**PROXY STATEMENT FOR ANNUAL
MEETING OF STOCKHOLDERS
TO BE HELD JUNE 6, 2003**

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Key Energy Services, Inc. (the "Company") for use at the Company's Annual Meeting of Stockholders (the "Annual Meeting") to be held at the Hilton New York, 1335 Avenue of the Americas, Rendezvous Trianon Room, Third Floor, New York, New York, 10019 at 11:00 a.m. (Eastern Daylight Time) on Friday, June 6, 2003, and at any adjournment or postponement thereof. This Proxy Statement and the accompanying form of proxy are first being mailed to the Company's stockholders on or about April 30, 2003.

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

The Company will bear all costs of solicitation of proxies. In addition to solicitations by mail, the Company's directors, officers and regular employees, without additional compensation, may solicit proxies by telephone, telegraph, facsimile and personal interviews. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and the Company will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of such proxy materials. In addition, the Company has engaged D. F. King & Co. to assist in the solicitation for a fee of \$5,000, plus out-of-pocket costs and expenses.

RECORD DATE, VOTING AND SHARE OWNERSHIP

Only holders of record of common stock, par value \$.10 per share (the "Common Stock"), of the Company at the close of business on April 21, 2003 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting and at any adjournments thereof. Each share of Common Stock is entitled to one vote. On the Record Date there were outstanding and entitled to vote 128,551,471 shares of Common Stock.

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the votes entitled to be cast (64,275,736 shares) will constitute a quorum for the transaction of business at the Annual Meeting. A proxy, if received in time for voting and not revoked, will be voted at the Annual Meeting in accordance with the instructions contained therein. Where a choice is not so specified, the shares represented by the proxy will be voted "for" the election of the nominees for directors listed herein and in the discretion of the persons named in the proxy with respect to any other matter that may properly come before the Annual Meeting. A stockholder marking the proxy "Abstain" will not be counted as a vote in favor of or against the election of directors.

Stockholders of record may also cast their votes by calling a toll-free telephone number or using the Internet 24 hours a day, seven days a week. Stockholders who elect to cast their votes by the telephone or through the Internet must do so by 11:59 p.m. (Eastern Daylight Time) on June 5, 2003. Stockholders whose shares are held in street name may cast their votes by telephone or through the Internet if their broker or nominee makes these methods available. In either case you should refer to the instructions provided on the enclosed proxy card. Telephone and Internet voting procedures have been designed to verify a stockholder's identity through a personal identification or control number and to confirm that their voting instructions have been properly recorded. If stockholders vote using either of these electronic means, they will save the Company return mail expense.

Any stockholder who casts their vote using the telephone or the Internet may change their vote using the same method that was first used to cast their vote. Stockholders whose shares are held in street name should follow the instructions in the voting instruction form provided by their broker or nominee to change their vote and must obtain a valid proxy from their broker or nominee to vote in person at the Annual Meeting.

Votes cast at the Annual Meeting will be tabulated by a duly appointed inspector of election. The inspector will treat shares represented by a properly signed and returned proxy as present at the Annual Meeting for purposes of determining a quorum without regard to whether the proxy is marked as casting a vote or abstaining. Likewise, the inspector will treat shares represented by "broker non-votes" as present for purposes of determining a quorum, although such shares will not be voted on any matter for which the record holder of such shares lacks authority to act. Broker non-votes are proxies with respect to shares held in record name by brokers or nominees, as to which:

instructions have not been received from the beneficial owners,

the broker or nominee does not have discretionary voting power under applicable national securities exchange rules or the instrument under which it serves in such capacity, or

the record holder has indicated on the proxy card or has otherwise notified the Company that the record holder does not have authority to vote such shares on that matter.

If a quorum exists, a proposal can be adopted by an affirmative vote of:

in the case of election of directors, a plurality of the votes cast, and

in the case of any other matter as may properly come before the Annual Meeting, a majority of the votes cast.

