**Notice of
Annual Meeting
of Stockholders
and Proxy
Statement
May 24, 2012**

Hertz Global Holdings, Inc.
225 Brae Boulevard
Park Ridge, NJ 07656

April 4, 2012

Dear Stockholder:

You are cordially invited to attend our annual meeting of stockholders to be held at 10:30 a.m. (Park Ridge time) on Thursday, May 24, 2012, at our Corporate Offices, 225 Brae Boulevard, Park Ridge, New Jersey 07656.

This year, we will be using the "Notice and Access" method of providing proxy materials to you via the Internet at www.hertz.com/stockholdermeeting, instead of by mail. We believe that this process should provide you with a convenient and quick way to access your proxy materials and vote your shares, while allowing us to conserve natural resources and reduce the costs of printing and distributing the proxy materials. On or about April 13, 2012, we will mail to our stockholders a Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to access our proxy statement and annual report to stockholders for 2011 and how to vote. The Notice also contains instructions on how to receive a paper copy of your proxy materials.

Your vote is important. Please vote as promptly as possible by using the Internet, telephone or by signing, dating and returning the proxy card mailed to those who request to receive paper copies of this proxy statement. Whether you plan to attend the annual meeting or not, you may vote by following the instructions set forth in the Notice. If you attend the annual meeting, you may vote in person.

Registration and seating will begin at 10:00 a.m. (Park Ridge time). In order to be admitted to the annual meeting, a stockholder must present proof of stock ownership as of the close of business on the record date, April 2, 2012, which can be the Notice, a proxy card, or a brokerage statement reflecting stock ownership as of the April 2, 2012 record date. Stockholders will be asked to sign an admittance card and must also present a form of photo identification such as a driver's license. Cameras and recording devices will not be permitted at the meeting.

Sincerely,

Mark P. Frissora
Chairman and Chief Executive Officer

**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
OF HERTZ GLOBAL HOLDINGS, INC.**

- Time and Date:** 10:30 a.m. (Park Ridge time), Thursday, May 24, 2012
Place: Hertz Corporate Offices, 225 Brae Boulevard, Park Ridge, New Jersey 07656
Proposals:
1. The election of the four nominees identified in the accompanying proxy statement to serve as directors for three-year terms;
 2. The ratification of the selection of PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for the year 2012; and
 3. The transaction of any other business that may properly be brought before the annual meeting.

The Board of Directors of the Corporation recommends a vote FOR Proposals 1 and 2.

Who Can Vote: Only holders of record of the Corporation's common shares at the close of business on April 2, 2012 will be entitled to vote at the meeting. You may vote with respect to the matters described in the proxy statement by following the instructions set forth in the Notice of Internet Availability of Proxy Materials (the "Notice"), which contains instructions on how you can receive a paper copy of the proxy materials. You can vote your shares electronically via the Internet, by telephone, or by completing and returning the proxy card if you requested paper proxy materials or in person at our annual meeting.

Date of Mailing: This proxy statement and accompanying materials were filed with the Securities and Exchange Commission on April 4, 2012, and we expect to first send the Notice to stockholders on or about April 13, 2012.

J. Jeffrey Zimmerman
Senior Vice President, General Counsel and Secretary

**IMPORTANT INFORMATION ABOUT ANNUAL
MEETING AND PROXY PROCEDURES**

The Board of Directors of Hertz Global Holdings, Inc. is soliciting proxies to be used at the annual meeting of stockholders to be held on Thursday, May 24, 2012, beginning at 10:30 a.m. (Park Ridge time) at our Corporate Offices, 225 Brae Boulevard, Park Ridge, New Jersey 07656. This proxy statement and accompanying materials were filed with the Securities and Exchange Commission (the "SEC") on April 4, 2012, and we expect to first send the Notice of Internet Availability of Proxy Materials (the "Notice") to stockholders on or about April 13, 2012.

Unless the context otherwise requires, in this proxy statement (i) the "Corporation" means Hertz Global Holdings, Inc., our top level holding company, (ii) "Hertz" means The Hertz Corporation, our primary operating company and a direct wholly owned subsidiary of Hertz Investors, Inc., which is wholly owned by the Corporation, (iii) "we," "us" and "our" mean the Corporation and its consolidated subsidiaries, including Hertz, (iv) "our Board" or "the Board" means the Board of Directors of the Corporation and (v) "our common stock" means the common stock of the Corporation.

Purpose of the Annual Meeting

At the annual meeting, stockholders will act upon the matters set forth in the Notice, including:

1. The election of the four nominees identified in this proxy statement to serve as directors for three-year terms;
2. The ratification of the selection of PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for the year 2012; and
3. The transaction of any other business that may properly be brought before the annual meeting.

The Corporation's senior management will also present information about the Corporation's performance during 2011 and will answer questions from stockholders.

Stockholders Entitled to Vote at the Annual Meeting

Our Board has established the record date for the annual meeting as April 2, 2012. Only holders of record of the Corporation's common stock at the close of business on the record date are entitled to receive the Notice and to vote at the meeting. On April 2, 2012, the Corporation had 419,734,253 shares of common stock outstanding.

Voting Procedures; Quorum

If you are a stockholder of record, you may submit a proxy in two ways. First, you may follow the instructions on your Notice to vote by Internet or by telephone. Second, if you requested printed proxy materials, you may complete, sign, date and return the proxy card in the envelope enclosed with your printed proxy materials, which requires no postage stamp if mailed in the United States, so that it is received prior to our annual meeting. Finally, while we encourage voting in advance by proxy, stockholders of record also have the option of voting their shares in person at our annual meeting.

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote at the annual meeting is necessary to constitute a quorum. Abstentions and "broker non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a nominee, such as a broker, holding shares in "street name" for a beneficial owner, does not vote on a particular proposal because that nominee does not have discretionary voting power with respect to a proposal and has not received instructions from the beneficial owner.

Each share of common stock is entitled to one vote and stockholders do not have the right to cumulate their votes for the election of directors or any other matter.

Directors are elected by the affirmative vote of a majority of the shares of common stock present and validly cast in the election in person or by proxy. Under applicable Delaware law, abstentions will have no

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

effect in determining the outcome of this vote. Broker non-votes will also have no effect in determining the outcome of this vote.

If you are a stockholder of shares held in street name, and you would like to instruct your broker how to vote your shares, you should follow the directions provided by your broker. Please note that because the New York Stock Exchange ("NYSE") rules currently regard matters such as the ratification of independent public accounting firms as "routine," your broker is permitted to vote on the proposal to ratify the appointment of our independent public accounting firm even if it does not receive instructions from you. However, under NYSE rules, your broker does not have discretion to vote on the proposals to elect directors if it does not receive instructions from you.

Unless a stockholder gives instructions to the contrary, proxies will be voted in accordance with the Board's recommendations.

Notice of Internet Availability of Proxy Materials

We are permitted to furnish proxy materials, including this proxy statement and our annual report to stockholders for 2011 (the "2011 Annual Report"), to our stockholders by providing access to such documents on the Internet at www.hertz.com/stockholdermeeting instead of mailing printed copies. Our stockholders will not receive printed copies of the proxy materials unless they are requested. Instead, the Notice will instruct you as to how you may access and review all of the proxy materials on the Internet. It will also instruct you as to how you may submit your proxy on the Internet. If you would like to receive a paper or e-mail copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice. Any request to receive proxy materials by mail or e-mail will remain in effect in the future until you revoke it. By receiving proxy materials online, you will save us the cost of producing and mailing documents to your home or business and help us conserve natural resources. If you receive more than one Notice, it generally means that some of your shares are registered differently or are in more than one account. Please provide voting instructions for each Notice you receive.

Revocation of Proxies

Even if you voted by telephone, on the Internet or if you requested paper proxy materials and signed the proxy card in the form accompanying the proxy statement, you may revoke your proxy before it is voted at the annual meeting by delivering a signed revocation letter to J. Jeffrey Zimmerman, Senior Vice President, General Counsel and Secretary. You may also revoke your proxy by submitting a new proxy, dated later than your first proxy, or by a later-dated vote by telephone or on the Internet, in each case, as applicable. If you are attending in person and have previously mailed your proxy card, you may revoke your proxy and vote in person at the annual meeting. Your attendance at the annual meeting will not by itself revoke your proxy. If you are a stockholder of shares held in street name by your broker and you have directed your broker to vote your shares, you should instruct your broker to change your vote or obtain a proxy to vote your shares if you wish to cast your vote in person at the annual meeting.

Solicitation of Proxies

Proxies may be solicited on behalf of our Board by mail, telephone, on the Internet or in person, and Hertz will pay the solicitation costs on behalf of the Corporation. The Notice will be supplied to brokers, dealers, banks and voting trustees, or their nominees, for the purpose of soliciting proxies from beneficial owners, and Hertz will reimburse those record holders for their reasonable expenses on behalf of the Corporation. Georgeson Inc. has been retained by Hertz to facilitate the distribution of proxy materials at a fee of approximately \$2,000 plus distribution costs and other costs and expenses.

Additional Information

The Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2011 is filed with the SEC and may also be obtained via a link posted on the "Investor Relations" portion of our website, www.hertz.com. *Copies of the Form 10-K for the fiscal year ended December 31, 2011, or any exhibits thereto, will be sent within a reasonable time without charge upon written request to Hertz Global Holdings, Inc., 225 Brae Boulevard, Park Ridge, New Jersey 07656-0713, Attention: Corporate Secretary.*

PROPOSAL 1: ELECTION OF DIRECTORS

Board Structure

The Corporation currently has eleven directors divided into three classes: three in Class I, four in Class II and four in Class III. The terms of office of the four Class III directors expire at the 2012 annual meeting of stockholders.

Class III Election

The four nominees for election as Class III directors are listed below. If elected, the nominees for election as Class III directors will serve for a term of three years and until their successors are elected and qualify. If for any reason any nominee cannot or will not serve as a director, such proxies may be voted for the election of a substitute nominee designated by our Board.

Class III Nominees

A majority of the votes cast is required for the election of directors. This means that a director must receive more "for" than "against" votes to be elected. Only votes "for" or "against" affect the outcome. Abstentions and broker non-votes will have no effect for purposes of the election of directors. In accordance with the Corporation's Corporate Governance Guidelines, each of the Class III Nominees has submitted a contingent resignation in writing to the Chair of the Compensation, Nominating and Governance Committee that will become effective only if the director fails to receive a sufficient number of votes for re-election and the Board accepts the resignation. The Class III Nominees are as follows:

Director	Age, Principal Occupation, Business Experience and Other Directorships Held	Director Since
Carl T. Berquist (Class III)	<p>Mr. Berquist has served as a director of the Corporation and Hertz since November 2006. Mr. Berquist joined Marriott International, Inc. ("Marriott") in December 2002 as Executive Vice President, Financial Information and Enterprise Risk Management and served as Chief Accounting Officer of Marriott. Effective May 1, 2009, Mr. Berquist became Executive Vice President and Chief Financial Officer of Marriott. Prior to joining Marriott, Mr. Berquist was a partner at Arthur Andersen LLP. During his 28-year career with Arthur Andersen, Mr. Berquist held numerous leadership positions covering the management of the business as well as various operational roles, including managing partner of the worldwide real-estate and hospitality practice. His last position was managing partner of the mid-Atlantic region which included five offices from Philadelphia, Pennsylvania to Richmond, Virginia. Mr. Berquist is a board member of several private companies and is a member of the Board of Trustees of the Business School at Penn State University. Mr. Berquist is 61 years old.</p> <p>The Board has concluded that Mr. Berquist should continue to serve as a director because with his demonstrated years of leadership in management and operational positions as a chief financial officer, enterprise risk management executive and major audit company partner, he provides our Board with in-depth knowledge and experience in financial, accounting and risk management issues. His knowledge of the travel industry gained while at Marriott also makes him an important asset to the Board.</p>	2006

Director	Age, Principal Occupation, Business Experience and Other Directorships Held	Director Since
Michael F. Koehler (Class III)	<p>Mr. Koehler has served as a director of the Corporation and Hertz since March 2012. Mr. Koehler is President, Chief Executive Officer and a member of the Board of Directors of Teradata Corporation ("Teradata"), a publicly-traded provider of enterprise data warehousing and integrated marketing software. Prior to the separation of Teradata from NCR Corporation ("NCR"), Mr. Koehler served as Senior Vice President of the Teradata Division of NCR from 2003 to 2007. From September 2002 to March 2003, he was the Interim Leader of the Teradata Division. From 1999 to 2002, Mr. Koehler was Vice President, Global Field Operations of the Teradata Division and he held management positions of increasingly greater responsibility at NCR prior to that time. Mr. Koehler is 59 years old.</p> <p>The Board has concluded that Mr. Koehler should continue to serve as director because in addition to his significant management and leadership skills as Chief Executive Officer of a global information technology provider, he brings to our Board a deep knowledge of strategic operations and business development as well as valuable insights on how to incorporate technology into our ongoing operations. Moreover, Mr. Koehler's experiences in risk assessment and management make him a valuable member of our Board.</p>	2012
Linda Fayne Levinson (Class III)	<p>Ms. Levinson has served as a director of the Corporation and Hertz since March 2012. Ms. Levinson was Chair of the Board of Directors of Connexus Corporation, an online marketing company, from July 2006 to May 2010 when it was merged into Epic Advertising. Ms. Levinson was a partner at GRP Partners, a venture capital investment fund investing in start-up and early-stage retail and electronic commerce companies, from 1997 to December 2004. Prior to that, she was a partner in Wings Partners, a private equity firm that took Northwest Airlines private, an executive at American Express running its leisure travel and tour business and a Partner at McKinsey & Co. Ms. Levinson is also a director of Jacobs Engineering Group Inc., Ingram Micro Inc., The Western Union Company and NCR, where she has served as a director since 1997 and Lead Independent Director since 2007. Ms. Levinson was formerly a director at DemandTec, Inc. from 2005 to 2012, until it was acquired by IBM. Ms. Levinson is 70 years old.</p> <p>The Board has concluded that Ms. Levinson should continue to serve as director because of her expertise as a director of several public companies, including her experience as Lead Independent Director of NCR, as well as her general management experience at American Express, her strategic experience at McKinsey & Co. and her investment experience at GRP Partners and Wings Partners. In addition, the Board believes that Ms. Levinson's extensive management and leadership experience, her in-depth knowledge of corporate governance issues and her diversity of perspective provide us with valuable insight with regard to our global operations.</p>	2012

Director	Age, Principal Occupation, Business Experience and Other Directorships Held	Director Since
Angel L. Morales (Class III)	<p>Mr. Morales has served as a director of the Corporation and Hertz since April 2010. Mr. Morales is a Managing Partner of North Cove Partners, LLC, a registered investment adviser under the Investment Advisers Act of 1940, which acts as an adviser to the Global Principal Investments group of Bank of America Corporation. Mr. Morales was a founding member of Merrill Lynch Global Private Equity ("MLGPE"), the private equity arm of Merrill Lynch & Co., Inc. ("Merrill Lynch") prior to its merger with Bank of America Corporation. Mr. Morales joined Merrill Lynch in 1996 and has over 15 years of experience as a private equity professional. Mr. Morales is a director and Chair of the Audit Committee of Aeolus Re Ltd., a director of Rexel S.A. and a director of National Powersport Auctions, Inc. Mr. Morales was a director of Nuveen Investments, Inc., a director of Provo Craft & Novelty, Inc. and a director of Sentillion, Inc. prior to its sale to Microsoft in 2010. Mr. Morales is 37 years old.</p>	2010

The Board has concluded that Mr. Morales should continue to serve as a director because Mr. Morales' years of experience in the private equity industry provides our Board with useful insights into investments and business development and through his proven leadership skills as a former Managing Director of MLGPE and current Managing Partner of North Cove Partners, LLC, and his service on other boards he brings to our Board significant business knowledge and expertise. In addition, Mr. Morales' experience with the information-technology sector provides us with valuable insight. Mr. Morales is a Sponsor Nominee designated by BAML Capital Partners ("BAMLCP"), one of our Sponsors, pursuant to the terms of the Stockholders' Agreement described under "Certain Relationships and Related Party Transactions Stockholders' Agreement."

