PROXY STATEMENT

**ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON WEDNESDAY, MAY 18, 2016**

We are furnishing this proxy statement to the stockholders of Community Healthcare Trust Incorporated in connection with the solicitation of proxies by its Board of Directors for use at the Annual Meeting of Stockholders of Community Healthcare Trust Incorporated to be held at 8:00 a.m., Central time, on Wednesday, May 18, 2016 at 3326 Aspen Grove Drive, Suite 150, Franklin, Tennessee 37067, as well as in connection with any adjournments or postponements of the meeting.. This solicitation is made by Community Healthcare Trust Incorporated on behalf of our Board of Directors (also referred to as the "Board" in this proxy statement). "We," "our," "us" and the "Company" refer to Community Healthcare Trust Incorporated, a Maryland corporation.

We have elected to provide access to our proxy materials and annual report over the Internet through a "notice and access" model. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice") to our stockholders of record as of March 25, 2016. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or to request a printed set of the proxy materials. Instructions on how to request a printed copy by mail or electronically may be found on the Notice and on the website referred to in the Notice, including an option to request paper copies on an ongoing basis. On April 4, 2016, we intend to make this proxy statement available on the Internet and to mail the Notice to all stockholders entitled to vote at the Annual Meeting. We intend to mail this Proxy Statement, together with a proxy card, to those stockholders entitled to vote at the Annual Meeting who have properly requested paper copies of such materials, within three business days of such receipt.

This proxy statement, proxy card and our annual report to stockholders are available at <http://investors.chct.reit>. This website address contains the following documents: the Notice, the proxy statement and proxy card sample, and the annual report to stockholders. You are encouraged to access and review all of the important information contained in the proxy materials before voting.

QUESTIONS AND ANSWERS REGARDING THE 2016 ANNUAL MEETING OF STOCKHOLDERS

Who is soliciting proxies from the stockholders?

Our Board of Directors is soliciting your proxy. The proxy provides you with the opportunity to vote on the proposals presented at the Annual Meeting, whether or not you attend the meeting.

What will be voted on at the Annual Meeting?

Our stockholders will vote on two proposals at the annual meeting:

1. The election of five directors, who are each to serve a one-year term expiring in 2017 or until his successor is elected and qualified; and
2. The ratification of the appointment of BDO USA, LLP as our independent registered public accountants for 2016.

Your proxy will also give the proxy holders discretionary authority to vote the shares represented by the proxy on any matter, other than the above proposals, that is properly presented for action at the Annual Meeting.

How will we solicit proxies, and who bears the cost of proxy solicitation?

Our directors, officers and employees may solicit proxies by telephone, mail, facsimile, via the Internet or by overnight delivery service. These individuals do not receive separate compensation for these services. Finally, in accordance with SEC regulations, we will reimburse brokerage firms and other persons representing beneficial owners of our common stock for their reasonable expenses in forwarding solicitation materials to such beneficial owners.

Who can vote at the annual meeting?

Our Board of Directors has fixed the close of business on Friday, March 25, 2016, as the record date for our annual meeting. Only stockholders of record on that date are entitled to receive notice of and vote at the annual meeting. As of March 25, 2016, our only outstanding class of securities was common stock, \$0.01 par value per share. On that date, we had 450,000,000 shares of common stock authorized, of which 7,714,654 shares were outstanding.

You (if you, rather than your broker, are the record holder of our stock) can vote either in person at the Annual Meeting or by proxy, whether or not you attend the Annual Meeting. If you would like to attend the Annual Meeting in person and need directions, please contact W. Page Barnes by e-mail at investorrelations@communityhealthcaretrust.com or by telephone at 615-771-3052. You may vote your shares on the Internet or, to the extent you request written proxy materials, by signing, dating and mailing the accompanying proxy card in the envelope provided. Instructions regarding the two methods of voting by proxy are contained on the Notice and the proxy card.

How many votes must be present to hold the annual meeting?

A "quorum" must be present to hold our annual meeting. The presence, in person or by proxy, of a majority of the votes entitled to be cast at the annual meeting constitutes a quorum. Your shares, once represented for any purpose at the annual meeting, are deemed present for purposes of determining a quorum for the remainder of the meeting and for any adjournment, unless a new record date is set for the adjourned meeting. This is true even if you abstain from voting with respect to any matter brought before the annual meeting. As of March 25, 2016, we had 7,714,654 shares of common stock outstanding; thus, we anticipate that the quorum for our annual meeting will be 3,857,328 shares.

Table of Contents

How many votes does a stockholder have per share?

Our stockholders are entitled to one vote for each share held.

What is the required vote on each proposal?

Directors are elected by a plurality vote; the candidates up for election who receive the highest number of votes cast, up to the number of directors to be elected, are elected. Stockholders do not have the right to cumulate their votes.

The proposal to ratify our appointment of BDO USA, LLP, or BDO, as our independent registered public accountants for 2016, is approved by our stockholders if the votes cast favoring the ratification exceed the votes cast opposing the ratification.

How will the proxy be voted, and how are votes counted?

If you vote by proxy (either voting on the Internet or by properly completing and returning a paper proxy card that you receive upon requesting written proxy materials), the shares represented by your proxy will be voted at the annual meeting as you instruct, including any adjournments or postponements of the meeting. If you return a signed proxy card but no voting instructions are given, the proxy holders will exercise their discretionary authority to vote the shares represented by the proxy at the Annual Meeting and any adjournments or postponements as follows:

1. **"FOR"** the election of nominees Alan Gardner, Robert Z. Hensley, Alfred Lumsdaine, R. Lawrence Van Horn, and Timothy G. Wallace.
2. **"FOR"** the ratification of the appointment of BDO USA, LLP as our independent registered public accountants for 2016.

If you hold your shares in broker's name (sometimes call "street name" or "nominee name"), you must provide voting instructions to your broker. If you do not provide instructions to your broker, your shares will not be voted in any matter on which your broker does not have discretionary authority to vote, which generally includes non-routine matters. A vote that is not cast for this reason is called a "broker non-vote". Broker non-votes will be treated as shares present for the purpose of determining whether a quorum is present at the meeting, but they will not be considered present for purposes of calculating the vote on a particular matter, nor will they be counted as a vote FOR or AGAINST a matter or as an abstention on the matter. Under the rules of the New York Stock Exchange ("NYSE"), which is the stock exchange on which our common stock is listed, the ratification of our appointment of our independent registered public accountants is considered a routine matter for broker voting purposes, but the election of directors is not considered a routine matter. It is important that you instruct your broker as to how you wish to have your shares voted, even if you wish to vote as recommended by the Board.

Can a proxy be revoked?

