GENERAL INFORMATION

We are providing these proxy materials to you in connection with the solicitation of proxies by the Board of Directors of ENGlobal Corporation ("ENGlobal") for the 2008 Annual Meeting of Stockholders (the "Meeting") and for

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

any adjournment or postponement of the Meeting. In this proxy statement, we refer to ENGlobal as the "Company," "we," "our" or "us."

We are making these proxy materials available to you on the Internet. On or about May 9, 2008, we will mail a notice to our stockholders containing instructions on how to access the proxy materials at <http://www.proxyvote.com> and vote online. In addition, stockholders may request proxy materials to be sent to them by mail or email.

Who is soliciting my proxy?

We, the Board of Directors of ENGlobal, are making these proxy materials available to you in connection with our solicitation of proxies for use at the Meeting. Specified directors, officers, and employees of ENGlobal may also solicit proxies on our behalf by mail, phone, fax, or in person.

Who is paying for this solicitation?

ENGlobal will pay for the solicitation of proxies, including the cost of preparing and assembling these proxy materials, making these proxy materials available on the Internet, mailing notices to our stockholders, and mailing these proxy materials to our stockholders on request. We have retained and pay a fee to Broadridge Financial Solutions, Inc. to assist us in making our proxy materials available on the Internet and tabulating our proxies, but we pay no separate compensation solely for the solicitation of proxies.

What is the purpose of the Meeting?

At the Meeting, stockholders will be asked to elect directors.

Who is entitled to vote at the Meeting?

Only stockholders of record at the close of business on April 21, 2008, the record date for the Meeting, are entitled to receive notice of and participate in the Meeting. If you were a stockholder of record on that date, you are entitled to vote all of the shares you held on that date at the Meeting, or any postponements or adjournments of the Meeting.

- o If your shares are registered directly in your name, you are the holder of record of these shares and we will send the notice directly to you.
- o If you hold your shares in a brokerage account or through a bank or other holder of record, you hold the shares in "street name," and your broker, bank or other holder of record will send the voting instructions to you.

How many votes do I have?

You have one vote for each share of our Common Stock you owned as of the record date for the Meeting, or any postponements or adjournments of the Meeting.

1

How do I vote?

You may vote over the Internet at <http://www.proxyvote.com> by following the instructions provided in the notice mailed to you or by voting in person at the Meeting. You may also vote by telephone by following the instructions found on the Internet site. If you request proxy materials by mail or email, you may vote

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

by any of the above methods or by mailing a proxy card.

If you hold your shares in street name, you have the right to direct your broker, bank or other holder of record how to vote by following the instructions sent to you by the holder of record. If you desire to vote in person at the Meeting, as a holder in street name, you must provide a legal proxy from your bank, broker or other holder of record.

May I change my vote?

Yes, you may change your vote at any time prior to the vote tabulation at the Meeting by (a) voting in person at the Meeting, (b) casting a vote over the Internet or by telephone at a later date or (c) sending a written notice of revocation to our Corporate Secretary by mail to ENGlobal Corporation, 654 N. Sam Houston Pkwy. E, Suite 400, Houston, Texas 77060-5914 or by facsimile at (281) 878-1011. If you request proxy materials by mail or email, you may also change your vote by mailing a proxy card with a later date. If you recast your vote, only your later dated proxy (whether cast by Internet, telephone, mail or in person) will be counted.

What are the Board's recommendations?

The Board's recommendations are set forth together with the description of each item in this proxy statement. The Board recommends a vote FOR election of four directors to our Board to serve until the next annual meeting of stockholders.

If any other matter properly comes before the Meeting, William A. Coskey, P.E. and R.W. (Bob) Raiford (the "Proxy Holders") will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

How many votes must be present to hold the Meeting?

We will have a quorum, and will be able to conduct the business of the Meeting, if the holders of a majority of shares of Common Stock outstanding and entitled to vote are represented in person or by proxy at the Meeting. As of the record date, 27,063,541 shares of Common Stock, representing the same number of votes, were outstanding. The presence of the holders of at least 13,531,772 shares of Common Stock will be required to establish a quorum. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of the quorum. For more information regarding broker non-votes, see "How are my votes counted?" below.

What vote is required to approve each item?

The election of directors is decided by a plurality of the votes cast. For this purpose, "plurality" means that the individuals receiving the largest number of votes, whether or not they receive a majority of the votes, are elected as directors, up to the maximum number of directors to be chosen at the election. You may either vote "FOR" or "ABSTAIN" from voting for the Company's director nominees. If you "ABSTAIN" with respect to any nominee, your shares will be counted for purposes of establishing a quorum, but will have no effect on the election of that nominee.

2

How are my votes counted?

You may vote "FOR," "AGAINST" or "ABSTAIN." If you "ABSTAIN" on voting for any nominee for director, your vote will not be counted as a vote cast.