*The Board recommends a vote FOR
all of the Class III nominees.*

Continuing Directors

The seven directors whose terms will continue after the annual meeting and will expire at the 2013 annual meeting (Class I) or the 2014 annual meeting (Class II) are listed below:

Director	Age, Principal Occupation, Business Experience and Other Directorships Held	Director Since
Barry H. Beracha (Class I)	<p>Mr. Beracha has served as a director of the Corporation and Hertz since November 2006. He most recently served as Executive Vice President of Sara Lee Corp. ("Sara Lee") and Chief Executive Officer of the Sara Lee Bakery Group, which was created when Sara Lee acquired The Earthgrains Company in 2001. Mr. Beracha retired from Sara Lee in June 2003. He also served as Chairman and Chief Executive Officer of The Earthgrains Company, which was spun off from Anheuser-Busch Companies, Inc. in 1996. In 1967, Mr. Beracha joined Anheuser-Busch Companies, Inc., and held various management positions of increasing responsibility within the company until the spin-off of The Earthgrains Company in 1996, prior to which he held the title of Vice President and Group Executive of Anheuser-Busch Companies, Inc. Mr. Beracha is a member of the Board of Directors of Ralcorp Holdings, Inc., a NYSE-listed food manufacturer and distributor, where he serves on the Compensation and Governance Committee. Mr. Beracha served on the Board of Directors of Pepsi Bottling Group from 1999 to 2010, where he served as the non-executive Chairman of the Board from March 2007 to October 2008 and he was a member of the Compensation Committee and of the Audit and Affiliated Transactions Committee, which he chaired prior to becoming the non-executive Chairman of the Board. Mr. Beracha retired from the Board of Directors of McCormick & Co., where he served as Chairman of the Compensation Committee, in March 2007. He served as Chairman of the Board of Trustees of Saint Louis University from December 2005 to May 2009. Mr. Beracha is 70 years old.</p> <p>The Board has concluded that Mr. Beracha should continue to serve as a director because through his significant experience in the roles of Chairman and Chief Executive Officer of leading consumer industry companies and his service as non-executive Chairman of the Board of Pepsi Bottling Group, he brings to our Board extensive leadership, financial expertise, management and business development skills.</p>	2006
Brian A. Bernasek (Class I)	<p>Mr. Bernasek has served as a director of the Corporation and Hertz since December 2006. Mr. Bernasek is a Managing Director of The Carlyle Group ("Carlyle"), which he joined in 2000. Prior to that time, he held positions with Investcorp International, a private equity firm, and Morgan Stanley & Co., in its Investment Banking Division. Mr. Bernasek serves on the Board of Directors of Allison Transmission Inc. and HD Supply. Mr. Bernasek is 39 years old.</p> <p>The Board has concluded that Mr. Bernasek should continue to serve as a director because in addition to his demonstrated leadership skills as a Managing Director of Carlyle and his extensive experience in investment banking and private equity,</p>	2006

Director	Age, Principal Occupation, Business Experience and Other Directorships Held	Director Since
George W. Tamke (Class I)	<p>he brings to our Board a deep knowledge of complex financial and investment issues and valuable insights on the automotive industry as a result of his current and past service on automotive and transportation-related boards. Mr. Bernasek is a director nominee designated by Carlyle, one of our Sponsors, pursuant to the terms of the Stockholders' Agreement described under "Certain Relationships and Related Party Transactions Stockholders' Agreement."</p> <p>Mr. Tamke has served as Lead Director of the Corporation and Hertz since July 2006. Mr. Tamke served as the Chairman of the Board of Directors of the Corporation and Hertz from December 2005 until July 2006. Mr. Tamke is an operating officer with Clayton, Dubilier & Rice, LLC ("CD&R"). Prior to joining CD&R in 2000, he was an executive at Emerson Electric Co., a manufacturer of electrical and electronic equipment, serving as President and Chief Operating Officer from 1997 to 1999 and as Vice Chairman and Co-Chief Executive Officer from 1999 to February 2000. He has served as a director and Chairman of Culligan Ltd. since October 2004. Mr. Tamke was a director of Target Corporation from June 1999 to March 2010 and a director of Kinko's, Inc. from January 2001 to February 2004, its Chairman from August 2001 to February 2004, and its Interim President and Chief Executive Officer from January 2001 to August 2001. Mr. Tamke was a director and Chairman of ServiceMaster Global Holdings, Inc. from March 2007 to January 2010. Mr. Tamke is 64 years old.</p> <p>The Board has concluded that Mr. Tamke should continue to serve as a director because of his demonstrated leadership skills as our Lead Director since 2006 and because he contributes to our Board the significant management, strategic and operational experience and good judgment that he gained in his roles of Co-Chief Executive Officer of Emerson Electric Co. and Chief Executive Officer of Kinko's, Inc. and as a director of public companies. In addition, his experience as a director of Target Corporation, Culligan Ltd. and ServiceMaster Global Holdings, Inc. gives Mr. Tamke a deep understanding of the role of the Board of Directors and positions him well to serve as Lead Director of the Corporation and Hertz. Mr. Tamke is a Sponsor Nominee designated by CD&R, one of our Sponsors, pursuant to the terms of the Stockholders' Agreement described under "Certain Relationships and Related Party Transactions Stockholders' Agreement."</p>	2005
Michael J. Durham (Class II)	<p>Mr. Durham has served as a director of the Corporation and Hertz since November 2006. Mr. Durham served as Director, President and Chief Executive Officer of Sabre, Inc. ("Sabre"), then a NYSE-listed company providing information technology services to the travel industry, from October 1996, the date of Sabre's initial public offering, to October 1999. From March 1995 to July 1996, when Sabre was a subsidiary of AMR Corporation, he served as Sabre's President. Prior to joining Sabre, Mr. Durham spent 16 years with American Airlines, serving as the Senior Vice President and Treasurer of AMR</p>	2006

Director	Age, Principal Occupation, Business Experience and Other Directorships Held	Director Since
	<p>Corporation and Senior Vice President of Finance and Chief Financial Officer of American Airlines from October 1989 until he assumed the position of President of Sabre in March 1995. Mr. Durham has served as member of the Board of Directors of Asbury Automotive Group, Inc., a NYSE-listed company in the automotive retailing industry, since 2003, where he previously served as the non-executive Chairman of the Board from January 2004 to February 2011. On February 8, 2012, Mr. Durham notified the Board of Directors of Asbury Automotive Group, Inc. that he elected not to stand for re-election at its 2012 annual meeting of stockholders. Mr. Durham currently serves as a director of Acxiom Corporation, a Nasdaq-listed company in the customer information management industry, where he serves on the Audit/Finance Committee and the Compensation Committee. Mr. Durham also serves as a member of the Boards of Directors of Culligan International, Inc. and Travora Media, Inc. During the preceding five years, Mr. Durham has served on the Boards of Directors of NWA, Corp. (the parent company of Northwest Airlines) and AGL Resources Inc. Mr. Durham also served on the Board of Directors of Bombardier, Inc., a Canadian corporation listed in Canada. Mr. Durham is 61 years old.</p> <p>The Board concluded that Mr. Durham should continue to serve as a director because of his extensive business experience, much of it gained serving in the travel and transportation industry. Mr. Durham's tenure both as Chief Executive Officer and Chief Financial Officer of large multinational public companies allows him to add value to the Corporation's Board. In particular, Mr. Durham is able to provide our Board with leadership skills and a breadth of knowledge about the challenges and issues facing companies in the travel sector. In addition, Mr. Durham's prior experience serving as the former non-executive Chairman of the Board of a company in the automotive industry enables Mr. Durham to provide us with insight into the challenges facing the automotive industry and his role with Acxiom Corporation provides important information-technology expertise. Mr. Durham's experience as a director, and frequently a member of the audit committee, on a number of different company boards also gives him a valuable perspective to share with the Corporation.</p>	
<p>Mark P. Frissora (Class II)</p>	<p>Mr. Frissora has served as the Chairman of the Board of the Corporation and Hertz since January 1, 2007, and as Chief Executive Officer and a director of the Corporation and Hertz since July 2006. Prior to joining the Corporation and Hertz, Mr. Frissora served as Chief Executive Officer of Tenneco Inc. ("Tenneco") from November 1999 to July 2006 and as President of the automotive operations of Tenneco from April 1999 to July 2006. He also served as the Chairman of Tenneco from March 2000 to July 2006. From 1996 to April 1999, he held various positions within Tenneco's automotive operations, including Senior Vice President and General Manager of the worldwide original equipment business. Previously Mr. Frissora served as a Vice President of Aeroquip Vickers Corporation from 1991</p>	2006

Director	Age, Principal Occupation, Business Experience and Other Directorships Held	Director Since
-----------------	--	---------------------------

to 1996. In the 15 years prior to joining Aeroquip Vickers Corporation, he served for 10 years with General Electric and five years with Philips Lighting Company in management roles focusing on product development and marketing. Mr. Frissora served as a director of NCR from 2002 to 2009. He is a director of Walgreen Co., where he serves as the Chairman of the Finance Committee and is a member of the Nominating and Governance Committee. Mr. Frissora is also a director of Delphi Automotive PLC, where he is a member of their Finance Committee and a member of their Nominating and Governance Committee. Mr. Frissora is 56 years old.

The Board has concluded that Mr. Frissora should continue to serve as a director because as our Chairman since 2007 and CEO since 2006, he has demonstrated a deep knowledge and understanding of the Corporation and the leadership abilities, financial and operational expertise, commitment, good judgment and management skills necessary to lead our Corporation. Pursuant to the terms of the Stockholders' Agreement, as described under "Certain Relationships and Related Party Transactions Stockholders' Agreement," the Corporation and Sponsors are contractually obligated to take certain actions to ensure Mr. Frissora, in his capacity as CEO of the Corporation, is elected to the Board. In addition, Mr. Frissora's employment agreement provides that he will serve as a member of the Board and as Chairman of the Board.

David H. Wasserman (Class II)	<p>Mr. Wasserman has served as a director of the Corporation since August 2005 and of Hertz since December 2005. Mr. Wasserman is a financial officer of CD&R, which he joined in 1998. Prior to joining CD&R, he was employed by Goldman, Sachs & Co. in the Principal Investment Area. He has also been employed by Fidelity Capital and as a management consultant. Mr. Wasserman has served as a director of Culligan Ltd. since October 2004, a director of ServiceMaster Global Holdings, Inc. since March 2007 and a director of Univar Inc. since November 2010. Mr. Wasserman formerly served as a director of Covansys Corporation from April 2000 to July 2007, a director of Kinko's, Inc. from November 2000 to February 2004 and a director of ICO Global Communications (Holdings) Limited, currently known as Pendrell Corporation, a Nasdaq-listed company providing intellectual property investment and advisory services, from April 2002 to December 2010. Mr. Wasserman is 45 years old.</p> <p>The Board has concluded that Mr. Wasserman should continue to serve as a director because with his financial experience at CD&R and Goldman, Sachs & Co., Mr. Wasserman provides our Board with a depth of financial and investment knowledge to better guide our Corporation, and with his service as a director of other major companies he brings to our Board valuable board experience and insights. Mr. Wasserman is a Sponsor Nominee designated by CD&R, one of our Sponsors, pursuant to the terms of the Stockholders' Agreement described under "Certain Relationships and Related Party Transactions Stockholders' Agreement."</p>	2005

Director	Age, Principal Occupation, Business Experience and Other Directorships Held	Director Since
Henry C. Wolf (Class II)	<p>Mr. Wolf has served as a director of the Corporation and Hertz since November 2006. Mr. Wolf served as Chief Financial Officer for Norfolk Southern Corporation ("Norfolk Southern") from 1993 until his retirement from Norfolk Southern in July 2007. Mr. Wolf held the title of Vice Chairman and Chief Financial Officer of Norfolk Southern from 1998 until his retirement. From 1993 to 1998, he served as Executive Vice President of Finance of Norfolk Southern. He served as Norfolk Southern's Vice President of Taxation from 1991 to 1993, Assistant Vice President Tax Counsel from 1984 to 1990, Senior Tax Counsel from 1983 to 1984, General Tax Attorney from 1976 to 1983 and Senior Tax Attorney from 1973 to 1976. Mr. Wolf is a director of AGL Resources, Inc., a NYSE-listed company in the natural gas industry, as well as the Chairman of its audit committee. Mr. Wolf is also a director of MModal Inc., a Nasdaq-listed company in the medical information technology industry as well as a member of its Compensation Committee. He also served as Member of the Board of Directors of Shenandoah Life Insurance Company (1995-2009). In addition, Mr. Wolf serves as a Member of the Board of Trustees of the Colonial Williamsburg Foundation and as a director of the Colonial Williamsburg Company. Mr. Wolf is 69 years old.</p>	2006

The Board has concluded that Mr. Wolf should continue to serve as a director because Mr. Wolf's unique professional background with over forty years of experience with legal, financial, tax and accounting matters along with his demonstrated executive level management skills that he gained from his service as the Vice Chairman and Chief Financial Officer for Norfolk Southern and his service as a director and audit committee chairman of AGL Resources, Inc. make him an important advisor. In addition, his background in strategic planning and experience with mergers and acquisitions in a regulated environment represent an important resource for the Corporation.

**PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

Our Audit Committee has appointed PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for the Corporation for the year 2012.

PricewaterhouseCoopers LLP has served as the independent auditor for the Corporation since 2005 and for Hertz since 1987. We are not required to have our stockholders ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, but we are doing so because we believe it is a good corporate practice. If our stockholders do not ratify the selection, the Audit Committee will reconsider whether to engage PricewaterhouseCoopers LLP, but may ultimately determine to engage that firm or another independent registered public accounting firm without resubmitting the matter to our stockholders. Even if the stockholders vote in favor of the selection of PricewaterhouseCoopers LLP, the Audit Committee may in its sole discretion terminate the engagement of PricewaterhouseCoopers LLP and direct the appointment of another independent registered public accounting firm at any time during the year. A representative of PricewaterhouseCoopers LLP will be present at the annual meeting with the opportunity to make a statement if he or she so desires and to respond to appropriate questions.

The Board recommends a vote FOR ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm for the Corporation in 2012.

**CORPORATE GOVERNANCE AND GENERAL INFORMATION
CONCERNING THE BOARD AND ITS COMMITTEES**

Corporate Governance

Our business and affairs are managed under the direction of our Board. The structure of our Board is described above under "Proposal 1: Election of Directors Board Structure." Our Board has three standing committees the Audit Committee, Compensation, Nominating and Governance Committee and Executive Committee. Our Compensation, Nominating and Governance Committee, which replaced our former Compensation Committee and Executive and Governance Committee on March 31, 2011, performs many of the functions formerly undertaken by our former Compensation Committee and Executive and Governance Committee. In this proxy statement, unless the context indicates otherwise, references to our "CN&G Committee" refer to our Compensation, Nominating and Governance Committee for periods on or subsequent to March 31, 2011 and our former Compensation Committee and Executive and Governance Committee, as appropriate, for periods prior to March 31, 2011. The structure and duties of our committees are described below under " Board Committees."

Codes and Standards

Our Board has adopted written Standards of Business Conduct (the "Standards") applicable to our chief executive and financial officers, our controller and all of our other officers and employees worldwide, as well as a written Directors' Code of Business Conduct and Ethics (the "Code of Conduct") applicable to our Board. Copies of the Standards of Business Conduct and Directors' Code of Business Conduct and Ethics are available without charge on the "Investor Relations Corporate Governance Overview" portion of our website www.hertz.com.

Risk Oversight

Our Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks we face and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for us. The involvement of the full Board in setting our business strategy is a key part of its assessment of management's risk threshold and also a determination of what constitutes an appropriate level of risk for the Corporation. The full Board participates in an annual enterprise risk management assessment, which is led by the Corporation's Internal Audit Department, during which the full Board assesses enterprise risk management with the input of the report of the CN&G Committee and advisors and members of management that the Board deems appropriate. While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and receives an annual risk assessment and risk management report from the Corporation's Internal Audit Department. The Audit Committee also reviews with management on an annual basis our guidelines and policies and the commitment of internal audit resources, in each case as they relate to risk management. In addition, in setting compensation, the CN&G Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Corporation's business strategy and sound corporate governance. Furthermore, as described below, the CN&G Committee annually reviews our compensation policies and practices from a risk perspective and reports its findings to the full Board.

Risk Considerations in our Compensation Program

In 2011, our CN&G Committee completed its annual review of the risk profile of the Corporation's compensation policies and practices. In connection with this review, the CN&G Committee engaged its

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

independent consultant, Semler Brossy Consulting Group, LLC ("Semler Brossy"), to assist it in analyzing the Corporation's compensation policies and practices and the risks associated therewith. Semler Brossy, with the assistance of management, prepared an assessment of the risk profile of the Corporation's executive compensation policies and practices for executive officers. Upon completion of its review of these assessments, the CN&G Committee presented the results to the Board in connection with the Board's annual enterprise risk assessment. The CN&G Committee determined that, for all employees, the Corporation's enterprise-wide compensation policies and practices, in conjunction with the Corporation's existing processes and controls, do not encourage employees to take unreasonable risks, and any risks involved in compensation are not reasonably likely to have a material adverse effect on the Corporation, particularly in light of the following factors:

Our use of different types of compensation programs that provide a balance of long- and short-term incentives;

Our claw back policies, which allow us in certain circumstances in the event of a financial restatement, to seek the recovery of annual incentive awards, long-term incentive awards, equity-based awards and other performance-based compensation of any executive officer;

Our use of a variety of financial and strategic performance objectives that helps ensure that the Corporation's overall business strategy is properly promoted; and

Our Corporation's various policies and procedures and Internal Audit Department, all of which provide checks and balances that help us monitor risk and identify when an individual is taking excessive or inappropriate risks.

Stockholder Communications with the Board

Stockholders and other interested parties who wish to contact our directors may send written correspondence to: Hertz Global Holdings, Inc., 225 Brae Boulevard, Park Ridge, New Jersey 07656-0713, Attention: Corporate Secretary. Communications may be addressed to an individual director, to the non-management directors as a group or to the Board as a whole.

