In this prospectus supplement, the terms "HRP," "we," "our" and "us" include HRPT Properties Trust and its consolidated subsidiaries.

In presenting "as adjusted" information in this prospectus supplement, we have included the impact of our October 2002 redemption of \$128.3 million of senior notes, our \$240.6 million of real estate acquisitions since October 1, 2002, each as further described in "Capitalization," and we have assumed that this offering has been completed and that we have applied the net proceeds to reduce amounts outstanding under our revolving bank credit facility.

You should rely only on the information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus. We have not, and the underwriters have not, authorized any person to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not, and the underwriters are not, making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus supplement or the accompanying prospectus, as well as information previously filed with the Securities and Exchange Commission ("SEC"), and incorporated by reference, is accurate only as of their respective dates. Our business, financial condition, results of operations and prospects may have changed since those dates.

SUMMARY

This summary may not contain all of the information that is important to you. You should carefully read this entire prospectus supplement and the accompanying prospectus. You should also read the documents we have referred you to in "Incorporation of Certain Information by Reference."

The Company

We are a real estate investment trust ("REIT") that owns and leases office properties. As of December 2, 2002, we own 209 properties with 23 million square feet of space costing \$3.0 billion. These properties are located in 27 states and the District of Columbia. We own a nationwide portfolio of office properties with over 4 million square feet of space leased to the U.S. Government and other government entities. We also own a nationwide portfolio of office properties with over 4 million square feet leased to tenants in medical related businesses. We have focused our acquisitions on government and medical tenanted properties because we believe those tenants are less affected by cyclical economic conditions, are more likely to sign long term leases and are more likely to renew their tenancies upon lease expirations than tenants in other businesses.

In selected areas we have expanded our investments to include office properties leased to commercial tenants generally. Whenever we have expanded by acquiring office properties leased to commercial tenants generally we have tried to purchase high quality properties leased to strong credit quality tenants.

Our Capitalization

As of September 30, 2002, we had total debt of \$1.1 billion and our total equity was \$1.9 billion. Our unsecured debt securities have been investment grade rated since 1994. As adjusted for this offering, the application of net proceeds to reduce amounts outstanding under our revolving bank credit facility and our debt redemption and real estate acquisition activities since September 30, 2002, described in Capitalization, our total debt would be \$1.2 billion and our total equity would be \$1.9 billion.

The Notes

The following is a brief summary of certain terms of the notes. For a more complete description of the terms of the notes (including capitalized terms), see "Description of the Notes" and "Glossary" in this prospectus supplement and "Description of Debt Securities" in the accompanying prospectus.

Securities Offered	\$200,000,000 6 ¹ / ₂ % Notes due 2013.
Maturity	The notes will mature on January 15, 2013, unless previously redeemed.
Interest Payment Dates	Semiannually in arrears on January 15 and July 15, beginning on July 15, 2003.
Ranking	The notes are senior obligations. They are not secured by any of our property or assets, and as a result, you will be one of our unsecured creditors. The notes are not obligations of any of our subsidiaries. The notes will be effectively subordinated to any mortgages and other secured indebtedness we incur and to all indebtedness and other liabilities of our subsidiaries. The notes, however, will rank equally with all of our other unsecured senior indebtedness, including unsecured senior indebtedness we incur in the future.
Optional Redemption	The notes are redeemable at any time at our option in whole or in part. The redemption price will equal the outstanding principal of the notes being redeemed plus accrued interest and the Make-Whole Amount, if any. The notes will not have the benefit of a sinking fund.
Use of Proceeds	We estimate that our net proceeds from the offering will be \$197 million. We intend to use these proceeds to repay amounts outstanding under our revolving bank credit facility.
Limitations on Incurrence of Debt	Various covenants will apply to the notes, including the following: <ol style="list-style-type: none"> (1) We may not incur Debt if the new Debt would cause our total Debt to be more than 60% of our Adjusted Total Assets. (2) We may not incur Secured Debt if the new Secured Debt would cause our total Secured Debt to be more than 40% of our Adjusted Total Assets. (3) We may not incur Debt if the new Debt would cause the ratio of Consolidated Income Available for Debt Service to Annual Debt Service for our most recently completed four fiscal quarters to be less than 1.5 to 1, determined on a pro forma basis after giving effect to certain assumptions. (4)

We are required to maintain Total Unencumbered Assets of at least 200% of Unsecured Debt.

S-2

USE OF PROCEEDS

We estimate that the net proceeds of this offering of notes will be \$197 million. We presently expect to use the net proceeds of this offering to reduce amounts outstanding under our revolving bank credit facility. As of December 2, 2002, our credit facility has an outstanding balance of \$222 million and an interest rate of 2.2% per annum. Our \$425 million credit facility bears interest at LIBOR plus a spread, matures in April 2005 and can be increased by up to \$200 million, subject to conditions. We are negotiating (1) an increase to our credit facility primarily to fund future acquisitions and for general purposes, and (2) an amendment which would provide up to the increased amount of commitments through April 2006. We can provide no assurances that we will successfully increase or amend our credit facility.

CAPITALIZATION

The following table sets forth our capitalization as of September 30, 2002, and as adjusted to reflect our October 2002 redemption of \$128.3 million of our 6.75% senior notes due December 2002, our October 2002 acquisition of seven office properties containing 2.2 million square feet of space for \$240.6 million, including closing costs, completion of this offering and the application of net proceeds to repay amounts outstanding on our revolving bank credit facility.

RATIO OF EARNINGS TO FIXED CHARGES

The ratio of earnings to fixed charges for each of the periods indicated is as follows:

	Nine Months Ended September 30, 2002	Year Ended December 31,				
		2001	2000	1999	1998	1997
Ratio of earnings to fixed charges	2.2x	2.3x	2.3x	2.5x	3.2x	3.8x

The ratios of earnings to fixed charges were computed by dividing earnings by fixed charges. For this purpose, earnings have been calculated by subtracting capitalized interest and adding fixed charges and distributions from equity investments to income before equity in earnings of equity investments and extraordinary items. Fixed charges consist of interest costs, whether expensed or capitalized, the interest component of rental expense, if any, and amortization of debt discounts and deferred financing costs, whether expensed or capitalized.

S-4

DESCRIPTION OF THE NOTES

The following description of the particular terms of the notes supplements and, to the extent inconsistent with, replaces the description of the general terms and provisions of debt securities set forth under "Description of Debt Securities" on page 1 of the accompanying prospectus.

General

We will issue the notes under an Indenture dated as of July 9, 1997, and a Supplemental Indenture dated as of December 6, 2002 (together, the "Indenture") between us and State Street Bank and Trust Company, as Trustee. The Indenture is subject to, and governed by, the Trust Indenture Act of 1939, as amended. This prospectus supplement briefly outlines some of the provisions of the Indenture. These summaries are not complete. If you would like more information on these provisions, review the copy of the Indenture that we have filed with the SEC. See "Incorporation of Certain Information By Reference" and "Where You Can Find More Information" in this prospectus supplement and "Available Information" in the accompanying prospectus for information about how to locate these documents. You may also review the Indenture at the Trustee's corporate trust office at Two Avenue de Lafayette, Boston, Massachusetts 02111.

The notes will be a separate series under the Indenture, initially in the aggregate principal amount of \$200,000,000. The Indenture does not limit the amount of debt securities that we may issue under the Indenture, and we may issue debt securities in one or more series up to the aggregate initial offering price authorized by us for each series. We may, without the consent of the holders of the notes, reopen this series of notes and issue additional notes under the Indenture in addition to the \$200,000,000 of notes authorized as of the date of this prospectus supplement. The notes will mature (unless previously redeemed) on January 15, 2013. The notes will be issued only in fully registered form without coupons, in denominations of \$1,000 and integral multiples thereof. The notes will be evidenced by a global note in book-entry form, except under the limited circumstances described below under " Book-Entry System and Form of Notes."

The notes will be senior unsecured obligations of HRP and will rank equally with each other and with all of our other unsecured and unsubordinated indebtedness outstanding from time to time. The notes will be effectively subordinated to our mortgages and other secured indebtedness and to indebtedness and other liabilities of our Subsidiaries and, accordingly, this indebtedness will have to be satisfied in full before you will be able to realize any value from the secured or indirectly held properties. We and our Subsidiaries may incur additional indebtedness, including secured indebtedness, subject to the provisions described below under " Certain Covenants Limitations on Incurrence of Debt."

Except as described under " Certain Covenants" and " Merger, Consolidation or Sale" below and under "Description of Debt Securities Merger, Consolidation or Sale" and " Certain Covenants" in the accompanying prospectus, the Indenture does not contain any other provisions that would afford you protection in the event of (1) a highly leveraged or similar transaction involving us or any of our affiliates, (2) a change of control or (3) a reorganization, restructuring, merger or similar transaction involving us that may adversely affect you. In addition, subject to the limitations set forth under " Certain Covenants" and " Merger, Consolidation or Sale" below or under "Description of Debt Securities Merger, Consolidation or Sale" and " Certain Covenants" in the accompanying prospectus, we may enter into certain transactions such as the sale of all or substantially all of our assets or a merger or consolidation that would increase the amount of our indebtedness or substantially reduce or eliminate our assets, which might have an adverse effect on our ability to service our indebtedness, including the notes.

We have no present intention of engaging in a highly leveraged or similar transaction.

S-5

Interest and Maturity

The notes will bear interest at the rate per annum set forth on the cover page of this prospectus supplement from December 6, 2002, or from the immediately preceding Interest Payment Date (as defined below) to which interest has been paid. Interest is payable semiannually in arrears on each January 15 and July 15 (the "Interest Payment Dates"), commencing on July 15, 2003, to the persons in whose names the notes are registered in the security register applicable to the notes at the close of business on the date 14 calendar days immediately preceding the applicable Interest Payment Date (the "Regular Record Date"), regardless of whether the Regular Record Date is a Business Day. Accrued interest is also payable on the date of maturity or earlier redemption of the notes. Interest on the notes will be computed on the basis of a 360-day year of twelve 30-day months.

Optional Redemption of the Notes

We may redeem the notes in whole at any time or in part from time to time before they mature. The redemption price will equal the outstanding principal of the notes being redeemed plus accrued interest and the Make-Whole Amount, if any. If the notes are redeemed on or after July 15, 2012 (180 days prior to the stated maturity date for the notes), the redemption price will not include a Make-Whole Amount.

We are required to give notice of such a redemption not less than 30 days nor more than 60 days prior to the redemption date by first class mail to each holder's address appearing in the securities register maintained by the Trustee. In the event we elect to redeem less than all of the notes, the particular notes to be redeemed will be selected by the Trustee by such method as the Trustee shall deem fair and appropriate.

We are not required to make any sinking fund or redemption payments prior to the stated maturity of the notes.

Certain Covenants

Limitations on Incurrence of Debt. We will not, and will not permit any Subsidiary to:

incur any Debt if, immediately after giving effect to the incurrence of such additional Debt and the application of the proceeds thereof, the aggregate principal amount of all outstanding Debt of HRP and its Subsidiaries on a consolidated basis determined in accordance with generally accepted accounting principles ("GAAP") is greater than 60% of the sum ("Adjusted Total Assets") of (without duplication) (1) the Total Assets of HRP and its Subsidiaries as of the end of the most recent calendar quarter covered in HRP's Annual Report on Form 10-K, or HRP's Quarterly Report on Form 10-Q, as the case may be, most recently filed with the SEC (or, if such filing is not permitted under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), with the Trustee) prior to the incurrence of such additional Debt and (2) the purchase price of any real estate assets or mortgages receivable acquired, and the amount of any securities offering proceeds received (to the extent that such proceeds were not used to acquire real estate assets or mortgages receivable or used to reduce Debt), by HRP or any Subsidiary since the end of such calendar quarter, including those proceeds obtained in connection with the incurrence of such additional Debt;

incur any Secured Debt if, immediately after giving effect to the incurrence of such additional Secured Debt and the application of the proceeds thereof, the aggregate principal amount of all outstanding Secured Debt of HRP and its Subsidiaries on a consolidated basis is greater than 40% of Adjusted Total Assets; or

incur any Debt if the ratio of Consolidated Income Available for Debt Service to the Annual Debt Service for the four consecutive fiscal quarters most recently ended prior to the date on

S-6

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

which such additional Debt is to be incurred shall have been less than 1.5x, on a pro forma basis after giving effect thereto and to the application of the proceeds therefrom, and calculated on the assumption that (1) such Debt and any other Debt incurred by HRP and its Subsidiaries since the first day of such four-quarter period and the application of the proceeds therefrom, including to refinance other Debt, had occurred at the beginning of such period, (2) the repayment or retirement of any other Debt by HRP and its Subsidiaries since the first date of such four-quarter period had been repaid or retired at the beginning of such period (except that, in making such computation, the amount of Debt under any revolving credit facility shall be computed based upon the average daily balance of such Debt during such period), (3) in the case of Acquired Debt or Debt incurred in connection with any acquisition since the first day of such four-quarter period, the related acquisition had occurred as of the first day of such period with appropriate adjustments with respect to such acquisition being included in such pro forma calculation, and (4) in the case of any acquisition or disposition by HRP or its Subsidiaries of any asset or group of assets since the first day of such four-quarter period, whether by merger, stock purchase or sale, or asset purchase or sale, such acquisition or disposition or any related repayment of Debt had occurred as of the first day of such period with the appropriate adjustments with respect to such acquisition or disposition being included in such pro forma calculation. If the Debt giving rise to the need to make the foregoing calculation or any other Debt incurred after the first day of the relevant four-quarter period bears interest at a floating rate, then for purposes of calculating the Annual Debt Service, the interest rate on such Debt will be computed on a pro forma basis as if the average interest rate which would have been in effect during the entire such four-quarter period had been the applicable rate for the entire such period.

Maintenance of Total Unencumbered Assets. We and our Subsidiaries will at all times maintain Total Unencumbered Assets of not less than 200% of the aggregate outstanding principal amount of the Unsecured Debt of HRP and its Subsidiaries on a consolidated basis.

See "Description of Debt Securities Certain Covenants" in the accompanying prospectus for a description of additional covenants applicable to us.

Merger, Consolidation or Sale

The Indenture permits us to consolidate with, or sell, lease or convey all or substantially all of our assets to, or merge with or into, any other entity, provided that:

- (1) either we are the continuing entity, or the successor entity (if other than us) formed by or resulting from any such consolidation or merger or which shall have received the transfer of such assets is an entity organized and existing under the laws of the United States or any state thereof and shall expressly assume the due and punctual payment of the principal of (and premium or the Make-Whole Amount on) and any interest on all of the notes and the due and punctual performance and observance of all of the covenants and conditions contained in the Indenture to be performed by us;
- (2) immediately after giving effect to such transaction and treating any indebtedness which becomes an obligation of HRP or any Subsidiary as a result thereof as having been incurred by HRP or such Subsidiary at the time of such transaction, no event of default under the Indenture, and no event which after notice or the lapse of time, or both, would become such an event of default, shall have occurred and be continuing; and
- (3) an officers' certificate and legal opinion covering such conditions is delivered to the Trustee.

