

CONSOL Energy Inc
Form 10-Q
July 31, 2015

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934.

For the quarterly period ended June 30, 2015

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number: 001-14901

CONSOL Energy Inc.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of
incorporation or organization)

1000 CONSOL Energy Drive

Canonsburg, PA 15317-6506

(724) 485-4000

(Address, including zip code, and telephone number, including area code, of registrant's principal executive offices)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer Non-accelerated filer Smaller Reporting Company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

Class

Shares outstanding as of July 17, 2015

Common stock, \$0.01 par value

229,004,060

GLOSSARY OF CERTAIN OIL AND GAS MEASUREMENT TERMS

The following are abbreviations of certain measurement terms commonly used in the oil and gas industry and included within this Form 10-Q:

Bbl - One stock tank barrel, or 42 U.S. gallons liquid volume, used in reference to oil or other liquid hydrocarbons.

Bcf - One billion cubic feet of natural gas.

Bcfe - One billion cubic feet of natural gas equivalents, with one barrel of oil being equivalent to 6,000 cubic feet of gas.

Btu - One British thermal unit.

Mbbls - One thousand barrels of oil or other liquid hydrocarbons.

Mcf - One thousand cubic feet of natural gas.

Mcfe - One thousand cubic feet of natural gas equivalents, with one barrel of oil being equivalent to 6,000 cubic feet of gas.

Edgar Filing: CONSOL Energy Inc - Form 10-Q

MMbtu - One million British Thermal units.

MMcfe - One million cubic feet of natural gas equivalents, with one barrel of oil being equivalent to 6,000 cubic feet of gas.

NGL - Natural gas liquids.

Tcfe - One trillion cubic feet of natural gas equivalents, with one barrel of oil being equivalent to 6,000 cubic feet of gas.

CONSOL ENERGY INC. AND SUBSIDIARIES
 NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
 (Dollars in thousands, except per share data)

NOTE 1—BASIS OF PRESENTATION:

The accompanying Unaudited Consolidated Financial Statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six months ended June 30, 2015 are not necessarily indicative of the results that may be expected for future periods.

The balance sheet at December 31, 2014 has been derived from the Audited Consolidated Financial Statements at that date but does not include all the notes required by generally accepted accounting principles for complete financial statements. For further information, refer to the Consolidated Financial Statements and related notes for the year ended December 31, 2014 included in CONSOL Energy Inc.'s Annual Report Form 10-K.

Certain amounts in prior periods have been reclassified to conform with the report classifications of the year ended December 31, 2014, with no effect on previously reported net income or stockholders' equity.

Basic earnings per share are computed by dividing net income by the weighted average shares outstanding during the reporting period. Dilutive earnings per share are computed similarly to basic earnings per share, except that the weighted average shares outstanding are increased to include additional shares from stock options, performance stock options, CONSOL Energy stock units, and restricted stock units and performance share units, if dilutive. The number of additional shares is calculated by assuming that outstanding stock options and performance share options were exercised, that outstanding restricted stock units, performance share units, and CONSOL Energy stock units were released, and that the proceeds from such activities were used to acquire shares of common stock at the average market price during the reporting period. CONSOL Energy Inc. (CONSOL Energy or the Company) includes the impact of pro forma deferred tax assets in determining potential windfalls and shortfalls for purposes of calculating assumed proceeds under the treasury stock method. The table below sets forth the share-based awards that have been excluded from the computation of the diluted earnings per share because their effect would be anti-dilutive:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2015	2014	2015	2014
Anti-Dilutive Options	3,667,080	4,123,949	3,667,080	359,488
Anti-Dilutive Restricted Stock Units	1,606,672	1,265,237	1,606,672	—
Anti-Dilutive Performance Share Units	—	523,357	—	—
Anti-Dilutive Performance Stock Options	802,804	802,804	802,804	—
	6,076,556	6,715,347	6,076,556	359,488

The table below sets forth the share-based awards that have been exercised or released:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2015	2014	2015	2014
Options	287,592	382,773	363,620	648,112
Restricted Stock Units	37,149	56,403	486,507	390,802
Performance Share Units	—	—	497,134	378,971

324,741 439,176 1,347,261 1,417,885

The weighted average exercise price per share of the options exercised during the three months ended June 30, 2015 and 2014 was \$22.78 and \$21.57, respectively. The weighted average exercise price per share of the options exercised during the six months ended June 30, 2015 and 2014 was \$22.78 and \$20.41, respectively.