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

Abstentions and broker non-votes will be counted for the purpose of determining the presence or absence of a quorum. If you do not give instructions to your broker, your broker can vote your shares with respect to "discretionary" items, but not with respect to "non-discretionary" items. Discretionary items are proposals considered routine under the rules of the applicable stock exchange on which a broker may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes. This year, all of the proposals are considered discretionary items, which means that if you do not instruct the broker on how to vote on the proposals, your broker has the authority to vote your shares.

What if I do not mark a voting choice for some of the matters listed on my proxy card?

If you request proxy materials by mail or email and send a proxy card without indicating your vote, your shares will be voted "FOR" the director nominees listed on the proxy card.

Could other matters be decided at the Meeting?

We do not know of any matters that will be considered at the Meeting other than the items set forth in this proxy statement. If other matters are properly raised at the Meeting, your proxy authorizes the Proxy Holders to vote as they think best, unless authority to do so is withheld by you in your proxy.

What happens if the Meeting is postponed or adjourned?

If the Meeting is postponed or adjourned, your proxy will still be good and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy until it is voted at the Meeting.

How do I get copies of the exhibits filed with ENGlobal's Form 10-K?

We are furnishing our annual report to our stockholders over the Internet. You may read, print and download our annual report at <http://www.proxyvote.com>. You may request the annual report be sent to you by mail or email by following the instructions on the notice of internet availability mailed to you on May 9, 2008. ENGlobal will provide to any stockholder as of the record date, who so specifically requests in writing, copies of the exhibits filed with ENGlobal's Form 10-K for a reasonable fee. Requests for such copies should be directed to Corporate Secretary, ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, Texas 77060-5914. CORPORATE GOVERNANCE

The following section summarizes information about our corporate governance policies, our Board and its committees and the director nomination process.

3

Our Governance Practices

Corporate Governance Guidelines

We believe that good corporate governance helps to ensure that the Company is managed for the long-term benefit of our stockholders. During the past year,

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

we continued to review our corporate governance policies and practices, the corporate governance rules and regulations of the SEC, the listing standards of AMEX, the stock exchange on which our shares of Common Stock were traded until December 18, 2007, and the listing standards of NASDAQ, the stock exchange on which our shares of Common Stock are traded, beginning December 18, 2007.

In 2007, we reviewed our Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee Charters, Corporate Code of Conduct, and other policies and procedures required by applicable law or stock exchange listing standards. You can access and print these documents from the "Investor Relations" section of our website at www.englobal.com or you can request copies at no cost by writing us at ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Investor Relations.

Corporate Code of Conduct

The Company has adopted a Corporate Code of Conduct that applies to all of the Company's directors, officers and employees in accordance with the NASDAQ listing standards. The purpose and role of this code is to focus our officers, directors, and employees on areas of ethical risk, provide guidance to help them recognize and deal with ethical issues, provide mechanisms to report unethical or unlawful conduct, and help enhance and formalize our culture of integrity, honesty and accountability. We have posted our Code of Conduct on the "Investor Relations" section of our website at www.englobal.com to satisfy the disclosure requirement under Item 5.05 of Form 8-K.

The Company also has a Code of Ethics applicable to the Chief Executive Officer and certain senior financial officers of the Company that complies with Item 406 of Regulation S-K of the Exchange Act and with applicable NASDAQ rules. As discussed above, we will disclose on our website waivers of or amendments to the Code of Ethics granted to the Chief Executive Officer or the senior financial officers subject to our Code of Ethics.

The Board of Directors

Board Size; Meetings of the Board

Our Board currently has four members (its authorized size). During 2007, the Board met ten times and each director attended 95% of the meetings. For information regarding meetings of the committees of our Board, see "Committees of the Board of Directors--Committee Composition and Meetings" below.

Executive Sessions; Lead Director

In 2007, the Company held five executive sessions of its Non-employee Directors, Messrs. Gent, Hale and Roussel. Any Non-Employee Director can request that an executive session be scheduled. Mr. Gent has served as the Company's Lead Independent Director since 2002, and was re-elected in 2008.

4

Director Independence

The Board has determined that no director has a relationship which, in the opinion of the Board, would interfere with the exercise of his independent judgment in carrying out the responsibilities of a director, and that all directors, except Mr. Coskey, meet the criteria for independence under the NASDAQ listing standards. The Board has also determined that the members of each of its committees, including the Audit Committee, meet the criteria for membership applicable to each committee under the NASDAQ listing standards and

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

applicable SEC rules and regulations.

Director Attendance at Annual Meetings

All of our directors attended the 2007 annual meeting and we expect all directors standing for reelection will attend the 2008 Meeting.

Board Evaluation Process

The Nominating & Corporate Governance Committee conducts an annual evaluation to determine whether the Board, its committees and its members are functioning effectively. The evaluation focuses on the Board's (and each Board committee's and member's) contribution as a whole to us and on areas that the Board, any Board committee, any individual director and/or management believe can be improved.

Director Elections

Directors will be elected by a favorable vote of a plurality of the shares of common stock present, in person or by proxy, at the Meeting and entitled to vote.

Committees of the Board of Directors

Committee Composition and Meetings

Each of our directors attended at least 95% of the total meetings held by all Board committees on which they served in 2007.