Communications addressed to directors that discuss business or other matters relevant to the activities of our Board will be preliminarily reviewed by the office of the Corporate Secretary and then distributed either in summary form or by delivering a copy of the communication to the director, or group of directors, to whom they are addressed. With respect to other correspondence received by the Corporation that is addressed to one or more directors, the Board has requested that the following items not be distributed to directors, because they generally fall into the purview of management, rather than the Board: junk mail and mass mailings, product and services complaints, product and services inquiries, résumés and other forms of job inquiries, solicitations for charitable donations, surveys, business solicitations and advertisements.

Stockholders' Agreement

The Corporation is a party to an amended and restated stockholders' agreement (the "Stockholders' Agreement"), among it and investment funds associated with or designated by CD&R, Carlyle and BAMLCP (collectively, the "Sponsors"). The Stockholders' Agreement contains agreements that entitle investment funds associated with or designated by the Sponsors the potential ability to nominate all of our directors, subject to certain requirements. Should the Corporation satisfy the requirements for a "controlled company" within the meaning of NYSE rules, the director nominees are to include three nominees of an investment fund associated with CD&R (one of whom shall serve as the Chairman or, if the Chief Executive Officer is the Chairman, the Lead Director), two nominees of an investment fund associated with Carlyle, two nominees of an investment fund associated with BAMLCP (collectively, the "Sponsor Nominees") and up to six independent directors (subject to unanimous

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

consent of the Sponsor Nominees). The foregoing nomination rights are subject to adjustment in the case that the applicable investment fund sells more than a specified amount of its ownership interests in us.

As of March 31, 2011, the Corporation ceased to qualify as a "controlled company" within the meaning of the NYSE rules. In this regard, if, after giving effect to any transition period, the membership of the Board and/or its committees failed to qualify under any applicable NYSE rules regarding director independence, then the Stockholders' Agreement provided that the Sponsor Nominees were to be reduced to two nominees of an investment fund associated with CD&R (one of whom shall serve as the Chairman or, if the Chief Executive Officer is the Chairman, the Lead Director), one nominee of an investment fund associated with Carlyle, and one nominee of an investment fund associated with BAMLCP, each of the Sponsors must cause a Sponsor Nominee to resign and additional independent directors were to be elected by our Board to fill the resulting director vacancies.

In order for the Corporation to continue to comply with NYSE rules regarding director independence, and pursuant to the Stockholders' Agreement, on August 11, 2011, Gregory S. Ledford (a Carlyle nominee), Nathan K. Sleeper (a CD&R nominee), and Robert F. End (a BAMLCP nominee) resigned from the Board, effective as of August 12, 2011. On March 6, 2012, the Board appointed Michael F. Koehler and Linda Fayne Levinson as directors, effective as of March 7, 2012. Through the appointment of these two individuals, we have a majority of independent directors on our Board as required by NYSE rules.

The Stockholders' Agreement also provides that our Chief Executive Officer shall be designated as a director, unless otherwise approved by a majority of the Sponsor Nominees. In addition, the Stockholders' Agreement provides that one of the nominees of an investment fund associated with CD&R shall serve as the Chair of the Executive Committee and, unless otherwise agreed by CD&R, as Chairman of our Board or as Lead Director.

The Corporation and each stockholder that is a party to the Stockholders' Agreement is required to take all necessary action to cause the nominees of the other Sponsors to be elected, which actions include recommending the nominees of the other Sponsors to our Board for inclusion in the slate of nominees recommended by the Board to stockholders for election. The Stockholders' Agreement also requires that a director designated by each of the Sponsors be a member of our Executive Committee. See "Certain Relationships and Related Party Transactions Stockholders' Agreement" for more information on the Stockholders' Agreement.

Director Nominations

The CN&G Committee will consider director nominees recommended by stockholders. To recommend a qualified person to serve on the Board, a stockholder should write to: Hertz Global Holdings, Inc., 225 Brae Boulevard, Park Ridge, New Jersey 07656-0713, Attention: Corporate Secretary. The written recommendation must be timely delivered to the Corporate Secretary in accordance with the Corporation's By-laws, which generally means the notice must be delivered not fewer than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. The written recommendation must contain the required information set forth in the Corporation's By-laws, which includes (i) as to each person whom the stockholder proposes to nominate for election or re-election as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for director elections pursuant to Section 14A under the Securities Exchange Act of 1934 and Rule 14a-11 thereunder and (ii) as to the stockholder giving the notice and any beneficial owner on whose behalf the nomination or proposal is made (a) the name and address of such stockholder and of such beneficial owner, (b) the class or series and number of shares of the Corporation which are owned beneficially and of record by such stockholder and such beneficial owner, (c) a representation that the stockholder is a holder of record of stock of the Corporation entitled to vote

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

at such meeting and intends to appear in person or by proxy at the meeting to propose such business or nomination and (d) a representation whether the stockholder or beneficial owner, if any, intends or is part of a group which intends (x) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Corporation's outstanding capital stock required to elect the nominee and/or (y) otherwise to solicit proxies from stockholders in support of such nomination. The Corporation may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility of such proposed nominee to serve as a director of the Corporation.

The Board has delegated certain responsibilities to the CN&G Committee, including recommending to the Board the criteria for Board membership and, as requested by the Board, recommending individuals for membership on the Board. The CN&G Committee will consider and evaluate persons recommended by stockholders in the same manner as it considers and evaluates other potential directors. However, as described above, the Stockholders' Agreement contains provisions that potentially entitle investment funds associated with or designated by the Sponsors the right to nominate all of our directors. See " Stockholders' Agreement" and "Certain Relationships and Related Party Transactions Stockholders' Agreement" for more information.

Corporate Governance Guidelines

In order to assist the CN&G Committee with discharging its duties relating to director nominations, the Board has adopted Corporate Governance Guidelines, which contain standards to be followed by the CN&G Committee in determining qualifications for directors and set forth the minimum criteria for Board membership. The Corporate Governance Guidelines provide that the CN&G Committee, in making recommendations about board nominees to the Board, will:

Review candidates' qualifications for membership on the Board (including, when applicable, making a specific determination as to the independence of the candidates) based on the criteria approved by the Board and taking into account the enhanced independence, financial literacy and financial expertise standards that may be required under law or NYSE rules for committee membership purposes;

In evaluating current directors for re-nomination to the Board, assess the performance of such directors; and

Periodically review the composition of the Board in light of the current challenges and needs of the Board and the Corporation, and determine whether it may be appropriate to add or remove individuals after considering issues of judgment, diversity, age, skills, background and experience.

In addition, the Corporate Governance Guidelines contain policies regarding director independence, the mandatory retirement age of directors, simultaneous service on other boards and substantial changes relating to a director's affiliation or position of principal employment. Among other things, the guidelines establish responsibilities for meeting preparation and participation, the evaluation of our financial performance and strategic planning.

Copies of our Corporate Governance Guidelines are available without charge on the "Investor Relations Corporate Governance Overview" portion of our website, www.hertz.com.

Director Election Standards

The Corporation maintains a "majority" voting standard for uncontested elections. For a nominee to be elected as a member of the Board, the nominee must receive more "for" than "against" votes to be elected. Only votes "for" or "against" affect the outcome. Abstentions and broker non-votes will have no effect for purposes of the election of directors. In accordance with the Corporation's Corporate Governance Guidelines, each director has submitted, or upon his or her nomination, shall submit a

contingent resignation in writing to the Chair of the CN&G Committee that will become effective only if the director fails to receive a sufficient number of votes for re-election and the Board accepts the resignation. In the event of a contested director election, a plurality standard will apply.

Chairman, Chief Executive Officer and Lead Director Positions

As indicated in our Corporate Governance Guidelines, the Board believes it is important to retain its flexibility to allocate the responsibilities of the offices of the Chairman and CEO in a manner that is in the best interests of our Corporation at any given point in time. The Board believes that the decision as to who should serve as Chairman and CEO, and whether the offices should be combined or separate, should be assessed periodically by the Board, and that the Board should not be constrained by a rigid policy mandating the structure of such positions. The Board believes that the most effective and efficient leadership structure for our Corporation at the present time is for Mr. Frissora to serve as both Chairman and CEO. The Board believes that Mr. Frissora possesses the requisite experience, skill set and judgment to guide both our Corporation and the Board and to address and manage the particular opportunities and challenges that face us. In addition, the Board considers the terms of Mr. Frissora's employment agreement that provide he will serve as a member of the Board and as Chairman of the Board.

In order to help ensure strong corporate governance, our Corporate Governance Guidelines provide that the Board may select a non-management director to serve as a "Lead Director." Mr. Tamke, a non-management director nominated by CD&R, has served as Lead Director of the Corporation and Hertz since July 2006 at the request of the Board. The Lead Director, in consultation with the Chairman and CEO, has responsibility for determining the length and frequency of Board meetings and setting the agenda for such meetings. The Lead Director also sets the agenda for, and chairs, the Board's regularly-scheduled executive sessions in which management does not participate. The Corporate Governance Guidelines provide that directors will have direct access to our management and employees, as well as to our outside counsel and auditors. Among other things, the Lead Director coordinates meetings or other communications that a director wishes to initiate with management or employees. The Lead Director also confers with the CN&G Committee in setting our CEO's compensation by providing perspective and facilitating our CEO's self-assessment.

Policy on Diversity

Due to the concentrated holdings of the funds associated with the Sponsors, the provisions of the Stockholders' Agreement and the presence of the Sponsor Nominees on our Board, the Sponsors have significant influence over our policy and affairs, including the right to nominate potentially all of our directors. However, as indicated above, the Corporate Governance Guidelines and the CN&G Committee charter adopted by the Board specify that the CN&G Committee consider a number of factors, including diversity, when evaluating or conducting searches for directors. The CN&G Committee interprets diversity broadly to mean a variety of opinions, perspectives, personal and professional experiences and backgrounds, such as international and multicultural experience and understanding, as well as other differentiating characteristics, including race, ethnicity and gender.

Implementation and Assessment of Policies Regarding Director Attributes

The CN&G Committee, when making recommendations to the Board regarding director nominations, assesses the overall performance of the Board, and when re-nominating incumbent Board members or nominating new Board members, evaluates the potential candidate's ability to make a positive contribution to the Board's overall function in light of the policies set forth in the Corporate Governance Guidelines, including the policy on diversity. The CN&G Committee also takes into account the nomination requirements contained in the Stockholders' Agreement. The CN&G Committee considers the actual performance of incumbent Board members over the previous year, as well as

whether the Board has an appropriately diverse membership to support our role as one of the world's leading car and equipment rental companies. The particular experience, qualifications, attributes and skills of the potential candidate are assessed by the CN&G Committee in order to determine whether the potential candidate possesses the professional and personal experiences and expertise necessary to enhance the Board's ability to effectively govern our Corporation. After conducting the foregoing analysis and considering the requirements set forth in our Stockholders' Agreement, the CN&G Committee makes recommendations to the Board regarding director nominees. In its annual assessment of director nominees, the CN&G Committee does not take a formulaic approach, but rather considers each prospective nominee's diversity in perspectives, personal and professional experiences and background and ability to carry out the responsibility of exercising business judgment on behalf of our stockholders.

In making director nominations in March of 2012 to comply with NYSE rules regarding the independence of directors, the CN&G Committee, as part of the nomination and appointment process, considered the overall diversity of the Board and believed that the appointment of Michael F. Koehler and Linda Fayne Levinson would improve the diversity of the Board. In making this determination, the CN&G Committee took into account the attributes discussed in " Policy on Diversity" mentioned above, including the opinions, perspectives, personal and professional experiences and backgrounds of the nominees, in addition to international and multicultural experience and understanding, race, ethnicity and gender.

Board Independence

Prior to March 31, 2011, the Sponsors beneficially owned more than 50% of the outstanding shares of our common stock. Consequently, we qualified for, and relied on, several of the "controlled company" exemptions under the NYSE rules. These exemptions eliminated the requirements that we have a majority of independent directors on our Board and a fully independent compensation committee and a fully independent nominating committee. With the exception of the members serving on the Audit Committee, which is made up entirely of independent directors, we did not specifically evaluate the independence of any of our directors.

On March 31, 2011, our Sponsors completed a secondary offering of common stock (the "Secondary Offering") pursuant to which the Sponsors collectively sold approximately 50 million shares of our common stock to the public. As a result of the Secondary Offering, the Sponsors reduced their holdings from over 50% of the outstanding shares of common stock to approximately 39% of the outstanding shares of common stock. Because the Sponsors no longer own over 50% of the outstanding shares of common stock, we no longer qualify for any of the "controlled company" exemptions under NYSE rules.

In connection with the resignation of Messrs. End, Ledford and Sleeper on August 12, 2011 and the appointment of Michael F. Koehler and Linda Fayne Levinson effective March 7, 2012, we are in continued compliance with the NYSE's listing rules, including satisfying the majority independent board of directors requirement within 12 months of the status change and appointing a fully independent compensation committee and nominating committee within 12 months of the status change.

Our Board has determined that Messrs. Beracha, Berquist, Durham, Koehler and Wolf and Ms. Levinson are "independent" as defined in the federal securities laws and NYSE rules. The standards for determining director independence are specified in Annex A to our Corporate Governance Guidelines. See " Corporate Governance Guidelines."

In recommending to the Board of Directors that each of the independent directors be found independent, the CN&G Committee also considered whether there were any other facts or circumstances that might impair the independence of each of those directors. In particular, the CN&G Committee considered that the Corporation in the ordinary course of business provides products and

services to and purchases products and services from companies at which some of our directors serve. In each case: (i) the relevant products and services were provided on terms and conditions determined on an arms-length basis and consistent with those provided by or to similarly situated customers and suppliers; (ii) the relevant director did not initiate or negotiate the relevant transaction, each of which was in the ordinary course of business of both companies; and (iii) the aggregate amounts of such purchases and sales were less than 2% of the consolidated gross revenues of each of the Corporation and the other company in each of the years 2011, 2010 and 2009.

Board Meetings

During 2011, our Board held 15 meetings. Each of our directors attended 75% or more of the aggregate of the total number of meetings of our Board held during the period in which he was a director and the total number of meetings held by all Board committees on which he served during the periods that he served, with the exception of Mr. Ledford, who resigned from our Board on August 12, 2011.

We do not have a policy with regard to directors' attendance at annual meetings of stockholders. All of our directors attended the 2011 annual meeting of stockholders.

Board Committees

Our Board has three standing committees: the Audit Committee, Compensation, Nominating and Governance Committee and Executive Committee. Their composition and roles are discussed below.

Audit Committee

Our Audit Committee consists of Messrs. Berquist (Chair), Beracha, Durham, Koehler and Wolf. Our Board has designated each of the five members of our Audit Committee "audit committee financial experts" and each has been determined to be "financially literate" under NYSE rules.

Our Audit Committee held 9 meetings in 2011.

Our Audit Committee has a written charter. Under it, our Audit Committee assists our Board in fulfilling its oversight responsibilities by overseeing and monitoring our accounting, financial and external reporting policies and practices, the integrity of our financial statements, the independence, qualifications and performance of our independent registered public accounting firm, the performance of our internal audit function, the management information services and operational policies and practices that affect our internal control, our compliance with legal and regulatory requirements and our standards of business conduct and ethics, our guidelines and policies and the commitment of internal audit resources, in each case as they relate to risk management and the preparation of our Audit Committee's Report included in our proxy statements. In discharging its duties, our Audit Committee has the authority to retain independent legal, accounting and other advisors.

The charter for our Audit Committee is available without charge on the "Investor Relations Corporate Governance Overview" portion of our website, www.hertz.com.

Compensation, Nominating and Governance Committee

Our Compensation, Nominating and Governance Committee, which replaced our former Compensation Committee and our former Executive and Governance Committee in part on March 31, 2011, performs many of the functions formerly undertaken by our former Compensation Committee and Executive and Governance Committee and consists of Messrs. Beracha (Chair) and Berquist and Ms. Levinson. Prior to March 31, 2011, Messrs. Wasserman (Chair), Bernasek and End were members of the former Compensation Committee. On March 31, 2011, Mr. Beracha was appointed in connection with our transition from controlled company status. On June 27, 2011, Messrs. Bernasek and End left the CN&G Committee and Mr. Berquist was appointed to the CN&G Committee. They met as a committee 6 times during 2011. The former Compensation Committee operated under a written charter, which was redesignated in part as the charter of the Compensation, Nominating and Governance Committee on March 31, 2011.

Our CN&G Committee has a written charter. Under it, our CN&G Committee oversees our compensation and benefit policies generally, evaluates the performance (with the assistance of the Lead Director) of our CEO as related to all elements of compensation, as well as the performance of our senior management, approves and recommends to our Board all compensation plans for members of our senior management group, approves the short-term compensation of our senior management group (subject, in the case of our CEO, if so directed by the Board, to the final approval of a majority of independent directors of our Board), approves and authorizes grants to our senior management under our incentive plans, prepares reports on executive compensation required for inclusion in our proxy statements and reviews our management succession plan. The CN&G Committee is permitted to delegate its responsibilities to subcommittees as it deems appropriate and has the authority to retain compensation consultants or other advisors.