Edgar Filing: CONSOL Energy Inc - Form 10-Q

Settlement loss	—	20,707	—	20,707
Total	(30,326)	29,026	(30,566)	37,130
Tax Expense (Benefit)	11,398	(10,691)	11,488	(13,676)
Net of Tax	\$(18,928)	\$18,335	\$(19,078)	\$23,454)

NOTE 2—ACQUISITIONS AND DISPOSITIONS:

In December 2014, CNX Gas Company LLC (CNX Gas Company), a wholly-owned subsidiary of CONSOL Energy, finalized an agreement with Columbia Energy Ventures (CEVCO) to sublease approximately 20,000 acres of Utica Shale and Upper Devonian gas rights in Greene and Washington Counties in Pennsylvania and Marshall and Ohio Counties in West Virginia. Up-front bonus consideration of up to \$96,106 will be paid by CONSOL Energy over the next five years as drilling occurs in addition to royalties, of which \$49,533 was recorded in Other Current Liabilities and \$40,286 was recorded on a discounted basis in Other Long-term Liabilities. In the six months ended June 30, 2015, CONSOL Energy made payments to CEVCO totaling \$15,216. As of June 30, 2015, the amount recorded in Other Current Liabilities was \$35,753 and Other Long-term Liabilities was \$38,850. In July 2015, CONSOL Energy made a payment to CEVCO in the amount of \$35,753.

In December 2014, CONSOL Energy completed the sale of its industrial supplies subsidiary, to an unrelated third party for net proceeds of approximately \$51,000 of which \$44,035 was received and included in cash flows from investing activities during the year ended December 31, 2014. In connection with the sale, CONSOL Energy signed a supply agreement under which, among other things, it will continue to purchase certain goods exclusively from the new entity for a period of at least three years. CONSOL Energy could also receive up to an additional \$6,000 of cash consideration in the future, which has not been recognized in the consolidated financial statements as it is subject to future events.

In March 2014, CONSOL Energy completed a sale-leaseback of longwall shields for the Harvey Mine. Cash proceeds for the sale offset the basis of \$75,357; therefore, no gain or loss was recognized on the sale. The five-year lease has been accounted for as an operating lease.

In December 2013, CONSOL Energy acquired the gas drilling rights to approximately 90,000 contiguous acres from Dominion Transmission, a unit of Dominion Resources Inc. The acreage, which is associated with Dominion's Fink-Kennedy, Lost Creek, and Racket Newberne gas storage fields in West Virginia, lies in the northern portion of Lewis County and the southern portion of Harrison County. CONSOL Energy anticipates that over one-half of the acres will have wet gas. CONSOL Energy has acquired the gas rights to both the Marcellus Shale and the Upper Devonian formations in the storage fields. Consideration of up to \$190,000 will be paid by CONSOL Energy in two installments: 50% was paid at closing and the remaining balance is due over time as the acres are drilled. In addition, CONSOL Energy will pay an overriding royalty to Dominion Resources based on a sliding scale. Finally, CONSOL Energy has committed to be an anchor shipper on Dominion's transmission system, with the specific terms to be negotiated at a future date. CONSOL Energy paid \$91,243 in 2013 related to this transaction. In the six months ended June 30, 2014, CONSOL Energy made an additional bonus payment of \$16,000 to Dominion Transmission. Noble Energy Inc., our joint venture partner, acquired 50% of the acres and reimbursed CONSOL Energy for 50% of the associated payments.

