- (2) The proposed maximum aggregate offering price per security will be determined from time to time by the registrant in connection with the issuance by the registrant of the securities registered hereunder. The proposed maximum aggregate offering price has been estimated solely for purposes of calculating the registration fee pursuant to Rule 457(o) under the Securities Act of 1933, as amended (the "Securities Act") and reflects the maximum offering price of securities that may be issued, rather than the principal amount of any debt securities that may be issued at a discount.

Under the shelf process, we may, from time to time, offer up to \$750,000,000 aggregate public offering price of our debt securities, shares of common stock, shares of preferred stock, rights, warrants, units, depositary shares or purchase contracts, or combinations thereof, in one or more offerings. In this prospectus, we refer to our debt securities, shares of common stock, shares of preferred stock, rights, warrants, units, depositary shares and purchase contracts collectively as the "securities." This prospectus provides you with a general description of the securities that we may offer. Each time this prospectus is used to offer securities, we will provide a prospectus supplement and, if applicable, a pricing supplement, that will contain specific information about the terms of that offering. The prospectus supplement and any pricing supplement also may add, update or change information contained in this prospectus. You should read this prospectus, the prospectus supplement and any pricing prospectus, together with additional information described and contained in the documents referred to under the heading "Where You Can Find More Information" and "Incorporation of Certain Documents by Reference." We may only use this prospectus to sell securities if it is accompanied by a prospectus supplement. We are only offering these securities in states where the offer is permitted.

The registration statement that contains this prospectus, including the exhibits to the registration statement, contains additional information about us and the securities offered under this prospectus. That registration statement can be read at the SEC's web site or at the SEC's offices referenced under the heading "Where You Can Find More Information."

ABOUT GENCO

We are a drybulk shipping company that transports iron ore, coal, grain, steel products and other drybulk cargoes along worldwide shipping routes through the ownership and operation of drybulk carrier vessels. We are headquartered in New York City and were incorporated in the Marshall Islands in 2004. We have also established a global presence in both Singapore and Denmark. Our fleet currently consists of 60 drybulk vessels, including 13 Capesize, six Panamax, four Ultramax, 21 Supramax, one Handymax and 15 Handysize drybulk carriers, with an aggregate carrying capacity of approximately 4,688,000 dwt, and the average age of our fleet is currently approximately 10 years. We have also recently agreed to acquire two Capesize and two Ultramax vessels as detailed below.

We seek to deploy our vessels on time charters, spot market-related time charters and spot market voyage charters. In 2017, we made the strategic decision to augment our existing in-house commercial operating platform and shift from being a tonnage provider to being an active owner-operator with the goal of expanding our network of customers and improving our margins. As a result of this strategic shift, we have been fixing an increasing number of vessels on spot market voyage charters directly with cargo providers, where we provide a vessel for the transportation of goods between a load port and discharge port at a specified per-ton or on a lump sum basis.

In 2017, we began implementing certain initiatives to expand our commercial platform and more actively manage the employment of our vessels. We hired commercial directors for our major bulk and minor bulk fleets and began employment of our vessels directly with cargo owners under cargo contracts. To better capitalize on opportunities to employ our vessels in markets around the world, we expanded our global commercial presence with the establishment of a new office in Singapore and have established an entity in Denmark. Additionally, we have withdrawn all of our vessels from their respective pools and reallocated some of our freight exposure to the Atlantic basin as we seek to capitalize on our in-house expertise and relationships with cargo customers in the region. Overall, our fleet deployment strategy remains weighted towards short-term fixtures, which provide optionality in a potentially rising freight rate environment. In addition to both short and long-term time charters, we fix our vessels on spot market voyage charters as well as spot market-related time charters depending on market conditions and management's outlook.

Our management team and our other employees are responsible for the commercial and strategic management of our fleet. Commercial management includes the negotiation of charters for vessels, managing the mix of various types of charters, such as time charters, spot market voyage charters and spot market-related time charters, and monitoring the performance of our vessels under their charters. Strategic management includes locating, purchasing, financing and selling vessels. We currently contract with two independent technical managers to provide technical management of our fleet at a lower cost than we believe would be possible in-house. Technical management involves the day-to-day management of vessels, including performing routine maintenance, attending to vessel operations and arranging for crews and supplies. Members of our New York City-based management team oversee the activities of our independent technical managers.