S-7

Events of Default, Notice and Waiver

The Indenture provides that the following events are "events of default" with respect to the notes:

- (1) default for 30 days in the payment of any installment of interest payable on any note when due and payable;
- (2) default in the payment of the principal of (or premium or the Make-Whole Amount on) any note when due and payable;
- (3)

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

default in the performance, or breach, of any covenant of HRP contained in the Indenture (other than a covenant added to the Indenture solely for the benefit of a series of debt securities other than the notes), which continues for 60 days after written notice as provided in the Indenture;

(4)

default under any bond, debenture, note, mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by HRP (or by any Subsidiary, the repayment for which HRP is directly responsible or liable as obligor or guarantor) having an aggregate principal amount outstanding of at least \$20,000,000, whether such indebtedness now exists or shall hereafter be incurred or created, which default shall have resulted in such indebtedness becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable, without such indebtedness having been discharged or such acceleration having been rescinded or annulled within a period of 10 days after written notice to HRP by the Trustee or to HRP and the Trustee by the holders of at least 25% in principal amount of the outstanding notes as provided in the Indenture; or

(5)

certain events of bankruptcy, insolvency or reorganization, or court appointment of a receiver, liquidator or trustee of HRP or any Significant Subsidiary or for all or substantially all of either of their property.

Upon the acceleration of notes in accordance with the terms of the Indenture following the occurrence of an event of default, the principal amount of the notes, plus accrued and unpaid interest thereon and the Make-Whole Amount, will become due and payable. See "Description of Debt Securities Events of Default, Notice and Waiver" in the accompanying prospectus for a description of rights, remedies and other matters relating to events of default.

Discharge, Defeasance and Covenant Defeasance

The provisions of the Indenture relating to defeasance and covenant defeasance described under "Description of Debt Securities Discharge, Defeasance and Covenant Defeasance" in the accompanying prospectus will apply to the notes.

Book-Entry System and Form of Notes

The notes will be issued in the form of a single fully registered global note without coupons that will be deposited with, or on behalf of, The Depository Trust Company, New York, New York ("DTC"), and registered in the name of its nominee, Cede & Co. This means that we will not issue certificates to each owner of notes. One global note will be issued to DTC, which will keep a computerized record of its participants whose clients have purchased the notes. The participant will then keep a record of its clients who purchased the notes. Unless it is exchanged in whole or in part for a certificated note, the global note may not be transferred, except that DTC, its nominees and their successors may transfer the global note as a whole to one another.

Beneficial interests in the global note will be shown on, and transfers of the global note will be made only through, records maintained by DTC and its participants.

S-8

DTC has provided us with the following information: DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the United States Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants ("Direct Participants") deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through computerized book-entry changes in the Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange LLC and the National Association of Securities Dealers, Inc.

DTC's book-entry system is also used by other organizations such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly. The rules that apply to DTC and its Direct Participants are on file with the SEC.

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

We expect that, pursuant to procedures established by DTC, Direct Participants will receive credit for the notes on DTC's records and the ownership interest of each beneficial owner is in turn to be recorded on the records of Direct Participants. Neither we nor the Trustee will have any responsibility or liability for any aspect of the records of DTC or any of its Direct Participants or for maintaining, supervising or reviewing any records of DTC or any of its Direct Participants relating to beneficial ownership interests in the notes. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and laws may impair your ability to own, pledge or transfer beneficial interests in the global note.

So long as DTC or its nominee is the registered owner of the global note, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the notes evidenced by the global note for all purposes under the Indenture. Except as described below, as an owner of a beneficial interest in notes evidenced by the global note you will not be entitled to have any of the individual notes evidenced by such global note registered in your name, you will not receive or be entitled to receive physical delivery of any such notes in definitive form and you will not be considered the owner or holder thereof under the Indenture for any purpose, including with respect to the giving of any direction, instructions or approvals to the Trustee thereunder. Accordingly, you must rely on the procedures of DTC and, if you are not a Direct Participant, on the procedures of the Direct Participant through which you own your interest, to exercise any rights of a "holder" under the Indenture. We understand that, under existing industry practice, if we request any action of holders or if an owner of a beneficial interest in a global note desires to give or take any action which a holder is entitled to give or take under the Indenture, DTC would authorize the Direct Participants holding the relevant beneficial interest to give or take such action, and such Direct Participants would authorize beneficial owners through such Direct Participants to give or take such actions or would otherwise act upon the instructions of beneficial owners holding through them.

Payments of principal, premium, if any, and interest or additional amounts, if any, on individual notes evidenced by a global note registered in the name of the holder of the global note or its nominee will be made by the Trustee to or at the direction of the holder of the global note or its nominee, as the case may be, as the registered owner of the global note under the Indenture. Under the terms of the Indenture, we and the Trustee may treat the persons in whose name notes, including a global note, are registered as the owners thereof for the purpose of receiving such payments. Consequently, neither we nor the Trustee has or will have any responsibility or liability for the payment of such amounts to beneficial owners of notes (including principal, premium, if any, and interest or additional amounts, if any).

S-9

DTC's practice is to credit the accounts of relevant Direct Participants on the applicable payment date in accordance with their respective holdings of beneficial interests in the relevant security as shown on the records of DTC. Payments by Direct Participants to the beneficial owners of notes will be governed by standing instructions and customary practice and will be the responsibility of DTC's Direct Participants. Redemption notices with respect to any notes will be sent to the holder of the global note (i.e., DTC, its nominee or any subsequent holder). If less than all of the notes are to be redeemed, we expect the holder of the global note to determine the amount of interest of each Direct Participant in the notes to be redeemed by lot. Neither we, the Trustee, any paying agent nor the security registrar for such notes will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global note for such notes.

Neither we nor the Trustee will be liable for any delay by the holder of a global note, DTC or any Direct Participant in identifying the beneficial owners of notes and we and the Trustee may conclusively rely on, and will be protected in relying on, instructions from the holder of a global note, DTC or any Direct Participant for all purposes.

The notes, which are evidenced by the global note, will be exchangeable for certificated notes with the same terms in authorized denominations only if:

DTC notifies us that it is unwilling or unable to continue as depository or if DTC ceases to be a clearing agency registered under applicable law and a successor depository is not appointed by us within 90 days, or

we determine not to require all of the notes to be evidenced by a global note and notify the Trustee of our decision, in which case we will issue individual notes in denominations of \$1,000 and integral multiples thereof.

S-10

MATERIAL FEDERAL INCOME TAX CONSIDERATIONS

The following summary of federal income tax considerations is based upon the Internal Revenue Code of 1986, as amended (the "Tax Code"), Treasury regulations, and rulings and decisions now in effect, all of which are subject to change, possibly with retroactive effect, or possible differing interpretations. We have not sought a ruling from the Internal Revenue Service ("IRS") with respect to any matter described in this summary, and we cannot provide any assurance that the IRS or a court will agree with the statements made in this summary. The summary applies to you only if you hold our notes as a capital asset. The summary does not discuss the particular tax consequences that might be relevant to you if you are subject to special rules under the federal income tax law, for example, if you are:

a bank, life insurance company, regulated investment company or other financial institution,

a broker or dealer in securities or foreign currency,

a person that has a functional currency other than the U.S. dollar,

a person who acquires our notes in connection with his employment or other performance of services,

a person subject to alternative minimum tax,

a person who owns our notes as part of a straddle, hedging transaction, conversion transaction or constructive sale transaction,

a tax-exempt entity, or

an expatriate.

In addition, the following summary does not address all possible tax considerations relating to the acquisition, ownership and disposition of our notes, and in particular does not discuss any estate, gift, generation-skipping transfer, state, local or foreign tax considerations. For all these reasons, we urge you to consult with your tax advisor about the federal income tax and other tax consequences of your acquisition, ownership and disposition of our notes.

For purposes of this summary, you are a "U.S. holder" if you are a beneficial owner of our notes and for federal income tax purposes are:

a citizen or resident of the United States, including an alien individual who is a lawful permanent resident of the United States or meets the substantial presence residency test under the federal income tax laws,

a corporation, partnership or other entity treated as a corporation or partnership for federal income tax purposes, that is created or organized in or under the laws of the United States, any state thereof or the District of Columbia, unless otherwise provided by Treasury regulations,

an estate the income of which is subject to federal income taxation regardless of its source, or

a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust, or an electing trust in existence on August 20, 1996 to the extent provided in Treasury regulations,

and if your status as a U.S. holder is not overridden pursuant to the provisions of an applicable tax treaty. Conversely, you are a "non-U.S. holder" if you are a beneficial owner of our notes and are not a U.S. holder.

S-11

Tax Consequences for U.S. Holders

If you are a U.S. holder:

Payments of Interest. You must generally include interest on a note in your gross income as ordinary interest income:

when you receive it, if you use the cash method of accounting for federal income tax purposes, or

when it accrues, if you use the accrual method of accounting for federal income tax purposes.

Purchase price for a note that is allocable to prior accrued interest may be treated as offsetting a portion of the interest income from the next scheduled interest payment on the note. Any interest income so offset is not taxable.

Market Discount. If you acquire a note and your adjusted tax basis in it upon acquisition is less than its principal amount, you will be treated as having acquired the note at a "market discount" unless the amount of this market discount is less than the *de minimis* amount (generally 0.25% of the principal amount of the note multiplied by the number of remaining whole years to maturity of the note). Under the market discount rules, you will be required to treat any gain on the sale, exchange, redemption, retirement, or other taxable disposition of a note, or any appreciation in a note in the case of a nontaxable disposition such as a gift, as ordinary income to the extent of the market discount which has not previously been included in your income and which is treated as having accrued on the note at the time of the disposition. In addition, you may be required to defer, until the maturity of the note or earlier taxable disposition, the deduction of all or a portion of the interest expense on any indebtedness incurred or continued to purchase or carry the note. Any market discount will be considered to accrue ratably during the period from the date of your acquisition to the maturity date of the note, unless you elect to accrue the market discount on a constant yield method. In addition, you may elect to include market discount in income currently as it accrues, on either a ratable or constant yield method, in which case the rule described above regarding deferral of interest deductions will not apply. This election to include market discount in income currently, once made, applies to all market discount obligations acquired by you during or after the first taxable year to which the election applies and may not be revoked without the consent of the IRS. You should consult with your tax advisor regarding these elections.

Amortizable Bond Premium. If you acquire a note and your adjusted tax basis in it upon acquisition is greater than its principal amount, you will be treated as having acquired the note with "bond premium." You generally may elect to amortize this bond premium over the remaining term of the note on a constant yield method, and the amount amortized in any year will be treated as a reduction of your interest income from the note for that year. If the amount of your bond premium amortization would be lower if calculated based on an earlier optional redemption date and the redemption price on that date than the amount of amortization calculated through that date based on the note's maturity date and its stated principal amount, then you must calculate the amount and timing of your bond premium amortization deductions assuming that the note will be redeemed on the optional redemption date at the optional redemption price. You may generally recalculate your bond premium amortization amount and schedule of deductions to the extent your note is not actually redeemed at that earlier optional redemption date. If you do not make an election to amortize bond premium, your bond premium on a note will decrease the gain or increase the loss that you otherwise recognize on a disposition of that note. Any election to amortize bond premium applies to all debt obligations, other than debt obligations the interest on which is excludable from gross income, that you hold at the beginning of the first taxable year to which the election applies and that you thereafter acquire. You may not revoke an election to amortize bond premium without the consent of the IRS. You should consult with your tax advisor regarding this election.

S-12

Disposition of a Note. Upon the sale, exchange, redemption, retirement or other disposition of a note, you generally will recognize taxable gain or loss in an amount equal to the difference, if any, between (1) the amount you receive in cash or in property, valued at its fair market value, upon this sale, exchange, redemption, retirement or other disposition, other than amounts representing accrued and unpaid interest which will be taxable as interest income, and (2) your adjusted tax basis in the note. Your adjusted tax basis in the note will, in general, equal your

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

acquisition cost for the note, exclusive of any amount paid allocable to prior accrued interest, as increased by any market discount you have included in income in respect of the note, and as decreased by any amortized bond premium on the note. Except with respect to accrued market discount, your gain or loss will be capital gain or loss, and will be long-term capital gain or loss if you have held the note for more than one year at the time of disposition. For noncorporate U.S. holders, preferential rates of tax may apply to long-term capital gains.

Tax Consequences for Non-U.S. Holders

If you are a non-U.S. holder:

Generally. You will not be subject to federal income taxes on payments of principal, premium, if any, or interest on a note, or upon the sale, exchange, redemption, retirement or other disposition of a note, if:

you do not own directly or indirectly 10% or more of the total voting power of all classes of our voting shares,

your income and gain in respect of the note is not effectively connected with the conduct of a United States trade or business,

you are not a controlled foreign corporation that is related to or under common control with us,

we or the applicable paying agent (the "Withholding Agent") have received from you a properly executed, applicable IRS Form W-8 or substantially similar form in the year in which a payment of interest, principal or premium occurs, or in a previous calendar year to the extent provided for in the instructions to the applicable IRS Form W-8, and

in the case of gain upon the sale, exchange, redemption, retirement or other disposition of a note recognized by an individual non-U.S. holder, you were present in the United States for less than 183 days during the taxable year in which the gain was recognized.

The IRS Form W-8 or a substantially similar form must be signed by you under penalties of perjury certifying that you are a non-U.S. holder and providing your name and address, and you must inform the Withholding Agent of any change in the information on the statement within 30 days of the change. If you hold a note through a securities clearing organization or other qualified financial institution, the organization or institution may provide a signed statement to the Withholding Agent. However, in that case, the signed statement must generally be accompanied by a statement containing the relevant information from the executed IRS Form W-8 or substantially similar form that you provided to the organization or institution. If you are a partner in a partnership holding our notes, both you and the partnership must comply with applicable certification requirements.

Except in the case of income or gain in respect of a note that is effectively connected with the conduct of a United States trade or business, discussed below, interest received or gain recognized by you which does not qualify for exemption from taxation will be subject to U.S. withholding tax at a rate of 30% unless reduced or eliminated by an applicable tax treaty. You must generally use an applicable IRS Form W-8, or a substantially similar form, to claim tax treaty benefits. If you are a non-U.S. holder claiming benefits under an income tax treaty, you should be aware that you may be required to obtain a taxpayer identification number and to certify your eligibility under the applicable treaty's limitations

S-13

on benefits article in order to comply with the applicable certification requirements of the Treasury regulations.

Effectively Connected Income and Gain. If you are a non-U.S. holder whose income and gain in respect of a note is effectively connected with the conduct of a United States trade or business, you will be subject to regular federal income tax on this income and gain in generally the same manner as U.S. holders, and general federal income tax return filing requirements will apply. In addition, if you are a corporation, you may be subject to a branch profits tax equal to 30% of your effectively connected adjusted earnings and profits for the taxable year, unless you qualify for a lower rate under an applicable tax treaty. To obtain an exemption from withholding on interest on the notes that is effectively connected with the conduct of a United States trade or business, you must generally supply to the Withholding Agent an applicable IRS

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

Form W-8, or a substantially similar form.

Information Reporting and Backup Withholding

Information reporting and backup withholding may apply to interest and other payments to you under the circumstances discussed below. Amounts withheld under backup withholding are generally not an additional tax and may be refunded or credited against your federal income tax liability, provided that you furnish the required information to the IRS. The backup withholding rate is currently 30%, but this rate is scheduled to be reduced to 28% over the next several years.