In addition, our CN&G Committee assists our Board in determining the skills, qualities and eligibility of individuals recommended for membership on our Board, reviews the composition of our Board and its committees to determine whether it may be appropriate to add or remove individuals, reviews and evaluates directors for re-nomination and re-appointment to committees and reviews and assesses the adequacy of our Corporate Governance Guidelines, Standards and Code of Conduct.

The charter for our CN&G Committee is available without charge on the "Investor Relations Corporate Governance Overview" portion of our website, www.hertz.com.

Executive Committee

Our Executive Committee, which performs functions formerly undertaken by our Executive and Governance Committee, was established on March 31, 2011 and consists of Messrs. Tamke (Chair), Bernasek, Frissora and Morales. The Executive Committee met 1 time during 2011.

Our Executive Committee has a written charter. Under it, the Executive Committee may exercise the powers of the Board to act on any matters, subject to applicable law, NYSE rules or the organizational documents of the Corporation.

The charter for our Executive Committee is available without charge on the "Investor Relations Corporate Governance Overview" portion of our website, www.hertz.com.

Board Compensation

The Board believes that a significant portion of non-employee director compensation should align director interests with the interests of stockholders. As a result, our Board has approved the Hertz Global Holdings, Inc. Director Compensation Policy (the "Director Compensation Policy"), pursuant to which our directors who were not also our employees were entitled to receive an annual retainer fee of \$170,000 during 2011 (which amount was increased to \$210,000 on November 18, 2011), \$70,000 payable in cash and \$100,000 payable in the form of common stock, having an equivalent fair market value to such dollar amount. On November 18, 2011, the CN&G Committee revised the Director Compensation Policy, based on a recommendation from Semler Brossy, the CN&G Committee's compensation consultant, to increase the annual retainer for non-employee directors to \$85,000 paid in cash and \$125,000 in equity, which amount was pro-rated for the remainder of 2011. If a director so chooses, any common stock shares may be payable on a tax-deferred basis in phantom shares if the requirements regarding such deferral are met in accordance with applicable tax law, in which case the actual shares of our common stock will be paid to the director promptly following the date on which he or she ceases to serve as a director (or, if earlier, upon a change in control, as defined in the Director Plan or the 2008 Omnibus Plan). Equity grants are granted annually in arrears immediately following the annual stockholders' meeting, and cash fees will be payable quarterly in arrears, although a director may elect to receive, in advance, in lieu of cash fees, shares of our common stock having the same fair market value as such fees.

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

The Corporation does not pay additional fees to directors for attending Board or committee meetings. The chair of our Audit Committee is paid an additional annual cash fee of \$25,000 and each other member of our Audit Committee is paid an additional annual cash fee of \$10,000. The chair of our Compensation, Nominating and Governance Committee is paid an additional annual cash fee of \$15,000 and each other member of our Compensation, Nomination and Governance Committee is paid an additional annual cash fee of \$10,000, the same compensation the chair and members of the former Compensation Committee were entitled to. We also reimburse our directors for reasonable and necessary expenses they incur in performing their duties as directors, and our directors are entitled to free worldwide car rentals upon completion of evaluation forms. In the case of a member of our Board who is also one of our employees, no additional compensation will be paid for serving as a director. Each of our directors who is employed by or affiliated with one of the Sponsors may assign all or any portion of the compensation the director would receive for his services as a director to that Sponsor or its affiliates.

In addition to free worldwide car rentals while serving as a director, any non-employee director who serves for at least five years on the Board will be eligible for Hertz #1 Club Platinum Card status and free worldwide car rentals for fifteen years thereafter.

For services rendered during the year ended December 31, 2011, our non-employee directors received the following:

All compensation is for services rendered as directors, including annual retainer fees and committee and chair fees; in certain cases, compensation has been assigned by directors employed by, or affiliated with, one of the Sponsors to an entity associated with the applicable Sponsor. For his service as the chair of the former Compensation Committee and the Compensation, Nominating and Governance Committee, Mr. Wasserman received additional compensation of \$15,000 during 2011. As chair of the Audit Committee, Mr. Beracha received additional compensation of \$25,000 during 2011. In addition, Mr. Beracha, who was appointed to the Compensation, Nominating and Governance Committee on March 31, 2011, was paid a pro-rated amount of \$5,000 for his committee service during 2011. As a member of the former Compensation Committee and Compensation Nominating and Governance Committee, Mr. Bernasek received additional compensation of \$10,000 during 2011. Mr. Berquist, who was appointed to the Compensation, Nominating and Governance Committee on June 27, 2011, was paid a pro-rated amount of \$5,000 for his committee service during 2011. As members of the Audit Committee, Messrs. Berquist, Durham and Wolf received additional compensation of \$10,000 each during 2011.

Under the terms of the Director Compensation Policy, certain directors elected in advance to receive fees that would otherwise be payable in cash in the form of shares. Certain directors also elected to defer receipt of the cash portion of the fee. Any fee that a director elected to defer was credited to the director's stock account and was deemed to be invested in a

number of phantom shares equal to the number of shares of the Corporation's common stock that would otherwise have been delivered.

- (3) The value disclosed is the aggregate grant date fair value of 6,281 shares granted to Messrs. Beracha, Bernasek, Berquist, Durham, End, Ledford, Morales, Sleeper, Tamke, Wasserman and Wolf computed pursuant to FASB ASC Topic 718 and based on a grant date of May 26, 2011. Assumptions used in the calculation of these amounts are included in the note entitled "Stock-Based Compensation" in the notes to the Corporation's consolidated financial statements in our Form 10-K for the fiscal year ended December 31, 2011.
- (4) No options were granted to the non-employee Board members in fiscal 2011. However, unexercised option awards outstanding as of December 31, 2011, for each non-employee Board member or his or her permitted assignee were as follows: 23,350 for Messrs. Beracha, Berquist, Durham, Tamke, Wasserman and Wolf, 22,585 for Mr. Bernasek and 0 for Mr. Morales. Messrs. End, Ledford and Sleeper or their permitted assignee each held 23,350 options at the time of their resignation.
- (5) Elected to defer receipt of the cash portion of their fees and instead receive phantom shares equal to the number of shares of the Corporation's common stock equal to the deferred fees.
- (6) Messrs. End, Ledford and Sleeper resigned from our Board on August 12, 2011. Each director's respective cash fees were pro-rated based on their term of service during 2011. Mr. End, who served on the Board's former Compensation Committee and Compensation, Nominating and Governance Committee until June 27, 2011, was paid a pro-rated amount of \$5,000 for his committee service during 2011.
- (7) Elected to receive fees that would otherwise be payable in cash in the form of shares of the Corporation's common stock.

Director Equity Compensation

On October 12, 2006, our Board approved the Hertz Global Holdings, Inc. Director Stock Incentive Plan (the "Director Plan"). Our stockholders approved the Director Plan on October 20, 2006. Prior to May 15, 2008, we issued all of our equity compensation to our non-employee directors in accordance with the Director Compensation Policy pursuant to the terms of the Director Plan. On March 4, 2010, our Board adopted the Amended and Restated 2008 Omnibus Incentive Plan (the "2008 Omnibus Plan") and our stockholders approved the 2008 Omnibus Plan at the annual meeting of stockholders held on May 27, 2010. The 2008 Omnibus Plan was an amendment and restatement of the equity incentive plan originally adopted in May 2008 and provides that no further awards will be granted pursuant to the Director Plan. However, awards that were previously granted pursuant to the Director Plan will continue to be subject to and governed by the terms of the Director Plan. All equity compensation that we have granted to our non-employee directors since May 2008 has been pursuant to the terms of the 2008 Omnibus Plan.

As noted above, a director may generally elect to receive all or a portion of fees that would otherwise be payable in cash in the form of shares of our common stock having a fair market value at such time equal to the amount of such fees. Any such shares will be paid to the director when cash fees would otherwise be payable, however, if a director so chooses, these shares may be payable on a tax-deferred basis in phantom shares if the requirements regarding such deferral are met in accordance with applicable tax law, in which case the actual shares of our common stock will be paid to the director promptly following the date on which he or she ceases to serve as a director (or, if earlier, upon a change in control, as defined in the Director Plan or the 2008 Omnibus Plan).

A director will recognize ordinary income upon exercising options granted under the Director Plan or 2008 Omnibus Plan in an amount equal to the fair market value of the shares acquired on the date of exercise, less the exercise price, and we will have a corresponding tax deduction at that time. In the case of shares issued in lieu of cash fees, a director who is an individual will generally recognize ordinary income

equal to the fair market value of such shares on the date such shares are paid to the director and the Corporation will have a corresponding tax deduction at that time.

**COMPENSATION COMMITTEE INTERLOCKS
AND INSIDER PARTICIPATION**

During 2011, Messrs. Beracha, Bernasek, Berquist, End and Wasserman served as members of our CN&G Committee. None of these individuals: (i) served as an officer or employee of the Corporation during 2011 or (ii) was formerly an officer of the Corporation, with the exception of Mr. Wasserman, who served, prior to 2005, as President of CCMG Holdings, Inc. (the former name of the Corporation). Messrs. Wasserman, Bernasek and End also served as executives of CD&R, Carlyle and Merrill Lynch, respectively. For information regarding relationships among the Corporation and CD&R, Carlyle and Merrill Lynch (an affiliate of one of our Sponsors) and related entities, see "Certain Relationships and Related Party Transactions."

During the year 2011: (i) none of our executive officers served as a member of a compensation committee (or other body performing a similar role) of another entity, any of whose executive officers served on either our former Compensation Committee or Compensation, Nominating and Governance Committee; (ii) none of our executive officers served as a director of another entity, any of whose executive officers served on either our former Compensation Committee or our Compensation, Nominating and Governance Committee and (iii) none of our executive officers served as a member of the compensation committee (or other body performing a similar role) of another entity, any of whose executive officers served as one of our directors.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS,
DIRECTORS AND OFFICERS**

The following table sets forth information as of April 2, 2012 with respect to the ownership of the common stock of the Corporation by:

Each person known to own beneficially more than 5% of the common stock of the Corporation;

Each of the directors of the Corporation;

Each of the executive officers named in the Summary Compensation Table below; and

All of the Corporation's executive officers and directors as a group.

The amounts and percentages of shares beneficially owned are reported on the basis of SEC regulations governing the determination of beneficial ownership of securities. Under SEC rules, a person is deemed to be a "beneficial owner" of a security if that person has or shares voting power or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person's ownership percentage, but not for purposes of computing any other person's percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest. As of April 2, 2012 we had 419,734,253 shares of our common stock outstanding.

Except as otherwise indicated in the footnotes to this table, each of the beneficial owners listed has, to the Corporation's knowledge, sole voting and investment power with respect to the indicated shares

The Merrill Sponsor Nominees are or have been directors of the Corporation and Hertz and are or were affiliated with the global private equity division of BAML Capital Partners. They disclaim beneficial ownership of the shares held by investment funds and other entities associated with or designated by Merrill Lynch & Co., Inc. See Notes 8 and 9 above.
- (17) The Corporation is a party to the Stockholders' Agreement, among it, the Sponsors and CMC-Hertz Partners, L.P. Among other things, the Corporation and each stockholder that is a party to the Stockholders' Agreement is required to take all necessary action to cause the Board nominees that the other Sponsors have chosen to be elected, which actions include recommending the nominees of the other Sponsors to our Board for inclusion in the slate of nominees recommended by the Board to stockholders for election. (See "Certain Relationships and Related Party Transactions Stockholders' Agreement").
- (18) The number of options which each officer can exercise within sixty days is as follows: Mr. Frissora 3,198,071, Ms. Douglas 462,574, Mr. Sider 178,371 Mr. Taride 985,998, Mr. Zimmerman 186,229 and Mr. Senackerib 188,694.
- (19) Mr. Senackerib entered into a separation agreement on December 6, 2011. The information for Mr. Senackerib contained in this table is based on our internal information as of December 6, 2011.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based on a review of reports filed by the Corporation's directors, executive officers and beneficial holders of 10% or more of our outstanding shares, and upon representations from those persons, all reports required to be filed by the Corporation's reporting persons during 2011 were filed on time, except that:

Merrill Lynch and certain of its affiliates have engaged in additional principal trading activity in the Corporation's common stock, including during 2011. Merrill Lynch did not timely file Forms 4 with respect to some of these transactions during 2011, but we believe all transactions were subsequently reported on Forms 4 filed by Bank of America;

Messrs. Jatindar Kapur and Scott Massengill received a grant of restricted stock units on March 1, 2011 which was not reported on a Form 4 until March 16, 2011 due to an administrative error at the Corporation. In addition, shares withheld from Mr. Massengill's account on February 26, 2011 in connection with the vesting of restricted stock units were not reported on Form 4 until March 8, 2011; and

Ms. Lois Boyd received a grant of restricted stock units on May 13, 2011 which was not reported on a Form 4 until July 14, 2011 due to an administrative error at the Corporation.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The Corporation has not adopted formal policies and procedures specifically designed to address the review and approval of transactions with related parties. However, the Board has adopted the written Code of Conduct applicable to the Board and the Corporation has adopted the written Standards, which require all employees, officers and directors to avoid conflicts of interests.

The Code of Conduct is applicable to all Board members and provides guidance for handling unforeseen situations which may arise, including conflicts of interest. Pursuant to the Code of Conduct, a conflict of interest may arise when a Board member's private interest interferes in any way or even

appears to interfere with the interests of the Corporation as a whole. The Code of Conduct specifies that a conflict of interest may include, among other things, the following:

When a Board member or a member of his or her family takes actions or has interests that may make it difficult for the Board member to make decisions on behalf of the Corporation objectively and effectively;

Where a Board member or a member of his or her family has a financial interest in, or is engaged, directly or indirectly, in the management of an organization that deals with the Corporation as a supplier, contractor, purchaser or distributor of the Corporation's products or services, or is a competitor; and

Where a Board member renders services to another organization or individual as an employee, agent, consultant or director if the organization or individual is doing or seeking to do business with the Corporation or is a competitor.

Pursuant to the Code of Conduct, any member of our Board who believes he or she has an actual or potential conflict of interest with us is obligated to notify the Chair of the CN&G Committee as promptly as practicable. That member should not participate in any decision by our Board, or any committee of our Board, that in any way relates to the matter that gives rise to the conflict or potential conflict of interest until the issue has been resolved to the satisfaction of the Chair of the CN&G Committee or the Board.

The Standards are applicable to all employees of the Corporation and its subsidiaries, including directors who are employees of the Corporation and its subsidiaries. The Standards generally prohibit employees from maintaining outside business or financial interests or engaging in outside business or financial activity that conflicts with the interests of the Corporation.

The following is a description of certain relationships and transactions that we have entered into with our directors, major stockholders and certain other related persons since the beginning of 2011, as well as certain other transactions.

Stockholders' Agreement

The Corporation is a party to an amended and restated stockholders' agreement (the "Stockholders' Agreement"), among it and investment funds associated with or designated by CD&R, Carlyle and BAMLCP (collectively, the "Sponsors"). The Stockholders' Agreement contains agreements that entitle investment funds associated with or designated by the Sponsors the potential ability to nominate all of our directors, subject to certain requirements. Should the Corporation satisfy the requirements for a "controlled company" within the meaning of NYSE rules, the director nominees are to include three nominees of an investment fund associated with CD&R (one of whom shall serve as the Chairman or, if the Chief Executive Officer is the Chairman, the Lead Director), two nominees of an investment fund associated with Carlyle, two nominees of an investment fund associated with BAMLCP (collectively, the "Sponsor Nominees") and up to six independent directors (subject to unanimous consent of the Sponsor Nominees). The foregoing nomination rights are subject to adjustment in the case that the applicable investment fund sells more than a specified amount of its ownership interests in us.

As of March 31, 2011, the Corporation ceased to qualify as a "controlled company" within the meaning of the NYSE rules. In this regard, if, after giving effect to any transition period, the membership of the Board and/or its committees failed to qualify under any applicable NYSE rules regarding director independence, then the Stockholders' Agreement provided that the Sponsor Nominees were to be reduced to two nominees of an investment fund associated with CD&R (one of whom shall serve as the Chairman or, if the Chief Executive Officer is the Chairman, the Lead Director), one nominee of an investment fund associated with Carlyle, and one nominee of an investment fund associated with

BAMLCP, each of the Sponsors must cause a Sponsor Nominee to resign and additional independent directors were to be elected by our Board to fill the resulting director vacancies.

In order for the Corporation to continue to comply with NYSE rules regarding director independence, and pursuant to the Stockholders' Agreement, on August 11, 2011, Gregory S. Ledford (a Carlyle nominee), Nathan K. Sleeper (a CD&R nominee), and Robert F. End (a BAMLCP nominee) resigned from the Board, effective as of August 12, 2011. On March 6, 2012, the Board appointed Michael F. Koehler and Linda Fayne Levinson as directors, effective as of March 7, 2012. Through the appointment of these two individuals, we have a majority of independent directors on our Board as required by NYSE rules.

