### 2015 Equity Incentive Plan

In the last three years, we have granted a gross amount of 1,337,274 incentive equity awards, which represents an average annual rate of shares issued as compared to shares outstanding of approximately 0.5%.

## Questions about the Meeting

**Q. What am I voting on?**

- A. Proposal 1:** Election of twelve directors to serve until the next annual meeting of stockholders, or until their successors are duly elected and qualified
- Proposal 2:** Approval of our 2015 Equity Incentive Plan
- Proposal 3:** Ratification of the selection of Deloitte & Touche LLP as our independent auditing firm for 2015
- Proposal 4:** Advisory vote regarding executive compensation

**Q. Who can vote?**

- A.** Our stockholders as of the close of business on the record date, March 10, 2015, can vote at the annual meeting. Each share of our common stock gets one vote. Votes may not be cumulated. As of March 10, 2015, there were 90,324,351 shares of our common stock outstanding.

**Q. Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?**

- A.** As permitted by the Securities and Exchange Commission ("SEC"), we have elected to provide access to our proxy materials primarily over the Internet rather than mailing paper copies of those materials to each stockholder. On or about March 20, 2015, we will mail a Notice of Internet Availability of Proxy Materials (the "Notice") to our stockholders, which provides website and other information for the purpose of accessing our proxy materials. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed or electronic set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage you to take advantage of the availability of the proxy materials on the Internet to help reduce the cost and environmental impact of the annual meeting.

**Q. How can I get electronic access to the proxy materials?**

- A.** The Notice provides you with instructions regarding how to view our proxy materials for the annual meeting on the Internet and instruct us to send proxy materials to you by email. Choosing to receive proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meeting on the environment. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect unless and until you rescind it.

**Q. What is the difference between a stockholder of record and a beneficial owner of shares held in street name?**

- A. Stockholder of Record.** If your shares are registered directly in your name with our transfer agent, Computershare, you are the stockholder of record with respect to those shares and we sent the Notice directly to you. If you request copies of the proxy materials by mail, you will receive a proxy card.

**Beneficial Owner of Shares Held in Street Name.** If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the beneficial owner of shares held in "street name," and the Notice was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct

Table of Contents

that organization on how to vote the shares held in your account. If you request copies of the proxy materials by mail, you will receive a voting instruction form.

**Q. How do I vote my shares?**

**A.** If you are a stockholder of record or a participant in the Company's stock fund within our Company 401(k) plan (the "401(k) plan"), you may vote in any of the following ways:

*By Internet.* You may vote online by accessing [www.envisionreports.com/pag](http://www.envisionreports.com/pag) and following the on-screen instructions. You will need the Control Number included on the Notice or on your proxy card, as applicable. You may vote online 24 hours a day. If you vote online, you do not need to return a proxy card.

*By Telephone.* In the U.S., you may vote by calling toll free 1-800-652-VOTE (1-800-652-8683) and following the instructions. You will need the Control Number included on the Notice or on your proxy card, as applicable. You may vote by telephone 24 hours a day. If you vote by telephone, you do not need to return a proxy card.

*By Mail.* If you requested printed copies of the proxy materials, you will receive a proxy card, and you may vote by signing, dating and mailing the proxy card in the envelope provided. Votes submitted by mail must be received at our headquarters on or before May 4, 2015.

*In Person.* You may vote in person at the annual meeting by requesting a ballot from the inspector of election at the meeting.

**A.** *If you are a beneficial owner of shares held in street name, you may vote in any of the following ways:*

*By Internet.* You may vote online by following the instructions provided in the Notice. You will need the Control Number included on the Notice or on your voting instruction form, as applicable. You may vote online 24 hours a day. If you vote online, you do not need to return a voting instruction form.

*By Telephone.* You may vote by telephone by following the instructions provided in the Notice. You will need the Control Number included on the Notice or on your voting instruction form, as applicable. You may vote by telephone 24 hours a day. If you vote by telephone, you do not need to return a voting instruction form.

*By Mail.* If you requested printed copies of the proxy materials, you will receive a voting instruction form, and you may vote by signing, dating and mailing it in the envelope provided. Votes submitted by mail must be received at our headquarters on or before May 4, 2015.

*In Person.* You must obtain a legal proxy from the organization that holds your shares in order to vote your shares in person at the annual meeting. Follow the instructions on the Notice to obtain this legal proxy.

For both stockholders of record and beneficial owners of shares held in street name (other than stockholders within our Company 401(k) plan), online and telephone voting is available through 11:59 p.m. ET on Monday, May 4, 2015. For shares held by the stock fund within the Company's 401(k) plan, online and telephone voting is available through 11:59 p.m. ET on Friday, May 1, 2015.

**Q. Can I change my mind after I vote?**

**A.** You may change your vote at any time before the meeting by (1) signing and returning another proxy card with a later date (or voting through the Internet or telephone again), (2) voting at the meeting if you are a registered stockholder or have obtained a legal proxy from your bank or broker or (3) sending a notice to our Corporate Secretary prior to the meeting stating that you are revoking your proxy.

Table of Contents

***Q. What if I return my proxy card but do not provide voting instructions?***

**A.** Proxies that are signed and returned but do not contain instructions will be voted (1) FOR the election of the twelve nominees for director, (2) FOR the approval of the 2015 Equity Incentive Plan, (3) FOR the ratification of our independent auditors, (4) FOR approval of our executive officer compensation and (5) in accordance with the best judgment of the named proxies on any other matters properly brought before the meeting.

***Q. Will my shares be voted if I do not provide my proxy instruction form?***

**A.** If you are a stockholder of record and do not provide a proxy, you must attend the meeting in order to vote your shares. If you are a beneficial holder of shares held in street name, your shares may be voted even if you do not provide voting instructions on your instruction form. Brokers have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on certain "routine" matters. Under these rules, only the proposal to ratify our independent auditing firm is a "routine matter" being voted on by our stockholders this year.

***Q. May stockholders ask questions at the meeting?***

**A.** Yes. Our representatives will answer stockholders' questions of general interest at the end of the meeting. In order to give a greater number of stockholders an opportunity to ask questions, individuals or groups may be allowed to ask only one question and repetitive or follow-up questions may not be permitted.

***Q. How many votes must be present to hold the meeting?***

**A.** Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy card or vote via the Internet or telephone. In order for us to conduct our meeting, a majority of our outstanding shares of common stock as of March 10, 2015 must be present in person or by proxy at the meeting (45,162,176 shares). This is referred to as a quorum. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

***Q. How many votes are needed to approve the proposals?***

**A.** Regarding proposal 1, the twelve nominees receiving the highest number of "For" votes will be elected as directors. This number is called a plurality. Shares not voted, whether by marking "Abstain" on the proxy card or otherwise, will have no impact on the election of directors. Regarding proposals 2, 3 and 4, the measures will pass if each receives the affirmative vote of a majority of shares present and entitled to vote at the meeting. On these items, abstentions will count as votes against the proposal and broker non-votes will not be counted.

## Proposal 1 Election of Directors

The first proposal to be voted on at the annual meeting will be the election of twelve director nominees. Our Nominating and Corporate Governance Committee and Board of Directors recommend approval of each of the nominees outlined below. If elected, each will serve a one-year term. Pursuant to a stockholders agreement, certain of our stockholders affiliated with Roger S. Penske and Mitsui & Co., Ltd. have agreed to vote together to elect members of our Board of Directors. See "Related Party Transactions" for a description of this stockholders agreement.

Penske Corporation recommended Greg Penske (Roger S. Penske's son) to our Nominating and Corporate Governance Committee as a candidate for election to our Board of Directors at the 2014 annual meeting. Penske Corporation has also informed us that it intends to recommend Greg Penske for re-election to our Board at the 2016 annual meeting. Beginning in 2017, in lieu of Greg Penske, Penske Corporation presently intends to recommend one of Mr. Penske's other sons, Roger Penske, Jr., to the Nominating and Corporate Governance Committee for nomination as a candidate for election to our Board at the 2017, 2018 and 2019 annual meetings. It is expected that Mr. Penske, Jr. will serve as an advisory committee member of Penske Truck Leasing (PTL) for 2015 and 2016 and it is expected that Greg Penske will step down from our Board at the 2017 annual meeting and will serve as an advisory committee member of PTL beginning in 2017.

**Director Nominees.** Our Nominating and Corporate Governance Committee has established minimum qualifications for director nominees, including having personal integrity, loyalty to Penske Automotive Group and concern for its success and welfare, willingness to apply sound and independent business judgment and having sufficient time available for Penske Automotive Group matters. Experience in at least one of the following is also desired: high level of leadership experience in business or administration, breadth of knowledge concerning issues affecting Penske Automotive Group, willingness to contribute special competence to board activities, accomplishments within the director's respective field, and experience reading and understanding financial statements.

The Nominating and Corporate Governance Committee and Board of Directors reviewed the qualities of the Board members as a group, including the diversity of the Board's career experiences, viewpoints, company affiliations, expertise with respect to the various facets of our business operations, and business experiences. The Board did not employ any particular benchmarks with respect to these qualities, but was mindful of achieving an appropriate balance of these qualities with respect to the Board of Directors as a whole. Moreover, the Board of Directors and Nominating and Corporate Governance Committee considered each nominee's overall service to Penske Automotive Group during the previous term, each nominee's personal integrity and adherence to the standards noted above, as well as the individual experience of each director noted within their biographies below.

**Board Committees**

Our Board of Directors has four standing committees: the Audit Committee, the Compensation and Management Development Committee, the Nominating and Corporate Governance Committee and the Executive Committee. Charters for the Audit, Compensation and Management Development, and Nominating and Corporate Governance committees are available on our website, [www.penskeautomotive.com](http://www.penskeautomotive.com), under the tab "Corporate Governance." The principal responsibilities of each committee are described below. Collectively, our directors attended over 93% of our board and committee meetings in 2014, and each director attended at least 83% of their meetings, other than Mr. Greg Penske who joined our Board in May 2014 and, due to business commitments prior to joining our Board, attended 60% of the meetings including three of four regularly scheduled meetings. All of our directors are encouraged to attend the annual meeting of stockholders and 11 of 12 directors serving at that time attended the annual meeting in 2014.

*Committee Member Qualifications.* Each of the members of our Audit, Compensation and Management Development, and Nominating and Corporate Governance Committees are independent under New York Stock Exchange guidelines and our guidelines for director independence. The Board of Directors has determined that all members of the Audit Committee are "independent" and "financially literate" under New York Stock Exchange rules and applicable law, and three of the four are "audit committee financial experts," as that term is defined in Securities and Exchange Commission rules.

*The Audit Committee* assists the Board of Directors in fulfilling its oversight responsibility relating to the:

financial statements, financial reporting and financial controls

internal audit function

engagement and evaluation of the independent auditing firms

significant business risks or exposures and the steps taken to assess, monitor and mitigate these risks or exposures

*The Compensation and Management Development Committee* assists the Board of Directors in discharging its responsibility relating to:

executive officers' compensation

compensation and benefits of other employees

administration of our equity incentive plans

recommendations to the Board of Directors with respect to director compensation

management progression and succession plans

*The Nominating and Corporate Governance Committee:*

identifies prospective candidates for our Board of Directors

recommends director nominees for each annual meeting of stockholders and any interim vacancies the Board of Directors determines to fill

recommends to the Board of Directors corporate governance principles

annually reviews our corporate governance policies

oversees the Board self-evaluation

oversees our compliance with legal and regulatory requirements

*Executive Committee.* Our Executive Committee's primary function is to act upon matters when the Board of Directors is not in session. The Executive Committee has the full power and authority of the Board of Directors, except to the extent limited by law or our certificate of incorporation or bylaws or other governance documents.

***Board Structure and Lead Director.*** Roger S. Penske is the Chairman of our Board of Directors and our Chief Executive Officer. We believe the combination of these two offices represents the most appropriate approach for our company due to Mr. Penske's significant ownership position through Penske Corporation, his extensive automotive industry experience, his relationships with our key automotive partners and his experience as an executive and a director of some of the world's leading companies. In light of the combination of these positions, one of our governance principles is to have an independent "Lead Director." Our Lead Director is responsible for:

coordinating and leading the activities of the outside directors

establishing the agenda for executive sessions of the outside directors

presiding at the executive sessions of the outside directors which generally occur as part of each Board meeting

facilitating communication between the outside directors as a group and our management team

Our Lead Director is H. Brian Thompson. He may be contacted by leaving a message at the following telephone number: 800-469-1634. All messages will be reviewed by our Corporate Secretary's office and all (other than frivolous messages) will be forwarded to the Lead Director. Any written communications to the independent directors as a group or the entire Board of Directors may be sent care of the Corporate Secretary to our principal executive office. These communications (other than frivolous messages) will also be forwarded to the Lead Director.

***Director Independence.*** A majority of our Board of Directors is independent and each of the members of our audit, compensation and nominating committees is independent. The Board of Directors has determined that Ms. McWaters and Pierce and Messrs. Barr, Eisenson, Lovejoy, Steinhart and Thompson are each independent in accordance with the listing requirements of the New York Stock Exchange and our guidelines for independent directors which can be found in our corporate governance guidelines on our website [www.penskeautomotive.com](http://www.penskeautomotive.com) and as set forth below. As required by New York Stock Exchange rules, our Board of Directors determined that no material relationship exists which would interfere with the exercise of independent judgment in carrying out the responsibilities of the independent directors.

