PROSPECTUS

Ecolab Inc.

Offers to Exchange

**Up to \$500,000,000 aggregate principal amount of new 3.250% notes due 2027 registered under the Securities Act of 1933,
for any and all outstanding unregistered 3.250% notes due 2027, and
Up to \$700,000,000 aggregate principal amount of new 3.950% notes due 2047 registered under the Securities Act of 1933,
for any and all outstanding unregistered 3.950% notes due 2047**

Ecolab Inc. is offering to exchange: (i) new registered 3.250% notes due 2027 (the "2027 Exchange Notes") for its outstanding unregistered 3.250% notes due 2027 (the "2027 Original Notes"); and (ii) new registered 3.950% notes due 2047 (the "2047 Exchange Notes" and, together with the 2027 Exchange Notes, the "Exchange Notes") for its outstanding unregistered 3.950% notes due 2047 (the "2047 Original Notes" and, together with the 2027 Original Notes, the "Original Notes"). The terms of each series of the Exchange Notes are substantially identical to the terms of the applicable series of Original Notes, except that the Exchange Notes are registered under the Securities Act of 1933, as amended (the "Securities Act"), and the transfer restrictions and registration rights and related special interest provisions applicable to the Original Notes do not apply to the Exchange Notes. Interest on the Exchange Notes will accrue from the date of original issuance of the Original Notes or from the most recent date on which interest on the Original Notes has been paid, whichever is later, and will be payable semi-annually in arrears on June 1 and December 1 of each year, beginning June 1, 2018. We will deem the right to receive any interest accrued but unpaid on the Original Notes waived by you if we accept your Original Notes for exchange. Accordingly, holders whose tenders are accepted for exchange will not receive any payment in respect of accrued interest on such Original Notes, unless the record date for any such interest payment occurs before the completion of the Exchange Offers. We refer to these offers as the "Exchange Offers." For a more detailed description of the Exchange Notes, see "Description of the Exchange Notes."

The Original Notes are, and the Exchange Notes will be, our senior unsecured obligations and will rank equally in right of payment with all of our other senior indebtedness from time to time outstanding. The Original Notes may only be tendered in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

We are not asking you for a proxy and you are requested not to send us a proxy. You do not have dissenters' rights of appraisal in connection with the Exchange Offers. See "Description of the Exchange Offers Absence of Dissenters' Rights of Appraisal."

No public market currently exists for the Original Notes and we cannot assure you that any public market for the Exchange Notes will develop. The Exchange Notes will not be listed on any national securities exchange.

Edgar Filing: ECOLAB INC. - Form 424B3

Each broker-dealer that receives Exchange Notes for its own account pursuant to the Exchange Offers will be deemed to acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. By so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of Exchange Notes received in exchange for Original Notes where such Original Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities.

We have agreed that, for a period of 90 days after the Expiration Date (as defined herein), we will use commercially reasonable efforts to make this prospectus available to any broker-dealer for use in connection with any such resale. See "Plan of Distribution."

Holders may withdraw their tendered Original Notes at any time at or prior to the Expiration Date. The Exchange Offers will expire at 11:59 p.m., New York City time, on April 17, 2018, unless extended or earlier terminated by us (such date, as the same may be extended or earlier terminated with respect to any series of Exchange Notes, the "Expiration Date"). The Exchange Offers are subject to customary conditions discussed under "Description of the Exchange Offers Conditions to the Exchange Offers." No Exchange Offer is conditioned upon the other Exchange Offer, and we may terminate or extend any Exchange Offer without terminating or extending the other Exchange Offer.

Investing in the Exchange Notes involves risks. See "Risk Factors" beginning on page 15 of our Annual Report on Form 10-K for the fiscal year ended December 31, 2017, which is incorporated by reference herein, and on page 11 of this prospectus, to read about factors you should consider before investing in the Exchange Notes.

Neither the Securities and Exchange Commission (the "SEC") nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

Based upon the position of the staff of the SEC as described in previous no-action letters and subject to the immediately following sentence, we believe that Exchange Notes issued pursuant to the Exchange Offers in exchange for Original Notes may be offered for resale, resold and otherwise transferred by you without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that you will be deemed to acknowledge in writing at the time of the consummation of the Exchange Offers that: you are not a broker-dealer tendering Original Notes that you acquired directly from us for your own account; you are acquiring the Exchange Notes in the ordinary course of your business; you have not participated in, do not intend to participate in, and have no arrangement or understanding with any person to participate in, a distribution of the Exchange Notes; and you are not our "affiliate" as defined under Rule 405 of the Securities Act. |

The Exchange Notes

The following summary describes the principal terms of the Exchange Notes. Certain of the terms and conditions described below are subject to important limitations and exceptions. This summary does not contain all the information that may be important to you. For a more complete understanding of the Exchange Notes, see "Description of the Exchange Notes" in this prospectus. In this section, "Ecolab," "we," "us," and "our" are references to Ecolab Inc. and not to any of its subsidiaries.

| | |
|---|--|
| Issuer | Ecolab Inc. |
| Exchange Notes | The terms of each series of the Original Notes and the applicable series of Exchange Notes are identical, except the Exchange Notes offered in the Exchange Offers: will have been registered under the Securities Act; will not have transfer restrictions and registration rights that relate to the Original Notes; and will not have rights relating to the payment of additional interest to holders of Original Notes if we fail to timely commence and complete the Exchange Offers. |
| Securities Offered | Up to \$500,000,000 aggregate principal amount of 3.250% notes due 2027 (the "2027 Exchange Notes"). Up to \$700,000,000 aggregate principal amount of 3.950% notes due 2047 (the "2047 Exchange Notes"). |
| Maturity | The 2027 Exchange Notes will mature on December 1, 2027. The 2047 Exchange Notes will mature on December 1, 2047. |
| Interest | The interest rate per annum on the 2027 Exchange Notes will be 3.250%. The interest rate per annum on the 2047 Exchange Notes will be 3.950%. Interest on the Exchange Notes will be payable semi-annually in arrears on June 1 and December 1 of each year, beginning June 1, 2018. |

See "Description of the Exchange Notes Offer to Repurchase upon a Change of Control Repurchase Event." |

Table of Contents

| | |
|--------------------------|--|
| Ranking | <p>The Exchange Notes will be our senior unsecured obligations and will rank equally in right of payment with all of our other existing and future senior indebtedness.</p> <p>As a holding company, our cash flow and our ability to pay our debt depends, in part, on the amount of cash that we receive from our subsidiaries. Our right to receive any assets of any of our subsidiaries upon their bankruptcy, liquidation or reorganization, and therefore the right of the holders of the Exchange Notes to participate in those assets, will be structurally subordinated to the claims of that subsidiary's creditors. At December 31, 2017, we had approximately \$7.3 billion of indebtedness outstanding on a consolidated basis, of which \$17.4 million of subsidiary indebtedness would be structurally senior to the Exchange Notes.</p> |
| Restrictive Covenants | <p>The indenture governing the Exchange Notes contains certain restrictions, including restricting our ability and the ability of certain of our subsidiaries to create or incur secured indebtedness. Certain sale and leaseback transactions are similarly restricted. See "Description of the Exchange Notes Certain Covenants of the Company."</p> |
| Form and Denomination | <p>We will issue the Exchange Notes of each series in the form of one or more fully registered global notes registered in the name of the nominee of DTC. Beneficial interests in the Exchange Notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC. Clearstream and Euroclear will hold interests on behalf of their participants through their respective U.S. depositaries, which in turn will hold such interests in accounts as participants of DTC. Except in the limited circumstances described in this prospectus, owners of beneficial interests in the Exchange Notes will not be entitled to have Exchange Notes registered in their names, will not receive or be entitled to receive Exchange notes in definitive form and will not be considered holders of Exchange Notes under the indenture. The Exchange Notes will be issued only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.</p> |
| Risk Factors | <p>Investing in the Exchange Notes involves risks. See "Risk Factors" for a description of certain risks you should particularly consider before investing in the Exchange Notes.</p> |

Table of Contents

RISK FACTORS

You should carefully consider the following risk factors, the risk factors described in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2017, and the other information included in or incorporated by reference into this prospectus, before investing in the Exchange Notes. These risks and uncertainties are not the only ones facing us. There may be other risks that a prospective investor should consider that are relevant to such investor's own particular circumstances or generally.

Risks Relating to the Exchange Offers

The consummation of the Exchange Offers may be delayed or may not occur.

We are not obligated to complete the Exchange Offers. Consummation of the Exchange Offers is subject to the satisfaction of certain conditions, discussed under "Description of the Exchange Offers Conditions to the Exchange Offers." Even if the Exchange Offers are completed, they may not be completed on the schedule or on the terms and conditions described in this prospectus. Accordingly, holders participating in the Exchange Offers may have to wait longer than expected to receive their Exchange Notes, during which time those holders of Original Notes will not be able to effect transfers of their Original Notes validly tendered and not validly withdrawn in the Exchange Offer.

The Exchange Offers could result in reduced liquidity for the Original Notes that are not exchanged.

Any of the Original Notes that are not tendered to us or are not accepted for exchange will, following the Exchange Offers, continue to be restricted securities, and you may not offer to sell them except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities law. We will issue Exchange Notes in exchange for the Original Notes pursuant to the Exchange Offers only following the satisfaction of the procedures and conditions set forth in "Description of the Exchange Offers Conditions to the Exchange Offers" and "Description of the Exchange Offers Procedures for Tendering Original Notes." These procedures and conditions include timely receipt by the Exchange Agent of confirmation of book-entry transfer of such Original Notes and of an agent's message from DTC. Therefore, holders of the Original Notes desiring to tender such Original Notes in exchange for Exchange Notes should allow sufficient time to ensure timely delivery. Additionally, we are under no duty to give notification of defects or irregularities of tenders of Original Notes for exchange.

Because we anticipate that most holders of Original Notes will elect to exchange their Original Notes, we expect that the liquidity of the market for any Original Notes remaining after the completion of the Exchange Offers will be substantially limited. Any Original Notes tendered and exchanged in the Exchange Offers will reduce the aggregate principal amount of the applicable series of Original Notes outstanding. Following the Exchange Offers, if you do not tender your Original Notes, you generally will not have any further registration rights, and your Original Notes will continue to be subject to certain transfer restrictions. Accordingly, the liquidity of the market for the Original Notes could be adversely affected.

You should not tender any Original Notes that you do not wish to be accepted for exchange by us.

Any Original Notes tendered in the Exchange Offers that are not validly withdrawn at or prior to 11:59 p.m., New York City time, on April 17, 2018, unless extended in our sole discretion, may not be withdrawn thereafter. See "Description of the Exchange Offers Withdrawal of Tenders." Accordingly, you should not tender any Original Notes that you do not wish to be accepted for exchange by us. In addition, except as required by law, we may extend or otherwise amend the Expiration Date without reinstating withdrawal rights.

Table of Contents

The consideration to be received in the Exchange Offers does not reflect any fairness valuation.