If you are a U.S. Holder. You may be subject to backup withholding when you receive interest payments on a note or proceeds upon the sale, exchange, redemption, retirement or other disposition of a note. In general, you can avoid this backup withholding if you properly execute under penalties of perjury an IRS Form W-9 or a substantially similar form on which you:

provide your correct taxpayer identification number, and

certify that you are exempt from backup withholding because (a) you are a corporation or come within another enumerated exempt category, (b) you have not been notified by the IRS that you are subject to backup withholding, or (c) you have been notified by the IRS that you are no longer subject to backup withholding.

If you do not provide your correct taxpayer identification number on the IRS Form W-9 or a substantially similar form, you may be subject to penalties imposed by the IRS.

Unless you have established on a properly executed IRS Form W-9 or a substantially similar form that you are a corporation or come within another enumerated exempt category, interest and other payments on the notes paid to you during the calendar year, and the amount of tax withheld, if any, will be reported to you and to the IRS.

If you are a Non-U.S. Holder. The amount of interest paid to you on a note during each calendar year, and the amount of tax withheld, if any, will generally be reported to you and to the IRS. This information reporting requirement applies regardless of whether you were subject to withholding or whether withholding was reduced or eliminated by an applicable tax treaty. Also, interest paid to you on a note may be subject to backup withholding, at the current 30% rate or subsequent reduced rate, unless you properly certify your non-U.S. holder status on an IRS Form W-8 or a substantially similar form in the manner described above, under "Tax Consequences for Non-U.S. Holders." Similarly, information reporting and backup withholding will not apply to proceeds you receive upon the sale, exchange, redemption, retirement or other disposition of a note, if you properly certify that you are a non-U.S. holder on an IRS Form W-8 or a substantially similar form. Even without having executed an IRS Form W-8 or a substantially similar form, however, in some cases information reporting and backup withholding may not apply to proceeds you receive upon the sale, exchange, redemption, retirement or other disposition of a note, if you receive those proceeds through a broker's foreign office.

Underwriter	Principal Amount
Merrill Lynch, Pierce, Fenner & Smith Incorporated	\$ 130,000,000
Wachovia Securities, Inc.	34,000,000
Banc One Capital Markets, Inc.	6,000,000

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

Underwriter	Principal Amount
SunTrust Capital Markets, Inc.	6,000,000
Wells Fargo Brokerage Services, LLC	6,000,000
Total	\$ 200,000,000

The underwriters have agreed to purchase all of the notes sold pursuant to the underwriting agreement if any of these notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"), or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officers' certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The underwriters have advised us that they propose initially to offer the notes to the public at the public offering price specified on the cover page of this prospectus supplement, and to dealers at that price less a concession not in excess of .4% of the principal amount of the notes. The underwriters may allow, and the dealers may reallow, a discount not in excess of .25% of the principal amount of the notes to other dealers. After the initial public offering, the public offering price, concession and discount may be changed.

The expenses of the offering, not including the underwriting discount, are estimated to be \$300,000 and are payable by us.

New Issue of Securities

The notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any national securities exchange or for quotation of the notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the notes after completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without notice. We

S-15

cannot assure you that an active public market for the notes will develop or that any trading market that does develop for the notes will be liquid. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

Price Stabilization and Short Positions

In connection with the offering, the underwriters are permitted to engage in transactions that stabilize the market price of the notes. Such transactions consist of bids or purchases to peg, fix or maintain the price of the notes. If the underwriters create a short position in connection with the offering, *i.e.*, if they sell more than the aggregate principal amount of notes that is specified on the cover page of this prospectus supplement, the underwriters may reduce that short position by purchasing notes in the open market. Purchases of a security to stabilize the price or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases.

Neither we nor any of the underwriters makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters makes any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Other Relationships

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

In the ordinary course of their respective businesses, some of the underwriters and/or their affiliates have engaged, and expect in the future to engage, in investment banking, commercial banking, financial advisory and/or general financing transactions with us, for which they have received, and may in the future receive, customary fees and commissions for these services.

Affiliates of some of the underwriters are also lenders under our revolving bank credit facility. Net proceeds of this offering are expected to be used to repay amounts outstanding under our revolving bank credit facility. Lenders under our revolving bank credit facility, including affiliates of some of the underwriters, will receive amounts to which they are entitled in accordance with the existing terms of our revolving bank credit facility.

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

the principal amount of all obligations of HRP or any Subsidiary with respect to redemption, repayment or other repurchase of any Disqualified Stock, or

(5)

any lease of property by HRP or any Subsidiary as lessee which is reflected on HRP's consolidated balance sheet as a capitalized lease in accordance with GAAP, to the extent, in the case of items of indebtedness under (1) through (3) above, that any such items (other than letters of credit) would appear as a liability on HRP's consolidated balance sheet in accordance with GAAP.

Debt also includes, to the extent not otherwise included, any obligation by HRP or any Subsidiary to be liable for, or to pay, as obligor, guarantor or otherwise (other than for purposes of collection in the

S-19

ordinary course of business), Debt of another person or entity (other than HRP or any Subsidiary) (it being understood that Debt shall be deemed to be incurred by HRP or any Subsidiary whenever HRP or such Subsidiary shall create, assume, guarantee or otherwise become liable in respect thereof).

In the case of any redemption or accelerated payment of notes on or after July 15, 2012, the Make-Whole Amount means zero.

"*Ratio of Earnings to Fixed Charges*" for any period means HRP's earnings divided by fixed charges. For this purpose, earnings have been calculated by subtracting capitalized interest and adding fixed charges and distributions from equity investments to income before equity in earnings of equity investments and extraordinary items. Fixed charges consist of interest costs, whether expensed or capitalized, the interest component of rental expense, if any, and amortization of debt discounts and deferred financing costs, whether expensed or capitalized.

"*Reinvestment Rate*" means a rate per annum equal to the sum of 0.50% plus the yield on treasury securities at constant maturity under the heading "Week Ending" published in the Statistical Release under the caption "Treasury Constant Maturities" for the maturity (rounded to the nearest month) corresponding to the remaining life to maturity (which, in the case of maturities corresponding to the principal and interest due on the notes at their maturity, shall be deemed to be July 15, 2012), as of the payment date of the principal being redeemed or paid. If no maturity exactly corresponds to such maturity, yields for the two published maturities most closely corresponding to such maturity shall be calculated pursuant to the immediately preceding sentence and the Reinvestment Rate shall be interpolated or extrapolated from such yields on a straight-line basis, rounding in each of such relevant periods to the nearest month. For purposes of calculating the Reinvestment Rate, the most recent Statistical Release published prior to the date of determination of the Make-Whole Amount shall be used.

"*Secured Debt*" means Debt secured by any mortgage, lien, charge, pledge or security interest of any kind.

S-20

"*Significant Subsidiary*" means any Subsidiary which is a "significant subsidiary" (within the meaning of Regulation S-X, promulgated by the SEC under the Securities Act) of HRP.

"*Statistical Release*" means the statistical release designated "H.15(519)" or any successor publication which is published weekly by the Federal Reserve System and which establishes yields on actively traded United States government securities adjusted to constant maturities or, if such statistical release is not published at the time of any determination under the Indenture, then any publicly available source of similar market data which shall be designated by us.

"*Subsidiary*" means any corporation or other entity of which a majority of (1) the voting power of the voting equity securities or (2) the outstanding equity interests are owned, directly or indirectly, by HRP or one or more other Subsidiaries of HRP. For the purposes of this definition, "voting equity securities" means equity securities having voting power for the election of directors, whether at all times or only so long as no senior class of security has such voting power by reason of any contingency.

THE COMPANY

The Company is a real estate investment trust ("REIT") which invests in healthcare related real estate and office buildings. As of June 2, 1998, the Company directly owned 207 properties representing an aggregate investment of \$2.5 billion (at cost), had mortgage investments in 29 properties aggregating \$85.2 million and had a 9.3% equity investment in Hospitality Properties Trust ("HPT"), a New York Stock Exchange-listed REIT founded by the Company which invests in hotels, of approximately \$100 million (at cost), for total real estate investments of approximately \$2.7 billion located in 34 states and the District of Columbia. At the Company's 1998 annual meeting of shareholders, the shareholders voted to approve a change of the Company's name to "HRPT Properties Trust." The Company expects the name change to become effective during the summer of 1998.

The Company is organized as a Maryland real estate investment trust. The Company's principal place of business is 400 Centre Street, Newton, Massachusetts 02158 and its telephone number is (617) 332-3990.

USE OF PROCEEDS

Unless otherwise described in the applicable Prospectus Supplement, the Company intends to use the net proceeds from the sale of the Offered Securities for general business purposes, which may include the acquisition of, or other investments in, income producing real estate, including retirement communities, assisted living centers, long-term care facilities, medical office and other office buildings and office buildings leased to various agencies of the United States Government, and the repayment of indebtedness outstanding at such time or the reduction of amounts outstanding under the Company's credit facilities. Pending utilization as set forth above, the proceeds from the sale of the Offered Securities will be invested in short term investments, including repurchase agreements. Such investments may not be investment grade.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth the Company's consolidated ratios of earnings to fixed charges for the periods indicated:

	For the quarter ended March 31, 1998	For the years ended December 31,				
		1997	1996	1995	1994	1993
Ratio of earnings to fixed charges	3.2x	3.9x	4.3x	3.4x	6.7x	6.8x

The ratios of earnings to fixed charges presented above were computed by dividing the Company's earnings by fixed charges. For this purpose, earnings have been calculated by adding fixed charges to income before income taxes, extraordinary items and gain or loss on the

disposition of real property. Fixed charges consist of interest costs, whether expensed or capitalized, the interest component of rental expense, if any, amortization of debt discounts and deferred financing costs, whether expensed or capitalized. To date, the Company has not issued any Preferred Shares; therefore, the ratio of earnings to combined fixed charges and Preferred Shares distributions are the same as the ratios of earnings to fixed charges presented above.

DESCRIPTION OF DEBT SECURITIES

The Debt Securities will be issued under one or more indentures (an "Indenture") between the Company and a trustee (an "Indenture Trustee"). Any Indenture will be subject to, and governed by, the Trust Indenture Act of 1939, as amended (the "TIA"). The statements made hereunder relating to any Indentures and the Debt Securities to be issued thereunder are summaries of certain anticipated provisions thereof and do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all provisions of the Indentures and such Debt Securities.

General

The Company has filed with its Registration Statement with respect to the Offered Securities a form of Indenture (as supplemented from time to time, the "Senior Indenture") relating to the Senior Securities (as defined) and a form of Indenture (as supplemented from time to time, the "Subordinated Indenture") relating to the Subordinated Securities (as defined). The Debt Securities will be direct, unsecured obligations of the Company

1

and, if issued under the Senior Indenture, will rank equally and ratably with other unsecured and unsubordinated indebtedness of the Company (the "Senior Securities"), or, if issued under the Subordinated Indenture, will be subordinated in right of payment to the prior payment in full of Senior Indebtedness (as defined in the applicable Prospectus Supplement) ("Subordinated Securities"). See "Subordination". The Debt Securities may be issued without limit as to aggregate principal amount, in one or more series, in each case as established from time to time in or pursuant to authority granted by a resolution of the Board of Trustees of the Company (the "Trustees") or as established in one or more indentures supplemental to any Indenture. All Debt Securities of one series need not be issued at the same time and, unless otherwise provided, a series may be reopened, without the consent of the holders of the Debt Securities of such series, for issuances of additional Debt Securities of such series.

It is anticipated that any Indenture will provide that the Company may, but need not, designate more than one Indenture Trustee thereunder, each with respect to one or more series of Debt Securities. Any Indenture Trustee under any Indenture may resign or be removed with respect to one or more series of Debt Securities, and a successor Indenture Trustee may be appointed to act with respect to such series. In the event that two or more persons are acting as Indenture Trustee with respect to different series of Debt Securities, each such Indenture Trustee shall be a trustee of a trust under the applicable Indenture separate and apart from the trust administered by any other Indenture Trustee, and, except as otherwise indicated herein, any action described herein to be taken by the Indenture Trustee may be taken by each such Indenture Trustee with respect to, and only with respect to, the one or more series of Debt Securities for which it is Indenture Trustee under the applicable Indenture.

Reference is made to the Prospectus Supplement relating to the series of Debt Securities being offered for the specific terms thereof, including, where applicable, the following:

- (1) the title of such Debt Securities and whether such Debt Securities are Senior Securities or Subordinated Securities;
- (2) the aggregate principal amount of such Debt Securities and any limit on such aggregate principal amount;

- (4) if convertible, the terms on which such Debt Securities are convertible, including the initial conversion price or rate and the conversion period and any applicable limitations on the ownership or transferability of the securities into which such Debt Securities are convertible;

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

- (5) the date or dates, or the method for determining such date or dates, on which the principal of such Debt Securities will be payable;
- (6) the rate or rates (which may be fixed or variable), or the method by which such rate or rates shall be determined, at which such Debt Securities will bear interest, if any;
- (7) the date or dates, or the method for determining such date or dates, from which any interest will accrue, the dates on which any such interest will be payable, the record dates for such interest payment dates, or the method by which any such date shall be determined, the person to whom such interest shall be payable, and the basis upon which interest shall be calculated if other than that of a 360-day year of 12 months consisting of 30 days each;
- (8) the place or places where the principal of, any premium and interest on, and any additional amounts payable in respect of such Debt Securities will be payable, such Debt Securities may be surrendered for conversion or registration of transfer or exchange and notices or demands to or upon the Company in respect of such Debt Securities and the applicable Indenture may be served;
- (9) the period or periods within which, the price or prices at which and the terms and conditions upon which such Debt Securities may be redeemed, as a whole or in part, at the option of the Company, if the Company is to have such an option;

2

- (10) the obligation, if any, of the Company to redeem, repay or purchase such Debt Securities pursuant to any sinking fund or analogous provision or at the option of a holder thereof, and the period or periods within which, the price or prices at which and the terms and conditions upon which such Debt Securities will be redeemed, repaid or purchased, as a whole or in part, pursuant to such obligation;
- (11) if other than U.S. dollars, the currency or currencies in which such Debt Securities are denominated and payable, which may be a foreign currency or units of two or more foreign currencies or a composite currency or currencies, and the terms and conditions relating thereto;
- (12) if the principal of or premium, if any, or interest on such Debt Securities is to be payable, at the election of the Company or a holder thereof, in one or more currencies or currency units other than that or those in which such Debt Securities are stated to be payable, the currency, currencies or currency units in which payment of the principal of and premium, if any, and interest on Debt Securities of such series as to which such election is made shall be payable, and the periods within which and the terms and conditions upon which such election is to be made;
- (13) whether the amount of payments of principal of (and premium, if any) or interest, if any, on such Debt Securities may be determined with reference to an index, formula or other method (which index, formula or method may, but need not, be based on a currency, currencies, currency unit or units or composite currency or currencies) and the manner in which such amounts shall be determined;
- (14) the events of default or covenants of such Debt Securities, to the extent different from or in addition to those described herein, and any provisions granting special rights to the holders of such Debt Securities upon the occurrence of events specified in such Prospectus Supplement;

- (16)

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

whether such Debt Securities will be in registered or bearer form and, if in registered form, the denominations thereof if other than \$1,000 and any integral multiple thereof and, if in bearer form, the denominations thereof and terms and conditions relating thereto;

(17)

whether any of such Debt Securities are to be issuable in permanent global form (a "Global Security") and, if so, the terms and conditions, if any, upon which interests in such Debt Securities in global form may be exchanged, in whole or in part, for the individual Debt Securities represented thereby;

(18)

the applicability, if any, of the defeasance and covenant defeasance provisions described herein or any modification thereof;

(19)

if such Debt Securities are to be issued upon the exercise of debt warrants, the time, manner and place for such Debt Securities to be authenticated and delivered;

(20)

whether and under what circumstances the Company will pay additional amounts on such Debt Securities in respect of any tax, assessment or governmental charge and, if so, whether the Company will have the option to redeem such Debt Securities in lieu of making such payment; and

(21)

any other terms of such Debt Securities.

