PROXY STATEMENT**

The Board of Directors (the "Board") of Exact Sciences Corporation (the "Company," "Exact," "we," "us" or "our") is providing these materials to you in connection with Exact's annual meeting of stockholders. The annual meeting will take place on Thursday, July 28, 2011, at 10:00 a.m., local time, at the MG&E Innovation Center, 510 Charmany Drive, Room 50, Madison, Wisconsin 53719.

General Information

Why am I receiving these materials?

You have received these proxy materials because our Board of Directors is soliciting your proxy to vote your shares at the annual meeting. The proxy statement includes information that we are required to provide you under Securities and Exchange Commission ("SEC") rules and is designed to assist you in voting your shares.

What is a proxy?

Our Board of Directors is asking for your proxy. This means you authorize persons selected by us to vote your shares at the annual meeting in the way that you instruct. All shares represented by valid proxies received before the annual meeting will be voted in accordance with the stockholder's specific voting instructions.

What is included in these materials?

These materials include:

the Proxy Statement for Exact's annual meeting;

a proxy card for the annual meeting; and

the 2010 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the year ended December 31, 2010.

What items will be voted on at the annual meeting?

There are four proposals scheduled to be voted on at the annual meeting:

the election of the two directors nominated by our Board of Directors as Class II directors to serve until the 2014 annual meeting of stockholders;

the advisory vote on the compensation paid to our executive officers;

Table of Contents

the advisory vote on the frequency of future advisory votes on the compensation paid to our executive officers; and

the ratification of the Audit Committee's appointment of Grant Thornton LLP ("Grant Thornton") as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

The Board of Directors is not aware of any other matters to be brought before the meeting. If other matters are properly raised at the meeting, the proxy holders may vote any shares represented by proxy in their discretion.

What are the board's voting recommendations?

Our Board of Directors recommends that you vote your shares:

FOR the two directors nominated by our Board of Directors as Class II directors to serve until the 2014 annual meeting of stockholders;

FOR the approval of the advisory regarding the compensation paid to our executive officers;

EVERY THREE YEARS for the proposal regarding the frequency of holding an advisory vote on the compensation paid to our executive officers; and

FOR the ratification of the Audit Committee's appointment of Grant Thornton as our independent registered public accounting firm for 2011.

Who can attend the annual meeting?

Admission to the annual meeting is limited to:

stockholders as of the close of business on May 31, 2011;

holders of valid proxies for the annual meeting; and

our invited guests.

Each stockholder may be asked to present valid picture identification such as a driver's license or passport and proof of stock ownership as of the record date.

When is the record date and who is entitled to vote?

The Board of Directors set May 31, 2011 as the record date. All record holders of Exact common stock as of the close of business on that date are entitled to vote. Each share of common stock is entitled to one vote. As of the record date, there were [] shares of common stock outstanding.

What is a stockholder of record?

A stockholder of record or registered stockholder is a stockholder whose ownership of Exact stock is reflected directly on the books and records of our transfer agent, American Stock Transfer and Trust Company, LLC. If you hold stock through an account with a bank, broker or similar organization, you are considered the beneficial owner of shares held in "street name" and are not a stockholder of record. For shares held

Edgar Filing: EXACT SCIENCES CORP - Form DEF 14A

in street name, the stockholder of record is your bank, broker or similar organization. We only have access to ownership records for the registered shares. If you are not a

Table of Contents

stockholder of record, we will require additional documentation to evidence your stock ownership as of the record date, such as a copy of your brokerage account statement, a letter from your broker, bank or other nominee or a copy of your notice or voting instruction card. As described below, if you are not a stockholder of record, you will not be able to vote your shares unless you have a proxy from the stockholder of record authorizing you to vote your shares.

How do I vote?

You may vote by any of the following methods:

In person. Stockholders of record and beneficial stockholders with shares held in street name may vote in person at the meeting. If you hold shares in street name, you must also obtain a proxy from the stockholder of record authorizing you to vote your shares.

By mail. You may vote by signing and returning the proxy card or voting instruction card provided.

Beneficial owners of shares held in "street name." You may vote by following the voting instructions provided to you by your bank or broker.

How can I change or revoke my vote?

You may change or revoke your vote as follows:

Stockholders of record. You may change or revoke your vote by submitting a written notice of revocation to Exact Sciences Corporation c/o Secretary at 441 Charmany Drive, Madison, Wisconsin 53719 or by submitting another vote on or before July 27, 2011.

Beneficial owners of shares held in "street name." You may change or revoke your voting instructions by following the specific directions provided to you by your bank or broker.

What happens if I do not give specific voting instructions?

Stockholders of record. If you are a stockholder of record and you sign and return a proxy card without giving specific voting instructions then the proxy holders will vote your shares in the manner recommended by the Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion for any other matters properly presented for a vote at the meeting.

Beneficial owners of shares held in "street name." If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is referred to as a "broker non-vote."

Which ballot measures are considered "routine" or "non-routine"?

The election of directors ("Proposal 1"), the advisory vote on the compensation paid to our executive officers ("Proposal 2") and the advisory vote on the frequency of holding an advisory vote on

Table of Contents

the compensation paid to our executive officers ("Proposal 3") are considered to be non-routine matters under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals 1, 2 and 3.