Our Board of Directors has made no determination that the consideration to be received in the Exchange Offers represents a fair valuation of either the Original Notes or the Exchange Notes. We have not obtained a fairness opinion from any financial advisor about the fairness to us or to you of the consideration to be received by holders of the Original Notes.

Risks Relating to the Exchange Notes

The Exchange Notes are our senior unsecured obligations and structurally subordinated to the existing and future liabilities of our subsidiaries.

The Exchange Notes are our senior unsecured and unsubordinated obligations and will rank equally in right of payment with all of our other existing and future senior and unsubordinated obligations. The Exchange Notes are not secured by any of our assets. Any future claims of secured lenders with respect to assets securing their loans will be prior to any claim of the holders of the Exchange Notes with respect to those assets.

We are a holding company and our subsidiaries are separate and distinct legal entities from us. Our subsidiaries have no obligation to pay any amounts due on the Exchange Notes or to provide us with funds to meet our payment obligations on the Exchange Notes, whether in the form of dividends, distributions, loans or other payments. In addition, any payment of dividends, loans or advances by our subsidiaries could be subject to statutory or contractual restrictions. Payments to us by our subsidiaries will also be contingent upon the subsidiaries' earnings and business considerations. Our right to receive any assets of any of our subsidiaries upon their bankruptcy, liquidation or reorganization, and therefore the right of the holders of the Exchange Notes to participate in those assets, will be structurally subordinated to the claims of that subsidiary's creditors, including trade creditors. In addition, even if we are a creditor of any of our subsidiaries, our right as a creditor would be subordinate to any security interest in such assets of our subsidiaries and any indebtedness of our subsidiaries senior in right of payment to that held by us. As of December 31, 2017, we had approximately \$7.3 billion of indebtedness outstanding on a consolidated basis, of which \$17.4 million of subsidiary indebtedness would be structurally senior to the Exchange Notes.

Negative covenants in the indenture will have a limited effect.

The indenture governing the Exchange Notes contains only limited negative covenants that apply to us and certain of our subsidiaries. These covenants do not limit the amount of additional debt that we may incur and do not require us to maintain any financial ratios or specific levels of worth, revenues, income, cash flows or liquidity. Accordingly, the indenture does not protect holders of the Exchange Notes in the event we experience significant adverse changes in our financial condition or results of operations. See the sections titled "Description of the Exchange Notes Certain Covenants of the Company Restrictions on Liens" and " Restrictions on Sale and Leaseback Transactions" in this prospectus. In light of the limited negative covenants applicable to the Exchange Notes, holders of the Exchange Notes may be structurally or contractually subordinated to new lenders.

Our credit ratings may not reflect all risks of your investments in the Exchange Notes.

Our credit ratings are an assessment by rating agencies of our ability to pay our debts when due. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the Exchange Notes. These credit ratings may not reflect the potential impact of risks relating to structure or marketing of the Exchange Notes. Agency ratings are not a recommendation to buy, sell or hold any security, and may be revised or withdrawn at any time by the issuing organization. Each agency's rating should be evaluated independently of any other agency's rating.

Table of Contents

If an active trading market does not develop for the Exchange Notes, you may be unable to sell the Exchange Notes or to sell them at a price you deem sufficient.

The Exchange Notes are a new issue of securities for which there is currently no established trading market. We do not intend to list the Exchange Notes on any national securities exchange. Accordingly, there can be no assurances that an active trading market will develop upon completion of the Exchange Offers or, if it develops, that such market will be sustained, or as to the liquidity of any market. If an active trading market does not develop or is not sustained, the market price and the liquidity of the Exchange Notes may be adversely affected. In addition, the liquidity of the trading market for the Exchange Notes, if it develops, and the market price quoted for the Exchange Notes, may be adversely affected by changes in the overall market for those securities and by changes in our financial performance or prospects or in the prospects for companies in our industry generally.

We may not be able to repurchase the Exchange Notes upon a Change of Control.

Upon the occurrence of a Change of Control Repurchase Event, each holder of Exchange Notes will have the right to require us to repurchase all or any part of such holder's Exchange Notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest to the date of repurchase. The terms of our existing credit facilities and other financing arrangements may require repayment of amounts outstanding in the event of a Change of Control and limit our ability to fund the repurchase of the Exchange Notes in certain circumstances. If we experience a Change of Control Repurchase Event, there can be no assurance that we would have sufficient financial resources available to satisfy our obligations to repurchase the Exchange Notes. Our failure to repurchase the Exchange Notes as required under the indenture governing the Exchange Notes would result in a default under the indenture, which could have material adverse consequences for us and the holders of the Exchange Notes. See "Description of the Exchange Notes Offer to Repurchase upon a Change of Control Repurchase Event."

We may repurchase any Original Notes that are not accepted for purchase and exchanged in the Exchange Offers in future transactions on terms that are more favorable to the holders of the Original Notes than the terms of the Exchange Offers.

We may, from time to time after completion of the Exchange Offers, purchase additional Original Notes in the open market, in privately negotiated transactions, through tender offers, exchange offers or otherwise. Any future purchases or exchanges may be on the same terms or on terms that are more or less favorable to holders of Original Notes than the terms of the Exchange Offers. Any future purchases or exchanges by us will depend on various factors existing at that time. There can be no assurance as to which, if any, of these alternatives (or combinations thereof) we may choose to pursue in the future.

Some noteholders may be required to comply with the registration and prospectus delivery requirements of the Securities Act.

If you exchange your Original Notes in the Exchange Offers for the purpose of participating in a distribution of the Exchange Notes, you may be deemed to have received restricted securities and, if so, you will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction. In addition, any broker-dealer who holds Original Notes acquired for its own account as a result of market-making activities or other trading activities and who receives Exchange Notes in exchange for such Original Notes pursuant to the Exchange Offers may be a statutory underwriter and must deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such Exchange Notes. Our obligation to keep the registration statement of which this prospectus forms a part effective is limited. Accordingly, we cannot guarantee that a current prospectus will be available at all times to broker-dealers wishing to resell their Exchange Notes.

Table of Contents**USE OF PROCEEDS**

The Exchange Offers are intended to satisfy our obligations under the Registration Rights Agreement entered into in connection with the issuance of the Original Notes. We will not receive any cash proceeds from the issuance of the Exchange Notes in the Exchange Offers. The Original Notes surrendered and exchanged for the Exchange Notes will be retired and canceled.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated:

| | Year Ended December 31, | | | | |
|--|--------------------------------|-------------|-------------|-------------|-------------|
| | 2017 | 2016 | 2015 | 2014 | 2013 |
| Ratio of Earnings to Fixed Charges(1) | 5.98x | 5.60x | 5.03x | 5.89x | 4.78x |

- (1) For purposes of calculating the ratio of earnings to fixed charges, earnings consist of income from continuing operations before income taxes and income or loss from equity investees plus fixed charges. Fixed charges consist of gross interest expense and amortized premiums and discounts plus an amount equivalent to interest included in rental charges.

DESCRIPTION OF THE EXCHANGE OFFERS

Purpose of the Exchange Offers

We are offering, upon the terms and subject to the conditions set forth in this prospectus, the opportunity to exchange (i) 3.250% notes due 2027, which have been registered under the Securities Act and which we refer to as the "2027 Exchange Notes", for our outstanding 3.250% notes due 2027, which have not been so registered and which we refer to as the "2027 Original Notes", and (ii) 3.950% notes due 2047, which have been registered under the Securities Act and which we refer to as the "2047 Exchange Notes" (and, together with the 2027 Exchange Notes, the "Exchange Notes"), for our outstanding 3.950% notes due 2047, which have not been so registered and which we refer to as the "2047 Original Notes" (and, together with the 2027 Original Notes, the "Original Notes"). We refer to these exchange offers as the "Exchange Offers."

On November 27, 2017, Ecolab issued \$500,000,000 in aggregate principal amount of 2027 Original Notes and \$325,000,000 in aggregate principal amount of 2047 Original Notes. Subsequently, on December 4, 2017, Ecolab consummated a previous exchange offer to exchange its outstanding 5.500% notes due 2041 for up to an additional \$375,000,000 aggregate principal amount of 2047 Original Notes.

In connection with the issuance of the Original Notes and the previous exchange offer, Ecolab entered into the Registration Rights Agreement, with Citigroup Global Markets Inc., Credit Suisse Securities (USA) LLC, J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and MUFG Securities Americas Inc., as representatives of the several initial purchasers under the offering of the Original Notes and under the previous exchange offer, whom we refer to collectively as the "Initial Purchasers." Under the Registration Rights Agreement, we agreed to file and to use our commercially reasonable efforts to have declared effective the exchange offer registration statement under the Securities Act within 270 days after the date of original issue of the Original Notes and to consummate the Exchange Offers.

We are making the Exchange Offers in reliance on the position of the SEC as set forth in *Exxon Capital Holdings Corporation* and similar no-action letters. However, we have not sought our own no-action letter. Based upon these interpretations by the SEC, we believe that a holder of Exchange Notes who is not our "affiliate" within the meaning of Rule 405 of the Securities Act and who exchanges Original Notes for Exchange Notes in the Exchange Offers generally may offer the Exchange Notes for resale, sell the Exchange Notes and otherwise transfer the Exchange Notes without further registration under the Securities Act and without delivery of a prospectus that satisfies the requirements of Section 10 of the Securities Act. This does not apply, however, to a holder who is our "affiliate" within the meaning of Rule 405 of the Securities Act. We also believe that a holder may offer, sell or transfer the Exchange Notes only if the holder acknowledges that the holder is acquiring the Exchange Notes in the ordinary course of its business and is not participating, does not intend to participate and has no arrangement or understanding with any person to participate in a distribution of the Exchange Notes.

Any holder of the Original Notes using the Exchange Offers to participate in a distribution of Exchange Notes cannot rely on the no-action letters referred to above. Any broker-dealer who holds Original Notes acquired for its own account as a result of market-making activities or other trading activities and who receives Exchange Notes in exchange for such Original Notes pursuant to the Exchange Offers may be a statutory underwriter and must deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such Exchange Notes. See "Plan of Distribution." You may not participate in the Exchange Offers if you are a broker-dealer tendering Original Notes that you acquired directly from us for your own account.

Table of Contents

Except as set forth in this prospectus, this prospectus may not be used for an offer to resell, resale or other transfer of Exchange Notes.

The Exchange Offers are not being made to, nor will we accept tenders for exchange from, holders of Original Notes in any jurisdiction in which the Exchange Offers or the acceptance of them would not be in compliance with the securities or blue sky laws of such jurisdiction.

Each broker-dealer that receives Exchange Notes for its own account in exchange for Original Notes, where such Original Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, shall be deemed to acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. By so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of Exchange Notes received in exchange for Original Notes where such Original Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. We have agreed that, for a period of 90 days after the Expiration Date, we will use commercially reasonable efforts to make this prospectus available to any broker-dealer for use in connection with any such resale. See "Plan of Distribution."

