This prospectus supplement relates to our offer to exchange \$1,000 principal amount of our 11.75% Senior Notes Due 2009, referred to as the New Notes, or \$1,000 principal amount of our 6.50% Senior Convertible Notes Due 2009, referred to as the New Convertible Notes, for an equal amount of our 5.25% Senior Convertible Notes Due 2004, referred to as the Old Notes, upon the terms and conditions specified in the prospectus dated April 21, 2003 previously filed with the Securities and Exchange Commission, which we refer to as the original prospectus. We amended our offer to provide for the payment of a fee to soliciting dealers as described in our prospectus supplement dated May 22, 2003, and further amended the terms of the offer to reduce the conversion price of the New Convertible Notes and provide that we would meet certain financial performance and debt reduction conditions as described more fully in the prospectus supplement dated June 30, 2003. We refer to the prospectus supplements dated May 22, 2003 and June 30, 2003 as the prior prospectus supplements. We are now amending the terms of the offer to decrease from 90% to 85% of the minimum principal amount of Old Notes that must be tendered for exchange as a condition to our completing the exchange offer. The offer will remain open until midnight on Friday August 1, 2003.

**At the close of business on July 14, 2003, holders had tendered \$ 163.7 million aggregate principal amount of Old Notes in the Exchange Offer, which represents approximately 71% of the outstanding Old Notes. If sufficient Old Notes are not tendered by the expiration date, the Company intends to terminate the exchange offer and not accept any Old Notes. See Risk Factors "If the Exchange Offer is unsuccessful we may be unable to repay the Old Notes at maturity" and "Failure to complete the exchange offer would have a material adverse effect on our business" in the original prospectus.**

## Edgar Filing: SILICON GRAPHICS INC - Form 424A

*Except for the change in minimum condition described herein and the change in the expiration date, all other terms of the exchange offer remain the same.*

This prospectus supplement amends, modifies and supercedes certain information included in the original prospectus and prior prospectus supplements to reflect the change in minimum condition and the change to the expiration date. This prospectus supplement should be read in conjunction with the original prospectus and prior prospectus supplements.

**Noteholders who have already tendered their Old Notes pursuant to the exchange offer and who have not withdrawn such Old Notes do not need to take any further action to receive the New Notes or the New Convertible Notes, which will benefit from the changes in terms described herein. Noteholders who wish to tender but have not yet done so should follow the instructions included in the letter of transmittal previously provided.**

### THE EXCHANGE OFFER

#### Amended Terms of the Exchange Offer

The discussion set forth in the original prospectus and prior prospectus supplements regarding the terms of the exchange offer is hereby modified, amended and supplemented as follows:

##### *Conditions to the Exchange Offer*

The exchange offer is subject to various conditions, including that at least 85% of the outstanding principal amount of Old Notes be validly tendered and not withdrawn by the expiration date and that the registration statement and any post-effective amendment to the registration statement covering the 2009 Notes be effective under the Securities Act of 1933, as amended.

##### *Expiration of the Exchange Offer*

The term "expiration date" means midnight, New York City time, on August 1, 2003

### IMPACT ON UNAUDITED PRO FORMA INFORMATION

The decrease in the minimum amount of Old Notes that must be tendered as a condition to the exchange offer from 90% to 85% of the outstanding principal amount has the following effects on the information presented under the captions "Pro Forma Ratio of Earnings to Fixed Charges" and "Interest Expense" presented in the original prospectus:

### UNAUDITED PRO FORMA INFORMATION

The unaudited information below is presented pro forma to reflect the effects of the exchange offer under two alternative scenarios, assuming in each case that 85% of holders of the Old Notes participate in the exchange offer. Under alternative (1) below, we have assumed that the holders of Old Notes exchange for \$196 million in principal amount of New Notes, and under alternative (2) that holders exchange for \$118 million in principal amount of New Notes and \$78 million in principal amount of New Convertible Notes.

#### Pro Forma Ratio of Earnings to Fixed Charges

For the fiscal year ended June 28, 2002 and for the nine months ended March 28, 2003, earnings would have been insufficient to cover fixed charges by:

Under alternative (1) \$95.0 million and \$116.9 million, respectively, and

## Edgar Filing: SILICON GRAPHICS INC - Form 424A

Under alternative (2) \$90.9 million and \$113.8 million, respectively.

### **Pro Forma Interest Expense**

For the fiscal year ended June 28, 2002 and for the nine months ended March 28, 2003, the Company's interest expense would have been:

Under alternative (1) \$24.8 million and \$18.6 million, respectively, and

Under alternative (2) \$20.7 million and \$15.5 million, respectively.

Actual interest expense for the corresponding periods was \$12.1 million and \$6.1 million, respectively.

### **PROCEDURE FOR TENDERING NOTES**

Noteholders who have already tendered their Old Notes pursuant to the exchange offer and who have not withdrawn such Old Notes do not need to take any further action to receive the New Notes or New Convertible Notes.

Noteholders who wish to tender but have not yet done so should follow the instructions included in the letter of transmittal previously provided. As a result of the extension of the offer, tendering noteholders are entitled to withdraw tendered Old Notes until midnight, New York City time, on August 1, 2003.