The ratification of the appointment of Grant Thornton as our independent registered public accounting firm for 2011 ("Proposal 4") is considered to be a routine matter under applicable rules. A broker or other nominee may generally vote on routine matters, and we do not expect there to be any broker non-votes with respect to Proposal 4.

What is the quorum for the annual meeting?

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote is necessary for the transaction of business at the annual meeting. This is called a quorum.

What is the voting requirement to approve each of the proposals?

The following are the voting requirements for each proposal:

Proposal 1, Election of Directors. The two nominees receiving the highest number of votes will be elected as Class II directors to serve until the 2014 annual meeting of stockholders.

Proposal 2, Advisory Vote on Executive Compensation. The compensation paid to our executive officers will be considered approved if a majority of the votes of stockholders present or represented, in person or by proxy, and voting on this matter are cast in favor of the proposal.

Proposal 3, Advisory Vote on Frequency of Holding an Advisory Vote on Executive Compensation. If the majority of the votes of stockholders present or represented, in person or by proxy, and voting on this matter are cast in favor of a particular frequency alternative (whether every year, every two years or every three years), such frequency will be considered to be the recommendation of the stockholders on the advisory vote regarding the frequency of holding an advisory vote on executive compensation.

Proposal 4, Ratification of Appointment of Independent Registered Public Accounting Firm. The ratification of the Audit Committee's appointment of Grant Thornton as our independent registered public accounting firm for 2011 will be approved if a majority of stockholders present or represented, in person or by proxy, and voting on this matter are cast in favor of the proposal.

How are abstentions and broker non-votes treated?

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. Broker non-votes and abstentions are not counted as votes cast on any proposal considered at the annual meeting and, therefore, will have no effect on the proposals regarding the election of directors and the advisory votes on the compensation of our executive officers and the frequency of future advisory votes on executive compensation. We expect no broker non-votes on the proposal regarding the ratification of the appointment of Grant Thornton as our independent registered public accounting firm for 2011, and abstentions will have no effect on this proposal.

Table of Contents

Who pays for solicitation of proxies?

We are paying the cost of soliciting proxies. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for sending proxy materials to stockholders and obtaining their votes. In addition to soliciting the proxies by mail, certain of our directors, officers and regular employees, without compensation, may solicit proxies personally or by telephone, facsimile and email.

Where can I find the voting results of the annual meeting?

We will announce preliminary or final voting results at the annual meeting and publish final results in a Form 8-K filed with the SEC within four business days following the meeting.

What is the deadline to propose actions for consideration or to nominate individuals to serve as directors at the 2012 annual meeting of stockholders?

Stockholder proposals to be considered for inclusion in the proxy statement and form of proxy relating to the 2012 annual meeting of stockholders must be received no later than February 14, 2012. CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Board Independence

The Board of Directors has determined that each of James P. Connelly, Sally W. Crawford, Daniel J. Levangie, Katherine Napier, Lionel N. Sterling and David A. Thompson is an independent director within the meaning of the director independence standards of The NASDAQ Stock Market, Inc. ("NASDAQ"). Furthermore, the Board has determined that all of the members of the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are independent within the meaning of the director independence standards of NASDAQ and the rules of the SEC applicable to each such committee.

Executive Sessions of Independent Directors

Executive sessions of our independent directors are generally held following each regularly scheduled in-person meeting of the Board of Directors. Executive sessions do not include any non-independent directors and are led by the chairman of the Board of Directors, who is independent. The independent directors of the Board of Directors met in executive session four times in 2010.

Board Leadership Structure

The Board of Directors has an independent chairman, meaning that the positions of chairman of the Board of Directors and Chief Executive Officer are not held by a single individual. The Board of Directors believes that having an independent chairman is beneficial in that it ensures that management is subject to independent and objective oversight and the independent directors have an active voice in the governance of the Company.

Policy Governing Security Holder Communications with the Board of Directors

Any of our security holders who wish to communicate directly with the Board, the independent directors of the Board or any individual member of the Board may do so by sending such communication by certified mail addressed to the Chairman of the Board, as a representative of the entire Board of Directors or the independent directors of the Board, or to the individual director or directors, in each case, c/o Secretary, Exact Sciences Corporation, 441 Charmany Drive, Madison, Wisconsin 53719. We will forward any such security holder communication to the Chairman of the Board and/or to the director to whom the communication is addressed on a periodic basis.

Policies Regarding Director Nominations

Director Qualifications

The Corporate Governance and Nominating Committee is responsible for identifying the appropriate qualifications, skills and characteristics desired of members of the Board of Directors in the context of the needs of the business and the current composition and needs of the Board of Directors.

Director candidates are considered based upon a variety of criteria, including demonstrated business and professional skills and experiences relevant to our business and strategic direction, concern for long-term stockholder interests, personal integrity and sound business judgment. The Board of Directors seeks members from diverse professional backgrounds who combine a broad spectrum of relevant industry and strategic experience and expertise that, in concert, offer us and our stockholders diversity of opinion and insight in the areas most important to us and our corporate mission. In addition, nominees for director are selected to have complementary, rather than overlapping, skill sets. However, the Corporate Governance and Nominating Committee does not have a formal policy concerning the diversity of the Board of Directors. All candidates for director nominee must have time available to devote to the activities of the Board of Directors. The Corporate Governance and Nominating Committee also considers the independence of candidates for director nominee, including the appearance of any conflict in serving as a director. Candidates for director nominees who do not meet all of these criteria may still be considered for nomination to the Board of Directors, if the Corporate Governance and Nominating Committee believes that the candidate will make an exceptional contribution to us and our stockholders.