The Debt Securities may provide for less than the entire principal amount thereof to be payable upon declaration of acceleration of the maturity thereof ("Original Issue Discount Securities"). If material or applicable, special U.S. federal income tax, accounting and other considerations applicable to Original Issue Discount Securities will be described in the applicable Prospectus Supplement.

Except as described under " Merger, Consolidation or Sale" or as may be set forth in any Prospectus Supplement, an Indenture will not contain any other provisions that would limit the ability of the Company to incur indebtedness or that would afford holders of the Debt Securities protection in the event of a highly leveraged or similar transaction involving the Company. However, restrictions on ownership and transfers of the Company's capital stock, designed to preserve its status as a REIT, may act to prevent or hinder a change of control. See "Redemption; Business Combinations and Control Share Acquisitions." Reference is made to the applicable Prospectus Supplement for information with respect to any deletions from, modifications of or additions to the

3

events of default or covenants that are described below, including any addition of a covenant or other provisions providing event risk or similar protection.

Denominations, Interest, Registration and Transfer

Unless otherwise described in the applicable Prospectus Supplement, the Debt Securities of any series which are registered securities, other than registered securities issued in global form (which may be of any denomination), shall be issuable in denominations of \$1,000 and any integral multiple thereof.

Unless otherwise specified in the applicable Prospectus Supplement, the principal of (and premium, if any) and interest on any series of Debt Securities will be payable at the corporate trust office of the Indenture Trustee, initially at the address which will be set forth in the applicable Prospectus Supplement; *provided* that, at the option of the Company, payment of interest may be made by check mailed to the address of the person entitled thereto as it appears in the applicable register or by wire transfer of funds to such person at an account maintained within the United States.

Any interest not punctually paid or duly provided for on any interest payment date with respect to a Debt Security ("Defaulted Interest") will forthwith cease to be payable to the holder on the applicable regular record date and may either be paid to the person in whose name such Debt Security is registered at the close of business on a special record date (the "Special Record Date") for the payment of such Defaulted Interest to be fixed by the applicable Indenture Trustee, notice whereof shall be given to the holder of such Debt Security not less than 10 days prior to such Special Record Date, or may be paid at any time in any other lawful manner, all as more completely described in the applicable Indenture.

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

Subject to certain limitations imposed upon Debt Securities issued in book-entry form, the Debt Securities of any series will be exchangeable for other Debt Securities of the same series and of a like aggregate principal amount and tenor of different authorized denominations upon surrender of such Debt Securities at the corporate trust office of the applicable Indenture Trustee. In addition, subject to certain limitations imposed upon Debt Securities issued in book-entry form, the Debt Securities of any series may be surrendered for conversion or registration of transfer thereof at the corporate trust office of the applicable Indenture Trustee. Every Debt Security surrendered for conversion, registration of transfer or exchange shall be duly endorsed or accompanied by a written instrument of transfer. No service charge will be made for any registration of transfer or exchange of any Debt Securities, but the Indenture Trustee or the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. If the applicable Prospectus Supplement refers to any transfer agent (in addition to the Indenture Trustee) initially designated by the Company with respect to any series of Debt Securities, the Company may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, except that the Company will be required to maintain a transfer agent in each place of payment for such series. The Company may at any time designate additional transfer agents with respect to any series of Debt Securities.

Neither the Company nor any Indenture Trustee shall be required to (i) issue, register the transfer of or exchange Debt Securities of any series during a period beginning at the opening of business 15 days before any selection of Debt Securities of that series to be redeemed and ending at the close of business on (a) if such Debt Securities are issuable only as registered securities, the day of the mailing of the relevant notice of redemption and (b) if such Debt Securities are issuable as bearer securities, the day of the first publication of the relevant notice of redemption or, if such Debt Securities are also issuable as registered securities and there is no publication, the mailing of the relevant notice of redemption, or (ii) to register the transfer of or exchange any registered security so selected for redemption in whole or in part, except, in the case of any registered security to be redeemed in part, the portion thereof not to be redeemed, or (iii) to exchange any bearer security so selected for redemption except that such a bearer security may be exchanged for a registered security of that series and like tenor; provided that such registered security shall be simultaneously surrendered for redemption, or (iv) to issue, register the transfer of or exchange any Debt Security which has been surrendered for repayment at the option of the holder, except the portion, if any, of such Debt Security not to be so repaid.

4

Merger, Consolidation or Sale

The Company may consolidate with, or sell, lease or convey all or substantially all of its assets to, or merge with or into, any other entity; *provided* that (i) either the Company shall be the continuing entity or the successor entity (if other than the Company) formed by or resulting from any such consolidation or merger or which shall have received the transfer of such assets shall expressly assume payment of the principal of (and premium, if any) and interest on all of the Debt Securities and the due and punctual performance and observance of all of the covenants and conditions contained in any Indenture; (ii) immediately after giving effect to such transaction and treating any indebtedness which becomes an obligation of the Company or any subsidiary as a result thereof as having been incurred by the Company or such subsidiary at the time of such transaction, no event of default under any Indenture, and no event which, after notice or the lapse of time, or both, would become such an event of default, shall have occurred and be continuing; and (iii) an officer's certificate and legal opinion covering such conditions shall be delivered to the Indenture Trustee.

Certain Covenants

Existence. Except as permitted under " Merger, Consolidation or Sale," the Company will be required to do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence, rights (charter and statutory) and franchises; *provided, however,* that the Company shall not be required to preserve any right or franchise if it determines that the preservation thereof is no longer desirable in the conduct of its business.

Provision of Financial Information. Whether or not the Company is subject to Section 13 or 15(d) of the Exchange Act, the Company will, to the extent permitted under the Exchange Act, file with the Commission the annual reports, quarterly reports and other documents which the Company would have been required to file with the Commission pursuant to such Section 13 or 15(d) (the "Financial Statements") if the Company were so subject, such documents to be filed with the Commission on or prior to the respective dates (the "Required Filing Dates") by which the Company would have been required so to file such documents if the Company were so subject. The Company will also in any event (i) within 15 days of each Required Filing Date (a) transmit by mail to all holders of Debt Securities, as their names and addresses appear in the Company's security register, without cost to such holders, copies of the annual reports and quarterly reports which the Company would have been required to file with the Commission pursuant to Section 13 or 15(d) of the Exchange Act if the Company were subject to such Sections, and (b) file with the applicable Indenture Trustee copies of the annual reports, quarterly reports and other documents which the Company would have been required to file with the Commission pursuant to Section 13 or 15(d) of the Exchange Act if the Company were subject to such Sections, and (ii) if filing such documents by the Company with the Commission is not permitted under the Exchange Act, promptly upon written request and payment of the reasonable cost of duplication and delivery, supply copies of such documents to any prospective holder of Debt Securities.

Additional Covenants. Any additional or different covenants of the Company with respect to any series of Debt Securities will be set forth in the applicable Prospectus Supplement.

Events of Default, Notice and Waiver

Each Indenture will provide that the following events are "Events of Default" with respect to any series of Debt Securities issued thereunder: (a) default for 30 days in the payment of any installment on any Debt Security of such series; (b) default in the payment of the principal of (or premium, if any, on) any Debt Security of such series at its maturity; (c) default in making any sinking fund payments as required for any Debt Security of such series; (d) default in the performance of any other covenant of the Company contained in the applicable Indenture (other than a covenant added to such Indenture solely for the benefit of a series of Debt Securities issued thereunder other than such series), such default having continued for 60 days after written notice as provided in such Indenture; (e) default in the payment of an aggregate principal amount exceeding a specified dollar amount of any evidence of indebtedness of the Company or any mortgage, indenture or other instrument under which such indebtedness is issued or by which such indebtedness is secured, such default having occurred after the expiration of any applicable grace period and having resulted in the acceleration of the maturity of such indebtedness, but only if such indebtedness is not discharged or such acceleration is not rescinded or annulled; (f) certain events of bankruptcy, insolvency or reorganization, or court appointment of a receiver, liquidator or trustee of the Company

5

or any Significant Subsidiary (as hereinafter defined) or any of their respective property; and (g) any other event of default provided with respect to a particular series of Debt Securities. The term "Significant Subsidiary" means each significant subsidiary (as defined in Regulation S-X promulgated under the Securities Act) of the Company.

If an Event of Default (other than an Event of Default described in clause (f) above) under any Indenture with respect to Debt Securities of any series at the time outstanding occurs and is continuing, then in every such case the applicable Indenture Trustee or the holders of not less than a majority in principal amount of the outstanding Debt Securities of that series may declare the principal amount (or, if the Debt Securities of that series are Original Issue Discount Securities or indexed securities, such portion of the principal amount as may be specified in the terms thereof) of all of the Debt Securities of that series to be due and payable immediately by written notice thereof to the Company (and to the applicable Indenture Trustee if given by the holders). If an Event of Default described in clause (f) above with respect to the Debt Securities of any series at the time outstanding shall occur, the principal amount of all the Debt Securities of that series (or, in the case of any such Original Issue Discount Security or other Debt Security, such specified amount) will automatically, and without any action by the Indenture Trustee or any holder of such series of Debt Securities, become immediately due and payable. However, at any time after such a declaration of acceleration with respect to Debt Securities of such series (or of all Debt Securities then outstanding under the applicable Indenture, as the case may be) has been made, but before a judgment or decree for payment of the money due has been obtained by the applicable Indenture Trustee, the holders of not less than a majority in principal amount of outstanding Debt Securities of such series (or of all Debt Securities then outstanding under the applicable Indenture, as the case may be) may rescind and annul such declaration and its consequences if (i) the Company shall have deposited with the applicable Indenture Trustee all required payments of the principal of (and premium, if any) and interest on the Debt Securities of such series (or of all Debt Securities then outstanding under the applicable Indenture, as the case may be), plus certain fees, expenses, disbursements and advances of the applicable Indenture Trustee, and (ii) all Events of Default, other than the non-payment of accelerated principal (or specified portion thereof), or premium, if any, or interest on the Debt Securities of such series (or of all Debt Securities then outstanding under the applicable Indenture, as the case may be) have been cured or waived as provided in the applicable Indenture. Each of the Indentures will also provide that the holders of not less than a majority in principal amount of the outstanding Debt Securities of any series (or of all Debt Securities then outstanding under the applicable Indenture, as the case may be) may waive any past default with respect to such series and its consequences, except a default (i) in the payment of the principal of (or premium, if any) or interest on any Debt Security of such series or (ii) in respect of a covenant or provision contained in the applicable Indenture that cannot be modified or amended without the consent of the holder of each outstanding Debt Security affected thereby.

The Indenture Trustee will be required to give notice to the holders of Debt Securities within 90 days of a default under the applicable Indenture unless such default has been cured or waived; *provided, however*, that such Indenture Trustee may withhold notice to the holders of any series of Debt Securities of any default with respect to such series (except a default in the payment of the principal of (or premium, if any) or interest on any Debt Security of such series or in the payment of any sinking fund installment in respect of any Debt Security of such series) if specified responsible officers of such Indenture Trustee consider such withholding to be in the interest of such holders.

Each Indenture will provide that no holders of Debt Securities of any series may institute any proceedings, judicial or otherwise, with respect to the Indenture or for any remedy thereunder, except in the case of failure of the Indenture Trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an event of default from the holders of not less than a majority in principal amount of the outstanding Debt Securities of such series, as well as an offer of reasonable indemnity. This provision will not prevent, however, any holder of Debt Securities from instituting suit for the enforcement of payment of the principal of (and premium, if any) and interest on such Debt Securities at the respective due dates thereof.

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

Subject to provisions in the applicable Indenture relating to its duties in case of default, no Indenture Trustee will be under any obligation to exercise any of its rights or powers under such Indenture at the request or direction of any holders of any series of Debt Securities then outstanding under such Indenture, unless such holders shall have offered to the Indenture Trustee reasonable security or indemnity. The holders of not less than a majority in principal amount of the outstanding Debt Securities of any series (or of all Debt Securities then outstanding under the applicable Indenture, as the case may be) shall have the right to direct the time, method and place of

6

conducting any proceeding for any remedy available to the applicable Indenture Trustee, or of exercising any trust or power conferred upon such Indenture Trustee. However, an Indenture Trustee may refuse to follow any direction which is in conflict with any law or the Indenture, which may involve such Indenture Trustee in personal liability or which may be unduly prejudicial to the holders of Debt Securities of such series not joining therein.

The Company will be required to deliver to each Indenture Trustee annually a certificate, signed by one of several specified officers of the Company, stating whether or not such officer has knowledge of any default under the applicable Indenture and, if so, specifying each such default and the nature and status thereof.

Modification of the Indenture

Modifications and amendments of an Indenture will be permitted to be made only with the consent of the holders of not less than a majority in principal amount of all outstanding Debt Securities or series of outstanding Debt Securities which are affected by such modification or amendment; *provided, however*, that no such modification or amendment may, without the consent of the holder of each such Debt Security affected thereby, (i) change the stated maturity of the principal of, or any installment of interest (or premium, if any) on any such Debt Security; (ii) reduce the principal amount of, or the rate or amount of interest on, or any premium payable on redemption of, any such Debt Security, or reduce the amount of principal of an Original Issue Discount Security that would be due and payable upon declaration of acceleration of the maturity thereof or would be provable in bankruptcy, or adversely affect any right of repayment of the holder of any such Debt Security; (iii) change the place of payment, or the coin or currency, for payment of principal of, premium, if any, or interest on any such Debt Security; (iv) impair the right to institute suit for the enforcement of any payment on or with respect to any such Debt Security; (v) reduce the above-stated percentage of outstanding Debt Securities of any series necessary to modify or amend the Indenture, to waive compliance with certain provisions thereof or certain defaults and consequences thereunder or to reduce the quorum or voting requirements set forth in such Indenture; or (vi) modify any of the foregoing provisions or any of the provisions relating to the waiver of certain past defaults or certain covenants, except to increase the required percentage to effect such action or to provide that certain other provisions may not be modified or waived without the consent of the holder of such Debt Security.

Each Indenture will provide that the holders of not less than a majority in principal amount of a series of outstanding Debt Securities have the right to waive compliance by the Company with certain covenants relating to such series of Debt Securities in such Indenture.