Yes. You can revoke your proxy at any time before it is voted. You revoke your proxy (1) by giving written notice to our Corporate Secretary before the annual meeting, (2) by granting a subsequent proxy on the Internet, or (3) by delivering a signed proxy card dated later than your previous proxy. If you, rather than your broker, are the record holder of your stock, a proxy can also be revoked by appearing in person and voting at the annual meeting. Written notice of the revocation of a proxy should be delivered to the following address: W. Page Barnes, Community Healthcare Trust Incorporated, 3326 Aspen Grove Drive, Suite 150, Franklin, Tennessee 37067.

In that case, the persons named as proxies on the accompanying proxy card will vote for the substitute nominee designated by our Board of Directors.

Required Vote

Directors are elected by a plurality vote; the nominees who receive the highest number of votes cast, up to the number of directors to be elected in that class, are elected.

Our Board of Directors unanimously recommends a vote "FOR" the election of each of the five nominees for director to the Board of Directors.

Table of Contents

CORPORATE GOVERNANCE

Board Leadership Structure

Our Board of Directors currently consists of five directors: Messrs. Alan Gardner, Robert Z. Hensley, Alfred Lumsdaine, R. Lawrence Van Horn and Timothy G. Wallace. Assuming that all of our nominees for director are elected, after the annual meeting there will be five directors, each of whom will have been elected for a one-year term. Our Board has determined that each of Alan Gardner, Robert Z. Hensley, Alfred Lumsdaine and R. Lawrence Van Horn is an "independent director" as defined under the listing rules of the NYSE, Rule 10A-3 under the Exchange Act and the Company's Corporate Governance Guidelines.

The Board considered the relationships between our directors and the Company when determining each director's status as an "independent director" under the listing rules of the NYSE, Rule 10A-3 of the Exchange Act and the Company's Corporate Governance Guidelines, including the relationships listed below under "Certain Relationships and Related Party Transactions" The Board determined that these relationships did not affect any director's status as an "independent director". Furthermore, we are not aware of any family relationships between any director, executive officer or person nominated to become a director or executive officer.

Timothy G. Wallace, our President and Chief Executive Officer, serves as Chairman of the Board of the Company, while Alan Gardner serves as "lead independent director" on our Board. The members of the Board who meet the definition of "independent director" under the listing rules of the NYSE select our lead independent director. The lead independent director's responsibilities are explained below.

We have chosen a Board leadership structure with Mr. Wallace serving as our Chairman because we believe this structure results in a single voice speaking for the Company and presents a unified and clear chain of command to execute our strategic initiatives and business plans. Also, the chairman of the Board is expected to manage the Board in performing its duties and lead Board discussion. As our President and Chief Executive Officer, Mr. Wallace is ideally positioned to provide insight on the current status of our overall operations, our future plans and prospects and the risks that we face. Thus, the individual with the most knowledge about us and our operations is responsible for leading the Board's discussions. The Board retains the authority to separate the positions of chairman and chief executive officer if it finds that the Board's responsibilities can be better fulfilled with a different structure.

We also have a lead independent director. The lead independent director serves as an independent counterbalance to the chairman, ensuring that all of our directors' concerns are addressed and otherwise facilitating robust discussions among the entire Board (which, as noted above, is comprised almost entirely of "independent directors"). In terms of Board leadership, we view the lead director as essentially a co-equal with the chairman of the Board. Mr. Gardner has been a director since 2015 and was the second director to join the Board following Mr. Wallace, which we believe adds weight to his independent voice on the Board. Also, at each meeting, if he deems it necessary, the lead independent director may call the Board into executive session (that is, a meeting of only those directors who are "independent directors" under the listing rules of the NYSE) to discuss matters outside the presence of the chairman and other non-independent directors. Our lead independent director is selected on an annual basis by a majority of the independent directors then serving on our Board of Directors.

Our Lead Independent Director Charter sets forth a complete description of the lead director's responsibilities. In general, the lead director is responsible for:

serving as liaison between the Chairman and our other independent directors;

calling and presiding at executive sessions of the independent directors;

Table of Contents

serving as the focal point of communication to the Board of Directors regarding management plans and initiatives;

ensuring that the management adheres to the Board of Directors' oversight role over management operations;

providing the medium for informal dialogue with and between independent directors, allowing for free and open communication within that group; and

serving as the communication conduit for third parties who wish to communicate with our Board of Directors.

In addition to these specific duties, we expect the lead independent director to familiarize himself with the Company and the real estate investment trust and healthcare industries in general. He also is expected to keep abreast of developments in the principles of sound corporate governance.

The Board's Role in Risk Oversight

One of the key functions of our Board of Directors is to provide oversight of our risk management process. Our Board of Directors administers this oversight function directly, with support from its three standing committees—the Audit Committee, the Compensation Committee, and the Corporate Governance Committee—each of which addresses risks specific to their respective areas of oversight. In particular, our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with legal and regulatory requirements and will have oversight of the performance of our internal audit function within the time period required by the NYSE listing standards. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. Our Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct.

Each committee meets regularly with management to assist it in identifying all of the risks within such committee's areas of responsibility and in monitoring and, where necessary, taking appropriate action to mitigate the applicable risks. At each Board meeting, the committee chairman provides a report to the full Board on issues related to such committee's risk oversight duties. To the extent that any risks reported to the full Board need to be discussed outside the presence of management, the Board will call an executive session to discuss these issues.

We believe the Board's approach to fulfilling its risk oversight responsibilities complements its leadership structure. In his capacity as chairman of the Board, Mr. Wallace reviews whether Board committees are addressing their risk oversight duties in a comprehensive and timely manner. Since he is also our Chief Executive Officer, Mr. Wallace is able to assist these committees in fulfilling their duties by (1) requiring that our management team provide these committees with all requested reports and other information as well as with access to our employees and (2) implementing recommendations of the various Board committees to mitigate risk. At the same time, Mr. Gardner, as our lead independent director, is able to lead an independent review of the risk assessments developed by management and reported to the committees.

Our Board held two meetings during 2015. In 2015, our directors attended all of our Board meetings as well as all of the meetings of the committees on which they served. The members who are "independent directors" under NYSE Rule 303A.02 met in executive session twice during 2015 after the completion of our initial public offering, or our IPO.

Committees of the Board of Directors

Our Board of Directors has established three standing committees: an Audit Committee, a Compensation Committee and a Corporate Governance Committee. The principal functions of each committee are described below. We currently comply, and we intend to continue to comply, with the listing requirements and other rules and regulations of the NYSE and each of these committees are comprised exclusively of independent directors. Additionally, our Board of Directors may from time to time establish certain other committees to facilitate the management of our company.