Process for Identifying and Evaluating Director Nominees

The Board of Directors is responsible for selecting nominees for election to the Board of Directors by the stockholders. The Board of Directors delegates the selection process to the Corporate Governance and Nominating Committee, with the expectation that other members of the Board of Directors, and of management, may be requested to take part in the process as appropriate. Generally, the Corporate Governance and Nominating Committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisers, through the recommendations submitted by other directors or stockholders or through such other methods as the Corporate Governance and Nominating Committee deems appropriate. Once candidates have been identified, the Corporate Governance and Nominating Committee confirms that the candidates meet the qualifications for director nominees established by the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks, or any other means that the Corporate Governance and Nominating Committee deems to be helpful in the evaluation process. The Corporate Governance and Nominating Committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board of Directors. Based on the results of the evaluation process, the Corporate Governance and Nominating Committee recommends candidates for the Board of Directors' approval as director nominees for election to the Board of Directors. The Corporate Governance and Nominating Committee also recommends candidates for the Board of Directors' appointment to the standing committees of the Board of Directors.

Procedures for Recommendation of Director Nominees by Stockholders

The policy of the Corporate Governance and Nominating Committee is to consider properly submitted stockholder recommendations for director candidates. a description of the material terms of any agreements, arrangements or understandings (whether or not in writing) entered into between such stockholder or such beneficial owner and any other person for the purpose of acquiring, holding, disposing or voting of any shares of any class of our equity;

the name of the individual recommended for consideration as a director nominee;

why such recommended candidate meets our criteria and would be able to fulfill the duties of a director;

how the recommended candidate meets applicable independence requirements established by the SEC and NASDAQ;

the recommended candidate's beneficial ownership in our securities;

any relationships between the recommended candidate and us which may constitute a conflict of interest; and

all other information relating to the recommended candidate that would be required to be disclosed in solicitations of proxies for the election of directors or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act, including the recommended candidate's written consent to being named in the proxy statement as a nominee and to serving as a director if approved by the Board of Directors and elected.

Recommendations must be sent to the Chairman of the Corporate Governance and Nominating Committee, c/o Secretary, Exact Sciences Corporation, 441 Charmany Drive, Madison, Wisconsin 53719. The Secretary must receive any such recommendation for nomination not later than the close of business on the 120th day nor earlier than the close of business on the 150th day prior to the first anniversary of the date of the proxy statement delivered to stockholders in connection with the preceding year's annual meeting of stockholders; provided, however, that with respect to a special meeting of stockholders called by us for the purpose of electing directors to the Board of Directors, the Secretary must receive any such recommendation not earlier than the 90th day prior to such special meeting nor later than the later of (1) the close of business on the 60th day prior to such special meeting or (2) the close of business on the 10th day following the day on which a public announcement is first made regarding such special meeting. We will promptly forward any such nominations to the Corporate Governance and Nominating Committee. Once the Corporate Governance and Nominating

Policy Governing Director Attendance at Annual Meetings of Stockholders

Additionally, the Audit Committee assists the Board in its oversight of the Company's compliance with legal and regulatory matters. The Compensation Committee reviews incentive compensation arrangements to confirm that incentive pay does not encourage the taking of unnecessary risks. At least annually, the Compensation Committee reviews and discusses the relationship between risk management policies and practices, corporate strategy and executive compensation. The Innovation and Technology Committee regularly consults with the Board of Directors concerning the risks related to the management and commercialization of the Company's product technologies.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls and the certification of the integrity and reliability of the Company's internal controls procedures. In fulfilling its oversight responsibilities, the Audit Committee has reviewed the Company's audited balance sheets at December 31, 2010 and 2009 and the related statements of operations, stockholders' equity and cash flows for each of the three years in the period ended December 31, 2010, and has discussed them with both management and Grant Thornton, the Company's independent registered public accounting firm. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communications with Audit Committees), as currently in effect. The Audit Committee has reviewed permitted services under rules of the SEC as currently in effect and discussed with Grant Thornton its independence from management and the Company, including the matters in the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee has also considered and discussed the compatibility of non-audit services provided by Grant Thornton with that firm's independence.

COMPENSATION AND OTHER INFORMATION CONCERNING DIRECTORS AND OFFICERS

Compensation Discussion and Analysis

Objectives of Our Executive Compensation Programs

Our compensation programs for our executive officers are designed to achieve the following objectives:

Focus executive behavior on achievement of our annual and long-term objectives and strategy;

Provide a competitive compensation package that enables us to attract and retain, on a long-term basis, talented executives;

Provide a total compensation structure that the Compensation Committee believes is at least comparable with similarly-sized companies in the biotechnology industry for which we would compete for talent and which consists of a mix of base salary, cash incentives and equity; and

Align the interests of management and stockholders by providing management with longer-term incentives through equity ownership.

