PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Incyte Corporation, a Delaware corporation ("we," "us," "our," "Incyte" or the "Company"), of proxies in the accompanying form to be used at the Annual Meeting of Stockholders of the Company to be held at the Hotel du Pont, 11th and Market Streets, Wilmington, Delaware 19801, on Thursday May 22, 2008, at 10:00 a.m., Eastern Daylight Time, and any postponement or adjournment thereof.

This Proxy Statement and the accompanying form of proxy are being mailed to stockholders on or about April 14, 2008.

**QUESTIONS AND ANSWERS ABOUT
THE PROXY MATERIALS AND THE ANNUAL MEETING**

What proposals will be voted on at the Annual Meeting?

Four proposals will be voted on at the Annual Meeting:

The election of directors;

The amendment of the Company's 1991 Stock Plan to increase the number of shares available for issuance;

The amendment of the Company's 1997 Employee Stock Purchase Plan to increase the number of shares available for issuance; and

The ratification of the appointment of the independent registered public accounting firm for 2008.

What are the Board's recommendations?

Our Board recommends that you vote:

"FOR" election of each of the nominated directors;

"FOR" the amendment of the Company's 1991 Stock Plan to increase the number of shares available for issuance;

"FOR" the amendment of the Company's 1997 Employee Stock Purchase Plan to increase the number of shares available for issuance; and

"FOR" ratification of the appointment of the independent registered public accounting firm for 2008.

Will there be any other items of business on the agenda?

We do not expect any other items of business because the deadline for stockholder proposals and nominations has already passed. Nonetheless, in case there is an unforeseen need, the accompanying proxy gives discretionary authority to the persons named on the proxy with

respect to any other matters that

might be brought before the meeting. Those persons intend to vote that proxy in accordance with their best judgment.

Who is entitled to vote?

Stockholders of record at the close of business on March 28, 2008, the Record Date, may vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of our Common Stock held as of the Record Date.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, BNY Mellon Shareowner Services, you are considered, with respect to those shares, the "stockholder of record." The Proxy Statement, Annual Report and proxy card have been sent directly to you by Incyte.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the "beneficial owner" of shares held in street name. The Proxy Statement and Annual Report have been forwarded to you by your broker, bank or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares by using the voting instruction form included in the mailing.

How do I vote?

You may vote using any of the following methods:

By Mail Sign and date each proxy card you receive and return it in the prepaid envelope. Sign your name exactly as it appears on the proxy. If you return your signed proxy but do not indicate your voting preferences, your shares will be voted on your behalf "FOR" the election of the nominated directors, "FOR" the amendment of the Company's 1991 Stock Plan, "FOR" the amendment of the Company's 1997 Employee Stock Purchase Plan and "FOR" the ratification of the independent registered public accounting firm for 2008.

By Telephone or the Internet If you are a beneficial owner, you will receive instructions from the holder of record that you must follow in order for your shares to be voted. Telephone and Internet voting will be offered to stockholders owning shares through most banks and brokers. Follow the instructions located on your voting instruction form. Please be aware that if you vote over the telephone or the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible. The Internet and telephone voting facilities will close at 11:59 p.m., Eastern Daylight Time, the day before the meeting date. Internet and telephone voting is not available for stockholders of record.

If you vote by telephone or via the Internet you do not need to return your voting instruction form.

In Person at the Annual Meeting Shares held in your name as the stockholder of record may be voted at the Annual Meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, bank or nominee that holds your shares giving you the right to vote the shares. *Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions or vote by telephone or the Internet so that your vote will be counted if you later decide not to attend the meeting.*

Can I change my vote or revoke my proxy?

You may change your vote or revoke your proxy at any time prior to the vote at the Annual Meeting. If you submitted your proxy by mail, you must file with the Secretary of the Company a written notice of

revocation or deliver, prior to the vote at the Annual Meeting, a valid, later-dated proxy. If you submitted your proxy by telephone or the Internet, you may change your vote or revoke your proxy with a later telephone or Internet proxy, as the case may be. Attendance at the Annual Meeting will not have the effect of revoking a proxy unless you give written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the Annual Meeting.

How are votes counted?

In the election of directors, you may vote "FOR" all of the nominees or your vote may be "WITHHELD" with respect to one or more of the nominees. For other items of business, you may vote "FOR," vote "AGAINST" or "ABSTAIN." If you "ABSTAIN," the abstention has the same effect as a vote "AGAINST." If you provide specific instructions, your shares will be voted as you instruct. If you sign your proxy card or voting instruction form with no further instructions, your shares will be voted in accordance with the recommendations of the Board ("FOR" all of the nominees to the Board of Directors, "FOR" the amendment of the Company's 1991 Stock Plan, "FOR" the amendment of the Company's 1997 Employee Stock Purchase Plan, "FOR" ratification of the independent registered public accounting firm, and in the discretion of the proxy holders on any other matters that may properly come before the meeting).

What vote is required to approve each item?

For Proposal 1, the election of directors, the eight persons receiving the highest number of "FOR" votes at the Annual Meeting will be elected. In addition to the voting requirements under Delaware law as to the election of directors, our Board has adopted a policy governing what will occur in the event that a director does not receive a majority of the votes cast. A majority of the votes cast means that the number of votes "FOR" the nominee exceeds the number of votes "WITHHELD." Abstentions and broker non-votes will not be counted to determine whether a nominee receives a majority of votes cast. Additional information concerning our policy for the election of directors is set forth under the heading "Corporate Governance - Majority Voting Policy."

Each of Proposal 2, Proposal 3 and Proposal 4 requires the affirmative "FOR" vote of a majority of the shares present at the Annual Meeting in person or by proxy and entitled to vote. For each of Proposal 2, Proposal 3 and Proposal 4, abstentions have the same effect as votes "AGAINST" the matter. If you hold shares beneficially in street name and do not provide your broker or nominee with voting instructions, your shares may constitute "broker non-votes." Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the Annual Meeting, assuming that a quorum is obtained.

Is cumulative voting permitted for the election of directors?

Stockholders may not cumulate votes in the election of directors, which means that each stockholder may vote no more than the number of shares he or she owns for a single director candidate.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of Common Stock outstanding on the Record Date will constitute a quorum. As of the close of business on the Record Date, there were 84,625,602 shares of our Common Stock outstanding. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

What is "householding" and how does it affect me?

We have adopted a process for mailing the Annual Report and Proxy Statement called "householding," which has been approved by the Securities and Exchange Commission. Householding means that stockholders who share the same last name and address will receive only one copy of the Annual Report and Proxy Statement, unless we receive contrary instructions from any stockholder at that address. We will continue to mail a proxy card to each stockholder of record.

If you prefer to receive multiple copies of the Annual Report and Proxy Statement at the same address, additional copies will be provided to you upon request. If you are a stockholder of record, you may contact us by writing to Investor Relations Department, Incyte Corporation, Experimental Station, Route 141 & Henry Clay Road, Building E336, Wilmington, Delaware 19880 or by calling (302) 498-6700 and asking for Investor Relations. Eligible stockholders of record receiving multiple copies of the Annual Report and Proxy Statement can request householding by contacting us in the same manner. We have undertaken householding to reduce printing costs and postage fees, and we encourage you to participate.

If you are a beneficial owner, you may request additional copies of the Annual Report and Proxy Statement or you may request householding by notifying your broker, bank or nominee.

How are proxies solicited?

Our employees, officers and directors may solicit proxies. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation material to the owners of our Common Stock.

PROPOSAL 1

ELECTION OF DIRECTORS

Nominees

He also serves as a director of Illumina, Inc., Nektar Therapeutics and several privately held companies.

The Board of Directors recommends a vote "FOR" election as director of the nominees set forth above.

Director Independence

The Board of Directors has determined that, except for Dr. Friedman, each individual who currently serves as a member of the Board is, and each individual who served as a member of the Board in 2007 was, an "independent director" within the meaning of Rule 4200 of The NASDAQ Stock Market. Dr. Friedman is not considered independent as he is employed as our President and Chief Executive Officer. All of the nominees are members of the Board standing for re-election as directors. For Messrs. Ariko, Brooke, De Schutter, Emmens and Niblack, the Board of Directors considered their relationship and transactions with the Company as directors and security holders of the Company. For Mr. Baker, the Board of Directors considered Mr. Baker's relationship and transactions with the Company as a director and security holder of the Company, and ordinary course transactions with another company for which Mr. Baker serves as a director. For Mr. Whitfield, the Board of Directors considered Mr. Whitfield's status as a director, security holder and former executive officer of the Company.

Board Meetings

The Board of Directors held six regularly scheduled meetings during 2007. Each director attended at least 75% of the aggregate number of meetings held by the Board of Directors and of the committees on which such director served during his tenure in 2007.

The independent directors meet in regularly scheduled executive sessions at in-person meetings of the Board of Directors without the participation of the President and Chief Executive Officer or other members of management. There were five regularly scheduled in-person meetings of the Board of Directors in 2007.

All directors are expected to attend the Annual Meeting and, in 2007, all directors attended the annual meeting of stockholders.

Board Committees

The Board of Directors has appointed an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The Board has determined that each director who serves on these committees is "independent," as that term is defined by applicable listing standards of The NASDAQ Stock Market and Securities and Exchange Commission rules. The Board has approved a charter for each of these committees that can be found on our website at <http://www.incyte.com> under the "Corporate Governance" heading in the Investor Relations portion of our website. The Board has also appointed a Finance Committee and a Non-Management Stock Option Committee.

Audit Committee

The current members of the Audit Committee are Barry M. Ariko (Chair), Matthew W. Emmens and Roy A. Whitfield. The Audit Committee held six meetings during 2007. The Audit Committee's primary functions are to assist the Board of Directors in fulfilling its oversight responsibilities relating to the Company's financial statements, system of internal control over financial reporting, and auditing, accounting and financial reporting processes. Other specific duties and responsibilities of the Audit Committee are to appoint, compensate, evaluate and, when appropriate, replace our independent registered public accounting firm, review and pre-approve audit and permissible non-audit services, review the scope of the annual audit, monitor the independent registered public accounting firm's relationship with the Company, and meet with the independent registered public accounting firm and management to discuss and review our financial statements, internal control over financial reporting, and auditing, accounting and financial reporting processes. The Board of Directors has determined that all three members of the Audit Committee are qualified as Audit Committee Financial Experts under the definition outlined by the Securities and Exchange Commission.

Compensation Committee

The current members of the Compensation Committee are Paul A. Brooke (Chair), Barry M. Ariko, Julian C. Baker and Richard U. De Schutter. The Compensation Committee held five meetings during 2007. The Compensation Committee's primary functions are to assist the Board of Directors in meeting its responsibilities with regard to oversight and determination of executive compensation and to review and make recommendations with respect to major compensation plans, policies and programs of the Company. Other specific duties and responsibilities of the Compensation Committee are to develop and monitor compensation arrangements for our executive officers, make recommendations to the independent members regarding compensation of our Chief Executive Officer, determine compensation for our other executive officers, determine stock-based compensation awards for our executive officers, and administer performance-based compensation plans such as our 1991 Stock Plan. The Compensation Committee also reviews and recommends directors' compensation to the full Board of Directors. The Compensation Committee has the authority to select, retain, terminate and approve the fees and other retention terms of consultants as it deems appropriate to perform its duties. Additional information concerning the Compensation Committee's processes and procedures for the consideration and determination of executive compensation is set forth under the heading "Compensation Discussion and Analysis."