REVOCABILITY OF PROXIES

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

Any stockholder giving a proxy has the power to revoke it at any time before it is exercised, by delivering to the Secretary of the Company at its office located at 400 South River Road, New Hope, Pennsylvania 18938, a written notice of revocation or another duly executed proxy bearing a later date. A stockholder also may revoke his or her proxy by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy.

ELECTION OF DIRECTORS

At the Annual Meeting, eight directors are to be elected, with each director to hold office until the next Annual Meeting of Stockholders and until his successor is elected and qualified unless such director resigns or is properly removed from office prior to such time. The Board of Directors has designated the persons named in the accompanying proxy to vote for the election of eight directors, each of whom was nominated by the Nominating Committee, and those persons intend to vote for the election of the nominees named below to the Board of Directors unless authority to do so is withheld by the stockholder submitting the proxy. Seven of the eight nominees have been previously elected by the Company's stockholders to serve as directors. Mr. Michael, who was elected to the Board of Directors on March 24, 2003 to fill a vacancy created when the Board increased the number of directors from seven to eight, is up for election to the Board of Directors for the first time. If any of the nominees become unavailable to serve, the shares represented by proxies will be voted for the election of a substitute nominee selected by the Board of Directors as recommended by the Nominating Committee, or the size of the Board may be reduced accordingly. However, the Board of Directors is not currently aware of any circumstances likely to cause any nominee to be unavailable to serve if elected. For information regarding ownership of Common

EMPLOYMENT AGREEMENTS WITH EXECUTIVE OFFICERS

Francis D. John. Effective as of July 1, 2001, the Company entered into an amended and restated employment agreement with Mr. John, which provides that Mr. John will serve as Chairman of the Board, President and Chief Executive Officer of the Company for a five-year term commencing July 1, 2001 and continuing until June 30, 2006, with an automatic one-year renewal on each June 30, commencing on June 30, 2006, unless terminated by the Company or by Mr. John with proper notice. The employment agreement contains a comprehensive non-compete provision that prohibits Mr. John from engaging in any activities that are competitive with the Company for a period of three years after the termination of his employment.

Mr. John currently receives an annual base compensation of \$695,000, subject to increase after annual reviews by the Board of Directors. In addition to an annual base salary, the employment agreement provides for the following components of compensation: (i) periodic cash bonuses made pursuant to the Company's Performance Compensation Plan based on performance criteria approved by the Compensation Committee and other discretionary cash bonuses made to reward extraordinary accomplishments and actions by the Company or Mr. John, (ii) stock option grants, some of which vest over several years and some of which vest subject to meeting certain performance criteria and (iii) a significant repayment obligation triggered if Mr. John leaves voluntarily or is terminated for cause (see discussion below).

In addition to salary and bonus, Mr. John is entitled to medical, dental, accident and life insurance, reimbursement of expenses and certain other benefits. To the extent Mr. John is taxed on any such reimbursement or benefit, the Company will pay Mr. John an amount which, on an after-tax basis, equals the amount of these taxes.

In the event that Mr. John's employment is terminated (1) by the Company voluntarily or by nonrenewal, (2) by Mr. John for "Good Reason," (3) by either the Company or Mr. John following a "Change in Control" (in each case as defined in the employment agreement), or (4) as a result of Mr. John's disability, Mr. John will be entitled to receive:

- (i) his accrued but unpaid salary and bonuses to the date of termination, and a pro rata bonus for the year in which termination occurs;
- (ii) a severance payment in an amount equal to three times his average total annual compensation (i.e., salary plus bonus) for the preceding three years (except that in the case of termination as a result of Mr. John's disability, such compensation will be reduced by the amount of any Company-paid disability insurance proceeds paid to Mr. John);
- (iii) immediate vesting and exercisability of all stock options held by him (to the extent not already vested and exercisable) for the remainder of the original terms of the options;
- (iv) any other amounts or benefits earned, accruing or owing to him, but not yet paid; and
- (v)

continued participation in medical, dental and life insurance coverage, as well as the receipt of other benefits to which he was entitled, until the first to occur of the third year anniversary of the date his employment was terminated or the date on which he receives equivalent coverage and benefits under the plans and programs of a subsequent employer (or, in the event of a "Change in Control," an amount in cash equal to the reasonable expenses that the Company would incur if it were to provide these benefits for three years).