Audit Committee

Our Audit Committee consists of Messrs. Hensley, Lumsdaine and Gardner, all of whom are independent directors, with Mr. Hensley serving as chairman. Messrs. Hensley and Lumsdaine qualify as "audit committee financial experts" as that term is defined by the applicable SEC regulations and NYSE corporate governance listing standards. Our Board of Directors has determined that each of the Audit Committee members is "financially literate" as that term is defined by the NYSE corporate governance listing standards. We have adopted an Audit Committee Charter, which details the principal functions of the Audit Committee, including oversight related to:

our accounting and financial reporting processes;

the integrity of our consolidated financial statements and financial reporting process;

our systems of disclosure controls and procedures and internal control over financial reporting;

our compliance with financial, legal and regulatory requirements;

the evaluation of the qualifications, independence and performance of our independent registered public accounting firm;

reviewing the adequacy of our Audit Committee Charter on an annual basis;

the performance of our internal audit function; and

our overall risk profile.

The Audit Committee is also responsible for engaging an independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by the independent registered accounting firm, including all audit and non-audit services, reviewing the independence of the independent registered public accounting firm, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls.

The Audit Committee met two times in 2015. A copy of the charter of our Audit Committee is available on the investor relations webpage of our website, <http://www.communityhealthcaretrust.com>.

Compensation Committee

Our Compensation Committee consists of Messrs. Lumsdaine, Gardner and Van Horn, all of whom are "independent directors" as defined in NYSE Rule 303A.02, with Mr. Lumsdaine serving as chairman. Further, each member of the Compensation Committee is a "non-employee director" as

defined in Rule 16b-3 promulgated under the Exchange Act. We have adopted a Compensation Committee Charter, which details the principal functions of the compensation committee, including:

reviewing and recommending to our Board of Directors on an annual basis the corporate goals and objectives relevant to our chief executive officer's compensation, evaluating our chief executive officer's performance in light of such goals and objectives and determining and approving the remuneration of our chief executive officer based on such evaluation;

reviewing and recommending to our Board of Directors the compensation, if any, of all of our other officers;

evaluating our executive compensation policies and plans;

assisting management in complying with our proxy statement and annual report disclosure requirements;

administering our incentive plans;

reviewing and recommending to our Board of Directors policies with respect to incentive compensation and equity compensation arrangements;

reviewing the competitiveness of our executive compensation programs and evaluating the effectiveness of our compensation policy and strategy in achieving expected benefits to us;

evaluating and overseeing risks associated with compensation policies and practices;

reviewing and recommending to our Board of Directors the terms of any employment agreements, severance arrangements change in control protections and any other compensatory arrangements for our executive officers and other members of senior management;

reviewing the adequacy of its Compensation Committee Charter on an annual basis;

producing a report on executive compensation to be included in our annual proxy statement as required; and

reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

The Compensation Committee met two times in 2015. A copy of the charter of our Compensation Committee is available on the investor relations webpage of our website, <http://www.communityhealthcaretrust.com>.

Corporate Governance Committee

Our Corporate Governance Committee consists of Messrs. Van Horn, Hensley and Gardner, all of whom are "independent directors" as defined in NYSE Rule 303A.02, with Mr. Van Horn serving as chairman. We have adopted a Corporate Governance Committee charter, which details the principal functions of the Corporate Governance Committee, including:

identifying, evaluating and recommending to the full Board of Directors qualified candidates for election as directors and recommending nominees for election as directors at the annual meeting of stockholders;

developing and recommending to the Board of Directors corporate governance guidelines and implementing and monitoring such guidelines;

reviewing and making recommendations on matters involving the general operation of the Board of Directors, including Board size and composition, and committee composition and structure;

evaluating and recommending to the Board of Directors nominees for each committee of the Board of Directors;

annually facilitating the assessment of the Board of Directors' performance as a whole and of the individual directors, as required by applicable law, regulations and the NYSE corporate governance listing standards;

considering nominations by stockholders of candidates for election to our Board of Directors;

considering and assessing the independence of members of our Board of Directors;

developing, as appropriate, a set of corporate governance principles, and reviewing and recommending to our Board of Directors any changes to such principles;

periodically reviewing our policy statements; and

reviewing, at least annually, the adequacy of its Corporate Governance Committee Charter.

When evaluating director candidates, the committee's objective is to craft a Board composed of individuals with a broad mix of backgrounds and experiences and possessing, as a whole, all of the skills and expertise necessary to guide a company like us in the prevailing business environment. The committee uses the same criteria to assess all candidates for director, regardless of who proposed the candidate. The Corporate Governance Committee considers whether the candidate possesses the following qualifications and qualities:

independence for purposes of the NYSE rules and SEC rules and regulations, and a record of honest and ethical conduct and personal integrity;

experience in the healthcare, real estate and/or public real estate investment trust industry or in finance, accounting, legal or other professional disciplines;

ability to represent the interests of all of our stockholders; and

ability to devote time to the Board of Directors and to enhance their knowledge of our industry.

The Corporate Governance Committee met two times in 2015. A copy of the charter of the Corporate Governance Committee is available on the investor relations webpage of our website, <http://www.communityhealthcaretrust.com>. Our corporate governance guidelines and code of ethics and business conduct are also available on the investor relations webpage of our website, <http://www.communityhealthcaretrust.com>. If we make any substantive amendment to the code of ethics or grant any waiver, including any implicit waiver, from a provision of the code of ethics to certain executive officers, we are obligated to disclose the nature of such amendment or waiver, the name of the person to whom any waiver was granted, and the date of waiver on our website or in a report on Form 8-K.

Usually, nominees for election to the Board are proposed by the current members of the Board. The Corporate Governance Committee will also consider candidates that stockholders and others recommend. Stockholder recommendations should be addressed to: W. Page Barnes, Corporate Secretary, 3326 Aspen Grove Drive, Suite 150, Franklin, Tennessee 37067. Your recommendations must be submitted to us no earlier than November 5, 2016, nor later than 5:00 p.m., Eastern Time on December 5, 2016, for consideration as a possible nominee for election to the Board at our 2017 annual meeting.

Director Compensation

The Compensation Committee recommends the compensation for our non-employee directors; our full Board approves or modifies the recommendation. Any modifications are implemented after the annual meeting. Directors who are also our employees receive no additional compensation for their service as directors, but they are reimbursed for any direct expenses incurred to attend our meetings. Annual compensation of non-employee directors may be a combination of cash and restricted stock at levels set by the Compensation Committee.