Modifications and amendments of an Indenture will be permitted to be made by the Company and the applicable Indenture Trustee thereunder without the consent of any holder of Debt Securities for any of the following purposes: (i) to evidence the succession of another person to the Company as obligor under such Indenture; (ii) to add to the covenants of the Company for the benefit of the holders of all or any series of Debt Securities or to surrender any right or power conferred upon the Company in such Indenture; (iii) to add events of default for the benefit of the holders of all or any series of Debt Securities; (iv) to add or change any provisions of the Indenture to facilitate the issuance of, or to liberalize certain terms of, Debt Securities in bearer form, or to permit or facilitate the issuance of Debt Securities in uncertificated form; *provided* that such action shall not adversely affect the interests of the holders of the Debt Securities in any material respect; (v) to change or eliminate any provisions of the Indenture; *provided* that any such change or elimination shall become effective only when there are no Debt Securities outstanding of any series created prior thereto which are entitled to the benefit of such provision; (vi) to secure the Debt Securities; (vii) to establish the form or terms of Debt Securities of any series, including the provisions and procedures, if applicable, for the conversion of such Debt Securities into Common Shares or Preferred Shares; (viii) to provide for the acceptance of appointment by a successor Indenture Trustee or facilitate the administration of the trusts under an Indenture by more than one Indenture Trustee; (ix) to cure any ambiguity, defect or inconsistency in an Indenture; *provided* that such action shall not adversely affect the interests of holders of Debt Securities of any series in any material respect; or (x) to supplement any of the provisions of an Indenture to the extent necessary to permit or facilitate defeasance and discharge of any series of such Debt Securities; *provided* that such action shall not adversely affect the interests of the holders of the Debt Securities of any series in any material respect.

Each Indenture will provide that in determining whether the holders of the requisite principal amount of outstanding Debt Securities of a series have given any request, demand, authorization, direction, notice, consent or

7

waiver thereunder or whether a quorum is present at a meeting of holders of Debt Securities, (i) the principal amount of an Original Issue Discount Security that shall be deemed to be outstanding shall be the amount of the principal thereof that would be due and payable as of the date of such determination upon declaration of acceleration of the maturity thereof, (ii) the principal amount of a Debt Security denominated in a foreign currency that shall be deemed outstanding shall be the U.S. dollar equivalent, determined on the issue date for such Debt Security, of the principal amount (or, in the case of an Original Issue Discount Security, the U.S. dollar equivalent on the issue date of such Debt Security of the amount determined as provided in (i) above), (iii) the principal amount of an indexed security that shall be deemed outstanding shall be the principal face amount of such indexed security at original issuance, unless otherwise provided with respect to such indexed security in the applicable Indenture, and (iv) Debt Securities owned by the Company or any other obligor upon the Debt Securities or any affiliate of the Company or of such other obligor shall be disregarded.

Each Indenture will contain provisions for convening meetings of the holders of Debt Securities of a series. A meeting may be called at any time by an Indenture Trustee, and also, upon request, by the Company or the holders of at least 25% in principal amount of the outstanding Debt Securities of such series, in any such case, upon notice given as provided in such Indenture. Except for any consent that must be given by the holder of each Debt Security affected by certain modifications and amendments of an Indenture, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum is present may be adopted by the affirmative vote of the holders of a majority in principal amount of the outstanding Debt Securities of that series; *provided, however*, that, except as referred to above, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that may be made, given or taken by the holders of a specified percentage, which is less than a majority, in principal amount of the outstanding Debt Securities of a series may be adopted at a meeting or adjourned meeting duly reconvened at which a quorum is present by the affirmative vote of the holders of such specified percentage in principal amount of the outstanding Debt Securities for that series. Any resolution passed or decision taken at any meeting of holders of Debt Securities of any series duly held in accordance with the applicable Indenture will be binding on all holders of Debt Securities of that series. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in principal amount of the outstanding Debt Securities of a series; *provided, however*, that if any action is to be taken at such meeting with respect to a consent or waiver which may be given by the holders of not less than a specified percentage in principal amount of the outstanding Debt Securities of a series, the persons holding or representing such specified percentage in principal amount of the outstanding Debt Securities of such series will constitute a quorum.

Notwithstanding the foregoing provisions, each Indenture will provide that if any action is to be taken at a meeting of holders of Debt Securities of any series with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that such Indenture expressly provides may be made, given or taken by the holders of such series and one or more additional series: (i) there shall be no minimum quorum requirement for such meeting and (ii) the principal amount of the outstanding Debt Securities of such series that vote in favor of such request, demand, authorization, direction, notice, consent, waiver or other action shall be taken into account in determining whether such request, demand, authorization, direction, notice, consent, waiver or other action has been made, given or taken under such Indenture.

Discharge, Defeasance and Covenant Defeasance

The Company may discharge certain obligations to holders of any series of Debt Securities that have not already been delivered to the applicable Indenture Trustee for cancellation and that either have become due and payable or will become due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing with such Indenture Trustee, in trust, funds in such currency or currencies, currency unit or units or composite currency or currencies in which such Debt Securities are payable in an amount sufficient to pay the entire indebtedness on such Debt Securities in respect of principal (and premium, if any) and interest to the date of such deposit (if such Debt Securities have become due and payable) or to the stated maturity or redemption date, as the case may be.

An Indenture may provide that, if certain provisions thereof are made applicable to the Debt Securities of or within a series pursuant to the Indenture, the Company may elect either (i) to defease and be discharged from any and all obligations with respect to such Debt Securities (except for the obligation to pay additional amounts, if any,

upon the occurrence of certain events of tax, assessment or governmental charge with respect to payments on such Debt Securities and the obligations to register the transfer or exchange of such Debt Securities, to replace temporary or mutilated, destroyed, lost or stolen Debt Securities, to maintain an office or agency in respect of such Debt Securities and to hold moneys for payment in trust) ("defeasance") or (ii) to be released from its obligations with respect to such Debt Securities under certain sections of such Indenture (including the restrictions described under " Certain Covenants") and, if provided pursuant to such Indenture, its obligations with respect to any other covenant, and any omission to comply with such obligations shall not constitute a default or an event of default with respect to such Debt Securities ("covenant defeasance"), in either case upon the irrevocable deposit by the Company with the applicable Indenture Trustee, in trust, of an amount, in such currency or

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

currencies, currency unit or units of composite currency or currencies in which such Debt Securities are payable at stated maturity, or Government Obligations (as defined below), or both, applicable to such Debt Securities which through the scheduled payment of principal and interest, in accordance with their terms will provide money in an amount sufficient to pay the principal of (and premium, if any) and interest on such Debt Securities, and any mandatory sinking fund or analogous payments thereon, on the scheduled dates therefor.

Such a trust may be established only if, among other things, the Company has delivered to the applicable Indenture Trustee an opinion of counsel (as specified in the applicable Indenture) to the effect that the holders of such Debt Securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred.

"Government Obligations" means securities which are (i) direct obligations of the United States of America or the government which issued the foreign currency in which the Debt Securities of a particular series are payable, for the payment of which its full faith and credit is pledged or (ii) obligations of a person controlled or supervised by and acting as an agency or instrumentality of the United States of America or such government which issued the foreign currency in which the Debt Securities of a particular series are payable, the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America or such other government, which, in either case, are not callable or redeemable at the option of the issuer thereof, and shall also include a depository receipt issued by a bank or trust company as custodian with respect to any such Government Obligation or a specific payment of interest on or principal of any such Government Obligation held by such custodian for the account of the holder of a depository receipt; *provided* that (except as required by law) such custodian is not authorized to make any deduction from the amount payable to the holder of such depository receipt from any amount received by the custodian in respect of the Government Obligations or the specific payment of interest on or principal of the Government Obligations evidenced by such depository receipt.

Unless otherwise provided in the applicable Prospectus Supplement, if after the Company has deposited funds and/or Government Obligations to effect defeasance or covenant defeasance with respect to Debt Securities of any series, (i) the holder of a Debt Security of such series is entitled to, and does, elect pursuant to the applicable Indenture or the terms of such Debt Security to receive payment in a currency, currency unit or composite currency other than that in which such deposit has been made in respect of such Debt Security, or (ii) a Conversion Event (as defined below) occurs in respect of the currency, currency unit or composite currency in which such deposit has been made, the indebtedness represented by such Debt Security shall be deemed to have been, and will be, fully discharged and satisfied through the payment of the principal of (and premium, if any) and interest on such Debt Security as they become due out of the proceeds yielded by converting the amount so deposited in respect of such Debt Security into the currency, currency unit or composite currency in which such Debt Security becomes payable as a result of such election or such cessation of usage based on the applicable market exchange rate. "Conversion Event" means the cessation of use of (i) a currency, currency unit or composite currency both by the government of the country which issued such currency and for the settlement of transactions by a central bank or other public institutions of or within the international banking community, (ii) the ECU both within the European Monetary System and for the settlement of transactions by public institutions of or within the European Communities or (iii) any currency unit or composite currency other than the ECU for the purposes for which it was established. Unless otherwise provided in the applicable Prospectus Supplement, all payments of principal of (and premium, if any) and interest on any Debt Security that is payable in a foreign currency that ceases to be used by its government of issuance shall be made in U.S. dollars.

9

In the event the Company effects covenant defeasance with respect to any Debt Securities and such Debt Securities are declared due and payable because of the occurrence of any event of default other than the event of default described in clause (d) under " Events of Default, Notice and Waiver" with respect to certain sections of the applicable Indenture (which sections would no longer be applicable to such Debt Securities) or described in clause (g) under " Events of Default, Notice and Waiver" with respect to any other covenant as to which there has been covenant defeasance, the amount in such currency, currency unit or composite currency in which such Debt Securities are payable, and Government Obligations on deposit with the Trustee, will be sufficient to pay amounts due on such Debt Securities at the time of their stated maturity but may not be sufficient to pay amounts due on such Debt Securities at the time of the acceleration resulting from such event of default. However, the Company would remain liable to make payment of such amounts due at the time of acceleration.

Notwithstanding the description set forth under " Subordination" below, in the event that the Company deposits money or Government Obligations in compliance with the applicable Indenture in order to defease all or certain of its obligations with respect to any Subordinated Securities, the moneys or Government Obligations so deposited will not be subject to the subordination provisions of such Indenture and the indebtedness evidenced by such Subordinated Securities will not be subordinated in right of payment to the holders of senior indebtedness to the extent of the moneys or Government Obligations so deposited.

The applicable Prospectus Supplement may further describe the provisions, if any, permitting such defeasance or covenant defeasance, including any modifications to the provisions described above, with respect to the Debt Securities of or within a particular series.

Conversion Rights

The terms and conditions, if any, upon which the Debt Securities are convertible into Common or Preferred Shares will be set forth in the Prospectus Supplement relating thereto. Such terms will include whether such Debt Securities are convertible into Common or Preferred Shares, the conversion price (or manner of calculation thereof), the conversion period, provisions as to whether conversion will be at the option of the holders of the Company, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption of such Debt Securities and any restrictions on conversion, including restrictions directed at maintaining the Company's REIT status.

Subordination

The terms and conditions, if any, upon which Subordinated Securities of a series are subordinated to Debt Securities of other series or to other indebtedness of the Company will be set forth in the applicable Prospectus Supplement. Such terms will include a description of the indebtedness ranking senior to such Subordinated Securities, the restrictions on payments to the holders of such Subordinated Securities while a default with respect to such senior indebtedness is continuing, the restrictions, if any, on payments to the holders of such Subordinated Securities following an Event of Default, and provisions requiring holders of such Subordinated Securities to remit certain payments to holders of senior indebtedness.

Global Securities

If so set forth in the applicable Prospectus Supplement, the Debt Securities of a series may be issued in whole or in part in the form of one or more Global Securities that will be deposited with, or on behalf of, a depository identified in the applicable Prospectus Supplement relating to such series. Global Securities may be issued in either registered or bearer form and in either temporary or permanent form. The specific terms of the depository arrangement with respect to any such series of Debt Securities will be described in the applicable Prospectus Supplement.

DESCRIPTION OF SHARES

The Declaration of Trust ("Declaration") authorizes the Company to issue an aggregate of 200,000,000 shares of beneficial interest ("Shares") in the Company, including (i) 150,000,000 Common Shares, par value \$.01 per share, and (ii) 50,000,000 Preferred Shares, par value \$.01 per share. The Declaration permits the Trustees to amend the Declaration to increase or decrease the authorized Shares of the Company without the requirement of shareholder approval.

The Declaration authorizes the Trustees, without shareholder approval, from time to time to divide the Preferred Shares into classes or series and to set (or change, if the class or series has been previously established) the par value, if any, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends, qualifications or terms and conditions of redemption of such Preferred Shares as are not prohibited by the Declaration or applicable law. In connection with the adoption of the Company's shareholders rights plan (see "Redemption; Business Combinations and Control Share Acquisitions Rights Plan," below), the Trustees established an authorized but unissued class of 1,500,000 Preferred Shares, par value \$.01 per share (the "Junior Participating Preferred Shares"), described more fully below under "Description of Preferred Shares Junior Participating Preferred Shares," and as of June 2, 1998 no other class or series of Preferred Shares had been established.

As of June 2, 1998 there were 131,532,678 Shares outstanding, all of which were Common Shares. The Company also had outstanding as of such date \$204.9 million aggregate principal amount convertible subordinated debentures of various series, all of which are convertible into Common Shares at an exercise price equal on such date to \$18 per share. See "Description of Convertible Subordinated Debentures."

The following descriptions do not purport to be complete and are subject to, and qualified in their entirety by reference to, the more complete descriptions thereof set forth in the Declaration. Capitalized terms not defined herein are as defined in the Declaration.

Except as otherwise determined by the Trustees with respect to any class or series of Preferred Shares, all Shares: (i) will participate equally in dividends payable to shareholders when, as and if declared by the Trustees and ratably in net assets available for distribution to shareholders on liquidation or dissolution; (ii) will have one vote per share on all matters submitted to a vote of the shareholders, (iii) will not have cumulative voting rights in the election of Trustees; and (iv) will have no preference, conversion, exchange, sinking fund, redemption rights or preemptive or similar rights.

Upon issuance in accordance with the Declaration, applicable law and the terms and conditions described in the related Prospectus Supplement, the Shares will be fully paid and nonassessable. The holders of Shares do not have preemptive rights with respect to the issuance of

additional Shares or other securities of the Company.

The authorized but unissued Shares will be available for issuance from time to time by the Company at the sole discretion of the Trustees for any proper trust purpose, which could include raising capital, providing compensation or benefits to employees and others, paying stock dividends or acquiring companies, businesses or properties. The issuance of such unissued Shares could have the effect of diluting the earnings per share and book value per share of currently outstanding Shares.

For certain other information with respect to the Shares, see "Limitation of Liabilities; Shareholder Liability" and "Redemption; Business Combinations and Control Share Acquisitions" below.

The Transfer Agent and Registrar for the Company's Shares is State Street Bank and Trust Company, c/o Boston EquiServe, P.O. Box 8200, Boston, Massachusetts 02266-8200 (telephone number (800) 426-5523).

