(Attach Extra Sheets if Needed)

We were not able to file our Form 10-K for the fiscal year ended September 30, 2005 by the due date of December 14, 2005 without unreasonable effort or expense because we were delayed in performing additional procedures with respect to our year-end financial statements, and Swenson Advisors, LLP, our independent registered public accounting firm, will require additional time to complete its audit of such financial statements.

In addition, our management requires additional time to complete its report on management's assessment of the company's internal control over financial reporting required by Section 404 of the Sarbanes-Oxley Act of 2002. Audit adjustments prior to the date of this filing have resulted in management's identification of material weaknesses in the company's internal control over financial reporting. As a result of these material weaknesses, management will report that the company's internal control over financial reporting was not effective as of September 30, 2005.

The company expects to file its annual report on Form 10-K on or before December 29, 2005.

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

We expect to report in the Form 10-K revenues of approximately \$10.2 million for the fiscal year ended September 30, 2005 as compared with the previous fiscal year's revenues of \$5.8 million. Gross profit for fiscal 2005 is expected to be approximately \$4.5 million or 44% of revenues, compared to \$2.3 million or 40% of revenues for fiscal 2004. The increase in revenues and gross profit is principally the result of an increase of sales of our LRAD products. We expect selling, general and administrative expenses to be approximately \$9.1 million or 89% of revenues for fiscal 2005, compared with \$5.3 million or 92% of revenues for fiscal 2004. Loss from operations is expected to be approximately \$9.3 million for fiscal 2005 compared to \$6.0 million for fiscal 2004. The increase in loss in fiscal 2005 resulted from increases in selling, general and administrative expenses and research and development expenses, partially offset by increased gross profit. Based on the procedures and audit still underway, there may be additional adjustments to the fiscal 2005 results.