Nominating and Corporate Governance Committee

The current members of the Nominating and Corporate Governance Committee are Richard U. De Schutter (Chair), Julian C. Baker and Paul A. Brooke. The Nominating and Corporate Governance Committee held four meetings during 2007. The Nominating and Corporate Governance Committee's primary functions are to identify qualified individuals to become members of the Board of Directors, determine the composition of the Board and its committees, and monitor a process to assess Board effectiveness. Other specific duties and responsibilities of the Nominating and Corporate Governance Committee are to recommend nominees to fill vacancies on the Board of Directors, review and make recommendations to the Board of Directors with respect to candidates for director proposed by stockholders, review the composition, functioning and effectiveness of the Board and its committees, develop and recommend to the Board of Directors codes of conduct applicable to officers, directors and employees and charters for the various committees of the Board, and review and make recommendations to the Board of Directors regarding the succession plan relating to the Chief Executive Officer.

Finance Committee

The current members of the Finance Committee are Paul A. Brooke (Chair), Julian C. Baker, Richard U. De Schutter, and Paul A. Friedman. The Finance Committee held one meeting in 2007. The Finance Committee's primary function is to assist the Board of Directors in its oversight of the Company's strategic financing matters and, in that regard, to review and recommend matters related to the capital structure of the Company and, upon delegation by the Board of Directors, to exercise the powers of the Board of Directors that may be lawfully delegated to the Finance Committee in connection with the authorization, issuance and sale of debt or equity securities of the Company.

Non-Management Stock Option Committee

Dr. Friedman currently serves as the Non-Management Stock Option Committee. The Non-Management Stock Option Committee is a secondary committee responsible for granting and issuing awards of options and shares under the 1991 Stock Plan to eligible employees or consultants, other than to members of the Board of Directors, to individuals designated by the Board of Directors as "Section 16 officers," and to employees who hold the title of Senior Vice President or above. In addition, the Non-Management Stock Option Committee may not make any awards or grants to any one employee or consultant that total more than 50,000 shares of Common Stock in any calendar year.

Corporate Governance

Corporate Governance Guidelines

The Board of Directors is committed to sound and effective corporate governance practices. Accordingly, the Board has adopted Corporate Governance Guidelines, which are intended to describe the governance principles and procedures by which the Board functions. The guidelines are subject to periodic review and update by the Nominating and Corporate Governance Committee and the Board. These Guidelines can be found on our website at <http://www.incyte.com> under the "Corporate Governance" heading in the Investor Relations portion of our website.

The Corporate Governance Guidelines provide, among other things, that:

a majority of the directors must be independent;

directors should offer to resign from the Board if they experience a change in their principal occupation;

directors should submit their resignations from the Board if they do not receive the votes of a majority of the shares voted in an uncontested election;

directors should advise the chair of the Nominating and Corporate Governance Committee before accepting an invitation to serve on more than four other public company boards (or, if a director is a chief executive officer of a public company, more than two other public company boards);

the Audit, Compensation, and Nominating and Corporate Governance Committees must consist solely of independent directors;

the Board and its committees may seek advice from outside advisors as appropriate;

the independent directors regularly meet in executive sessions without the presence of the non-independent directors or members of our management; and

the Nominating and Corporate Governance Committee periodically reviews the composition, functioning and effectiveness of the Board and its committees, and oversees the self-assessment of the Board and its committees.

Director Nomination

The Board of Directors nominates directors for election at each annual meeting of stockholders and elects new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board of Directors for nomination or election.

The Board of Directors has as an objective that its membership be composed of experienced and dedicated individuals with a diversity of backgrounds, perspectives and skills. The Nominating and Corporate Governance Committee will select candidates for director based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all stockholders. The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to the Company and the Board, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple, members of the Board to meet the criteria for an "audit committee financial expert" as defined by Securities and Exchange Commission rules, and our Corporate Governance Guidelines require that a majority of the members of the Board meet the definition of "independent director" under the rules of The NASDAQ Stock Market. The Nominating and Corporate Governance Committee believes it

appropriate for certain key members of our management currently, the President and Chief Executive Officer to participate as members of the Board.

Prior to each annual meeting of stockholders, the Nominating and Corporate Governance Committee identifies nominees first by evaluating the current directors whose term will expire at the annual meeting and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to re-nominate the director, or if a vacancy is created on the Board as a result of a resignation, an increase in the size of the Board or other event, then the Committee will consider various candidates for Board membership, including those suggested by the Committee members, by other Board members, by any search firm engaged by the Committee and by stockholders. The Committee recommended all of the nominees for election included in this Proxy Statement. All of the nominees are members of the Board standing for re-election as directors.

A stockholder who wishes to suggest a prospective nominee for the Board should notify the Secretary of the Company or any member of the Nominating and Corporate Governance Committee in writing with any supporting material the stockholder considers appropriate. In addition, our Bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at our annual meeting of stockholders. In order to nominate a candidate for director, a stockholder must give timely notice in writing to the Secretary of the Company and otherwise comply with the provisions of our Bylaws. To be timely, our Bylaws provide that the Company must have received the stockholder's notice not less than 60 days nor more than 90 days prior to the scheduled date of such meeting. However, if notice or prior public disclosure of the date of the annual meeting is given or made to stockholders less than 70 days prior to the meeting date, the Company must receive the stockholder's notice by the earlier of (1) the close of business on the 10th day after the earlier of the day the Company mailed notice of the annual meeting date or provided such public disclosure of the meeting date and (2) two days prior to the scheduled date of the annual meeting. Information required by the Bylaws to be in the notice include the name and contact information for the candidate and the person making the nomination and other information about the nominee that must be disclosed in proxy solicitations under Section 14 of the Securities Exchange Act of 1934 and the related rules and regulations under that Section.

Stockholder nominations must be made in accordance with the procedures outlined in, and include the information required by, our Bylaws and must be addressed to:

Secretary
Incyte Corporation
Experimental Station
Route 141 & Henry Clay Road
Building E336
Wilmington, DE 19880

You can obtain a copy of the full text of the Bylaw provision by writing to the Company's Secretary at the above address.

Majority Voting Policy

Our Corporate Governance Guidelines include a majority voting policy for the election of directors. This policy states that if a nominee for director in an uncontested election does not receive a majority of the votes cast, the director must submit a resignation to the Board. In order to receive a majority of the votes cast, the number of shares voted "for" must exceed the number of votes to withhold authority and votes against, excluding abstentions. The Nominating and Corporate Governance Committee will evaluate and make a recommendation to the Board with respect to the proffered resignation. The Board must take

action on the recommendation within 90 days following certification of the stockholder vote. The director whose resignation is under consideration cannot participate in any decision regarding his or her resignation. The Nominating and Corporate Governance Committee and the Board of Directors may consider any factors they deem relevant in deciding whether to accept a director's resignation.

Communications with the Board of Directors

If you wish to communicate with the Board of Directors, you may send your communication in writing to:

Secretary
Incyte Corporation
Experimental Station
Route 141 & Henry Clay Road
Building E336
Wilmington, DE 19880

You must include your name and address in the written communication and indicate whether you are a stockholder of the Company.

The Secretary will review any communications received from a stockholder and all material communications from stockholders will be forwarded to the appropriate director or directors or Committee of the Board based on the subject matter.

Certain Relationships and Related Transactions

It is the Company's policy that all employees, officers and directors must avoid any activity that is or has the appearance of conflicting with the interests of the Company. This policy is included in the Company's Code of Business Conduct and Ethics and Board of Directors Code of Conduct and Ethics. The Company conducts a review of all related party transactions for potential conflict of interest situations on an ongoing basis and all such transactions must be approved by the Company's Audit Committee or another independent body of the Board of Directors.

Compensation of Directors

Directors who are employees of the Company do not receive any fees for their service on the Board of Directors or any committee. During 2007, Dr. Friedman was the Company's only employee director. For a description of the compensation arrangements with Dr. Friedman, see "Executive Compensation."

Cash Compensation

Effective March 2007, each non-employee director, other than the Chairman of the Board, receives a \$25,000 annual retainer, payable quarterly, and prorated for such portion of the year that the director serves on the Board. Mr. De Schutter receives an annual retainer of \$50,000 as Chairman of the Board. The chair of the Audit Committee receives an additional \$15,000 annual retainer, and each other member of the Audit Committee receives an additional \$7,500 annual retainer. The chair of the Compensation Committee receives an additional \$12,000 annual retainer, and each other member of the Compensation Committee receives an additional \$6,000 annual retainer. The chair of any other committee receives an additional \$4,000 annual retainer, and each other member of such other committee receives an additional \$2,000 annual retainer. All directors are reimbursed for their travel and out-of pocket expenses in accordance with our travel policy for each in-person Board or committee meeting that they attend.

Prior to March 2007, the Company's non-employee directors each received \$2,500 for every in-person Board meeting that they attended and \$500 for every Board meeting that they attended telephonically. Non-employee directors received additional compensation of \$500 for their participation in every

committee meeting that they attended that was up to one hour in duration and \$1,000 for every committee meeting that was over one hour in duration, in each case whether in-person or telephonic. The chair of the Audit Committee received an additional \$6,000 annually, and the chair of the Compensation Committee received an additional \$5,000 annually. The chair of any other committee received an additional \$4,000 annually. Non-employee directors also received a \$15,000 annual retainer, which was prorated for such portion of the year that the director served on the Board. Mr. De Schutter's annual retainer was \$22,500 in recognition of his additional responsibilities as Chairman of the Board. In addition, all directors were reimbursed for their travel and out-of pocket expenses in accordance with our travel policy for each in-person Board or committee meeting that they attended.

Equity Compensation

In addition to cash compensation for services as a member of the Board, the non-employee directors also receive options to purchase shares of our Common Stock pursuant to the 1993 Directors' Stock Option Plan. Under the Directors' Option Plan, each new non-employee director appointed to the Board of Directors receives an initial stock option grant of 35,000 shares of Common Stock at an exercise price equal to 100% of the fair market value of the Common Stock on the date of grant. The option will vest as to 25% of the shares on the first anniversary of the date of the grant, with the remaining shares vesting monthly over the following three years. Pursuant to the Directors' Option Plan, following the conclusion of each annual meeting of stockholders, each non-employee director who will continue to serve as a member of the Board of Directors receives an option to purchase 20,000 shares of Common Stock at an exercise price equal to the fair market value of the Common Stock on the date of grant. Each of these options will vest in full on the first anniversary of the date of the grant or, if earlier, the date of the next annual meeting of stockholders or upon a change in control. When a new non-employee director is appointed to the Board of Directors at a time other than at an annual meeting, the director will receive a pro rata portion of the automatic annual grant that will vest in full on the date of our next annual meeting of stockholders. In 2007, each non-employee director received their annual grant of an option to purchase 20,000 shares of Common Stock at an exercise price equal to the fair market value of the Common Stock on the date of grant.

(1) Amounts listed in this column represent the compensation expense of option awards recognized by the Company, before forfeitures, under Statement of Financial Accounting Standards No. 123 (revised 2004) (FAS 123R) for the 2007 fiscal year, rather than amounts paid to or realized by the named individual, and includes expense recognized for awards granted prior to 2007. Please refer to Note 11 to our consolidated financial statements in our 2007 Annual Report on Form 10-K for the underlying assumptions for this expense. There can be no assurance that options will be exercised (in which case no value will be realized by the individual) or that the value on exercise will approximate the compensation expense recognized by the Company. The grant date fair value of the options granted to each non-employee director during 2007 was \$60,880.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

The Compensation Committee of our Board of Directors believes that compensation of our executive officers should:

Encourage creation of stockholder value and achievement of strategic corporate objectives;

Integrate compensation with our annual and long-term corporate objectives and strategy, and focus executive behavior on the fulfillment of those objectives;

Provide a competitive total compensation package that enables us to attract and retain, on a long-term basis, qualified personnel; and

Provide fair compensation consistent with internal compensation programs.