Resale of Exchange Notes

We have not entered into any arrangement or understanding with any person to distribute the Exchange Notes to be received in the Exchange Offers and, to the best of our information and belief, each person that will participate in the Exchange Offers will acquire the Exchange Notes in its ordinary course of business and has no arrangement or understanding with any person to participate in the distribution of the Exchange Notes to be received in the Exchange Offer.

Based upon the position of the staff of the SEC as described in previous no-action letters and subject to the immediately following sentence, we believe that Exchange Notes issued pursuant to the Exchange Offers in exchange for Original Notes may be offered for resale, resold and otherwise transferred by you without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that you will be deemed to acknowledge in writing at the time of the consummation of the Exchange Offers that:

you are not a broker-dealer tendering Original Notes that you acquired directly from us for your own account;

you are acquiring the Exchange Notes in the ordinary course of your business;

you have not participated in, do not intend to participate in, and have no arrangement or understanding with any person to participate in, a distribution of the Exchange Notes; and

you are not our "affiliate" as defined under Rule 405 of the Securities Act.

However, any purchaser of Exchange Notes who is an affiliate of ours or who intends to participate in the Exchange Offers for the purpose of distributing the Exchange Notes (i) will not be able to rely on the interpretations of the SEC staff set forth in the above-mentioned no-action letters, (ii) will not be entitled to tender its Original Notes in the Exchange Offers and (iii) must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the Exchange Notes unless such sale or transfer is made pursuant to an exemption from such requirements.

With regard to broker-dealers, any broker-dealer who holds any Original Notes acquired for its own account as a result of market-making activities or other trading activities may participate in the Exchange Offers so long as the broker-dealer has not entered into any arrangement or understanding with us or an affiliate of ours to distribute the Exchange Notes.

Table of Contents

Any broker-dealer who holds Original Notes acquired for its own account as a result of market-making activities or other trading activities and who receives Exchange Notes in exchange for such Original Notes pursuant to the Exchange Offers may be a statutory underwriter and must deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such Exchange Notes.

Terms of the Exchange Offers

Based on the terms and subject to the conditions of the Exchange Offers, we will accept any and all Original Notes validly tendered prior to 11:59 p.m., New York City time, on the Expiration Date for the Exchange Offers. Subject to the minimum denomination requirements of the Exchange Notes, we will issue \$1,000 principal amount of Exchange Notes in exchange for each \$1,000 principal amount of outstanding Original Notes validly tendered pursuant to the Exchange Offers on or before the Expiration Date and not validly withdrawn. Holders may tender some or all of the Original Notes pursuant to the Exchange Offers. However, Original Notes may only be tendered in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Promptly after the Expiration Date (unless extended as described in this prospectus), we will issue an aggregate principal amount of up to \$500,000,000 of 2027 Exchange Notes for a like principal amount of outstanding 2027 Original Notes tendered and accepted in connection with the Exchange Offers and up to \$700,000,000 of 2047 Exchange Notes for a like principal amount of outstanding 2047 Original Notes tendered and accepted in connection with the Exchange Offers. The Exchange Notes issued in connection with the Exchange Offers will be delivered promptly after the Expiration Date.

The terms of the Exchange Notes will be substantially identical to the terms of the Original Notes, except that:

the offer and sale of the Exchange Notes will have been registered under the Securities Act and, therefore, the Exchange Notes will not bear legends restricting the transfer of the Exchange Notes; and

holders of the Exchange Notes will not be entitled to any rights under the Registration Rights Agreement, which rights will terminate upon the consummation of the Exchange Offers, or to the additional interest provisions of the Registration Rights Agreement.

The Exchange Notes will evidence the same debt as the Original Notes and will be issued under the same indenture and be entitled to the same benefits under that indenture as the Original Notes being exchanged. As of the date of this prospectus, \$1.2 billion in aggregate principal amount of the Original Notes is outstanding.

In connection with the issuance of the Original Notes, we arranged for the Original Notes purchased by qualified institutional buyers and those sold in reliance on Regulation S under the Securities Act to be issued and transferable in book-entry form through the facilities of DTC, acting as depositary. Except as described under "Description of the Exchange Notes Book-Entry Delivery and Settlement", Exchange Notes will be issued in the form of one or more global notes registered in the name of DTC or its nominee and each beneficial owner's interest in it will be transferable in book-entry form through DTC. See "Description of the Exchange Notes Book-Entry Delivery and Settlement."

Holders of Original Notes do not have any appraisal or dissenters' rights in connection with the Exchange Offers. Original Notes that are not tendered for exchange or are tendered but not accepted in connection with the Exchange Offers will remain outstanding and be entitled to the benefits of our Indenture (as defined below), but certain registration and other rights under the Registration Rights Agreement will terminate and holders of the Original Notes will generally not be entitled to any

registration rights under the Registration Rights Agreement. See " Consequences of Failure to Properly Tender Original Notes in the Exchange Offers."

We shall be considered to have accepted validly tendered Original Notes if and when we have given oral (to be followed by prompt written notice) or written notice to the Exchange Agent. The Exchange Agent will act as agent for the tendering holders for the purposes of receiving the Exchange Notes from us.

If any tendered Original Notes are not accepted for exchange because of an invalid tender, the occurrence of certain other events described in this prospectus or otherwise, we will return the Original Notes, without expense, to the tendering holder promptly after the Expiration Date for the Exchange Offers.

Holders who tender Original Notes will not be required to pay brokerage commissions or fees or transfer taxes on exchange of Original Notes in connection with the Exchange Offers, except as described under " Fees and Expenses" and " Transfer Taxes."

Expiration Date; Extension; Termination; Amendment

The Exchange Offers will remain open for at least 20 full business days. The Expiration Date for the Exchange Offers is 11:59 p.m., New York City time, on April 17, 2018, unless extended by us in our sole discretion, in which case the term "Expiration Date" shall mean the latest date and time to which the Exchange Offers are extended with respect to either or both series of Exchange Notes.

Subject to applicable law, we reserve the right, in our sole discretion:

to delay accepting any Original Notes, to extend any Exchange Offer or to terminate any Exchange Offer if, in our reasonable judgment, any of the conditions described below shall not have been satisfied, by giving oral (to be followed by prompt written notice) or written notice of the delay, extension or termination to the Exchange Agent; or

to amend the terms of any Exchange Offer in any manner.

If we amend any Exchange Offer in a manner that we consider material, we will disclose such amendment by means of a prospectus supplement, and we will extend such Exchange Offer for a period of five to ten business days. No Exchange Offer is conditioned upon the other Exchange Offer, and we may terminate any Exchange Offer without terminating the other Exchange Offer.

If we determine to extend, amend or terminate any Exchange Offer, we will publicly announce this determination by making a timely release through an appropriate news agency.

If we delay accepting any Original Notes or terminate any Exchange Offer, we promptly will pay the consideration offered, or return any Original Notes deposited, pursuant to the Exchange Offers as required by Rule 14e-1(c).

Interest on the Exchange Notes

The 2027 Exchange Notes will bear interest at the rate of 3.250% per annum and the 2047 Exchange Notes will bear interest at the rate of 3.950% per annum, each from the date of original issuance of the Original Notes or from the most recent date on which interest on the Original Notes has been paid, whichever is later. Interest will be payable semi-annually in arrears on June 1 and December 1 of each year, beginning June 1, 2018.

Conditions to the Exchange Offers

Notwithstanding any other provisions of the Exchange Offers, or any extension of the Exchange Offers, we will not be required to accept for exchange, or to exchange any Exchange Notes for, any

Original Notes and we may terminate any Exchange Offer or, at our option, modify, extend or otherwise amend any Exchange Offer, if any of the following conditions are not satisfied at or prior to the Expiration Date:

(1)

In our reasonable judgment, no action or event has occurred or been threatened (including a default under an agreement, indenture or other instrument or obligation to which we or one of our affiliates is a party or by which we or one of our affiliates is bound), no action is pending, no action has been taken, and no statute, rule, regulation, judgment, order, stay, decree or injunction has been promulgated, enacted, entered, enforced or deemed applicable to the Exchange Offers or the exchange of Original Notes for Exchange Notes under the Exchange Offers by or before any court or governmental regulatory or administrative agency, authority, or tribunal, which either:

challenges the making of the Exchange Offers or the exchange of Original Notes for Exchange Notes under the Exchange Offers or might, directly or indirectly, prohibit, prevent, restrict or delay consummation of, or might otherwise adversely affect in any material manner, the Exchange Offers or the exchange of Original Notes for Exchange Notes under the Exchange Offers; or

in our reasonable judgment, could materially affect the business, condition (financial or otherwise), income, operations, properties, assets, liabilities or prospects of Ecolab and its subsidiaries, taken as a whole, or materially impair the contemplated benefits to Ecolab of the Exchange Offers or the exchange of Original Notes for Exchange Notes under the Exchange Offers;

(2)

None of the following has occurred:

the SEC has issued a stop order which would suspend the effectiveness of the registration statement of which this prospectus forms a part or the qualification of the applicable indenture governing the Exchange Notes under the Trust Indenture Act of 1939;

any general suspension of, or limitation on, trading in securities on any United States national securities exchanges or in the over the counter market (whether or not mandatory);

a declaration of a banking moratorium or any suspension of payments in respect of banks by federal or state authorities in the United States (whether or not mandatory);

any material adverse change in the United States' securities or financial markets generally; or

in the case of any of the foregoing existing at the time of the commencement of the Exchange Offers, a material acceleration or worsening thereof; and

(3)

The Trustee (as defined below) under our Indenture has not objected in any respect to, or taken any action that could in our reasonable judgment adversely affect the consummation of, any of the Exchange Offers, nor has the Trustee taken any action that challenges the validity or effectiveness of the procedures used by us in making the Exchange Offers.

We expressly reserve the right to amend or terminate any Exchange Offer and to reject for exchange any Original Notes not previously accepted for exchange, upon the occurrence of any of the conditions of the Exchange Offers specified above. We will give oral or written notice (with any oral notice to be promptly confirmed in writing) of any amendment, non-acceptance, termination or waiver to the Exchange Agent as promptly as practicable, followed by a timely press release.

These conditions are for our sole benefit, and except as set forth below, may be waived by us, in whole or in part in our sole discretion. Any determination made by us concerning these events, developments or circumstances shall be conclusive and binding. We may, at our option and

in our sole

discretion, waive any such conditions except for the condition that the registration statement of which this prospectus forms a part is not subject to a stop order or any proceedings for that purpose.

All conditions to the Exchange Offers must be satisfied or, where permitted, waived, at or by the Expiration Date. In addition, we may in our absolute discretion, subject to applicable law, terminate any Exchange Offer for any other reason.