Table of Contents

For a director to be considered independent under our corporate governance guidelines, the Board of Directors must determine that the director does not have any direct or indirect material relationship with us. In addition to applying these guidelines, the Board of Directors considers relevant facts and circumstances in making the determination of independence, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. The Board considers the transactions, relationships and arrangements between the Company and affiliates of the director, including those described under "Related Party Transactions" and elsewhere in the proxy statement, in its independence determination. The Board also considers ownership of our or our affiliates' securities by the directors and their affiliates, ownership by our management team of any securities of affiliates of directors, and any direct or indirect investments in affiliates of Charlesbank Capital Partners, an affiliate of Michael Eisenson, or Transportation Resource Partners, an affiliate of Penske Corporation.

Under our guidelines, which are more stringent than the New York Stock Exchange guidelines, a director will not be independent if:

1. The director is employed by us, or an immediate family member is one of our executive officers.\*
2. The director receives more than \$60,000 of direct compensation from us, other than director fees and deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).\*
3. The director is affiliated with or employed by one of our independent auditing firms, or an immediate family member is affiliated with or employed in a professional capacity by one of our independent auditing firms.
4. An executive officer of ours serves on the compensation committee of the board of directors of a company that employs the director or an immediate family member as an executive officer.
5. The director is an executive officer or employee, or if an immediate family member is an executive officer, of another company that does business with us and the sales by that company to us or purchases by that company from us, in any single fiscal year during the evaluation period, are more than the greater of two percent of the annual revenues of that company or \$1 million.
6. The director serves as an officer, director or trustee of a charitable organization, and our charitable contributions to the organization are more than the greater of \$250,000 or one percent of that organization's total annual charitable receipts during its last completed fiscal year.

\*

Employment as an Interim Chairman, Interim CEO or other executive officer on an interim basis, and related compensation, shall not disqualify a director from being considered independent following that employment.

**Risk Management.** We have designed and implemented processes to manage risk in our operations. The Board of Director's role in risk management is primarily one of oversight. Management is responsible for the implementation and execution of our risk management initiatives. Our Board of Directors executes its oversight role directly and also through its various committees as set forth below.

**Audit Committee**

principally responsible for implementing the Board's risk management oversight role

monitors certain key risks at each of its regularly scheduled meetings, such as liquidity risk, risk relating to compliance with credit covenants, and related party transaction risk

**Full Board of Directors**

reviews strategic and operational risk in the context of reports from corporate management, regional executives and other officers

receives reports on all significant committee activities at each regular meeting

**Securities Trading Policy/Anti-Hedging.** Our securities trading policy applies to all of our directors, officers and employees and restricts trading in our securities while in possession of material nonpublic information. The policy prohibits our directors, officers, employees and their designees from engaging in hedging, short sales and other trading techniques that offset any decrease in market value of our equity securities without the approval of our General Counsel. No such approvals were requested in 2014.

**Stock Ownership Guidelines/Pledging.** Our stock ownership guidelines, discussed in the CD&A below, require threshold levels of our stock to be held by executive officers, other senior officers and directors. These guidelines exclude any shares that are pledged by our directors and officers.

**Controlled Company.** Under the New York Stock Exchange rules, if a company is "controlled" it need not have a majority of independent directors or solely independent compensation or nominating committees. We are a "controlled company" because more than 50% of the voting power for the election of directors is held by Penske Corporation through its voting agreement with Mitsui & Co. and their affiliates. These entities are considered a group due to the provisions of the stockholders agreement between these parties described under "Related Party Transactions." Even though we are a "controlled company," we are fully compliant with the New York Stock Exchange rules for non-controlled companies.

**Director Candidates.** When considering new candidates for our Board of Directors, the Nominating and Corporate Governance Committee uses the network of contacts of the Board of Directors to compile potential candidates, but may also engage, if it deems appropriate, a professional search firm. The committee considers whether the nominee would be independent and meets with each candidate to discuss and consider his or her qualifications. The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders pursuant to procedures outlined below. Stockholder proposals for nominees should be addressed to our Corporate Secretary, Penske Automotive Group, 2555 Telegraph Road, Bloomfield Hills, MI 48302. The committee's evaluation of stockholder-proposed candidates will be the same as for any other candidates.

Director candidate submissions are to include:

sufficient biographical information concerning the recommended individual, including age, employment history with employer names and description of the employer's business

whether such individual can read and understand basic financial statements

a list of board memberships and other affiliations of the nominee

a written consent of the individual to stand for election and serve if elected by the stockholders

a statement of any relationships between the person recommended and the person submitting the recommendation

a statement of any relationships between the candidate and any automotive retailer, manufacturer or supplier

proof of ownership by the person submitting the recommendation of at least 500 shares of our common stock for at least one year

Recommendations received by November 21, 2015, will be considered for nomination at the 2016 annual meeting of stockholders.

Recommendations received after November 21, 2015 will be considered for nomination at the 2017 annual meeting of stockholders.

**Location of Corporate Governance Documents.** Our corporate governance guidelines and the other documents referenced in this section are posted on our website, [www.penskeautomotive.com](http://www.penskeautomotive.com), under the tab "Corporate Governance." We have also adopted a Code of Business Conduct and Ethics that applies to all of our employees and directors. We intend to disclose waivers, if any, for our executive officers or directors from the code, and changes to the code, on our website.

**Section 16(a) Beneficial Ownership Reporting Compliance.** Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and persons who beneficially own more than 10% of our stock to file reports of ownership with the SEC. Our employees prepare these reports using information obtained from them and our records. We believe all Section 16(a) reports were timely filed in 2014.

**Stockholder Nominations and Proposals for 2016.** We must receive any proposals submitted pursuant to Rule 14(a)-8 of the SEC proxy rules intended to be presented to stockholders at our 2016 annual meeting of stockholders at our principal executive offices at 2555 Telegraph Road, Bloomfield Hills, Michigan 48302-0954 for inclusion in the proxy statement by November 21, 2015. These proposals must also meet other requirements of the rules of the SEC relating to stockholder proposals. Stockholders who intend to present an item of business at the annual meeting of stockholders in 2016 (other than a proposal submitted for inclusion in our proxy statement) must follow the procedures set forth in our bylaws and provide us notice of the business no later than February 5, 2016.

## Proposal 2 Approval of our 2015 Equity Incentive Plan

### Summary

In light of the expiration of our 2012 Equity Incentive Plan later this year, our stockholders are being asked to approve the 2015 Equity Incentive Plan (the "Equity Incentive Plan") which will be used to award incentive cash and equity compensation to our management and board of directors. We are implementing a new equity incentive plan due to the expiration of our prior equity incentive plan on November 1, 2015. Both our Compensation and Management Development Committee and Board of Directors have approved the Equity Incentive Plan, subject to stockholder approval at the annual meeting.

This plan provides up to 4.0 million shares for equity awards, including awards that are intended to satisfy the requirements of Section 162(m) of the Internal Revenue Code, and terminates in 2020. In the last three years, we have granted a gross amount of 1,337,274 incentive equity awards, which represents an average annual rate of shares issued as compared to shares outstanding of approximately 0.5%.

### General

Upon adoption by stockholders at the annual meeting, the Equity Incentive Plan will authorize 4.0 million shares of our common stock for issuance as incentive awards. Incentive awards under the Equity Incentive Plan may be in the form of cash, stock options, stock appreciation rights, restricted stock, restricted stock units, performance compensation awards or common

Table of Contents

stock. The number of shares available for incentive awards under the Equity Incentive Plan will be increased in an amount equal to incentive awards that are forfeited or terminated without issuance of shares and shares withheld by or tendered to us in connection with satisfaction of tax withholding obligations of an award. Adjustments will be made in the aggregate number of shares that may be issued under the Equity Incentive Plan in the event of a change affecting shares of our common stock, such as a stock dividend or split, recapitalization, reorganization, or merger. No more than 1,000,000 shares may be allocated for incentive awards to any one participant during any single calendar year and the maximum dollar amount payable to any employee in any one year for a cash incentive award is the lesser of \$10.0 million or ten times their base salary.

**Administration and Term**

Our Compensation and Management Development Committee will administer the Equity Incentive Plan, including the power to determine when to grant incentive awards; which eligible participants will receive incentive awards; whether the award will be an option, stock appreciation right, restricted stock, restricted stock unit, performance compensation award or company common stock; whether stock appreciation rights will be attached to options; and the number of shares or units to be allocated to each incentive award. The committee may impose conditions on the exercise of options and stock appreciation rights and upon the transfer of restricted stock or restricted stock units under the Equity Incentive Plan and may impose such other restrictions and requirements as it may deem appropriate, including reserving the right for us to reacquire shares issued pursuant to an incentive award.

The committee has delegated limited authority to the company's CEO to grant equity awards to the company's non-executive officer employees. The committee delegated this authority in order to permit the CEO to award limited equity grants without the specific action of the committee. Pursuant to this delegation, the CEO has had the discretion to make a maximum of 50,000 awards, which authority has been reviewed from time to time.

The Equity Incentive Plan will terminate on May 5, 2020, unless our Board of Directors terminates it prior to that date. Incentive awards existing after the termination date will continue to be governed by the terms and conditions of the Equity Incentive Plan.

**Eligibility**

All present and future employees, directors and any company contributors are eligible to receive incentive awards under the Equity Incentive Plan.

**Restricted Stock and Restricted Stock Units**

Restricted stock and restricted stock units issued pursuant to the Equity Incentive Plan are subject to the following general restrictions: (1) no such shares or units may be sold, transferred, pledged, or otherwise encumbered or disposed of until the restrictions on such shares or units have lapsed or been removed under the provisions of the Equity Incentive Plan and (2) if a holder of restricted stock or restricted stock units ceases to be employed by us or one of our affiliates or ceases to be a company contributor, any shares of restricted stock, or restricted stock units, on which the restrictions have not lapsed or been otherwise removed will be forfeited. The committee is also authorized to impose further restrictions on restricted stock or restricted stock units, including additional events of forfeiture. The committee will establish the terms and conditions upon which the restrictions on those shares or units will lapse; provided that, unless otherwise specified in an award, the period of restriction must be at least one year from the date of grant. The terms and conditions may include, without limitation, the lapsing of those restrictions at the end of a specified period of time as a result of the disability or death of the participant, or as a result of the occurrence of a change-in-control. In addition, the committee may at any time, in its sole discretion, accelerate the time at which any or all restrictions will lapse or remove any and all restrictions.

Table of Contents

Participants holding shares of restricted stock may exercise full voting rights with respect to those shares and are entitled to receive all dividends and other distributions paid with respect to those shares. Participants holding restricted stock units do not possess any voting rights with respect to those units, but are entitled to receive all dividends and other distributions paid with respect to those units if and as so provided in the related award agreement. Restricted stock units may be settled by the company in the form of shares of company common stock, cash, or a fixed combination of both, as determined by the committee.

**Stock Options**

Options granted under the Equity Incentive Plan may be incentive stock options (qualifying for favorable income tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended) or non-statutory stock options. The option price for any option awarded under the plan may not be less than 100% (or, in the case of an incentive stock option granted to a 10% stockholder, 110%) of the fair market value of the our common stock on the date of the grant. The committee determines any vesting requirement for option awards. Payment of the option exercise price may be made in cash or as otherwise provided in an option award or by separate action of the committee. The maximum term of any option granted under the plan is ten years. To date, no stock options have been issued pursuant to the Equity Incentive Plan.

**Stock Appreciation Rights**

The committee may award stock appreciation rights under the Equity Incentive Plan either with or without related options, or the committee may subsequently award and attach stock appreciation rights to a previously awarded nonstatutory option, and impose such conditions upon their exercise as it deems appropriate. When the stock appreciation right is exercisable, the holder may surrender to us all or a portion of the unexercised stock appreciation right and receive in exchange an amount equal to the difference between (i) the fair market value on the date of exercise of the common stock covered by the surrendered portion of the stock appreciation right and (ii) the exercise price of the common stock under the related option or, if the stock appreciation right is not related to an option, the fair market value of the common stock on the date the stock appreciation right was awarded. The committee may limit the amount that can be received when a stock appreciation right is exercised. When a stock appreciation right related to an option is exercised, the underlying option, to the extent of the stock appreciation right's surrender, will no longer be exercisable. Similarly, when an option is exercised, any stock appreciation rights attached to the option will no longer be exercisable. Our obligation arising upon exercise of a stock appreciation right may be paid in the company's common stock or in cash, or in any combination of the two, as the committee may determine. Stock appreciation rights may only be exercised when the underlying option is exercisable or, if there is no underlying option, at the times specified by the committee.

**Performance Compensation Awards**

At the time of grant, the committee may designate any incentive award (other than stock options and stock appreciation rights) as a performance compensation award as part of its intention to qualify the award as performance-based compensation under Section 162(m) of the Internal Revenue Code. For incentive awards designated as performance compensation awards, the committee shall determine, among other items, the performance goals and performance period applicable to the awards. After the end of the performance period, the committee will certify in writing the level of performance goal that was attained for the performance period. The maximum performance award for a participant for a calendar year is 1,000,000 shares of company stock and the maximum dollar amount payable to any employee in any one year for a cash incentive award is the lesser of \$10.0 million or ten times their base salary.