Implementing Our Objectives

Role of Compensation Committee and Our Chief Executive Officer. The Compensation Committee approves, administers and interprets our executive compensation and benefits policies, including our 1991 Stock Plan. The Compensation Committee evaluates the performance of our President and Chief Executive Officer (CEO) and determines his compensation in light of the goals and objectives of our compensation program. Our CEO and the Compensation Committee together assess the performance of our other executive officers and determine their compensation, based on initial recommendations from our CEO.

Peer Group Benchmarking. While the Compensation Committee did not use market benchmarks to determine executive compensation for 2007, the Committee reviewed market reference data to evaluate the competitiveness of our executive officers' compensation and to determine whether the total compensation paid to each of our named executive officers was reasonable in the aggregate.

The Compensation Committee reviewed executive cash compensation against the SIRS® Executive Compensation Data, which was used because the Committee believes the SIRS data is more closely aligned with companies that we compete with for talent than other available surveys such as Radford. The SIRS data is available to companies that subscribe to the survey and was derived from the following companies:

Allergan	Genta	NPS Pharmaceuticals
Amgen	Genzyme	Pfizer
AstraZeneca	Gilead Sciences	Regeneron Pharmaceuticals
Biogen Idec	GlaxoSmithKline	Roche Molecular Systems
Celgene	Human Genome Sciences	Roche Palo Alto
Chugai Pharma USA	Icos	Sanofi Aventis
Daiichi Sankyo	Imclone Systems	Schering-Plough
Diversa	Johnson & Johnson Biotechnology	Sepracor
Dr. Reddy's Laboratories	Johnson & Johnson Pharmaceuticals	Teva North America
EMD/Lexigen Pharmaceuticals	Mannkind	Vertex Pharmaceuticals
Endo Pharmaceuticals	MedImmune	Wyeth Pharmaceuticals
Exelixis	Merck	
Forest Laboratories	Novartis	

The Compensation Committee noted that our executives' base salaries and targeted total cash compensation were below the median for the SIRS executives.

Edgar Filing: INCYTE CORP - Form DEF 14A

The Compensation Committee also reviewed a peer group of 18 biotechnology and pharmaceutical companies, chosen based on the following characteristics: major labor and capital market competitors, broadly similar size in pre-tax loss and market capitalization value, and similar growth and performance potential. This group differed from the peer group used for the prior year's compensation determinations by the Committee's former independent compensation consultant primarily because our market capitalization had increased significantly from the prior year. The Compensation Committee did not use an independent executive compensation consultant in 2007 but, instead, requested our finance and human resources personnel to compile the data reviewed by the Committee. These companies are:

Anylam	Decode Genetics	Lexicon Genetics
ARIAD	Dendreon	Neurogen
Atherogenics	Exelixis	OSI Pharmaceuticals
Cell Genesys	Human Genome Sciences	Regeneron
Cubist Pharmaceuticals	Intermune	Telix
Curagen	Keryx	Vertex Pharmaceuticals

The Compensation Committee reviewed against the peer group data CEO total realized compensation and executive option grant metrics share usage, potential dilution and shareholder value transfer. The Committee noted that our 2006 CEO total realized compensation, which includes actual salary and bonus plus the compensation expense of option and other stock awards under FAS 123R, was below the average and median for our peer group. The Committee also noted that our total potential dilution, measured as total equity awards outstanding plus those available for future grant, divided by fully diluted shares outstanding, was below the peer group median, that our three year shareholder value transfer rate, net of forfeitures, was less than the peer group median and average, and that our annual share usage, based on equity grants as a percentage of total outstanding shares, was less than the peer group median and average.

Equity Grant Practices. The exercise price of each stock option awarded to our executive officers under our 1991 Stock Plan is the closing price of our common stock on the date of grant, which for our annual stock option grants is the date of the regularly scheduled Compensation Committee meeting shortly after the end of each year at which equity awards for senior executives are determined. These meetings are scheduled in advance, and we do not coordinate the timing of equity award grants with the release of financial results or other material announcements by the Company. Under our 1991 Stock Plan, we may not reprice or replace options at lower exercise prices without stockholder approval.

Tax Deductibility of Compensation. Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to our CEO and each of the next three most highly compensated executive officers (excluding the chief financial officer). To maintain flexibility in compensating our executive officers in a manner designed to promote varying corporate goals, the Compensation Committee has not adopted a policy requiring all executive compensation to be deductible.

Stock Ownership Guidelines. We have not currently adopted stock ownership guidelines.

Key Elements of Executive Compensation

Our executive officers' compensation currently includes three primary components: base salary, cash bonus, and equity-based incentive awards. In addition, we provide our executive officers a variety of benefits that are available generally to all salaried employees.

Base Salary. Base salaries are designed to attract and retain qualified personnel by providing a consistent cash flow throughout the year as compensation for acceptable levels of performance of day-to-day responsibilities. Base salaries for our executive officers are established based on the scope of

their responsibilities, their performance, and their prior relevant background, training and experience, taking into account competitive market compensation paid by the companies represented in the compensation data we review for similar positions and the overall market demand for those executive officers at the time of hire. The Compensation Committee reviews salaries on an annual basis. At such time, the Compensation Committee may change each executive officer's salary based on the individual's contributions and responsibilities over the prior twelve months and any change in competitive market pay levels.

In February 2007, the Compensation Committee set the 2007 base salaries for our executive officers. Base salary increases for 2007 for the five executive officers named in the table below entitled "Summary Compensation Table" ranged from 2% to 4% and were established after considering job performance, internal pay alignment and equity, and marketplace competitiveness. In February 2008, the Compensation Committee set the 2008 base salaries for our executive officers. Base salary increases for the five named executive officers for 2008 were 4%, the average base salary increase for all of our employees, and were established after considering the same factors that were considered for 2007 base salaries.

Incentive Compensation Plan. Each year, we have established an incentive compensation plan that provides for cash incentive awards for all of our eligible employees. The plans have been designed to align incentive awards for each participant based upon an evaluation of our achievement of corporate objectives, which are approved by our Board of Directors based on the recommendations of the Compensation Committee, as well as, in the case of individuals other than our CEO, the achievement of individual business objectives for a particular year. Eligibility to participate in the plans and actual award amounts are not guaranteed and are determined, in the case of our executive officers, at the discretion of the Compensation Committee. After the completion of each year, the Compensation Committee reviews with our CEO the level of achievement of the corporate objectives under the plan and determines the size of the overall bonus pool to be used for awards. The Compensation Committee, with input from our CEO with respect to our other executive officers, may use discretion in determining for each executive officer his or her bonus amount.

Incentive awards for our executive officers were approved by the Compensation Committee and paid in 2008 pursuant to our 2007 annual incentive compensation plan. Each of our executive officers other than our CEO had a funding target under the plan of 50% of his or her annual base salary for the 2007 fiscal year, with the potential for actual awards under the plan to either exceed or be less than the funding target depending upon corporate performance, as well as the executive officer's performance of certain individual goals that are predetermined by our CEO. Our CEO had a funding target under the plan of 75%, with the potential for actual awards under the plan to either exceed or be less than such funding target depending upon corporate performance. Target incentive award amounts for each participant were based on the participant's potential impact on our operating and financial results and on market competitive pay practices. Individual performance goals were established for eligible employees other than our CEO, and evaluations were based upon whether the employee met, exceeded or did not meet each established goal. Under our incentive compensation plan, the percentage of potential incentive awards attributable to the achievement of individual goals decreases as seniority increases, with a greater proportion of the potential incentive awards for executive officers being based upon achievement of corporate performance objectives. While executive officers other than our CEO have individual performance objectives that are evaluated by our CEO, the outcome of those objectives did not affect awards under our 2007 incentive compensation plan to those officers, and the award amounts were based solely on achievement of the corporate performance objectives.

Corporate performance objectives for 2007 were based on achievement of drug discovery and development objectives, representing 87.5% of the overall corporate performance objectives; achievement of business development objectives, representing 7.5% of the overall objectives; and finance objectives, representing 5% of the overall objectives. Threshold, target and outperform achievement levels were defined for each corporate objective that was established, resulting in payouts ranging from 0% to 150%

for each objective depending on achievement of such performance levels, and with bonus opportunities enabling payouts of up to an additional 25%. At the time the corporate performance objectives for 2007 were set, the Committee and management believed that achievement of the target levels of performance would be difficult and challenging, but achievable with significant effort and skill and favorable preclinical study and clinical trial results.

In January 2008, the Compensation Committee evaluated the achievement of the 2007 corporate performance objectives and determined that incentive awards under the 2007 Annual Incentive Compensation Plan should be based upon achievement of 144% of the target level of corporate performance objectives. This 144% figure was greater than 100% of target primarily because a number of objectives were met at the outperform level. Of our discovery and development objectives, we achieved the IND filings objective, which had a target payout of 22.5%, at the 38.75% level, which included an additional 5% bonus for making five specified IND filings in 2007. We achieved the other discovery objectives, which had a target payout of 15% and related primarily to the identification of lead and backup compounds for our various programs, at the 22.5% level, and we achieved the clinical proof of concepts objectives, which had a target payout of 40%, at the 70% level, including an additional 10% bonus for achievement of five specified clinical proofs of concepts. We did not achieve a clinical objective, which had a target payout of 10%, and this resulted in no payout based on that objective. Our business development objectives were met at the threshold level, resulting in a payout of 5.63%, and our finance objectives were met at the outperform level, resulting in a payout of 7.5%. The incentive award amounts paid to our CEO and our other executive officers for 2007 were based on the achievement of the predetermined corporate objectives at the 144% level.

In March 2008, we established corporate objectives for our 2008 annual incentive compensation plan. Corporate performance objectives for 2008 are based on achievement of drug discovery and development objectives, representing 85% of the overall objectives; achievement of business development objectives, representing 7.5% of the overall objectives; and finance objectives, representing 7.5% of the overall objectives. Threshold, target and outperform achievement levels were defined for each corporate objective and, depending on the achievement of those performance levels, payouts ranging from 0% to 150% may be made, with bonus opportunities enabling payouts of up to an additional 25%. The Committee and management believe that achievement of the target levels of performance will be difficult and challenging, perhaps even more so than those for 2007, but achievable with significant effort and skill, favorable preclinical study and clinical trial results, and favorable FDA meeting outcomes.

Equity-Based Incentive Awards. The Compensation Committee administers equity-based incentive awards, such as stock option grants, that are made to our executive officers under our 1991 Stock Plan. The Compensation Committee believes that by providing those persons who have substantial responsibility for our management and growth with an opportunity to increase their ownership of our stock, the best interests of our stockholders and executive officers will be closely aligned. Therefore, executive officers are eligible to receive equity-based incentive awards when the Compensation Committee performs its annual review, although these awards may be granted at other times in recognition of exceptional achievements. As is the case when the amounts of base salary and initial equity awards are determined, the Compensation Committee conducts a review of all components of an executive officer's compensation when determining annual equity awards to ensure that the executive's total compensation conforms to our overall philosophy and objectives.

The Compensation Committee approved grants of stock options to our executive officers in February 2008 in connection with the Compensation Committee's evaluation of our 2007 performance, and granted options in the same amounts as were granted to such officers in February 2007 for 2006 performance. These amounts were based on previously determined stock grant guidelines for all employees, and took into consideration the benchmarking data described above. The Compensation Committee also approved the total number of options to be awarded to all employees of the Company in connection with this annual review of stock option grants.