Table of Contents

Elements of Executive Compensation

Our executive compensation program consists of three primary elements: salary, long-term equity interest, primarily in the form of stock options, and a cash bonus opportunity based on both corporate and individual performance. Pursuant to their employment agreements, certain of our executive officers participate in a long-term incentive plan that provides for certain cash payments upon certain changes of control of the Company. All of our executive officers are also eligible for certain benefits offered to employees generally, including, life, health, disability and dental insurance, as well as participation in our 401(k) plan and 2010 Employee Stock Purchase Plan. We do not believe it is necessary for the attraction or retention of management talent to provide executive officers with compensation in the form of perquisites.

Determining Executive Compensation

It is the responsibility of the Compensation Committee to administer our compensation practices, to ensure that they are competitive, financially prudent and that they include incentives that are designed to appropriately drive performance. To achieve this, the Compensation Committee periodically reviews commercially available, industry specific survey data for companies of generally similar employee size and complexity in the biotechnology and biopharmaceutical industries as a general guide for establishing its pay and equity practices and structures. The Compensation Committee, along with the Board of Directors, also reviews and approves corporate objectives used in our executive compensation program to confirm that appropriate goals have been established and tracks performance against them.

The Compensation Committee conducts an annual review of performance and compensation during the first quarter of each year for the purpose of determining the compensation of executive officers other than the Chief Executive Officer. As part of this review, the Chief Executive Officer submits recommendations to the Compensation Committee relating to the compensation of these officers. Following a review of these recommendations, the Compensation Committee approves the compensation of these officers, with such modifications to the Chief Executive Officer's recommendations as the Compensation Committee considers appropriate.

The Compensation Committee's review of the Chief Executive Officer's compensation is subject to separate procedures. With input from members of the entire Board of Directors, the Chairman of the Board, along with the Chairman of the Corporate Governance and Nominating Committee and Chairman of the Compensation Committee, evaluates the Chief Executive Officer's performance and reviews the evaluation with him. Based on that evaluation and review, the Compensation Committee then consults with its independent compensation consultant and determines the Chief Executive Officer's compensation. The Chief Executive Officer is excused from meetings of the Compensation Committee during voting or deliberations regarding his compensation.

In early 2009, the Compensation Committee engaged DolmatConnell & Partners to assist in the development of the compensation packages for our new President and Chief Executive Officer, Kevin T. Conroy, and new Senior Vice President and Chief Financial Officer, Maneesh K. Arora. In late 2009, the Compensation Committee engaged Radford to conduct a competitive assessment of the Company's executive compensation program. Each of these consultants reported directly to the Compensation Committee and did not provide any services to the Company other than the services provided to the Compensation Committee.

Analysis of Executive Compensation

We believe successful long term Company performance is more critical to enhancing stockholder value than short term results. For this reason and to conserve cash and better align the interests of management and stockholders, we emphasize long term equity compensation (consisting primarily of stock option awards) over annual salary and incentive compensation awards.

In late 2009 and early 2010, with the assistance of Radford we analyzed our executive compensation program keeping in mind the following key factors:

Each of our Chief Executive Officer, Chief Financial Officer and Chief Science Officer is a high-profile accomplished executive who joined the Company in 2009.

Following the completion of our strategic transaction with Genzyme in January 2009 and the departure of our former chief executive officer and chief financial officer shortly thereafter, our new executive team was charged with reformulating our basic business strategies and objectives.

We are a growth company.

At hire in 2009, our new executive officers accepted pay packages with lower cash compensation in exchange for increased equity in the form of stock option grants.

Radford analyzed the components of our executive compensation program against a peer group of companies. The peer group consisted of two different types of companies:

publicly traded diagnostics and biotechnology companies generally with less than 200 employees and market capitalization between \$50 million and \$450 million; and

a broader group of public life sciences companies with less than 100 employees.

Table of Contents

The companies in the peer group were:

Company	Product Focus
Acadia Pharmaceuticals	Central Nervous Systems
Anadys Pharmaceuticals	Hepatitis
ARIAD Pharmaceuticals	Oncology
ArQule	Oncology
AspenBio Pharma	General Diseases
BioCryst Pharmaceuticals	Infectious Diseases
Celldex Therapeutics	Oncology/General Diseases
Cytokinetics	Medical Therapeutics
EntreMed Oncology	Oncology Inflammatory Diseases
GenVec	Vaccines
Icagen	General Diseases
Idera Pharmaceuticals	Infectious/Autoimmune/Inflammatory Diseases
Immunomedics	Medical Therapeutics
Nanosphere	Medical Diagnostics
Oculus Innovative Sciences	Chronic/Acute Wounds
OncoGenex Pharmaceuticals	Oncology
Palatin Technologies	General Diseases
Sangamo BioSciences	Gene Modification
SenoRx	Medical Diagnostics
Sequenom	Medical Diagnostics
Synta Pharmaceuticals	Oncology / Inflammatory Diseases
Vical	General Diseases

Based on this January 2010 analysis, we reached the following conclusions regarding our executive compensation program:

Aggregate base salary levels for the named executive officers were slightly below the 25th percentile for the peer group (target philosophy is between 25th and 50th percentile).

Aggregate target cash compensation (base salary plus annual incentive award) levels for the named executive officers was slightly below the 25th percentile for the peer group (target philosophy is between 40th and 50th percentile).