Cash compensation

In 2015, each non-employee director received an initial stock grant with a market value of \$25,000 upon completion of our IPO. Further, each non-employee director receives an annual retainer, with chairpersons of our board committees and the lead director receiving additional annual retainers. The initial annual cash retainer for service on our Board of Directors is \$25,000, but will be adjusted by the Compensation Committee based on an evaluation of director compensation at peer companies. Additionally, the chairpersons of the Audit Committee, the Compensation Committee and the Corporate Governance Committee receive additional annual retainers of \$10,000, \$7,500 and \$7,500, respectively, and the lead independent director receives an additional annual retainer of \$10,000.

Each year, non-employee directors may elect to take all or a portion of their retainer(s) and other cash compensation in the form of restricted stock. The director must elect his or her participation level and restriction period for the coming year by December 31 of the current year. For elections made by our directors prior to the date of the completion of our IPO in May 2015, the number of shares of restricted stock to be acquired were determined as of the date of the completion of our IPO by dividing the total of the director's elected reduced annual retainer by the IPO price per share. For all elections made by our directors after the date of the completion of our IPO, the number of shares of restricted stock to be acquired will be determined as of January 15 of the year following the election or, if such date is not a trading day, on the trading day immediately before January 15 by dividing the total of the director's elected reduced annual retainer by the volume weighted average price of the common stock for the 10 trading days immediately preceding the determination date. If the dollar amount of any reduced salary, cash bonus or other compensation has not been determined by January 15, then the determination date will be the 15th business day following the date on which the amount of such compensation is fixed and determined. Payments of restricted stock in lieu of an annual retainer otherwise payable in cash will be made thereafter. Pursuant to the Company's Alignment of

Table of Contents

Interest Plan, each director who makes this election will be awarded additional shares, at no additional cost to the director, according to the following multiples:

Duration of Restriction Period	Restriction Multiple
1 year	0.2x
2 years	0.4x
3 years	0.6x

The restriction period subjects the shares obtained by the cash deferral and the restriction multiple to the risk of forfeiture in the event a director voluntarily resigns or is removed by the stockholders for any reason during the year for which the director received compensation. During the restricted period, the restricted shares may not be sold, assigned, pledged or otherwise transferred. Accordingly, for example, if a non-employee director elects to receive stock compensation in lieu of cash compensation for the year 2016 that is equivalent in value to 1,000 shares of common stock and the director elected a three-year restriction period for such stock compensation, the non-employee director would receive the 1,000 shares of restricted common stock in lieu of the director's cash compensation plus an award of 600 shares of restricted common stock for electing to subject his or her stock compensation to a three-year restriction period, resulting in a total receipt of 1,600 shares of restricted common stock, all of which would be subject to a three-year cliff vesting schedule whereby no shares vest until the third anniversary of the date of grant, at which time 100% of the shares of restricted stock will vest. All of the shares granted in 2016 would be forfeited, however, if such non-employee director voluntarily resigns or is removed by the stockholders for any reason during 2016. Subject to the risk of forfeiture and transfer restrictions, non-employee directors have all rights as stockholders with respect to restricted shares, including the right to vote and receive dividends or other distributions on such shares.

Stock Awards

In addition, we award non-employee directors an annual grant of shares of restricted stock. Our goal is to have a minimum of 60% to 75% of the aggregate total compensation for our non-employee directors paid in the form of restricted stock having a restriction period of up to three years. Directors are not entitled to receive a restriction multiple for this award.

Each non-employee director receives an annual equity award of restricted stock with an aggregate market value of \$50,000 at the conclusion of each annual stockholders' meeting, which shares are subject to a three-year cliff vesting schedule whereby no shares vest until the third anniversary of the date of grant, at which time 100% of the shares of restricted stock will vest. During the restricted period, the restricted shares may not be sold, assigned, pledged or otherwise transferred. Additionally, such non-employee director must forfeit such equity award if the non-employee director voluntarily resigns or is removed for any reason during the year for which the non-employee director is receiving compensation. Subject to the risk of forfeiture and transfer restrictions, directors have all rights as stockholders with respect to restricted shares, including the right to vote and receive dividends or other distributions on such shares.

- (2) This column represents non-employee director annual retainer and additional annual retainer amounts, 100% of which was paid in shares of our restricted common stock in lieu of cash. - (3) Represents the grant date fair value computed in accordance with FASB ASC Topic 718 of awards of restricted stock to the non-employee directors under the 2014 Incentive Plan, or the 2015 Director Awards. The dollar value of the 2015 Director Awards was based upon the grant date price of our common stock and includes the amount of the grant date value of the shares received in lieu of the directors' annual retainer and additional annual retainer amounts of \$19.65 per share in excess of the annual retainer and additional annual retainer amounts and includes the total grant date value of shares awarded by the Company based on multiples outlined in the Alignment of Interest Program.
- (4) Includes the grant date value of restricted stock awards granted to each director upon completion of our IPO, each award being subject to three-year cliff vesting.

We also reimburse our directors for expenses they incur in connection with their service on our Board, such as travel and lodging expenses.

PROPOSAL 2
RATIFICATION OF THE APPOINTMENT OF BDO USA, LLP AS OUR INDEPENDENT
REGISTERED PUBLIC ACCOUNTANTS FOR 2016

General

We are asking our stockholders to ratify the selection of BDO USA, LLP as our independent registered public accountants for 2016. Although current law, rules and regulations, as well as the charter of the Audit Committee, require the Audit Committee to engage, retain and supervise our independent registered public accountants, we view the selection of the independent registered public accountants as an important matter of stockholder concern and thus are submitting the selection of BDO USA, LLP for ratification by stockholders as a matter of good corporate practice.

The Audit Committee has appointed BDO USA, LLP to serve as our independent registered public accountants for the 2015 fiscal year. A representative of BDO USA, LLP is expected to attend the annual meeting. If present, the representative will have the opportunity to make a statement and will be available to respond to appropriate questions. BDO USA, LLP has served as our independent registered public accountants and audited our financial statements since 2014.

Audit and Non-Audit Services

Fees related to services performed for us by BDO USA, LLP in fiscal years 2015 and 2014 are as follows:

	2015	2014
Audit Fees ⁽¹⁾	\$ 414,716	\$
Audit-Related Fees		
Tax Fees ⁽²⁾	9,264	
All Other Fees		
Total	\$ 423,980	\$

(1) Audit fees include fees and expenses associated with the audit of our financial statements, the reviews of the financial statements in our quarterly reports on Form 10-Q, and services provided in connection with registration statements and periodic reports filed with the Securities and Exchange Commission. Audit fees for 2015 include fees associated with our IPO of \$221,489.

(2) Tax fees included fees associated with planning and consulting with respect to the Company's corporate structure.