The committee may develop applicable performance goals using the following measurements: specified levels of or increases or decreases in revenue, return on equity,

Table of Contents

earnings per share, total earnings, earnings growth, earnings from continuing operations, EBITDA, EBITDAR, return on capital/equity, return on assets, gross profit, earnings before interest and taxes, sales, sales growth, gross or operating margin, cost reduction goals, fixed cost coverage measurements (including the ratio of service and parts revenues to operating costs), return on investment, increase in the fair market value of our common stock, share price (including growth measures and total stockholder return), market capitalization, operating profit, profit margin, net income, cash flow (including operating cash flow and free cash flow), financial return ratios, expense ratios, total return to stockholders, market share, earnings measures/ratios, balance sheet measurements (including debt to equity ratios, maintenance of specified credit availability levels, compliance with credit covenants, inventory measurements and receivables/payables metrics), human resources measurements (including measurements of employee turnover, workers' compensation costs and employee satisfaction), internal rate of return, unit sales, same store sales, specified levels of acquisitions/acquired revenue, customer satisfaction and productivity and compliance objectives (including lack of material weakness in internal controls, each as determined in accordance with the relevant AICPA or PCAOB principles), or where applicable, as adjusted to the extent permitted under Section 162(m) of the Code, to omit the effects of extraordinary items, acquisitions or dispositions, the gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions, accruals for incentive awards under the Equity Incentive Plan and/or cumulative effects of changes in accounting principles. These criteria may relate to the Company, one or more of its subsidiaries or one or more of its or their divisions or units, or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer group companies or indices, or any combination thereof, all as the committee shall determine.

**Change-in-Control**

The committee may, in its discretion, include provisions in award agreements that will make the incentive awards vested and/or fully exercisable upon a change in control of our Company. A change of control will be deemed to have taken place if any individual, entity or group other than the specified holders of common stock affiliated with Penske Corporation become the beneficial owner of Company securities that constitute more than 50% of the combined voting power of the then outstanding securities of the Company that may be cast for the election of directors to the Board of the Company (other than as a result of an issuance of securities initiated by the Company in the ordinary course of business).

**Transferability of Incentive Awards**

No options or stock appreciation rights granted under the Equity Incentive Plan, and, during the applicable period of restriction, no shares of restricted stock, may be sold, transferred, pledged, or otherwise disposed of, other than by will or by the laws of descent and distribution. Restricted stock units are not transferable by means of sale, assignment, exchange, pledge or otherwise. All rights granted to a participant under the plan will be exercisable during the participant's lifetime only by such participant or, if permissible under applicable law, by the participant's guardians or legal representatives. Upon the death of a participant, the participant's personal representative or beneficiary may exercise the participant's rights under the plan. No incentive awards may be transferred for value or consideration without the prior approval of our stockholders.

**Re-pricing Prior Awards**

Except in connection with certain corporate transactions, the terms of outstanding incentive awards may not be amended to reduce the exercise price of outstanding options or stock appreciation rights or cancel outstanding options or stock appreciation rights in exchange for cash, other incentive awards or options or stock appreciation rights with an exercise price that is less than the exercise price of the original

Table of Contents

options or stock appreciation rights without stockholder approval.

**Federal Income Tax Information**

The following is a general summary of the current federal income tax treatment of incentive awards that would be authorized to be granted under the Equity Incentive Plan, based upon the current provisions of the Internal Revenue Code of 1986, as amended, and regulations promulgated thereunder. As the rules governing the tax treatment of such awards are technical in nature, the following discussion of tax consequences is necessarily general in nature and does not purport to be complete. In addition, statutory provisions are subject to change, as are their interpretations, and their application may vary in individual circumstances. This discussion does not address the tax consequences under applicable state and local law.

**Incentive Stock Options.** A participant generally will not recognize income on the grant or exercise of an incentive stock option. However, the difference between the exercise price and the fair market value of the stock on the date of exercise is an adjustment item for purposes of the alternative minimum tax. If a participant disposes of the stock received upon the exercise of an incentive stock option within certain specified periods (a "disqualifying disposition"), the participant will recognize ordinary income on the exercise of such incentive stock option in the same manner as on the exercise of a nonqualified stock option, as described below.

**Non-qualified Stock Options and Stock Appreciation Rights.** A participant generally is not required to recognize income on the grant of a nonqualified stock option or a stock appreciation right. Instead, ordinary income generally is required to be recognized on the date the nonqualified stock option or stock appreciation right is exercised. In general, the amount of ordinary income required to be recognized is (i) in the case of a nonqualified stock option an amount equal to the excess, if any, of the fair market value of the shares on the exercise date over the exercise price and (ii) in the case of a stock appreciation right, the amount of cash and/or the fair market value of any shares received upon exercise.

**Restricted Stock.** Unless a participant who receives an award of restricted stock makes an election under Section 83(b) of the Internal Revenue Code of 1986, as amended, as described below, the participant generally is not required to recognize ordinary income on the award of restricted stock. Instead, on the date the restrictions lapse and the shares vest (that is, become transferable and no longer subject to forfeiture), the participant will be required to recognize ordinary income in an amount equal to the excess, if any, of the fair market value of the shares on that date over the amount paid, if any for those shares. If a participant makes a Section 83(b) election to recognize ordinary income on the date the shares are awarded, the amount of ordinary income required to be recognized is an amount equal to the excess, if any, of the fair market value of the shares on the date of award over the amount paid, if any for those shares. In that case, the participant will not be required to recognize additional ordinary income when the restrictions lapse and the shares vest.

**Restricted Stock Units.** A participant generally is not required to recognize income on the grant of a restricted stock unit. In general, on the date the units are paid, the participant will be required to recognize ordinary income in an amount equal to the fair market value of the units on that date.

**Company Common Stock.** A participant generally is required to recognize income on the date of grant of company common stock in the amount of the fair market value of the stock received.

**Gain or Loss on Sale or Exchange of Shares.** In general, gain or loss from the sale or exchange of shares granted under the Equity Incentive Plan will be treated as capital gain or loss, provided that the shares are held as capital assets at the time of the sale or exchange.

**Deductibility by Us.** We generally are not allowed a deduction in connection with the grant

Table of Contents

or exercise of an incentive stock option. However, if a participant is required to recognize income as a result of a disqualifying disposition, we will be entitled to a deduction equal to the amount of ordinary income so recognized. In the case of a nonqualified stock option (including an incentive stock option that is treated as a nonqualified stock option, as described above), a stock appreciation right, or restricted stock or restricted stock unit, in general, we will be allowed a deduction in an amount equal to the amount of ordinary income recognized by a participant, provided that certain income tax reporting requirements are satisfied.

**Performance-Based Compensation.** Subject to certain exceptions, Section 162(m) of the Internal Revenue Code of 1986, as amended, disallows federal income tax deductions for compensation paid by a publicly-held corporation to certain executives to the extent the amount paid to an executive exceeds \$1 million for the taxable year. The Equity Incentive Plan has been designed to allow the committee to grant cash awards, stock options, stock appreciation rights and performance compensation awards that are intended to qualify under an exception to the deduction limit of Section 162(m) for "performance-based compensation."

**Modification of Equity Incentive Plan**

Our board of directors may amend, alter, or terminate the Equity Incentive Plan as it deems advisable, provided that our stockholders must approve any amendment that would (i) materially increase the benefits accruing to participants under the Equity Incentive Plan, (ii) materially increase the number of shares of our common stock that may be issued under the Equity Incentive Plan or (iii) materially modify the requirements of eligibility for participation in the Equity Incentive Plan. Incentive awards granted under the Equity Incentive Plan may be amended with the consent of the participant so long as the amended award is consistent with the terms of the plan.

**New Plan Benefits**

Because awards under the Equity Incentive Plan are subject to the discretion of the Compensation and Management Development Committee, the benefits and amounts that will be received or allocated in the future under the Equity Incentive Plan, as well as amounts that would have been received in the last fiscal year had the Equity Incentive Plan been in effect, are not determinable.

**Vote Required**

In order to be adopted, the Equity Incentive Plan must be approved by the affirmative vote of a majority of shares present and entitled to vote at the meeting. Abstentions will have the same effect as votes cast against the proposal. If our stockholders do not approve the Equity Incentive Plan, we will be unable to make any incentive awards to our management team or board of directors upon the expiration of our 2012 Equity Incentive Plan later this year.

**Proposal 3 Ratification of the Selection of our Independent Auditors**

Our Audit Committee has selected Deloitte & Touche LLP, the member firm of Deloitte Touche Tohmatsu Limited, and their respective affiliates (collectively referred to as "Deloitte") as our principal independent auditing firm for 2015. In performing its services for 2015, we anticipate Deloitte will not audit our subsidiaries which own the majority of our international operations and their opinions, insofar as they relate to those operations, will be based solely on the report of the independent auditor of those operations, KPMG Audit Plc ("KPMG"). We refer to Deloitte and KPMG collectively as our independent auditing firms.

We have determined to submit the selection of auditors to stockholder ratification, even though it is not required by our governing documents or Delaware law. If the selection of Deloitte as our independent auditors is not ratified by our stockholders, our Audit Committee will re-evaluate its selection, taking into consideration the stockholder vote on the ratification and the advisability of selecting new auditors prior to completion of the 2015 audit.

Our Audit Committee is solely responsible for selecting, engaging and terminating our independent auditing firms, and may do so at any time at its discretion. It is anticipated that a representative of Deloitte will be present at the annual meeting with the opportunity to make a statement and to answer appropriate questions.

**AUDIT COMMITTEE REPORT**

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of our accounting functions and internal controls as more fully discussed above under "Our Corporate Governance." The Audit Committee has the sole authority to retain and terminate our independent auditing firms, and is responsible for recommending to the Board of Directors that our financial statements be included in our annual report on Form 10-K.

The Audit Committee took a number of steps in making this recommendation for our 2014 annual report. The Audit Committee discussed with our independent auditing firms those matters required to be discussed by the Public Company Accounting Oversight Board ("PCAOB"), including information regarding their independence and the scope and results of their audit. These communications and discussions were intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. The Audit Committee also discussed the independent auditing firms' independence and received the letters and written disclosures from the independent auditing firms required by the PCAOB. Finally, the Audit Committee reviewed and discussed the annual audited financial statements with our management and the independent auditing firms in advance of the public release of operating results, and before the filing of our annual and quarterly reports with the Securities and Exchange Commission.

Based on the foregoing, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board of Directors that our audited financial statements be included in our 2014 annual report on Form 10-K as filed with the SEC on February 26, 2015.

*Pre-approval Policy.* The Audit Committee has adopted a policy requiring pre-approval of all audit and non-audit services provided by the independent auditing firms. The primary purpose of this policy is to ensure that we engage our public accountants with a view toward maintaining independence. The Audit Committee is required to pre-approve all services relating to work performed for us by our independent auditing firms and related fees. The Audit Committee must also approve fees incurred for pre-approved services that are in excess of the approved amount. Pre-approval of audit and non-audit services and fees may be given at any time up to a year before commencement of the specified service. The Chairman of the Audit Committee may independently approve fees and services as long as they are reviewed and ratified by the Audit Committee at its next regularly scheduled meeting. All of the services and related fees set forth above were approved by the Audit Committee in accordance with this policy.

## Proposal 4 Advisory Vote on Executive Compensation

Last year, our stockholders approved the compensation of our named executive officers as described under "Compensation Discussion and Analysis" and "Executive Compensation" with over 99% of the votes cast by our stockholders voting in favor. We are again seeking a non-binding advisory vote on our executive compensation and there have not been any significant changes to the elements of our executive compensation program in 2014. Because your vote is advisory, it will not be binding upon the Compensation and Management Development Committee however, the committee will take the outcome of the vote into account when making future executive compensation decisions.

Our compensation program is designed to motivate our executive officers to enhance long-term stockholder value and to attract and retain the highest quality executive and key employee talent available. We believe our executive compensation is aligned with increasing the value of our common stock and promoting our key strategies, values and long term financial and operational objectives. In this regard, we note that:

Mr. Penske beneficially owns approximately 32 million shares of our common stock, which significantly aligns his interests with the stockholders' interests

In the last several years, neither our Chief Executive Officer nor President has received an annual cash bonus as both only have received restricted stock grants in lieu of a cash bonus

The named executive officers receive restricted stock grants with vesting provisions weighted towards the third and fourth years and are subject to stock ownership requirements discussed below, which encourages long-term stock ownership

We do not have any employment agreements with our named executive officers and have no agreements that provide for severance payments upon termination of employment

Our executive officers earn no additional retirement income under any supplemental executive retirement plan

Executive officers are subject to a "clawback" of incentive compensation for detrimental conduct to encourage compliance with policies and appropriate behavior and we prohibit our directors, officers and employees from engaging in hedging with respect to our equity securities (as discussed above under " Our Corporate Governance")

We structure our compensation practices to be consistent with and support sound risk management. Our compensation committee reviews risk associated with our compensation policies and has determined such risk is not excessive

### **THE BOARD OF DIRECTORS BELIEVES THAT THE COMPENSATION OF OUR EXECUTIVE OFFICERS IS APPROPRIATE AND RECOMMENDS A VOTE FOR THE FOLLOWING ADVISORY RESOLUTION:**

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED."