Under our 1991 Stock Plan, we may grant restricted stock or restricted stock unit awards. In 2007, the Compensation Committee did not grant restricted stock or restricted stock units to any of our executive officers. The Compensation Committee, in its discretion, may in the future elect to make such grants to our executive officers if it deems it advisable, subject to any limitations on amounts that may be awarded set forth in the 1991 Stock Plan.

Termination Based Compensation Under Employment Agreements and Offer Letters. Our executive officers are parties to employment agreements and offer letters, as described below under "Employment Contracts, Termination of Employment and Change-in-Control Arrangements." We have no current plans to make changes to any employment agreements or offer letters, except as required by law or as required to clarify the benefits to which our executive officers are entitled.

These employment agreements and offer letters provide for severance payments and acceleration of vesting of equity-based awards upon termination of employment under the circumstances described below under "Employment Contracts, Termination of Employment and Change-in-Control Arrangements." In general, the employment agreements provide for severance benefits if an officer's employment is terminated within 24 months following a change in control. These agreements are designed both to attract executives, as we compete for talented employees in a marketplace where such protections are routinely offered, and to retain executives and provide continuity of management in the event of an actual or threatened change in control.

Other Compensation. All of our full-time employees, including our executive officers, may participate in our health programs, such as medical, dental and vision care coverage, and our 401(k) and life and disability insurance programs. These benefits are designed to provide our executive officers and eligible employees a competitive total compensation package that enables us to attract and retain qualified personnel.

Compensation Committee Report

This report shall not be deemed to be "soliciting material" or "filed" with the Securities and Exchange Commission or be deemed incorporated by reference into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates it by reference into a document filed under such Acts.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth in this Proxy Statement with our management. Based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2007.

- (1) The target incentive amounts shown in this column reflect our annual incentive plan awards originally provided under the annual incentive compensation plan for 2007 and represent the pre-established target awards as a percentage of base salary for the 2007 fiscal year, with the potential for actual awards under the plan to either exceed or be less than such funding target depending upon corporate performance. Actual award amounts are not guaranteed and are determined at the discretion of the Compensation Committee, which may consider an individual's performance during the period. For additional information, please refer to the "Compensation Discussion and Analysis" section. Actual 2007 annual incentive compensation plan payouts are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.
- (2) The threshold illustrates the smallest payout that can be made if all of the pre-established performance objectives are achieved at the minimum achievement level. Actual awards may be more or less than these amounts and are at the discretion of the Compensation Committee. The target is the payout that can be made if the pre-established performance objectives have been achieved at the target achievement level. The maximum is the greatest payout that can be made if the pre-established maximum performance objectives are achieved or exceeded at the outperform achievement levels.
- (3) Options listed in this column become exercisable as to one-third of the shares on the first anniversary of the grant date, with the remaining shares vesting ratably each month thereafter over the following two years, and have a term of seven years.

Salary

The annual salaries of the named executive officers are reflected under the Salary column of the Summary Compensation Table. The Compensation Committee reviews salaries on an annual basis, and may change each executive officer's salary based on the individual's contributions and responsibilities over the prior twelve months and any change in comparable company pay levels. In February 2007, the Compensation Committee set the 2007 base salaries for our executive officers. Salary compensation is discussed in greater detail under the heading "Compensation Discussion and Analysis."

Incentive Compensation

All named executive officers received a bonus for the 2007 fiscal year under our discretionary 2007 annual incentive compensation plan. This bonus is reflected under the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table because the bonus is tied to the corporate performance of the Company. The plan established cash incentive awards for all of our eligible employees for 2007, and was designed to align incentive awards for each participant's individual performance with our corporate goals. Incentive awards for our executive officers were approved by the Compensation Committee and paid in 2008 pursuant to this plan. Our executive officers each had a funding target under the plan, with the potential for actual awards under the plan to either exceed or be less than such funding target depending upon corporate performance, as well as each executive officer's individual performance.

The range of the 2007 awards at the time of establishment of the plan is set forth under the Estimated Future Payouts Under Non-Equity Incentive Plan Awards column to the Grants of Plan-Based Awards Table. Actual incentive award amounts paid to named executive officers for 2007 pursuant to this plan were based on the achievement of corporate goals that were predetermined by the Compensation Committee and individual performance, as described in greater detail under the heading "Compensation Discussion and Analysis," and is disclosed in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

Stock Option Awards

In 2007, all named executive officers received grants of options to purchase Common Stock. The numbers and grant date fair values of these awards under FAS 123R are set forth in the Grant of Plan-Based Awards Table. The exercise price for options awarded in 2007 was the fair market value of our Common Stock on the grant date. Although these awards will generally vest and become exercisable as to one-third of the shares on the first anniversary of the grant date, with the remaining shares vesting ratably each month thereafter over the following two years, the amounts disclosed in the Option Awards column of the Summary Compensation Table for 2007 reflects the portion of these awards expensed by the Company in the 2007 fiscal year under FAS 123R. The balance of the amount set forth in the Option Awards column for 2007 is attributable to the amounts expensed by the Company in the 2007 fiscal year for outstanding stock option awards from previous years under FAS 123R.

The amounts, if any, actually realized by the named executive officers for the 2007 awards will vary depending on the vesting of the award and the price of our Common Stock in relation to the exercise price at the time of exercise. Detail regarding the number of exercisable and unexercisable options held by each named executive officer at year-end is set forth in the Outstanding Equity Awards at Fiscal Year-End Table below.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

Paul A. Friedman

In November 2001, and in connection with his appointment as Chief Executive Officer, we entered into an employment agreement with Paul A. Friedman which provides for certain payments and benefits in the event of termination of Dr. Friedman's employment with the Company.

Termination Without Good Reason Prior to a Change in Control. If Dr. Friedman terminates his employment with the Company without "good reason" (which generally includes the assignment of duties substantially and materially inconsistent with Dr. Friedman's position or other diminishment in position, requiring him to be based at any location outside of the East Coast, a reduction in salary, bonus or adverse change in benefits, or a breach by the Company of the terms of his employment arrangement) prior to a "change in control" (discussed below under the heading "Termination in Connection with a Change in Control Without Cause or for Good Reason"), we will pay Dr. Friedman, to the extent not already paid, his annual base salary through the date of termination, any deferred compensation and any accrued vacation pay.

Termination Without Good Reason in Connection with a Change in Control. If Dr. Friedman terminates his employment with the Company without "good reason" following a "change in control," we will pay Dr. Friedman, to the extent not already paid, his annual base salary through the date of termination, any deferred compensation and any accrued vacation pay, and an amount equal to a pro rata portion of his target bonus calculated according to the number of days he worked through the termination date in the current fiscal year.

Termination Without Cause or for Good Reason Not in Connection with a Change in Control. If, at any time other than the two year period following a "change in control," Dr. Friedman's employment is terminated by the Company without cause or by him for good reason, the agreement provides that we will pay Dr. Friedman, to the extent not already paid, his annual base salary through the date of termination, any deferred compensation and any accrued vacation pay, and an amount equal to a pro rata portion of his target bonus calculated according to the number of days he worked through the termination date in the current fiscal year. In addition, we will pay him an amount equal to the sum of his annual base salary and the greater of his current target bonus or his bonus amount for the preceding fiscal year. The cash payment will be paid in a lump sum payment unless Dr. Friedman previously elects to receive equal monthly installments over the twelve-month period following his termination. This agreement also provides that Dr. Friedman's stock options will vest as to the amount that would have vested had he continued to work for the Company for an additional twelve months. In addition, the agreement provides for the payment of COBRA premiums by the Company for Dr. Friedman and his family for up to 12 months, outplacement services for up to 12 months, as well as payment with respect to any other accrued amounts under other of the Company's benefits arrangements.

Termination in Connection with a Change in Control Without Cause or for Good Reason. In the event that Dr. Friedman's employment is terminated within 24 months following a "change in control" (a change in control generally includes a significant change in the composition of the Board of Directors, the acquisition by any person or entity of greater than 50% of the combined voting power of the Company's outstanding securities, the approval of a liquidation or dissolution of the Company, or the sale or disposition of all or substantially all of the Company's assets or similar transaction) either by the Company without cause or by Dr. Friedman for good reason (which in the case of a change in control includes requiring Dr. Friedman to be based at any location more than 35 miles from the office or location where he was based prior to the change in control), we will pay Dr. Friedman, to the extent not already paid, his annual base salary through the date of termination, any deferred compensation and any accrued vacation pay, and an amount equal to a pro rata portion of his target bonus calculated according to the number of days he worked through the termination date in the current fiscal year. In addition, we will pay him an amount equal to three times the sum of his current annual base salary and the greater of his current target bonus or his bonus amount for the preceding fiscal year. The cash payment will be paid in a lump sum payment, unless Dr. Friedman previously elects to receive equal monthly installments over a 36-month period following his termination. The agreement also provides that in the event of such a termination, all of Dr. Friedman's unvested restricted stock units and unvested stock options will vest in full, and all stock options will be exercisable for 12 months following his termination. In addition, the agreement provides for the continuation of benefits for Dr. Friedman and his family for up to 36 months, outplacement services for up to 12 months, as well as payment with respect to any other accrued amounts under other of the Company's benefits arrangements.

Other Covenants. Under the agreement, Dr. Friedman is subject to non-solicitation/non-hiring and non-disparagement covenants that extend two years from termination of employment. Upon certain breaches of those covenants after termination of employment, Dr. Friedman must forfeit all of his unvested restricted stock units and the gain or income realized from units vesting within 24 months prior to the breach.

Agreements with other Named Executive Officers

In November 2003, our Board of Directors approved a form of employment agreement for Executive Vice Presidents, including Brian W. Metcalf, David C. Hastings, John A. Keller and Paula J. Swain, and certain of our other executive officers.

This form of employment agreement provides that in the event of an "involuntary termination" of the executive's employment within 24 months following a change in control (which includes actual termination without cause and constructive termination by way of the assignment of duties substantially and materially inconsistent with the executive's position or other diminishment in position, requiring the executive to be based at any location more than 35 miles from the office or location where he or she was based prior to a change in control, a reduction in salary, bonus or adverse change in benefits, or a breach by the Company of the terms of the executive's employment arrangement), we will pay the executive an amount equal to the sum of the executive's current annual base salary and the greater of (1) the executive's current target bonus or (2) the executive's bonus amount for the preceding fiscal year. A "change in control" generally includes a significant change in the composition of the Board of Directors, the acquisition by any person or entity of greater than 50% of the combined voting power of the Company's outstanding securities, the approval of a liquidation or dissolution of the Company, or the sale or disposition of all or substantially all of the Company's assets or similar transaction. We will also pay the executive a pro rata portion of the executive's target bonus calculated according to the number of days the executive worked through the termination date in the current fiscal year. The cash payment would be paid in a lump sum payment following the executive's termination. The agreement also provides that in the event of such a termination, all of the executive's unvested stock options will vest in full, and all stock options will be exercisable for 12 months following the executive's termination. In addition, the agreement provides for the reimbursement of COBRA premiums by the Company for the executive and eligible dependents for up to 12 months, reimbursement (or payment) by the Company for the cost of continued life and disability insurance for the executive for 12 months at the same levels in effect on the termination date, as well as payment with respect to any other accrued amounts under other of the Company's benefits arrangements.

Brian W. Metcalf. In connection with his employment in February 2002, Brian W. Metcalf received a loan from the Company for the purpose of financing his residence in California. On February 6, 2003, 25% of the outstanding principal balance was forgiven, and ¹/₄₈ of the original principal amount was forgiven on the last day of each month thereafter, through February 6, 2006.

John A. Keller. In September 2003, in connection with his appointment as Executive Vice President and Chief Business Officer, Dr. Keller received an offer letter that provides that if his employment is terminated other than for cause, we will pay him an amount equal to the sum of his current annual base salary and his current target bonus, as well as amounts with respect to any other accrued amounts under other of the Company's benefits arrangements.