Our principal executive offices are located at 299 Park Avenue, 12th Floor, New York, New York 10171, and our telephone number is (646) 443-8550.

Table of Contents**Recent Developments*****Vessel Purchases***

On June 6, 2018, we entered into an agreement for the en bloc purchase of four drybulk vessels for approximately \$141 million. Information on each of these vessels is as follows:

Vessel Class	Dwt (approx.)	Year Built	Location Built
Capesize	180,000	2015	First-tier Chinese shipyard
Capesize	180,000	2015	First-tier Chinese shipyard
Ultramax	60,000	2016	First-tier Japanese shipyard
Ultramax	61,000	2014	First-tier Chinese shipyard

All such vessels were built with a fuel-saving "eco" engine. With regard to the purchase of the Capesize vessels noted above, we are to purchase two such vessels as designated by the seller from among three such vessels of similar specifications that the seller has made available for sale. The purchase is subject to completion of definitive documentation and customary conditions.

Depending on debt market conditions, we intend to seek commercial bank debt financing to return a portion of the purchase price to us for these vessels and to finance or refinance a portion of potential future vessel acquisitions. Although there can be no assurance, given the recent success of the syndication of our credit facility described below, we are optimistic that we can obtain further commercial bank debt financing on similar or more favorable terms. While we do not currently have an agreement to purchase vessels in addition to the four mentioned above, we currently plan to target the acquisition of two additional modern, high specification Capesize vessels with such borrowings. Our ability to purchase any additional vessels will depend on conditions in the market for vessels. To the extent we do not use any debt proceeds mentioned above to finance vessel purchases, we anticipate using them for working capital or general corporate purposes.

New Credit Facility

On May 31, 2018, we entered into a five-year senior secured credit facility (the "New Credit Facility") for an aggregate principal amount of up to \$460,000,000 with Nordea Bank AB (publ), New York Branch ("Nordea"), as Administrative Agent and Security Agent, the various lenders party thereto, and Nordea, Skandinaviska Enskilda Banken AB (publ), ABN AMRO Capital USA LLC, DVB Bank SE, Crédit Agricole Corporate & Investment Bank, and Danish Ship Finance A/S as Bookrunners and Mandated Lead Arrangers. Deutsche Bank AG Filiale Deutschlandgeschäft, and CTBC Bank Co. Ltd. are Co-Arrangers under the New Credit Facility. On June 5, 2018, proceeds of \$460,000,000 under the New Credit Facility were used, together with cash on hand, to refinance all of the Company's prior credit facilities, which are described in the Company's Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2018, into one facility, and pay down the debt on seven of the Company's oldest vessels, which have been identified for sale. The final maturity date of the New Credit Facility is May 31, 2023. Borrowings under the New Credit Facility will bear interest at LIBOR plus 325 basis points through December 31, 2018 and LIBOR plus a range of 300 to 350 basis points thereafter, dependent upon the Company's ratio of total net indebtedness to the last twelve months EBITDA. Scheduled amortization payments are \$15,000,000 per quarter commencing on December 31, 2018, with a final payment of \$190,000,000 due on the maturity date. Scheduled amortization payments may be recalculated upon the Company's request based on changes in collateral vessels, prepayments of the loan made as a result of a collateral vessel disposition as part of the Company's fleet renewal program, or voluntary prepayments, subject in each case to a minimum repayment profile under which the loan will be repaid to nil when the average age of the vessels serving as collateral from time to time reaches 17 years. Acquisitions and additional indebtedness are allowed subject to compliance with financial covenants, a collateral maintenance test, and other