If any of the foregoing conditions are not satisfied, we may, at any time at or prior to the Expiration Date:

terminate any Exchange Offer and promptly return all tendered Original Notes with respect to that Exchange Offer to the respective tendering holders;

modify, extend or otherwise amend any Exchange Offer and retain all tendered Original Notes with respect to that Exchange Offer until the Expiration Date, as extended, subject, however, to the withdrawal rights of holders; or

waive the unsatisfied conditions, except for the condition that the registration statement of which this prospectus forms a part is not subject to a stop order or any proceedings for that purpose, with respect to any Exchange Offer and accept all Original Notes tendered and not previously validly withdrawn.

Effect of Tender

Any tender by a holder, and our subsequent acceptance of that tender, of Original Notes will constitute a binding agreement between that holder and us upon the terms and subject to the conditions of the Exchange Offers described in this prospectus. The participation in the Exchange Offers by a tendering holder of Original Notes will constitute the agreement by that holder to deliver good and marketable title to the tendered Original Notes, free and clear of any and all liens, restrictions, charges, pledges, security interests, encumbrances or rights of any kind of third parties.

Absence of Dissenters' Rights of Appraisal

Holders of the Original Notes do not have any dissenters' rights of appraisal in connection with the Exchange Offers.

Procedures for Tendering Original Notes

If you hold Original Notes and wish to have those notes exchanged for Exchange Notes, you must validly tender (or cause the valid tender of) your Original Notes using the procedures described in this prospectus.

The procedures by which you may tender or cause to be tendered Original Notes will depend upon the manner in which you hold the Original Notes, as described below.

If you are a beneficial owner which holds Original Notes through Euroclear or Clearstream and wish to tender your Original Notes, you must instruct Euroclear or Clearstream, as the case may be, to block the account in respect of the tendered Original Notes in accordance with the procedures established by Euroclear or Clearstream. You are encouraged to contact Euroclear and Clearstream directly to ascertain their procedure for tendering Original Notes.

Original Notes Held with DTC by a DTC Participant

Pursuant to authority granted by DTC, if you are a DTC participant that has Original Notes credited to your DTC account and thereby held of record by DTC's nominee, you may directly tender your Original Notes as if you were the record holder. Accordingly, references herein to record holders

Table of Contents

include DTC participants with Original Notes credited to their accounts. Within two business days after the date of this prospectus, the Exchange Agent will establish accounts with respect to the Original Notes at DTC for purposes of the Exchange Offers.

The Original Notes may only be tendered in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. No alternative, conditional or contingent tenders will be accepted. Holders who tender less than all of their Original Notes must continue to hold Original Notes in at least the minimum authorized denomination of \$2,000 principal amount.

Any DTC participant may tender Original Notes by effecting a book-entry transfer of the Original Notes to be tendered in the Exchange Offers into the account of the Exchange Agent at DTC and electronically transmitting its acceptance of the Exchange Offers through DTC's ATOP procedures for transfer before the Expiration Date of the Exchange Offers. No letter of transmittal will be used in connection with the Exchange Offers. The valid electronic transmission of acceptance through ATOP shall constitute delivery of Original Notes in connection with the Exchange Offers.

DTC will verify each acceptance transmitted to it, execute a book-entry delivery to the Exchange Agent's account at DTC and send an agent's message to the Exchange Agent. An "agent's message" is a message, transmitted by DTC to and received by the Exchange Agent and forming part of a book-entry confirmation, which states that DTC has received an express acknowledgement from a DTC participant tendering Original Notes that the participant has received and agrees to be bound by the terms of the Exchange Offers and that Ecolab may enforce the agreement against the participant. DTC participants following this procedure should allow sufficient time for completion of the ATOP procedures prior to the Expiration Date of the Exchange Offers.

An agent's message, and any other required documents, must be transmitted to and received by the Exchange Agent prior to the Expiration Date of the Exchange Offers at one of its addresses set forth on the back cover page of this prospectus. Delivery of these documents to Ecolab or DTC does not constitute delivery to the Exchange Agent.

Original Notes Held Through a Nominee by a Beneficial Owner

Currently, all of the Original Notes are held in book-entry form and can only be tendered by following the procedures described under "Procedures for Tendering Original Notes Original Notes Held with DTC by a DTC Participant." However, any beneficial owner whose Original Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact the registered holder promptly and instruct it to tender on the owner's behalf if it wishes to participate in the Exchange Offers. You should keep in mind that your intermediary may require you to take action with respect to the Exchange Offers a number of days before the Expiration Date in order for such entity to tender Original Notes on your behalf at or prior to the Expiration Date in accordance with the terms of the Exchange Offers.

Beneficial owners should be aware that their broker, dealer, commercial bank, trust company or other nominee may establish its own earlier deadlines for participation in the Exchange Offers. Accordingly, beneficial owners wishing to participate in the Exchange Offers should contact their broker, dealer, commercial bank, trust company or other nominee as soon as possible in order to determine the times by which such owner must take action in order to participate in the Exchange Offers.

Ecolab has agreed that, subject to the provisions of the Registration Rights Agreement, the prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer

who acquired the Original Notes for its own account as a result of market making or other trading activities (a "participating broker-dealer") in connection with resales of Exchange Notes received in exchange for Original Notes, where such Original Notes were acquired by such participating broker-dealer for its own account as a result of market-making activities or other trading activities, for a period ending 90 days after the Expiration Date or, if earlier, when all such Exchange Notes have been disposed of by such participating broker-dealer. In that regard, each participating broker-dealer, by tendering such Original Notes through the submission of an electronic acceptance instruction in accordance with the requirements of ATOP, agrees that, upon receipt of notice from Ecolab of the occurrence of any event or the discovery of any fact which makes any statement contained or incorporated by reference in the prospectus untrue in any material respect or which causes the prospectus to omit to state a material fact necessary in order to make the statements contained or incorporated by reference therein, in light of the circumstances under which they were made, not misleading, or of the occurrence of certain other events specified in the Registration Rights Agreement, such participating broker-dealer will suspend the sale of Exchange Notes pursuant to the prospectus until Ecolab has amended or supplemented the prospectus to correct such misstatement or omission and has furnished copies of the amended or supplemented prospectus to the participating broker-dealer or Ecolab has given notice that the sale of the Exchange Notes may be resumed, as the case may be. If Ecolab gives such notice to suspend the sale of the Exchange Notes, it shall extend the 90-day period referred to above during which participating broker-dealers are entitled to use the prospectus in connection with the resale of Exchange Notes by the number of days during the period from and including the date of the giving of such notice to and including the date when participating broker-dealers shall have received copies of the supplemented or amended prospectus necessary to permit resales of the Exchange Notes or to and including the date on which Ecolab has given notice that the sale of Exchange Notes may be resumed, as the case may be.

By tendering Original Notes through the submission of an electronic acceptance instruction in accordance with the requirements of ATOP, a tendering holder of Original Notes also acknowledges that the Exchange Offers are being made by Ecolab based upon Ecolab's understanding of an interpretation by the staff of the SEC as set forth in no-action letters issued to third parties, that the Exchange Notes issued in exchange for the Original Notes pursuant to the Exchange Offers may be offered for resale, resold and otherwise transferred by holders thereof, without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that: (1) such holders are not affiliates of Ecolab or the guarantors within the meaning of Rule 405 under the Securities Act; (2) such Exchange Notes are acquired in the ordinary course of such holders' business; (3) such holders are not engaged in, and do not intend to engage in, a distribution of such Exchange Notes and have no arrangement or understanding with any person to participate in the distribution of such Exchange Notes and (4) such holders are not broker-dealers tendering Original Notes that have been acquired from Ecolab for their own account. However, the staff of the SEC has not considered the Exchange Offers in the context of a no-action letter, and there can be no assurance that the staff of the SEC would make a similar determination with respect to the Exchange Offers as in other circumstances. If a holder of Original Notes is an affiliate of Ecolab or the guarantors, acquires the Exchange Notes other than in the ordinary course of such holder's business or is engaged in or intends to engage in a distribution of the Exchange Notes or has any arrangement or understanding with respect to the distribution of the Exchange Notes to be acquired pursuant to the Exchange Offers, such holder could not rely on the applicable interpretations of the staff of the SEC and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction.

No alternative, conditional, irregular or contingent tenders will be accepted. By tendering Original Notes through the submission of an electronic acceptance instruction in accordance with the requirements of ATOP, the tendering holders of Original Notes waive any right to receive any notice of the acceptance for exchange of their Original Notes.

Miscellaneous

All questions as to the validity, form, eligibility, including time of receipt, and acceptance and withdrawal of tendered Original Notes will be determined by us in our absolute discretion, which determination will be final and binding. We reserve the absolute right to reject any and all tendered Original Notes determined by us not to be in proper form or not to be tendered properly or any tendered Original Notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive, in our absolute discretion, any defects, irregularities or conditions of tender as to particular Original Notes, whether or not waived in the case of other Original Notes. Our interpretation of the terms and conditions of the Exchange Offers will be final and binding on all parties.

Unless waived, any defects or irregularities in connection with tenders of Original Notes must be cured within the time we determine. Although we intend to notify holders of defects or irregularities with respect to tenders of Original Notes, none of us, the Exchange Agent or any other person will be under any duty to give that notification or shall incur any liability for failure to give that notification. Tenders of Original Notes will not be deemed to have been made until any defects or irregularities therein have been cured or waived.

In addition, we reserve the right, as set forth above under the caption " Conditions to the Exchange Offers", to terminate any Exchange Offer. By tendering, each holder represents and acknowledges to us, among other things, that:

it has full power and authority to tender, sell, assign and transfer the Original Notes it is tendering and that we will acquire good and unencumbered title thereto, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim when the same are accepted by us;

it has full power and authority to tender, sell, assign and transfer the Original Notes it is tendering and that we will acquire good and unencumbered title thereto, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim when the same are accepted by us;

the Exchange Notes acquired in connection with the Exchange Offers are being obtained in the ordinary course of business of the person receiving the Exchange Notes;

at the time of commencement of the Exchange Offers it had no arrangement with any person to participate in a distribution of such Exchange Notes;

it is not an "affiliate" (as defined in Rule 405 under the Securities Act) of our company; and

if the holder is a broker-dealer, it is not engaged in, and does not intend to engage in, a distribution of the Exchange Notes, and that it will receive Exchange Notes for its own account in exchange for Original Notes that were acquired by such broker-dealer as a result of market-making activities or other trading activities and that it will be required to acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. See "Plan of Distribution."

No letter of transmittal will be used in connection with the Exchange Offers. The valid electronic transmission of acceptance through ATOP shall constitute delivery of Original Notes in connection with the Exchange Offers. There are no guaranteed delivery procedures for the Exchange Offers.

Withdrawal of Tenders

Tenders of Original Notes in the Exchange Offers may be validly withdrawn at any time prior to the Expiration Date.

Table of Contents

Beneficial owners desiring to withdraw a tender of Original Notes previously tendered through the ATOP procedures should contact the DTC participant through which they hold their Original Notes. In order to withdraw Original Notes previously tendered, a DTC participant may, prior to the Expiration Date of the Exchange Offers, withdraw its instruction previously transmitted through ATOP by withdrawing its acceptance through ATOP.