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

financial expert under the SEC's rules and regulations. In addition, the Board has determined that each member of the Audit Committee has the requisite accounting and related financial management expertise under the NASDAQ Stock Market listing standards.

Nominating & Corporate Governance Committee

The purposes of the Nominating & Corporate Governance Committee are to:

- o assist the Board by identifying individuals qualified to become Board members and recommend to the Board director nominees for election at the annual meetings of stockholders or for appointments to fill vacancies;
- o recommend to the Board director nominees for each Board committee and advise the Board on the appropriate composition of the Board and its committees;
- o make an annual report to the Board on succession planning;

In addition, the Nominating & Corporate Governance Committee reviews all relationships each director has with us and reports the results of its review to the Board with appropriate recommendations, if any, for approval.

Compensation Committee

The purposes of the Compensation Committee are to:

- o review, evaluate and approve our agreements, plans, policies and programs to compensate our officers and directors;
- o oversee our plans, policies and programs to compensate our employees;
- o review the Compensation Discussion and Analysis and, based on that review and discussion, determine whether to recommend to the Board that the Compensation Discussion and Analysis be included in our annual report or proxy statement for the Meeting;
- o produce a report for inclusion in our proxy statement for the Meeting;
- o evaluate the performance of our Chief Executive Officer and executives;
- o set the compensation for our Chief Executive Officer and such other executives as the Compensation Committee deems appropriate and otherwise discharge the Board's responsibilities relating to compensation of our officers and directors; and
- o encourage stock ownership by directors and executives, including through the use of equity compensation programs.

6

The Compensation Committee has discretion to establish and delegate some or all of its authority to subcommittees. During 2007, the Compensation Committee did not establish or utilize a subcommittee for considering or determining executive or director compensation, and it has no current plans to do so. For information regarding the Compensation Committee's role in setting compensation, see "Executive Compensation--Compensation Discussion and Analysis" and "Director Compensation." For information regarding the role of our executive officers in setting compensation, see "Executive Compensation--Compensation Discussion and Analysis."

Compensation Committee Interlocks and Insider Participation

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

During 2007, all members of the Compensation Committee were independent directors and no member is or was our employee. During 2007, none of our executives served on a compensation committee (or equivalent) or a board of directors of another entity that had an executive serving on our Compensation Committee or Board.

Director Nominations

Consideration of Director Nominees

Stockholder Nominees

The Non-employee Directors will carefully consider all qualified director candidates, whether such candidates are recommended by a stockholder or otherwise. Any stockholder wishing to recommend a director candidate for the 2009 Annual Meeting of Stockholders should submit his nomination before January 1, 2009 to ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Corporate Secretary. Nominations should include the following information in order to facilitate the Non-employee Directors' review and consideration:

- o the name, telephone number and address of the recommending stockholder;
- o the name, age, business address and residence of the director candidate;
- o the principal occupation or employment of the director candidate for the past five years;
- o a description of the director candidate's qualifications to serve as a director, including financial expertise and why the candidate qualifies or does not qualify as "independent" under the NASDAQ listing standards;
- o the number of shares of the Company's Common Stock beneficially owned by the director candidate, if any;
- o a description of any arrangements or understandings between the recommending stockholder and the director candidate, if any, or any other person for whom the recommending stockholder is making the recommendation; and
- o whether or not the recommending stockholder and the director candidate consent to being named in the Company's Proxy Statement with respect to disclosures regarding the nomination process.

No candidate for election to our Board has been recommended within the preceding year by a beneficial owner of 5% or more of our Common Stock.

7

Director Qualifications

The Nominating and Corporate Governance Committee establishes criteria for selecting new members of the Board. The Board as a whole should reflect a range of skills, knowledge and experience in areas of importance to the Company. Directors must be committed to upholding the highest standards of personal and professional integrity and to representing the interests of all stockholders, not particular stockholder constituencies. The Nominating and Corporate Governance Committee places no specific restrictions on the number of terms directors may serve or other Boards on which a director may sit, but directors must possess sufficient time and energy to carry out their duties effectively. A majority of directors must be "independent" under the NASDAQ listing standards. No director will qualify as "independent" unless the Board affirmatively determines that the director has no material relationship with the Company

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

(either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). In determining whether a director is independent, the Board will broadly consider all relevant facts and circumstances.

Identifying and Evaluating Nominees for Directors

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. If vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee will consider various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current Board members, stockholders or other persons. These candidates will be evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. As described above, the Nominating and Corporate Governance Committee will consider properly submitted stockholder nominations for candidates for the Board.

Communications with the Board

Stockholders may communicate with the Board, Board committees, Non-employee Directors as a group and individual directors by submitting their communications in writing to ENGlobal Corporation, 654 N. Sam Houston Parkway E., Suite 400, Houston, TX 77060-5914, Attention: Corporate Secretary. Any communication must contain:

- o a representation that the stockholder is a holder of record of our capital stock;
- o the name and address, as they appear on our books, of the stockholder sending the communication; and
- o the number of shares of our capital stock that are beneficially owned by such stockholder.