Table of Contents

customary conditions. Dividends may be paid after December 31, 2018 (or potentially earlier if the Company elects to change the date of its first amortization payment due December 31, 2018 to an earlier date) subject to customary conditions and a limitation of 50% of consolidated net income for the quarter preceding such dividend payment if the collateral maintenance test ratio is 200% or less for such quarter. Collateral vessels can be sold or disposed of without prepayment of the loan if a replacement vessel or vessels meeting certain requirements are included as collateral within 120 days of such sale or disposition and other conditions are met. Key financial covenants include minimum liquidity, with unrestricted cash and cash equivalents to equal or exceed the greater of \$30 million and 7.5% of total indebtedness; minimum working capital, with consolidated current assets (excluding restricted cash) minus consolidated current liabilities (excluding the current portion of long-term indebtedness) to be not less than zero; debt to capitalization, with the ratio of total indebtedness to total capitalization to be not more than 70%; and collateral maintenance, with the aggregate appraised value of collateral vessels to be at least 135% of the principal amount of the loan outstanding under the New Credit Facility. Further details of the New Credit Facility are available in our Current Report on Form 8-K filed on June 5, 2018.

As dividends may be paid after December 31, 2018 (or potentially earlier) under the New Credit Facility, the Board of Directors intends to review the Company's dividend policy and the desirability of dividend payments from time to time. In doing so, the Board expects to consider the Company's best interests; business factors such as the Company's earnings, financial condition, and cash requirements; and legal and contractual considerations.

Completion of Equity Offering

On June 19, 2018, we completed a previously announced public offering, issuing 7,015,000 new shares of common stock, which included the exercise in full of the underwriters' option to purchase up to 915,000 shares of common stock. As a result, 41,547,004 shares of common stock were outstanding following completion of the offering. Gross proceeds of the offering were approximately \$115.7 million. We intend to use the net proceeds from the offering for future vessel acquisitions as noted above.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our unaudited historical ratios of earnings to fixed charges for the periods indicated below:

	Genco Successor Company(1)				Genco Predecessor Company(1)		
	Three Months ended March 31, 2018	2017	Year Ended 2016	2015	Period from July 9, 2014 to December 31, 2014	Period from January 1, 2014 to July 9, 2014	For the Year Ended 2013

- (1) As a result of our bankruptcy, we adopted fresh start reporting on July 9, 2014 in accordance with provisions of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 852, "Reorganizations" ("ASC 852"). The period from July 9 to December 31, 2014 ("Genco Successor Company") and the period from January 1 to July 9, 2014 ("Genco Predecessor Company") are distinct reporting periods as a result of our emergence from bankruptcy on July 9, 2014 as reported in our consolidated financial statements. Our financial condition and results of operations from and after July 9, 2014 are not comparable to the financial condition or results of operations reflected in its other historical financial statements shown due to the application of fresh start reporting.
- (2) The net effect of all fresh start accounting adjustments and other reorganization items resulted in a loss of \$1,013,250, which is reflected in the statement of operations for the period January 1, 2014 to July 9, 2014.
- (3) The ratio of earnings for the quarter ended March 31, 2018, for the years ended December 31, 2017, December 31, 2016, December 31, 2015, December 31, 2013, the period from July 9, 2014 to December 31, 2014, and the period from January 1, 2014 to July 9, 2014 were inadequate to cover fixed charges. The deficiency of earnings indicated for each period would have been necessary to bring the ratio of earnings to fixed charges to 1.0.

As we have no preferred stock issued, a ratio of earnings to combined fixed charges and preferred dividends is not presented.

USE OF PROCEEDS

Unless we state otherwise in the applicable prospectus supplement, we expect to use the net proceeds from the sale of the securities for general corporate purposes, including repayment or reduction of long-term and short-term debt, capital expenditures, working capital, and the financing of vessel purchase and other acquisitions and business combinations. We may temporarily invest funds that we do not immediately require in marketable securities.

Debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, equity indices or other factors. Information as to the methods for determining the amount of principal or interest, if any, payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked and certain additional United States federal income tax considerations will be set forth in the applicable prospectus supplement.

The term "debt securities" includes debt securities denominated in U.S. dollars or, if specified in the applicable prospectus supplement, in any other freely transferable currency or units based on or relating to foreign currencies and acceptable to the trustee.