David C. Hastings. In September 2003, in connection with his appointment as Executive Vice President and Chief Financial Officer, Mr. Hastings received an offer letter that provides that if his employment is terminated other than for cause, we will pay him an amount equal to the sum of his current annual base salary and his current target bonus, as well as amounts with respect to any other accrued amounts under other of the Company's benefits arrangements. We will also pay the cost of COBRA premiums for one year, or until he becomes eligible for medical insurance with another employer.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors is composed of three directors, each of whom qualifies as "independent" under the current listing requirements of The NASDAQ Stock Market. The current members of the Audit Committee are Barry M. Ariko, Matthew W. Emmens and Roy A. Whitfield. The Audit Committee acts pursuant to a written charter that was originally adopted by the Board of Directors in June 2000 and was most recently amended in March 2004.

In performing its functions, the Audit Committee acts in an oversight capacity and necessarily relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm, who, in their report, express an opinion on the conformity of the Company's annual financial statements with accounting principles generally accepted in the United States and on management's assessment of and the effectiveness of the Company's internal control over financial reporting. It is not the duty of the Audit Committee to plan or conduct audits, to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles, or to assess the Company's internal control over financial reporting.

Within this framework, the Audit Committee has reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2007 and the Company's internal control over financial reporting. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended. In addition, the Audit Committee has received the written disclosures from the independent registered public accounting firm required by Independence Standards Board Statement No. 1, has discussed with the independent registered public accounting firm, Ernst & Young LLP, the independence of that firm, and has considered whether the provision of non-audit services was compatible with maintaining the independence of that firm.

Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007.

PROPOSAL 2

PROPOSAL TO AMEND THE 1991 STOCK PLAN

In March 2008, the Board of Directors approved an amendment to the Company's 1991 Stock Plan, subject to the approval of the Company's stockholders at the Annual Meeting. The following summary of the principal features of the 1991 Stock Plan is qualified by reference to the terms of the 1991 Stock Plan, a copy of which is available without charge upon stockholder request to Secretary, Incyte Corporation, Experimental Station, Route 141 & Henry Clay Road, Building E336, Wilmington, Delaware 19880. The 1991 Stock Plan has also been filed electronically with the Securities and Exchange Commission together with this Proxy Statement, and can be accessed on the SEC's web site at <http://www.sec.gov>.

Description of Amendment

The amendment to the 1991 Stock Plan approved by the Board of Directors and submitted for stockholder approval consists of an increase in the number of shares of Common Stock available for issuance under the 1991 Stock Plan by 4,000,000 shares, from 25,350,000 shares to 29,350,000 shares.

1991 Stock Plan

The 1991 Stock Plan was initially adopted by the Board of Directors in November 1991 and first approved by our stockholders in December 1991. It was amended and restated by the Board of Directors in February 2001, and our stockholders approved the amended and restated 1991 Stock Plan in June 2001. It was last amended by the Board of Directors in April 2008.

The purpose of the 1991 Stock Plan is to assist the Company in the recruitment, retention and motivation of employees and of independent contractors who are in a position to make material contributions to the Company's progress. The 1991 Stock Plan offers a significant incentive to the employees and independent contractors of the Company by enabling such individuals to acquire shares of Common Stock, thereby increasing their proprietary interest in the growth and success of the Company.

The 1991 Stock Plan provides for the direct award or sale of shares of Common Stock (including restricted stock) and for the grant of both incentive stock options (ISO) to purchase Common Stock intended to qualify for preferential tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended (the Code), and nonstatutory stock options (NSO) to purchase Common Stock that do not qualify for such treatment under the Code. All of employees (including officers) of the Company or any subsidiary and any independent contractor who performs services for the Company or a subsidiary are eligible to purchase shares of Common Stock and to receive awards of shares or grants of NSOs. Only employees are eligible to receive grants of ISOs. Non-employee directors are not eligible to receive awards under the 1991 Stock Plan. As of December 31, 2007, 196 employees were eligible to be considered for the grant of options or for the direct award or sale of shares of Common Stock under the 1991 Stock Plan. Options to purchase more than 800,000 shares may not be granted in a single calendar year to any participant in the 1991 Stock Plan.

The 1991 Stock Plan also permits the award of shares of Common Stock pursuant to restricted stock units, which represent our promise to issue an equivalent number of shares of Common Stock, or distribute cash, when the units vest or at a later settlement date.

A total of 25,350,000 shares of Common Stock currently are reserved for issuance under the 1991 Stock Plan. If any option granted under the 1991 Stock Plan expires or terminates for any reason without having been exercised in full, then the unpurchased shares subject to that option will once again be available for additional option grants. As of March 17, 2008, the Company had outstanding options to purchase an aggregate of 14,573,138 shares of Common Stock (exercise prices ranging from \$3.10 to \$35.00 per share, with a weighted average per share exercise price of \$8.64) under the 1991 Stock Plan, and had 979,388 shares of Common Stock available for future issuance under the 1991 Stock Plan (or

4,979,388 shares of Common Stock including the 4,000,000 shares subject to stockholder approval at the Annual Meeting). Of the shares available for future issuance, the 1991 Stock Plan was amended in April 2008 to provide that no more than 200,000 shares may be issued pursuant to sales or awards other than upon exercise of options or other than pursuant to sales at purchase prices at least equal to the fair market value of the shares sold.

Administration

The 1991 Stock Plan is administered by the Compensation Committee. Subject to the limitations set forth in the 1991 Stock Plan, the Compensation Committee has the authority to determine, among other things, to whom options will be granted and shares or restricted stock units will be issued, the number of shares, the term during which an option may be exercised and the rate at which the options may be exercised and the shares or restricted stock units may vest. The Board of Directors has created a secondary committee, the Non-Management Stock Option Committee, which is authorized to make grants and awards under the 1991 Stock Plan to eligible individuals other than members of the Board, the "Section 16 officers," and employees with the title of Senior Vice President or above.

Terms of Options, Shares Offered for Sale and Restricted Stock Units

The maximum term of each option that may be granted under the 1991 Stock Plan is ten years, except as may otherwise be provided in an option agreement. Stock options granted under the 1991 Stock Plan must be exercised by the optionee before the earlier of the expiration of such option or the date 90 days after termination of the optionee's employment, except that the period may be extended on certain events including death and termination of employment due to disability.

The exercise price under each option will be established by the Compensation Committee subject to limitations set forth in the 1991 Stock Plan. The exercise price of ISOs and NSOs cannot be lower than the fair market value of our Common Stock on the date of grant. On March 31, 2008, the closing price for our Common Stock on The NASDAQ Global Market was \$10.51. The exercise price must be paid in full at the time of exercise. Under the 1991 Stock Plan, the exercise price is payable in cash or, in certain circumstances, Common Stock or, to the extent not prohibited by law, by promissory note. The 1991 Stock Plan also allows an optionee to pay the exercise price by means of a broker-assisted "cashless exercise."

Options may have such terms and be exercisable in such manner and at such times as the Compensation Committee may determine.

The terms of any sale of shares of Common Stock under the 1991 Stock Plan (other than sales upon exercise of options) will be set forth in a stock purchase agreement to be entered into between the Company and each purchaser. The Compensation Committee will determine the terms and conditions of such stock purchase agreements, which need not be identical. The purchase price for shares of Common Stock sold under the 1991 Stock Plan may not be less than the par value of such shares. The purchase price may be paid, at the Compensation Committee's discretion and to the extent not prohibited by law, with a full-recourse promissory note secured by the shares, except that the par value of the shares must be paid in cash. Shares may also be awarded under the 1991 Stock Plan in consideration of services rendered prior to the award, without a cash payment by the recipient.

The terms of any awards of restricted stock units under the 1991 Stock Plan will be set forth in a restricted stock unit agreement to be entered into between the Company and the recipient. The Compensation Committee will determine the terms and conditions of such restricted stock unit agreements, which need not be identical. Each unit represents the right to receive at a later date one share of Common Stock or, in our discretion, cash equal to the fair market value of that share. At the time of settlement of the units, the holder must pay in cash the par value of any shares of Common Stock received.

Edgar Filing: INCYTE CORP - Form DEF 14A

Common Stock transferred pursuant to the 1991 Stock Plan (including shares acquired upon the exercise of certain options) may be subject to repurchase by the Company in the event that any applicable vesting conditions are not satisfied. A holder of shares transferred under the 1991 Stock Plan has the same voting, dividend and other rights as our other stockholders.

Modification, Extension and Assumption of Options

The Compensation Committee may modify, extend or assume outstanding options or may accept the cancellation of outstanding options in return for the grant of new options for the same or a different number of shares and at the same or a different exercise price. However, options may not be modified to lower the exercise price per share of Common Stock, and options may not be assumed or cancelled in return for new options with a lower exercise price per share of Common Stock, without the approval of our stockholders.

Amendment and Termination

The 1991 Stock Plan may be amended at any time by the Board of Directors, subject to applicable laws. Unless sooner terminated by the Board of Directors, the 1991 Stock Plan will terminate on February 15, 2011, and, following such date, no further options may be granted or stock sold pursuant to such plan except upon the exercise of options granted prior to the termination date.

Effect of Certain Corporate Events

In the event of a subdivision of the outstanding Common Stock or a combination or consolidation of the outstanding Common Stock (by reclassification or otherwise) into a lesser number of shares, a spin-off or a similar occurrence, or declaration of a dividend payable in Common Stock or, if in an amount that has a material effect on the price of the shares, in cash, the Compensation Committee will make adjustments in the number and/or exercise price of options and/or the number of shares available under the 1991 Stock Plan, as appropriate.

In the event of a merger or other reorganization, outstanding options will be subject to the agreement of merger or reorganization. Such agreement may provide for the assumption of outstanding options by the surviving corporation or its parent, for their continuation by the Company (if the Company is the surviving corporation), for payment of a cash settlement equal to the difference between the amount to be paid for one share under the agreement of merger or reorganization and the exercise price for each option, or for the acceleration of the exercisability of each option followed by the cancellation of options not exercised, in all cases without the optionees' consent.

Certain Federal Income Tax Consequences of Awards Under the 1991 Stock Plan

Neither the optionee nor the Company will incur any federal tax consequences as a result of the grant of an option. The optionee generally will have no taxable income upon exercising an ISO (except that the alternative minimum tax may apply), and the Company will receive no deduction when an ISO is exercised. Upon exercising an NSO, the optionee generally must recognize ordinary income equal to the "spread" between the exercise price and the fair market value of Common Stock on the date of exercise; the Company will be entitled to a deduction for the same amount. In the case of an employee, the option spread at the time an NSO is exercised is subject to income tax withholding, but the optionee may be permitted to satisfy the withholding tax obligation by having shares of Common Stock withheld from those purchased under the NSO. The tax treatment of a disposition of option shares acquired under the 1991 Stock Plan depends on how long the shares have been held and on whether such shares were acquired by exercising an ISO or by exercising an NSO. The Company will not be entitled to a deduction in connection with a disposition of option shares, except in the case of a disposition of shares acquired under an ISO before the applicable ISO holding periods have been satisfied.

Edgar Filing: INCYTE CORP - Form DEF 14A

The recipient of a restricted stock unit will recognize ordinary income upon receipt of Common Stock or cash when the vested units are settled, in an amount equal to the fair market value of the Common Stock and cash received. The Company will be entitled to a deduction at the same time and in the same amount.