## Compensation Discussion and Analysis

**Executive Summary.** Our compensation program is designed to motivate our executive officers to enhance long-term stockholder value and to attract and retain the highest quality executive and key employee talent available. We believe our executive compensation should be aligned with increasing the value of our common stock and promoting our key strategies, values and long term financial and operational objectives. As further discussed below:

Mr. Penske beneficially owns approximately 32 million shares of our common stock, which significantly aligns his interests with the stockholders' interests

In the last several years, neither our Chief Executive Officer nor President has received an annual cash bonus as both only have received restricted stock grants in lieu of a cash bonus

The named executive officers receive long-term restricted stock grants with vesting provisions weighted towards the third and fourth years and are subject to stock ownership requirements discussed below, which encourages long-term stock ownership

We do not have any employment agreements with our named executive officers and have no agreements that provide for severance payments upon termination of employment

Our executive officers earn no additional retirement income under any supplemental executive retirement plan

Executive officers are subject to a "clawback" of incentive compensation for detrimental conduct to encourage compliance with policies and appropriate behavior and we prohibit our directors, officers and employees from engaging in hedging with respect to our equity securities (as discussed above under " Our Corporate Governance")

We structure our compensation practices to be consistent with and support sound risk management. Our compensation committee reviews risk associated with our compensation policies and has determined such risk is not excessive

In recent years, Mr. Penske has received an annual performance based award payable in shares of restricted stock. For 2014, Mr. Penske was eligible to attain up to 150% of his target performance based award. As detailed below, Mr. Penske achieved 92% of the performance targets listed below, entitling him to approximately \$3.3 million in shares of restricted stock granted in February 2015.

In 2014, over 99% of the votes cast by our stockholders approved our 2013 executive compensation and there have not been any significant changes to the elements of our executive compensation in 2014.

**Compensation Philosophy.** Other than with respect to Mr. Penske, the majority of our executive and employee compensation is payable in cash in the short-term, and is comprised principally of salary and cash bonuses. We use cash compensation as the majority of our compensation because we believe it provides the most flexibility for our employees and is less dilutive to existing stockholders than equity compensation. The compensation committee also recognizes that stock prices may reflect factors other than long-term performance, such as general economic conditions and varying attitudes among investors toward the stock market in general and toward automotive retail companies specifically. However, we also provide long-term compensation in the form of restricted stock awards for senior employees. Our restricted stock program awards typically vest over four years, with 70% of any award vesting in the third and fourth years. We believe this long term compensation helps to align management's goals with those of our other stockholders and provides a long-term retention inducement for our key employees, as discussed below under the heading "Incentive Equity Awards."

**Outside Advisors and Consultants.** Our compensation committee has full access to any

Table of Contents

of our employees and has the authority to hire outside consultants and advisors at its discretion, though it did not do so in 2014. Notwithstanding management's participation in the executive compensation process, all executive officer compensation determinations are made by the committee, using its independent judgment and analysis.

**Role of Executive Officers.** The compensation committee relies on our senior management to assist in fulfilling many of its duties, in particular our Executive Vice President Human Resources and Chief Executive Officer, each of whom attends part of most committee meetings. These executives make recommendations concerning our compensation policies generally, certain specific elements of compensation for senior management (such as equity awards and bonuses), and report to the committee as to company personnel and developments. Our Chief Executive Officer also makes specific compensation recommendations concerning our other executive officers and certain other employees. Our Chief Executive Officer does not participate in determining his own compensation.

**Addressing Risk.** Our compensation committee recognizes that any incentive based compensation arrangement induces an inherent element of risk taking by senior management. We incent management through annual discretionary bonuses, restricted stock grants and, in some cases, performance based bonuses. The committee assesses the risk related to our compensation policies for the named executive officers and for the employees generally, and has determined that our compensation arrangements do not lend themselves to unnecessary or excessive risk taking. The committee believes that any inherent risk is mitigated by the following factors:

Our compensation recovery policy noted below

Our committee's negative discretion to reduce any performance based award

Approximately 70% of the equity compensation we issue vests in the third and fourth years

Rigorous internal and external audits of our field and consolidated results

Our commitment to full compliance with our code of conduct

Thorough investigation of all fraud and financial-related complaints, including those received on our anonymous hotline

The responsibilities of the compensation committee and committee member independence are described under "Our Corporate Governance" beginning on page 9.

**Compensation Recovery Policy.** We have a policy regarding the recovery of unfairly earned compensation. Under the policy, if our Board determines that a member of management earned performance based compensation or incentive compensation within the last three years due to fraud, negligence or intentional misconduct, and such conduct was a significant contributing factor to our restating our financial statements or the reporting of material inaccuracies relating to financial reporting or other performance metrics used in those awards, our Board has the discretion to cause that employee to repay and/or forfeit all compensation that was expressly conditioned upon the achievement of the misreported financial results.

**Equity Award Approval Policy.** We have an equity award approval policy which requires that all equity awards be approved by the committee and that the grant date of all awards except those discussed below shall be the date of the approval by the committee. As part of that policy, the compensation committee delegated to our Chief Executive Officer the authority to grant awards of up to an aggregate of 50,000 shares of our common stock (or stock equivalents) for new hires or spot awards, provided that the awards are reported to the committee at its next meeting. Our compensation committee believes that this delegation of authority allows us to meet our ongoing business needs in a practical manner. Our Chief Executive Officer approved awards for 10,082 shares under that authority in 2014, which awards were ratified by the committee.

Table of Contents

**Stock Ownership Guidelines.** Our stock ownership guidelines are designed to align our management and Board members' interests with our stockholders. The guidelines require that officers and directors own the following levels of common stock, expressed as a multiple of base salary.

CEO	8x
President	4x
Executive Vice Presidents	2x
Principal Accounting Officer	1x

Non-employee board members are required to own common stock equal to five times our annual retainer (currently, \$40,000 × 5= \$200,000). Directors and officers have until the later of five years from adoption of the policy or appointment, to reach the minimum ownership level, though our policy allows extensions at the discretion of the Chairman and Lead Independent Director. These guidelines exclude any shares that are pledged by any of our directors and officers.

**Determination of Amounts.** The compensation committee reviews and determines all aspects of compensation for our executive officers. In making decisions regarding non-CEO compensation, the committee receives input from our Chief Executive Officer. Except with respect to our annual performance awards to our Chief Executive Officer and President (discussed below), our compensation committee does not use formulas in determining the amount and mix of compensation. The committee believes that solely using annual quantitative performance measurements does not create the appropriate balance of incentives to build long-term value. Thus, the committee evaluates a broad range of qualitative factors, including reliability, a track record of integrity, good judgment, foresight and the ability to lead others.

The committee reviews salary adjustments with a view to maintaining external compensation competitiveness. We benchmark competitiveness against a group of publicly traded automotive retailers (Asbury Automotive Group, AutoNation, CarMax, Group 1 Automotive, Lithia Motors and Sonic Automotive). While we benchmark our compensation against our industry peers, we do not target a specific quartile of pay for our executive officers as compared to our peers as we believe each of our executive officer's circumstances and challenges are unique to the individual and we base our compensation accordingly.

**Deductibility of Executive Compensation.** Section 162(m) of the Internal Revenue Code of 1986, as amended, generally imposes a \$1 million per year ceiling on the tax-deductibility of some types of compensation paid to certain of the named executive officers of a public company, unless the remuneration is treated as performance-based. We have designed our 2012 Equity Incentive Plan, and our 2015 Equity Incentive Plan, to facilitate the payment of performance-based compensation meeting these tax deductibility rules. For any of these awards, the compensation committee reserves discretion to reduce (but not increase) the payout under the award.

**Our Compensation Program.** Our compensation program primarily consists of four elements:

Base salary

Annual discretionary cash bonus payments

Restricted stock awards

Employee health and welfare plan participation and other benefits, such as a vehicle allowance

**Base Salary.** The salaries of our executive officers are determined by scope of job responsibility, experience, individual performance, historical salary levels and the benchmarking information discussed above. The committee approves salary levels for executive officers and certain key employees in order to maintain external compensation competitiveness using the benchmarks noted above, and to reflect the performance of those employees in the prior year and to reflect any

Table of Contents

change in the employee's responsibilities. The evaluation of the individual's performance is based upon the committee's subjective perception of that performance, based in large part on input from our Chief Executive Officer and the factors noted above under "Determination of Amounts."

The committee also considers our Company-wide performance and general economic factors. The items of corporate performance that are considered for our named executive officers are the same as those with respect to the award detailed below under "2014 Compensation." Our compensation committee uses these factors in a subjective evaluation to gauge Company performance, keeping in mind the impact of the general performance of the automotive retail industry.

**Annual Bonus Payments.** Our senior management is eligible to receive annual discretionary cash bonus payments. In the past several years, our Chief Executive Officer and President have not received any discretionary bonus payments, receiving only the restricted stock grants resulting from their performance based awards described below under "2014 Compensation" and "President Compensation." We pay annual bonuses to our other executive officers to provide an incentive for future performance and as a reward for performance during the prior year. These discretionary bonus payments are determined in varying degrees based on three criteria:

Company-wide performance in the prior year

Evaluation of an individual's performance in the prior year

Evaluation of the annual performance of an individual's business unit in the prior year

The items of Company-wide performance that are considered for our named executive officers are the same as those detailed below under "2014 Compensation." Our compensation committee uses these factors in a subjective evaluation to gauge Company performance, keeping in mind the impact of the overall performance of the automotive retail industry. The evaluation of the individual's performance and the performance of the individual's business unit is based on the committee's perception of that performance, based in part on input from our Chief Executive Officer and the factors noted above under "Determination of Amounts."

**Incentive Equity Awards.** We issue equity incentive awards under our 2012 Equity Incentive Plan. This plan initially provided up to two million shares for equity awards, including awards that are intended to satisfy the requirements of Section 162(m) of the Internal Revenue Code, and terminates on November 1, 2015. We have granted 910,723 incentive equity awards under this plan since 2012, leaving availability for 1,089,277 awards (giving effect to certain forfeitures and shares withheld).

Each member of senior management is eligible to receive a restricted stock award because we believe these awards effectively align management's goals with those of our other stockholders. Restricted stock grants for management typically vest over four years at a rate of 15%, 15%, 20% and 50% per year, and are subject to forfeiture in the event the employee departs from the Company before vesting. We believe these awards provide a longer-term incentive for management because the majority of the award vests in the third and fourth year. We employ this form of compensation in part because many of our initiatives may take several years to yield benefits. We also believe that weighted vesting of these awards provides an additional incentive to retain our valuable employees due to the unvested value that may be created over time. Our restricted stock awards mirror our other outstanding stock, including the right to vote with our other stockholders and receive dividends. Under certain situations, we have issued restricted stock units to employees, in particular in foreign jurisdictions, which do not include voting rights but otherwise mirror the restricted stock awards.

Restricted stock grants are generally discretionary and are based upon the awards granted in the prior year adjusted to reflect changes in the responsibilities of the named executive officers, the individual's performance and Company-wide performance measures

Table of Contents

detailed below under "2014 Compensation," keeping in mind the overall performance of the automotive retail industry. The amounts are also established to induce retention, as the awards are the sole aspect of long-term compensation for our named executive officers. In 2014, the committee approved the grant of approximately 285,013 incentive equity awards to employees (representing approximately 0.3% of our current outstanding equity), including the awards relating to the 2014 management incentive awards for our Chief Executive Officer and President and excluding awards to our non-employee directors.

**Other Compensation.** We may also provide employees with selected other benefits or perquisites in order to attract and retain highly skilled employees. With respect to health and welfare benefits, the committee believes that our employees should receive a meaningful benefit package commensurate with those of other automotive retailers, recognizing the increasing cost of those benefits in recent years. We also provide our U.S. employees with company matching under our 401(k) plan. Our named executive officers and directors are also provided with an automobile allowance or the use of a company vehicle. From time to time, we may provide other benefits to certain members of our senior management, such as payment for a country club membership or tax gross-ups for certain items. We have valued these benefits in the following disclosure tables based on our cost except for situations where the employee or director has used a company owned vehicle, in which case we have used Internal Revenue Service guidelines. We review these benefits on a case-by-case basis and believe, if limited in scope, such benefits can provide an incentive to long term performance and help retain our valuable employees.

**No Employment Agreements or Pre-arranged Severance Compensation.** None of our current executive officers have been provided an employment agreement, nor are they entitled to any pre-arranged severance compensation. We believe our mix of short-term and long-term compensation provides a retention incentive that makes an employment contract unnecessary, while providing us flexibility with respect to managing the departure of an executive officer. Our lack of pre-arranged severance compensation is consistent with our performance based compensation philosophy, and provides us the flexibility to enter into post-employment arrangements based on circumstances existing upon departure. We have historically entered into varying types of severance arrangements with departing members of our senior management, which have included vesting of restricted stock and consulting agreements, as we believe it may be important to have continuing access to these individuals' knowledge base and guidance. In the event we employ consulting agreements, we have typically obtained a non-compete agreement with these individuals. With respect to a change in control, none of our current executive officers have been guaranteed any change of control payments, however, certain of our outstanding restricted stock grants provide that in the event of a change of control, the award will vest.

**2014 Compensation**

**Chief Executive Officer Compensation.** Our compensation committee established 2014 performance targets for a performance based award for Mr. Penske in February 2014. The award established a threshold payout of \$2.4 million (50% of targets), a target payout of \$3.6 million (100% of targets) and a maximum potential payout of \$4.8 million (150% of targets) to be paid in shares of restricted stock to be granted in 2015. Mr. Penske achieved 92% of the performance metrics noted below, which entitled him to approximately \$3.3 million in shares of restricted stock granted in February 2015. Mr. Penske did not receive an annual cash bonus because he received this restricted stock grant in lieu of a cash bonus.