Aggregate executive potential equity ownership levels (comprised primarily of inducement stock option awards granted pursuant to employment agreements) for the named executive officers approximated the 90th percentile for the peer group (target philosophy is between 60th and 75th percentile).

Employment Agreements with New Executive Officers

In April 2009, Kevin T. Conroy and Maneesh K. Arora joined us as our new President and Chief Executive Officer and Senior Vice President and Chief Financial Officer, respectively. In August 2009, Graham P. Lidgard joined us as our new Senior Vice President, Chief Scientific Officer and Barry Berger was appointed as our Senior Vice President, Chief Medical Officer. In connection with each of these appointments we entered into an employment agreement under which we agreed to certain compensation arrangements and severance and change in control benefits.

Table of Contents

The compensation packages for Messrs. Conroy and Arora were established by the Compensation Committee with assistance from DolmatConnell & Partners, a compensation consultant. The compensation packages for Drs. Lidgard and Berger were designed to be consistent with those of Messrs. Conroy and Arora. Each of these packages was determined based on negotiations with the applicable executive officer and taking into account his background and qualifications and the nature of his position. We believe that these compensation packages are appropriate in light of the intense competition for top executives in the biotechnology field and among similarly situated companies, and that the terms of these arrangements are consistent with our executive compensation goals, including the balancing of short-term and long-term compensation to properly motivate our executive officers.

Conroy Employment Agreement

Mr. Conroy's employment agreement provides for a base salary of \$340,000 and for a target bonus opportunity equal to 50 percent of his base salary, with the exact amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by the Compensation Committee. Mr. Conroy was also granted an option to purchase 2.5 million shares of our common stock at an exercise price of \$0.83 (the closing price of our common stock on the NASDAQ Capital Market on the date Mr. Conroy was hired).

Under his agreement, Mr. Conroy would be entitled to certain payments and benefits in connection with certain termination events or a change of control as described under "*Potential Payments Upon Termination or Change of Control*" beginning on page 28 below. The agreement also prohibits Mr. Conroy from engaging in certain activities involving competition with us for an 18-month period following termination of his employment with the Company.

Arora Employment Agreement

Mr. Arora's employment agreement provides for a base salary of \$240,000 and for a target bonus opportunity equal to 40 percent of his base salary, with the exact amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by the Compensation Committee. Mr. Arora was also granted an option to purchase 1.25 million shares of our common stock, at an exercise price of \$0.83 (the closing price of our common stock on the NASDAQ Capital Market on the date Mr. Arora was hired).

Under his agreement, Mr. Arora would be entitled to certain payments and benefits in connection with certain termination events or a change of control as described under "*Potential Payments Upon Termination or Change of Control*" beginning on page 28 below. The agreement also prohibits Mr. Arora from engaging in certain activities involving competition with us for an 18-month period following termination of his employment with the Company.

Lidgard Employment Agreement

Dr. Lidgard's employment agreement provides for a base salary of \$275,000 and for a target bonus opportunity equal to 40 percent of his base salary, with the exact amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by the Compensation Committee. In addition, Dr. Lidgard received a \$70,000 payment to reimburse him for relocation expenses associated with his move to Wisconsin. Dr. Lidgard was also granted an option to purchase 600,000 shares of our common stock, at an exercise price of \$2.88 (the closing price of our common stock on the NASDAQ Capital Market on the date Dr. Lidgard was hired).

The agreement also prohibits Dr. Lidgard from engaging in certain activities involving competition with us for an 18-month period following termination of his employment with the Company.

Berger Employment Agreement

Dr. Berger's original employment agreement provided for a base salary of \$230,000 and for a target bonus opportunity equal to 40 percent of his base salary, with the exact amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by the Compensation Committee. In October 2010, Dr. Berger moved into the role of Vice President of Medical Affairs and entered into a revised employment agreement under which his time commitment was reduced to four days a week and his compensation and severance benefits were reduced in light of his reduced responsibilities.

Under his agreement, Dr. Berger would be entitled to certain payments and benefits in connection with certain termination events or a change of control as described under "*Potential Payments Upon Termination or Change of Control*" beginning on page 28 below. The agreement also prohibits Dr. Berger from engaging in certain activities involving competition with us for an 18-month period following termination of his employment with the Company.

2010 Bonus Plan

The Compensation Committee believes that some portion of overall cash compensation for executive officers should be "at risk," i.e., contingent upon successful implementation of our strategy and goals. Pursuant to his employment agreement, each of our executive officers is eligible to earn an annual cash bonus with a specified target amount equal to a percentage of base salary with the actual bonus awarded to be based upon the achievement of corporate and individual performance goals determined by the Compensation Committee in its discretion. In determining 2010 bonus awards, the Compensation Committee considered the executive team's progress on our three key priorities for 2010:

Validate our sDNA colorectal cancer screening test;

FDA trial planning; and

Begin to develop commercialization plan.

After considering the executive team's achievement against these goals the Compensation Committee determined to award a cash bonus to each executive officer equal to 100% of target.

Long-Term Incentives

Our executive officers (and other employees) are eligible to receive restricted stock, stock option grants and other stock awards that are intended to promote success by aligning employee financial interests with long-term shareholder value.