ENGlobal's Corporate Secretary will distribute such communications to the intended recipient upon receipt, unless the communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Corporate Secretary has the authority to discard the communication or to take appropriate legal action regarding the communication.

8

ITEMS TO BE VOTED ON BY STOCKHOLDERS

Item 1. Election of Directors

Section 16(A) Beneficial Ownership Reporting Compliance

Under U.S. securities laws, directors, executive officers and persons holding more than 10% of Common Stock must report their initial ownership of Common Stock and any changes in that ownership to the SEC. The SEC has designated specific due dates for such reports and ENGlobal must identify in this Proxy Statement those persons who did not file such reports when due.

Based solely upon a review of Forms 3 and 4 and any amendments furnished to ENGlobal during our fiscal year ended December 31, 2007 and any amendments furnished to ENGlobal with respect to the same fiscal year, we believe that our Directors, officers, and greater than 10% beneficial owners complied with all

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

applicable Section 16 filing requirements, except for the following: (1) on December 11, 2007, Mr. Michael Lee, President of the Company's land group, filed a Form 4 representing two sales totaling 15,400 shares of Common Stock between the prices of \$12.31 and \$12.40 on December 7, 2007 and December 10, 2007; (2) on August 16, 2007, Mr. Lee filed a Form 4 representing three sales totaling 22,100 shares of Common Stock between the prices of \$10.62 and \$10.95 from August 13, 2007 to August 15, 2007; (3) on July 6, 2007, Messrs. Gent, Hale and Roussel filed separate Form 4s reporting an option grant on June 14, 2007.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors has adopted a policy requiring that all transactions between the Company and its officers, directors, principal stockholders and their affiliates be on terms no less favorable to the Company than could be obtained from unrelated third parties and that any such transactions be approved by a majority of the disinterested members of the Company's Board. The Company's Audit Committee is responsible for the review and assessment of all related party transactions.

The Board has determined that no related party transactions existed during fiscal 2007. See "Corporate Governance--Our Governance Practices" for a discussion of our policies and procedures related to conflicts of interest.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

This Compensation Discussion and Analysis generally describes the development and current composition of our executive and director compensation programs and policies, and discusses the philosophy and principles underlying those policies and programs. It also gives greater context to the data presented in the tables and narratives that follow. This discussion should be read in conjunction with such tables, which follow beginning on page 20 of this Proxy Statement.

What is our executive compensation program designed to reward?

Our executive compensation program is designed to reward individual performance and to achieve strategic business objectives that are aimed at growing our business and aligning the long-term interests of our executives and stockholders. Specifically, as our production and profits increase, so does executive compensation. Conversely, if production and profits decrease, executive compensation may be less generous.

13

What are the elements and objectives of our executive compensation program?

Our compensation program for executives consists of base salary, annual incentive awards, long-term incentive awards, and termination and change-in-control arrangements. Using these elements, the Compensation Committee (the "Committee") has designed our compensation program to prudently use our resources while meeting the following objectives:

- o attract and retain the talent that we believe is required to successfully execute our business strategy;
- o align the interests of our executives with the interests of our stockholders;
- o reinforce expectations of leadership and achievement, consistent with our values and our vision to be the best positioned, most trusted choice for engineering and professional services in the energy sector;

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

- and
- o provide a strong incentive to our executives to achieve their potential and our goals and long-term success.

How are executive compensation amounts determined?

In determining target compensation levels for each executive, the Committee considers:

- o total compensation amounts;
- o market data;
- o individual performance;
- o corporate performance;
- o compensation history; and
- o internal equity.

None of these factors are weighted, but are considered together.

Total Compensation Amounts

In determining the individual compensation for ENGlobal's executives, the Committee considers the total compensation to be awarded to each executive (base salary, annual incentive awards, long-term incentive awards, and termination and change-in-control arrangements) and may exercise discretion in determining the portion allocated to the various components of total compensation. ENGlobal believes that the focus on total compensation provides the ability to align pay decisions with our short and long term business needs. This approach also allows for the flexibility needed to recognize differences in performance by providing differentiated pay.

Market Data

Market data is a key consideration for the Committee. The Committee considers this data for general market movement and trends and the positioning of our executives relative to the market. The Committee reviewed and considered market data for a peer group composed of six other engineering and construction companies (Xanser Corporation, Michael Baker Corporation, Matrix Service Company, Tetra Tech, Inc., Willbros Group, and VSE Corporation). These companies were selected primarily because they are representative of the sector in which we operate. The group was chosen because of each company's relative leadership position in our sector, its relative size as measured by market capitalization, the relative complexity of the business, and the CEO's role and responsibilities.

14

Market data for target total direct compensation (base salary, targeted annual incentive and expected value of long-term incentive awards) is developed to provide a broad market view. Each executive's position relative to the market data is reflective of his experience (both with us and with other organizations) and the other factors described below.