Withdrawal of tenders of Original Notes may not be rescinded, and any Original Notes validly withdrawn will thereafter be deemed not to have been validly tendered for purposes of the Exchange Offers. Validly withdrawn Original Notes may, however, be re-tendered by again following one of the procedures described in " Procedures for Tendering Original Notes" at or prior to the Expiration Date.

Fees and Expenses

We will not make any payment to brokers, dealers or others soliciting acceptances of the Exchange Offers. We will pay certain other expenses to be incurred in connection with the Exchange Offers, including the fees and expenses of the Exchange Agent and certain accounting and legal fees.

Transfer Taxes

You will not be obligated to pay any transfer taxes in connection with the tender of Original Notes in the Exchange Offers unless you instruct us to issue Exchange Notes, or request that Original Notes not tendered or accepted in the Exchange Offers be returned, to a person other than the tendering holder. In those cases, you will be responsible for the payment of any applicable transfer taxes.

Accounting Treatment

The Exchange Notes will be recorded at the same carrying value as the Original Notes as reflected in our accounting records on the date of the exchange. Accordingly, we will not recognize any gain or loss for accounting purposes upon the completion of the Exchange Offers. Payments made to other third parties will be expensed as incurred in accordance with GAAP.

Consequences of Failure to Properly Tender Original Notes in the Exchange Offers

Issuance of the Exchange Notes in exchange for the Original Notes under the Exchange Offers will be made only after timely receipt by the Exchange Agent of an agent's message from DTC through ATOP and confirmation of book-entry transfer of such Original Notes, and all other required documents. Therefore, holders of the Original Notes desiring to tender such Original Notes in exchange for Exchange Notes should allow sufficient time to ensure timely delivery. We are under no duty to give notification of defects or irregularities of tenders of Original Notes for exchange. Original Notes that are not tendered or that are tendered but not accepted by us will, following completion of the Exchange Offers, continue to be subject to the existing restrictions upon transfer thereof under the Securities Act, and, upon completion of the Exchange Offers, certain registration rights under the Registration Rights Agreement will terminate.

In the event the Exchange Offers are completed, we generally will not be required to register the remaining Original Notes. Remaining Original Notes will continue to be subject to the following restrictions on transfer:

the remaining Original Notes may be resold only if registered pursuant to the Securities Act, if any exemption from registration is available, or if neither such registration nor such exemption is required by law; and

the remaining Original Notes will bear a legend restricting transfer in the absence of registration or an exemption.

Table of Contents

We do not currently anticipate that we will register the remaining Original Notes under the Securities Act. To the extent that Original Notes are tendered and accepted in connection with the Exchange Offers, any trading market for remaining Original Notes could be adversely affected. See "Risk Factors Risks Relating to the Exchange Offers The Exchange Offers could result in reduced liquidity for the Original Notes that are not exchanged."

DESCRIPTION OF THE EXCHANGE NOTES

The following summary of certain provisions of the indenture and the Exchange Notes does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all of the provisions of the indenture and the Exchange Notes, including the definitions therein of certain terms. Whenever particular provisions of or terms defined in the indenture are referred to, such provisions and defined terms are incorporated by reference as part of the statement made. A copy of the base indenture is incorporated by reference as Exhibit 4.6 to our Annual Report on Form 10-K for the year ended December 31, 2017. References under "Description of the Exchange Notes" to "we," "us," "our" and the "Company" in this section are only to Ecolab Inc. and not to its subsidiaries.

General

The Exchange Notes will be issued under an indenture dated as of January 12, 2015, between us and Wells Fargo Bank, National Association, as trustee (the "base indenture"). Certain terms of the Exchange Notes will be contained in a seventh supplemental indenture (the "supplemental indenture" and, together with the base indenture, the "indenture"), between us and Wells Fargo Bank, National Association, as trustee.

The Exchange Notes will be our senior unsecured obligations and will rank equally in right of payment to our other senior debt from time to time outstanding. The Exchange Notes will be structurally subordinated to all liabilities of our subsidiaries, including trade payables. Since we conduct many of our operations through our subsidiaries, our right to participate in any distribution of the assets of a subsidiary when it winds up its business is subject to the prior claims of the creditors of the subsidiary. This means that your right as a holder of our Exchange Notes will also be subject to the prior claims of these creditors if a subsidiary liquidates or reorganizes or otherwise winds up its business. Unless we are considered a creditor of the subsidiary, your claims will be recognized behind these creditors.

The indenture does not limit the amount of notes, debentures or other evidences of indebtedness that we may issue under the indenture and provides that notes, debentures or other evidences of indebtedness may be issued from time to time in one or more series. We may from time to time, without giving notice to or seeking the consent of the holders of the Exchange Notes of a series offered hereby, issue additional debt securities having the same terms (except for the issue date and, in some cases, the public offering price and the first interest payment date) and ranking equally and ratably with the Exchange Notes of a series offered hereby. Any additional debt securities having such similar terms, together with the Exchange Notes of such series offered hereby, will constitute a single series of securities under the indenture.

The 2027 Exchange Notes will be limited to \$500,000,000 in aggregate principal amount and will mature on December 1, 2027. The 2027 Exchange Notes will bear interest at the rate of 3.250% per year from the date of original issuance, or from the most recent interest payment date to which interest has been paid or provided for. The 2047 Exchange Notes offered hereby will be limited to \$700,000,000 in aggregate principal amount and will mature on December 1, 2047. The 2047 Exchange Notes will bear interest at the rate of 3.950% per year from the date of original issuance, or from the most recent interest payment date to which interest has been paid or provided for. We will make interest payments on the Exchange Notes semi-annually in arrears on June 1 and December 1 of each year, commencing

Table of Contents

June 1, 2018, to the holders of record at the close of business on the immediately preceding May 15 and November 15, respectively (whether or not a business day). Interest on the Exchange Notes will be computed on the basis of a 360-day year consisting of twelve 30-day months.

If an interest payment date or the maturity date with respect to the Exchange Notes falls on a day that is not a business day, the payment will be made on the next business day as if it were made on the date the payment was due, and no interest will accrue on the amount so payable for the period from and after that interest payment date or the maturity date, as the case may be, to the date the payment is made. Interest payments for the Exchange Notes will include accrued interest from and including the date of issue or from and including the last date in respect of which interest has been paid, as the case may be, to, but excluding, the interest payment date or the date of maturity, as the case may be.

As used in this prospectus, a business day means any day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in the City of New York or place of payment.

The Exchange Notes will be issued only in fully registered form without coupons and in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

No service charge will be made for any transfer or exchange of the Exchange Notes, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

The Exchange Notes of each series will be represented by one or more global securities registered in the name of a nominee of DTC. Except as described under "Book-Entry Delivery and Settlement," the Exchange Notes will not be issuable in certificated form.

Optional Redemption

We may redeem the 2027 Exchange Notes at any time prior to September 1, 2027 (three months prior to their maturity), and the 2047 Exchange Notes at any time prior to June 1, 2047 (six months prior to their maturity) (each such date, a "Par Call Date"), at any time in whole or from time to time in part, in each case at our option, at a redemption price equal to the greater of:

(i) 100% of the principal amount of the Exchange Notes to be redeemed on the redemption date; and

(ii) as determined by the Quotation Agent, the sum of the present values of the principal amount of the Exchange Notes to be redeemed and remaining scheduled payments of interest thereon (not including any portion of such payments of interest accrued as of the redemption date) from the redemption date to the applicable Par Call Date, in each case discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below), plus 15 basis points in respect of the 2027 Exchange Notes and plus 20 basis points in respect of the 2047 Exchange Notes.

plus, in each case, accrued and unpaid interest, if any, to but excluding the redemption date.

In addition, we may redeem the 2027 Exchange Notes on or after September 1, 2027 (three months prior to their maturity), or the 2047 Exchange Notes on or after June 1, 2047 (six months prior to their maturity), at any time in whole or from time to time in part, in each case at our option at a redemption price equal to 100% of the principal amount of the Exchange Notes to be redeemed, plus accrued and unpaid interest, if any, to but excluding the redemption date.

Notwithstanding the foregoing, installments of interest on Exchange Notes that are due and payable on interest payment dates falling on or prior to a redemption date will be payable on the

Table of Contents

interest payment date to the registered holders as of the close of business on the relevant record date according to the Exchange Notes and the indenture.

"Comparable Treasury Issue" means the United States Treasury security selected by the Quotation Agent as having an actual or interpolated maturity comparable to the remaining term (as measured from the date of redemption) of the Exchange Notes to be redeemed calculated as if the maturity date of such series of notes were the applicable Par Call Date (the "Remaining Life") that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the Remaining Life of such Exchange Notes.

"Comparable Treasury Price" means, with respect to any redemption date, (i) the average of four Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (ii) if the Quotation Agent obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations, or (iii) if only one Reference Treasury Dealer Quotation is received, such quotation.

"Quotation Agent" means any Reference Treasury Dealer appointed by us.

"Reference Treasury Dealer" means (i) each of Citigroup Global Markets Inc., Credit Suisse Securities (USA) LLC and J.P. Morgan Securities Inc. (or their respective affiliates that are Primary Treasury Dealers) and their respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer (a "Primary Treasury Dealer"), we will substitute therefor another Primary Treasury Dealer, (ii) a Primary Treasury Dealer appointed by MUFG Securities Americas Inc. and its successors and (iii) one other Primary Treasury Dealer selected by us.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Quotation Agent by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

"Treasury Rate" means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Notice of any redemption will be delivered at least 30 days but not more than 60 days before the redemption date to each registered holder of the Exchange Notes to be redeemed by us or by the trustee on our behalf; provided that notice of redemption may be delivered more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Exchange Notes or a satisfaction and discharge of the Exchange Notes. Once notice of redemption is delivered, the Exchange Notes called for redemption will become due and payable on the redemption date and at the applicable redemption price, plus accrued and unpaid interest to, but excluding, the redemption date.

Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the Exchange Notes or portions thereof called for redemption. On or before the redemption date, we will deposit with a paying agent (or the trustee) money sufficient, as determined by us, to pay the redemption price of and accrued interest on the Exchange Notes to be redeemed on that date. If less than all of the Exchange Notes are to be redeemed, the Exchange Notes to be redeemed will be selected by lot by the trustee, subject to Applicable Procedures (as defined below) of DTC in the case of notes represented by a global security, or by the trustee by a method the trustee deems to be fair and appropriate, in the case of Exchange Notes that are not represented by a global security.

Sinking Fund

The Exchange Notes will not be entitled to any sinking fund.

Offer to Repurchase upon a Change of Control Repurchase Event

If a Change of Control Repurchase Event (as defined below) occurs, unless we have exercised our right to redeem the applicable series of Exchange Notes in whole as described above, we will make an offer to each holder of Exchange Notes of that series to repurchase all or any part (in integral multiples of \$1,000) of that holder's Exchange Notes of that series at a repurchase price in cash equal to 101% of the aggregate principal amount of Exchange Notes repurchased plus any accrued and unpaid interest on the Exchange Notes repurchased to the date of repurchase.