In the event that Mr. John's employment is terminated by the Company for "Cause," as defined in his employment agreement, or by Mr. John voluntarily or by nonrenewal, he will be entitled to receive only the benefits described under clauses (i) and (iv) above and will forfeit any restricted stock or options not previously vested. In the event Mr. John's employment is terminated by reason of his death, he will be entitled to receive the benefits described under clauses (i), (iii), (iv) and (v) above, except that his family

will be entitled to receive the medical and dental insurance coverage provided in clause (v) above until the death of Mr. John's spouse. In addition, if any of the above benefits are subject to the tax imposed by Section 4999 of the Internal Revenue Code, the Company will reimburse Mr. John for such tax on an after-tax basis.

Pursuant to the employment agreement, the Company made a one-time retention incentive payment to Mr. John equal to the aggregate amount of all principal and interest on loans previously made by the Company to Mr. John that were to be forgiven over a ten- year period beginning July 1, 2001, as well as the amount, on an after-tax basis, required to pay the taxes incurred Mr. John in connection with such payment. The after-tax proceeds of the retention incentive payment were used to repay the outstanding principal and interest on the loans. *Mr. John did not receive any net proceeds from the payment.* The employment agreement provides that if, prior to June 30, 2011, Mr. John is terminated by the Company for Cause, or by Mr. John voluntarily or by nonrenewal, Mr. John will repay to the Company a percentage of the retention incentive payment beginning at 100% during the first year and declining at the rate of 10% each year to 0% on and after June 30, 2011. (For more information on the incentive retention payment, see "Other Information Compensation Committee Report" and "Other Information Certain Relationships and Related Transactions").

James J. Byerlotzer. Effective as of January 1, 2002, Mr. Byerlotzer entered into an employment agreement with the Company pursuant to which he serves as the Company's Executive Vice President and Chief Operating Officer. This agreement is for a two and one-half year term and thereafter for successive one-year terms unless terminated 90 days prior to the commencement of an extension term. Mr. Byerlotzer currently receives annual base compensation of \$340,000, which can be increased but not decreased. Mr. Byerlotzer is eligible for additional annual incentive bonuses. If during the term of his employment agreement Mr. Byerlotzer is terminated by the Company for any reason other than for cause, or if he terminates his employment because of a material breach by the Company or following a change of control of the Company, he will be entitled to severance compensation equal to three times his annual base compensation in effect at the time of termination payable in equal installments over a 36-month period following termination; provided, however, that if termination results from a change of control of the Company, his severance compensation will be increased by an amount equal to three times the average annual bonus received by Mr. Byerlotzer over the preceding three years and will be payable in a lump sum on the date of termination. Also, if Mr. Byerlotzer is subject to the tax imposed by Section 4999 of the Internal Revenue Code, the Company has agreed to reimburse him for such tax on an after-tax basis.

Royce W. Mitchell. Effective as of January 1, 2002, Mr. Mitchell entered into an employment agreement with the Company pursuant to which he serves as the Company's Executive Vice President and Chief Financial Officer. This agreement is for a three-year term and thereafter for successive one-year terms unless terminated 90 days prior to the commencement of an extension term. Mr. Mitchell currently receives an annual base compensation of \$337,000, which can be increased but not decreased. Mr. Mitchell is eligible for additional annual incentive bonuses. In addition, Mr. Mitchell received a one-time signing bonus of \$100,000. In the event that, prior to January 1, 2005, Mr. Mitchell is terminated by the Company for cause, or by Mr. Mitchell voluntarily, Mr. Mitchell will repay to the Company a percentage of the signing bonus beginning at 100% during the first year and declining at the rate of 1/3 each year to 0% on and after January 1, 2005. If, during the term of his employment agreement, Mr. Mitchell is terminated by the Company for any reason other than for cause, or if he terminates his employment because of a material breach by the Company or following a change of control of the Company, he will be entitled to severance compensation equal to three times his annual base compensation in effect at the time of termination payable in equal installments over a 36-month period following termination; provided, however, that if termination results from a change of control of the Company, severance compensation will be increased by an amount equal to three times the average annual bonus received by Mr. Mitchell over the preceding three years and will be payable in a lump sum on the date of termination. Also, if Mr. Mitchell is subject to

the tax imposed by Section 4999 of the Internal Revenue Code, the Company has agreed to reimburse him for such tax on an after-tax basis.