Table of Contents

We expect most debt securities to be issued in fully registered form without coupons and in denominations of \$1,000 and any integral multiples thereof. Subject to the limitations provided in the indenture and in the prospectus supplement, debt securities that are issued in registered form may be transferred or exchanged at the designated corporate trust office of the trustee or the principal corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository (the "depository") identified in the prospectus supplement. Global securities will be issued in registered form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depository for such global security to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository or by such depository or any such nominee to a successor of such depository or a nominee of such successor. The specific terms of the depository arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the applicable prospectus supplement.

Governing Law

The indenture and the debt securities shall be construed in accordance with and governed by the laws of the State of New York, without giving effect to any principles thereof relating to conflicts of law that would result in the application of the laws of any other jurisdiction. The indenture provides that we and the trustee, and each holder of a debt security by its acceptance thereof, irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to the indenture, the debt securities, and any transaction contemplated thereby.

Limitations on Liability and Indemnification of Officers and Directors

The BCA authorizes corporations to limit or eliminate the personal liability of directors and officers to corporations and their shareholders for monetary damages for breaches of directors' fiduciary duties. Our second amended and restated articles of incorporation, as amended, include a provision that eliminates the personal liability of directors for monetary damages for actions taken as a director to the fullest extent permitted by applicable law.

Edgar Filing: GENCO SHIPPING & TRADING LTD - Form S-3

Our second amended and restated articles of incorporation, as amended, and our amended and restated bylaws, as amended, provide that we must indemnify our directors and officers to the fullest extent authorized by applicable law. We are also expressly authorized, under our amended and restated bylaws, as amended, to advance certain expenses (including attorneys' fees and disbursements and court costs) to our directors and officers and carry directors' and officers' insurance providing indemnification for our directors, officers and certain employees for some liabilities. We believe that these indemnification provisions and insurance are useful to attract and retain qualified directors and executive officers.

The limitation of liability and indemnification provisions in our second amended and restated articles of incorporation, as amended, and our amended and restated bylaws, as amended, may

Table of Contents

discourage shareholders from bringing a lawsuit against directors for breach of their fiduciary duties. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our shareholders. In addition, your investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

Anti-takeover Effects of Certain Provisions of Our Second Amended and Restated Articles of Incorporation, as amended, and Our Amended and Restated Bylaws

Several provisions of our second amended and restated articles of incorporation, as amended, and amended and restated bylaws, as amended, which are summarized below, may have anti-takeover effects. These provisions are intended to avoid costly takeover battles, lessen our vulnerability to a hostile change of control and enhance the ability of our board of directors to maximize shareholder value in connection with any unsolicited offer to acquire us. However, these anti-takeover provisions, which are summarized below, could also discourage, delay or prevent (1) the merger or acquisition of us by means of a tender offer, a proxy contest or otherwise that a shareholder may consider in its best interest and (2) the removal of incumbent officers and directors.

Election and Removal of Directors

Our second amended and restated articles of incorporation, as amended, prohibit cumulative voting in the election of directors, and our amended and restated bylaws, as amended, require parties other than our board of directors to give advance written notice of nominations for the election of directors. These provisions may discourage, delay or prevent the removal of incumbent officers and directors.

Limited Actions by Shareholders

Our second amended and restated articles of incorporation, as amended, and our amended and restated bylaws, as amended, provide that any action required or permitted to be taken by our shareholders must be effected at an annual or special meeting of shareholders or by the unanimous written consent of our shareholders. Our second amended and restated articles of incorporation, as amended, and our amended and restated bylaws, as amended, provide that, subject to certain exceptions, our Chairman, President, or Secretary at the direction of the board of directors or our Secretary at the request in writing by any one or more shareholders that hold, in the aggregate, at least a majority of the outstanding registered shares of the Corporation entitled to vote may call special meetings of our shareholders. The business transacted at the special meeting is limited to the purposes stated in the notice.