Individual Performance

The Committee also considers individual performance, including achievement of individualized goals, current and potential impact on corporate performance, reputation, skills, experience, criticality and demonstration of our values as important factors. Our values are to:

- o act with absolute integrity;
- o provide superb service to our customers;

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

- o collaborate with, support and respect our employees;
- o embrace the entrepreneurial spirit;
- o encourage a passion for excellence in everything we do; and
- o operate in a safe and responsible manner.

The format used for our executives' annual performance evaluations is the same as for all employees (except our Chief Executive Officer). See "What is the role of our executives in the compensation process?"

Corporate Performance

Significant portions of our annual incentive awards and long-term incentive awards are tied to corporate and operational results, which must be measured to determine the level of payout. See "Why do we choose to pay each element?"

Compensation History

In determining an executive's compensation, the Committee considers the base salary and the annual incentive payout history of each executive for the preceding four years. The Committee also considers each executive's equity holdings, including the date of any grants, the types of awards (stock options or cash), the vesting provisions, the expiration dates, the exercise prices, and the number of shares granted. The Committee reviews these historical awards in order to allocate an appropriate portion of executive compensation to retention value.

Internal Equity

The Committee believes that the success of a company depends to a large extent on honest and ethical leadership and teamwork. Consequently, compensation among senior executives is roughly equivalent. However, some differences in levels of compensation among our executives exist because of differences in their roles and responsibilities and in the factors discussed above. The Committee does not use formulas in determining base compensation amounts, but is mindful of internal equity and the impact of perceived fairness related to its decisions. Bonuses are based on a formula tied to increases in earnings per share.

15

How does each element and our decisions regarding that element fit into our compensation program's objectives and affect other elements?

The Committee believes that in order to achieve our compensation program's objectives, a significant portion of executive compensation should be composed of variable, at risk elements, with the majority of these elements being based on alignment with our stockholders and achievement of our long-term success. Base salaries attract and retain the talent we need to lead and grow our business. The Committee strives for a balanced and effective mix of elements, which are not weighted in any particular manner. We have no policies or formulas for allocating among different forms of pay.

Mr. Coskey did not receive a salary increase in 2007 and elected not to participate in the 2007 Key Manager Incentive Plan. See "Annual Incentive Awards" below.

Why do we choose to pay each element?

Base Salary

Base salary is paid in cash commensurate with the responsibilities of each

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

individual's position, subject to adjustment by the Committee based on its annual review of the factors discussed under "How are executive compensation amounts determined?" The Committee believes the base salaries provide a competitive level of fixed compensation based on the individual's experience and performance as well as the position's market value. See "Summary Compensation Table" for amounts of 2007 base salaries.

Annual Incentive Awards

Annual incentive awards are paid in cash and are tied to annual achievement against earnings per share results. The purpose of our annual incentive awards is to encourage superior performance on key corporate and employee metrics that are critical to our business. Under the Key Manager Incentive Plan, if the Company's adjusted earnings per share for a year, after subtracting all incentive compensation, exceeds adjusted earnings per share in the immediately preceding calendar year, the Company designates a bonus pool equal to \$80,000 for each penny per share of earnings the Company makes which is above the prior year's earnings per share. However, for 2007, earnings per share were measured against 2005 earnings per share. The amount of the bonus pool under the Key Manager Incentive Plan is not permitted to exceed 12.50% of adjusted pre-tax, pre-bonus earnings (after adjusting for non-operating and non-recurring events) for the year for which the bonus is paid.

Amounts in the bonus pool are distributed in the discretion of the Chief Executive Officer, after consultation with the Company's management, based on evaluations of each eligible participant, assessing factors such as financial performance, client satisfaction, and leadership. In addition, in the discretion of the Chief Executive Officer, an amount equal to 10% to 15% of the total bonus pool may be allocated for any employees exhibiting performance over and above requirements of their position, when their performance has resulted in the addition of new clients, an improvement in the Company's financial performance, the award of new projects, or other significant activities that reflect the Company's core values. A copy of the Key Manager Incentive Plan approved by the Board of Directors was previously filed with the SEC as Exhibit 10.43 to the Company's Form 8-K dated April 10, 2007.

Long-Term Incentive Awards

The long-term incentive awards are equity-based awards to align our executives' interests with those of our stockholders. These awards are designed to retain our executives and to provide them continued motivation to achieve our long-term success. In selecting recipients for equity grants and in determining the size of such grants, we consider various factors, including:

16

- o our achievements, financial performance and financial ratios, including revenues, operating income, and earnings per share;
- o Company and individual performance, both on an absolute basis in terms of growth over prior year performance, and against pre-established performance goals;
- o compensation paid by companies of comparable size in businesses similar to our business;
- o the executive's level of responsibility; and
- o the executive's contributions in support of our strategies.

The structure of our long-term incentive awards reflects the Committee's view that the purpose of the executive's equity compensation should strengthen alignment with stockholders, provide incentives tied to our performance and serve as a retention vehicle. Performance-based cash awards are primarily a stockholder alignment tool, as they are earned or vested upon the achievement of

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

a key performance metric, earnings per share. Time-based Common Stock options can be retentive and they create stockholder alignment because their value increases as our stock price increases. The weighting of the long-term incentive award vehicles is reflective of the Committee's goal to have a balanced and effective mix of cash and equity elements.