**President Compensation.** In February 2014, the committee established a similar performance based award for Mr. Kurnick with respect to 2014, with a threshold payout of \$350,000 (50% of targets), a target payout of \$700,000 (100% of targets) and a maximum potential payout of \$1.05 million (150% of targets) to be paid in shares of restricted stock to be granted in 2015. The performance objectives and component percentages are the same as those set forth above with respect to the 2014 award for Mr. Penske. Mr. Kurnick achieved 92% of the performance

metrics noted below, which entitled him to approximately \$645,200 in shares of restricted stock granted in February 2015. Mr. Kurnick did not receive an annual cash bonus because he received this restricted stock grant in lieu of a cash bonus.

In February 2015, the committee established a similar performance based award for Mr. Kurnick with respect to 2015, with a threshold payout of \$500,000 (50% of target), a target payout of \$1.0 million (100% of target)

and a maximum potential payout of \$1.5 million (150% of target) to be paid in shares of restricted stock to be granted in 2016. The performance objectives and component percentages are the same as those set forth above with respect to the 2015 award for Mr. Penske.

Mr. Kurnick is also the President of Penske Corporation (our controlling stockholder) and he receives a substantial amount of compensation from Penske Corporation. While Mr. Kurnick devotes a substantial amount of time and effort to our company, his total compensation paid by us reflects that he devotes time to Penske Corporation. Our committee does not track the exact percentage of time spent on Penske Automotive matters, recognizing that the amount varies from year to year, but it is generally expected to represent approximately 75% of his time. In determining Mr. Kurnick's pay, our compensation committee considers the impact of the time Mr. Kurnick spends on Penske Automotive matters, including the benefits of his leadership capabilities.

***Other Executive Officer Compensation.*** Effective May 1, 2014, Mr. Jones's salary was increased from \$450,000 to \$475,000. Our compensation committee approved this increase in recognition of the Company's performance in 2013 and 2014 and based upon its benchmarking against our peer companies. Each of our named executive officers received the stock awards and bonuses set forth in the tables below. In addition, in February 2015, Messrs. Jones, Sharp and Spradlin received 8,625, 3,750, and 7,500 shares of restricted stock, respectively, vesting over four years at a rate of 15%, 15%, 20% and 50% as part of our annual grant under the 2012 Equity Incentive Plan. In 2014, we were reimbursed approximately five percent of Mr. Spradlin's base salary by Penske Corporation to reflect his efforts on behalf of Penske Corporation. The full amount of Mr. Spradlin's base salary is shown in the table below.

**Narrative Discussion of Summary Compensation Table and Plan Based Awards**

The amounts set forth in the two preceding tables reflect payments and awards to our named executive officers based on the principles and descriptions discussed under "CD&A."

*Mr. Penske's Performance Based Award.* Our compensation committee established 2014 performance targets for a performance based award for Mr. Penske in February 2014. The award established a threshold payout of \$2.4 million (50% of targets), a target payout of \$3.6 million (100% of targets) and a maximum potential payout of \$4.8 million (150% of targets) to be paid in shares of restricted stock to be granted in 2015. Mr. Penske achieved 92% of the performance metrics noted above relating to this award, which entitled him to approximately \$3.3 million in shares of restricted stock granted in February 2015, as more fully discussed above in "CD&A Chief Executive Officer Compensation." Mr. Penske did not receive an annual cash bonus because he received this restricted stock grant in lieu of a cash bonus.

*Mr. Kurnick's Performance Based Award.* In February 2014, the committee established a similar performance based award for Mr. Kurnick with respect to 2014, with a threshold payout of \$350,000 (50%

of targets), a target payout of \$700,000 (100% of targets) and a maximum potential payout of \$1.05 million (150% of targets) to be paid in shares of restricted stock to be granted in 2015. Mr. Kurnick did not receive an annual cash bonus because he received this restricted stock grant in lieu of a cash bonus.

*Other Restricted Stock Awards.* The equity awards granted in February 2014 to Messrs. Jones, Sharp and Spradlin were awarded as part of an annual grant of restricted stock pursuant to the terms of the 2012 Equity Incentive Plan. The December award to Mr. Spradlin was in recognition of achievement by that officer in regards to performance in 2014. These awards each vest annually on June 1 over four years at a rate of 15%, 15%, 20% and 50% and were issued based on principles described in the "CD&A Incentive Equity Awards."

<b>Pension Benefits and Nonqualified Deferred Compensation</b>		

Our executive officers are not eligible to participate in any defined benefit or non-qualified deferred compensation plans.

**"Golden Parachutes" or Termination/Change in Control Payments**

None of our executive officers have been provided an employment agreement, nor are they entitled to any pre-arranged severance compensation. With respect to a change in control, none of our current executive officers have been guaranteed any change of control payments, however, certain of our outstanding restricted stock grants provide that in the event of a change of control the award will vest. Based on a closing stock price of \$50.56 on March 2, 2015, the following number of shares would vest assuming a change of control occurred on that date: Roger Penske 275,498 shares (\$13,929,179), Robert Kurnick 53,612 shares (\$2,710,623) David Jones 25,845 shares (\$1,306,723), Calvin Sharp 11,203 shares (\$566,424), Shane Spradlin 23,321 shares (\$1,179,110).

**Director Compensation**

The Board of Directors believes that its members should receive a mix of cash and equity compensation, with the option to receive all compensation in the form of equity. The Board of Directors approves changes to director compensation only upon the recommendation of the Compensation and Management Development Committee, which is composed solely of independent directors. Although all of our directors are eligible for our charitable donation matching program discussed below, only those directors who are not our employees are eligible for director compensation.

**Annual Fee and Stock Award.** Each non-employee director receives an annual fee of \$40,000, except for audit committee members, who receive \$45,000. Committee chairpersons receive an additional \$5,000. These fees are payable, at the option of each non-employee director, in cash or common stock valued on the date of receipt (generally in the fourth quarter of the year of service). Our non-employee directors also receive an annual grant of 4,000 shares of stock.

Table of Contents

**Option to Defer Receipt until Termination of Board Service.** Under our Non-Employee Director Compensation Plan, the annual fee and equity awards earned by our non-employee directors may be deferred in either cash (for the annual fee) and/or deferred stock. Each deferred stock unit is equal in value to a share of common stock, and ultimately will be paid in cash after a director retires. These stock units do not have voting rights, but do receive dividends in the form of additional stock units which are credited to the director's account on the date dividends are paid. All cash fees deferred are held in our general funds, and interest on such deferred fees is credited to the director's account at the then current U.S. 90-day Treasury bill rate on a quarterly basis.

**Charitable Donation Matching Program.** All directors are eligible to participate in a charitable matching gift program. Under this program, in 2014 we matched up to \$50,000 per year in contributions by each director to institutions qualified as tax-exempt organizations under 501(c)(3) of the Internal Revenue Code and other institutions approved at the discretion of management. We may decline to match any contribution to an institution with goals that are incompatible with ours, or due to conflicts with our director independence policy. This program is not available for matching of political contributions. While the contributions are directed by our directors, we retain the tax deduction for matching contributions paid by us.

**Other Amounts.** As part of our director continuing education program, each director is eligible to be reimbursed by us for the cost and expenses relating to one education seminar per year. These amounts are excluded from the table below. Each non-employee director is also entitled to the use of a company vehicle, including the cost of routine maintenance and repairs and company-sponsored automobile insurance relating to that vehicle. All directors are also entitled to reimbursement for their reasonable out-of-pocket expenses in connection with their travel to, and attendance at, meetings of the Board of Directors or its committees. Because we expect attendance at all meetings, and a substantial portion of the Board of Directors' work is done outside of formal meetings, we do not pay meeting fees.

**2014 Director Compensation Table**

Our directors serving in 2014 who are also our employees (Messrs. Kurnick, Namba, Penske and Sasaki) receive no additional compensation for serving as directors, though they are eligible for the charitable matching program noted above.

Mr. Penske disclaims beneficial ownership of the shares beneficially owned by Penske Corporation, except to the extent of his pecuniary interest therein. Penske Corporation also has the right to vote the shares owned by the Mitsui entities (see note 4) under certain circumstances discussed under "Certain Relationships and Related Party Transactions." If these shares were deemed to be beneficially owned by Mr. Penske, his beneficial ownership would be 47,046,830 shares or 52.1%. These figures include 440,726 shares of restricted stock.
- (8) Includes 37,345 shares of restricted stock
- (9) Includes 16,103 shares of restricted stock.
- (10) Includes 31,921 shares of restricted stock.
- (11) Includes 607,681 shares of restricted stock.

## Related Party Transactions

Our Board of Directors has adopted a written policy with respect to the approval of related party transactions. Under the policy, related party transactions valued over \$5,000 must be approved by a majority of either the members of our Audit Committee or our disinterested Board members. Our Audit Committee approves all individual related party transactions valued below \$1 million, all multiple-payment transactions valued below \$5 million (such as a lease), and any transaction substantially similar to a prior year's transaction (regardless of amount). Our Board, by a vote of the disinterested directors, reviews and approves all other related party transactions. At each regularly scheduled meeting, our Audit Committee reviews any proposed new related party transactions for approval and reviews the status of previously approved transactions. Each of the transactions noted below was approved by our Board of Directors or Audit Committee pursuant to this policy.

***Stockholders Agreement and Stock Purchase Agreement.*** Entities affiliated with Roger S. Penske, our Chairman of the Board and Chief Executive Officer, are parties to a stockholders agreement described below. Mr. Penske is also Chairman of the Board and Chief Executive Officer of Penske Corporation, and, through entities affiliated with Penske Corporation, our largest stockholder. The parties to the stockholders agreement are Mitsui & Co., Ltd., Mitsui & Co, (USA), Inc. (collectively, "Mitsui"), Penske Corporation and Penske Automotive Holdings Corp. (collectively the "Penske companies").

Pursuant to the stockholders agreement, the Penske companies agreed to vote their shares

Table of Contents

for up to two directors who are representatives of Mitsui and Mitsui agreed to vote its shares for up to fourteen directors voted for by the Penske companies. In addition, the Penske companies agreed that if they transfer any of our shares of common stock, Mitsui would be entitled to "tag along" by transferring a pro rata amount of its shares upon similar terms and conditions, subject to certain limitations. This agreement terminates in 2024, or, if earlier, upon the mutual consent of the parties or when either party no longer owns any of our common stock.

**Registration Rights Agreements.** Both the Penske companies and Mitsui possess registration rights pursuant to which they are able on two remaining occasions each to register all or part of our common stock held by them, subject to specified limitations. They are also entitled to request inclusion of all or any part of their common stock in any registration of securities by us on Forms S-1 or S-3 under the Securities Act of 1933, as amended.

**Other Related Party Interests.** Several of our directors and officers are affiliated with Penske Corporation or related entities. Mr. Penske is a managing member of Transportation Resource Partners, a Penske affiliated organization that undertakes investments in transportation-related industries. Greg Penske, Roger Penske's son, is one of our directors. Robert H. Kurnick, Jr., our President and a director, is also the President and a director of Penske Corporation. In 2014, we were reimbursed approximately five percent of the base salary of Shane Spradlin, our General Counsel, by Penske Corporation to reflect his efforts on behalf of Penske Corporation affiliates. These employees or directors may receive salary, bonus or other compensation from Penske Corporation or its affiliates unrelated to their service at Penske Automotive. Our director Lucio A. Noto is an investor in Transportation Resources Partners.

**Penske Truck Leasing.** We own a 9% interest in Penske Truck Leasing Co., L.P. ("PTL"), a leading provider of transportation services and supply chain management. PTL operates and maintains approximately 205,000 vehicles and serves customers in North America, South America, Europe and Asia. Product lines include full-service leasing, contract maintenance, commercial and consumer truck rental used truck sales, transportation and warehousing management and supply chain management. PTL is owned 41.1% by Penske Corporation, 9.0% by us and the remaining 49.9% of PTL is owned by General Electric Capital Corporation ("GECC").

Historically GECC provided PTL with a majority of its financing and in 2012 PTL refinanced all of its GECC indebtedness. As part of that refinancing in 2012, we and the other PTL partners created a new company ("Holdings"), which, together with GECC, co-issued \$700.0 million of 3.8% senior unsecured notes due 2019 (the "Holdings Bonds"). GECC agreed to be a co-obligor of the Holdings Bonds in order to achieve lower interest rates. Additional capital contributions from the members may be required to fund interest and principal payments on the Holdings Bonds. We have agreed to indemnify GECC for 9.0% of any principal or interest that GECC is required to pay as co-obligor, and pay GECC an annual fee of approximately \$950,000 for acting as co-obligor. The maximum amount of our obligations to GECC under this agreement are 9.0% of the required principal repayment due in 2019 (which is expected to be \$63.1 million) and 9.0% of interest payments under the Holdings Bonds, plus fees and default interest, if any.

As part of the refinancing transactions in 2012, we entered into a limited liability company agreement of Holdings which extends through 2023. We have governance rights in Holdings typical of a minority investor and, in light of our indemnification requirements related to the Holdings Bonds noted above, we have the right to approve certain additional debt obligations before incurrence by Holdings to the extent such incurrence would affect our indemnification requirements, any change in Holdings' business activities and changes to the maturity, interest rate and principal amount of the Holdings Bonds. The agreement contains restrictions on our ability to transfer our interests similar to those in the existing and revised PTL partnership agreement discussed below.