In accordance with the procedures set forth in its charter, the Audit Committee pre-approves all auditing services and permitted non-audit and tax services (including the fees and terms of those services) to be performed for us by our independent registered public accountants prior to their engagement with respect to such services, subject to the de minimis exceptions for non-audit services permitted by the Exchange Act, which are approved by the Audit Committee prior to the completion of the audit. For fiscal years 2015 and 2014, none of the fees listed under Tax Fees were covered by the de minimis exception.

In making its determination regarding the independence of BDO, the Audit Committee considered whether the provision of the services covered in the sections entitled "Tax Fees" was compatible with maintaining such independence. All of the work BDO was performed by full-time employees of the firm.

Required Vote

The affirmative vote by a majority of the votes cast at the annual meeting is required for the ratification of the appointment of BDO USA, LLP as our independent registered public accountants. Abstentions will have no effect on this proposal. If our stockholders fail to ratify this appointment, the Audit Committee will reconsider whether to retain BDO USA, LLP and may retain that firm or another firm without resubmitting the matter to our stockholders. Even if the appointment is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accountant at any time during the year if it determines that such change would be in our best interests and in the best interests of our stockholders.

Our Board of Directors unanimously recommends a vote "FOR" the ratification of BDO USA, LLP as our independent registered public accountants for 2016.

REPORT OF THE AUDIT COMMITTEE

The information provided in this section shall not be deemed to be "soliciting material" or to be "filed" with the SEC or subject to its proxy regulations or to the liabilities of Section 18 of the Exchange Act. The information provided in this section shall not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act.

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the preparation, consistency and fair presentation of the financial statements, the accounting and financial reporting process, the systems of internal control, and the procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Management is also responsible for its assessment of the design and effectiveness of our internal control over financial reporting. Our independent registered public accountants are responsible for performing an audit in accordance with the standards of the Public Company Accounting Oversight Board (United States), or PCAOB, to obtain reasonable assurance that our consolidated financial statements are free from material misstatement and expressing an opinion on the conformity of the financial statements of the Company with U.S. generally accepted accounting principles.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements of the Company for the year ended December 31, 2015 and management's assessment of the design and effectiveness of our internal control over financial reporting as of December 31, 2015. The discussion addressed the quality, and not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The committee reviewed and discussed with the independent public accountants their judgments as to the quality of our accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards including, without limitation, the matters required to be discussed by PCAOB Auditing Standard No. 16. In addition, the committee received the written disclosures and the letter from the independent registered public accountants required by applicable requirements of the PCAOB regarding the independent registered public accountants' communications with the Audit Committee concerning independence, discussed with the independent registered public accountants their independence from management and the Company, and considered the compatibility of non-audit services with the auditors' independence.

The committee discussed with our independent registered public accountants the overall scope and plans for their respective audits. The committee met with the independent registered public accountants, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in our annual report to stockholders for filing with the SEC.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including with respect to auditor independence. Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent registered public accounting firm. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with the standards of the PCAOB, that the

financial statements are presented in accordance with generally accepted accounting principles or that BDO USA, LLP is in fact "independent".

BENEFICIAL OWNERSHIP OF SHARES OF COMMON STOCK

Directors, Executive Officers and Other Stockholders

As of March 25, 2016, we had 15 stockholders of record. Except as otherwise stated in a footnote, the following table presents certain information regarding the beneficial ownership of our common stock as of March 25, 2016 by: (i) the persons known by us to own beneficially more than 5% of our common stock; (ii) each of our directors and named executive officers; and (iii) all of our named executive officers and directors as a group. Each person named in the table has sole voting and investment power with respect to all of the common stock shown as beneficially owned by such person, except as otherwise set forth in the notes to the table.

The SEC has defined "beneficial ownership" of a security to mean the possession, directly or indirectly, of voting power and/or investment power over such security. A stockholder is also deemed to be, as of any date, the beneficial owner of all securities that such stockholder has the right to acquire within 60 days after that date through (1) the exercise of any option, warrant or right, (2) the conversion of a security, (3) the power to revoke a trust, discretionary account or similar arrangement or (4) the automatic termination of a trust, discretionary account or similar arrangement. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, our common stock subject to options or other rights (as set forth above) held by that person that are currently exercisable or will become exercisable within 60 days thereafter, are deemed outstanding, while such shares are not deemed outstanding for purposes of computing percentage ownership of any other person.

EXECUTIVE COMPENSATION

Executive Compensation Objectives

We believe that the compensation of our executive officers aligns their interests with those of the stockholders in a way that encourages prudent decision-making, links compensation to our overall performance, provides a competitive level of total compensation necessary to attract and retain talented and experienced executive officers and motivates the executive officers and directors to contribute to our success. All of our executive officers are eligible to receive performance-based compensation under the 2014 Incentive Plan.

We use restricted stock grants as the primary means of delivering long-term compensation to our executive officers. Shares of restricted stock are shares of our common stock that are forfeitable until the lapse of the applicable restrictions. We believe that restricted stock grants with long vesting periods align the interests of executive officers and stockholders and provide strong incentives to our executive officers to achieve long-term growth in our business, grow the value of our common stock and maintain or increase our dividends. The executive officers personally benefit from these efforts through their restricted stock awards, which receive dividends at the same rate as unrestricted common stock and increase in value as the value of our common stock increases. As such, the Company's executive officers essentially have to earn this equity compensation twice: the first time through their efforts to meet the initial performance criteria necessary for a grant of restricted stock to be made; and the second time by continued service through the at-risk vesting period. Because substantially all of our executive officers' compensation during the initial terms of their respective employment agreements will be tied to the value of our common stock, if we have superior long-term operating performance, our executive officers, through their equity compensation, will eventually receive above market compensation from dividends and capital appreciation in our common stock. Conversely, if we do not perform as well as our competitors and the value of our common stock declines, our executive officers' compensation will ultimately be below market over the long term.

Our Compensation Committee determines the restrictions for each award granted pursuant to the 2014 Incentive Plan and the purchase price in the case of restricted stock, if any. Restrictions on the restricted stock may include time-based restrictions, the achievement of specific performance goals or the occurrence of a specific event. Vesting of restricted stock will generally be subject to cliff vesting periods ranging from three to eight years and will be conditioned upon the participant's continued employment, among other restrictions that may apply. If the performance goals are not achieved or the time-based restrictions do not lapse within the time period provided in the award agreement, the participant will forfeit his or her restricted stock. The Company prohibits the hedging of Company securities by its executive officers and directors. None of the executive officers or directors has entered into any hedging arrangements with respect to the Company's securities. In addition, restricted stock may not be sold, assigned, pledged or otherwise transferred.