Within 30 days following any Change of Control Repurchase Event or, at our option, prior to any Change of Control (as defined below), but after the public announcement of the transaction or transactions that constitutes or may constitute a Change of Control, we will mail a notice to each holder, with a copy to the trustee, describing the transaction or transactions that constitute or may constitute the Change of Control Repurchase Event and offering to repurchase notes of that series on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice shall, if mailed prior to the date of consummation of the Change of Control, state that the offer to purchase is conditioned on the Change of Control Repurchase Event occurring on or prior to the payment date specified in the notice.

We will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder, to the extent those laws and regulations are applicable in connection with the repurchase of the Exchange Notes as a result of a Change of Control Repurchase Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control

Repurchase Event provisions of the Exchange Notes, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Repurchase Event provisions of the Exchange Notes by virtue of such conflict.

On the Change of Control Repurchase Event payment date, we will, to the extent lawful:

accept for payment all notes or portions of Exchange Notes (in integral multiples of \$1,000) properly tendered pursuant to our offer;

deposit with the paying agent an amount equal to the aggregate purchase price in respect of all Exchange Notes or portions of Exchange Notes properly tendered; and

deliver or cause to be delivered to the trustee the Exchange Notes properly accepted, together with an officer's certificate stating the aggregate principal amount of Exchange Notes being repurchased by us.

The paying agent will promptly deliver to each holder of Exchange Notes properly tendered the purchase price for the Exchange Notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new note equal in principal amount to any unpurchased portion of any Exchange Notes surrendered; provided, that each new note will be in a principal amount of \$2,000 or integral multiples of \$1,000 in excess thereof.

We will not be required to make an offer to repurchase the Exchange Notes of a series upon a Change of Control Repurchase Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and such third party purchases all notes of that series properly tendered and not withdrawn under its offer.

Table of Contents

The definition of "Change of Control" includes a phrase relating to the direct or indirect sale, transfer, conveyance or other disposition of "all or substantially all" of our assets and those of our subsidiaries, taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Exchange Notes to require us to repurchase the Exchange Notes as a result of a sale, transfer, conveyance or other disposition of less than all of our assets and the assets of our subsidiaries, taken as a whole, to another person or group may be uncertain.

Definitions

"Applicable Procedures" means, with respect to any payment, tender, redemption, transfer or exchange of or for the beneficial interests in any global security, the rules and procedures of DTC for the series of securities all or part of which is evidenced by such global security that apply to such payment, tender, redemption, transfer or exchange.

"Below Investment Grade Rating Event" means the rating on the Exchange Notes of the applicable series is lowered by each of the Rating Agencies and the Exchange Notes of such series are rated below Investment Grade by each of the Rating Agencies on any day within the 60-day period (which 60-day period will be extended so long as the rating of the Exchange Notes of such series is under publicly announced consideration for a possible downgrade by any of the Rating Agencies) after the earlier of (1) the occurrence of a Change of Control and (2) public notice of the occurrence of a Change of Control or our intention to effect a Change of Control; provided that a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction in rating will not be deemed to have occurred in respect of a particular Change of Control (and thus will not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Repurchase Event) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control has occurred at the time of the Below Investment Grade Rating Event).

"Change of Control" means the occurrence of any of the following:

- (1) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of our assets and those of our subsidiaries, taken as a whole, to any "person" (as that term is used in Section 13(d)(3) of the Exchange Act), other than us or one of our subsidiaries;
- (2) the first day on which a majority of the members of our Board of Directors are not Continuing Directors; or
- (3) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any "person" (as that term is used in Section 13(d)(3) of the Exchange Act), other than us or one or more of our wholly-owned subsidiaries, becomes the beneficial owner, directly or indirectly, of more than 50% of the then outstanding number of shares of our Voting Stock.

Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control if (1) we become a direct or indirect wholly-owned subsidiary of a holding company and (2)(A) the direct or indirect holders of the voting stock of such holding company immediately following that transaction are substantially the same as the holders of our voting stock immediately prior to that transaction or (B) immediately following that transaction no person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly of more than 50% of the

Table of Contents

voting stock of such holding company. The term "person," as used in this definition, has the meaning given thereto in Section 13(d)(3) of the Exchange Act.

"Change of Control Repurchase Event" means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

"Continuing Director" means, as of any date of determination, any member of our Board of Directors who (1) was a member of our Board of Directors on the date of the issuance of the Exchange Notes; or (2) was nominated for election, elected or appointed to our Board of Directors with the approval of a majority of the Continuing Directors who were members of our Board of Directors at the time of such nomination, election or appointment (either by a specific vote or by approval of our proxy statement in which such member was named as a nominee for election as a director).

Under a recent Delaware Chancery Court interpretation of a change of control repurchase requirement with a continuing director provision, a board of directors may approve a slate of shareholder nominated directors without endorsing them or while simultaneously recommending and endorsing its own slate instead. The foregoing interpretation would permit our Board of Directors to approve a slate of directors that included a majority of dissident directors nominated pursuant to a proxy contest, and the ultimate election of such dissident slate would not constitute a "Change of Control Triggering Event" that would trigger your right to require us to repurchase the Exchange Notes as described above.

"Investment Grade" means a rating of Baa3 or better by Moody's (or its equivalent under any successor rating categories of Moody's) and a rating of BBB or better by S&P (or its equivalent under any successor rating categories of S&P) or the equivalent investment grade credit rating from any additional Rating Agency or Rating Agencies selected by us.

"Moody's" means Moody's Investors Service Inc. and its successors.

"Rating Agency" means (1) each of Moody's and S&P; and (2) if either Moody's or S&P ceases to rate the Exchange Notes of the applicable series or fails to make a rating of the Exchange Notes of that series publicly available for reasons outside of our control, a "nationally recognized statistical rating organization" as defined in Section 3(a)(62) of the Exchange Act, selected by us as a replacement agency for Moody's or S&P, or both, as the case may be.

"S&P" means S&P Global Ratings, a division of S&P Global Inc., and its successors.

"Voting Stock" of any specified person as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

Certain Covenants of the Company

You can find the definitions of certain terms used in this section under " Certain Definitions."

Restrictions on Liens. The Company will not, and will not permit any Restricted Subsidiary to, issue, assume or guarantee any indebtedness for money borrowed (herein referred to as "Debt") if such Debt is secured by any mortgage, security interest, pledge, lien or other encumbrance (herein referred to as a "mortgage") upon any Operating Property (as defined under " Certain Definitions" below) of the Company or any Restricted Subsidiary or any shares of stock or Debt of any Restricted Subsidiary, whether owned at the date of the issuance of the Exchange Notes or thereafter acquired, without effectively securing the Exchange Notes equally and ratably with such Debt for at least the period such other Debt is so secured unless, after giving effect thereto, the aggregate amount of all Debt so secured (not including Debt permitted in clauses (1) through (7) in the following sentence), together with all Attributable Debt (as defined under " Certain Definitions" below) in respect of Sale and Leaseback Transactions involving Operating Properties pursuant to clause (2) under " Restrictions

Table of Contents

on Sale and Leaseback Transactions" in existence at such time would not exceed 15% of Consolidated Net Tangible Assets (as defined under " Certain Definitions" below).

The foregoing restriction does not apply to, and therefore shall be excluded in computing secured Debt for the purpose of such restriction, Debt secured by:

- (1) mortgages on Operating Property, shares of stock or Debt of any entity existing at the time such entity becomes a Restricted Subsidiary, provided that such mortgages are not incurred in anticipation of such entity's becoming a Restricted Subsidiary;
- (2) mortgages on Operating Property, shares of stock or Debt existing at the time of acquisition thereof by the Company or a Restricted Subsidiary or mortgages thereon to secure the payment of all or any part of the purchase price thereof, or mortgages on Operating Property, shares of stock or Debt to secure any Debt incurred prior to, at the time of, or within 180 days after, the latest of the acquisition thereof or, in the case of Operating Property, the completion of construction, the completion of improvements or the commencement of substantial commercial operation of such Operating Property for the purpose of financing all or any part of the purchase price thereof, such construction or the making of such improvements;
- (3) mortgages to secure Debt owing to the Company or to a Restricted Subsidiary;
- (4) mortgages on Operating Property, shares of stock or Debt existing at the date of the initial issuance of the Exchange Notes;
- (5) mortgages on Operating Property, shares of stock or Debt of a person existing at the time such person is merged into or consolidated with the Company or a Restricted Subsidiary or at the time of a sale, lease or other disposition of the properties of a person as an entirety or substantially as an entirety to the Company or a Restricted Subsidiary, provided that such mortgage was not incurred in anticipation of such merger or consolidation or sale, lease or other disposition;
- (6) mortgages on Operating Property, shares of stock or Debt in favor of the United States or any state, territory or possession thereof (or the District of Columbia), or any department, agency, instrumentality or political subdivision of the United States or any state, territory or possession thereof (or the District of Columbia), to secure partial, progress, advance or other payments pursuant to any contract or statute or to secure any Debt incurred for the purpose of financing all or any part of the purchase price or the cost of constructing or improving the Operating Property subject to such mortgages; or
- (7) extensions, renewals or replacements, in whole or in part, of any mortgage referred to in the foregoing clauses (1) through (6), provided, however, that the principal amount of Debt secured thereby will not exceed the principal amount of Debt so secured at the time of such extension, renewal or replacement.

Restrictions on Sale and Leaseback Transactions. Sale and Leaseback Transactions by the Company or any Restricted Subsidiary with a third party of any Operating Property are prohibited (except for temporary leases for a term, including renewals, of not more than 60 months and except for leases between the Company and a Restricted Subsidiary or between Restricted Subsidiaries) unless the net proceeds of such Sale and Leaseback Transactions are at least equal to the fair market value (as determined in good faith by the Board of Directors of the Company) of the Operating Property to be leased and either:

- (1) the Company or such Restricted Subsidiary would (at the time of entering into such arrangement) be entitled, as described in clauses (1) through (7) of the second paragraph under the caption " Restrictions on Liens" herein, without equally and ratably securing the

Exchange Notes, to issue, assume or guarantee Debt secured by a mortgage on such Operating Property;

(2)

the Attributable Debt of the Company and its Restricted Subsidiaries in respect of such Sale and Leaseback Transactions (other than such Sale and Leaseback Transactions as are referred to in clause (1) or (3) of this paragraph), plus the aggregate principal amount of Debt secured by mortgages on Operating Properties then outstanding (excluding any such Debt secured by mortgages described in clauses (1) through (7) of the second paragraph under the caption " Restrictions on Liens" herein) which do not equally and ratably secure the Exchange Notes, would not exceed 15% of Consolidated Net Tangible Assets; or

(3)

the Company, within 180 days after the sale or transfer, applies or causes a Restricted Subsidiary to apply an amount equal to the greater of the net proceeds of such sale or transfer or fair market value of the Operating Property (as determined in good faith by the Board of Directors of the Company) so sold and leased back at the time of entering into such Sale and Leaseback Transaction to

(a)

retire (other than any mandatory retirement, mandatory repayment or sinking fund payment or by payment at maturity) Exchange Notes or other Debt of the Company or a Restricted Subsidiary (other than Debt subordinated to the Exchange Notes) having a Stated Maturity (as defined in the indenture) more than 12 months from the date of such application or which is extendible at the option of the obligor thereon to a date more than 12 months from the date of such application or

(b)

purchase, construct or develop one or more Operating Properties (other than that involved in such Sale and Leaseback Transaction);

provided that the amount to be so applied pursuant to clause (3) will be reduced by the principal amount of Exchange Notes delivered within 180 days after such sale or transfer to the trustee for retirement and cancellation.