The Stockholders' Agreement also provides that our Chief Executive Officer shall be designated as a director, unless otherwise approved by a majority of the Sponsor Nominees. In addition, the Stockholders' Agreement provides that one of the nominees of an investment fund associated with CD&R shall serve as the Chair of the Executive Committee and, unless otherwise agreed by CD&R, as Chairman of our Board or as Lead Director.

The Stockholders' Agreement grants to the investment funds associated with CD&R or to the board, with the approval of the majority of the Sponsor Designees, the right to remove our chief executive officer. Any replacement chief executive officer requires the consent of the investment funds associated with CD&R as well as investment funds associated with at least one other Sponsor. It also contains restrictions on the transfer of our shares, and provides for tag-along and drag-along rights, in certain circumstances. The rights described above apply only for so long as the investment funds associated with the applicable Sponsor maintain certain specified minimum levels of stockholdings in us.

In addition, the Stockholders' Agreement limits the rights of the investment funds associated with or designated by the Sponsors that have invested in our common stock and our affiliates, subject to several exceptions, to own, manage, operate or control any of our "competitors" (as defined in the Stockholders' Agreement). The Stockholders' Agreement may be amended from time to time in the future to eliminate or modify these restrictions without the Corporation's consent.

Registration Rights Agreement

The Corporation is also party to a registration rights agreement (the "Registration Rights Agreement") with investment funds associated with or designated by the Sponsors. The Registration Rights Agreement grants to certain of these investment funds the right to cause the Corporation, at its own expense, to use its best efforts to register such securities held by the investment funds for public resale, subject to certain limitations. The exercise of this right is limited to three requests by the group of investment funds associated with each Sponsor, except for registrations effected pursuant to Form S-3, which are unlimited, subject to certain limitations, if the Corporation is eligible to use Form S-3. The secondary offerings of the Corporation's common stock in June 2007 and March 2011 were effected pursuant to this Registration Rights Agreement. In the event the Corporation registers any of its common stock, these investment funds also have the right to require the Corporation to use its best efforts to include shares of common stock of the Corporation held by them, subject to certain limitations. The Registration Rights Agreement also provides for the Corporation to indemnify the applicable investment funds and their affiliates in connection with the registration of our securities.

Indemnification Agreements

The Corporation, along with Hertz, is a party to customary indemnification agreements with the Sponsors and stockholders of the Corporation that are affiliated with the Sponsors, pursuant to which the Corporation and Hertz will indemnify the Sponsors, our stockholders affiliated with the Sponsors and their respective affiliates, directors, officers, partners, members, employees, agents, representatives and

controlling persons, against certain claims and liabilities, including liabilities arising out of financing arrangements and securities offerings.

The Corporation is a party to indemnification agreements with each of its directors. The indemnification agreements provide the directors with contractual rights to the indemnification and expense advancement rights provided under the Corporation's By-Laws, as well as contractual rights to additional indemnification as provided in the indemnification agreements.

Financing Arrangements with Related Parties

Affiliates of BAMLCP (which is one of the Sponsors), including Merrill Lynch, Bank of America, N.A. and certain of their affiliates (which are stockholders of the Corporation), have provided various investment and commercial banking and financial advisory services to us for which they have received customary fees and commissions. In addition, these parties have acted as agents, lenders, purchasers and/or underwriters to us under our respective financing arrangements, for which they have received customary fees, commissions, expenses and/or other compensation. More specifically, these parties have acted in the following capacities, or similar capacities, with respect to our financing arrangements: lenders and/or agents under the Senior Credit Facilities, the U.S. Fleet Financing Facility and certain of the U.S. Fleet Variable Funding Notes; purchasers and/or underwriters under the Senior Notes, the Senior Subordinated Notes and certain of the U.S. Fleet Medium Term Notes; and structuring advisors and/or agents under the ABS Program (as those terms are defined in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011). As of December 31, 2011 approximately \$174 million of our outstanding debt was with related parties.

Merrill Lynch, Pierce, Fenner & Smith Inc., an affiliate of BAMLCP, acts as the administrator of the Hertz Global Holdings, Inc. Stock Incentive Plan, which is described below. Merrill Lynch, Pierce, Fenner & Smith Inc. received approximately \$20,000 from us for serving as the administrator for fiscal 2011.

Merrill Lynch, an affiliate of BAMLCP, and certain of its affiliates engage in principal trading activity in our stock from time to time. In 2011, Merrill Lynch paid to us \$57,592 for its "short-swing" profit liability resulting from its principal trading activity that is subject to recovery by us under Section 16 of the Securities Exchange Act of 1934, as amended.

Other Relationships

In connection with our car and equipment rental businesses, we enter into millions of rental transactions every year involving millions of customers. In order to conduct those businesses, we also procure goods and services from thousands of vendors. Some of those customers and vendors may be affiliated with the Sponsors or members of our Board. We believe that all such rental and procurement transactions have been conducted on an arms-length basis and involved terms no less favorable to us than those that we believe we would have obtained in the absence of such affiliation. It is our management's practice to bring to the attention of our Board any transaction, even if it arises in the ordinary course of business, in which our management believes that the terms being sought by transaction participants affiliated with the Sponsors or our directors would be less favorable to us than those to which we would agree absent such affiliation. For additional information regarding our transactions with companies of which certain of our independent directors are executive officers, see " Board Independence."

EXECUTIVE COMPENSATION

Named Executive Officers

We refer to the following individuals as our "named executive officers":

Mark P. Frissora, who is our Chief Executive Officer ("CEO") and the Chairman of our Board;

Elyse Douglas, who is our Chief Financial Officer ("CFO") and one of our Executive Vice Presidents;

Scott Sider, who is our President, Vehicle Rental and Leasing, The Americas and one of our Executive Vice Presidents;

Michel Taride, who is our President, Hertz International and one of our Executive Vice Presidents;

J. Jeffrey Zimmerman, who is our General Counsel, Secretary and one of our Senior Vice Presidents; and

Michael J. Senackerib, who was our Chief Marketing Officer and one of our Senior Vice Presidents until his resignation on December 6, 2011.

The named executive officers are our CEO and CFO, our three other most highly compensated executive officers, as compensation is determined under the SEC's rules as of December 31, 2011, and one additional individual.

Compensation Discussion and Analysis

Executive Summary

For 2011, we reported record results. Worldwide revenues for fiscal 2011 were \$8.3 billion, an increase of 9.7% over the prior year. Worldwide car rental revenues for the year increased 9.2% to \$7.1 billion. Revenues from worldwide equipment rental for the year increased 13.0% to \$1,209.5 million. Corporate EBITDA for 2011 was \$1,389.5 million, an increase of 26.3% from 2010. Full year 2011 net income was \$176.2 million or \$0.40 per share on a diluted basis, compared with a net loss of \$48.7 million, or \$0.12 per share on a diluted basis, for 2010. Corporate EBITDA is a non-GAAP financial measure, which is generally consolidated net income before net interest expense (other than interest expense relating to certain car rental fleet financing), consolidated income taxes, consolidated depreciation (other than depreciation related to the car rental fleet) and amortization and before certain other items, in each case as more fully defined in the agreements governing Hertz's senior credit facilities. For a further discussion of Corporate EBITDA and the manner in which our CN&G Committee uses Corporate EBITDA as a performance metric, see "Long-Term Equity Incentives Performance Stock Units." We disclosed our Corporate EBITDA, as well as detailed reconciliations of this non-GAAP measure, in our quarterly earnings releases.

We believe that a skilled and motivated team of senior executives is essential to building lasting stockholder value. We also understand that our senior executives are highly sought after. Therefore, we have structured our compensation programs to provide our named executive officers and other senior executives with levels of compensation that we believe are necessary to retain their services and to avoid the disruption and expense associated with unintended executive departures. Our short- and long-term incentive programs are also intended to reward our executives for performance measured against established goals that are important to us and to align our executives' interests with those of our stockholders.

With respect to compensation for 2011, we implemented a number of measures intended to: (i) further align our compensation practices with our "pay-for-performance" compensation philosophy,

(ii) adapt our compensation structure to the current economic and strategic environment and (iii) reward positive operational and financial performance that we believe enhances stockholder value over time. Specifically:

As part of our general salary review, we increased all of our named executive officers' base salaries after an evaluation of each respective officer's performance in 2010 as well as the market compensation paid for comparable roles in the Survey Group in order to maintain internal pay equity among our named executive officers and competitiveness within the Survey Group.

Due to our strong operating performance in 2011, EICP awards and performance stock units were earned by our named executive officers in an amount that exceeded the targets established by the former Compensation Committee for these awards.

To further support our "pay-for-performance" philosophy, the former Compensation Committee granted Mr. Frissora the contingent right to receive 193,798 performance stock units. For these performance stock units to vest, the trailing average price of our common stock must equal or exceed \$20 per share during any 20 day trading period occurring prior to March 2, 2016 and subject to Mr. Frissora's continued employment with the Corporation through the last to occur of either 3 years from the date of grant or when the performance conditions are satisfied. At date of grant, the Corporation's common stock price was \$14.60.

In order to emphasize the achievement of longer-term results, we revised our approach to the awarding of performance stock units to our named executive officers by making achievement of target (100% payout) awards more difficult by using stretch goals that exceeded our business plan. As explained in more detail below, executive officers will have the ability to increase the performance stock unit awards if the operating results for the combined 2011-2012 years reach a higher performance level than the operating results for 2011. We believe that this change will drive better year-over-year operating results and increase the focus of management on long-term performance. We decided to continue our policy of awarding long-term equity through a mix of 50% stock options and 50% performance stock units to enhance alignment with stockholder returns and to instill accountability for long-term financial results.

We increased the amount of weight Economic Value Added, or "EVA@," contributes as a performance metric under the 2011 Executive Incentive Compensation Plan (or "EICP"), because we believe that EVA is a performance metric that is highly correlated with strong stockholder returns, reflecting our ability to earn profits in excess of our capital costs, and its use in our executive compensation program provides cost-effective benefits to our stockholders. We continued to use adjusted pre-tax income ("API") and revenue as EICP performance metrics because we feel that these metrics are important to our continued growth and profitability.

We revised strategic performance goals for our business units (Hertz Rent-A-Car Americas, Hertz Rent-A-Car International and Hertz Equipment Rental) to emphasize our most important factors for continued operational success. For Hertz Rent-A-Car Americas and Hertz Rent-A-Car International, our strategic goals were improving the competitiveness of the Hertz classic and Advantage brands, customer satisfaction and employee satisfaction. For Hertz Equipment Rental, the strategic performance goals focused on growth in certain specified equipment services, fleet efficiencies and employee satisfaction.

At our 2011 Annual Meeting, our stockholders expressed their approval of our compensation paid to our named executive officers. We received a 91% approval rate for the advisory vote on executive compensation, which we believe is a satisfactory approval rate.

Role of the Compensation, Nominating and Governance Committee in Setting Executive Compensation

Our Compensation, Nominating and Governance Committee, which replaced our former Compensation Committee and Executive and Governance Committee on March 31, 2011, performs many of the functions formerly undertaken by our former Compensation Committee and Executive and Governance Committee. In this proxy statement, unless the context indicates otherwise, references to our "CN&G Committee" refer to our Compensation, Nominating and Governance Committee for periods on or subsequent to March 31, 2011 and our former Compensation Committee and Executive and Governance Committee, as appropriate, for periods prior to March 31, 2011.

The CN&G Committee reviews and establishes the compensation structure for our senior executives. To assist it in doing so, the CN&G Committee has the authority to retain outside advisors as it deems appropriate. Since July 2008, the CN&G Committee has engaged Semler Brossy as its compensation consultant to provide advice and information at the CN&G Committee's request. Semler Brossy's main responsibilities include: (i) providing recommendations and criteria regarding our Survey Group (as defined below), (ii) reviewing and advising on total executive compensation, including base salaries, short- and long-term incentive programs and relevant performance goals, (iii) advising on industry trends, important legislation and best practices in executive compensation, (iv) advising on how to best align pay with performance and (v) assisting the CN&G Committee with any other matters related to executive compensation arrangements, including executive officer employment agreements. The CN&G Committee reviews our compensation programs in light of Semler Brossy's recommendations and adjusts compensation as the CN&G Committee sees fit. However, the decisions made by the CN&G Committee are the responsibility of the CN&G Committee, and may reflect factors other than the recommendations and information provided by Semler Brossy. Semler Brossy has neither been engaged by nor advised management on any non-executive compensation matters.

In determining the appropriate levels of our compensation programs, our CEO provides input to the CN&G Committee on topics that he believes are important, such as the appropriate amount of base salary for named executive officers (other than himself), performance criteria, numerical performance goals and appropriate target performance levels. As part of this process, our CEO obtains data from and has discussions with our Chief Human Resources Officer. As described in more detail below, our CEO conducts performance reviews with respect to the other executive officers of the Corporation, the results of which may affect our executive officers' base salaries and annual bonus levels. In addition, the CN&G Committee regularly confers with the Lead Director when making compensation decisions. For additional information, see "Chairman, Chief Executive Officer and Lead Director Positions." Our CN&G Committee may give weight to our CEO's and Lead Director's input in its discretion, but in all cases, the final determinations with respect to our compensation programs reside with the CN&G Committee or, if requested by the Board, in the case of our CEO, with the independent members of our Board.

Elements of our Compensation Programs

Our compensation programs consist primarily of (i) base salary, (ii) annual performance-based incentive (cash) compensation, (iii) long-term equity incentive compensation and (iv) retirement benefits. We also provide our executives with limited perquisites, and we maintain severance arrangements that would provide our executives with additional compensation in the event of certain qualifying terminations of employment. In order to support our "pay-for-performance" compensation philosophy, a portion of our executive officers' compensation is delivered in the form of performance-dependent, short- and long-term incentive programs. Actual pay varies based upon our corporate performance, business unit performance and individual performance objectives, as more fully described below.

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

When determining the appropriate levels of our compensation programs, we compare the compensation for our senior executives to the compensation of comparable positions at a group of companies (the "Survey Group"). The Survey Group was selected by the CN&G Committee in consultation with Semler Brossy. Because the number of our direct competitors in the global market is limited, we do not limit the Survey Group to only direct competitors in our industry, but also include similarly-sized companies that are in the consumer discretionary, consumer staples, industrials, materials and information technology software and services sectors. These industries were selected because of the fact that successful companies within these industries frequently bear substantial similarities to the Corporation's business model, including that their businesses (i) are asset-intensive, (ii) require frequent customer contact and (iii) involve the need to maintain favorable brand recognition. Moreover, certain industries with substantially different pay practices, such as financial services, were specifically excluded. The companies in the Survey Group had annual revenues of approximately \$6 to \$13 billion, as compared to the Corporation's revenue of \$8.3 billion. We include a relatively large number (60) of companies in the Survey Group, in part because we believe that doing so helps to reduce the influence of outliers. The data from the Survey Group is also size-adjusted using regression analysis, where appropriate, to account for the differences in revenue among Survey Group members. The following are the companies that comprise our Survey Group against which certain elements of our compensation programs, as more specifically described below, were compared to in 2011:

Air Products and Chemicals Inc.	Masco Corp.
Automatic Data Processing Inc.	McGraw-Hill Companies (The)
Avery Denison Corp.	MeadWestvaco Corp.
Ball Corp.	Monsanto Co.
BJ's Wholesale Club, Inc.	Mosaic Company (The)
Cablevision Systems Corp.	Navistar International Corp.
Campbell Soup Co.	Newmont Mining Corp.
Carnival Corp.	Norfolk Southern Corp.
CBS Corp.	Office Depot Inc.
CH Robinson Worldwide Inc.	Oshkosh Corp.
ConAgra Foods Inc.	Owens-Illinois Inc.
CSX Corp.	Parker-Hannifin Corp.
Darden Restaurants Inc.	PPG Industries Inc.
Dean Foods Co.	Praxair Inc.
Eastman Kodak Co.	R.R. Donnelley & Sons Co.
Eaton Corp.	SAIC Inc.
eBay Inc.	Sherwin-Williams Co. (The)
Ecolab Inc.	Southwest Airlines Co.
Fortune Brands Inc.	Starbucks Corp.
Goodrich Corp.	Textron Inc.
Great Atlantic & Pacific Tea Co. Inc. (The)	Thomson-Reuters Corp.
Heinz (HJ) Co.	TRW Automotive Holdings Corp.
Hormel Foods Corp.	United States Steel Corp.
Huntsman Corp.	V. F. Corp.
ITT Corp.	Visa Inc.
Jacobs Engineering Group Inc.	Visteon Corp.
KBR Inc.	Waste Management Inc.
Kellogg Co.	Whole Foods Market Inc.
Lear Corp.	Yahoo! Inc.
Marriott International Inc.	YUM! Brands Inc.

When making compensation decisions for our senior executives, our management and our CN&G Committee consider the compensation levels of the Survey Group, as well as industry factors, general business developments, corporate, business unit and individual performance and our overall "pay-for-performance" compensation philosophy. We typically review the base salaries, annual bonus

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEF14A

levels and long-term equity awards of our named executive officers and other senior executives every 12 months, and we periodically (but not on a set schedule) review the other elements of their compensation.

