BREAKDOWN OF MANUFACTURING/ WHOLESALE AND RETAIL RESULTS

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

o MANUFACTURING/WHOLESALE DIVISION

The Group's manufacturing/wholesale sales for fiscal year 2002 declined year-over-year by 1.6 percent to EUR 1,128.7 million. Assuming constant exchange rates, manufacturing/wholesale sales for the fiscal year 2002 would have risen year-over-year by 2.2 percent.

Manufacturing/wholesale operating income for fiscal year 2002 was flat year-over-year at EUR 287.6 million. This was mostly due to the negative effect on the Group's results of the strengthening of the Euro against other currencies.

Leonardo Del Vecchio, Chairman of Luxottica Group, commented on the results of the manufacturing/wholesale division: "The performance of the division was indeed positive. In fact, in line with the trend of the first nine months of the year, sales to third parties for the fourth quarter rose year-over-year by 8.6 percent, and by 6.7 percent for the full year, both assuming constant exchange rates."

"This result, achieved in increasingly competitive markets, allowed us to further expand our market share worldwide, particularly in Europe, where growth for the year was in excess of 10 percent."

o RETAIL DIVISION

Group's retail results for the fourth quarter included results for both LensCrafters and Sunglass Hut International, as they are run as a single division of the Group. Results of the Sunglass Hut International operations were consolidated into the Group's results as of March 31, 2001.

Retail sales for the fourth quarter were nearly flat year-over-year at US\$464.1 million. Same stores sales for the quarter declined year-over-year by 1.5 percent.

For the year, retail sales rose year-over-year by 8.1 percent to US\$2,039.6, while same store sales for the same period declined year-over-year by 0.6 percent.

Retail operating income for fiscal year rose by 5.5 percent to US\$301.9 million, from US\$286.1 million for fiscal year 2001. Consequently, retail operating margin for fiscal year was 14.8 percent.

Mr. Del Vecchio continued: "On the retail front, sales for the fourth quarter were below our expectations. Results were negatively affected by the continued decline in traffic in malls experienced throughout 2002, as well as disappointing Christmas season sales, which were below the level of the previous year."

STATEMENT FROM THE CHAIRMAN

Mr. Del Vecchio concluded: "The year 2002 was particularly difficult for the global economy, as it continued to suffer from the impact of the terrorist attacks of the previous year, extreme volatility in the financial markets, a weak dollar, and fear of war in Iraq. This resulted in a slowdown in consumption and, consequently, in the growth rate of sales of our Group. Within this

Edgar Filing: LUXOTTICA GROUP SPA - Form 6-K

environment we were still able to improve profitability, thanks to management's continued focus on cost control."

"Although there are signs of slight improvement in the U.S., unfortunately it is impossible to predict the timing of economic recovery because of the many uncertainties in connection with the difficult international situation."

"In North America, we are currently in the process of consolidating logistics of our retail operations at our Atlanta distribution center, which was formerly used only for Sunglass Hut International. This will result in the closing of the LensCrafters distribution center in Cincinnati. Additionally, in 2003 we will continue to expand our distribution network, also through acquisitions, as this is a strategy that has allowed us to increasingly strengthen our leadership position."

"As a result of the current uncertain economic scenario and weakness in the U.S. dollar, 2003 will be a year of transition for us, during which we expect to focus on pursuing interesting acquisition opportunities mainly in retail. Consequently, we expect to return to growth in sales and earnings in 2004."

"We confirm our previously announced expectations to post earnings per share (EPS) for fiscal year 2003 of Euro 0.77, or EPADS of US\$0.77, assuming parity in the Euro/U.S. Dollars exchange rate. If the exchange rate should go to EUR 1.00 = US\$1.10, EPADS would be US\$0.76, or EUR 0.69."