Table of Contents

The PTL partnership agreement provides us with specified distribution and governance rights and restricts our ability to transfer our interests. As a limited partner, we are entitled only to a limited number of rights, including the right to act as an observer at all meetings of PTL's Advisory Committee and a right to pro rata quarterly distributions equal to 50% of its consolidated net income. Further, we may only transfer our interests with the unanimous consent of the other partners or if we and Penske Corporation provide the remaining partners with a right of first refusal to acquire our interests at fair market value. We and Penske Corporation have also agreed that (1) in the event of any transfer by Penske Corporation of their partnership interests to a third party, we shall be entitled to "tag-along" by transferring a pro rata amount of our partnership interests on similar terms and conditions, and (2) Penske Corporation is entitled to a right of first refusal in the event of any transfer of our partnership interests.

The agreement, extends through 2023, and also allows GECC or Penske Corporation, beginning December 31, 2017, to give notice to require PTL to begin to effect an initial public offering of equity securities, subject to certain limitations, as soon as practicable after the first anniversary of the initial notice. The party that is not exercising this right may seek to find a third party to purchase all of the partnership interests from the exercising party or to propose another alternative to such equity offers. In connection with the right to cause PTL to conduct an initial public offering, the PTL partners have agreed to customary demand and piggyback registration rights.

In 2014, we received \$11.6 million from PTL in pro rata cash distributions. Our Chairman and Chief Executive Officer also serves as chairman of PTL, for which he is compensated by PTL. As a limited partner, we do not influence or control the amount of that compensation. In April, 2014, our Australian subsidiary Penske Transportation Group International contributed \$2.3 million for a 45% interest in a joint venture with a PTL subsidiary to lease trucks in Australia and New Zealand. The joint venture combines our sales expertise in Australia with PTL's truck leasing experience. We entered into a shareholder's agreement that provides us with specified distribution and governance rights and restricts our ability to transfer our interests.

*Other Transactions.* From time to time, we pay and/or receive fees from Penske Corporation and its affiliates for services rendered in the normal course of business, including payments to third parties by Penske Corporation on our behalf which we then reimburse to them, payments to third parties made by us on behalf of Penske Corporation which they then reimburse to us, shared office expenses, shared employee expenses and payments relating to the use of aircraft from Penske Aviation, a subsidiary of Penske Corporation. These transactions are reviewed periodically by our Audit Committee and reflect the provider's cost or an amount mutually agreed upon by both parties. Aggregate payments relating to such transactions amounted to \$7.3 million paid by us.

In June 2008, RP Automotive, an affiliate of Mr. Penske, Jr., the son of our Chairman and Chief Executive Officer, purchased two of our subsidiaries operating six franchises in California. In connection with these transactions, the former subsidiaries continue to lease certain fixed assets from us. One of the leases has a term expiring in December 2037 with annual rent of \$289,000 per year (or \$6.6 million over the remaining period), and the second lease has a term expiring in February 2027 with annual rent of \$219,000 per year (or \$2.7 million over the remaining period).

We and Penske Corporation and certain of its affiliates have entered into a joint insurance agreement which provides that, with respect to any joint insurance policies (such as our commercial crime insurance policies), any available coverage with respect to a loss shall be paid to each party as stipulated in the policies. In the event of losses that exceed the limit of liability for any policy or policy period, the total policy proceeds will be allocated based on the ratio of premiums paid.

We have entered into a license agreement with an affiliate of Penske Corporation for a license of the "Penske Automotive" name. This

Table of Contents

agreement provides us with a perpetual license of the name "Penske Automotive" and related trade names so long as Penske Corporation and its affiliates own in excess of 20% of our outstanding stock and we adhere to the other terms of the license agreement.

We own 31% of a provider of outsourced vehicle management solutions ("PVS"). Penske Corporation and Penske Truck Leasing also own 15% and 17% interests in that company, respectively. We and the other investors entered into a stockholders agreement relating to this investment which, among other things, provides us with specified management rights and rights to purchase additional shares, and restricts our ability to transfer shares. We also entered into a management agreement which provides that we and other investors are to be paid ongoing pro rata management fees. In 2014, we incurred \$212,034 of compensation expense for the chief executive officer of PVS, who also provides consulting services to us.

From time to time, we enter into arrangements with Penske Truck Leasing and/or other Penske Corporation affiliates and third party vendors in order to achieve the benefits of scale or synergy opportunities as between the companies. These arrangements are reviewed by the Board in accordance with our policy noted above. For example, we aggregate several Penske entities in connection with sourcing certain telecommunications services to achieve the benefits of scale. In addition, we have a preferred arrangement with Shell Oil whereby we purchase targeted amounts of lubricants, fuel and other products on competitive terms to the Company.

In 2014, we had investments in two companies controlled by Transportation Resource Partners ("TRP"), an organization discussed above: Fleetwash, a mobile vehicle washing company and NPA, an auctioneer of powersport vehicles. In 2014, we paid \$180,660 to NPA for hosting services in connection with our used vehicle auctions. In April 2014, we and the other investors sold our interests in Fleetwash on the same financial terms as TRP, generating \$4.2 million in net proceeds. We have a continuing 7% ownership interest in NPA which is also owned 7% by Mitsui with TRP having a controlling interest.

In June 2013, we acquired a 27% interest in Around-The Clock Freightliner, which we have renamed Penske Commercial Vehicles US ("PCV US"), a retailer of Daimler branded medium, heavy and light-duty trucks in Texas, Oklahoma, New Mexico and Tennessee. TRP simultaneously (in 2013) acquired a controlling interest in this company on the same financial terms as our investment. We and several other investors, including TRP entered into a limited liability company agreement relating to this investment which, among other things, provided us with specified management rights, including the right to appoint one of seven directors, and rights to purchase additional shares, and restricted our ability to transfer shares. We guaranteed \$1.5 million of PCV US's indebtedness (along with the other investors) and were also entitled to a management fee with respect to our ongoing advisory services provided to PCV US, which totaled \$175,310 in 2014.

In November 2014, we purchased all of the PCV US ownership interests held by TRP for \$58.8 million, as well as the ownership interests of other existing investors which resulted in our owning 91% of the total PCV US interests. As part of those transactions, we entered into a revised limited liability company agreement with the remaining management investors and terminated the prior agreement, including the right to management fees, and guaranteed substantially all of PCV US's indebtedness.

In 2014, we purchased \$671,759 in vehicle window solar film for sale at our dealerships from Commonwealth Laminating & Coating, Inc., d/b/a SunTek, a company controlled by TRP, until its sale by TRP in December 2014. In 2014, we purchased \$1.1 million in vehicle transportation services from United Road Services, a national auto transport company ("URS"). URS is indirectly majority owned by Charlesbank Capital Partners, an affiliate of Michael Eisensohn, one of our directors. TRP and Roger Penske collectively own approximately 8% of URS.

Our officers, directors and their affiliates periodically purchase, lease or sell vehicles and parts or purchase graphic automotive services from us at fair market value. This includes purchases and sales of trucks, logistics and other services and parts as between our subsidiaries and those of PTL, as well as purchases by our commercial vehicle businesses of \$1.2 million of truck lighting products from Truck Lite Company, a subsidiary of Penske Corporation. Additionally, we hire automotive technicians who have graduated from Universal Technical Institute ("UTI"), a provider of technical education, whose Chief Executive Officer, Kimberly McWaters, is one of our directors. We make no payments to UTI relating to the hiring of these graduates and hire them on the same terms as other employers.

In 2014, Mr. Namba, one of our former board members through July 2014, received \$200,201 in total compensation relating to his service as Senior Vice President International Business Development, including a tax allowance of \$9,492 relating to \$19,940 of non-cash compensation. Additionally, Mr. Sasaki, one of our board members since July 2014, received \$64,424 in total compensation relating to his service as Senior Vice President International Business Development, including a tax allowance of \$1,740 relating to \$7,299 of non-cash compensation. Messrs. Namba and Sasaki are employees of Mitsui & Co., Ltd. (Japan). To the extent their salaries exceed or is less than an amount set annually by Mitsui, they make or receive payments to/from Mitsui intended to mitigate the effect of exchange rate changes.

An entity (the "Investor") controlled by one of our directors, Lucio A. Noto, owns a 17.8% interest in one of our subsidiaries, UAG Connecticut I, LLC, pursuant to an agreement which entitles the Investor to 20% of the operating profits of UAG Connecticut I. This agreement also provides the Investor with the right to appoint one of three directors, as well as "tag-along rights" in the event we intend to sell our interest in UAG Connecticut I. We have a right of first refusal with respect to any potential sale by the Investor of its interest. From time to time, we provide UAG Connecticut I with working capital and other debt financing. The Investor also paid \$379,000 to us in 2014 pursuant to its option to purchase up to a 20% interest in UAG Connecticut I. In addition, UAG Connecticut I makes periodic pro rata distributions, pursuant to which the Investor was paid \$1.2 million during 2014. A separate entity controlled by Mr. Noto (the "Additional Investor"), owns a 20% interest in our subsidiary that owns Mercedes-Benz of Greenwich. From time to time, we provide Mercedes-Benz of Greenwich with working capital and other debt financing and expect to make periodic pro rata distributions from Mercedes-Benz of Greenwich to the Investor which totaled \$492,000 in 2014. We have entered into an operating agreement that provides rights and obligations similar as those described above with respect to UAG Connecticut I. Mr. Noto also has an indirect ownership interest in Putnam Leasing Company, which is a provider of leasing for premium vehicles. In 2014, Putnam Leasing purchased \$11.7 million in automotive contracts from us, representing 61 vehicles, to offer leasing to our customers.

The provisions of the Plan referring to Rule 16b-3 shall apply only to Participants who are subject to Section 16 of the Act.
4. *Number of Shares of Company Stock and Cash Compensation Cap.*
- (a) Subject to Section 14 of the Plan, there shall be reserved for issuance under the Plan an aggregate of 4,000,000 shares of Company Stock, which shall be authorized, but unissued shares.
- (b) Subject to Section 14 of the Plan, no more than 1,000,000 shares of Company Stock may be allocated to the Awards that are granted to any one Participant during any single calendar year, of which no more than 1,000,000 shares of Company Common Stock may be awarded to any one Participant in the form of Incentive Stock Options during any single calendar year.
- (c) Shares of Company Stock that have not been issued under the Plan and that are allocable to Awards or portions thereof that expire or otherwise terminate unexercised may again be subjected to an Award under the Plan. Similarly, if any shares of Restricted Stock issued pursuant to the Plan are reacquired by the Company as a result of a forfeiture of such shares pursuant to the Plan, such shares may again be subjected to an Award under the Plan.
- (d) For purposes of determining the number of shares of Company Stock that are available for Awards under the Plan, such number shall include the number of shares of Company Stock under an Award tendered by a Participant (either by actual delivery or attestation) or retained by the Company in payment of the exercise price of an Option or SAR, or Applicable Withholding Taxes.
- (e) Awards shall reduce the number of shares of Company Stock available for Awards under the Plan only to the extent such Awards are paid in shares of Company Stock, as opposed to payment in cash or other consideration.
- (f) Substitute Awards shall not reduce the shares of Company Stock authorized for grant under the Plan or the applicable limitations for grant to a Participant under Section 4(b). Additionally, in the event that a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary combines has shares available under a pre-existing plan approved by shareholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or

combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the shares of Company Stock authorized for grant under the Plan; provided that Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not Participants prior to such acquisition or combination.

- (g) The maximum dollar amount payable to any Employee Participant in any one calendar year pursuant to a cash Incentive Award that is designated as a Performance Compensation Award shall not exceed the lesser of \$10.0 million or (x) ten times the Participant's base salary for the calendar year.

5. *Eligibility.*

- (a) All present and future employees, directors and other Company Contributors (or any Parent or Subsidiary of the Company, whether now existing or hereafter created or acquired) shall be eligible to receive Awards under the Plan. The Committee shall have the power and discretion, as provided in Section 15, to select which employees, directors and Company Contributors shall receive Awards and to determine for each such Participant the terms and conditions, the nature of the award and the number of shares or units to be allocated to each Participant as part of each Award.
- (b) The grant of an Award shall not obligate the Company or any Parent or Subsidiary of the Company to pay a Participant any particular amount of remuneration, to continue the employment of the Participant after the grant or to make further grants to the Participant at any time thereafter.

6. *Company Stock Awards, Incentive Awards and Restricted Awards.*

- (a) Whenever the Committee deems it appropriate to grant a Company Stock Award, notice shall be given to the Participant stating the number of shares of Company Stock for which the Company Stock Award is granted. This notice may be given in writing or in electronic form and shall constitute the Award Agreement between the Company and the Participant. A Company Stock Award may be made by the Committee in its discretion without cash consideration.
- (b) Whenever the Company deems it appropriate to grant an Incentive Award based on the attainment of specified levels of Company or Subsidiary performance over a designated period of one or more years, payable in the form of cash or Company Stock, or a combination of both, notice shall be given to the Participant stating the terms and conditions on which the Incentive Award is granted. This notice may be given in writing or in electronic form and shall constitute the Award Agreement between the Company and the Participant. An Incentive Award may be made by the Committee in its discretion with or without cash consideration. Whenever the Committee deems it appropriate to grant a Restricted Award, notice shall be given to the Participant stating the number of shares of Restricted Stock or number of Restricted Stock Units for which the Restricted Award is granted and the terms and conditions to which the Restricted Award is subject. This notice may be given in writing or in electronic form and shall constitute the Award Agreement between the Company and the Participant. A Restricted Award may be made by the Committee in its discretion without cash consideration.
- (c) A Restricted Award issued pursuant to the Plan shall be subject to the following restrictions:
- (i) None of such shares or units may be sold, assigned, transferred, pledged, hypothecated, or otherwise encumbered or disposed of until the restrictions on such shares or units shall have lapsed or shall have been removed pursuant to paragraph (h) or (i) below.