Jim D. Flynt. Effective as of April 1, 1999, Mr. Flynt entered into an employment agreement with the Company pursuant to which he then served as the President of the Company's California Division. Effective March 5, 2003, Mr. Flynt became an executive officer of the Company when he was promoted to Senior Vice President Production Services. This agreement is for a three-year term and thereafter for successive one-year terms unless terminated 30 days prior to the commencement of an extension term. Mr. Flynt currently receives an annual base compensation of \$234,600, which can be increased but not decreased. Mr. Flynt is eligible for additional annual incentive bonuses. If during the term of his employment agreement, Mr. Flynt is terminated by the Company for any reason other than for cause, he will be entitled to severance compensation equal to one times his annual base compensation in effect at the time of termination payable in equal installments over a 12-month period following termination; provided however, that in the event his employment should be terminated by the Company other than for cause within six months following a change of control of the Company, or in anticipation of a change of control of the Company, severance compensation will be payable in a lump sum on the date of termination.

Steven A. Richards. Effective as of February 5, 2001, Mr. Richards entered into an employment agreement with the Company pursuant to which he then served as the Company's Vice President of Drilling Operations. Effective March 5, 2003, Mr. Richards became an executive officer when he was promoted to Senior Vice President Drilling and International. This agreement is for a two-year term and thereafter for successive one-year terms unless terminated 30 days prior to the commencement of an extension term. Mr. Richards currently receives an annual base compensation of \$209,600, which can be increased but not decreased. Mr. Richards is eligible for additional annual incentive bonuses. If during the term of his employment agreement, Mr. Richards is terminated by the Company for any reason other than for cause, he will be entitled to severance compensation equal to two times his annual base compensation in effect at the time of termination payable in equal installments over a 24-month period following termination; provided, however, in the event his employment should be terminated by the Company other than for cause within six months following a change of control of the Company or a sale of substantially all the Company's drilling assets, or in anticipation of a change of control of the Company or a sale of substantially all the Company's drilling assets, severance compensation will be payable in a lump sum on the date of termination.

SEVERANCE AGREEMENT

Effective as of May 6, 2002, the Company entered into a severance arrangement with Mr. Grundman pursuant to which the Company will make severance payments to Mr. Grundman totaling \$840,000 in equal installments over a three-year period. In addition, the severance arrangement provides that Mr. Grundman will be entitled to receive certain group medical and dental, life, executive life, accident and disability benefits for a three-year period following his termination, as well as an automobile allowance and certain additional payments to cover any short-fall in any payments made pursuant to the Company's medical insurance coverage. Mr. Grundman's severance arrangement with the Company also provides that all unvested options to acquire shares of Common Stock that were granted to him became immediately vested and exercisable and that certain of those options will remain exercisable for a period of three years.

COMPENSATION COMMITTEE REPORT

During the fiscal year ended June 30, 2002 and the six-month transition period ended December 31, 2002, the Compensation Committee was composed of Messrs. Breazzano and Fertig. Effective March 25, 2003, Messrs. Michael and West were added to the Compensation Committee.

The Compensation Committee is responsible for establishing the Company's compensation philosophy and policies, setting the terms of and administering its option plans, and option grants outside

its option plans, reviewing and approving employment contracts and salary recommendations for executive officers and setting the compensation for the Chief Executive Officer.

