**Item 2.05**

**Costs Associated with Exit or Disposal Activities.**

On September 6, 2007, Angelica Corporation (the "Registrant") filed a Form 8-K announcing that the Board of Directors of the Registrant made a determination to sell or close the Registrant's Edison, New Jersey service center and reorganize into fewer markets. At the time of the filing, the Registrant was unable in good faith to make a determination of an estimate or range of estimates required by paragraphs (b), (c) and (d) of Item 2.05 of Form 8-K with respect to the sale or closure of the facility.

Pursuant to Item 2.05 of Form 8-K, the Company is now filing an amended Form 8-K to disclose its determination of such estimates.

The Registrant estimates that the total amount expected to be incurred in connection with the sale or closure of the facility will be in the range of approximately \$1.0 million to \$1.2 million. Of that amount, the Registrant estimates that equipment derigging costs will be in the range of approximately \$225,000 to \$275,000; employee severance, pension, vacation pay and other employee benefits costs will be in the range of approximately \$540,000 to \$600,000; contract termination costs will be in the range of approximately \$70,000 to \$95,000; property taxes and insurance costs will be in the range of approximately \$40,000 to \$65,000; and other operating costs during the sale or closure process will be in the range of \$125,000 to \$165,000. The Registrant estimates that it will incur in the range of approximately \$1.0 million to \$1.2 million in future cash expenditures in connection with the sale or closure of the facility. The above estimates are subject to a number of assumptions (including assumptions regarding the number of employees accepting severance packages and specific timing of the ultimate sale or closure of the facility) and actual results may differ.