Determination of Executive Compensation

The Board established the Compensation Committee to carry out the Board's responsibilities to administer our compensation programs. The Compensation Committee has the final decision-making authority for the compensation of our executive officers. The Compensation Committee operates under a written charter adopted by the Compensation Committee and approved by the Board. The charter is available in the investor relations section of our website (www.communityhealthcaretrust.com).

Our Compensation Committee has independent authority to engage outside consultants and obtain input from external advisers as well as our management team or other employees.

The Compensation Committee may retain any independent counsel, experts or advisors that it believes to be desirable and appropriate. The Compensation Committee may also use the services of

Table of Contents

the Company's regular legal counsel or other advisors to the Company. The Compensation Committee undertakes an independent assessment prior to retaining or otherwise selecting any independent counsel, compensation consultant, search firm, expert or other advisor that will provide advice to it, taking such factors into account and as otherwise may be required by the NYSE from time to time. On at least an annual basis, the Compensation Committee evaluates whether any work by any compensation consultant to it raised any conflict of interest. The Compensation Committee did not engage a compensation consultant in fiscal year 2015.

Our Chief Executive Officer typically attends Compensation Committee meetings, except for executive sessions (unless specifically requested by the compensation and nominating governance committee to be present). No executive officer attends an executive session at which his or her compensation is considered. Our Chief Executive Officer may provide recommendations with respect to compensation for the executive officers other than himself. The Compensation Committee considers these recommendations, but may approve, reject or adjust them as it deems appropriate.

Compensation Components

Our compensation program consists of three elements:

Base Salary

Each of our named executive officers has an employment agreement that establishes their base salary. Adjustments to base salary are determined by the Compensation Committee and are based upon a review of a variety of factors, including the following:

individual and Company performance, measured against quantitative and qualitative goals, such as growth, asset quality and other matters;

duties and responsibilities as well as the named executive officer's experience; and

the types and amount of each element of compensation to be paid to the named executive officer.

Equity Awards

We have adopted the 2014 Incentive Plan under which awards may be made in the form of restricted stock or cash. The purposes of the 2014 Incentive Plan are to attract and retain qualified persons upon whom, in large measure, our sustained progress, growth and profitability depend, to motivate the participants to achieve long-term Company goals and to more closely align the participants' interests with those of our other stockholders by providing them with a proprietary interest in our growth and performance. Our executive officers, officers, employees, consultants and non-employee directors are eligible to participate in the 2014 Incentive Plan.

The 2014 Incentive Plan is administered by our Compensation Committee, which interprets the 2014 Incentive Plan and has broad discretion to select the eligible persons to whom awards will be granted, as well as the type, size and terms and conditions of each award, including the amount of cash or number of shares subject to awards and the expiration date of, and the vesting schedule or other restrictions (including, without limitation, restrictive covenants) applicable to, awards. However, during a calendar year, no participant may receive awards intended to comply with the performance-based compensation requirements of Section 162(m) of the Code, which exceed 75,000 shares of common stock.

Unless the 2014 Incentive Plan is earlier terminated by our Board of Directors, the 2014 Incentive Plan will automatically terminate on the date which is ten years following the effective date of the 2014

Incentive Plan. Awards granted before the termination of the 2014 Incentive Plan may extend beyond that date in accordance with their terms.

The two distinct programs applicable to executive officers under the 2014 Incentive Plan are the Alignment of Interest Program and the Officer Incentive Program. In addition, we believe it is in the best interests of our stockholders to encourage all executive officers to increase their equity position in the Company to promote share ownership and further align employee and stockholder interests and have therefore adopted stock ownership guidelines with respect to executive officers and directors.

The Company's Alignment of Interest Program, under the 2014 Incentive Plan, is designed to provide the Company's executive officers with an incentive to remain with the Company and to incentivize long-term growth and profitability. Pursuant to the Alignment of Interest Program, executive officers may elect to acquire restricted stock in lieu of up to 100% of any compensation otherwise payable in cash under their employment agreements. The executive officer must elect his or her participation level and the applicable vesting period for the upcoming year no later than December 31 of the then-current year. For elections made by our executive officers prior to the date of the completion of our IPO, the number of shares of restricted stock acquired under the Alignment of Interest Program were determined as of the date of the IPO by dividing the total of the executive officer's elected reduced salary for the remainder of such year by the IPO price per share. For all elections made by our named executive officers after the completion of our IPO, the number of shares of restricted stock to be acquired will be determined as of January 15 of the year following the election or, if such date is not a trading day, on the trading day immediately before January 15 by dividing the total of the named executive officer's elected reduced salary, cash bonus or other compensation by the volume weighted average price of our common stock for the 10 trading days immediately preceding the determination date. If the dollar amount of any reduced salary, cash bonus or other compensation has not been determined by January 15, then the determination date will be the 15th business day following the date on which the amount of such compensation is fixed and determined. Payments of restricted stock in lieu of compensation otherwise payable in cash will be made thereafter. Additionally, to the extent an executive officer elects to receive stock compensation in lieu of cash compensation, the executive officer is entitled to receive an additional award of restricted stock pursuant to the Alignment of Interest Program, subject to a three-, five- or eight-year cliff vesting schedule, depending on the executive officer's election. Each executive officer who makes this election will be awarded the additional stock award at no additional cost to the executive officer, according to the following multiple-based formula:

Duration of Restriction Period	Restriction Multiple
3 years	0.3x
5 years	0.5x
8 years	1.0x

The restriction period subjects the shares obtained by the cash deferral and the restriction multiple to the risk of forfeiture in the event an executive officer voluntarily terminates employment or is terminated for cause from employment with the Company, as those terms are described below. Accordingly, if an executive officer voluntarily leaves or is terminated for cause, that executive officer would lose all such shares that had not yet vested. By way of example, if an officer elects to receive stock compensation in lieu of cash compensation that is equivalent in value to 1,000 shares of common stock and the officer elected an eight-year restriction period for such stock compensation, the officer would receive the 1,000 shares of restricted common stock in lieu of the officer's cash compensation plus an award of 1,000 shares of restricted common stock for electing to subject their stock compensation to an eight-year restriction period, resulting in a total receipt of 2,000 shares of restricted common stock, all of which would be subject to an eight-year cliff vesting schedule whereby no shares vest until the eighth anniversary of the date of grant, at which time 100% of the shares of restricted

Table of Contents

stock will vest. Subject to the risk of forfeiture and transfer restrictions, executive officers have all rights of stockholders with respect to the restricted shares, including the right to vote and receive dividends or other distributions on such shares.