Advance Notice Requirements for Shareholder Proposals and Director Nominations

Our amended and restated bylaws, as amended, provide that shareholders seeking to nominate candidates for election as directors or to bring business before an annual meeting of shareholders must provide timely notice of their proposal in writing to the corporate secretary. Generally, to be timely, a shareholder's notice must be received at our principal executive offices not less than 120 days nor more than 150 days prior to the anniversary date of the immediately preceding annual meeting of shareholders. Our amended and restated bylaws, as amended, also specify requirements as to the form and content of a shareholder's notice. These provisions may impede shareholder's ability to bring matters before an annual meeting of shareholders or make nominations for directors at an annual meeting of shareholders.

PLAN OF DISTRIBUTION

We may sell the securities to one or more underwriters for public offering and sale by them and may also sell the securities to investors directly or through agents. We will name any underwriter or agent involved in the offer and sale of securities in the applicable prospectus supplement. We have reserved the right to sell or exchange securities directly to investors on our or their own behalf in those jurisdictions where we are authorized to do so.

We may distribute the securities from time to time in one or more transactions:

at a fixed price or prices, which may be changed;

at market prices prevailing at the time of sale;

at prices related to such prevailing market prices; or

at negotiated prices.

The securities may be offered on an exchange, which will be disclosed in the applicable prospectus supplement.

We may also, from time to time, authorize dealers, acting as our agents, to offer and sell securities upon the terms and conditions set forth in the applicable prospectus supplement. In connection with the sale of securities, or the purchasers of securities for whom the underwriters may act as agents, may compensate underwriters in the form of underwriting discounts or commissions. If underwriters or dealers are used in the sale, the securities will be acquired by the underwriters or dealers for their own account and may be resold from time to time in one or more transactions, at a fixed price or prices, which may be changed, or at market prices prevailing at the time of the sale, or at prices related to such prevailing market prices, or at negotiated prices. The securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more of such firms. Unless otherwise set forth in the prospectus supplement, the obligations of underwriters or dealers to purchase the securities offered will be subject to certain conditions precedent and the underwriters or dealers will be obligated to purchase all of the offered securities if any are purchased. Any public offering price and any discounts or concessions allowed or reallocated or paid by underwriters or dealers to other dealers may be changed from time to time.

We will describe in the applicable prospectus supplement any compensation we pay to underwriters or agents in connection with the offering of securities, and any discounts, concessions or commissions allowed by underwriters to participating dealers. Dealers and agents participating in the distribution of securities may be deemed to be underwriters, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions. We may enter into agreements to indemnify underwriters, dealers and agents against certain civil liabilities, including liabilities under the Securities Act, and to reimburse these persons for certain expenses.

To the extent that we make sales to or through one or more underwriters or agents in at-the-market offerings, we may do so pursuant to the terms of a distribution agreement between us and the underwriters or agents. If we engage in at-the-market sales pursuant to a distribution agreement, we will issue and sell shares of our common stock to or through one or more underwriters or agents, which may act on an agency basis or on a principal basis. During the term of any such agreement, we may sell shares on a daily basis in exchange transactions or otherwise as we may agree with the underwriters or agents. The distribution agreement will provide that any shares of our common stock sold will be sold at prices related to the then prevailing market prices for our common stock. Therefore, exact figures regarding proceeds that will be raised or commissions to be paid cannot be determined at this time and will be described in a prospectus supplement. Pursuant to the terms of the distribution agreement, we also may agree to sell, and the relevant underwriters or agents may

Table of Contents

agree to solicit offers to purchase, blocks of our common stock or other securities. The terms of each such distribution agreement will be set forth in more detail in a prospectus supplement to this prospectus. In the event that any underwriter or agent acts as principal, or broker-dealer acts as underwriter, it may engage in certain transactions that stabilize, maintain or otherwise affect the price of our securities. We will describe any such activities in the prospectus supplement relating to the transaction.