The recipient of shares of restricted stock recognizes ordinary income in the year or years in which the shares vest, in an amount equal to the fair market value of the shares at the time of vesting. The recipient may elect under Section 83(b) of the Code to be taxed in the year of receipt, instead of the year of vesting, based on the fair market value of the shares at the time of receipt.

The above description of tax consequences is based upon current federal tax laws and regulations and does not purport to be a complete description of the federal income tax aspects of the 1991 Stock Plan.

New Plan Benefits

The Compensation Committee has not made any determination with respect to future awards under the 1991 Stock Plan, and any allocation of such awards will be made only in accordance with the provisions of the 1991 Stock Plan, including the additional shares of stock that the stockholders are being asked to approve. Because awards under the 1991 Stock Plan are subject to the discretion of the Compensation Committee, awards under the plan for the current or any future year are not determinable. Future option exercise prices under the 1991 Stock Plan are not determinable because they will be based upon the fair market value of our Common Stock on the date of grant. No restricted stock units or shares of restricted stock were awarded under the 1991 Stock Plan in 2007. Our named executive officers received option grants under the 1991 Stock Plan as set forth in this Proxy Statement in the Grants of Plan-Based Awards Table under the caption "Executive Compensation." Our non-employee directors are not eligible to receive awards under the 1991 Stock Plan. Of the persons eligible to receive grants under the 1991 Stock Plan, the following persons received option grants in 2007 as follows:

<u>Name and Position</u>	<u>Number of Shares(1)</u>
All current executive officers as a group (7 persons)	740,000
All employees, including all current officers who are not executive officers, as a group	2,012,975

(1)

All options were granted at an exercise price per share equal to the fair market value on the date of grant.

Required Vote

Approval of the amendment to the 1991 Stock Plan requires the affirmative vote of a majority of the shares present and entitled to vote.

The Board of Directors recommends a vote "FOR" the amendment to the Company's 1991 Stock Plan.

PROPOSAL 3

PROPOSAL TO AMEND THE 1997 EMPLOYEE STOCK PURCHASE PLAN

In March 2008, the Board of Directors approved an amendment to the Company's 1997 Employee Stock Purchase Plan, subject to the approval of the Company's stockholders at the Annual Meeting. The following summary of the principal features of the Employee Stock Purchase Plan is qualified by reference to the terms of the Employee Stock Purchase Plan, a copy of which is available without charge upon stockholder request to Secretary, Incyte Corporation, Experimental Station, Route 141 & Henry Clay Road, Building E336, Wilmington, Delaware 19880. The Employee Stock Purchase Plan has also been filed electronically with the Securities and Exchange Commission together with this Proxy Statement, and can be accessed on the SEC's web site at <http://www.sec.gov>.

Description of Amendment

The amendment to the Employee Stock Purchase Plan approved by the Board of Directors and submitted for stockholder approval consists of an increase in the number of shares of Common Stock reserved for issuance under the Employee Stock Purchase Plan by 750,000 shares, from 3,850,000 shares to 4,600,000 shares.

Employee Stock Purchase Plan

The Employee Stock Purchase Plan was initially adopted by the Board of Directors in February 1997, effective August 1, 1997, and first approved by the Company's stockholders in April 1997. The Employee Stock Purchase Plan was amended and restated by the Board of Directors in September 2006, and last amended by the Board in March 2008, subject to stockholder approval.

The purpose of the Employee Stock Purchase Plan is to provide employees with an opportunity to acquire shares of Common Stock at a price below their market value and to pay for the purchases through payroll deductions, thereby enabling the Company to attract, retain and motivate valued employees. A total of 3,850,000 shares of Common Stock are annually reserved for issuance under the Employee Stock Purchase Plan. As of March 17, 2008, 638,484 shares of Common Stock are available for future issuance under the Employee Stock Purchase Plan (or 1,388,484 shares of Common Stock including the 750,000 shares subject to stockholder approval at the Annual Meeting).

Administration

The Employee Stock Purchase Plan is administered by the Compensation Committee. The Compensation Committee has the authority to construe, interpret and apply the terms of the Employee Stock Purchase Plan, to determine eligibility, to establish such limitations and procedures as it determines are consistent with the Employee Stock Purchase Plan and to adjudicate any disputed claims under the Employee Stock Purchase Plan.

Eligibility; Price of Shares

Each regular full-time and part-time employee of the Company and subsidiaries designated by the Board of Directors who customarily works at least 20 hours per week and more than five months in any calendar year, and who is employed by the Company for one month or more on an enrollment date, is eligible to participate in the Employee Stock Purchase Plan. However, no employee is eligible to participate in the Employee Stock Purchase Plan if, immediately after electing to participate, the employee would own stock of the Company (including stock such employee may purchase under outstanding options) representing 5% or more of the total combined voting power or value of all classes of stock of the Company. In addition, no employee is permitted to continue to participate under the Employee Stock Purchase Plan and all similar purchase plans of the Company or its subsidiaries, if such rights would exceed

\$25,000 of the fair market value of such stock (determined at the time the right is granted) for each calendar year. As of December 31, 2007, 196 employees were eligible to participate in the Employee Stock Purchase Plan.

Under the Employee Stock Purchase Plan, each calendar year is divided into two six-month "purchase periods" commencing May 1 and November 1 of each year. At the end of each purchase period, the Company will apply the amount contributed by the participant during that period to purchase shares of Common Stock for him or her. The purchase price will be equal to 85% of the lower of (a) the market price of Common Stock on the first day of the applicable "offering period" or (b) the market price of Common Stock on the last business day of the purchase period. In general each offering period is 24 months long, but a new offering period begins every six months. Thus, up to four overlapping offering periods may be in effect at the same time. If the market price of Common Stock is lower on the purchase date, then the subsequent offering period automatically becomes the applicable offering period. No participant may purchase more than 8,000 shares in any one purchase period.

Participation; Payroll Deductions; Purchase of Shares

Eligible employees become participants in the Employee Stock Purchase Plan by executing a subscription agreement authorizing payroll deductions and filing it with our stock administrator at least ten business days before the first day of the applicable offering period. The payroll deductions made for each participant may be not be less than 1% and not more than 10% of the participant's cash compensation, and may not exceed such percentage of the participant's cash compensation as the participant designates. Payroll deductions commence with the first paycheck issued during the offering period and are deducted from subsequent paychecks throughout the offering period unless terminated as provided in the Employee Stock Purchase Plan.

Participants are notified by statements of account as soon as practicable following the end of each purchase period as to the amount of payroll deductions, the number of shares purchased, the purchase price and the remaining cash balance of their accounts. Certificates representing the shares are delivered to a brokerage account and kept in such account pursuant to the subscription agreement.

Withdrawal From the Employee Stock Purchase Plan; Termination of Employment

Participants may withdraw from the Employee Stock Purchase Plan at any time up to two business days prior to the purchase date. As soon as practicable after withdrawal, payroll deductions cease and all amounts credited to the participant's account are refunded in cash, without interest. A participant who has withdrawn from the Employee Stock Purchase Plan cannot be a participant in future offering periods unless he or she re-enrolls pursuant to the Employee Stock Purchase Plan's guidelines.

Termination of a participant's status as an eligible employee is treated as an automatic withdrawal from the Employee Stock Purchase Plan. A participant may designate in writing a beneficiary who is to receive shares and cash in the event of the participant's death subsequent to the purchase of shares, but prior to delivery. A participant may also designate a beneficiary to receive cash in his or her account in the event of such participant's death prior to the last day of the offering period. Any other attempted assignment, except by will, and the laws of descent and distribution, may be treated as a withdrawal.

Amendment and Termination

The Employee Stock Purchase Plan may be amended or terminated at any time by the Board of Directors, subject to applicable laws.

Effect of Certain Corporate Events

In the event of a subdivision of the outstanding Common Stock or a combination or consolidation of the outstanding Common Stock (by reclassification or otherwise) into a lesser number of shares, a spin-off or a similar occurrence, or declaration of a dividend payable in Common Stock or, if in an amount that has a material effect on the price of the shares, in cash, the Compensation Committee will make adjustments in the number and/or purchase price of shares and/or the number of shares available under the Employee Stock Purchase Plan, as appropriate.

Certain Federal Income Tax Consequences of Participating in the Employee Stock Purchase Plan

The Employee Stock Purchase Plan is intended to qualify as an "employee stock purchase plan" under Section 423 of the Code. Under Section 423, the participant does not recognize any taxable income at the time shares are purchased under the Employee Stock Purchase Plan. The participant will recognize ordinary income, capital gain or loss, or a combination, when the participant sells or otherwise disposes of the shares. The amount of ordinary income and capital gain or loss will depend on how long the participant holds the shares after purchase and the price at which the participant disposes of the shares.

The Company will not be entitled to a deduction with respect to its sale of shares under the Employee Stock Purchase Plan, except to the extent the participant recognizes ordinary income when he or she disposes of the shares.

The above description of tax consequences is based upon current federal tax laws and regulations and does not purport to be a complete description of the federal income tax aspects of the Employee Stock Purchase Plan.

New Plan Benefits

No current directors who are not employees will receive any benefit under the Employee Stock Purchase Plan. Since purchase rights are subject to discretion, including an employee's decision not to participate in the Employee Stock Purchase Plan, awards under the Employee Stock Purchase Plan are not determinable. In our two most recent purchase periods, our executive officers purchased the number of shares of Common Stock indicated in the table below. Shares of Common Stock purchased in our two most recent purchase periods were purchased at a weighted average price of \$3.66 per share.

Name and Position	Number of Shares
All current executive officers as a group (7 persons)	5,966
All employees, including all current officers who are not executive officers, as a group	331,723

Required Vote

Approval of the amendment to the 1997 Employee Stock Purchase Plan requires the affirmative vote of a majority of the shares present and entitled to vote.

The Board of Directors recommends a vote "FOR" the amendment to the Company's 1997 Employee Stock Purchase Plan.

PROPOSAL 4**RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed the firm of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008. Ernst & Young LLP has audited our financial statements since the Company's inception in 1991. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

The following table sets forth the aggregate fees billed or expected to be billed by Ernst & Young LLP for audit and other services rendered.

	Year Ended December 31,	
	2007	2006
	(in thousands)	
Audit Fees (1)	\$ 385	\$ 537
Audit-related Fees (2)	23	22
Tax Fees (3)	7	5
All Other Fees		
	\$ 415	\$ 564

- (1) Audit fees include fees billed for the audit of the Company's annual statements and reviews of the Company's quarterly financial statements, including the Company's Annual Report on Form 10-K, the audit of the Company's internal control over financial reporting, and include fees for SEC registration statements and consultation on accounting standards or transactions. Audit fees for 2006 include \$77,000 billed for services in connection with comfort letters relating to the Company's 3¹/₂% convertible senior notes offering.
- (2) Audit-related fees include fees billed for employee benefit plan audits and consultations concerning financial and accounting matters not classified as audit services.
- (3) Tax fees consist of tax compliance and consultation services.

The Audit Committee considered whether the provision of the services other than the audit services is compatible with maintaining Ernst & Young LLP's independence.

Pre-Approval Policies and Procedures

The Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the Company's independent registered public accounting firm. All of the services provided in 2007 were pre-approved.

Required Vote

Ratification will require the affirmative vote of a majority of the shares present and entitled to vote. Stockholder ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

The Board of Directors recommends a vote "FOR" ratification of Ernst & Young LLP as the Company's independent registered public accounting firm.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Company's directors, executive officers and any persons holding more than 10% of the Company's Common Stock are required to report their initial ownership of the Company's Common Stock and any subsequent changes in that ownership to the Securities and Exchange Commission. Specific due dates for these reports have been established and the Company is required to identify in this Proxy Statement those persons who failed to timely file these reports. Based solely on our review of the copies of such forms received by us, or written representation from certain reporting persons, we believe that all of the filing requirements for such persons were satisfied for 2007.