In December 2013, CONSOL Energy completed the sale of its Consolidation Coal Company (CCC) subsidiary, which included all five of its longwall coal mines in West Virginia, to a subsidiary of Murray Energy Corporation (Murray Energy). CONSOL Energy retained overriding royalty interests in certain reserves sold in the transaction. Murray Energy also assumed \$2,050,656 of CONSOL Energy's employee benefit obligations valued as of December 5, 2013 and its UMWA 1974 Pension Trust obligations. Murray Energy is primarily liable for all 1993 Coal Act liabilities. Cash proceeds of \$825,285 were received related to this transaction, which were net of \$24,715 in transaction fees. A pre-tax gain of \$1,035,346 was included in Income from Discontinued Operations on the Consolidated Statement of Income. In the first quarter of 2014, there was a pre-tax reduction in gain on sale of \$7,044 related to the estimated working capital adjustment and various other miscellaneous items.

NOTE 3—MISCELLANEOUS OTHER INCOME:

	Three Months Ended		Six Months Ended	
	June 30, 2015	2014	June 30, 2015	2014
Equity in Earnings of Affiliates	\$ 11,925	\$ 14,062	\$ 23,248	\$ 21,512

Total Other Income	\$ 35,694	\$ 69,977	\$ 73,760	\$ 125,031

NOTE 4—COMPONENTS OF PENSION AND OTHER POST-EMPLOYMENT BENEFIT (OPEB) PLANS NET PERIODIC BENEFIT COSTS:

Components of net periodic benefit costs for the three and six months ended June 30, 2015 and 2014 are as follows:

	Pension Benefits				Other Post-Employment Benefits			
	Three Months Ended		Six Months Ended		Three Months Ended		Six Months Ended	
	June 30, 2015	2014	June 30, 2015	2014	June 30, 2015	2014	June 30, 2015	2014
Service cost	\$ 2,350	\$ 4,483	\$ 4,700	\$ 8,791	\$ —	\$ 2,331	\$ —	\$ 4,663
Interest cost	8,580	8,993	17,160	18,144	6,889	12,097	13,884	24,194
Expected return on plan assets	(12,690)	(12,765)	(25,379)	(25,512)	—	—	—	—
Amortization of prior service credits	(176)	(346)	(352)	(692)	(54,320)	(2,196)	(68,956)	(4,392)
Recognized net actuarial loss	6,940	6,106	13,880	11,997	18,522	6,369	27,448	12,737
Settlement loss	—	20,707	—	20,707	—	—	—	—
Net periodic cost (benefit)	\$ 5,004	\$ 27,178	\$ 10,009	\$ 33,435	\$ (28,909)	\$ 18,601	\$ (27,624)	\$ 37,202

For the six months ended June 30, 2015, \$2,521 was paid to the pension trust from operating cash flows. Additional contributions to the pension trust are not expected to be significant for the remainder of 2015.

According to the Defined Benefit Plans Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification, if the lump sum distributions made during a plan year, which for CONSOL Energy is January 1 to December 31, exceed the total of the projected service cost and interest cost for the plan year, settlement accounting is required. Lump sum payments exceeded this threshold during the three and six months ended June 30, 2014. Accordingly, CONSOL Energy recognized settlement expense of \$20,707 for the three and six months ended June 30, 2014 in Other Costs - Miscellaneous Operating Expense in the Consolidated Statements of Income. The settlement charges represented a pro rata portion of the net unrecognized loss based on the percentage reduction in the projected benefit obligation due to the lump sum payments. The settlement accounting was triggered in May 2014, resulting in a remeasurement at May 31, 2014. Additional lump sum distributions during June 2014 resulted in another remeasurement at June 30, 2014. The May 31, 2014 and June 30, 2014 remeasurements used a discount rate of 4.26%, a decrease from 4.87% used at December 31, 2013. The May remeasurement increased the pension liability by \$41,527. The May settlement and corresponding remeasurement of the pension plan resulted in a decrease of \$14,193

in Other Comprehensive Income, net of \$8,276 in deferred taxes. The June remeasurement decreased the pension liability by \$6,490. The June settlement and corresponding remeasurement of the pension plan resulted in an increase of \$5,141 in Other Comprehensive Income, net of \$2,998 in deferred taxes.

