**CAUTIONARY NOTE TO UNITED STATES INVESTORS CONCERNING
ESTIMATES OF MEASURED, INDICATED AND INFERRED RESOURCES**

The documents that we have incorporated by reference into this annual report use the terms "measured resources", "indicated resources" and "inferred resources". These resource estimates have been prepared

in accordance with Canadian National Instrument 43-101 and the Canadian Institute of Mining and Metallurgy (CIM) Classification System. These standards differ significantly from the requirements of the Securities and Exchange Commission. Accordingly, resource information incorporated by reference herein may not be comparable to similar information concerning U.S. companies.

We advise United States investors that while the terms measured resources , indicated resources and inferred resources are recognized and required by Canadian regulations, including Canadian National Instrument 43-101 Standards of Disclosure for Mineral Projects, the Securities and Exchange Commission does not recognize them. **United States investors are cautioned not to assume that any part or all of the mineral deposits in these categories will ever be converted into reserves.** In addition, inferred resources have a great amount of uncertainty as to their existence, and economic and legal feasibility. It cannot be assumed that all or any part of an Inferred Mineral Resource will ever be upgraded to a higher category. Under Canadian rules, estimates of Inferred Mineral Resources may not form the basis of feasibility or pre-feasibility studies, or economic studies except for a Preliminary Assessment as defined under 43-101. **United States investors are cautioned not to assume that part or all of an inferred resource exists, or is economically or legally mineable.**

Our Annual Information Form, which is filed as an exhibit to this annual report, includes definitions of the terms measured resources , indicated resources and inferred resources under CIM standards, and presents a summary of the differences between CIM and U.S. standards.

NOTE TO UNITED STATES READERS REGARDING DIFFERENCES BETWEEN UNITED STATES AND CANADIAN REPORTING PRACTICES

We are permitted to prepare this annual report in accordance with Canadian disclosure requirements, which are different from those of the United States. Our audited consolidated financial statements included in this annual report have been prepared in accordance with Canadian generally accepted accounting principles, which differ in certain material respects from United States generally accepted accounting principles. Note 11 to our audited consolidated financial statements included herein provides a reconciliation of the significant differences between Canadian and United States generally accepted accounting principles.

DISCLOSURE CONTROLS AND PROCEDURES

As of the end of the period covered by this report, our management carried out an evaluation, with the participation of our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the *Securities Exchange Act of 1934* (the Exchange Act)). Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by us in reports that we file or submit under the Exchange Act.

It should be noted that while our Chief Executive Officer and our Chief Financial Officer believe that our disclosure controls and procedures provide a reasonable level of assurance that they are effective, they do not expect that our disclosure controls and procedures or internal control over financial reporting will prevent all errors and fraud. A control system, no matter how well conceived or operated, can provide only reasonable, not absolute, assurance that the objectives of the control system will be met.

There were no changes in our internal control over financial reporting during the fiscal year ended December 31, 2006 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act).

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Our management is responsible for establishing and maintaining adequate internal control over financial reporting for the Company. With the participation of the Chief Executive Officer and the Chief Financial Officer, our management conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework and criteria established in Internal Control - Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, our management has concluded that our internal control over financial reporting was effective as of December 31, 2006. Because of its inherent limitations, internal controls over financial reporting may not prevent or detect misstatements. Also, projections, of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with policies or procedures may deteriorate.

AUDIT COMMITTEE

Our Board of Directors has established a separately-designated Audit Committee of the board in accordance with Section 3(a)(58)(A) of the Exchange Act for the purpose of overseeing our accounting and financial reporting processes and the audits of our annual financial statements. As at the date of this annual report, the Audit Committee was comprised of David Elliott, Wayne Kirk and Gordon Fretwell.

AUDIT COMMITTEE FINANCIAL EXPERT

Our Board of Directors has determined that David Elliott, a member of the Audit Committee of our board, is an audit committee financial expert (as that term is defined in Item 401 of Regulation S-K under the Exchange Act) and is an independent director under applicable laws and regulations and the requirements of the American Stock Exchange.

We have not entered into any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues, expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.