The Company's overall compensation philosophy is to align the financial interests of management with those of the Company's stockholders, taking into account the Company's expectations for growth and profitability, the necessity to attract and retain the best possible executive talent and to reward its executives commensurate with their ability to enhance stockholder value. Accordingly, the compensation program provided for in the employment agreements with the Company's executive officers consists primarily of three components: (i) an annual base salary, (ii) cash bonuses made pursuant to six-month incentive compensation plans that are based on performance and (iii) stock option grants and other stock-based awards. In addition, Mr. John's compensation program includes a fourth component involving the imposition of a repayment obligation in the event that Mr. John is terminated for cause or leaves voluntarily (see the discussion below regarding Mr. John's 2001 incentive retention payment). The Key Energy Group, Inc. 1997 Incentive Plan and the Performance Compensation Plan, as well as other cash bonus plans and stock-based incentive plans and grants, are intended, in part, to not only align more closely the financial interests of executive officers and key employees with those of the Company's stockholders but to also provide such officers and employees with significant

financial incentives to help the Company achieve its financial objectives. Thus, if the Company's financial objectives are not met, such officers and employees experience a significant reduction in overall compensation. In addition, the Compensation Committee believes that providing executives with opportunities to acquire significant stakes in the Company's growth and prosperity through grants of stock options and other incentive awards will enable the Company to attract and retain executives with the outstanding managerial abilities essential to the Company's success, motivate these executives to perform to their full potential and enhance stockholder value.

In approving base and incentive compensation levels for executive officers, the Compensation Committee considers the actual results of operations with the Company's internal projections and target levels for revenues, earnings before interest, taxes, depreciation, depletion and amortization ("EBITDA"), net income and earnings per share. The employment agreements with the Company's executive officers allow for significant bonuses to be paid pursuant to the Company's six-month management incentive bonus programs. Bonus awards under such programs are based upon achieving certain earnings goals and the attainment of individual qualitative goals relating to the employee's position and responsibilities. The Board of Directors determines the Company's overall earnings goals and, with the review and approval of the Compensation Committee, the Chief Executive Officer sets the earnings and individual qualitative goals for the Company's operating subsidiaries.

The Performance Compensation Plan was approved by the Company's stockholders at the Annual Meeting of Stockholders held on December 8, 1998. Under the Performance Compensation Plan, a participating executive officer's bonus is determined for each fiscal six-month period based upon one or more of the following criteria, individually or in combination, adjusted in such manner as the Compensation Committee determines: (a) pre-tax or after-tax return on equity; (b) earnings per share; (c) pre-tax or after-tax net income; (d) book value per share; (e) market price per share; (f) relative performance to peer group companies; (g) expense management; (h) total return to stockholders; and (i) attainment of balance sheet criteria, including, but not limited to reduction(s) in long-term and short-term indebtedness and the ratio of debt to capitalization.

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits deductibility for federal income tax purposes of compensation in excess of \$1 million paid to individual executive officers per taxable year unless certain exceptions, including compensation based on performance goals, are satisfied. The Performance Compensation Plan was adopted so that, if certain procedures are followed, compensation paid under this Plan may comply with the performance-based exception to limits on deductibility of executive officer compensation contained in Section 162(m).

Since the Company's reorganization in December 1992, under Mr. John's leadership, total stockholder value has increased from a negative net worth of \$5.6 million at November 30, 1992 to a positive net worth of approximately \$696 million at December 31, 2002. In addition to leading the Company through its critical post-reorganization period, Mr. John has strengthened the Company's position through the successful integration of over 60 strategic acquisitions, culminating with the consolidation of the Company with Dawson Production Services, Inc. in September 1998, thereby establishing the Company as the largest, rig-based well service operator in the domestic onshore U.S. market. Mr. John further enhanced the market position of the Company by leading it through the successful acquisition of Q Services, Inc., which was completed in July 2002. In addition, following this consolidation activity, the Company has reduced its long-term funded debt from a high of approximately \$839 million to approximately \$485 million at December 31, 2002, resulting in a long-term funded debt-to-total capitalization ratio improvement from a high of approximately 87.5% to approximately 41.0% at December 31, 2002. As a result of its current market position and improved balance sheet, the Company has been able to attract high-quality executives and operational managers, upgrade its equipment fleet, and implement technology enhancements, all of which has allowed the Company to provide its customers with the highest quality and broadest range of services in the industry.

