule 506 of Regulation D.

COMMON STOCK SPLIT

On November 1, 2001, the Board of Directors of the Company approved a stock split of the Company's common stock at a ratio of 1,000 for 1. All references in the accompanying financial statements to the number of common stock and per share amounts reflect the stock split.

STOCK CANCELED AND ISSUED SUBSEQUENT TO DECEMBER 31, 2002

A majority shareholder canceled 3,000,000 shares of stock in anticipation of the acquisition of Advanced Refrigeration Technologies, Inc. (see "subsequent event" footnote 10).

At various dates in 2003, the Company issued for cash of \$142,300,94,932\$ shares of common stock at \$1.50 per share through a private placement, pursuant to provisions of Section 4(2) of the Securities Act of 1933 and Rule 506 of Regulation D.

8. INCOME TAXES

The components of the deferred tax asset is as follows:

Net deferred tax assets \$	>	\$

Deferred tax assets: Net operating loss carryforward \$	128,000	\$ 6	, 500
DEC	CEMBER 31, 2002	DECEMBER 31	, 2001

The Company's operations are headquartered in the State of California and are subject to California state income taxes. The Company had available approximately \$323,000 of unused Federal and State net operating loss carryforwards at December 31, 2002 that may be applied against future taxable income. These net operating loss carryforwards expire

through 2022 for Federal purposes. There is no assurance that the Company will realize the benefit of the net operating loss carryforwards.

SFAS No. 109 requires a valuation allowance to be recorded when it is more likely than not that some or all of the deferred tax assets will not be realized. At December 31, 2002 and 2001, valuations for the full amount of the net deferred tax asset were established due to the uncertainties as to the amount of the taxable income that would be generated in future years.

Reconciliation of the differences between the statutory tax rate and the effective income tax rate is as follows:

	DECEMBER 31, 2002	DECEMBER 31, 2001
Statutory federal tax (benefit) rate Statutory state tax (benefit) rate	(34.00)% (5.83)%	(34.00)% (5.83)%

Rent expense totaled \$54,000, \$54,000 and \$0, from inception (May 23, 2001) through December 31, 2002, for the year ended December 31, 2002 and the period ended December 31, 2001, respectively.

10. SUBSEQUENT EVENT

On June 11, 2003, the Company, entered into an agreement and plan of reorganization with Advanced Refrigeration Technologies (Advanced), a publicly held company. The stockholders of the Company exchanged 100% of their common shares for 13,880,599 newly issued restricted shares of Advanced common voting stock.

Since the former shareholders of Joystar, Inc. acquired control of Advanced upon the merger closing, the merger will be accounted for as a reverse acquisition. Accordingly, for financial statement purposes, Joystar, Inc. will be considered the accounting aquiror and the related business combination will be considered a recapitalization of Joystar, Inc., rather than an acquisition by Advanced. The historical financial statements presented prior to June 11, 2003, in all future public filings, will be those of Joystar, Inc.

ADVANCED REFRIGERATION TECHNOLOGIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTHS ENDED JUNE 30, 2003 AND 2002
AND CUMULATIVE FROM INCEPTION MAY 24, 2001 TO JUNE 30, 2003
(UN-AUDITED)

1. BASIS OF PRESENTATION

On June 11, 2003, Advanced Refrigeration Technologies, Inc. a California corporation (" the Company") acquired all of the issued and outstanding common stock of Joystar, Inc., a Nevada corporation ("Joystar") in exchange for the issuance by the Company of a total of 13,880,599 newly issued restricted shares of common voting stock to the Joystar shareholders pursuant the Agreement an Plan of Reorganization dated as if June 10, 2003. Prior to the issuance of the shares, the Company had 3,322,840 shares of common stock issued and outstanding. Subsequent to the exchange there were 17,203,439 shares issued and outstanding.

The shareholders of Joystar own 81% of the common stock outstanding of the Company after the issuance of the 13,880,598 shares.

The acquisition of Joystar by the Company on June 11, 2003 has been accounted for as a purchase and treated as a reverse acquisition since the former owners of Joystar controlled 81% of the total shares of Common Stock of the Company outstanding immediately following the acquisition.

On this basis, the historical financial statements prior to June 11, 2003 have been restated to be those of the accounting acquirer Joystar. The historical stockholders' equity prior to the reverse acquisition has been retroactively restated (a recapitalization) for the equivalent number of shares received in the acquisition after giving effect to any difference in par value of the issuer's and acquirer's stock. The original 3,322,840 shares of common stock outstanding prior to the exchange reorganization have been reflected as an addition in the stockholders' equity account of the Company on June 11, 2003.

2. INTERIM FINANCIAL INFORMATION

The financial statements of Advanced Refrigeration Technologies, Inc. (the Company) as of June 30, 2003 and for the six months ended June 30, 2003 and 2002 and related footnote information are un-audited. All adjustments (consisting only of normal recurring adjustments) have been made which, in the opinion of management, are necessary for a fair presentation. Results of operations for the six months and three months ended June 30, 2003 and 2002 are not necessarily indicative of the results that may be expected for any future period. The balance sheet at December 31, 2002 was derived from audited financial statements.

Certain information and footnote disclosures, normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America, have been omitted. These financial statements should be read in conjunction with the financial statements and notes for the year ended December 31, 2002 included in an 8-K filed with the Securities and Exchange Commission on (put in date) .

3. NON REVIEW BY AUDITORS

The auditors have not had an opportunity to review the six months ended June 30, 2003 financials statements as the Company was not able to prepare them in sufficient time for their review. The Company will file an amendment to this report after such auditors' review.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PROPERTY AND EQUIPMENT

Property and equipment is stated at cost and depreciated using the straight-line method over the estimated useful life of the assets, which is seven years for furniture and equipment and three years for computer equipment. No property and equipment has been depreciated.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INCOME TAXES

Deferred income taxes are reported using the liability method. Deferred tax assets are recognized for deductible temporary differences and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

17

NET LOSS PER SHARE

In February 1997, the Financial Accounting Standards Board (FASB) issued SFAS No. 128 "Earnings Per Share" which requires the Company to present basic and diluted earnings per share, for all periods presented. The computation of loss per common share (basic and diluted) is based on the weighted average number of shares actually outstanding during the period. The Company has no common stock equivalents, which would dilute earnings per share.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial instruments consist principally of cash and various current liabilities. The estimated fair value of these instruments approximates their carrying value.

5. GOING CONCERN

The accompanying financial statements, which have been prepared in conformity with accounting principles generally accepted in the United States of America, contemplates the continuation of the Company as a going concern. However, the Company has been in the development stage since its inception (May 23, 2001), sustained significant losses and has used capital raised through the issuance of stock and debt to fund activities. Continuation of the Company as a going concern is contingent upon establishing and achieving profitable operations. Such operations will require management to secure additional financing for the Company in the form of debt or equity.

Management believes that actions currently being taken to revise the Company's funding requirements will allow the Company to continue its development stage operations. However, there is no assurance that the necessary funds will be realized by securing debt or through stock

offerings.

6. CAPITAL STOCK

COMMON STOCK

On November 2, 2001, the Company issued 16,715,000 restricted shares of common stock at \$0.001 per share totaling \$16,715 for services rendered in connection with the start up of the Company.