Incentive Awards

We have an Officer Incentive Program under the 2014 Incentive Plan pursuant to which our executive officers may earn incentive awards in the form of cash and/or restricted stock. Any awards under the Officer Incentive Program and its interpretation and operation are subject to the discretion of the Compensation Committee. The intent of the Officer Incentive Program is to provide cash and/or restricted stock awards based on individual and Company performance. The Compensation Committee judges the Company's performance under the Officer Incentive Program against targeted metrics set in advance by the Compensation Committee. Restricted stock awards are anticipated to be based on the Company's relative total stockholder return performance over one-year and three-year periods, measured against a peer group of companies used for comparison. All of our executive officers are eligible to participate in the Officer Incentive Program. The Company did not grant awards under the Officer Incentive Program in 2015.

The Compensation Committee intends to engage a compensation consultant to assist the committee in the selection of our peer group against which to measure our one-year and three-year total stockholder return based upon provisions of the Officer Incentive Program. The Compensation Committee will select the peer group each year by selecting the most closely comparable companies with respect to competition for management talent and appropriate pay levels. The Officer Incentive Program provides that all publicly traded equity real estate investment trusts, or REITs, are sorted by market capitalization, with externally managed REITs and REITs with less than two years as a publicly traded company. A selected number of companies with market capitalizations immediately larger and immediately smaller than the Company will be selected as the peer group.

Pursuant to the Alignment of Interest Program, executive officers may elect to convert any cash compensation awarded under the Officer Incentive Program into shares of restricted common stock. In the event that an executive officer elects to receive shares of restricted common stock rather than cash compensation, the officer will be entitled to receive additional shares of restricted common stock pursuant to the Alignment of Interest Program, subject to a three-, five- or eight-year cliff vesting schedule, depending on the officer's election. Each executive officer who makes this election will be awarded the additional restricted common stock award at no additional cost to the officer, according to the multiple-based formula set forth above under "Equity Awards."

Stock Ownership Guidelines

We believe that it is in the best interests of our stockholders to encourage all executive officers and directors to increase their equity position in the Company to promote share ownership and further align stockholder interests with executive officers and directors. Accordingly, as set forth in the table below, we have adopted stock ownership guidelines applicable to our executive officers and directors requiring each to hold common stock with a fair market value equal to a multiple of each executive officer's then current base salary or each non-employee director's then current annual retainer, as applicable:

Position	Common Stock Ownership Multiple
Chief Executive Officer	5x Current Base Salary
Executive Vice President	3x Current Base Salary
Vice President	1x Current Base Salary
Non-Employee Director	3x Annual Retainer

Table of Contents

The guidelines provide that all owned stock, both restricted and unrestricted, counts toward the ownership guidelines. Executive officers and directors who are subject to these guidelines have five years from the date that they first become subject to the guidelines to comply with their terms.

Employment Agreements of our Named Executive Officers

We have entered into employment agreements with each named executive officer that became effective on May 28, 2015. The initial term of each employment agreement is through December 31, 2017, and the term of each respective employment agreement will automatically renew for successive one-year terms. Our employment agreements with Mr. Wallace, Mr. Barnes and Ms. Stach provide for an annual base salary of \$300,000, \$150,000 and \$125,000, respectively. The base salaries are subject to annual increases as the Compensation Committee may approve in their discretion and other benefits generally available to other employees and our other executive officers, and each will be eligible for an annual bonus for each calendar year during his or her respective employment based on a combination of his or her respective continued employment with the Company and the achievement of certain performance goals established by our Board of Directors and our compensation committee.

If employment is terminated for any reason other than for cause, change-in-control or death or disability, the named executive officer is entitled to receive all accrued salary, bonus compensation, if any, to the extent earned, whether or not vested without regard to such termination (other than defined contribution plan or profit sharing plan benefits which will be paid in accordance with the applicable plan), any benefits under any plans of the Company in which the named executive officer is a participant to the full extent of the named executive officer's rights under such plans, full vesting of all awards granted to the named executive officer under the 2014 Incentive Plan, accrued vacation pay and any appropriate business expenses incurred by the named executive officer in connection with his or her duties hereunder, all to the date of termination. In addition, the named executive officer will receive as severance compensation his or her base salary (at the rate payable at the time of such termination), for a period of 36 months, with respect to Mr. Wallace, and 12 months, with respect to Mr. Barnes and Ms. Stach, from the date of such termination; provided, however, that if the named executive officer is employed by a new employer during such period, the severance compensation payable to the named executive officer during such period will be reduced by the amount of compensation that the named executive officer is receiving from the new employer. However, the named executive officer is under no obligation to mitigate the amount owed the named executive officer by seeking other employment or otherwise. In addition to the severance payment, the named executive officer will be paid an amount equal to the greater of: (i) two times the average annual cash bonus, if any, earned by the named executive officer in the two years immediately preceding the date of termination, without regard to any elective income deferral or conversion of such bonus into stock or any other non-cash consideration; and (ii) two times the product of the named executive officer's base salary and 0.67, with respect to Mr. Wallace, and 0.33, with respect to Mr. Barnes or Ms. Stach. Each named executive officer will be entitled to accelerated vesting of any accrued benefit under each deferred compensation plan. If a named executive officer is terminated for disability, the terminated named executive officer will receive the benefits described above, all to the date of termination, with the exception of medical and dental benefits, if any, which shall continue at the Company's expense through the then current one-year term of the employment agreement. If a named executive officer's employment terminates due to death, the terminated named executive officer's estate will receive the benefits described above.

The severance payment in the event of a change in control will consist of: (1) three times the terminated officer's annual base salary (at the rate payable at the time of such termination), and (2) an amount equal to the greater of: (i) two times the average annual cash bonus, if any, earned by the terminated officer in the two years immediately preceding the date of termination, without regard to any elective income deferral or conversion of such bonus into stock or any other non-cash

Table of Contents

consideration; and (ii) two times the product of the terminated officer's base salary and 0.67, with respect to Mr. Wallace, and 0.33 with respect to Mr. Barnes and Ms. Stach. Such severance compensation shall be paid in a lump sum promptly after the date of such termination, and in no event later than two and a half months after the end of the year in which such termination occurs. If the payments due to the change-in-control result in an excise tax to the terminated officer, under Section 4999 of the Code, all change-in-control payments to the terminated officer may be limited to an amount that is less than 300% of his or her average annual compensation. This limit would not apply in the event that the terminated officer's net after-tax benefits are greater after considering the effect of the excise tax.

Each employment agreement contains customary non-competition and non-solicitation covenants that apply during the term and for 12 months following a termination upon a change in control, so long as the payments to which the terminated officer is entitled as a result of his or her termination upon a change of control are made on a timely basis.