For the fiscal year ended June 30, 2002 and for the six-month transition period ended December 31, 2002, cash compensation for Mr. John as Chief Executive Officer consisted of a base salary of \$595,000 and a \$300,000 bonus made in October 2001. The Compensation Committee noted particularly that the Company achieved record financial results in terms of revenue, EBITDA and earnings per share during calendar 2001. The Compensation Committee's arrangements with Mr. John have been designed from the outset to align his compensation to the enhancement of shareholder value. To that end, in October 2001, the Compensation Committee granted to Mr. John options to purchase 400,000 shares of Common Stock at an exercise price of \$8.00 per share, representing the market value of an underlying share of the Company's Common Stock on the date of such grant. During calendar 2002, industry conditions deteriorated as customer activity dropped significantly from calendar 2001 activity levels. Despite the depressed market conditions, under Mr. John's leadership, the Company (i) not only maintained but increased its market position, (ii) successfully acquired and integrated Q Services, Inc., (iii) significantly improved its safety performance, and (iv) expanded its international operations. While the Compensation Committee noted these significant accomplishments, as a result of depressed market conditions and the correspondingly reduced operating results, the Compensation Committee decided to withhold bonuses and stock option grants to the Named Executive Officers during calendar 2002 (other than a stock option grant and a signing bonus made to Mr. Mitchell in January 2002 in connection with his hiring) until market conditions improve.

Mr. John's 2001 Incentive Retention Payment

As previously reported in the Compensation Committee's report for the fiscal year ended June 30, 2001, in recognition of the Company's performance under Mr. John's leadership and the Company's desire to provide Mr. John with strong incentives for remaining with the Company, the Compensation Committee approved a new employment agreement, effective as of July 1, 2001, with Mr. John. Pursuant to this employment agreement, Mr. John received a one-time retention incentive payment in an amount equal to the principal and interest he owed the Company on performance-based incentive loans previously made by the Company to Mr. John that were scheduled to be forgiven over a ten-year period beginning July 1, 2001 (as a result of the Company having met certain performance criteria). This incentive retention payment was automatically applied to payment in full of all amounts owed by Mr. John under such loans, and the remainder was used to pay taxes incurred by Mr. John by virtue of this payment. The employment agreement further provides that if, prior to June 30, 2011, Mr. John is terminated by the Company for Cause (as defined in such agreement), or by Mr. John voluntarily or by nonrenewal, Mr. John will repay to the Company a percentage of the payment beginning at 100% during the first year and declining at a rate of 10% each year to 0% on and after June 30, 2011.

19

The Compensation Committee found the following factors persuasive in determining that making the one-time incentive retention payment to Mr. John was in the best interests of the Company and its stockholders:

The repayment obligation should ensure that Mr. John remains with the Company for the near-term and long-term. Mr. John is in his fifteenth year of successful service as the Company's Chief Executive Officer, and the Compensation Committee believes that it is critical to the Company's near-term and long-term future success that Mr. John continue to serve the Company in that role. The Compensation Committee believes that the repayment obligation created as a result of the incentive retention payment will not only provide a significant financial incentive for Mr. John to remain with the Company but will also provide a significant financial deterrence for other potential employers to solicit Mr. John's services.

No additional compensation was actually received by Mr. John as a result of the payment. The payment was merely the conversion of a previously approved and previously earned performance-based incentive loan program. Mr. John did not receive any net proceeds from the payment.

The repayment feature of the incentive retention payment provides a much greater incentive to Mr. John not to leave the Company. Because the repayment obligation includes the tax gross-up portion as well as the principal and interest on the prior loans, Mr. John's repayment obligation increased by over 40%. Because the repayment schedule is subject to the same ten-year period as the prior loan forgiveness schedule, it will be earned over the same ten-year period, with over eight years still remaining.

