On September 24, 2004, our subsidiary, Caplease, LP, originated a long-term credit tenant loan in the amount of approximately \$48.3 million to Elston Development L.L.C. (Elston), an unaffiliated third party. The loan is cross-collateralized and cross-defaulted with a second long-term credit tenant loan made by Caplease, LP to Elston in the amount of approximately \$13.0 million on August 4, 2004. Collectively, these two loans are referred to herein as the Loans.

The unaudited pro forma condensed consolidated statements of operations of Capital Lease Funding, Inc. (the Company) for the year ended December 31, 2003 and the nine months ended September 30, 2004 assume the Company's funding of the Loans occurred on January 1, 2003. The pro forma condensed consolidated statements of operations do not purport to represent what our results of operations would have been if the Loans had been funded as of the dates indicated, nor do they purport to project our financial position or results of operations at any future date or for any future period. These pro forma condensed consolidated income statements should be read in conjunction with our 2003 historical financial statements included in the final prospectus for our initial public offering (filed with the SEC on March 19, 2004) and our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2004.

The pro forma financial statements are based upon assumptions contained in the notes thereto and should be read in conjunction with such notes.