Restricted and Unrestricted Subsidiaries

The restrictive provisions described above under " Certain Covenants of the Company" are applicable to the Company and its Restricted Subsidiaries and do not apply to Unrestricted Subsidiaries. The assets and liabilities of Unrestricted Subsidiaries are not consolidated with those of the Company and its Restricted Subsidiaries in calculating Consolidated Net Tangible Assets under the indenture.

"Unrestricted Subsidiaries" are defined as (1) any Subsidiary substantially all of whose physical properties are located, or substantially all of whose business is carried on, outside the United States and Canada, (2) any finance Subsidiary and (3) any Subsidiary of an Unrestricted Subsidiary. In addition, the Board of Directors may designate any other Subsidiary of the Company (including any newly acquired or newly formed Subsidiary) to be an Unrestricted Subsidiary unless such Subsidiary owns any capital stock of, or owns or holds any mortgage on any Operating Property of, the Company or any Restricted Subsidiary of the Company; provided that the Subsidiary to be so designated has total assets at the time of such designation of \$5 million or less. "Restricted Subsidiaries" are all Subsidiaries other than Unrestricted Subsidiaries.

The term "Subsidiary" means, among other things, any corporation or other entity of which the Company directly or indirectly owns or controls more than 50% of the total voting power of the shares of capital stock (or equivalent) entitled to vote in the election of directors (or equivalent).

Neither the Company nor any Restricted Subsidiary may transfer an Operating Property or shares of stock or Debt of a Restricted Subsidiary to an Unrestricted Subsidiary.

Table of Contents

An Unrestricted Subsidiary may not be designated a Restricted Subsidiary unless, after giving effect thereto, the aggregate amount of all Debt of the Company and its Restricted Subsidiaries secured by mortgages which would otherwise be subject to the restrictions described under " Certain Covenants of the Company Restrictions on Liens" and the Attributable Debt in respect of all Sale and Leaseback Transactions pursuant to clause (2) under " Certain Covenants of the Company Restrictions on Sale and Leaseback Transactions" in existence at such time does not at the time exceed 15% of Consolidated Net Tangible Assets.

Certain Definitions

"Attributable Debt" in respect of a Sale and Leaseback Transaction means, as of any particular time, the present value (discounted at the rate of interest implicit in the terms of the lease involved in the Sale and Leaseback Transaction, as determined in good faith by the Company) of the obligation of the lessee thereunder for net rental payments (excluding, however, any amounts required to be paid by such lessee, whether or not designated as rent or additional rent, on account of maintenance and repairs, services, insurance, taxes, assessments, water rates and similar charges or any amounts required to be paid by such lessee thereunder contingent upon monetary inflation or the amount of sales, maintenance and repairs, insurance, taxes, assessments, water rates or similar charges) during the remaining term of such lease (including any period for which such lease has been extended or may, at the option of the lessor, be extended).

"Consolidated Net Tangible Assets" means the aggregate amount of assets (less applicable reserves and other properly deductible items) of the Company and its Restricted Subsidiaries after deducting therefrom (a) all goodwill, tradenames, trademarks, patents, unamortized debt discount and expense and other like intangibles and (b) all current liabilities (excluding any current liabilities for money borrowed having a maturity of less than 12 months but by its terms being renewable or extendible beyond 12 months from such date at the option of the borrower), all as reflected in the Company's latest audited consolidated balance sheet contained in the Company's most recent annual report to its stockholders prior to the time as of which "Consolidated Net Tangible Assets" will be determined.

"Operating Property" means any manufacturing or processing plant, warehouse or distribution center, together with the land upon which it is situated located within the United States or in Canada and owned and operated now or hereafter by the Company or any Restricted Subsidiary and having a net book value on the date as of which the determination is being made of more than 1.0% of Consolidated Net Tangible Assets other than property which, in the opinion of the Board of Directors of the Company, is not of material importance to the total business conducted by the Company and its Restricted Subsidiaries taken as a whole.

"principal" of a Security means principal amount of, and, unless the context indicates otherwise, includes any premium payable on the Security.

"United States" and "U.S." means the United States of America (including the States and the District of Columbia), its territories and its possessions and other areas subject to its jurisdiction.

Form, Exchange and Transfer

As each series of the Exchange Notes will be represented by one or more global securities, the Exchange Notes will not be transferable or exchangeable except in the limited circumstances set forth in the indenture.

Further, if the Company redeems, in whole or in part, either series of the Exchange Notes, the Company will not be required to (i) register, transfer or exchange any security of such series during a period beginning at the opening of business 15 days before the day of the transmission of a notice of redemption of any securities of such series selected for redemption and ending at the close of business

Table of Contents

on the day of such transmission or (ii) register, transfer or exchange any registered security so selected for redemption in whole or in part, except the unredeemed portion of any security being redeemed in part.

Payment and Paying Agents

Payment of interest on a debt security on any interest payment date will be made to the person in whose name such debt security (or one or more predecessor securities) is registered at the close of business on the record date for such interest.

The trustee will initially act as paying agent for the Exchange Notes. We may change the paying agent without prior notice to the holders of the Exchange Notes, and we or any of our subsidiaries may act as paying agent. For so long as the Exchange Notes are represented by one or more global securities, all payments of principal and interest will be made through the paying agent by wire transfer to DTC or its nominee, as the case may be, as the registered owner of the global securities. In the event that definitive notes are issued, all payments of principal and interest will be made through the paying agent by wire transfer to the accounts of the registered holders of such definitive Exchange Notes, provided, that we may elect to make such payments at the office of the paying agent in Minneapolis, Minnesota or by check mailed to the registered holders.

Merger, Consolidation and Sale of Assets

The Company will not: (a) consolidate with or merge into another corporation or entity or (b) sell, convey, transfer or lease all or substantially all its assets to another corporation or entity, unless:

- (1) the corporation or entity formed by such consolidation or into which the Company is merged or to which such sale, conveyance, transfer or lease is made is a domestic corporation or entity and expressly assumes, pursuant to a supplemental indenture, all the obligations of the Company under the indenture and the Exchange Notes; and
- (2) immediately after the completion of the transaction, no default or event of default has occurred and is continuing.

Clause (2) above will not apply to (A) any sale, conveyance, transfer or lease between the Company and one or more of its subsidiaries, (B) any merger of the Company into one of its subsidiaries or (C) any merger of the Company into one of its affiliates for the purpose of reincorporating or reorganizing.

The surviving or successor entity formed by any such consolidation or into which the Company is so merged or to which such sale, conveyance, transfer or lease is made, will succeed to, and be substituted for, and may exercise every right and power of, the Company under the indenture with the same effect as if such successor entity had been named as the Company under the indenture, and after any such transaction, other than a lease, the Company will be relieved of and discharged from all obligations and covenants under the indenture and the Exchange Notes.

Events of Default

The indenture defines an event of default with respect to any series of the Exchange Notes as being any one of the following events:

- (1) default for 30 days in any payment of interest on such series of Exchange Notes when due;
- (2) default in any payment of principal of such series of Exchange Notes when due either at maturity, upon redemption, by declaration or otherwise;

Table of Contents

- (3) default for 60 days after appropriate notice in performance of any other covenant or agreement in the indenture applicable to such series of Exchange Notes; or
- (4) certain events of bankruptcy, insolvency or reorganization.

If an event of default (other than an event of default described in clause (4) above) occurs and is continuing, the trustee or the holders of 25% or more in principal amount of the outstanding Exchange Notes of such series may declare the principal of and accrued but unpaid interest on such notes to be immediately due and payable. If an event of default described in clause (4) above occurs and is continuing with respect to any series of Exchange Notes, then the principal amount of and all accrued but unpaid interest on all of the Exchange Notes of such series shall automatically, and without any declaration or any other action on the part of the trustee or any holder, become due and payable immediately.

Any event of default with respect to a particular series of Exchange Notes may be waived by the holders of a majority in principal amount of the outstanding Exchange Notes of such series, except a failure to pay principal of or interest on such series of Exchange Notes.

The indenture requires the Company to file annually with the trustee an officer's certificate as to the Company's compliance with all conditions and covenants under the indenture. The indenture provides that the trustee will, within 90 days after the occurrence of a default in respect of the Exchange Notes of any series known by it, transmit by mail to all holders of the Exchange Notes of such series notice of any default known to the trustee, unless such default has been cured or waived; provided, that the trustee will be protected in withholding notice to the holders of Exchange Notes of such series of any default (except in payment of principal or interest or any sinking fund installment) if responsible officers of the trustee in good faith determine it is in the interest of the holders of such series of Exchange Notes to do so.

If an event of default occurs and is continuing, the indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of the holders of any series of Exchange Notes unless such holders have offered to the trustee security or indemnity satisfactory to it. Subject to such provisions for indemnification and certain other rights of the trustee, the indenture provides that the holders of a majority in principal amount of the outstanding Exchange Notes of each series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the Exchange Notes of such series. However, the indenture provides that the trustee need not take any action which would be unduly prejudicial to the holders not joining such direction.

No holder of a note of any series will have any right to institute any proceeding with respect to the indenture or for any remedy thereunder unless (1) such holder has previously given to the trustee written notice of a continuing event of default, (2) the holders of at least 25% in principal amount of the outstanding Exchange Notes of that series have made a written request, and offered to the trustee security and indemnity satisfactory to it, to institute such proceeding as trustee, (3) the trustee has not received from the holders of a majority in principal amount of the outstanding Exchange Notes of that series a direction inconsistent with such request within 60 days of such notice, request and offer of indemnity and (4) the trustee has failed to institute such proceeding within that 60-day period. However, the holder of a note of any series will have an absolute right to receive payment of the principal of and interest on such note on or after the due dates expressed in such note and to institute suit for the enforcement of any such payment.