In addition, in connection with its consideration of the new employment agreement, the Compensation Committee retained an expert in executive compensation to review, and advise the Compensation Committee concerning, the compensation policy of the Company, the various methods for structuring base salary, bonus and stock option compensation and the compensation structures of the chief executive officers of comparable companies. In his review, the consultant determined that the Company had been under-compensating Mr. John relative to the executive officers of comparable companies and the Company's extraordinary results under Mr. John's leadership. The consultant further determined that the compensation arrangements proposed in the new employment agreement (including the incentive retention payment) were reasonable and competitive. The Compensation Committee concurred with the consultant's findings and approved the new employment agreement.

The Compensation Committee believes that its current policies have been and will continue to be successful in aligning the financial interests of executive officers with those of the Company's stockholders and the Company's performance. Nevertheless, the Compensation Committee intends to continue to review whether and how to modify its policies to further link executive compensation with both individual and Company performance.

AUDIT COMMITTEE REPORT

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

During the fiscal year ended June 30, 2002 and the six-month transition period ended December 31, 2002, the Audit Committee of the Board of Directors was composed of Messrs. Collins, Marcum and Wolkowitz. Effective March 25, 2003, Mr. Michael replaced Mr. Wolkowitz as Chairman of the Audit Committee. The Board of Directors has determined that (i) all members of the Audit Committee are independent, (ii) each member of the Audit Committee is financially literate and (iii) one or more members of the Audit Committee possess accounting or related financial management expertise, each in accordance with the existing requirements of the New York Stock Exchange. The activities of the Audit Committee are governed by the Company's Audit Committee Charter that was adopted by the Board of Directors on June 12, 2000, as subsequently amended.

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing financial reports and other financial information provided by the Company to governmental bodies or the public, the Company's systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board of Directors have established, and the Company's auditing, accounting and financial processes generally. The Audit Committee annually recommends to the Board of Directors the appointment of a firm of independent auditors to audit the financial statements of the Company and meets with such independent auditors, the Chief Executive Officer and the principal financial, accounting and legal personnel of the Company to review the scope and the results of the annual audit, the amount of audit fees, the Company's internal accounting controls, the Company's financial statements contained in the Company's Annual Report to Stockholders and other related matters.

The Audit Committee has reviewed and discussed with management the financial statements for the fiscal year ended June 30, 2002 and the six-month transition period ended December 31, 2002, each of which was audited by KPMG LLP ("KPMG"), the Company's independent auditors. The Audit Committee has discussed with KPMG various matters related to the financial statements, including those matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU 380). The Audit Committee has also received the written disclosures and the letter from KPMG required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), and has discussed with KPMG its independence. Based upon such review and discussion, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2002 and the Company's Transition Report on Form 10-K for the six-month transition period ended December 31, 2002 for filing with the Securities and Exchange Commission.

With respect to the above matters, the Audit Committee submits this report.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In connection with the negotiation of the terms of a five-year employment agreement with Francis D. John, Chairman of the Board, President and Chief Executive Officer of the Company, and as an inducement to Mr. John to enter into such employment agreement, the Company entered into a separate loan agreement with Mr. John dated as of August 2, 1999, which as amended through June 30, 2001, provided that \$6.5 million in loans previously made by the Company to Mr. John, together with the accrued interest payable thereon (accruing at a rate equal to 125 basis points above LIBOR, adjusted monthly) would be forgiven ratably during the ten-year period commencing on July 1, 2001 and ending on June 30, 2011. The loan agreement provided that the foregoing forgiveness of indebtedness was conditioned upon Mr. John remaining employed by the Company during such period. In addition, in the event that Mr. John had been terminated by the Company for "Cause" (as defined in the agreement), or in the event that Mr. John had voluntarily terminated his employment with the Company, the loan agreement further provided that the entire remaining principal balance of these loans, together with accrued interest payable thereon, would become immediately due and payable by Mr. John. However, in the event that Mr. John's employment had been terminated for "Good Reason," or as a result of Mr. John's death or "Disability," or as a result of a "Change in Control" (all as defined in that agreement), the loan agreement stipulated that the remaining principal balance outstanding on the loans, together with accrued interest thereon will be forgiven. This loan agreement further provided that with respect to any forgiveness of the payment of principal and interest on the loans, Mr. John would be entitled to receive a "gross-up" payment in an amount sufficient for him to pay any federal, state, or local income taxes that may be due and payable by him with respect to the forgiveness of such indebtedness (principal and interest). The loan agreement has been effectively superseded by Mr. John's new employment agreement that provided for a one-time retention incentive payment that was made and used to repay all amounts owed under the loan agreement (See "Other Information Employment Agreements with Executive Officers").