Table of Contents

(ii) Unless specified otherwise in a Participant's Restricted Award Agreement, the restrictions on such shares or units must remain in effect for a period of no less than one year from the Date of Grant, except as provided under paragraph (h) or (i) in the case of Disability, death or a Change in Control.

(iii) Unless specified otherwise in a Participant's Restricted Award Agreement, if a Participant ceases to be employed by the Company or a Parent or Subsidiary of the Company, or otherwise ceases employment with or otherwise ceases to be a Company Contributor, as applicable, the Participant shall forfeit to the Company any Restricted Awards, the restrictions on which shall not have lapsed or shall not have been removed pursuant to paragraph (h) or (i) below, on the date such Participant shall cease to be so employed, etc.

(iv) The Committee may establish such other restrictions on such shares or units that the Committee deems appropriate, including, without limitation, events of forfeiture and performance requirements for the vesting of awards.

- (d) Upon the acceptance by a Participant of an award of Restricted Stock, such Participant shall, subject to the restrictions set forth in paragraph (c) above, have all the rights of a shareholder with respect to the shares of Restricted Stock subject to such award of Restricted Stock, including, but not limited to, the right to vote such shares of Restricted Stock and the right to receive all dividends and other distributions paid thereon. Certificates, if any, representing Restricted Stock shall bear a legend referring to the restrictions set forth in the Plan and the Participant's Award Agreement. If shares of Restricted Stock are issued without certificates, notice of the restrictions set forth in the Plan and the Participant's Award Agreement must be given to the shareholder in the manner required by law.
- (e) Each Restricted Stock Unit shall entitle the Participant, on the Maturity Date, to receive from the Company an amount equal to the Fair Market Value on the Maturity Date of one share of Company Stock subject to any limitations or enhancements on such value as the Committee may set forth in the notice of the Restricted Stock Unit Award.
- (f) The manner in which the Company's obligation arising on the Maturity Date of a Restricted Stock Unit shall be paid and date of payment shall be determined by the Committee and shall be set forth in the Participant's Restricted Stock Unit Award Agreement. The Committee may provide for payment in Company Stock or cash or a fixed combination of Company Stock and cash, or the Committee may reserve the right to determine the manner of payment at the time the payment is made. Shares of Company Stock issued as payment for a Restricted Stock Unit shall be valued at Fair Market Value on the Maturity Date subject to any limitations or enhancements on such value as the Committee may set forth in the notice of the Restricted Stock Unit award.
- (g) A Participant receiving an award of Restricted Stock Units shall not possess any rights of a shareholder with respect to the Restricted Stock Units and shall be entitled to receive payments equivalent to dividends and other distributions paid on shares of Company Stock only to the extent set forth in the Restricted Stock Unit Award Agreement.
- (h) The Committee shall establish as to each Restricted Award the terms and conditions upon which the restrictions set forth in paragraph (c) above shall lapse. Such terms and conditions may include, without limitation, the lapsing of such restrictions as a result of the Disability, or death of the Participant or the occurrence of a Change of Control.

Table of Contents

(i) Notwithstanding the forfeiture provisions of paragraph (c)(iii) above, and subject to Code Section 162(m) if applicable, the Committee may at any time, in its sole discretion, accelerate the time at which any or all restrictions will lapse or remove any and all such restrictions.

(j) Each Participant shall agree at the time his Company Stock Award, Incentive Award and/or Restricted Award is granted, and as a condition thereof, to pay to the Company or make arrangements satisfactory to the Company regarding the payment to the Company of, Applicable Withholding Taxes. Until such amount has been paid or arrangements satisfactory to the Company have been made, no stock certificates free of a legend reflecting the restrictions set forth in paragraph (c) above shall be issued to such Participant for Restricted Stock. If Restricted Stock is being issued to a Participant without the use of a stock certificate, the restrictions set forth in paragraph (c) shall be communicated to the shareholder in the manner required by law. As an alternative to making a cash payment to the Company to satisfy Applicable Withholding Taxes for an Award of Company Stock or Restricted Stock, if the grant so provides, or the Committee by separate action so permits, the Participant may elect to (i) deliver shares of Company Stock or (ii) have the Company retain that number of shares of Company Stock that would satisfy all or a specified portion of the Applicable Withholding Taxes. Any such election shall be made only in accordance with procedures established by the Committee. The Committee has the express authority to change any election procedure it establishes at any time. Applicable Withholding Taxes attributable to Restricted Stock Units may be withheld from the payment by the Company to the Participant for such Restricted Stock Units.

7. *Options.*

(a) Whenever the Committee deems it appropriate to grant Options, notice shall be given to the Participant stating the number of shares for which Options are granted, the exercise price per share, whether the Options are Incentive Stock Options or Nonstatutory Stock Options, the extent, if any, to which Stock Appreciation Rights are granted, and the conditions to which the grant and exercise of the Options are subject, including any performance-based vesting conditions, as the Committee acting in its complete discretion deems consistent with the terms of the Plan. This notice may be given in writing or in electronic form and shall constitute the stock option Award Agreement between the Company and the Participant. Incentive Stock options only may be granted to employees of the Company, the Parent or a Subsidiary of the Company.

(b) The exercise price of shares of Company Stock covered by an Incentive Stock Option shall be not less than 100% of the Fair Market Value of such shares on the Date of Grant; provided that if an Incentive Stock Option is granted to an employee who, at the time of the grant, is a 10% Shareholder, then the exercise price of the shares covered by the Incentive Stock Option shall be not less than 110% of the Fair Market Value of such shares on the Date of Grant.

(c) The exercise price of shares of Company Stock covered by a Nonstatutory Stock Option shall be not less than 100% of the Fair Market Value of such shares on the Date of Grant. No Nonstatutory Stock Option may be exercised after ten years from the Date of Grant.

(d) Options may be exercised in whole or in part at such times as may be specified by the Committee in the Participant's stock option Award Agreement; provided that the exercise provisions for Incentive Stock Options shall in all events not be more liberal than the following provisions:

(i) No Incentive Stock Option may be exercised after the first to occur of:

(x) Ten years (or, in the case of an Incentive Stock Option granted to a 10% Shareholder, five years) from the Date of Grant,

Table of Contents

- (y) Three months after the date of the Participant's termination of employment with the Company and any Parent or Subsidiary of the Company for reasons other than death or Disability; or
- (z) One year following the date of the Participant's termination of employment by reason of death or Disability.
- (ii) Except as otherwise provided in this Section, no Incentive Stock Option may be exercised unless the Participant is employed by the Company or a Parent or Subsidiary of the Company at the time of the exercise and has been so employed at all times since the Date of Grant. If a Participant's employment is terminated other than by reason of death or Disability at a time when the Participant holds an Incentive Stock Option that is exercisable (in whole or in part), the Participant may exercise any or all of the then exercisable portion of the Incentive Stock Option (to the extent exercisable on the date of termination) within three months after the Participant's employment. If a Participant's employment is terminated by reason of Disability at a time when the Participant holds an Incentive Stock Option that is exercisable (in whole or in part), the Participant may exercise any or all of the then exercisable portion of the Incentive Stock Option (to the extent exercisable on the date of Disability) within one year after the Participant's termination of employment. If a Participant's employment is terminated by reason of death at a time when the Participant holds an Incentive Stock Option that is exercisable (in whole or in part), the then exercisable portion of the Incentive Stock Option may be exercised (to the extent exercisable on the date of death) within one year after the Participant's death by the person to whom the Participant's rights under the Incentive Stock Option shall have passed by will or by the laws of descent and distribution.
- (iii) An Incentive Stock Option, by its terms, shall be exercisable in any calendar year only to the extent that the aggregate Fair Market Value (determined at the Date of Grant) of the Company Stock with respect to which Incentive Stock Options are exercisable for the first time during the calendar year does not exceed \$100,000 (the "Limitation Amount"). Incentive Stock Options granted under the Plan and all other plans of the Company and any Parent or Subsidiary of the Company shall be aggregated for purposes of determining whether the Limitation Amount has been exceeded. The Committee may impose such conditions as it deems appropriate on an Incentive Stock Option to ensure that the foregoing requirement is met. If Incentive Stock Options that first become exercisable in a calendar year exceed the Limitation Amount, the excess Options will be treated as Nonstatutory Stock Options to the extent permitted by law.
- (e) Unless otherwise specified in a Participant's Option Award Agreement, the same exercise terms as set forth in Section 7(d)(i) through 7(d)(ii) for Incentive Stock Options shall apply to Nonstatutory Options, except that (i) separation from services shall replace employment termination for directors and Company Contributors, and (ii) the five-year exercise restriction on 10% Shareholders shall not apply.
- (f) The Committee may, in its discretion, grant Options that by their terms become fully exercisable upon a Change of Control notwithstanding other conditions on exercisability in the stock option Award Agreement.
- (g) Notwithstanding the foregoing, an Option Award Agreement may provide that if on the last day of the term of an Option the Fair Market Value of one share of Company Stock exceeds the exercise price of the Option, the Participant has not exercised the Option and the Option has not expired, the Option shall be deemed to have been exercised by the Participant on such day with payment made by withholding shares of Company Stock otherwise issuable in connection with the exercise of the Option. In such event, the Company shall deliver to the Participant the number of shares of Company Stock for which the Option was deemed exercised, less the number of shares of Company Stock required to be withheld for the payment of the total purchase price and Applicable Withholding Taxes; any fractional share of Company Stock shall be settled in cash.

8. *Stock Appreciation Rights.*

(a)

Whenever the Committee deems it appropriate, Stock Appreciation Rights may be granted in connection with all or any part of an Option, either concurrently with the grant of the Option or, if the Option is a Nonstatutory Stock Option, by an amendment to the Option at any time thereafter during the term of the Option. Stock Appreciation Rights may be exercised in whole or in part at such times and under such conditions as may be specified by the Committee in the Participant's stock option Award Agreement. The following provisions apply to all Stock Appreciation Rights that are granted in connection with Options:

(i) Stock Appreciation Rights shall entitle the Participant, upon exercise of all or any part of the Stock Appreciation Rights, to surrender to the Company unexercised that portion of the underlying Option relating to the same number of shares of Company Stock as is covered by the Stock Appreciation Rights (or the portion of the Stock Appreciation Rights so exercised) and to receive in exchange from the Company an amount equal to the excess of (x) the Fair Market Value on the date of exercise of the Company Stock covered by the surrendered portion of the underlying Option over (y) the exercise price of the Company Stock covered by the surrendered portion of the underlying Option, which shall be no less than 100% of Fair Market Value of the covered Company Stock on the Date of Grant. The Committee may limit the amount that the Participant will be entitled to receive upon exercise of the Stock Appreciation Right.

(ii) Upon the exercise of a Stock Appreciation Right and surrender of the related portion of the underlying Option, the Option, to the extent surrendered, shall not thereafter be exercisable.

(iii) The Committee may, in its discretion, grant Stock Appreciation Rights in connection with Options which by their terms become fully exercisable upon a Change of Control, which Stock Appreciation Rights shall only be exercisable following a Change of Control. The underlying Option may provide that such Stock Appreciation Rights shall be payable solely in cash. The terms of the underlying Option shall provide that the value of the Company Stock shall be calculated based on the Fair Market Value of the Company Stock on the day of exercise.

(iv) Subject to any further conditions upon exercise imposed by the Committee, a Stock Appreciation Right shall be exercisable only to the extent that the related Option is exercisable, and shall expire no later than the date on which the related Option expires.

(v) A Stock Appreciation Right may only be exercised at a time when the Fair Market Value of the Company Stock covered by the Stock Appreciation Right exceeds the exercise price of the Company Stock covered by the underlying Option.

(b)

Whenever the Committee deems it appropriate, Stock Appreciation Rights may be granted without related Options. The terms and conditions of the award shall be set forth in a Stock Appreciation Rights Award Agreement between the Company and the Participant in written or electronic form and may include performance-based vesting conditions, as the Committee deems appropriate. The following provisions apply to all Stock Appreciation Rights that are granted without related Options:

(i) Stock Appreciation Rights shall entitle the Participant, upon the exercise of all or any part of the Stock Appreciation Rights, to receive from the Company an amount equal to the excess of (x) the Fair Market Value on the date of exercise of the Company Stock covered by the surrendered Stock Appreciation Rights over (y) the Fair Market Value on the Date of Grant of the Company Stock covered by the Stock Appreciation Rights. The Committee may limit the

Table of Contents

amount that the Participant may be entitled to receive upon exercise of the Stock Appreciation Right.

(ii) Stock Appreciation Rights shall be exercisable, in whole or in part, at such times as the Committee shall specify in the Participant's Stock Appreciation Rights Award Agreement.