Pursuant to his employment agreement, each of Mr. Conroy, Mr. Arora and Dr. Lidgard was granted an option to purchase 2.5 million, 1.25 million and 600,000 shares of our common stock, respectively, at an exercise price equal to the closing price of our common stock on the NASDAQ Capital Market on his date of hire. These option awards vest and become exercisable as follows: Twenty-five percent on the one-year anniversary of the date of grant, and the remainder quarterly over

Table of Contents

the subsequent three years. The amount of these options grants was determined as part of the negotiation of each executive officer's employment agreement.

In April 2009 Dr. Berger was granted an option to purchase 250,000 shares of our common stock at an exercise price equal to the closing price of our common stock on the NASDAQ Capital Market on the date of the grant. This option award vests and becomes exercisable in four equal annual installments beginning on the first anniversary of the date of grant. The amount of this option grant was determined as part of the negotiation of Dr. Berger's revised employment agreement.

The Compensation Committee believes that these equity incentives provide the executive officers with the opportunity to acquire long-term stock ownership positions, and help to align the executives' interests with stockholders' interests. The Compensation Committee believes that this directly motivates executive officers to maximize long-term stockholder value. We believe that time-based vesting of stock options helps us to retain our leadership team in an extremely competitive environment.

Other Compensation

We also permit executive officers and other employees to purchase common stock at a discount through our 2010 Employee Stock Purchase Plan. Employees, including executive officers, may also participate in our 401(k) Plan which allows for the investment of a portion of plan assets in shares of our common stock. The Compensation Committee approved a discretionary matching Company contribution to the plan for fiscal 2009. The matching contribution was made using Company stock in an amount equal to 100 percent of an employee's total deferrals into the plan up to a limit of 6% of the employee's total compensation.

Change of Control and Severance

We believe that providing executives with severance and change of control protection is important for the following reasons:

to allow executives to fully value the forward looking elements of their compensation packages, and therefore limit retention risk; and

to provide compensation assurances which are competitive with those of other similarly-situated companies.

Accordingly, the Company's employment agreements and equity awards generally provide for salary continuation in the event of certain employment terminations beyond the control of the executive, as well as varying degrees of accelerated vesting of equity awards in the event of a change of control of the Company.

For further information see "*Potential Payments Upon Termination or Change of Control*" beginning on page 28 below.

A change in the exercise period for vested equity awards such that vested equity awards become exercisable until the earlier of (1) two years from the date of termination of employment and (2) the latest date on which those equity awards expire or are eligible to be exercised under the grant agreements, determined without regard to such termination or resignation.

Under Dr. Berger's employment agreements, the term "Change of Control" has substantially the same meanings as it does in Mr. Conroy's agreement (as described above). Under his employment agreement, in connection with a Change of Control, Dr. Berger would become entitled to receive:

In the event of termination by us without Cause or by the executive for Good Reason within 12 months before, or if the executive remains employed with the Company on the effective date of, a Change of Control, a lump-sum payment equal to 9 months base salary and his pro rata target bonus through the effective date of the Change of Control; provided, that any payments previously made to the executive in connection with the termination of his employment by the

Company without Cause or by the executive with Good Reason within the 12 months preceding a Change of Control will be credited against any such lump-sum payment; and

Accelerated vesting of all outstanding unvested equity awards (whether stock options, restricted stock or stock purchase rights under the Company's equity compensation plan, or other equity awards), subject to the executive's agreement to remain employed by the Company or any successor, if requested, for a period of at least six months following the Change of Control at his then current base salary.

Conditions to Receipt of Severance and Change in Control Benefits

Under Mr. Conroy's employment agreement, the Company's obligations to provide Mr. Conroy with the severance benefits described above are contingent on:

Mr. Conroy's resignation from the Board of Directors in the event of any termination of Mr. Conroy's employment with the Company or upon the request of the Board of Directors in connection with any Change of Control;

Mr. Conroy's delivery of a signed waiver and release in a form reasonably satisfactory to the Company of all claims he may have against the Company and his not revoking such release within 21 days after his date of termination;

Mr. Conroy's compliance with his Employee Confidentiality and Assignment Agreement with the Company;

Mr. Conroy's compliance with the 18 month non-competition covenant in his employment agreement; and

Mr. Conroy's compliance with the 18 month non-solicitation covenant in his employment agreement.

Under Mr. Arora's and Drs. Lidgard's and Berger's employment agreements, the Company's obligations to provide the named executive officer with the severance benefits described above are contingent on:

The executive's delivery of a signed waiver and release in a form reasonably satisfactory to the Company of all claims he may have against the Company and his not revoking such release within 21 days after his date of termination;

The executive's compliance with the terms of his Employee Confidentiality and Assignment Agreement with the Company;

The executive's compliance with the 18 month non-competition covenant set forth in the executive's employment agreement; and

The executive's compliance with the 18 month non-solicitation covenant set forth in the executive's employment agreement.

Table of Contents***Death or Disability***

In accordance with each executive officer's employment agreement, in the event of the death or disability of the executive during the executive's employment term, the following shall occur:

The executive's employment and the executive's employment agreement shall immediately and automatically terminate;

The Company shall pay the executive (or in the case of death, the executive's designated beneficiary) the executive's base salary and accrued but unpaid bonuses, in each case up to the date of termination; and

All equity awards granted to the executive, whether stock options or stock purchase rights under the Company's equity compensation plan, or other equity awards, that are unvested at the time of termination shall immediately become fully vested and exercisable upon such termination.