In 2007, the Committee did not award any long-term incentive awards to any of its Named Executive Officers.

Employment Agreements; Termination and Change-in-Control Arrangements

Messrs. Coskey and Raiford are each a party to a written employment agreement (the "Employment Agreements") with ENGlobal. Messrs. Patton and Kelley do not currently have an employment agreement, but both have agreed to continue their employment with the Company without an employment agreement, subject to Texas "at-will" employment law. Mr. Patton was formerly a party to an employment agreement with the Company, which expired on February 7, 2008. Mr. Burrow was also a party to an employment agreement with the Company prior to his resignation on April 2, 2007. The Employment Agreements provide for an annual base salary, subject to discretionary increases by the Board of Directors, and other compensation in the form of cash bonuses, incentive compensation, stock options, stock appreciation rights, and restricted stock awards. Additionally, the executives receive health, life, and other insurance benefits in accordance with the terms of the Company's benefit plans, and the Company provides management level support services and reimbursement for specified business expenses. Copies of the Employment Agreements are on file with the SEC as Exhibits 10.39 and 10.41, respectively, to the Company's Form 10-K/A for the fiscal year ended December 31, 2006.

The Employment Agreements provide for severance payments and benefits in the case of termination of employment. If employment ends because of death, the Company will pay any accrued but unpaid salary, additional compensation, and other benefits earned up to that date. In the case of disability, salary and benefits would generally be maintained by the Company on behalf of the disabled executive for up to six months of disability and for a period of six months following the date of termination, and the executive would receive health and life insurance benefits in accordance with the terms of the Company's benefit plans during that period. At the Company's option, severance payments and full benefits may be extended for an additional six-month period following the initial period of severance for disability.

If the Company terminates an executive's employment for "cause," as defined in the Employment Agreements, the Company will pay any accrued but unpaid salary, additional compensation, and other benefits earned up to the effective

17

date of termination. If the Company terminates an executive's employment without "cause," as defined in the employment agreement, the Company will continue to pay him for a period of six months following the date of termination and, at the Company's option, severance payments and full benefits may be extended for an additional six-month period following the initial severance period. See "Executive Compensation Tables - Severance."

The Employment Agreements include a covenant not to compete following termination of employment for a period of up to one year as well as confidentiality provisions as are customary in nature and scope, for such agreements.

The terms of the Employment Agreements were set through the course of arms-length negotiations with the executives. As part of these negotiations, the

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

Committee analyzed the terms of the same or similar arrangements for comparable executives employed by some companies in our peer group. The Committee used this approach in setting the amounts payable and the triggering events under the Employment Agreements. The Employment Agreements' termination of employment provisions were entered into in order to address competitive concerns by providing the executives with a fixed amount of compensation that would offset the potential risk of foregoing other opportunities. At the time of entering into the Employment Agreements, the Committee considered ENGlobal's aggregate potential obligations in the context of retaining the executive and his expected compensation.

In addition, Messrs. Burrow, Raiford, and Patton are parties to an option pool agreement with Alliance 2000, Ltd. ("Alliance"), a Texas limited partnership beneficially owned and controlled by our Chief Executive Officer. Under the option pool agreement, options to acquire shares of ENGlobal's common stock owned by Alliance were granted to Messrs. Burrow, Raiford, and Patton. These options vest and become exercisable upon a change of control of the Company. This arrangement, which was entered into in connection with the merger of Industrial Data Systems Corporation (ENGlobal's predecessor) with Petrocon Engineering, Inc. ("Petrocon"), was intended to provide an incentive to certain key employees of the Company and Petrocon to remain in the Company's service after the merger. The Alliance option pool agreement is scheduled to expire in December 2011.

Executive Perquisites

We do not provide substantial personal benefits or perquisites. The current executive officers, including those who are Named Executive Officers (as defined in Item 402(a)(3) of Regulation S-K), are eligible to receive an executive vehicle/auto allowance perquisite having an annual value of up to \$9,000. See "Summary Compensation Table."

Other Compensation

From time to time, we make available to employees and executives certain other fringe benefits. We may provide club memberships, tickets to sporting or cultural events, tickets to community events, etc. To the extent that such items are taxable to the individual, they are considered to be part of the individual's compensation package. Other benefits provided to our executives are generally available to all employees, such as medical, dental, life, short-term disability, and long-term disability insurances, personal leave benefits, reimbursement for an annual physical exam, and Company matching contributions to the ENGlobal Corporation 401(k) Plan equal to 50% of regular employee contributions up to 6% of employee compensation. See "Summary Compensation Table."

18

What is the role of our executives in the compensation process?

Our Chief Executive Officer has access to the internal and external compensation information described above, including each executive's annual performance review. Using that information, our Chief Executive Officer makes recommendations to the Committee regarding the compensation of our other executives. The Committee independently reviews the data and makes its own determinations for our executives. The Committee is comprised of all of the Non-Employee Directors; each of whom is able to provide his views of the Chief Executive Officer's performance and compensation. The Committee has not historically engaged or retained any outside advisors or consultants with respect to executive or director compensation.