If indicated in the applicable prospectus supplement, we may authorize underwriters or other persons acting as our agents to solicit offers by institutions or other suitable purchasers to purchase the securities from us at the public offering price set forth in the prospectus supplement, pursuant to delayed delivery contracts providing for payment and delivery on the date or dates stated in the prospectus supplement. These purchasers may include, among others, commercial and savings banks, insurance companies, pension funds, investment companies and educational and charitable institutions. Delayed delivery contracts will be subject to the condition that the purchase of the securities covered by the delayed delivery contracts will not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which the purchaser is subject. The underwriters and agents will not have any responsibility with respect to the validity or performance of these contracts.

We may enter into derivative or other hedging transactions with financial institutions. These financial institutions may in turn engage in sales of our common stock to hedge their position, deliver this prospectus in connection with some or all of those sales and use the shares covered by this prospectus to close out any short position created in connection with those sales. We may pledge or grant a security interest in some or all of our common stock covered by this prospectus to support a derivative or hedging position or other obligation and, if we default in the performance of our or its obligations, the pledgees or secured parties may offer and sell our common stock from time to time pursuant to this prospectus.

To facilitate the offering of securities, certain persons participating in the offering may engage in transactions that stabilize, maintain, or otherwise affect the price of the securities. This may include over-allotments or short sales of the securities, which involve the sale by persons participating in the offering of more securities than we sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option, if any. In addition, these persons may stabilize or maintain the price of the securities by bidding for or purchasing securities in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if securities sold by them are repurchased in connection with stabilization transactions. The effect of these transactions may be to stabilize or maintain the market price of the securities at a level above that which might otherwise prevail in the open market. These transactions may be discontinued at any time.

Certain of the underwriters, dealers or agents and their associates may engage in transactions with and perform services for us in the ordinary course of our business for which they receive compensation.

This ASU is effective for fiscal years beginning after December 15, 2017, and for interim periods within those years and early adoption is permitted. The Company adopted ASU 2016-15 during the first quarter of 2018. The retrospective application of ASU 2016-15 resulted in insurance proceeds for protection and indemnity claims and loss of hire claims for the years ended December 31, 2015-2017 to be separately disclosed in the cash flows from operating activities and resulted in insurance proceeds for hull and machinery claims to be separately disclosed in the cash flows from investing activities. Item 15. Indemnification of Directors and Officers

We are a Marshall Islands corporation. The BCA provides that Marshall Islands corporations may indemnify any of their directors or officers who are or are threatened to be a party to any legal action resulting from fulfilling their duties to the corporation against reasonable expenses, judgments and fees (including attorneys' fees) incurred in connection with such action if the director or officer acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of no contest, or its equivalent, will not create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe his conduct was unlawful. However, no indemnification will be permitted in cases where it is determined that the director or officer was liable for negligence or misconduct in the performance of his duty to the corporation, unless the court in which such action was brought determines that the person is fairly and reasonably entitled to indemnity, and then only for the expenses that the court deems proper. A corporation is permitted to advance payment for expenses occurred in defense of an action if its board of directors decides to do so. In addition, Marshall Islands corporations may purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation against any liability asserted against him and incurred by him in such capacity whether or not the corporation would have the power to indemnify him against such liability under the provisions of the BCA.

Our second amended and restated articles of incorporation, as amended, and amended and restated bylaws provide that we will indemnify our directors and officers to the fullest extent permitted under the BCA. The SEC has indicated that, to the extent that indemnification for liabilities arising under U.S. federal securities laws may be permitted to directors or officers under the BCA or our second amended and restated articles of incorporation, as amended, or amended and restated bylaws, such indemnification is against public policy and thus unenforceable.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by a registrant pursuant to Rule 424(b)(3) shall be deemed to be part of this registration statement as of the date the filed prospectus was deemed part of and included in this registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in this registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall

be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of this registration statement or made in a document incorporated or deemed incorporated by reference into this registration statement or prospectus that is part of this registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in this registration statement or prospectus that was part of this registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) If any securities registered under this registration statement are to be offered to existing security holders pursuant to warrants or rights and any securities not taken by security holders are to be reoffered to the public, the undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

(d) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.

(e) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such

liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(f) The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