Response to 2011 Advisory Vote on Executive Compensation

In 2011, we conducted an advisory vote on executive compensation. This non-binding, advisory vote was supported by our stockholders as set forth below.

350,637,338 "For" votes, or approximately 91% of the total votes cast.

34,992,080 "Against" votes and 96,651 "Abstain" votes, or approximately 9% of the total votes cast.

11,651,466 "Broker Non-Votes", which were not counted in the calculation above.

After reviewing the results of the vote, including our approval rate and general surveys of approval rates among a number of companies, our CN&G Committee determined that no changes to the compensation paid to our named executive officers was required as a direct result of the vote. As set forth in " 2012 Annual Cash Incentives (EICP)" and " 2012 Long-Term Equity Awards", our CN&G Committee is continually examining our compensation paid and compensation philosophies to best align the interests of our senior executives and our stockholders.

The Board values the opinions of our stockholders and is committed to considering their opinions in making decisions. If any stockholder wishes to communicate with the Board regarding executive compensation, the Board can be contacted using the procedures outlined in " Stockholder Communications with the Board" set forth in this proxy statement.

Base Salary

Base salaries are designed to attract and retain executive officers needed to run our business. Salaries are the basis for other performance-driven programs and retirement programs as discussed below. For the named executive officers, the CN&G Committee awards base salary increases after reviewing individual performance, conducting internal compensation comparisons and reviewing competitive market compensation in the Survey Group. For 2011, we generally tried to set base compensation for each of our senior executive officers between the 50th and 75th percentiles of the base compensation paid for comparable positions at the Survey Group, however, we take into account other factors such as an individual's prior experience, total mix of job responsibilities versus market comparables, internal equity, and individual performance when setting base salaries for our senior executive officers as more specifically described below. Accordingly, some of our senior executives' base salaries may exceed the 75th percentile for comparable positions within the Survey Group, while for others it may be below the 50th percentile.

Our CN&G Committee makes base salary determinations in close consultation with our Lead Director and our CEO (except as to his own compensation). We also review base salaries upon promotion or other changes in job responsibility.

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

As the result of our regular, cyclical review of annual base salaries in February 2011, the annual base salaries for our named executive officers were revised as reflected in the following chart.

Name	Initial Base Salary	Adjusted Base Salary
Mr. Frissora	\$ 1,150,000	\$ 1,200,000
Ms. Douglas	\$ 545,000	\$ 570,000
Mr. Sider	\$ 500,000	\$ 550,000
Mr. Taride(1)	\$ 529,423	\$ 571,773
Mr. Zimmerman	\$ 425,000	\$ 450,500
Mr. Senackerib	\$ 390,000	\$ 402,000

(1)

For Mr. Taride, these amounts have been converted to U.S. dollars from pounds sterling at the 12-month average rate of 1.604068.

Below is a summary of the primary considerations our CN&G Committee (or Board, in the case of our CEO) took into account when determining whether, and to what extent, our named executive officers should receive a base salary increase in 2011:

Mr. Frissora's base salary was increased after considering the Corporation's 2010 operating performance and his continued success in managing our worldwide expansion in the car and equipment rental industry.

Ms. Douglas's base salary was increased after considering her performance in managing the Corporation's financial standing during an economic transition period and the fact that her base salary was below the median for her position, as compared to the Survey Group.

Mr. Sider's base salary was increased as part of his previous promotion to President, Vehicle Rental and Leasing, The Americas and his performance in assuming this role.

Mr. Taride's base salary was increased pursuant to an agreement providing for increased salary in exchange for Hertz Europe Limited no longer providing him with subsidized housing, as a result of a general increase for the members of our senior executive team and for his performance in managing our worldwide expansion as President of Hertz International.

Mr. Zimmerman's base salary was increased because of his performance in handling the Corporation's complex legal needs in 2010 and the fact that his previous salary was below the median for his position, as compared to the Survey Group.

Mr. Senackerib's base salary was increased as a result of a general increase for the members of our senior executive team.

Annual Cash Incentive Program (EICP)

EICP Overview

Our named executive officers' compensation includes an annual cash incentive, or EICP award. EICP awards are designed to reward the named executive officers for three performance factors: (i) overall corporate financial performance, (ii) business unit strategic performance, and (iii) individual performance. EICP awards are intended to align our executives' interests with those of our stockholders and reinforce our key strategic initiatives, while taking into account individual performance. EICP awards for 2011 were made to the named executive officers as detailed in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table below.

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

EICP payments for 2011 were paid to our named executive officers under the Hertz Global Holdings, Inc. Senior Executive Bonus Plan ("Senior Executive Bonus Plan"). This plan was approved by our stockholders at the 2010 annual meeting of stockholders and compensation paid under such plan is designed to qualify as tax-deductible to us under Section 162(m) of the Internal Revenue Code (the "Code"). To qualify for such tax deductibility, the Senior Executive Bonus Plan limits the maximum cash incentive bonus payout for our CEO and other participants. The limit is 1% of our earnings before interest, taxes, depreciation and amortization ("EBITDA") for a performance period for our CEO and 0.5% of our EBITDA for a performance period for other participants. When determining the actual amount of cash incentive bonuses to be paid to our named executive officers, the CN&G Committee considers the factors as more specifically described below, but ultimately used its discretion to make the EICP awards pursuant to the Senior Executive Bonus Plan.

How We Determined the 2011 EICP Awards

In November 2010, our CN&G Committee, with the input of our CEO, CFO, Chief Human Resources Officer, Vice President of Global Compensation and Benefits, Semler Brossy and our other senior executive officers, approved the performance criteria to be used to determine annual bonuses for our named executive officers under our EICP for 2011, the relative weighting of those criteria and the variances for the threshold and high performance from the targets applicable to the corporate and business unit performance goals. In addition, for 2011, our CN&G Committee established a Target Award (explained under "Target Awards for 2011" below) for each named executive officer, which is a percentage of the named executive officer's base salary. EICP payments are determined based upon three performance factors, as follows: (i) our overall corporate financial performance, (ii) business unit strategic performance and (iii) individual performance.

At the beginning of 2012, our CN&G Committee approved the EICP award payments for the named executive officers (other than the CEO), and recommended to the Board for approval the award payment for the CEO. To arrive at a payout number, the Target Award was multiplied by modifiers based on corporate financial performance (the "Corporate Performance Modifier"), business unit strategic performance, for individuals reporting to a particular business unit and the weighted average aggregate business unit performance for our CEO, CFO, General Counsel, former Chief Marketing Officer and, due to the CN&G Committee's discretion, the President of Hertz International (the "Business Unit Modifier"), and individual performance goals (the "Individual Performance Modifier"). The formula is illustrated below:

Target Awards for 2011

The Target Award for 2011 was a percentage of the named executive officer's base salary as of December 31, 2011. In general, the CN&G Committee attempts to set the aggregate total annual cash compensation (that is, Target Award and base salary) for all the executives between the 50th and 75th percentiles of annual cash compensation paid for comparable positions at the companies in the Survey Group. However, the CN&G Committee also takes into account the experience and historical performance of each particular executive when determining Target Awards.

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

The 2011 Target Award as percentage of base salary and the named executive officers' base salary as of December 31, 2011 were as follows:

Named Executive Officer	Target Award as a % of Base Salary	Base Salary as of December 31, 2011	Target Awards
Mr. Frissora	150%	\$ 1,200,000	\$ 1,800,000
Ms. Douglas	80%	\$ 570,000	\$ 456,000
Mr. Sider	80%	\$ 550,000	\$ 440,000
Mr. Taride(1)	80%	\$ 571,773	\$ 457,418
Mr. Zimmerman	65%	\$ 450,500	\$ 292,825
Mr. Senackerib	65%	\$ 402,000	\$ 261,300

(1)

For Mr. Taride, these amounts have been converted to U.S. dollars from pounds sterling at the 12-month average rate of 1.604068.

Corporate Performance Modifier for 2011

The Corporate Performance Modifier, which is the same for each named executive officer, is determined in reference to financial performance targets selected by our CN&G Committee. For 2011, our CN&G Committee chose API, EVA and revenue as the financial performance criteria. The CN&G Committee determined that, for the 2011 EICP, API would be assigned a 40% weight, EVA would be assigned a 40% weight and revenue would be assigned a 20% weight. The CN&G Committee increased the weighting of EVA within the Corporate Performance Modifier from the 2010 EICP weighting because EVA is a metric which, in determining financial performance, takes into account both the expectations of stockholders and cost of capital, both of which are important factors in the operation and expansion of our business.

API as a Corporate Performance Modifier Element

API is an adjusted pre-tax income statistic equal to our income before purchase accounting charges, non-cash interest items, income taxes, minority interest, restructuring expenses, significant one-time items and non-cash "mark-to-market" income and expense. API is an operating statistic determined by reference to our financial statements, but is not calculated in accordance with GAAP. The CN&G Committee used API as a metric because it allows management to assess the operational performance of our business, exclusive of the items mentioned above that do not reflect our operating performance.

EVA as a Corporate Performance Modifier Element

The CN&G Committee continues to believe that EVA, and specifically EVA improvement, should be utilized in our EICP because it is a performance metric that is highly correlated with strong stockholder returns. EVA, unlike API and revenue, is a metric that has a primary emphasis on stockholder expectations of growth. EVA is calculated as net operating profit after taxes less a capital charge and is a registered trademark of Stern Stewart & Co. The CN&G Committee determined that because EVA represents the value created after all costs, including cost of capital, are met, its improvement should be encouraged. The CN&G Committee also determined that the utilization of EVA, and specifically EVA improvement, with its focus on return on capital investments relative to the cost of capital, is an effective means of evaluating and rewarding executive performance. In connection with using EVA as a performance metric, select individuals were provided intensive training on the EVA model by Stern Stewart & Co., electronic learning EVA modules were made available to over 4,000 managers and webinars and other resources were provided to EICP participants to help them reinforce and sustain their EVA training.

Revenue as a Corporate Performance Modifier Element

The CN&G Committee also determined that revenue should be used as a performance metric for the 2011 EICP because, as the economy continues to stabilize and improve relative to the last two fiscal years, revenue remains a strong indicator of how our Corporation is performing overall.

How EICP Targets were Established

The CN&G Committee also decided that as the economy improved, a return to annual performance targets for API and revenue would be appropriate. By adopting annual performance targets, our senior executive officers had incentives to focus on business goals for the entirety of 2011 and the need to assign weights to these metrics to account for the seasonality of our business, as our CN&G Committee had done in the past, was eliminated.

With respect to each of the financial performance criteria, a threshold, target and high performance levels were determined by our CN&G Committee for 2011 based upon our business plan that reflects our targeted operating results for the fiscal year, in the case of API and revenue, and shareholder expectations of future growth and the Corporation's valuation in the case of EVA. The CN&G Committee had the discretion to modify financial performance criteria for unforeseen events in order to determine whether the targets were achieved and to reflect changes in our operations or business and any other one-time events which did not otherwise reflect our Corporation's performance. In addition, the CN&G Committee retained discretion to make adjustments to actual financial performance criteria results if exchange rate fluctuations skewed such results for the purposes of determining the payout. The CN&G Committee then compared our actual financial performance to our targeted financial performance (to the extent adjusted by the CN&G Committee) to determine the annual cash bonuses under our EICP.

Calculation of the Corporate Performance Modifier Targets and Results

We disclosed our actual API, as well as detailed reconciliations of this non-GAAP measure, in our quarterly earnings releases. Annual threshold, target and high performance API levels were determined by the CN&G Committee using the same formula reflected in these quarterly earnings releases.

As explained above, EVA is calculated as net operating profit after taxes less a capital charge, the latter being the product of our cost of capital and the amount of capital employed in our business. We determine net operating profit after taxes as API plus purchase accounting, but we exclude non-fleet interest and the finance portion of our pension expense. In order to account for taxes, we multiply this amount by .65, which is 1 minus the marginal tax rate of 35%. In order to determine the capital charge, we multiply our cost of capital by an amount equal to (i) average equity, plus (ii) average non-fleet debt, plus (iii) average deferred taxes, plus (iv) the adjustments set forth in the following paragraph.

For 2011, when calculating the capital charge figure, (i) our cost of capital was 10.2%, (ii) non-fleet debt equaled our average "Corporate Debt" as defined in our periodic reports on Forms 10-Q and 10-K less 73.5% of the net book value of Hertz Equipment Rental Corporation rental fleet (this figure we deemed to be covered by fleet debt for our EVA calculation) and (iii) we took the following special adjustments into account: (a) adjustments between pretax and adjusted pretax with the exception of non-cash interest and purchase accounting were capitalized and multiplied by 1 minus our marginal tax rate of 35% and (b) any difference between cash operating taxes and economic taxes.

For the purposes of the preceding sentence, cash operating taxes are equal to cash taxes paid plus the tax benefit from the interest expense associated with corporate debt plus taxes saved (paid) due to non-recurring losses (gains). In addition, economic taxes are equal to API, plus purchase accounting, excluding non-fleet interest and the finance portion of our pension expense plus purchase accounting, multiplied by a marginal tax rate of 35%. The CN&G Committee at the end of each year approves the calculation of EVA results for the year and the EVA change from the previous year.

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

For financial performance criteria, linear interpolation was used to determine the multiplier for results that were between the threshold and target and target and high performance level. However, for API and revenue, if our performance had exceeded the high performance level, then the slope of the payout curve above the high performance level would have been half of the slope of the payout curve between the threshold and high performance level, and for EVA, if our performance level had exceeded the high performance level, the slope of the payout curve above the high performance level would have been equal to the slope of the curve between the threshold and high performance level. There are no caps on the EICP awards, but the overall payouts are subject to the limits discussed in "Annual Cash Incentive Program (EICP) EICP Overview."

The following were the fiscal 2011 financial performance criteria targets set by the CN&G Committee and our disclosed actual performance as compared to such targets (dollars in millions):

2011 Corporate Performance Modifier

	API (40% Weight)	Revenue (20% Weight)	EVA(1) (40% Weight)
Threshold(2)	\$ 472.7	\$ 7,129.0	\$ (68.0)
Target = 100% Multiplier	\$ 525.2	\$ 7,921.1	\$ 82.0
High Performance Level(3)	\$ 604.0	\$ 9,109.2	\$ 232.0
Actual Results	\$ 680.5	\$ 8,298.4	\$ 162.0
Payout Factor	189.1%	119.1%	153.3%
Total Modifier		160.8%	

- (1) The EVA figures in the above table represent, for Threshold a decrease of EVA by \$68 million, for Target an improvement of EVA by \$82 million and for the High Performance Level an improvement of EVA by \$232 million.
- (2) Any API or revenue results that equal the Threshold receive a 60% multiplier. Any EVA results that equal the Threshold receive a 0% multiplier.
- (3) Any API or revenue results that equal the High Performance Level receive a 160% multiplier. Any EVA results that equal the High Performance Level receive a 200% multiplier.

Business Unit Modifier for 2011

Based upon management's recommendation, our CN&G Committee determined that, for 2011, it was important to continue to incentivize management to achieve strategic initiatives for our Hertz Rent-A-Car Americas, Hertz Rent-A-Car International and Hertz Equipment Rental business units. With the exception of Mr. Taride, executive officers reporting to a specific business unit had their EICP awards adjusted by the Business Unit Modifier relating to their specific business unit. Executive officers in our corporate centers had their EICP awards adjusted by a weighted average of the Business Unit Modifiers, as follows: Hertz Rent-A-Car Americas: 50%, Hertz Rent-A-Car International: 25% and Hertz Equipment Rental: 25%.

For 2011, the CN&G Committee, in the case of Hertz Rent-A-Car Americas, increased the number of strategic modifiers and in the case of Hertz Rent-A-Car International, and Hertz Equipment Rental, decreased the number of strategic modifiers to better align and emphasize the goals of each individual business unit with the goals of the Corporation. In addition, the CN&G Committee departed from subjectively determining the Business Unit Modifier based on its assessment of whether the strategic objectives had been met. Instead, the CN&G Committee

determined a target for each strategic objective and then measured the results against the target to determine an objective, statistically-derived performance figure resulting in a specified payout. However, the CN&G Committee could still use its discretion to modify the Business Unit Modifiers if required due to unusual or otherwise unanticipated events. The Target Award for each individual, as modified by the Corporate Performance Modifier

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

(discussed under "Corporate Performance Modifier for 2011" above), was then multiplied by his or her respective Business Unit Modifier, which could have ranged from 75% to 125%.

For the Hertz Rent-A-Car Americas and Hertz Rent-A-Car International business units, the strategic goals approved by our CN&G Committee were improving the competitiveness of the Hertz classic and Advantage brands, customer satisfaction and employee satisfaction. Each strategic goal was weighted at 33¹/₃% of the overall score. To measure the competitiveness of the Hertz classic and Advantage brands, we measured airport market share for the combined Hertz and Advantage brands (where available) against market share for the prior year. Customer satisfaction was by reference to the change in the Net Promoter Score, a customer loyalty metric developed by (and a registered trademark of) Fred Reichheld, Bain & Company, and Satmetrix. Employee satisfaction was measured through an internal employee pulse survey score.