(c) The manner in which the Company's obligation arising upon the exercise of a Stock Appreciation Right shall be paid shall be determined by the Committee and shall be set forth in the Participant's stock option Award Agreement (if the Stock Appreciation Rights are related to an Option) or Stock Appreciation Rights Award Agreement. The Committee may provide for payment in Company Stock or cash, or a fixed combination of Company Stock or cash, or the Committee may reserve the right to determine the manner of payment at the time the Stock Appreciation Right is exercised. Shares of Company Stock issued upon the exercise of a Stock Appreciation Right shall be valued at their Fair Market Value on the date of exercise.

9. *Method of Exercise of Options and Stock Appreciation Rights.*

(a) Options and Stock Appreciation Rights may be exercised by the Participant by giving notice of the exercise to the Company, stating the number of shares the Participant has elected to purchase under the Option or the number of Stock Appreciation Rights he has elected to exercise. In the case of a purchase of shares under an Option, such notice shall be effective only if accompanied by the exercise price in full paid in cash; provided that, if the terms of an Option so permit, or the Committee by separate action so permits, the Participant may (i) deliver shares of Company Stock (valued at their Fair Market Value on the date of exercise) in satisfaction of all or any part of the exercise price (either by actual delivery or attestation), (ii) to the extent permitted under applicable laws and regulations, deliver a properly executed exercise notice together with irrevocable instructions to a broker to exercise all or part of the Option, sell a sufficient number of shares of Company Stock to cover the exercise price, Applicable Withholding Taxes (if required by the Committee) and other costs and expenses associated with such sale and deliver promptly the amount necessary to pay the exercise price and any Applicable Withholding Taxes or (iii) request that the Company reduce the number of shares of Company Stock issued by the number of shares having an aggregate Fair Market Value equal to the aggregate exercise price. The Participant shall not be entitled to make payment of the exercise price other than in cash unless provisions for an alternative payment method are included in the Participant's stock option Award Agreement or are agreed to in writing by the Company with the approval of the Committee prior to exercise of the Option.

(b) The Company may place on any certificate representing Company Stock issued upon the exercise of an Option or a Stock Appreciation Right any legend deemed desirable by the Company's counsel to comply with federal or state securities laws, and the Company may require of the participant a customary written indication of his investment intent. Until the Participant has made any required payment, including any Applicable Withholding Taxes, and has had issued to him a certificate for the shares of Company Stock acquired, he shall possess no shareholder rights with respect to the shares.

(c) Each Participant shall agree as a condition of the exercise of an Option or a Stock Appreciation Right to pay to the Company Applicable Withholding Taxes, or make arrangements satisfactory to the Company regarding the payment to the Company of such amounts. Until Applicable Withholding Taxes have been paid or arrangements satisfactory to the Company have been made, no stock certificate shall be issued upon the exercise of an Option or a Stock Appreciation Right.

As an alternative to making a cash payment to the Company to satisfy Applicable Withholding

Taxes if the Option or Stock Appreciation Rights Award Agreement so provides, or the Committee by separate action so provides, a Participant may elect to (i) deliver shares of Company Stock or (ii) have the Company retain that number of shares of Company Stock that would satisfy all or a specified portion of the Applicable Withholding Taxes. Any such election shall be made only in accordance with procedures established by the Committee.

- (d) Notwithstanding anything herein to the contrary, if the Company is subject to Section 16 of the Act, Options and Stock Appreciation Rights shall always be granted and exercised in such a manner as to conform to the provisions of Rule 16b-3.

10. *Performance Compensation Awards.*

- (a) The Committee shall have the authority, at the time of grant of any Award described in this Plan to designate such Award as a Performance Compensation Award in order to qualify such Award as "performance-based compensation" under Section 162(m) of the Code. Unless otherwise provided in a Participant's Option or Stock Appreciation Rights Award Agreement, Options and Stock Appreciation Rights granted under the Plan are intended to automatically satisfy the requirements of the exemption for performance-based compensation under Code Section 162(m), to the extent applicable, and to the extent intended to satisfy such exemption, Options and Stock Appreciation Rights are subject to the limit set forth in Section 4(b) of the Plan but are not otherwise considered Code Section 162(m) Awards subject to Article 10.

- (b) The Committee will, in its sole discretion, designate within the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code) which Participants will be eligible to receive Performance Compensation Awards for such Performance Period. However, the designation of Participant eligibility to receive an Award for a Performance Period shall not in any manner entitle the Participant to receive payment for any Performance Compensation Award for such Performance Period. The determination as to whether or not such Participant becomes entitled to payment for any Performance Compensation Award shall be decided solely in accordance with the provisions of this Section 10. Designation of Participant eligibility to receive an Award for a particular Performance Period shall not require designation of Participant eligibility to receive an Award in any subsequent Performance Period and designation of one person as a Participant eligible to receive an Award shall not require designation of any other person as a Participant eligible to receive an Award in such period or in any other period.

- (c) With regard to a particular Performance Period, the Committee shall have sole discretion to select the length of such Performance Period, the type(s) of Performance Compensation Awards to be issued, the Performance Criteria that will be used to establish the Performance Goal(s), the kind(s) and/or level(s) of the Performance Goal(s) that is (are) to apply and the Performance Formula. Within the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), the Committee shall, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence of this Section 10(c) and record the same in writing.

- (d) *Payment of Performance Compensation Awards*

(i) Condition to Receipt of Payment. Unless otherwise provided in the applicable Award Agreement, a Participant must be employed by the Company or Parent, or remain an employee of or otherwise be a Company Contributor, as applicable, on the last day of a Performance Period to be eligible for payment related to a Performance Compensation Award for such Performance Period.

Table of Contents

(ii)Limitation. A Participant shall be eligible to receive payment related to a Performance Compensation Award only to the extent that: (A) the Performance Goals for such period are achieved; and (B) the Performance Formula as applied against such Performance Goals determines that all or some portion of such Participant's Performance Compensation Award has been earned for the Performance Period.

(iii)Certification. Following the completion of a Performance Period, the Committee shall review and approve whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, calculate and approve the amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Committee shall then determine the actual size of each Participant's Performance Compensation Award for the Performance Period and, in so doing, may apply Negative Discretion in accordance with Section 10(d)(iv) hereof, if and when it deems appropriate.

(iv)Use of Discretion. In determining the actual size of an individual Performance Compensation Award for a Performance Period, the Committee may reduce or eliminate the amount of the Performance Compensation Award earned under the Performance Formula in the Performance Period through the use of Negative Discretion if, in its sole discretion, such reduction or elimination is appropriate. The Committee shall not have the discretion to (A) grant or provide payment related to a Performance Compensation Award for a Performance Period if the Performance Goals for such Performance Period have not been attained or (B) increase a Performance Compensation Award above the maximum amount payable under Section 10(d)(vi) of the Plan.

(v)Timing of Award Payments. Unless otherwise provided in a Performance Compensation Award Agreement or pursuant to an irrevocable deferral election made in compliance with Code Section 409A, Performance Compensation Awards granted for a Performance Period shall be paid to Participants as soon as administratively practicable following completion of the approvals required by this Section 10 but in no event later than the fifteenth day of the third month following the last day of the applicable Performance Period.

(vi)Maximum Award Payable. Notwithstanding any provision contained in this Plan to the contrary, the maximum Performance Compensation Award payable to any one Participant under the Plan for a single calendar year is subject to the limits in Sections 4(b) and 4(g).

11. *Nontransferability of Awards*. Except as described below or as otherwise determined by the Committee in a Participant's Award agreement, no Award shall be transferable by a Participant except by will or the laws of descent and distribution, and an Option or Stock Appreciation Right shall be exercised only by a Participant during the lifetime of the Participant. Notwithstanding the foregoing, a Participant may assign or transfer an Award that is not an Incentive Stock Option with the consent of the Committee to a family member (or trust or other entity for the benefit of the Participant or the Participant's family members), without consideration (each transferee thereof, a "Permitted Assignee"); provided that any such Permitted Assignee shall be bound by and subject to all of the terms and conditions of the Plan and transferred Award and shall execute an Award Agreement satisfactory to the Company evidencing such obligations. Notwithstanding the foregoing, a Participant who transfers an Award also shall remain bound by the terms and conditions of the Plan.

12. *Effective Date of the Plan*. This Plan shall become effective as of May 5<sup>th</sup>, 2015, subject to the approval of the holders of a majority of the shares present or represented by proxy at a duly held meeting of shareholders of the Company.

Table of Contents

13. *Termination, Modification, Change.* If not sooner terminated by the Board, this Plan shall terminate at the close of business on May 5th, 2020. No Awards shall be granted under the Plan after its termination. The Board may terminate the Plan or may amend the Plan in such respects as it shall deem advisable; provided that, if and to the extent required by the Code or Rule 16b-3, no change shall be made that increases the total number of shares of Company Stock reserved for issuance pursuant to Awards granted under the Plan (except pursuant to Section 14), expands the class of persons eligible to receive Awards, or materially increases the benefits accruing to Participants under the Plan unless such change is authorized by the shareholders of the Company. Notwithstanding the foregoing, the Board may unilaterally amend the Plan and Awards as it deems appropriate to ensure compliance with Rule 16b-3 and to cause Awards to meet the requirements of the Code, including Code Sections 162(m), 422, 409A and regulations thereunder. Except as provided in the preceding sentence, a termination or amendment of the Plan shall not, without the consent of the Participant, adversely affect a Participant's rights under an Award previously granted to such Participant.

14. *Change in Capital Structure.*

(a)

In the event of a stock dividend, stock split or combination of shares, recapitalization, merger in which the Company is the surviving corporation, reorganization, reincorporation, consolidation, special dividend, spin-off or other change in the Company's capital stock without the receipt of consideration by the Company (including, but not limited to, the creation or issuance to shareholders generally of rights, options or warrants for the purchase of common stock or preferred stock of the Company), the number and kind of shares of stock or securities of the Company to be subject to the Plan and to Awards then outstanding or to be granted thereunder, the aggregate and individual maximum number of shares or securities which may be delivered under the Plan pursuant to Section 4, and the exercise price and other terms and relevant provisions of Awards shall be appropriately adjusted by the Committee, whose determination shall be binding on all persons; provided, however, that no adjustment of an outstanding Option or Stock Appreciation Right may be made that would create a deferral of income or a modification, extension or renewal of such Option or Stock Appreciation Right under Code Section 409A except as may be permitted in applicable Treasury Regulations. If the adjustment would produce fractional shares with respect to any Incentive Award, Restricted Award or unexercised Option or Stock Appreciation Right, the Committee may adjust appropriately the number of shares covered by the Award so as to eliminate the fractional shares.

(b)

If the Company is a party to a consolidation or merger in which the Company is not the surviving corporation, a transaction that results in the acquisition of substantially all of the Company's outstanding stock by a single person or entity, or a sale or transfer of substantially all of the Company's assets, the Committee may take such actions with respect to outstanding Awards as the Committee deems appropriate, including, without limitation, approving the assumption of some or all outstanding Awards by the Company's successor, the full vesting or lapse of all restrictions on some or all outstanding Awards, or the cash-out of some or all outstanding Awards, subject to any specific provisions in outstanding Award Agreements and applicable requirements under Code Section 409A.

(c)

Any determination made or action taken under this Section 14 by the Committee shall be final and conclusive and may be made or taken without the consent of any Participant.

15. *Administration of the Plan.* The Plan shall be administered by the Committee, which shall be the full Board or a committee appointed by the Board, consisting of not less than two members of the Board. Subject to paragraph (f) below, a committee appointed by the Board shall be the Compensation and Management Development Committee of the Board unless the Board shall appoint another committee to administer the Plan. The Committee shall have general authority to impose any limitation or condition

upon an Award that the Committee deems appropriate to achieve the objectives of the Award and the Plan and, without limitation and in addition to powers set forth elsewhere in the Plan, shall have the following specific authority:

- (a) The Committee shall have the power and complete discretion to determine (i) which eligible employees, directors and other Company Contributors shall receive an Award and the nature of the Award, (ii) the number of shares of Company Stock to be covered by each Award, (iii) whether Options shall be Incentive Stock Options or Nonstatutory Stock Options, (iv) when, whether and to what extent Stock Appreciation Rights shall be granted in connection with Options, (v) the Fair Market Value of Company Stock, subject to Section 2(m), (vi) the time or times when an Award shall be granted, (vii) whether an Award shall become vested over a period of time, upon the achievement of a performance-based vesting condition, and when it shall be fully vested, (viii) when Options or Stock Appreciation Rights may be exercised, (ix) whether a Disability exists, subject to Section 2.2(l), (x) the manner in which payment will be made upon the exercise of Options or Stock Appreciation Rights, (xi) conditions relating to the length of time before disposition of Company Stock received upon the exercise of Options or Stock Appreciation Rights is permitted, (xii) whether to approve a Participant's election (A) to deliver Company Stock to satisfy Applicable Withholding Taxes or (B) to have the Company withhold from the shares to be issued upon the exercise of a Nonstatutory Stock Option or a Stock Appreciation Right the number of shares necessary to satisfy Applicable Withholding Taxes, (xiii) the terms and conditions applicable to Restricted Awards, (xiv) the terms and conditions on which restrictions upon Restricted Awards shall lapse, (xv) whether an Award shall be deemed to be a Performance Compensation Award; (xvi) the Performance Criteria that will be used to establish Performance Goals; (xvii) whether to accelerate the time at which any or all restrictions with respect to Restricted Awards will lapse or be removed, (xviii) notice provisions relating to the sale of Company Stock acquired under the Plan, and (xix) any additional requirements relating to Awards that the Committee deems appropriate.