Long Term Incentive Plan

As part of their employment agreements, we have established a Long Term Incentive Plan pursuant to which Mr. Conroy, Mr. Arora and Dr. Lidgard would be entitled to receive a cash payment upon a Change of Control based on the equity value of the Company as reflected in the following table.

Name	From \$100 million to \$500 million	Portion of Equity Value		Any amount over \$2 billion
		Each incremental \$50 million from \$500 million to \$1 billion	Each incremental \$50 million from \$1 billion to \$2 billion	
Kevin T. Conroy	1.00%	0.50%	0.25%	0.00%
Maneesh K. Arora	0.50%	0.25%	0.125%	0.00%
Graham P. Lidgard	0.50%	0.25%	0.125%	0.00%

For example, in connection with a Change of Control transaction having an equity value of \$100,000,000, Mr. Conroy would receive a cash payout of \$1,000,000, and in the case of a Change of Control transaction having an equity value of \$600,000,000, Mr. Conroy would receive a cash payout of \$5,500,000 (\$5,000,000 + \$250,000 + \$250,000).

Pursuant to the Director Compensation Policy, on the date of each annual stockholders meeting each non-employee director who is continuing as a director following such meeting is also granted an annual equity award having a value equal to \$40,000. This annual equity award is comprised of (1) stock options having a value equal to \$20,000 and (2) at the election of the director, either restricted stock or deferred stock units having a value equal to \$20,000. If the Chairman of the Board will continue in that role following the date of the annual stockholder meeting, he or she receives an additional annual award having a value equal to \$12,500. The Chairman may elect to receive such award in either restricted stock or deferred stock units. These annual equity grants vest upon the earlier of the first anniversary of the grant date or the date of the next annual stockholders meeting; provided upon the death of a director such director's awards vest in full, upon a director's ceasing to serve for any other reason such director's awards vest pro rata based on the number of days since the grant date and upon a change of control all awards vest in full.

Additionally, upon his or her initial election to the Board of Directors, a new director receives stock options having a value equal to \$50,000. Such options vest in three equal annual installments.

The foregoing compensation is in addition to reimbursement of all out-of-pocket expenses incurred by directors in attending meetings of the Board of Directors.

PROPOSAL 2 ADVISORY VOTE ON EXECUTIVE COMPENSATION

This Proposal 2 enables our stockholders to cast a non-binding, advisory vote to approve the compensation of our executive officers as disclosed in this proxy statement pursuant to Section 14A of the Exchange Act and in accordance with the rules of the SEC.

As described in detail under the heading "*Compensation and Other Information Concerning Directors and Officers Compensation Discussion and Analysis*" beginning on page 19 our executive compensation programs are designed to attract, motivate and retain our executive officers, who are critical to our success. Please read the "*Compensation and Other Information Concerning Directors and Officers*" section beginning on page 19 for additional details about our executive compensation programs, including information about the 2010 compensation of our named executive officers.

We are asking our stockholders to indicate their support for our executive compensation programs as described in this proxy statement. This Proposal 2 gives our stockholders the opportunity to express their views on the compensation of our executive officers. This vote is not intended to address any specific term of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we are asking our stockholders to vote FOR the following resolution at the annual meeting:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules, including the "*Compensation Discussion and Analysis*", the compensation tables and any related material disclosed in this proxy statement, is hereby APPROVED."

Although the vote on this Proposal 2 regarding the compensation of our named executive officers is not binding on our Board of Directors, we value the opinions of our stockholders and will consider the result of the vote when determining future executive compensation arrangements.

Vote Required for Approval

The foregoing resolution will be approved if holders of a majority of the shares present or represented at the 2010 Annual Meeting, in person or by proxy, and voting on Proposal 2 vote in favor of such resolution.

Board Recommendation

The Board recommends that the stockholders vote **FOR** approval of this Proposal 2.

Table of Contents

**PROPOSAL 3 ADVISORY VOTE ON FREQUENCY OF HOLDING AN ADVISORY
VOTE ON EXECUTIVE COMPENSATION**

As described in Proposal 2 above, our stockholders are being provided the opportunity to cast a non-binding, advisory vote on the compensation of our executive officers pursuant to Section 14A of the Exchange Act. The advisory vote is typically referred to as a "say-on-pay vote."

This Proposal 3 affords our stockholders the opportunity to cast a non-binding, advisory vote on how frequently say-on-pay votes should be held in the future. Under this Proposal 3, our stockholders may vote to hold say-on-pay votes every year, every other year or every three years. Alternatively, you may abstain from casting a vote.

After careful consideration, the Board believes that say-on-pay votes should be held every three years.

In formulating its recommendation, our Board of Directors determined that giving our stockholders the right to cast an advisory vote on the compensation of our named executive officers every three years is the best approach for the Company and its stockholders. We make this recommendation based on several considerations, including the fact that holding the advisory vote every three years will give our Board of Directors sufficient time to thoughtfully consider the results of the previous advisory votes and to implement any desired changes to our executive compensation policies and procedures. A three-year voting cycle will also provide our stockholders with enough time to evaluate the effectiveness of our short- and long-term compensation strategies and the related business outcomes before being asked to cast the next advisory vote.

Because this vote is advisory and will not be binding, the Board may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders.