For 2011, the CN&G Committee determined that, pursuant to the payout guidelines described above, the Business Unit Modifiers for the Hertz Rent-A-Car Americas and Hertz Rent-A-Car International were as follows:

For Hertz Rent-A-Car Americas, (i) the target for brand competitiveness was an increase of 0.3% and the business unit recorded a decrease of 1.0%, resulting in a below-target payout of 75%; (ii) the target for customer satisfaction was an increase of 1% and the business unit achieved an increase of 3.9%, resulting in a payout of 116.8%; and (iii) the target for employee satisfaction was an increase of 0.05 and the business unit achieved an increase of 0.23, resulting in a payout of 125%. The total Business Unit Modifier for Hertz Rent-A-Car Americas was 105.6%.

For Hertz Rent-A-Car International, (i) the target for brand competitiveness was an increase of 0.3% and the business unit achieved an increase of 0.9%, resulting in a payout of 113%; (ii) the target for customer satisfaction was an increase of 1% and the business unit achieved an increase of 4.4%, resulting in a payout of 120.5%; and (iii) the target for employee satisfaction was an increase of 0.05 and the business unit achieved an increase of 0.23, resulting in a payout of 125%. The total Business Unit Modifier for Hertz Rent-A-Car International was 119.5%.

For the Hertz Equipment Rental business unit, the strategic goals approved by our CN&G Committee were: growth in industrial, pump and power and Hertz entertainment services, fleet efficiencies and employee satisfaction. Each strategic goal was weighted at 33¹/₃% of the overall score. To measure growth in industrial, pump and power and Hertz entertainment services, we compared growth in these segments to the growth anticipated in our business plan. Fleet efficiencies were measured in relation to the utilization of equipment. Employee satisfaction was measured through an internal employee pulse survey score.

For 2011, the CN&G Committee determined that, pursuant to the payout guidelines described above, the Business Unit Modifier for Hertz Equipment Rental was as follows:

Overall, (i) the target for the growth in industrial, pump and power and Hertz entertainment services strategic goal was growth in line with our strategic plan and the business unit achieved growth of 23%, resulting in a payout of 105.6%; (ii) the target fleet efficiency was 63% and actual fleet efficiency was 62.1%, resulting in a below-target payout of 97%; and (iii) the target payout for the employee satisfaction strategic goal was an increase of 0.05 and the business unit achieved an increase of 0.09, resulting in a payout of 108%. The total Business Unit Modifier for Hertz Equipment Rental was 103.5%.

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

The Corporate-weighted Business Unit Modifier was determined as follows:

Business Unit	Business Unit Modifier	Weight for Corporate Business Unit Modifier
Hertz Rent-A-Car Americas	105.6%	50%
Hertz Rent-A-Car International	119.5%	25%
Hertz Equipment Rental	103.5%	25%
Corporate (Weighted Average)	108.6%	N/A

Below is a chart that indicates, for each named executive officer, the business unit to which each executive officer reports and the Business Unit Modifier for the business unit:

Named Executive Officer	Business Unit	Business Unit Modifier
Mr. Frissora	Corporate-weighted average of business units	108.6%
Ms. Douglas	Corporate-weighted average of business units	108.6%
Mr. Sider	Hertz Rent-A-Car Americas	105.6%
Mr. Taride(1)	Corporate-weighted average of business units	108.6%
Mr. Zimmerman	Corporate-weighted average of business units	108.6%
Mr. Senackerib	Corporate-weighted average of business units	108.6%

(1)

The CN&G Committee used its discretion, based on the results of the European division of the Hertz Rent-A-Car Intentional business unit, to use the Corporate-weighted average of the business units rather than the Hertz Rent-A-Car International Business Unit Modifier to better reflect the performance of the areas for which Mr. Taride is primarily responsible. As a result, Mr. Taride's Business Unit Modifier was reduced from 119.5% to 108.6%.

Individual Performance Modifier for 2011

Annually, each named executive officer's performance (other than Mr. Frissora, our CEO) is subjectively evaluated by Mr. Frissora using performance factors established earlier in the year by Mr. Frissora in consultation with each named executive officer. At the end of 2011, Mr. Frissora recommended to the CN&G Committee for its approval an Individual Performance Modifier for each of our named executive officers based on this evaluation. Each of our named executive officer's Target Award (as modified by the Corporate Performance Modifier and the Business Unit Modifier discussed above) was then multiplied by his or her Individual Performance Modifier, which could have ranged from 0% to 150%. Our Board provided the CN&G Committee with a subjective evaluation of our CEO's performance after reviewing Mr. Frissora's self-assessment (facilitated by our Lead Director) and the CN&G Committee approved his Individual Performance Modifier and reported its findings to the Board. Mr. Frissora's Target Award (as modified by the Corporate Performance Modifier and the Business Unit Modifier discussed above) was then multiplied by his Individual Performance Modifier, which could have ranged from 0% to 150%. The CN&G Committee used its discretion in approving the Individual Performance Modifier, placing primary emphasis on our CEO's individual review of our named executive officers and the Board's review of our CEO.

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

2011 EICP Awards

The chart below shows how each named executive officer's 2011 EICP award was calculated. Other than with respect to Mr. Taride's Business Unit Modifier, the CN&G Committee did not use its discretion to modify any EICP awards paid to our named executive officers.

Named Executive Officer	Target Award	Corporate Performance Modifier	Business Unit Modifier	Individual Performance Modifier	Payout
Mr. Frissora	\$ 1,800,000	160.8%	108.6%	112%	\$ 3,520,517
Ms. Douglas	\$ 456,000	160.8%	108.6%	106%	\$ 844,086
Mr. Sider	\$ 440,000	X 160.8%	X 105.6%	X 106%	= \$ 791,970
Mr. Taride(1)	\$ 457,418	160.8%	108.6%	106%	\$ 846,711
Mr. Zimmerman	\$ 292,825	160.8%	108.6%	106%	\$ 542,039
Mr. Senackerib	\$ 261,300	160.8%	108.6%	100%	\$ 456,305

For Mr. Taride, these amounts have been converted to U.S. dollars from pounds sterling at the 12-month average rate of 1.604068.

2012 Annual Cash Incentives (EICP)

For 2012, the CN&G Committee engaged its compensation consultant to analyze potential improvements to the EICP. Semler Brossy presented its findings to the CN&G Committee. Based on management's recommendations, and Semler Brossy's subsequent input, our CN&G Committee determined that performance targets for 2012 should continue to emphasize our Corporation's financial results to ensure strong alignment of management's interests with stockholders' interests. The CN&G Committee determined that API, revenue and EVA continue to be appropriate performance metrics on the basis of its belief that rewarding superior achievement in these areas directly increases stockholder value and did not make any changes with respect to the weighting of API, EVA and revenue for 2012. Therefore, the EICP in 2012 will continue to be weighted 40% on API, 40% on EVA and 20% on revenue. In addition, the CN&G Committee believes that annual measurements of such metrics are appropriate and will continue to use the fiscal year as the measurement period.

The business unit performance goals approved by our CN&G Committee for 2012 are substantially the same as in 2011 and, for the business unit leaders of the Hertz Rent-A-Car Americas and Hertz Rent-A-Car International business units, focus on improving the competitiveness of the Hertz classic and Advantage brands, customer satisfaction and employee satisfaction and, for the business unit leaders of Hertz Equipment Rental, focus on growth in industrial, pump and power and Hertz entertainment services, fleet efficiencies and employee satisfaction. Each performance goal for the applicable business unit will continue to be weighted at 33¹/₃% of the overall Business Unit Modifier. Executives in our corporate centers will receive an adjustment to their EICP award bonus based upon a weighted average of the modifiers for the three business units (Hertz Rent-A-Car Americas: 50%, Hertz Rent-A-Car International: 25% and Hertz Equipment Rental: 25%).

Long-Term Equity Incentives

Long-term incentive compensation comprises a significant part of our total compensation for senior executives and in 2011 was awarded under the 2008 Omnibus Plan. Under the 2008 Omnibus Plan, the CN&G Committee has the flexibility to make equity awards, including time- and performance-based awards of stock options, stock appreciation rights, restricted stock, restricted stock units, performance stock units and deferred stock units. The plan also permits us to settle awards in shares or cash. 16,953,010 shares of stock are available for awards under the 2008 Omnibus Plan as of March 30, 2012.

In 2011, the CN&G Committee reaffirmed its approach to long-term awards and continued to grant equity awards comprised of 50% stock options and 50% performance stock units. The CN&G Committee chose a balance of stock options and performance stock units to enhance stockholder alignment, create wealth and instill accountability for long-term results. The stock options and performance stock units granted to or earned by all of our named executive officers who received awards in 2011 were intended to bring their long-term incentive compensation to the 75th percentile of that paid to executives in comparable positions at the Survey Group given that the awards will only provide value to executives if there is commensurate stock price and/or financial performance. However, we take into account other factors such as an individual's prior experience, tenure, and individual and company performance when setting long-term equity awards for our senior executive officers. Accordingly, some of our senior executives' long-term equity awards may exceed the 75th percentile for comparable positions within the Survey Group, while for others it may be below the 75th percentile.

Stock Options

In March 2011, we awarded stock options under our 2008 Omnibus Plan to our named executive officers as part of their yearly long-term incentive award. The number of options awarded to each of our named executive officers is listed in the "2011 Grants of Plan-Based Awards" table. The stock options granted in March 2011 vest in four equal (*i.e.*, 25%) annual installments on the first through fourth anniversaries of the date of grant. The CN&G Committee determined that awarding long-term equity awards comprised of 50% stock options was appropriate because stock options are an ideal vehicle to enhance stockholder alignment, while helping retain management through the vesting period. In general, vesting of options requires continued employment and is not subject to the award process as discussed in " Performance Stock Units" below.

Performance Stock Units

In March 2011, we granted performance stock units under our 2008 Omnibus Plan to our named executive officers as part of their yearly long-term incentive award. Performance stock units represent the right to receive a share of our common stock if certain performance goals are achieved and time periods have passed. The CN&G Committee determined that awarding long-term equity awards comprised of 50% performance stock units was appropriate because performance stock units directly encourage management to improve and enhance our financial performance, while helping retain management through the vesting period. In general, earning performance stock units requires continued employment. The performance goal established by the CN&G Committee for the performance stock units earned in 2011 was Corporate EBITDA. Corporate EBITDA means "EBITDA" as that term is defined under Hertz's senior credit facilities, which is generally consolidated net income before net interest expense (other than interest expense relating to certain car rental fleet financing), consolidated income taxes, consolidated depreciation (other than depreciation related to the car rental fleet) and amortization and before certain other items, in each case as more fully defined in the agreements governing Hertz's senior credit facilities. We disclosed our Corporate EBITDA, as well as detailed reconciliations of this non-GAAP measure, in our quarterly earnings releases, and have indicated in the charts below the extent to which the CN&G Committee used its discretion to modify the actual results disclosed in our quarterly earnings releases. Corporate EBITDA was chosen as a performance metric for the performance stock units because we feel it is useful as an operating performance and liquidity metric for internal monitoring and planning purposes, including the preparation of our annual operating budget and monthly operating reviews, and it is one of the primary metrics we use to facilitate our analysis of investment decisions, profitability and performance trends.

For 2011, the CN&G Committee reassessed its approach to long-term equity awards to incorporate a longer-term focus. In 2010, long-term equity awards were based solely on 2010 Corporate EBITDA, as modified by the CN&G Committee. However, the CN&G Committee believed that modifying the plan to

incorporate longer-term performance measures would be beneficial to the Corporation by encouraging increased senior management performance over more than just one year.

In order for the senior executives to earn target (100%) awards for 2011, they would have to meet higher Corporate EBITDA targets than those used in the business plan. However, to account for the heightened difficulty in achieving such increased targets, the CN&G Committee adopted a design allowing for a two-year Corporate EBITDA measurement (both 2011 and 2012) in the event that the senior executives do not reach the maximum performance level in 2011. Accordingly, if the senior executives did not reach the maximum Corporate EBITDA goals in 2011, they would still have the opportunity to do so by achieving results in 2012 which would meet the two-year maximum performance goal. As a result, the senior executives are incentivized both on the 2011 Corporate EBITDA results and the combined Corporate EBITDA results for 2011 and 2012.

The CN&G Committee established threshold (below which no performance stock units would vest), 80% level, target and maximum Corporate EBITDA metrics, which were determined by the CN&G Committee using the same formula reflected in our quarterly earnings releases. The CN&G Committee had the discretion to modify our actual Corporate EBITDA for unforeseen events in order to determine whether the Corporate EBITDA targets were achieved and to reflect changes in our operations and our business. For 2011 Corporate EBITDA, the threshold amount (50% payout) was set as 90% of the business plan and the 80% payout level was for achievement of 100% of the business plan for 2011. The target, or 100%, payout would be achieved if the stretch plan was achieved, with the maximum, 150% payout set as 125% achievement of the business plan. For two-year Corporate EBITDA, the threshold amount (50% payout) was set as 90% achievement of 2011 and 2012 business plans. The target, or 100% payout was set as 100% of the combined 2011 and 2012 business plans, with the maximum, 150% payout set at the combined achievement of the 2011 and 2012 stretch plans.

The amount of performance stock units eligible to vest would vary based upon actual performance as follows:

Performance vs. Payout Matrix			
	2011 Corporate EBITDA	2011-2012 Corporate EBITDA	Payout
Threshold	\$1,142 million	\$2,501 million	50% payout (no payout below threshold)
80% Level	\$1,269 million	\$2,668 million	80% payout
Target	\$1,389 million	\$2,779 million	100% payout
Maximum	\$1,586 million	\$3,079 million	150% payout

With respect to each of 2011 results and combined 2011 and 2012 results, straight line interpolation is used to determine the payout for Corporate EBITDA results that are between the various levels.

Actual Corporate EBITDA for 2011 was \$1,389.5 million, resulting in the named executive officers becoming eligible to receive 100.1% of the performance stock units eligible to be earned for 2011.

Of this amount, 25% of the award earned in 2011 vested on the first anniversary of the grant date for the named executive officers. An additional 25% of the award will vest on the second anniversary of the grant date and the remaining 50% of each award will vest on the third anniversary of the grant date, if the named executive officer is still an employee on each of these dates. Each senior executive may earn more than 100.1% if Corporate EBITDA achieves a performance level exceeding 100.1% as measured under the two-year (2011 and 2012) plan. A summary of the performance stock units that our named executive officers received in 2011 can be found in the "2011 Grants of Plan Based Awards" table.

Other Equity Grants in 2011

On March 1, 2011, the CN&G Committee, after consideration of Mr. Frissora's performance in 2010 and to drive better operating results for the Corporation, granted Mr. Frissora the contingent right to receive 193,798 performance stock units. For these performance stock units to vest, the 20 trading day trailing average price of our common stock must equal or exceed \$20 per share by March 2, 2016. Vesting is also contingent on Mr. Frissora's continued employment with us through the last to occur of either the third anniversary of the date of grant (March 1, 2014) or the date upon which the performance criterion above is satisfied. As of the date of grant, the Corporation's common stock price was \$14.60.

2012 Long-Term Equity Awards

In February 2012, the CN&G Committee reassessed the structure and balance of equity grants used in the Corporation's Long-Term Incentive Plan. Specifically, the CN&G Committee reviewed the use and mix of performance stock units as well as options, and considered whether, in light of the Corporation's historical operating performance, future performance and market factors, changes were required. After consideration of various award alternatives and in consultation with Semler Brossy, the CN&G Committee revised the Long-Term Incentive Plan to consist of 60% performance stock units and 40% price-vested stock units for 2012.

With respect to the performance stock units, the general terms of the grants and awards will not change except for the vesting schedule as described below. Accordingly, for the award of performance stock units in 2012, the CN&G Committee will use a design that incorporates 2012 Corporate EBITDA targets and combined 2012-2013 Corporate EBITDA targets in the event that the senior executives do not reach the maximum performance level in 2012. The CN&G Committee reviewed the Corporation's experience with the performance stock units and believed that increasing the weighting in the Long-Term Incentive Plan of such units would result in appropriate focus on shareholder returns relative to compensation paid.

In addition, future awards of performance stock units will vest over three years at 33¹/₃% per year, rather than the 25%/25%/50% three-year vesting schedule used during the previous plan years. The CN&G Committee believes that using this revised vesting schedule will result in increased retention because, in tandem with the price-vested stock units described below, a higher percentage of the 2012 equity awards (compared to the 2011 equity awards) will be vested in years three and four from the grant date, as set forth under the revised vesting schedule described below.

With respect to the balance of the equity grants under the Long-Term Incentive Plan, the CN&G Committee replaced options that vested pro rata over four years with price-vested stock units that vest 50% after three years and 50% after four years, as further described below. The CN&G Committee believed that, due to the accounting expense related to stock options based on the Corporation's historical operating performance and the overall structure of the awards, transitioning from options to price-vested stock units would better align senior executive performance with shareholder returns.