DESCRIPTION OF PREFERRED SHARES

The Declaration authorizes the Trustees, without shareholder approval, from time to time to divide the Preferred Shares into classes or series and to set (or change, if the class or series has been previously established) the par value, if any, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends, qualifications or terms and conditions of redemption of such Preferred Shares that are not prohibited by the Declaration or applicable law.

The following description of the Preferred Shares sets forth certain general terms and provisions of the Preferred Shares to which any Prospectus Supplement may relate and a brief summary of certain terms of the

11

Company's Junior Participating Preferred Shares. The statements below describing the Preferred Shares are in all respects subject to and qualified in their entirety by reference to the applicable provisions of the Declaration (including any applicable articles supplementary) and By-Laws.

General

Subject to limitations prescribed by Maryland law and the Declaration, the Trustees are authorized to fix the number of shares constituting each series of Preferred Shares and the designations and powers, preferences and relative, participating, optional or other specific rights and qualifications, limitations or restrictions thereof, including such provisions as may be desired concerning voting, redemption, dividends, dissolution or the distribution of assets, conversion or exchange, and such other subjects or matters as may be fixed by resolutions of the Trustees.

Reference is made to the Prospectus Supplement relating to the Preferred Shares offered thereby for specific terms, including:

- (1) the title of such Preferred Shares;
- (2) the number of shares of such Preferred Shares offered, the par value, the liquidation preference per share and the offering price of such Preferred Shares;
- (3) the dividend rate(s), period(s) and/or payment date(s) or method(s) of calculation thereof applicable to such Preferred Shares;
- (4) the date from which dividends on such Preferred Shares shall accumulate, if applicable;
- (5) the procedures for any auction and remarketing, if any, for such Preferred Shares;
- (6) the provision for a sinking fund, if any, for such Preferred Shares;
- (7) the provision for redemption, if applicable, of such Preferred Shares;
- (8) any listing of such Preferred shares on any securities exchange;

- (9) the terms and conditions, if applicable, upon which such Preferred Shares will be convertible into Common Shares of the Company or another series of Offered Securities, including the conversion price (or manner of calculation thereof);
- (10) whether interests in such Preferred Shares will be represented by Depositary Shares as more fully described below under "Description of Depositary Shares";
- (11) any other specific terms, preferences, rights, limitations or restrictions of such Preferred Shares;
- (12) a discussion of federal income tax considerations applicable to such Preferred Shares;
- (13) the relative ranking and preferences of such Preferred Shares as to dividend rights and rights upon liquidation, dissolution or winding up of the affairs of the Company;
- (14) any limitations on issuance of any series of Preferred Shares ranking senior to or on a parity with such series of Preferred Shares as to dividend rights and rights upon liquidation, dissolution or winding up of the affairs of the Company; and
- (15) any limitations on direct or beneficial ownership and restrictions on transfer.

As described under "Description of Depositary Shares," the Company may, at its option, elect to offer Depositary Shares evidenced by depositary receipts ("Depositary Receipts"), each representing a fractional interest (to be specified in the Prospectus Supplement relating to the particular series of the Preferred Shares) in a share of the particular series of the Preferred Shares issued and deposited with a Depositary (as defined below).

Rank

Unless otherwise determined by the Trustees and specified in the applicable Prospectus Supplement, it is expected that the Preferred Shares will, with respect to dividend rights and rights upon liquidation, dissolution or winding up of the Company, rank (i) senior to all Common Shares, and to all equity securities ranking junior to such Preferred Shares; (ii) on a parity with all equity securities issued by the Company the terms of which specifically provide that such equity securities rank on a parity with the Preferred Shares; and (iii) junior to all

12

equity securities issued by the Company the terms of which specifically provide that such equity securities rank senior to the Preferred Shares.

Dividends

Holders of Preferred Shares of each series shall be entitled to receive, when, as and if declared by the Trustees, out of assets of the Company legally available for payment, cash dividends at such rates and on such dates as will be set forth in the applicable Prospectus Supplement. Each such dividend shall be payable to holders of record as they appear on the stock transfer books of the Company (or, if applicable, on the records of the Depositary referred to below under "Description of Depositary Shares") on such record dates as shall be fixed by the Trustees.

Dividends on any series of the Preferred Shares may be cumulative or noncumulative, as provided in the applicable Prospectus Supplement. Dividends, if cumulative, will be cumulative from and after the date set forth in the applicable Prospectus Supplement. If the Trustees fail to declare a dividend payable on a dividend payment date on any series of the Preferred Shares for which dividends are noncumulative, then the holders of such series of the Preferred Shares will have no right to receive a dividend in respect of the dividend period ending on such dividend payment date, and the Company will have no obligation to pay the dividend accrued for such period, whether or not dividends on such series are declared payable on any future dividend payment date.

If Preferred Shares of any series are outstanding, no full dividends shall be declared or paid or set apart for payment on the Preferred Shares of the Company of any other series ranking, as to dividends, on a parity with or junior to the Preferred Shares of such series for any period unless (i) if such series of Preferred Shares has a cumulative dividend, full cumulative dividends have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for such payment on the Preferred Shares of such series for all past dividend periods and the then current dividend period or (ii) if such series of Preferred Shares does not have a cumulative dividend, full dividends for the then current dividend period have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for such payment on the Preferred Shares of such series. When dividends are not paid in full (or a sum sufficient for such full payment is not so set apart) upon the Preferred Shares of any series and the shares of any other series of Preferred Shares ranking on a parity as to dividends with the Preferred Shares of such series, all dividends declared upon Preferred Shares of such series and any other series of

Preferred Shares shall in all cases bear to each other the same ratio that accrued dividends per share on the Preferred Shares of such series (which shall not include any accumulation in respect of unpaid dividends for prior dividend periods if such Preferred Shares do not have a cumulative dividend) and such other series of Preferred Shares bear to each other. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on Preferred Shares of such series which may be in arrears.

Except as provided in the immediately preceding paragraph, unless (i) if such series of Preferred Shares has a cumulative dividend, full cumulative dividends on the Preferred Shares of such series have been or contemporaneously are declared and paid or declared and a sum sufficient for the repayment thereof set apart for payment for all past dividend periods and the then current dividend period, and (ii) if such series of Preferred Shares does not have a cumulative dividend, full dividends on the Preferred Shares of such series have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for the then current dividend period, no dividends (other than in Common Shares or other capital stock ranking junior to the Preferred Shares of such series as to dividends and upon liquidation) shall be declared or paid or set aside for payment or other distribution shall be declared or made upon the Common Shares or any other capital stock of the Company ranking junior to or on a parity with the Preferred Shares of such series as to dividends or upon liquidation, nor shall any Common Shares or any other capital stock of the Company ranking junior to or on a parity with the Preferred Shares of such series as to dividends or upon liquidation be redeemed, purchased or otherwise acquired for any consideration (or any moneys be paid to or made available for a sinking fund for the redemption of any shares of any such stock) by the Company (except by conversion into or exchange for other capital stock of the Company ranking junior to the Preferred Shares of such series as to dividends and upon liquidation and except pursuant to certain pro rata offers to purchase or a concurrent redemption of all, or a pro rata portion of, the outstanding shares of the Preferred Shares of such series and any other series of Preferred Shares ranking on a parity with such series as to dividends and liquidation).

Any dividend payment made on shares of a series of Preferred Shares shall first be credited against the earliest accrued but unpaid dividend due with respect to shares of such series which remains payable.

Redemption

If so provided in the applicable Prospectus Supplement, the Preferred Shares will be subject to mandatory redemption or redemption at the option of the Company, as a whole or in part, in each case upon the terms, at the times and at the redemption prices set forth in such Prospectus Supplement.

The Prospectus Supplement relating to a series of Preferred Shares that is subject to mandatory redemption will specify the number of such Preferred Shares that shall be redeemed by the Company in each year commencing after a date to be specified, at a redemption price per share to be specified, together with an amount equal to all accrued and unpaid dividends thereon (which shall not, if such Preferred Shares do not have a cumulative dividend, include any accumulation in respect of unpaid dividends for prior dividend periods) to the date of redemption. The redemption price may be payable in cash or other property, as specified in the applicable Prospectus Supplement. If the redemption price for Preferred Shares of any series is payable only from the net proceeds of the issuance of capital stock of the Company, the terms of such Preferred Shares may provide that, if no such capital stock shall have been issued or to the extent the net proceeds from any issuance are insufficient to pay in full the aggregate redemption price then due, such Preferred Shares shall automatically and mandatorily be converted into shares of the applicable capital stock of the Company pursuant to conversion provisions specified in the applicable Prospectus Supplement.

Notwithstanding the foregoing, unless (i) if such series of Preferred Shares has a cumulative dividend, full cumulative dividends on all shares of any series of Preferred Shares shall have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for all past dividend periods and the then current dividend period, and (ii) if such series of Preferred Shares does not have a cumulative dividend, full dividends on the Preferred Shares of any series have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for the then current dividend period, no shares of any series of Preferred Shares shall be redeemed unless all outstanding Preferred Shares of such series are simultaneously redeemed; *provided, however,* that the foregoing shall not prevent the purchase or acquisition of Preferred Shares of such series pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding Preferred Shares of such series, and, unless (i) if such series of Preferred Shares has a cumulative dividend, full cumulative dividends on all outstanding shares of any series of Preferred Shares have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for all past dividend periods and the then current dividend period, and (ii) if such series of Preferred Shares does not have a cumulative dividend, full dividends on the Preferred Shares of any series have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for the then current dividend period, the Company shall not purchase or otherwise acquire directly or indirectly any Preferred Shares of such series (except by conversion into or exchange for capital stock of the Company ranking junior to the Preferred Shares of such series as to dividends and upon liquidation).

If fewer than all of the outstanding Preferred Shares of any series are to be redeemed, the number of Preferred Shares to be redeemed will be determined by the Company and such shares may be redeemed pro rata from the holders of record of such shares in proportion to the number of such shares held by such holders (with adjustments to avoid redemption of fractional shares) or by lot in manner determined by the Company.

Notice of redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of record of Preferred Shares of any series to be redeemed at the address shown on the stock transfer books of the Company. Each notice shall state: (i) the redemption date; (ii) the number of shares and series of the Preferred Shares to be redeemed; (iii) the redemption price; (iv) the place or places where certificates for such Preferred Shares are to be surrendered for payment of the redemption price; (v) that dividends on the shares to be redeemed will cease to accrue on such redemption date; and (vi) the date upon which the holder's conversion rights, if any, as to such shares shall terminate. If fewer than all the Preferred Shares of any series are to be redeemed, the notice mailed to each such holder thereof shall also specify the number of Preferred Shares to be redeemed from each such holder. If notice of redemption of any Preferred Shares has been given and if the funds necessary for such redemption have been set aside by the Company in trust for the benefit of the holders of any of the Preferred Shares so called for redemption, then from and after the redemption date dividends will cease to accrue on such Preferred Shares, and any and all rights of the holders of such shares will terminate, except the right to receive the redemption price.

Liquidation Preference

Upon any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Company, then, before any distribution or payment shall be made to the holders of any Common Shares or any other class or series of capital stock of the Company ranking junior to the Preferred Shares in the distribution of assets upon any liquidation, dissolution or winding up of the Company, the holders of each series of Preferred Shares shall be entitled to receive out of assets of the Company legally available for distribution to shareholders liquidating distributions in the amount of the liquidation preference per share (set forth in the applicable Prospectus Supplement), plus an amount equal to all dividends accrued and unpaid thereon (which shall not include any accumulation in respect of unpaid dividends for prior dividend periods if such Preferred Shares do not have a cumulative dividend). After payment of the full amount of the liquidating distributions to which they are entitled, the holders of Preferred Shares will have no right or claim to any of the remaining assets of the Company. In the event that upon any such voluntary or involuntary liquidation, dissolution or winding up, the available assets of the Company are insufficient to pay the amount of the liquidating distributions on all outstanding Preferred Shares and the corresponding amounts payable on all shares of other classes or series of capital stock of the Company ranking on a parity with the Preferred Shares in the distribution of assets, then the holders of the Preferred Shares and all other such classes or series of capital stock shall share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

If liquidating distributions shall have been made in full to all holders of Preferred Shares, the remaining assets of the Company shall be distributed among the holders of any other classes or series of capital stock ranking junior to the Preferred Shares upon liquidation, dissolution or winding up, according to their respective rights and preferences and in each case according to their respective number of shares. For such purposes, the consolidation or merger of the Company with or into any other trust or corporation, or the sale, lease or conveyance of all or substantially all of the property or business of the Company, shall not be deemed to constitute a liquidation, dissolution or winding up of the Company.

Voting Rights

Holders of the Preferred Shares will not have any voting rights, except as set forth below or as otherwise from time to time required by law or as indicated in the applicable Prospectus Supplement.

Unless otherwise specified in the related Prospectus Supplement, at any time dividends on any Preferred Shares shall be in arrears for six consecutive quarterly periods, the holders of such Preferred Shares (voting separately as a class with all other series of preferred shares upon which like voting rights have been conferred and are exercisable) will be entitled to vote for the election of two additional trustees of the Company at the next annual meeting of shareholders and at each subsequent meeting until (i) if such series of Preferred Shares has a cumulative dividend, all dividends accumulated on such Preferred Shares for the past dividend periods and the then current dividend period shall have been fully paid or declared and a sum sufficient for the payment thereof set aside for payment or (ii) if such series of Preferred Shares does not have a cumulative dividend, four consecutive quarterly dividends shall have been fully paid or declared and a sum sufficient for the payment thereof set aside for payment. In such case, the entire Trustees of the Company will be increased by two trustees.

Unless provided otherwise for any series of Preferred Shares, so long as any Preferred Shares remain outstanding, the Company shall not, without the affirmative vote or consent of the holders of a majority of the shares of each series of Preferred Shares outstanding at the time, given in person or by proxy, either in writing or at a meeting (such series voting separately as a class), (i) authorize or create, or increase the authorized or issued amount of, any class or series of capital stock ranking prior to such series of Preferred Shares with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up, or reclassify any authorized capital stock of the Company into any such

shares, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such shares; or (ii) amend, alter or repeal the provisions of the Declaration or the certificate of designations for such series of Preferred Shares, whether by merger, consolidation or otherwise, so as to materially and adversely affect any right, preference, privilege or voting power of such series of Preferred Shares or the holders thereof; *provided, however*, that any increase in the amount of the authorized Preferred Shares or the creation or issuance of any other series of Preferred Shares, or any increase in the amount of authorized shares of such series or any other series of Preferred Shares, in each case ranking on a parity with or junior to the Preferred Shares of such series with respect to payment of dividends or the

distribution of assets upon liquidation, dissolution or winding up, shall not be deemed to materially and adversely affect such rights, preferences, privileges or voting powers.

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required shall be effected, all outstanding shares of such series of Preferred Shares shall have been redeemed or called for redemption and sufficient funds shall have been deposited in trust to effect such redemption.

As more fully described under "Description of Depositary Shares" below, if the Company elects to issue Depositary Shares, each representing a fraction of a share of a series of the Preferred Shares, each such Depositary will, in effect be entitled to such fraction of a vote per Depositary Share.