STOCKHOLDER PROPOSALS FOR THE 2009 ANNUAL MEETING

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's 2009 Annual Meeting must be received by the Secretary of the Company no later than December 15, 2008 in order that they may be included in the Company's proxy statement and form of proxy relating to that meeting.

A stockholder proposal not included in the Company's proxy statement for the 2009 Annual Meeting will be ineligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to the Secretary of the Company at the principal executive offices of the Company and otherwise complies with the provisions of the Company's Bylaws. To be timely, the Company's Bylaws provide that the Company must have received the stockholder's notice not less than 60 days nor more than 90 days prior to the scheduled date of such meeting. However, if notice or prior public disclosure of the date of the annual meeting is given or made to stockholders less than 70 days prior to the meeting date, the Company must receive the stockholder's notice by the earlier of (i) the close of business on the 10th day after the earlier of the day the Company mailed notice of the annual meeting date or provided such public disclosure of the meeting date and (ii) two days prior to the scheduled date of the annual meeting.

- (b) *Ten-Percent Stockholders.* An Employee who owns more than 10 percent of the total combined voting power of all classes of outstanding stock of the Company or any of its Subsidiaries shall not be eligible for the grant of an ISO unless (i) the Exercise Price is at least 110 percent of the Fair Market Value of a Share on the date of grant and (ii) such ISO by its terms is not exercisable after the expiration of five years from the date of grant.

- (c) *Attribution Rules.* For purposes of Subsection (b) above, in determining stock ownership, an Employee shall be deemed to own the stock owned, directly or indirectly, by or for such Employee's brothers, sisters, spouse, ancestors and lineal descendants. SECTION 5. STOCK SUBJECT TO PLAN.

(a) *Basic Limitation.* Shares offered under the Plan shall be authorized but unissued Shares or treasury Shares. The aggregate number of Shares which may be issued under the Plan (upon exercise of Options or other rights to acquire Shares) shall not exceed 29,350,000 Shares, subject to adjustment pursuant to Section 9. Notwithstanding the foregoing, the number of Shares that may be issued under the Plan, other than (i) upon exercise of Options or (ii) pursuant to any sale under a Stock Purchase Agreement for a Purchase Price at least equal to 100 percent of the Fair Market Value of a Share on the date of such Stock Purchase Agreement, shall not exceed 200,000 Shares, subject to adjustment pursuant to Section 9. The number of Shares that are subject to Options or other rights outstanding at any time under the Plan shall not exceed the number of Shares that then remain available for issuance under the Plan. The Company, during the term of the Plan, shall at all times reserve and keep available sufficient Shares to satisfy the requirements of the Plan.

(b) *Additional Shares.* In the event that any outstanding Option or other right for any reason expires or is canceled or otherwise terminated, the Shares allocable to the unexercised portion of such Option or other right shall again be available for the purposes of the Plan. In the event that Shares issued under the Plan are reacquired by the Company pursuant to any forfeiture provision, right of repurchase or right of first refusal, such Shares shall again be available for the purposes of the Plan.

SECTION 6. TERMS AND CONDITIONS OF AWARDS OR SALES.

(a) *Stock Purchase Agreement.* Each award or sale of Shares under the Plan (other than upon exercise of an Option) shall be evidenced by a Stock Purchase Agreement between the Offeree and the Company. Such award or sale shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions which are not inconsistent with the Plan and which the Committee deems appropriate for inclusion in a Stock Purchase Agreement. The provisions of the various Stock Purchase Agreements entered into under the Plan need not be identical.

(b) *Duration of Offers and Nontransferability of Rights.* Any right to acquire Shares under the Plan (other than an Option) shall automatically expire if not exercised by the Offeree within 30 days after the grant of such right was communicated to the Offeree by the Committee. Such right shall not be transferable and shall be exercisable only by the Offeree to whom such right was granted.

(c) *Purchase Price.* The Purchase Price of Shares to be offered under the Plan shall not be less than the par value of such Shares. Subject to the preceding sentence, the Purchase Price shall be determined by the Committee at its sole discretion. The Purchase Price shall be payable in a form described in Section 8.

(d) *Withholding Taxes.* As a condition to the award, purchase, vesting or sale of Shares, the Offeree shall make such arrangements as the Committee may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with such Shares. The Committee may permit the Offeree to satisfy all or part of his or her tax obligations related to such Shares by having the Company withhold a portion of any Shares that otherwise would be issued to him or her or by surrendering any Shares that previously were acquired by him or her. The Shares withheld or surrendered shall be valued at their Fair Market Value on the date when taxes otherwise would be withheld in cash. The payment of taxes by assigning Shares to the Company, if permitted by the Committee, shall be subject to such restrictions as the Committee may impose, including any restrictions required by rules of the Securities and Exchange Commission.

Edgar Filing: INCYTE CORP - Form DEF 14A

(e) *Restrictions on Transfer of Shares.* Any Shares awarded or sold under the Plan shall be subject to such special forfeiture conditions, rights of repurchase, rights of first refusal and other transfer restrictions as the Committee may determine. Such restrictions shall be set forth in the applicable Stock Purchase Agreement and shall apply in addition to any general restrictions that may apply to all holders of Shares.

A-5

SECTION 7. TERMS AND CONDITIONS OF OPTIONS.

(a) *Stock Option Agreement.* Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions which are not inconsistent with the Plan and which the Committee deems appropriate for inclusion in a Stock Option Agreement. The provisions of the various Stock Option Agreements entered into under the Plan need not be identical.

(b) *Number of Shares.* Each Stock Option Agreement shall specify the number of Shares that are subject to the Option and shall provide for the adjustment of such number in accordance with Section 9. The Stock Option Agreement shall also specify whether the Option is an ISO or a Nonstatutory Option. Options granted to any Optionee in a single calendar year shall in no event cover more than 800,000 Shares, subject to adjustment in accordance with Section 9.

(c) *Exercise Price.* Each Stock Option Agreement shall specify the Exercise Price. The Exercise Price of an ISO shall not be less than 100 percent of the Fair Market Value of a Share on the date of grant, and a higher percentage may be required by Section 4(b). The Exercise Price of a Nonstatutory Option shall not be less than 100 percent of the Fair Market Value of a Share on the date of grant. Subject to the preceding two sentences, the Exercise Price under any Option shall be determined by the Committee at its sole discretion. The Exercise Price shall be payable in a form described in Section 8.

(d) *Withholding Taxes.* As a condition to the exercise of an Option, the Optionee shall make such arrangements as the Committee may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with such exercise. The Optionee shall also make such arrangements as the Committee may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with the disposition of Shares acquired by exercising an Option. The Committee may permit the Optionee to satisfy all or part of his or her tax obligations related to the Option by having the Company withhold a portion of any Shares that otherwise would be issued to him or her or by surrendering any Shares that previously were acquired by him or her. Such Shares shall be valued at their Fair Market Value on the date when taxes otherwise would be withheld in cash. The payment of taxes by assigning Shares to the Company, if permitted by the Committee, shall be subject to such restrictions as the Committee may impose, including any restrictions required by rules of the Securities and Exchange Commission.

(e) *Exercisability.* Each Stock Option Agreement shall specify the date when all or any installment of the Option is to become exercisable. A Stock Option Agreement may provide for accelerated exercisability in the event of the Optionee's death, Total and Permanent Disability or retirement or other events.

(f) *Effect of Change in Control.* The Committee may determine, at the time of granting an Option or thereafter, that such Option shall become exercisable on an accelerated basis in the event that a Change in Control occurs with respect to the Company. If the Committee finds that there is a reasonable possibility that, within the succeeding six months, a Change in Control will occur with respect to the Company, then the Committee may determine that all outstanding Options shall be exercisable on an accelerated basis.

(g) *Term.* The Stock Option Agreement shall specify the term of the Option. The term shall not exceed 10 years from the date of grant, except as otherwise provided in Section 4(b). Subject to the preceding sentence, the Committee at its sole discretion shall determine when an Option is to expire.

(h) *Nontransferability.* Except as may be provided in the applicable Stock Option Agreement with respect to a Nonstatutory Option, no Option shall be transferable by the Optionee other than by will, by beneficiary designation delivered to the Company, or by the laws of descent and distribution. An Option may be exercised during the lifetime of the Optionee only by the Optionee or by the Optionee's guardian or legal representative. No Option or interest therein may be transferred, assigned, pledged or hypothecated by the

Optionee during his or her lifetime, whether by operation of law or otherwise, or be made subject to execution, attachment or similar process.

(i) *Termination of Service (Except by Death)*. Except as may be provided in the applicable Stock Option Agreement, if an Optionee's Service terminates for any reason other than the Optionee's death, then such Optionee's Option(s) shall expire on the earliest of the following occasions:

(i) The expiration date determined pursuant to Subsection (g) above;

(ii) The date 90 days after the termination of the Optionee's Service for any reason other than Total and Permanent Disability; or

(iii) The date six months after the termination of the Optionee's Service by reason of Total and Permanent Disability.

The Optionee may exercise all or part of his or her Option(s) at any time before the expiration of such Option(s) under the preceding sentence, but only to the extent that such Option(s) had become exercisable before the Optionee's Service terminated or became exercisable as a result of the termination. The balance of such Option(s) shall lapse when the Optionee's Service terminates. In the event that the Optionee dies after the termination of the Optionee's Service but before the expiration of the Optionee's Option(s), all or part of such Option(s) may be exercised (prior to expiration) by the executors or administrators of the Optionee's estate or by any person who has acquired such Option(s) directly from the Optionee by bequest, beneficiary designation or inheritance, but only to the extent that such Option(s) had become exercisable before the Optionee's Service terminated or became exercisable as a result of the termination.

(j) *Leaves of Absence*. Except as may be provided in the applicable Stock Option Agreement, for purposes of Subsection (i) above, Service shall be deemed to continue while the Optionee is on military leave, sick leave or other bona fide leave of absence (as determined by the Committee). The foregoing notwithstanding, in the case of an ISO granted under the Plan, Service shall not be deemed to continue beyond the first 90 days of such leave, unless the Optionee's reemployment rights are guaranteed by statute or by contract.

(k) *Death of Optionee*. Except as may be provided in the applicable Stock Option Agreement, if an Optionee dies while he or she is in Service, then such Optionee's Option(s) shall expire on the earlier of the following dates:

(i) The expiration date determined pursuant to Subsection (g) above; or

(ii) The date six months after the Optionee's death.

All or part of the Optionee's Option(s) may be exercised at any time before the expiration of such Option(s) under the preceding sentence by the executors or administrators of the Optionee's estate or by any person who has acquired such Option(s) directly from the Optionee by bequest, beneficiary designation or inheritance, but only to the extent that such Option(s) had become exercisable before the Optionee's death or became

Edgar Filing: INCYTE CORP - Form DEF 14A

exercisable as a result of the Optionee's death. The balance of such Option(s) shall lapse when the Optionee dies.

(l) *No Rights as a Stockholder.* An Optionee, or a transferee of an Optionee, shall have no rights as a stockholder with respect to any Shares covered by his or her Option until he or she becomes entitled, pursuant to the terms of such Option, to receive such Shares. No adjustments shall be made, except as provided in Section 9.