To achieve vesting of the price-vested stock units, the senior executives must achieve certain common stock price targets at the end of the applicable measurement periods. The grant price will be the 20-trading day trailing average stock price ending on and including the date of grant. For 50% of the award to completely vest, the average price of the common stock must increase 15% or more from the grant date price over the trailing 20-trading day period ending on and including the third anniversary date of the grant. For the remaining 50% of the award to completely vest, the average price of the common stock must increase 25% or more from the grant date price over the trailing 20-trading day period ending on and including the fourth anniversary date of the grant. Should the senior executives completely satisfy the stock price increase targets, the award will vest three years and four years from the grant date, respectively, subject to continued service by the executives until such times. In the event that the senior executives do not meet the stated 20-trading day trailing price goals as set forth above,

the price-vested stock units will proportionally vest, if at all, based on the increase in our common stock price, as measured by the 20-trading day trailing average stock price at the end of each respective measurement period versus the grant date price, and subject to continued service by the executives through such period. Overall, the CN&G Committee believes that this award structure, based on the Corporation's current competitive position, will result in increased retention and drive increased stock performance over a longer period of time.

Assuming that the senior executive met all applicable performance measures under the Long-Term Incentive Plan, the below chart illustrates the revised vesting schedule for 2012.

Policies On Timing of Equity Awards

It is our policy not to issue equity awards with a grant date that occurs during regularly scheduled periods in which we have prohibited trading in our common stock by our executives pursuant to our stock trading policy (such as in the period leading up to a quarterly earnings release). It is our policy not to grant equity awards with effect from, or with an exercise price based on market conditions as they existed on, any date prior to the date on which the party in which granting authority is vested (typically our CN&G Committee, our Board, or our CEO) takes formal action to grant them or such later grant date as may be specified. It is our policy to promptly document any equity awards that we make; we would normally regard documenting to be prompt if we were to communicate the terms of the awards to their recipients, and to obtain signed award agreements governing the grants back from them, within one month of the date formal action is taken to issue them.

Stock Ownership Guidelines

In May 2010, our Board adopted stock ownership guidelines for our executive officers and non-employee directors other than directors designated by our Sponsors. The guidelines contain customary terms and conditions and establish the following target ownership levels:

Equity equal to five times salary for our CEO;

Equity equal to three times salary for our CFO and business unit heads;

Equity equal to one times salary for our other senior executives; and

Equity equal to three times annual cash retainer for non-employee directors.

Executive officers and non-employee directors have five years to reach the target ownership levels. Officers subject to the guidelines are permitted to count towards the target ownership levels shares owned outright or in trust, shares owned through our Employee Stock Purchase Plan, the approximate after-tax value of unvested restricted stock units (*i.e.*, 50% of unvested restricted stock units) and the approximate after-tax value of performance stock units if the performance criteria has been met, even if the service requirement has not been met (*i.e.*, 50% of performance stock units if performance criteria is met). Non-employee directors subject to the guidelines are permitted to count towards the target

ownership levels shares owned outright or in trust and the approximate after-tax value of phantom shares (*i.e.*, 50% of phantom shares).

Hedging Policy

Pursuant to our written policy regarding trading in the Corporation's securities, senior executives are strongly discouraged from entering into any type of arrangement, contract or transaction which has the effect of hedging the value of our common stock. Any executive wishing to enter into hedging transaction must receive an exemption or otherwise clear the transaction with the Corporation's legal department two weeks before entering into the transaction and provide a justification as to the proposed transaction. Section 16 insiders must submit a request for pre-clearance of any hedging transaction to the Corporation's legal department at least one business day in advance of the proposed transaction. The Corporation's legal department will not approve any hedging transactions proposed to be made by a Section 16 insider without first obtaining the approval of the Chair of the CN&G Committee.

Retirement Benefits

We maintain retirement and savings plans for our named executive officers and other senior executives and key employees, as well as for our employees generally. Two of these plans are tax-qualified and are broadly available to our employees. In addition, we maintain three non-qualified, unfunded pension plans for certain of our U.S.-based executives, including our named executive officers. These three plans are the Hertz Corporation Supplemental Retirement and Savings Plan, or "SERP" (which no named executive officer participates in), the Hertz Corporation Benefit Equalization Plan, or "BEP," and the Hertz Corporation Supplemental Executive Retirement Plan, or "SERP II." We believe these plans promote retention of our key executives and other participants by providing a reasonable level of retirement income reflecting their careers with us. We believe such plans are customary in the industries in which we operate, although we did not in 2011 conduct a formal review of the comparability of the terms of these plans with our Survey Group. We generally have not considered these benefits when setting base salary and annual bonus amounts. The material terms of these plans are summarized below under " Pension Benefits."

We also maintain a post-retirement assigned car benefit plan under which we provide certain executives who, at the time of retirement, are at least 58 years old and have been an employee of the Corporation for at least 20 years, with a car from our fleet and insurance on the car for the participant's benefit. The assigned car benefit is available for 15 years post-retirement or until the participant reaches the age of 80, whichever occurs last. As of December 31, 2011, Messrs. Taride and Sider had satisfied the minimum service, but not the minimum age, requirement and Messrs. Frissora and Zimmerman and Ms. Douglas had satisfied neither the minimum service nor the minimum age requirement. Mr. Senackerib did not qualify for this benefit at the time of his resignation.

Perquisite Policy

We provide perquisites and other personal benefits to our named executive officers that we and our CN&G Committee believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. The named executive officers are provided use of company- or third party manufacturer-provided cars, financial planning and tax preparation assistance, annual physicals and, in the case of Mr. Frissora, a country club membership. We also maintain a relocation policy that provides for the payment of relocation expenses in certain instances. In addition, our CEO, for security purposes, uses corporate aircraft for personal and business related air travel and is provided with the services of a driver trained in evasive driving techniques employed by us. We also provide Mr. Taride with a housing arrangement pursuant to the agreement described below. Attributed costs of these personal benefits for the named executive officers for the fiscal year ended December 31, 2011 are included in the "All Other Compensation" column of the

Edgar Filing: HERTZ GLOBAL HOLDINGS INC - Form DEFR14A

Summary Compensation Table. The CN&G Committee periodically reviews our perquisite policies as required. We generally have not considered these perquisites when setting base salary and annual bonus amounts.

We use corporate aircraft for the purpose of encouraging and facilitating business travel by our senior executives (primarily our CEO) and directors, generally for travel in the United States and, less frequently, internationally. The pilots who fly our aircraft are our salaried employees. Under our aircraft policy, our CEO uses our aircraft for travel. We believe that this policy provides several business benefits to us. Our policy is intended to facilitate our CEO's access to our locations around the world and maximize his time available for our business. In addition, our policy is intended to ensure the personal safety of our CEO, who maintains a significant public role as the leader of our Corporation. The methodology that we use to value personal use of our aircraft as a perquisite, as reported in footnotes to the Summary Compensation Table, calculates the incremental cost to us of providing the benefits based on the actual cost of fuel, crew expenses, on-board catering and other, small variable costs. Because we use aircraft primarily for business travel, this valuation methodology excludes fixed costs which do not change based on usage, such as pilots' salaries, purchase cost of the aircraft and fixed maintenance costs. In 2011, the CN&G Committee reviewed and evaluated the use of our corporate aircraft. Through using a productivity model, CN&G Committee determined that our 2010 corporate aircraft use resulted in productivity and cost savings exceeding the expense associated with such corporate aircraft usage.

Housing Arrangements with Mr. Taride

In August 2006, Hertz Europe Limited, an indirect wholly owned subsidiary of Hertz that employs Mr. Taride, entered into an agreement with Mr. Taride regarding the provision of living accommodations for Mr. Taride and his family (the "2006 Agreement"). Pursuant to the 2006 Agreement, Hertz Europe Limited purchased a property in London for a purchase price of £2.3 million, made an estimated £100,000 in improvements to it and paid all fees associated with the purchase. The 2006 Agreement provided that the property would be made available to Mr. Taride and his family rent-free for an initial period through June 2011.

In July 2011, Hertz Europe Limited entered into a revised agreement with Mr. Taride regarding the provision of housing which superseded the 2006 Agreement to provide living accommodations for Mr. Taride and his family beyond June 2011. Pursuant to the 2011 Agreement, Mr. Taride and his family will continue to have access to the same house through June 2015, however, Mr. Taride will be responsible for a portion of the £130,000 (approximately \$201,500 at the then-current exchange rate of 1.55 £/\$) annual market-based rent as follows:

10% from July 2011 through June 2012;

30% from July 2012 through June 2013;

50% from July 2013 through June 2014; and

70% from July 2014 through June 2015.

In addition, through June 2015, Mr. Taride has the option to purchase the property from Hertz Europe Limited at its then appraised fair market value, minus one-third of any increase in its value from its current fair market value of £3.5 million (approximately \$5.4 million at the then-current exchange rate of 1.55). Hertz Europe Limited will reimburse Mr. Taride's income tax liability for the subsidized rent to June 2015 or until the property is purchased by Mr. Taride.

Employment and Severance Arrangements

We have entered into change in control agreements ("Change in Control Agreements") covering all of our named executive officers, other than Mr. Frissora, whose employment agreement provides

severance (described in " Employment and Change in Control Agreements Employment Agreement with Mark P. Frissora"), and we have adopted a severance plan. In connection with our entry into these arrangements, our CN&G Committee received advice from its compensation consultant at that time, Frederic W. Cook & Co., Inc., as to market practices for these arrangements among what we then determined to be a peer group of companies. In adopting these arrangements, it was our intention to provide our named executive officers with severance arrangements that they would view as appropriate in light of their existing arrangements, while at the same time not exceeding, to the maximum extent practicable, the terms of arrangements provided by our peer companies.

These arrangements consist of (i) individual Change in Control Agreements with Messrs. Taride, Zimmerman and Senackerib and Ms. Douglas, and (ii) a severance plan (the "Severance Plan for Senior Executives"). Prior to entering into these arrangements, Mr. Taride had been party to change in control agreements with Hertz and Ford. The purpose of the individual Change in Control Agreements is to provide payments and benefits to the covered executives in the event of certain qualifying terminations of their employment following a change in control of us, and the purpose of the Severance Plan for Senior Executives is to provide payments and benefits to the covered executives in the event of certain other qualifying terminations of their employment. The terms of the Change in Control Agreements and Severance Plan for Senior Executives are described in " Employment and Change in Control Agreements."

The Change in Control Agreements are "double trigger" agreements, meaning that any payments and benefits are paid only if (i) there is a change in control and (ii) the covered executive is terminated by us without "cause" or by the covered executive with "good reason" (as those terms are defined in the Change in Control Agreement), in either case within two years following the change in control. We believe this "double trigger" approach is appropriate because it enhances retention following a change in control and a change in control may require the continued services of an executive officer without a change in that officer's position, role or compensation opportunities. Furthermore, the "double trigger" provisions of the Change in Control Agreements are intended to motivate the covered executives to remain with us, or any successor to us, in spite of any disruptions or dislocations resulting from ownership changes. We believe that such "double trigger" provisions, both presently and prospectively, enhance shareholder value by ensuring business continuity in the event of a change of control and allow us to employ executives who are truly committed to our line of business.

In 2010, the CN&G Committee approved a revised form of the Change in Control Agreement which eliminates our obligations to make payments to the covered executive of all tax gross-ups levied against such executive pursuant to Section 4999 of the Code. Of our named executive officers, only Mr. Sider has entered into this revised Change of Control Agreement. The CN&G Committee revised the Change in Control Agreements as part of our continual evaluation of our compensation programs. We believe that eliminating such tax gross-ups for all future executives and key employees is appropriate in light of current compensation practices and will not affect our future ability to hire and retain exemplary executives and employees.

In addition, we have entered into an employment agreement with our CEO, Mr. Frissora. The terms of the agreement are described in " Employment and Change in Control Agreements Employment Agreement with Mark P. Frissora."

In December 2011, we entered into a separation agreement with our former Chief Marketing Officer, Mr. Senackerib. The terms of the agreement are described in " Employment and Change in Control Agreements Separation Agreement with Michael J. Senackerib."

Policy on Recovering Bonuses in the Event of a Restatement

Our "claw back" policy for all executive officer annual incentive, long-term incentive, equity-based awards and other performance-based compensation arrangements provides that a repayment

obligation is triggered by an award of compensation based on achievement of financial results that were the subject of a restatement, if the CN&G Committee determines that the executive officer's gross negligence, fraud or misconduct caused or contributed to the need for the restatement and the need for a restatement is identified within three years after the first public issuance or filing of financial statements. The CN&G Committee retains discretion as to implementation and interpretation of all matters relating to the "claw back." In addition, Section 304 of the Sarbanes-Oxley Act of 2002 provides for the forfeiture of certain bonuses and profits by our CEO and CFO in connection with certain accounting restatements. Our "claw back" policy will be revised, to the extent necessary, to comply with any rules promulgated by the SEC pursuant to Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

In addition, the 2008 Omnibus Plan and Senior Executive Bonus Plan, pursuant to which EICP awards are granted, provide us with the discretion to cause the forfeiture of cash and equity compensation and the recovery of gains from equity compensation awarded under such plans with respect to individuals who engage in misconduct or gross negligence that results in a restatement of our financial statements. In addition, the aforementioned plans provide that awards granted under the plans are subject to the "claw back" provisions in our Standards of Business Conduct that are described above.

Tax and Accounting Considerations

Section 162(m) of the Code operates to disallow public companies from taking a federal tax deduction for compensation in excess of \$1 million paid to certain of its executive officers, excluding performance-based compensation that meets requirements mandated by the statute. As part of its role, our CN&G Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Code. Our stockholders approved our 2008 Omnibus Plan so that awards granted under the plan may qualify as performance-based compensation. In addition, EICP payments for 2011 were generally paid to executive officers under the Senior Executive Bonus Plan, which was approved by our stockholders at the 2010 annual meeting and is designed to qualify as tax-deductible to us under Section 162(m) of the Code. When appropriate, our CN&G Committee intends to preserve deductibility under Section 162(m) of the Code of compensation paid to our named executive officers. However, in certain situations, our CN&G Committee may approve compensation that will not meet these requirements in order to ensure the total compensation for our executive officers is consistent with the policies described above, particularly with regard to our CEO's salary. Accordingly, our CN&G Committee approved a base salary above \$1 million for our CEO in 2011, some portion of which may not qualify as performance-based compensation, based on the determination that the benefit of providing compensation to our CEO at a level that we believe necessary to retain and reward his talents outweighs the cost of any lost tax deductibility.

COMPENSATION COMMITTEE REPORT

The Compensation, Nominating and Governance Committee has reviewed and discussed the Compensation Disclosure and Analysis included in this proxy statement with members of management. Based on that review and discussion, the Compensation, Nominating and Governance Committee recommended to the Board that the Compensation Discussion and Analysis be included in the proxy statement.

On December 16, 2009, the SEC adopted a final rule that requires reporting of all stock and option awards granted during the fiscal year at the full grant date fair value. The value for each of the years in this Summary Compensation Table reflects the full grant date fair value, and with respect to the performance stock units, assumes that all performance conditions will be achieved at the target level. These amounts were computed pursuant to FASB ASC Topic 718. Assumptions used in the calculation of these amounts are included in the note entitled "Stock-Based Compensation" in the notes to the Corporation's consolidated financial statements in our Form 10-K for the fiscal year ended December 31, 2011.

As described in the "Compensation Discussion and Analysis Performance Stock Units" above, vesting of the performance stock units granted in 2011 were subject to the Corporation's achievement of certain pre-determined financial performance goals during 2011 and subject to upward adjustment based on financial performance goals for combined 2011-2012. The "Stock Awards" column above reflects the grant date fair values of the target number of performance stock units that were eligible to vest based on the Corporation's financial performance goals for 2011, which for accounting purposes is the probable outcome (determined as of the grant date) of the performance-based condition applicable to the grant. The following table below presents the aggregate grant date fair value of these grants assuming that (i) the actual outcome occurred, a 100.1% payout and the awards were not subject to increase based on combined 2011-2012 financial performance and (ii) the highest level of performance condition would be achieved, resulting in a 150% payout.

2011 Performance Stock Unit Awards

Name:	Aggregate Grant Date Fair Value (Based on Actual Outcome) (\$)	Aggregate Grant Date Fair Value (Based on Maximum Performance) (\$)
Frissora	2,973,896	4,456,388
Douglas	712,798	1,068,129
Sider	660,872	990,318

Zimmerman	453,170	679,076
Senackerib	224,217	335,990

Amounts with respect of 2011 reflect EICP awards earned in 2011 for the 2011 performance year that were paid in February 2012. See "Compensation Discussion and Analysis Annual Cash Incentive Program (EICP) EICP Overview" above, for a detailed description of EICP awards.

(3)

Amounts include annual changes in the actuarial present value of accumulated pension benefits. The present value was determined using the same assumptions applicable for valuing pension benefits for purposes of our

financial statements. See the note entitled "Employee Retirement Benefits" in the notes to the Corporation's consolidated financial statements in our Form 10-K for the fiscal year ended December 31, 2011. Due to a freeze of the Hertz UK 1972 Pension Plan and the Hertz UK Supplementary Unapproved Pension Scheme in 2011, Mr. Taride did not report an increase in pension value in 2011. The change in his pension value was \$(249,332) (translated in accordance with footnote 5 of this table) for 2011. Due to Mr. Senack