Table of Contents**COMPENSATION TABLES****Summary Compensation Table**

We did not conduct business in our current corporate format prior to the completion of our IPO on May 27, 2015 and did not pay any compensation to any of our named executive officers. On the date of the completion of our IPO, each executive officer's employment agreement became effective, which is discussed above in the section titled "Employment Agreements of our Named Executive Officers". The table below sets forth the compensation paid in fiscal year 2015 to our principal executive officer and the two most highly compensated executive officers. The three executive officers are referred to in this proxy statement as our named executive officers. During the initial three-year term of their respective employment agreements, each of our named executive officers has agreed to take 100% of his or her salary, bonus and long-term incentive compensation, awarded pursuant to our 2014 Equity Incentive Plan, in the form of restricted common stock. Provided that the named executive officers comply with the terms of the Alignment of Interest Program described above, the election to receive stock compensation otherwise payable in cash caused the named executive officers to be eligible to receive additional stock awards based upon a multiple described below. All shares of restricted stock issued in lieu of cash compensation and any shares of restricted stock issued under the Alignment of Interest Program are subject to an eight-year cliff vesting schedule whereby no shares vest until the third, fifth or eighth anniversary of the date of grant, at which time 100% of the shares of restricted stock will vest, subject to continued employment.

The following table sets forth the compensation of our principal executive officer and the two most highly compensated executive officers other than our principal executive officer for the fiscal year 2015. As discussed above under " Employment Agreements with Named Executive Officers," we provide severance benefits to each of our named executive officers.

Leigh Ann Stach Vice President Financial Reporting and Chief Accounting Officer	2015	\$	\$ 74,625	\$	\$ 79,726	\$ 154,351

(1) All of our named executive officers agreed to take shares of restricted common stock in lieu of any cash compensation for the fiscal year ended December 31, 2015.

(2) These amounts represent the pro-rated annual base salary of each named executive officer set forth in the table pursuant to their employment agreements, 100% of which was paid in shares of our restricted common stock in lieu of cash and which was pro-rated from the closing date of our IPO, May 28, 2015 through December 31, 2015. All of the shares of our restricted common stock issued in lieu of cash compensation are subject to an eight-year cliff vesting schedule whereby no shares vest until the eighth anniversary of the date of grant, at which time 100% of the shares of restricted stock will vest, subject to continued employment.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee during 2015 were Alfred Lumsdaine (Chair), Alan Gardner, and Lawrence Van Horn. In 2015, no member of the Compensation Committee was an officer or employee of the Company or any of its subsidiaries or was formerly an officer of the Company or any of its subsidiaries, and no member had any relationship requiring disclosure as a related person transaction under applicable SEC regulations.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**Related Party Transactions**

The following describes the one transaction since January 1, 2015 in which we have participated and in which one or more of our directors, executive officers or other related persons had a direct or indirect material interest ("related persons" includes the persons or entities included within the definition of "related parties" discussed in the next section"):

Athena Funding Partners, LLC ("AFP"), in which Timothy G. Wallace, our Chairman, Chief Executive Officer and President owns 99% of the interests, advanced and incurred an aggregate of approximately \$400,000 in organizational, legal, accounting and other similar expenses in connection with our IPO and the acquisition of our initial property portfolio. Pursuant to a Formation Services Agreement dated April 1, 2014, we reimbursed AFP, in full, for all of these expenses upon completion of our IPO in 2015, and we have no other obligations to reimburse AFP for such expenses.

In May 2015, Timothy G. Wallace, our Chairman, Chief Executive Officer and President, purchased 105,263 shares of our common stock in a private placement that closed simultaneously with our IPO for an aggregate purchase price of \$2,000,000. The \$2,000,000 purchase price was based on the price per share offered in our IPO.

Edgar Filing: Community Healthcare Trust Inc - Form DEF 14A

We believe that the terms and conditions of each of the Formation Services Agreement with AFP and the private placement to Mr. Wallace were fair and reasonable to the Company.

Policies and Procedures for Related Person Transactions

Our Audit Committee has adopted a written policy governing the approval of related party transactions that complies with all applicable requirements of the SEC and the NYSE concerning related party transactions. Under our policy, a related party transaction is a transaction between the Company and a related party (including any transaction requiring disclosure under Item 404 of Regulation S-K under the Exchange Act), other than transactions available to all employees generally or involving less than \$5,000 when aggregated with similar transactions. "Related parties" include (i) an officer or director of the Company, (ii) a person who is an immediate family member of an officer or director; (iii) an entity which is owned or controlled by an officer or director or an immediate family member of an officer or director, or an entity in which an officer or director or an immediate family member of an officer or director is deemed to have a substantial ownership interest or control of such entity by virtue of such person owning more than 20% of such entity; and (iv) any person known to be the beneficial owner of more than 5% of any class of the Company's voting securities. Members of an officer's or director's immediate family include such officer's or director's spouse, child, stepchild, parent, stepparent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law and any other person sharing the household of such officer or director. For purposes of this policy, officers will be defined as "executive officers" under applicable guidelines of the U.S. Securities and Exchange Commission (the "SEC"). Additionally, a "Related Party" may be a person or entity that proposes to enter into a transaction with the Company if the Committee finds that such transaction would require disclosure under Item 404 of Regulation S-K.

Our related party transaction policy is administered by our Audit Committee. At each fiscal year's first regularly-scheduled Audit Committee meeting, management or the Corporate Governance Committee, as applicable, will provide the Audit Committee with detailed information concerning all related party transactions then known by management to be entered into or to be continued by the Company for the fiscal year. Under the related party transactions policy, there is a general presumption that a related party transaction with the Company will not be approved by the Audit Committee. However, the Audit Committee may approve a related party transaction if: (i) the Audit Committee finds that the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party; and (ii) the Audit Committee finds that it has been fully apprised of all significant conflicts that may exist or otherwise arise on account of the transaction, and it believes, nonetheless, that the Company is warranted entering into the related party transaction and has developed an appropriate plan to manage the potential conflicts of interest. The Audit Committee will consider each proposed related party transaction and may approve the Company's entering into or continuing such related party transaction if the transaction satisfies the guidelines set forth above.

Legal Proceedings

We are not aware of any current legal proceedings involving any of our directors or executive officers and either the Company or any of its subsidiaries.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who own more than 10% of a registered class of our equity securities to file with the SEC and the NYSE reports of ownership of our securities and changes in their ownership on Forms 3, 4 and 5. Executive officers, directors and greater than 10% stockholders are required by SEC rules to furnish us with copies of all Section 16(a) reports that they file.

Based solely upon a review of the reports on Forms 3 and 4 and amendments thereto furnished to us in 2015 and Forms 5 and amendments thereto furnished to us with respect to 2015, or written representations from reporting persons that no Form 5 filing was required, we believe that in 2015 our executive officers, directors and greater than 10% owners timely filed all reports they were required to file under Section 16(a) of the Exchange Act.