Conversion Rights

The terms and conditions, if any, upon which shares of any series of Preferred Shares may be converted into or exchanged for Common Shares or another series of Preferred Shares or other series of Offered Securities will be set forth in the Prospectus Supplement relating thereto. Such terms will include the number of Common Shares or other securities into which the Preferred Share is convertible or exchangeable, conversion or exchange price (or manner of calculation thereof), the conversion or exchange period, provisions as to whether conversion or exchange will be at the option of the holders of the Preferred Shares or the Company, the events requiring an adjustment of the conversion or exchange price and provisions affecting conversion or exchange in the event of the redemption such Preferred Shares.

Junior Participating Preferred Shares

In connection with the adoption of the Company's shareholders rights plan, the Trustees established an authorized but unissued class of 1,500,000 Preferred Shares. See "Redemption; Business Combinations and Control Share Acquisitions" below. Certain powers, preferences and rights and certain qualifications, limitations and restrictions of the Junior Participating Preferred Shares, when and if issued, are as follows. The statements below with respect to the Junior Participating Preferred Shares are in all respects subject to and qualified in their entirety by reference to the applicable provisions of the Declaration (including the applicable articles supplementary) and By-Laws.

The holder of each Junior Participating Preferred Share is entitled to quarterly dividends in the greater amount of \$5.00 or 100 times the quarterly per share dividend, whether cash or otherwise, declared upon the Common Shares. Dividends on the Junior Participating Preferred Shares are cumulative. Whenever dividends on the Junior Participating Preferred Shares are in arrears, the Company, among other things, is prohibited from declaring or paying dividends, making other distributions on, or redeeming or repurchasing Common Shares or other Shares ranking junior to the Junior Participating Preferred Shares, and upon failure of the Company to pay such dividends for six quarters, the holders of the Junior Participating Preferred Shares will be entitled to elect two Trustees. The holder of each Junior Participating Preferred Share is entitled to 100 votes on all matters submitted to a vote of the shareholders, voting (unless otherwise provided in the Declaration or by law) together with holders of Common Shares as one class. Upon liquidation, dissolution or winding up of the Company, the holders of Junior Participating Preferred Shares are entitled to a liquidation preference of \$100 per share plus the amount of any accrued and unpaid dividends and distributions thereon (the "Liquidation Preference"), prior to payment of any distribution in respect of the Common Shares or any other Shares ranking junior to the Junior Participating Preferred Shares. Following payment of the Liquidation Preference, the holders of Junior Participating Preferred Shares are not entitled to further distributions until the holders of Common Shares shall have received an amount per share (the "Common Share Adjustment") equal to the Liquidation Preference divided by 100 (adjusted to reflect events such as stock splits, stock dividends and recapitalizations affected the Common Shares) (the "Adjustment Number"). Following the payment of the full amount of the Liquidation Preference and the Common Share Adjustment, holders of Junior Participating Preferred Shares are entitled to participate proportionately on a per share basis with holders of Common Shares in the distribution of the remaining assets to be distributed in respect of Shares in the ratio of the Adjustment Number to one, respectively. The powers, preferences and rights of the Junior Participating Preferred Shares are subject to the superior powers, preferences and rights of any senior series or class of Preferred Shares which the Trustees shall, from time to time, authorize and issue.

DESCRIPTION OF DEPOSITARY SHARES

General

The description set forth below and in any applicable Prospectus Supplement of certain provisions of any Deposit Agreement (as defined below) and of the Depositary Shares and depositary receipts representing Depositary Shares ("Depositary Receipts") does not purport to be complete and is subject to and qualified in its entirety by reference to the forms of Deposit Agreement and Depositary Receipts relating to each series of the Preferred Shares which have been or will be filed with the Commission at or prior to the time of the offering of such series of the Preferred Shares.

The Company may, at its option, elect to offer fractional interests in shares of Preferred Shares, rather than shares of Preferred Shares. In the event such option is exercised, the Company will provide for the issuance by a Depositary (as defined below) to the public of receipts for Depositary Shares, each of which will represent a fractional interest to be set forth in the Prospectus Supplement relating to a particular series of the Preferred Shares which will be filed with the Commission at or prior to the time of the offering of such series of the Preferred Shares as described below. Preferred Shares of each series represented by Depositary Shares will be deposited under a separate deposit agreement (each, a "Deposit Agreement") among the Company and the depositary named therein (a "Depositary"). The Prospectus Supplement relating to a series of Depositary Shares will set forth the name and address of the Depositary. Subject to the terms of the applicable Deposit Agreement, each owner of a Depositary Share will be entitled, in proportion to the fractional interest of a share of a particular series of Preferred Shares represented by such Depositary Share to all the rights and preferences of the Preferred Shares represented by such Depositary Shares (including dividend, voting, conversion, redemption and liquidation rights).

The Depositary Shares will be evidenced by Depositary Receipts issued pursuant to the applicable Deposit Agreement. Upon surrender of Depositary Receipts at the office of the Depositary and upon payment of the charges provided in the Deposit Agreement and subject to the terms thereof, a holder of Depositary Shares is entitled to have the Depositary deliver to such holder the whole shares of Preferred Shares underlying the Depositary Shares evidenced by the surrendered Depositary Receipts.

Dividends and Other Distributions

A Depositary will be required to distribute all cash dividends or other cash distributions received in respect of the applicable Preferred Shares to the record holders of Depositary Receipts evidencing the related Depositary Shares in proportion to the number of such Depositary Receipts owned by such holders, subject to certain obligations of holders to file proofs, certificates and other information and to pay certain charges and expenses to such Depositary. Fractions will be rounded down to the market whole cent.

In the event of a distribution other than in cash, a Depositary will be required to distribute property received by it to the record holders of Depositary Receipts entitled thereto, subject to certain obligations of holders to file proofs, certificates and other information and to pay certain charges and expenses to such Depositary, unless such Depositary determines that it is not feasible to make such distribution, in which case such Depositary may, with the approval of the Company, sell such property and distribute the net proceeds from such sale to such holders.

No distributions will be made in respect of any Depositary Share to the extent that it represents any Preferred Shares which have been converted or exchanged. The Deposit Agreement will also contain provisions relating to the manner in which any subscription or similar rights offered by the Company to holders of the Preferred Shares shall be made available to holders of Depositary Shares.

Redemption of Depositary Shares

If a series of the Preferred Shares underlying the Depositary Shares is subject to redemption, the Depositary Shares will be redeemed from the proceeds received by the Depositary resulting from the redemption, in whole or in part, of such series of the Preferred Shares held by the Depositary. The Depositary shall mail notice of redemption not less than 30 and not more than 60 days prior to the date fixed for redemption to the record holders of the Depositary Receipts evidencing the Depositary Shares to be so redeemed at their respective addresses appearing in the Depositary's books. The redemption price per Depositary Share will be equal to the applicable fraction of the redemption price per share payable with respect to such series of the Preferred Shares. Whenever

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

the Company redeems shares of Preferred Shares held by the Depositary, the Depositary will redeem as of the same redemption date the number of Depositary Shares relating to shares of Preferred Shares so redeemed. If less than all of the Depositary Shares are to be redeemed, the Depositary Shares to be redeemed will be selected by lot or pro rata as may be determined by the Depositary.

After the date fixed for redemption, the Depositary Shares so called for redemption will no longer be deemed to be outstanding and all rights of the holders of the Depositary Shares and the related Depositary Receipts will cease, except the right to receive the moneys payable upon such redemption and any money or other property to which the holders of such Depositary Shares were entitled upon such redemption upon surrender to the Depositary of the Depositary Receipts evidencing such Depositary Shares.

Voting of the Preferred Shares

Upon receipt of notice of any meeting at which the holders of the applicable Preferred Shares are entitled to vote, a Depositary will be required to mail the information contained in such notice of meeting to the record holders of the Depositary Receipts evidencing the Depositary Shares which represent such Preferred Shares. Each record holder of Depositary Receipts evidencing Depositary Shares on the record date (which will be the same date as the record date for the Preferred Shares) will be entitled to instruct such Depositary as to the exercise of the voting rights pertaining to the amount of Preferred Shares represented by such holder's Depositary Shares. Such Depositary will endeavor, insofar as practical, to vote the amount of Preferred Shares represented by such Depositary Shares in accordance with such instructions, and the Company will agree to take all reasonable action which may be deemed necessary by such Depositary in order to enable such Depositary to do so. Such Depositary will be required to abstain from voting the amount of Preferred Shares represented by such Depositary Shares to the extent it does not receive specific instructions from the holders of Depositary Receipts evidencing such Depositary Shares. The Depositary will not be responsible for any failure to carry out any instruction to vote, or for the manner or effect of any such vote made, as long as such action or non-action is in good faith and does not result from gross negligence or willful misconduct of such Depositary.

Liquidation Preference

In the event of the liquidation, dissolution or winding up of the Company, whether voluntary or involuntary, the holders of each Depositary Share will be entitled to the fraction of the liquidation preference accorded each Preferred Share represented by such Depositary Share, as set forth in the applicable Prospectus Supplement.

Conversion of Preferred Shares

The Depositary Shares, as such, will not be convertible into or exchangeable for Common Shares, Preferred Shares or any other securities or property of the Company. Nevertheless, if so specified in the applicable Prospectus Supplement relating to an offering of Depositary Shares, the Depositary Receipts may be surrendered by holders thereof to the applicable Depositary with written instructions to such Depositary to instruct the company to cause conversion or exchange of the Preferred Shares represented by the Depositary Shares evidenced by such Depositary Receipts into Common Shares, other shares of Preferred Shares of the Company or such other securities as shall be provided therein, and the Company will agree that upon receipt of such instruction and any amounts payable in respect thereof, it will cause the conversion or exchange thereof utilizing the same procedures as those provided for delivery of Preferred Shares to effect such conversion or exchange. If the Depositary Shares evidenced by a Depositary Receipt are to be converted in part only, a new Depositary Receipt or Depositary Receipts will be issued for any Depositary Shares not to be converted.

Amendment and Termination of a Deposit Agreement

Any form of Depositary Receipt evidencing Depositary Shares and any provision of a Deposit Agreement will be permitted at any time to be amended by agreement between the Company and the applicable Depositary. However, any amendment that materially and adversely alters the rights of the holders of Depositary Shares will not be effective unless such amendment has been approved by the existing holders of at least a majority of the applicable Depositary Shares then outstanding. Every holder of an outstanding Depositary Receipt at the time any

such amendment becomes effective shall be deemed, by continuing to hold such Depositary Receipt, to consent and agree to such amendment and to be bound by the applicable Deposit Agreement as amended thereby.

Any Deposit Agreement may be terminated by the Company upon not less than 30 days' prior written notice to the applicable Depositary if (i) such termination is necessary to preserve the Company's status as a REIT or (ii) a majority of each series of Preferred Shares affected by such termination consents to such termination, whereupon such Depositary will be required to deliver or make available to each holder of Depositary Receipts, upon surrender of the Depositary Receipts held by such holder, such number of whole or fractional Preferred Shares as are represented by the Depositary Shares evidenced by such Depositary Receipts together with any other property held by such Depositary with receipts to such

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

Depository Receipts. The Company will agree in each Depository Agreement that if such Deposit Agreement is terminated to preserve the Company's status as a REIT, then the Company will use its best efforts to list the Preferred Shares issued upon surrender of the related Depository Shares on a national securities exchange. In addition, a Deposit Agreement will automatically terminate if (i) all outstanding Depository Shares thereunder shall have been redeemed; (ii) there shall have been a final distribution in respect of the related Preferred Shares in connection with any liquidation, dissolution or winding up of the Company and such distribution shall have been distributed to the holders of Depository Receipts evidencing the Depository Shares underlying such Preferred Shares; or (iii) each of the related Preferred Shares shall have been converted or exchanged into securities not so represented by Depository Shares.

Charges of a Depository

The Company will pay all transfer and other taxes and governmental charges arising solely from the existence of a Deposit Agreement. In addition, the Company will pay the fees and expenses of a Depository in connection with the initial deposit of the Preferred Shares and any redemption of Preferred Shares. However, holders of Depository Receipts will pay any transfer or other governmental charges and the fees and expenses of a Depository for any duties requested by such holders to be performed which are outside of those expressly provided for in the applicable Deposit Agreement.

Resignation and Removal of Depository

A Depository may resign at any time by delivering to the Company notice of its election to do so, and the Company may at any time remove a Depository, any such resignation or removal to take effect upon the appointment of a successor Depository. A successor Depository will be required to be appointed within 60 days after delivery of the notice of resignation or removal and will be required to be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50 million.

Miscellaneous

A Depository will be required to forward to holders of Depository Receipts any reports and communications from the Company which are received by such Depository with respect to the related Preferred Shares.

Neither Depository nor the Company will be liable if it is prevented from or delayed in, by law or any circumstances beyond its control, performing its obligations under a Deposit Agreement. The obligations of the Company and a Depository under a Deposit Agreement will be limited to performing their duties thereunder in good faith and without gross negligence or willful misconduct, and neither the Company nor any applicable Depository will be obligated to prosecute or defend any legal proceeding in respect of any Depository Receipts, Depository Shares or Preferred Shares represented thereby unless satisfactory indemnity is furnished. The Company and any Depository will be permitted to rely on written advice of counsel or accountants, on information provided by persons presenting Preferred Shares represented thereby for deposit, holders of Depository Receipts or other persons believed in good faith to be competent to give such information, and on documents believed in good faith to be genuine and signed by a proper party.

In the event a Depository shall receive conflicting claims, requests or instructions from any holders of Depository Receipts, on the one hand, and the Company, on the other hand, such Depository shall be entitled to act on such claims, requests or instructions received from the Company.

DESCRIPTION OF WARRANTS

The Company may issue, together with any other series of Offered Securities or separately, Warrants entitling the holder to purchase from or sell to the Company, or to receive from the Company the cash value of the right to purchase or sell, Debt Securities, Preferred Shares, Depository Shares or Common Shares. The Warrants are to be issued under Warrant Agreements (each a "Warrant Agreement") to be entered into between the Company and a warrant agent (the "Warrant Agent"), all as set forth in the applicable Prospectus Supplement relating to the particular issue of Warrants.

In the case of each series of Warrants, the applicable Prospectus Supplement will describe the terms of the Warrants being offered thereby, including the following, if applicable: (i) the offering price; (ii) the currencies in which such Warrants are being offered; (iii) the number of Warrants offered; (iv) the securities underlying the Warrants; (v) the exercise price, the procedures for exercise of the Warrants and the circumstances, if any, that will cause the Warrants to be deemed to be automatically exercised; (vi) the date on which the right shall expire; (vii) U.S. federal income tax consequences; and (viii) other terms of the Warrants.

Edgar Filing: HRPT PROPERTIES TRUST - Form 424B5

Warrants may be exercised at the appropriate office of the Warrant Agent or any other office indicated in the applicable Prospectus Supplement. Prior to the exercise of Warrants entitling the holder to purchase any securities, holders of such Warrants will not have any of the rights of holders of the securities purchasable upon such exercise and will not be entitled to payments made to holders of such securities.

The Warrant Agreements may be amended or supplemented without the consent of the holders of the Warrants issued thereunder to effect changes that are not inconsistent with the provisions of the Warrants and that do not adversely affect the interests of the holders of the Warrants.