Vote Required for Approval

If the majority of the votes cast by stockholders present in person or by proxy are cast in favor of a particular frequency alternative (whether every year, every two years or every three years), such frequency will be considered to be the recommendation of the stockholders on the advisory vote regarding the frequency of future say-on-pay votes. Notwithstanding our Board of Directors' recommendation and the outcome of the stockholder vote, our Board of Directors may in the future decide to conduct advisory votes on a more or less frequent basis and may vary its practice based on factors such as discussions with stockholders and the adoption of material changes to our compensation programs and policies.

Board Recommendation

The Board recommends that the stockholders vote to hold say-on-pay votes every three years.

**PROPOSAL 4 RATIFICATION OF APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

Grant Thornton was initially selected as our independent registered public accounting firm for the fiscal year ended December 31, 2009 following completion of a competitive process to select a firm conducted by the Audit Committee. As a result of this process, the Audit Committee dismissed Ernst & Young LLP ("Ernst & Young") as the Company's independent registered public accounting firm on May 12, 2009. Grant Thornton was engaged as the Company's independent registered public accounting firm as of June 16, 2009.

The Audit Committee of the Board of Directors has appointed Grant Thornton as our independent registered public accounting firm for the fiscal year ending December 31, 2011. However, Grant Thornton recently informed us that beginning with the review of our second quarter 2011 financial statements our audit service team and related support activities will change significantly. The Audit Committee is reviewing these developments and assessing their implications in relation to this appointment.

During the fiscal year ended December 31, 2008 and through May 12, 2009, there were: (1) no disagreements between the Company and Ernst & Young on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Ernst & Young, would have caused Ernst & Young to make reference to the subject matter of the disagreement in their reports on the financial statements for such years, and (2) no "reportable events" as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

A representative of Grant Thornton is expected to be present at the 2010 Annual Meeting. In addition to having the opportunity to make a statement, Grant Thornton's representative will be available to respond to any appropriate questions.

Vote Required for Approval

Ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the shares present or represented at the 2011 Annual Meeting, in person or by proxy, and voting on such ratification. If our stockholders fail to ratify the selection of Grant Thornton as the independent registered public accounting firm for 2011, the Audit Committee will reconsider whether to retain that firm. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year.

Board Recommendation

The Board recommends that the stockholders vote **FOR** ratification of the appointment of Grant Thornton as our independent registered public accounting firm for 2010.

Table of Contents**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

Other than compensation agreements and other arrangements which are described in "*Compensation And Other Information Concerning Directors And Officers*" beginning on page 19, in 2010 there was not, and there is not currently proposed, any transaction or series of similar transactions to which we were or will be a party in which the amount involved exceeded or will exceed \$120,000 in which any director, executive officer, holder of five percent or more of any class of our capital stock or any member of their immediate family had or will have a direct or indirect material interest.

In April 2007, our Board of Directors adopted a written related person transaction approval policy, which sets forth our policies and procedures for the review, approval or ratification of any transaction required to be reported in our filings with the SEC. Our policy is that the Audit Committee shall review the material facts of all related person transactions (as defined in the related person transaction approval policy) and either approve or disapprove of the entry into any related person transaction (as defined in the related person transaction approval policy). In the event that obtaining the advance approval of the Audit Committee is not feasible, the Audit Committee shall consider the related person transaction and, if the Audit Committee determines it to be appropriate, may ratify the related person transaction. In determining whether to approve or ratify a related person transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms comparable to those available from an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The following table sets forth the aggregate fees billed or expected to be billed by Grant Thornton for 2010 and 2009 for audit and non-audit services, including "out-of-pocket" expenses incurred in rendering these services. PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has adopted a policy that requires that all services to be provided by the Company's independent public accounting firm, including audit services and permitted non-audit services, to be pre-approved by the Audit Committee. The Audit Committee approved all audit and permitted non-audit services provided by Grant Thornton during 2010 pursuant to this policy.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

Some banks, brokers and other nominee record holders may be participating in the practice of "householding." This means that only one copy of our annual report and proxy statement will be sent to stockholders who share the same last name and address. Householding is designed to reduce duplicate mailings and save significant printing and postage costs.

If you receive a household mailing this year and would like to receive additional copies of our annual report and/or proxy statement, please submit your request in writing to: Exact Sciences Corporation, 441 Charmany Drive, Madison, Wisconsin 53719, Attention: Secretary or by calling the Company at (608) 284-5700. Any stockholder who wants to receive separate copies of the proxy statement in the future, or who is currently receiving multiple copies and would like to receive only one copy for his or her household, should contact his or her bank, broker, or other nominee record holder.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Such persons are required by SEC regulations to furnish us with copies of all such filings. Based solely on our review of copies of such filings, we believe that all reporting persons complied on a timely basis with all Section 16(a) filing requirements during the year ended December 31, 2010, with the exception of Messrs. Conroy and Arora and Drs. Lidgard and Berger, each of whom made one late report failing to timely report one transaction.

OTHER BUSINESS

The Board of Directors knows of no business that will be presented for consideration at the 2011 Annual Meeting other than those items stated above. If any other business should come before the 2011 Annual Meeting, votes may be cast pursuant to proxies in respect to any such business in the best judgment of the person or persons acting under the proxies.