Table of Contents

Modification and Waiver

The indenture provides that, with the consent of the holders of a majority in aggregate principal amount of the outstanding Exchange Notes of each series affected by such supplemental indenture voting separately, the Company and the trustee may enter into an indenture or supplemental indentures for the purpose of modifying or changing the indenture or the rights of the holders of the Exchange Notes of such series; provided, however, that no such supplemental indenture may, without the consent of the holder of each outstanding note of each such series, (1) extend the stated maturity of the principal of, or any installment of interest on, any note, (2) reduce the principal amount of or the interest on or any premium payable upon redemption of any note, (3) change the place of payment where, or the currency in which the principal of and premium, if any, or interest on such note is denominated or payable, (4) alter the provisions with respect to the redemption or repurchase of such note, (5) reduce the amount of the principal of an original issue discount security that would be due and payable upon a declaration of acceleration of maturity, (6) impair the right to institute suit for the enforcement of any payment on or after the stated maturity thereof (or, in the case of redemption, on or after the redemption date), (7) reduce the percentage in principal amount of the outstanding Exchange Notes of any series that is required for a supplemental indenture or waiver or (8) waive an event of default in the payment of principal of, or interest or premium, if any, on any note.

The holders of at least a majority of the principal amount of the outstanding Exchange Notes of any series may on behalf of the holders of all Exchange Notes of that series waive, insofar as that series is concerned, compliance by the Company with certain restrictive provisions of the indenture.

The indenture also permits the Company and the trustee to amend the indenture in certain circumstances without the consent of the holders of Exchange Notes of each series to evidence the merger of the Company or the replacement of the trustee and for certain other purposes.

Legal Defeasance and Covenant Defeasance

The indenture provides that, at the Company's option, either (a) the Company will be deemed to have been discharged from its obligations with respect to Exchange Notes of any series on the first day after the applicable conditions set forth below have been satisfied or (b) the Company will be deemed to have effected covenant defeasance with respect to Exchange Notes of any series at any time after the applicable conditions set forth below have been satisfied:

- (1) the Company has deposited or caused to be deposited irrevocably with the trustee as trust funds in trust, specifically pledged as security for, and dedicated solely to, the benefit of the holders of the Exchange Notes of such series (i) money in an amount, or (ii) U.S. government obligations that through the payment of interest and principal in respect thereof in accordance with their terms will provide, not later than one day before the due date of any payment, money in an amount, or (iii) a combination of (i) and (ii), sufficient to pay and discharge each installment of principal of and premium, if any, and interest on, the outstanding Exchange Notes of such series on the dates such installments of interest or principal and premium are due, accompanied, except in the event of clause (i) of this paragraph, by a report as to the sufficiency of the amount deposited from an independent certified accountant or other financial professional of national standing;
- (2) no default with respect to the Exchange Notes of such series has occurred and is continuing on the date of such deposit; and
- (3) the Company has delivered to the trustee an opinion of counsel to the effect that holders of the Exchange Notes of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the Company's exercise of its option and will be subject to federal income tax on the same amounts and in the same manner and at the same times as

Table of Contents

would have been the case if such action had not been exercised and, in the case of the Exchange Notes of such series being discharged accompanied by a ruling to that effect received from or published by the United States Internal Revenue Service (the "IRS").

Satisfaction and Discharge

The indenture will be discharged, and will cease to be of further effect as to a series of the Exchange Notes, when:

- (1) either:
 - (a) all of the Exchange Notes of such series that have been authenticated, except lost, stolen or destroyed Exchange Notes that have been replaced or paid and the Exchange Notes of such series for whose payment money has been deposited in trust and thereafter repaid to the Company, have been delivered to the trustee for cancellation; or
 - (b) all of the Exchange Notes of such series that have not been delivered to the trustee for cancellation (1) have become due and payable, (2) will become due and payable at their stated maturity within one year or (3) are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption and, in the case of the provisions described in (1), (2) or (3), as applicable, of this clause (b), the Company has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust an amount sufficient to pay and discharge the entire indebtedness on the Exchange Notes of such series for principal, premium, if any, and interest to the date of such deposit or the date of maturity or redemption, as the case may be; and
- (2) the Company has paid or caused to be paid all other sums payable by it under the indenture with respect to the Exchange Notes of such series.

In addition, the Company must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent relating to satisfaction and discharge of the indenture with respect to the such series of Exchange Notes have been complied with.

The Trustee

Wells Fargo Bank, National Association, is the trustee for the Exchange Notes. In the ordinary course of business, the trustee and affiliates of the trustee have engaged and may in the future engage in commercial banking transactions with the Company and its affiliates.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of the Company, and no director, officer, employee, incorporator, member or stockholder of or any subsidiary of the Company, as such, will have any liability for any obligations of the issuer under the Exchange Notes, or the indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each holder of the Exchange Notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Exchange Notes of the applicable series. Such waiver and release may not be effective to waive liabilities under the U.S. federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Notices

Any notice required to be given to a holder of a note will be mailed to the last address of such holder set forth in the applicable security register; provided, that in the event of suspension of regular mail service or by reason of any other cause it shall be impracticable to give notice by mail, then such

notification as shall be given with the approval of the trustee shall constitute sufficient notice for every purpose hereunder.

Book-Entry Delivery and Settlement

Global Notes

We will issue each series of the Exchange Notes in the form of one or more global notes in definitive, fully registered, book-entry form. The global notes will be deposited with or on behalf of DTC and registered in the name of Cede & Co., as nominee of DTC.

DTC

Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC.

DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the Uniform Commercial Code and a "Clearing Agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Participants include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organizations. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly ("indirect participants"). The rules applicable to DTC and its participants are on file with the SEC.

All interests in a global certificate, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. The laws of some states require that certain persons take physical delivery in certificated form of securities that they own. Consequently, the ability to transfer beneficial interests in the Exchange Notes represented by a global certificate to such persons will be limited to that extent. Because DTC can act only on behalf of its participants, which in turn act on behalf of indirect participants and certain banks, the ability of a person having a beneficial interest in a global certificate to pledge such interest to persons or entities that do not participate in the DTC system, or otherwise to take actions in respect of such beneficial interest, may be affected by the lack of a physical certificate evidencing such interest.

Except as provided below, owners of beneficial interests in the global certificates will not be entitled to have such global certificates, or any Exchange Notes represented thereby, registered in their names, will not receive or be entitled to receive physical delivery of certificates in definitive form and will not be considered the registered owners or holders of such global certificates or any Exchange Notes represented thereby.

Any payments of principal or interest due on any series of Exchange Notes on any interest payment date or at maturity will be made available by us to the trustee by such date and as soon as possible thereafter will be payable by the trustee to DTC or its nominee in its capacity as the registered holder of such series of Exchange Notes represented by the global certificates. The trustee will treat the persons in whose names the Exchange Notes represented by the global certificates are registered as the owners thereof for the purpose of receiving such payments and for all other purposes. Consequently, neither the trustee nor we have or will have any responsibility or liability for (1) any aspect of DTC's records or any participant's or indirect participant's records relating to or payments made on account of beneficial ownership interests in the Exchange Notes represented by the global certificates, or for maintaining, supervising or reviewing any of DTC's records or any participant's or

Table of Contents

indirect participant's records relating to the beneficial ownership interests in the Exchange Notes represented by the global certificates or (2) any other matter relating to the actions and practices of DTC or any of its participants or indirect participants.

DTC has advised us that its current practice, upon receipt of any payment in respect of securities, is to credit the accounts of the relevant participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Payments by DTC's participants and indirect participants to the beneficial owners of the Exchange Notes will be governed by standing instructions and customary practices and will be the responsibility of the participants or the indirect participants rather than of DTC or the trustee.

Euroclear

Euroclear was created in 1968 to hold securities for its participants and to clear and settle transactions between its participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing, and interfaces with domestic markets in several countries. Euroclear is owned by Euroclear Clearance System Public Limited Company and operated through a license agreement by Euroclear Bank, S.A./N.V. (the "Euroclear Operator"). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries. Indirect access to Euroclear is also available to others that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

The Euroclear Operator was granted a banking license by the Belgian Banking and Finance Commission in 2000, authorizing it to carry out banking activities on a global basis. It took over operation of Euroclear from the Brussels, Belgium office of Morgan Guaranty Trust Company of New York on December 31, 2000.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System and applicable Belgian law (the "Terms and Conditions"). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

Distributions with respect to Exchange Notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the Terms and Conditions, to the extent received by Euroclear.

Clearstream

Clearstream is incorporated under the laws of The Grand Duchy of Luxembourg as a professional depository. Clearstream holds securities for its participants and facilitates the clearance and settlement of securities transactions between its participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to its participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Monetary Institute. Clearstream participants are financial

institutions around the world, including securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Indirect access to Clearstream is also available to others that clear through or maintain a custodial relationship with a Clearstream participant, either directly or indirectly.

Distributions with respect to Exchange Notes held beneficially through Clearstream will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures, to the extent received by Clearstream.

Governing Law

The indenture and the Exchange Notes will be governed by, and construed in accordance with, the laws of the State of New York.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The exchange of Original Notes for Exchange Notes in the Exchange Offers will not result in any U.S. federal income tax consequences to holders. The tax consequences of holding the Exchange Notes are identical to those of holding the Original Notes. Accordingly, when a holder exchanges an Original Note for an Exchange Note in the Exchange Offer, the holder will have the same adjusted basis and holding period in the Exchange Note as in the Original Note immediately before the exchange.

PLAN OF DISTRIBUTION

If you want to participate in the Exchange Offers, you must represent, among other things, that you:

are not a broker-dealer tendering Original Notes that you acquired directly from us for your own account;

are acquiring the Exchange Notes in the ordinary course of your business;

have not participated in, do not intend to participate in, and have no arrangement or understanding with any person to participate in, a distribution of the Exchange Notes; and

are not an "affiliate" as defined under Rule 405 of the Securities Act.

If you fail to satisfy any of these conditions, you cannot rely on the position of the SEC set forth in the no-action letters referred to above under "Summary The Exchange Offers Resale of Exchange Notes" and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the Exchange Notes.

Each broker-dealer that receives Exchange Notes for its own account pursuant to the Exchange Offers will be deemed to acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of Exchange Notes received in exchange for Original Notes where such Original Notes were acquired as a result of market-making activities or other trading activities. Ecolab has agreed that, for a period of 90 days after the Expiration Date, it will use commercially reasonable efforts to make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale.

Ecolab will not receive any proceeds from any sale of Exchange Notes by broker-dealers. Exchange Notes received by broker-dealers for their own account pursuant to the Exchange Offers may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the Exchange Notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such Exchange Notes. Any broker-dealer that resells Exchange Notes that were received by it for its own account pursuant to the Exchange Offers and any broker or dealer that participates in a distribution of such Exchange Notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit on any such resale of Exchange Notes and any commission or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. By acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

For a period of 90 days after the Expiration Date, Ecolab will use commercially reasonable efforts to promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents. We have agreed to pay all expenses incident to the Exchange Offers other than commissions or concessions of any brokers or dealers, and will indemnify the holders of the Exchange Notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.