DESCRIPTION OF CONVERTIBLE SUBORDINATED DEBENTURES

In October 1996 the Company issued \$240 million aggregate principal amount of convertible subordinated debentures (the "Convertible Subordinated Debentures"), consisting of \$70 million aggregate principal amount of 7.5% Convertible Subordinated Debentures due 2003, Series A (the "Series A Debentures"), \$130 million aggregate principal amount of 7.5% Convertible Subordinated Debentures due 2003, Series B (the "Series B Debentures"), and \$40 million aggregate principal amount of 7.25% Convertible Subordinated Debentures due 2001 (the "7.25% Debentures"). The Series A Debentures and the 7.25% Debentures were sold in offerings registered under the Securities Act, and the Series B Debentures were sold in an offering outside of the United States pursuant to Regulation S promulgated under the Securities Act.

The Convertible Subordinated Debentures are convertible into Common Shares, initially at a conversion price of \$18 per Common Share, at any time prior to maturity or earlier redemption. Such conversion price is subject to adjustment in certain events, including the payment of dividends or distributions on the Company's Shares in Common Shares or certain other securities issued by the Company, the issuance to all holders of Common Shares of rights, options or warrants entitling them to subscribe for Common Shares (or securities convertible into Common Shares), subdivisions or combinations of the Common Shares into a greater or smaller number of shares, reclassification of Common Shares resulting in an issuance of any of the Company's Shares and certain mergers or combination or sales of substantially all assets of the Company.

As of June 2, 1998 \$35.1 million in principal amount of the Series A and Series B Debentures had been converted into an aggregate of 2.0 million Common Shares, and none of the 7.25% Debentures had been converted.

The indebtedness evidenced by the Convertible Subordinated Debentures is subordinated and junior in right of payment, to the extent set forth in the trust indenture applicable thereto, to the prior payment in full of amounts then due in respect of all indebtedness of the Company for borrowed money and certain other indebtedness, excluding (i) indebtedness of the Company to a subsidiary or an officer, director, trustee or employee of the Company or a subsidiary, (ii) indebtedness of the Company which, pursuant to the terms of the instrument creating or evidencing such indebtedness, is expressly made *pari passu* with or subordinate in right of payment to the Convertible Subordinated Debentures and (iii) any liability of the Company for taxes.

20

The preceding discussion of certain terms of the Convertible Subordinated Debentures is a summary of certain provisions of the Convertible Subordinated Debentures and the related trust indenture. Such discussion does not purport to be complete and is in all respects subject to and qualified in its entirety by reference to the complete terms thereof and of such trust indenture.

LIMITATION OF LIABILITY; SHAREHOLDER LIABILITY

Maryland law permits a REIT to provide, and the Declaration provides, that no trustee, officer, shareholder, employee or agent of the Company shall be held to any personal liability, jointly or severally, for any obligation of or claim against the Company, and that, as far as practicable, each written agreement of the Company is to contain a provision to that effect. Despite these facts, counsel has advised the Company that in some jurisdictions the possibility exists that shareholders of a non-corporate entity such as the Company may be held liable for acts or obligations of the Company. Counsel has advised the Company that the State of Texas may not give effect to the limitation of shareholder liability afforded by Maryland law, but that Texas law would likely recognize contractual limitations of liability such as those discussed above. The Company intends to conduct its business in a manner designed to minimize potential shareholder liability by, among other things, inserting appropriate provisions in written agreements of the Company; however, no assurance can be given that shareholders can avoid liability in all instances in all jurisdictions.

The Declaration provides that, upon payment by a shareholder of any such liability, the shareholder will be entitled to indemnification by the Company. There can be no assurance that, at the time any such liability arises, there will be assets of the Company sufficient to satisfy the Company's indemnification obligation. The Trustees intend to conduct the operations of the Company, with the advice of counsel, in such a way as to minimize or avoid, as far as practicable, the ultimate liability of the shareholders of the Company. The Trustees do not intend to provide insurance covering such risks to the shareholders.

REDEMPTION; BUSINESS COMBINATIONS AND CONTROL SHARE ACQUISITIONS

Redemption and Business Combinations

For the Company to qualify as a REIT under the Code, in any taxable year, not more than 50% in value of its outstanding Shares may be owned, directly or indirectly by five or fewer individuals during the last six months of such year, and the shares must be owned by 100 or more persons during at least 335 days of a taxable year or a proportionate part of a taxable year less than 12 months. In order to meet these and other requirements, the Trustees have the power to redeem or prohibit the transfer of a sufficient number of Shares to maintain or bring the ownership of the Shares into conformity with such requirements. In connection with the foregoing, if the Trustees shall, at any time and in good faith, be of the opinion that direct or indirect ownership of shares representing more than 8.5% in value of the total Shares outstanding (the "Excess Shares") has or may become concentrated in the hands of one beneficial owner, other than Excepted Persons, the Trustees shall have the power (i) to purchase from any shareholder of the Company such Excess Shares, and (ii) to refuse to transfer or issue Shares to any person whose acquisition of such Shares would, in the opinion of the Trustees, result in the direct or indirect beneficial ownership by any person of Shares representing more than 8.5% in value of the outstanding Shares. Any transfer of Shares, options, or other securities convertible into Shares that would create a beneficial owner (other than any of the Excepted Persons) of Shares representing more than 8.5% in value of the total Shares outstanding shall be deemed void *ab initio*, and the intended transferee shall be deemed never to have had an interest therein. Further the Declaration provides that transfers or purported acquisitions, directly, indirectly or by attribution, of Shares, or securities convertible into Shares, that could result in disqualification of the Company as a REIT are null and void and permits the Trustees to repurchase Shares or other securities to the extent necessary to maintain the Company's status as a REIT. The purchase price for any Shares so purchased shall be determined by the price of the Shares on the principal exchange on which they are then traded, or if no such price is available, then the purchase price shall be equal to the net asset value of such Shares as determined by the Trustees in accordance with applicable law. From and after the date fixed for purchase by the Trustees, and so long as payment of the purchase price for the Shares to be so redeemed shall have been made or duly provided for, the holder of any Excess Shares so called for purchase shall cease to be entitled to distributions, voting rights and any and all other benefits with respect to such Shares, except the right to payment of the purchase price for the Shares.

21

The Declaration also requires that Business Combinations between the Company and a beneficial holder of 10% or more of the outstanding Shares (a "Related Person") be approved by the affirmative vote of the holders of at least 75% of the Shares unless (1) the Trustees by unanimous vote or written consent shall have expressly approved in advance the acquisition of the outstanding Shares that caused the Related Person to become a Related Person or shall have approved the Business Combination prior to the Related Person involved in the Business Combination having become a Related Person; or (2) the Business Combination is solely between the Company and a 100% owned affiliate of the Company. As permitted by law, the Company has elected to be governed by such provisions rather than the provisions of Subtitle 6 of Title 3 of the Corporations and Associations Article of the Annotated Code of Maryland regarding business combinations.

Under the Declaration the number of trustees may be fixed from time to time by two-thirds of the Trustees or by an amendment of the Declaration by the shareholders of the Company, with a minimum of three and a maximum of 12 trustees, a majority of whom must be Independent Trustees. The Declaration fixes the current number of trustees of the Company at five and divides the Trustees into three groups. Trustees in each group are elected to three-year terms. As the Trustees' terms expire, replacements are elected by a majority of the outstanding Shares. The classified nature of the Trustees may make it more difficult for the shareholders to remove the management of the Company than if all trustees were elected on an annual basis. Vacancies may be filled by a majority of the remaining trustees, except that a vacancy among the Independent Trustees must be filled by a majority of the remaining Independent Trustees or by majority vote of the Company's shareholders. Any trustee may be removed for cause by all the remaining trustees, or without cause by vote of two-thirds of the Shares then outstanding and entitled to vote thereon.

The provisions regarding business combinations and the classified nature of the Trustees and certain other matters may not be repealed or amended without the affirmative vote of at least 75% of the shareholders of the Company, *provided* that the Trustees, by two-thirds vote, may, without the approval or consent of the shareholders, adopt any amendment that they in good faith determine to be necessary to permit the Company to qualify as a REIT under the Code.

The foregoing provisions may have the effect of discouraging unilateral tender offers or other takeover proposals which certain shareholders might deem in their interests or pursuant to which they might receive a substantial premium for their Shares. The provisions could also have the effect of insulating current management against the possibility of removal and could, by possibly reducing temporary fluctuations in market price caused by accumulations of Shares, deprive shareholders of opportunities to sell at a temporarily higher market price. However, the Trustees believe that inclusion of the business combination provisions in the Declaration may help assure fair treatment of shareholders and preserve the assets of the Company.

Control Share Acquisition

Maryland law provides for a limitation of voting rights in a "control share acquisition." The Maryland statute defines a control share acquisition at the 20%, 33¹/₃% and 50% acquisition levels, and requires a two-thirds vote (excluding shares owned by the acquiring person and certain members of management) to accord voting rights to shares acquired in a control share acquisition. The statute would require the target company to hold a special meeting at the request of an actual or proposed control share acquiror subject to compliance with certain conditions by such acquiror. In addition, unless the charter, declaration of trust or by-laws provide otherwise, the statute gives the company, within certain time limitations, various redemption rights if there is a shareholder vote on the issue and the grant of voting rights is not approved, or if an "acquiring person statement" is not delivered to the target company within 10 days following a control share acquisition. Moreover, unless the charter, declaration of trust or by-laws provide otherwise, the statute provides that if, before a control share acquisition occurs, voting rights for control shares are approved at a shareholders' meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, then all other shareholders may exercise appraisal rights. The statute does not apply to shares acquired in a merger, consolidation or share exchange if the company is a party to the transaction. An acquisition of shares may be exempted from the control share statute provided that a charter, declaration of trust or by-law provision is adopted for such purpose prior to the control share acquisition. There are no such provisions in the Declaration or By-Laws of the Company.

22

Rights Plan

In October 1994 the Trustees adopted a shareholder rights plan (the "Rights Plan"). The Rights Plans provides for the distribution of one Junior Participating Preferred Share purchase right (a "Right") for each Common Share. Each Right entitles the holder to buy 1/100th of a Junior Participating Preferred Share (or, in certain circumstances, to receive cash, property, Common Shares or other securities of the Company) at an exercise price of \$50 per 1/100th of a Junior Participating Preferred Share. Certain powers, preferences and rights and certain qualifications, limitations and restrictions of the Junior Participating Preferred Shares are summarized above under "Description of Preferred Shares Junior Participating Shares."

Initially, the Rights are attached to certificates representing Common Shares. The Rights will separate from such Common Shares and a "Distribution Date" will occur upon earlier of (i) 10 business days (or such later date as the Trustees may determine before a Distribution Date occurs) following a public announcement by the Company that a person or group affiliated or associated persons, with certain exceptions (an "Acquiring Person"), has acquired, or has obtained the right to acquire, beneficial ownership of 10% or more of the outstanding Common Shares (the date of such announcement being a "Share Acquisition Date") or (ii) 10 business days (or such later date as the Trustees may determine before a Distribution Date occurs) following the commencement of a tender offer or exchange offer that would result in a person becoming an Acquiring Person.

Until the Distribution Date, (i) the Rights will be evidenced by the certificates for Common Shares and will be transferred with and only with such Common Share certificates, (ii) Common Share certificates will contain a notation incorporating the rights agreement pursuant to which the Rights were issued (the "Rights Agreement") by reference and (iii) the surrender for transfer of any certificates for Common Shares outstanding will also constitute the transfer of the Rights associated with the Common Shares represented by such certificates.

The Rights are not exercisable until the Distribution Date and will expire at the close of business on October 17, 2004, unless earlier redeemed or exchanged by the Company as described below. Until a Right is exercised, the holder thereof, as such, has no rights as a shareholder of the Company, including, without limitation, the right to vote or to receive dividends.

In the event (a "Flip-In Event") a Person becomes an Acquiring Person (except pursuant to a tender or exchange offer for all outstanding Common Shares at a price and on terms which a majority of the Company's Outside Trustees (as defined in the Rights Agreement) determines to be fair to and otherwise in the best interests of the Company and its shareholders (a "fair offer")), each holder of a Right will thereafter have the right to receive, upon exercise of such Right, Common Shares (or, in certain circumstances, cash, property or other securities of the Company) having a Current Market Price (as defined in the Rights Agreement) equal to two times the exercise price of the Right. Notwithstanding the foregoing, following the occurrence of any Flip-In Event, all Rights that are, or (under certain circumstances specified in the Rights Agreement) were, beneficially owned by any Acquiring Person (or by certain related parties) will be null and void in the circumstances set forth in the Rights Agreement. However, Rights will not be exercisable following the occurrence of any Flip-In Event until such time as the Rights are no longer redeemable by the Company as set forth below.

In the event (a "Flip-Over Event") that, at any time on or after the Share Acquisition Date, (i) the Company shall take part in a merger or other business combination transaction (other than certain mergers that follow a fair offer) and the Company shall not be the surviving entity or (ii) the Company shall take part in a merger or other business combination transaction in which the Common Shares are changed or exchanged (other than certain mergers that follow a fair offer) or (iii) 50% or more of the Company's assets or earning power is sold or transferred, each holder of a Right (except Rights which previously have been voided, as set forth above) shall thereafter have the right to receive, upon exercise,

a number of shares of common stock of the acquiring company having a Current Market Price equal to two times the exercise price of the Right. Flip-In Events and Flip-Over Events are collectively referred to as "Triggering Events."

The Purchase Price payable and the number of Junior Participating Preferred Shares (or the amount of cash, property or other securities) issuable upon exercise of the Rights are subject to adjustment from time to time to prevent dilution (i) in the event of a share dividend on, or a subdivision, combination or reclassification of, the Junior Participating Preferred Shares, (ii) if holders of the Junior Participating Preferred Shares are granted certain rights or warrants to subscribe for Junior Participating Preferred Shares or convertible securities at less than the

23

Current Market Price of the Junior Participating Preferred Shares or (iii) upon the distribution to holders of the Junior Participating Preferred Shares of evidences of indebtedness or assets (excluding regular quarterly cash dividends) or of subscription rights or warrants (other than those referred to above). With certain exceptions, no adjustment in the Purchase Price will be required until cumulative adjustments amount to at least 1% of the Purchase Price. The Company is not required to issue fractional Shares upon the exercise of any Right, and in lieu thereof, a cash payment will be made.

At any time until 10 business days following the Share Acquisition Date, the Company may redeem the Rights in whole, but not in part, at a price of \$.01 per Right, payable, at the option of the Company, in cash, Common Shares or other consideration as the Trustees may determine. Immediately upon the effectiveness of the action of the Trustees ordering redemption of the Rights, the Rights will terminate and the only right of the holders of Rights will be to receive the \$.01 per Right redemption price.

The term of the Rights, other than key financial terms and the date on which the Rights expire, may be amended by the Trustees prior to the Distribution Date. Thereafter, the provisions of the Rights Agreement may be amended by the Trustees only in order to cure any ambiguity, defect or inconsistency, to make changes which do not adversely affect the interests of holders of Rights (excluding the interests of any Acquiring Person and certain other related parties) or to shorten or lengthen any time period under the Rights Agreement; provided, however, that no amendment to lengthen the time period governing redemption is permitted to be made at such time as the Rights are not redeemable.
