Item 1.01 Entry into a Material Definitive Agreement.

Pursuant to the terms of a Note Purchase Agreement dated as of July 28, 2005 (the Note Purchase Agreement), West Pharmaceutical Services, Inc. (the Company) issued \$50,000,000 of Floating Series A Senior Notes due July 28, 2012 (the Series A Notes) and \$25,000,000 of Floating Rate Series B Senior Notes due July 28, 2015 (the Series B Notes).

The Series A Notes were purchased by Allstate Life Insurance Company, Massachusetts Mutual Life Insurance Company, C. M. Life Insurance Company and General Electric Capital Assurance Company (GE Capital). The Series B Notes were purchased by Massachusetts Mutual Life Insurance Company, C. M. Life Insurance Company, United of Omaha Life Insurance Company (United of Omaha) and MassMutual Asia Limited. Affiliates of GE Capital and United of Omaha are existing noteholders of the Company.

The obligations under the Notes are guaranteed by the principal domestic subsidiaries of the Company.

The Series A Notes bear interest at the London Interbank Offered Rate (LIBOR) plus 0.80% and the Series B Notes bear interest at LIBOR plus 0.90%.

Covenants under the Note Purchase Agreement include the following: (i) priority debt may not exceed 25% of the Company's total capitalization; and (ii) for any four consecutive quarters, (x) consolidated total debt may not exceed 3.5 times consolidated EBITDA and (y) interest expense may not exceed 2.5 times consolidated EBIT.

The Notes may be prepaid at the Company's option with a prepayment premium of 3% in the first year after closing, which reduces by 1% in each of the next two years following closing.

The foregoing summary description of the terms of the Note Purchase Agreement and the Notes is qualified in its entirety by reference to the Note Purchase Agreement, which is attached to this Current Report on Form 8-K as Exhibit 99.1.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement

The information contained in item 1.01 above is hereby incorporated by reference.

On July 28, 2005, the Company also entered into two interest-rate swap agreements with PNC Capital Markets Inc. to protect against volatility in the interest rates payable on the Series A and B Notes. The first interest rate swap agreement has a seven-year term at a notional amount of \$50,000,000 under which the Company will receive variable interest rate payments based on three-month LIBOR in return for making quarterly payments at a fixed annual rate of 4.52%. The second interest rate swap agreement has a ten-year term at a notional amount of \$25,000,000 under which the Company will receive variable interest rate payments based on 3-month LIBOR in return for making quarterly payments at a fixed annual rate of 4.61%.

Including the applicable margin, the interest-rate swap agreements effectively fix the interest rates payable on the Series A and B notes at 5.32% and 5.51%, respectively.