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

In connection with the negotiation of an employment agreement with Thomas K. Grundman, the Company's former Executive Vice President of International Operations, Chief Financial Officer and Chief Accounting Officer, the Company made a \$150,000 relocation loan to assist Mr. Grundman's relocation to the Company's executive offices. Interest on this relocation loan accrued at a rate of 6.125% per annum. The relocation loan together with accrued interest was forgiven in three installments of \$50,000 (plus accrued interest) on July 1, 2000, \$50,000 (plus accrued interest) on July 1, 2001, and \$50,000 (plus accrued interest) on May 6, 2002. Mr. Grundman also received "gross-up" payments in an amount sufficient for him to pay any federal, state, or local income taxes that became due and payable by him with respect to the forgiveness of such indebtedness (principal and interest).

In addition, in December 2001, the Company temporarily advanced Mr. John and Mr. Grundman \$201,686 and \$24,770, respectively, to satisfy certain Medicare tax obligations incurred by them. Mr. John has repaid his advance in full, and Mr. Grundman is obligated to repay his advance under the terms of his severance arrangement.

During the period since the beginning of the Company's last fiscal year, Jim D. Flynt, the Company's recently elected Senior Vice President Production Services, was indebted to the Company in the principal amount of \$140,000 pursuant to a temporary relocation bridge loan that has since been repaid in full. Prior to its repayment, the loan accrued interest at a rate of 6% per annum.

AUDITORS

KPMG LLP ("KPMG"), certified public accounting firm, has served as the Company's independent auditor for several years. Although management anticipates that this relationship will continue during fiscal 2003, no formal action is proposed to be taken at the Annual Meeting with respect to the continued employment of KPMG inasmuch as no such action is legally required. A representative of KPMG plans to attend the Annual Meeting and will be available to answer appropriate questions. The representative also

24

will have an opportunity to make a statement at the Annual Meeting if he so desires, although it is not expected that any statement will be made.

Audit Fees

The aggregate fees billed by KPMG for professional services rendered for the audit of our annual financial statements for the fiscal year ended June 30, 2002 and for the review of financial statements included in our quarterly reports on Form 10-Q for the fiscal year ended June 30, 2002 were \$650,200. In connection with the change of the Company's fiscal year, the Company also incurred \$681,000 in fees from KPMG for professional services rendered for the audit of six-month transition period ended December 31, 2002 and the review of our financial statements included in our quarterly report on Form 10-Q for the six-month transition period ended on December 31, 2002.

Financial Information Systems Design and Implementation Fees

During the fiscal year ended June 30, 2002 and the six-month transition period ended December 31, 2002, the Company did not engage its independent public accountants to perform financial information systems design and implementation.

All Other Fees of Independent Public Accountants

During the fiscal year ended June 30, 2002 and the six-month transition period ended December 31, 2002, all other fees of the Company's independent public accountants amounted to \$718,700 and \$493,000, respectively, which primarily consisted of due diligence and tax services.

The Audit Committee determined that the provision of such non-audit services was consistent with maintaining the auditor's independence.

COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and persons who beneficially own more than 10% of a registered class of the Company's equity securities, to file initial reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the Securities and Exchange Commission (the "Commission"). Such officers, directors and 10% stockholders also are required by Commission rules to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of the copies of such forms furnished to the Company, the Company believes that its directors, executive officers and 10% stockholders complied with all Section 16(a) filing requirements during the fiscal year ended June 30, 2002 and the six-month transition period ended December 31, 2002.