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

What are our equity and security ownership requirements?

We encourage stock ownership by executives through the use of equity awards.

When are awards granted and base salaries approved?

Each year, the Committee approves our executives' base salaries, payout of annual incentive awards for the prior year, and annual and long-term incentive awards for the current year at its first regular quarterly meeting (generally in March or April). Any awards for newly hired executives are granted at the next regularly scheduled Committee meeting. Offers to executive candidates are reviewed with the Committee prior to being made. Any equity awards included in an offer are subject to the Committee's approval.

Our executives do not have any role in establishing the timing of grants or vesting of stock options. We do not have any program, plan or practice to time grants of equity or equity-based awards in coordination with the release of material non-public information and we do not set grant dates to new executives in coordination with the release of such information. We have not timed, and do not intend to time, our release of material non-public information for the purpose of affecting the value of executive compensation.

Does the accounting and tax treatment of a particular form of compensation impact the form and design of awards?

The Committee considers tax, tax deductibility and accounting treatment of various compensation alternatives. However, these are not typically driving factors. The Committee may approve non-deductible compensation arrangements if it believes they are in the best interests of the Company and its stockholders taking into account several factors, including our ability to utilize the deduction based on projected taxable income.

Review of and Conclusion Regarding All Components of Executive Compensation

Based on our performance during the past several years, and in light of our executives' efforts in directing the Company, the Compensation Committee and the Board have determined that the compensation paid to Mr. Coskey, as well as compensation paid to our other Named Executive Officers, serves the best interests of our stockholders and continues to emphasize programs that the Compensation Committee and the Board believe positively affect stockholder value.

DIRECTOR COMPENSATION

As of December 31, 2007, the following table discloses cash and equity awards and other compensation earned, paid or awarded, as the case may be, to each of the Company's Non-employee Directors during the last fiscal year.

Name ----	Fees Earned or Paid in Cash ----- (\$)	Option Awards ----- (\$) (1) (2)	Total -----
Mr. Hale	\$36,000	\$327,409	\$363,409
Mr. Gent	\$32,000	\$327,409	\$359,409
Mr. Roussel	\$32,000	\$327,409	\$359,409

-
- (1) This column shows the amount that the Company expensed during 2007 under SFAS 123R for all outstanding stock option awards and includes compensation cost recognized in the financial statements with respect to awards granted in previous fiscal years and in 2007.
 - (2) There were 50,000 options granted to each director on June 14, 2007 pursuant to the ENGlobal Corporation 1998 Incentive Plan, as director compensation. Options vest 25% quarterly on each of September 14, 2007, December 14, 2007, March 14, 2008, and June 14, 2008. The market closing price (exercise price) on June 1, 2007 was \$10.93. The grant date fair value of options issued to each director during 2007 was \$352,787. The exercise price of the options has been less than the fair market value for significant periods of time since their issuance.

The principal objectives of our director compensation programs are to compensate the directors for time spent on the Company's behalf, to ensure long-term retention of the directors and to align the directors' compensation programs with long-term value to the Company's stockholders. We attempt to accomplish these objectives in an economical manner through a combination of reasonable director retainer fees and option grants to the directors.

Our Non-employee Directors, Messrs. Gent, Hale and Roussel, receive a retainer of \$32,000 per year. Non-employee Directors are also eligible for reimbursement of travel and other miscellaneous expenses associated with attendance at Board of Directors and Committee meetings. The chairman of the Audit Committee, Mr. Hale, receives an additional \$4,000 per year.

In addition, under the Company's 1998 Incentive Plan, Non-employee Directors are eligible to receive non-statutory stock options. In 2008, Non-employee Directors will each receive options to acquire 50,000 shares of the Company's Common Stock, with a quarterly vesting schedule, for their service to the Company during 2008-2009. We anticipate that the options will be granted on June 19, 2008, will fully vest on June 19, 2009, and will expire on June 19, 2019.

The Board considers the director compensation programs to be in conformity with industry standards and to be reasonable by comparison to directors' compensation at the comparable companies that we used for our evaluation of executive compensation.

AUDIT MATTERS

Report of the Audit Committee

The information contained in this Report of the Audit Committee shall not be deemed to be "soliciting material" or to be "filed" or incorporated by reference in future filings with the SEC, or to be subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

In accordance with its written charter, the Audit Committee assists the Board in, among other things, oversight of our financial reporting process, including the effectiveness of our internal accounting and financial controls and procedures, and controls over our accounting, auditing, and financial reporting practices. A copy of the Audit Committee Charter is attached as Appendix A and is available on our website at www.englobal.com.

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

Our Board of Directors has determined that all three members of the Committee are "independent" based upon the standards adopted by the Board, which incorporate the independence requirements under applicable laws, rules and regulations.