(m) *Modification, Extension and Assumption of Options.* Within the limitations of the Plan, the Committee may modify, extend or assume outstanding Options or may accept the cancellation of outstanding Options (whether granted by the Company or another issuer) in return for the grant of new Options for the same

or a different number of Shares and at the same or a different Exercise Price; provided, however, that the Committee may not modify outstanding Options to lower the Exercise Price nor may the Committee assume or accept the cancellation of outstanding Options in return for the grant of new Options with a lower Exercise Price, unless such action has been approved by the Company's stockholders. The foregoing notwithstanding, no modification of an Option shall, without the consent of the Optionee, impair such Optionee's rights or increase his or her obligations under such Option.

(n) *Restrictions on Transfer of Shares.* Any Shares issued upon exercise of an Option may be subject to such special forfeiture conditions, rights of repurchase, rights of first refusal and other transfer restrictions as the Committee may determine. Such restrictions shall be set forth in the applicable Stock Option Agreement and shall apply in addition to any general restrictions that may apply to all holders of Shares.

SECTION 8. PAYMENT FOR SHARES.

(a) *General Rule.* The entire Purchase Price or Exercise Price of Shares issued under the Plan shall be payable in lawful money of the United States of America at the time when such Shares are purchased, except as provided in Subsections (b), (c), (d), (e) and (f) below.

(b) *Surrender of Stock.* To the extent that a Stock Option Agreement so provides, payment may be made all or in part with Shares which have already been owned by the Optionee or the Optionee's representative for more than six months and which are surrendered to the Company in good form for transfer. Such Shares shall be valued at their Fair Market Value on the date when the new Shares are purchased under the Plan.

(c) *Services Rendered.* At the discretion of the Committee, Shares may be awarded under the Plan in consideration of services rendered to the Company or a Subsidiary prior to the award. If Shares are awarded without the payment of a Purchase Price in cash, the Committee shall make a determination (at the time of the award) of the value of the services rendered by the Offeree and the sufficiency of the consideration to meet the requirements of Section 6(c).

(d) *Promissory Note.* To the extent that a Stock Option Agreement or Stock Purchase Agreement so provides, a portion of the Exercise Price or Purchase Price (as the case may be) of Shares issued under the Plan may be paid with a full-recourse promissory note, provided that (i) the par value of such Shares must be paid in lawful money of the United States of America at the time when such Shares are purchased, (ii) the Shares are pledged as security for payment of the principal amount of the promissory note and interest thereon and (iii) the interest rate payable under the terms of the promissory note shall not be less than the minimum rate (if any) required to avoid the imputation of additional interest under the Code. Subject to the foregoing, the Committee (at its sole discretion) shall specify the term, interest rate, amortization requirements (if any) and other provisions of such note.

(e) *Exercise/Sale.* To the extent that a Stock Option Agreement so provides, payment may be made all or in part by the delivery (on a form prescribed by the Company) of an irrevocable direction to a securities broker approved by the Company to sell Shares and to deliver all or part of the sales proceeds to the Company in payment of all or part of the Exercise Price and any withholding taxes.

(f) *Exercise/Pledge.* To the extent that a Stock Option Agreement so provides, payment may be made all or in part by the delivery (on a form prescribed by the Company) of an irrevocable direction to pledge Shares to a securities broker or lender approved by the Company, as security for a loan, and to deliver all or part of the loan proceeds to the Company in payment of all or part of the Exercise Price and any withholding

taxes.

A-8

SECTION 9. ADJUSTMENT OF SHARES.

(a) *General.* In the event of a subdivision of the outstanding Stock, a declaration of a dividend payable in Shares, a declaration of a dividend payable in a form other than Shares in an amount that has a material effect on the value of Shares, a combination or consolidation of the outstanding Stock into a lesser number of Shares, a recapitalization, a spinoff, a reclassification or a similar occurrence, the Committee shall make appropriate adjustments in one or more of (i) the number of Shares available for future grants under Section 5, (ii) the limit set forth in Section 7(b), (iii) the number of Shares covered by each outstanding Option or (iv) the Exercise Price under each outstanding Option.

(b) *Reorganizations.* In the event that the Company is a party to a merger or other reorganization, outstanding Options shall be subject to the agreement of merger or reorganization. Such agreement may provide, without limitation, (i) for the assumption of outstanding Options by the surviving corporation or its parent, (ii) for their continuation by the Company, if the Company is a surviving corporation, (iii) for payment of a cash settlement equal to the difference between the amount to be paid for one Share pursuant to such agreement and the Exercise Price or (iv) for the acceleration of their exercisability followed by the cancellation of Options not exercised, in all cases without the Optionees' consent. Any cancellation shall not occur until after such acceleration is effective and Optionees have been notified of such acceleration.

(c) *Reservation of Rights.* Except as provided in this Section 9, an Optionee or Offeree shall have no rights by reason of (i) any subdivision or consolidation of shares of stock of any class, (ii) the payment of any dividend or (iii) any other increase or decrease in the number of shares of stock of any class. Any issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or Exercise Price of Shares subject to an Option. The grant of an Option pursuant to the Plan shall not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, to merge or consolidate or to dissolve, liquidate, sell or transfer all or any part of its business or assets.

SECTION 10. SECURITIES LAWS.

Shares shall not be issued under the Plan unless the issuance and delivery of such Shares comply with (or are exempt from) all applicable requirements of law, including (without limitation) the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, state securities laws and regulations, and the regulations of any stock exchange on which the Company's securities may then be listed.

SECTION 11. NO EMPLOYMENT RIGHTS.

No provision of the Plan, nor any right or Option granted under the Plan, shall be construed to give any person any right to become, to be treated as, or to remain an Employee. The Company and its Subsidiaries reserve the right to terminate any person's Service at any time and for any reason.

SECTION 12. DURATION AND AMENDMENTS.

(a) *Term of the Plan.* The Plan, as amended as set forth herein, shall become effective as of March 11, 2008, subject to approval of the Company's stockholders. The Plan shall terminate automatically on February 15, 2011 and may be terminated on any earlier date pursuant to Subsection (b) below.

(b) *Right to Amend or Terminate the Plan.* The Board of Directors may amend, suspend or terminate the Plan at any time and for any reason. An amendment of the Plan shall be subject to the approval of the Company's stockholders to the extent required by applicable laws, regulations, rules, listing standards or other requirements, including (without limitation) Rule 16b-3 under the Exchange Act. Stockholder approval shall not be required for any other amendment of the Plan.

(c) *Effect of Amendment or Termination.* No Shares shall be issued or sold under the Plan after the termination thereof, except upon exercise of an Option granted prior to such termination. The termination of the Plan, or any amendment thereof, shall not affect any Share previously issued or any Option previously granted under the Plan.

SECTION 13. EXECUTION.

To record the Plan as amended by the Board of Directors on April 3, 2008, the Company has caused its authorized officer to execute the same.

However, if the subscription agreement is not received at least five (5) business days prior to such payroll, the decrease shall become effective as of the first payroll of the second succeeding calendar month. The Administrator may, in its discretion, limit the number of participation rate changes during any Offering Period. Subject to the foregoing, a participant's subscription agreement shall remain in effect for successive Offering Periods unless terminated as provided in Section 10 hereof.

No fractional shares shall be purchased; any payroll deductions accumulated in a participant's account which are not sufficient to purchase a full share shall be retained in the participant's account for the subsequent Purchase Period or Offering Period, subject to earlier withdrawal by the participant as provided in Section 10 hereof. Any other monies left over in a participant's account after the Exercise Date shall be returned to the participant. 9. **Delivery.** As promptly as practicable after each Exercise Date on which a purchase of shares occurs, a share certificate or certificates representing the number of shares of Common Stock so purchased shall be delivered to a brokerage account designated by the Company and kept in such account pursuant to a subscription agreement between each participant and the Company and subject to the conditions described therein which may include a requirement that shares be held and not sold for certain time periods, or the Company shall establish some other means for such participants to receive ownership of the shares.

10. **Discontinuation; Withdrawal.**

(a) **A participant may discontinue his or her participation in the Plan only by withdrawing from the Plan as provided in this Section 10. Such notice must be received by the Company no later than 2:00 p.m. Pacific Standard Time on the second Trading Day preceding the Exercise Date. All of the participant's payroll deductions credited to his or her account shall be paid to such participant promptly after receipt of notice of withdrawal and such participant's option for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for such Offering Period. If a participant withdraws from an Offering Period, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the participant delivers to the Company a new subscription agreement in accordance with Section 5(a).**

(b) **A participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the participant withdraws from the Plan, subject to compliance with Section 5(a).**

11. Termination of Employment.

Upon a participant's ceasing to be an Employee, for any reason, he or she shall be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account during the Offering Period but not yet used to exercise the option shall be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 15 hereof, and such participant's option shall be automatically terminated.

12. **Interest. No interest shall accrue on the payroll deductions of a participant in the Plan.**

13. **Stock.**

(a) **The maximum number of shares of Common Stock which shall be made available for sale under the Plan shall be four million six hundred thousand (4,600,000) shares, subject to adjustment upon changes in capitalization of the Company as provided in Section 18 hereof. If, on a given Exercise Date, the number of shares with respect to which options are to be exercised exceeds the number of shares then**

available under the Plan, the Company shall make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable.

(b) **The participant shall have no interest or voting right in shares covered by his option until such option has been exercised.**

(c) **Shares purchased by a participant under the Plan shall be registered in the name of the participant or in the name of the participant and his or her spouse.**

14. **Administration. The Plan shall be administered by the Administrator. The Administrator shall have full and exclusive discretionary authority to adopt such rules, guidelines and forms as it deems appropriate to implement the Plan, to construe, interpret and apply the terms of the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. Every finding, decision and determination made by the Administrator shall, to the full extent permitted by law, be final and binding upon all parties.**

15. **Designation of Beneficiary.**

(a) **A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.**

(b) **Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.**

16. **Transferability. Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares**

under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering Period in accordance with Section 10 hereof.

17. **Use of Funds. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.**

18. **Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale.**

(a) **Changes in Capitalization.** Subject to any required action by the stockholders of the Company, the Reserves, the maximum number of shares each participant may purchase each Purchase Period (pursuant to Section 7), as well as the Purchase Price per share and the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or

decrease in the number of outstanding shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration . Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

(b) **Dissolution or Liquidation.** In the event of the proposed dissolution or liquidation of the Company, the Offering Periods shall terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Board.

(c) **Merger or Asset Sale.** In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, limited liability company or other entity, the Plan shall terminate upon the date of the consummation of such transaction and any Purchase Periods then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date) and any Offering Periods then in progress shall end on the New Exercise Date, unless the plan of merger, consolidation or reorganization provides otherwise. The New Exercise Date shall be determined by the Board in its sole discretion; provided, that the New Exercise Date shall be before the date of the Company s proposed sale or merger. The Administrator shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant s option has been changed to the New Exercise Date and that the participant s option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof. The Plan shall in no event be construed to restrict the

Company's right to undertake any liquidation, dissolution, merger, consolidation or other reorganization.

19. **Amendment or Termination.**

(a) **The Board may at any time and for any reason terminate or amend the Plan. Except as provided in Section 18 hereof, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Board on any Exercise Date if the Board determines that the termination of the Plan is in the best interests of the Company and its stockholders. Except as provided in Section 18 hereof, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law, regulation or stock exchange rule), the Company shall obtain stockholder approval in such a manner and to such a degree as required.**

(b) **Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Administrator shall be entitled to change the Offering Periods or Purchase Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Administrator determines in its sole discretion advisable which are consistent**

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

22. **No Rights As An Employee. Nothing in the Plan or in any right granted under the Plan shall confer upon a participant any right to continue in the employ of the Company or any Designated Subsidiary for any period of specific duration or interfere with or otherwise restrict in any way the rights of the Company or any Designated Subsidiary or of a participant, which rights are hereby expressly reserved by each, to terminate his or her employment at any time and for any reason, with or without cause.**