Management is responsible for the financial reporting process, the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, our system of internal controls, and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. Our independent auditors are responsible for auditing the financial statements. The Audit Committee's responsibility is to monitor and review these processes and procedures. The members of the Audit Committee are not professionally engaged in the practice of accounting or auditing and we are not professionals in those fields. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management that the financial statements have been prepared with integrity and objectivity and on the representations of management and the opinion of the independent auditors that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

During fiscal 2007, the Audit Committee held seven meetings. The Audit Committee's meetings were conducted so as to encourage communication among the members of the Audit Committee, management, and our independent auditors, Hein & Associates, LLP. Among other things, the Audit Committee discussed with our internal and independent auditors the overall scope and plans for ENGlobal's audits. The Audit Committee met separately with the independent auditors, with and without management, to discuss the results of their examinations and their observations and recommendations regarding our internal controls. The Audit Committee also discussed with our independent auditors all matters required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees."

The Audit Committee reviewed and discussed our audited consolidated financial statements as of and for the year ended December 31, 2007 with management and our independent auditors. Management's discussions with the Audit Committee included a review of critical accounting policies.

The Audit Committee obtained from the independent auditors a formal written statement describing all relationships between us and our auditors that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees." The Audit Committee discussed with the auditors any relationships that may have an impact

24

on their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee has reviewed and approved the amount of fees paid to Hein & Associates for audit and non-audit services. The Audit Committee concluded that the provision of services by Hein & Associates is compatible with the maintenance of Hein & Associates' independence.

At four of its meetings during 2007, the Audit Committee met with members of senior management and the independent auditors to review the certifications provided by the Chief Executive Officer and Chief Financial Officer under the Sarbanes-Oxley Act of 2002, the rules and regulations of the SEC and the overall certification process. At these meetings, Company officers reviewed each of the Sarbanes-Oxley certification requirements concerning internal control over financial reporting and any fraud, whether or not material, involving management or other employees with a significant role in internal control over financial reporting.

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

Based on the above-mentioned review and discussions with management, the internal auditors, and the independent auditors, and subject to the limitations on our role and responsibilities described above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007, for filing with the SEC.

Principal Auditor Fees

The Audit Committee has appointed Hein & Associates, LLP as ENGlobal's independent auditors for the fiscal year ended December 31, 2008. Representatives of Hein & Associates are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

The following table shows the fees paid or accrued by ENGlobal for the audit and other services provided by Hein & Associates for fiscal 2007 and 2006.

	2007 -----	2006(1) -----
Audit Fees	\$502,048	\$247,805
Audit-Related Fees	--	--
Tax Fees	--	--
All Other Fees	--	--
	-----	-----
Total	\$502,048	\$247,805
	=====	=====

(1) Corrected numbers for audit fees, audit-related fees and all other fees reported in the 2007 Proxy Statement for fiscal year 2006.

As defined by the SEC, (i) "audit fees" are fees for professional services rendered by the company's principal accountant for the audit of the company's annual financial statements and review of financial statements included in the company's Form 10-Q, or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years; (ii) "audit-related fees" are fees for assurance and related services by the company's principal accountant that are reasonably related to the performance of the audit or review of the company's financial statements and are not reported under "audit fees;" (iii) "tax fees" are fees for professional services rendered by the company's principal accountant for tax

compliance, tax advice, and tax planning; and (iv) "all other fees" are fees for products and services provided by the company's principal accountant, other than the services reported under "audit fees," "audit-related fees," and "tax fees." Hein & Associates was paid audit-related and other fees for assisting the Company with its SEC comment letter response process.

Under applicable SEC rules, except for the ability to designate a portion

Edgar Filing: ENGLOBAL CORP - Form DEF 14A

of this responsibility as described below, the full Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditors in order to ensure that they do not impair the auditors' independence from ENGlobal. The Audit Committee may delegate pre-approval authority to a member of the Audit Committee and if it does, the decisions of that member must be presented to the full Audit Committee at its next scheduled meeting. The SEC's rules specify the types of non-audit services that an independent auditor may not provide to its audit client and establish the Audit Committee's responsibility for administration of the engagement of the independent auditors.

Consistent with the SEC's rules, the Audit Committee Charter requires that the Audit Committee review and pre-approve all audit services and permitted non-audit services provided by the independent auditors to ENGlobal or any of its subsidiaries, except that the Audit Committee Chairman has the right to approve up to \$25,000 of services in any year. During 2007, all fees were preapproved by the Audit Committee.

To the best of the knowledge, information and belief of the directors, there are no other matters which are to be acted upon at the Annual Meeting. If such matters arise, the form of proxy provides that discretionary authority is conferred on the designated persons in the enclosed form of proxy to vote with respect to such matters.

The Company has received no notice of any other items to be submitted for consideration at the meeting and, except for reports of operations and activities by management, which are for informational purposes only and require no approval or disapproval, and consideration of the minutes of the preceding annual meeting for approval, which may involve technical corrections to the text where actions taken were incorrectly recorded, but which require no action of approval or disapproval of the subject matter, management neither knows of nor contemplates any other business that will be presented for action by the stockholders at the meeting. If any further business is properly presented at the meeting, the persons named as proxies will act in their discretion on behalf of the stockholders they represent.