On May 31, 2015, the Salaried OPEB and Production and Maintenance (P&M) OPEB plans were remeasured to reflect a plan amendment. Retirees will continue in the Salaried and P&M OPEB plans until December 31, 2015, and coverage thereafter will be eliminated. The amendment to the OPEB plan resulted in a \$43,598 reduction in the OPEB liability with a corresponding

increase of \$27,716 in Other Comprehensive Income, net of \$15,882 in deferred taxes. The amendment resulted in a remeasurement of the OPEB plan at May 31, 2015. The remeasurement resulted in a change to the discount rate to 1.60% for the Salaried OPEB plan and 1.65% for the P&M OPEB plan from 1.78% and 1.84%, respectively, used at December 31, 2014. The remeasurement decreased the OPEB liability by \$1,070 with a corresponding increase of \$680 in Other Comprehensive Income, net of \$390 in deferred taxes. CONSOL Energy expects to recognize income of \$235,541 related to amortization of prior service credit coupled with recognition of actuarial losses in Operating and Other Costs - Coal in the Consolidated Statements of Income for the year ended December 31, 2015 as a result of the changes made to the Salaried and P&M OPEB plans.

CONSOL Energy does not expect to contribute to the other post-employment benefit plan in 2015. The Company intends to pay benefit claims as they become due. For the six months ended June 30, 2015, \$26,935 of other post-employment benefits have been paid.

NOTE 5—COMPONENTS OF COAL WORKERS' PNEUMOCONIOSIS (CWP) AND WORKERS' COMPENSATION NET PERIODIC BENEFIT COSTS:

Components of net periodic benefit costs for the three and six months ended June 30, 2015 and 2014 are as follows:

	CWP				Workers' Compensation			
	Three Months Ended		Six Months Ended		Three Months Ended		Six Months Ended	
	June 30,	June 30,	June 30,	June 30,	June 30,	June 30,	June 30,	June 30,
	2015	2014	2015	2014	2015	2014	2015	2014
Service cost	\$1,623	\$1,418	\$3,246	\$2,837	\$2,347	\$2,445	\$4,695	\$4,890
Interest cost	1,279	1,385	2,558	2,769	799	895	1,597	1,789
Amortization of actuarial gain	(1,394)	(1,549)	(2,788)	(3,098)	(8)	(96)	(15)	(191)
State administrative fees and insurance bond premiums	—	—	—	—	973	929	1,876	2,039
Net periodic benefit cost	\$1,508	\$1,254	\$3,016	\$2,508	\$4,111	\$4,173	\$8,153	\$8,527

CONSOL Energy does not expect to contribute to the CWP plan in 2015. The Company intends to pay benefit claims as they become due. For the six months ended June 30, 2015, \$5,293 of CWP benefit claims have been paid.

CONSOL Energy does not expect to contribute to the workers' compensation plan in 2015. The Company intends to pay benefit claims as they become due. For the six months ended June 30, 2015, \$8,821 of workers' compensation benefits, state administrative fees and surety bond premiums have been paid.

NOTE 6—INCOME TAXES:

For the three and six months ended June 30, 2015, the company recognized an income tax benefit of \$291,929 and \$317,532 respectively. The income tax benefit was primarily driven by impairment charges recorded in June 2015. In addition, as the company's loss for the six months ended June 30, 2015 exceeds the anticipated ordinary loss for the full year, the tax benefit recognized for the six months ended June 30, 2015 was limited to the amount that would be recognized if the year-to-date ordinary loss were the anticipated ordinary loss for the full year. Another item contributing to the benefit is the deduction for percentage depletion in excess of cost depletion related to the company's coal operations.

For the three and six months ended June 30, 2014 the company recognized income tax expense from continuing operations of \$1,214 and \$9,703, respectively. The Company also recognized an income tax benefit of \$1,357 for the six months ended June 30, 2014 related to discontinued operations. The effective tax rate differed from the statutory tax rate primarily due to the deduction for the percentage depletion in the excess of cost depletion related to the

Company's coal operations. For the three and six months ended June 30, 2014 the company recognized no tax benefit and \$8,820, respectively, related to the completion of the Internal Revenue Service audit of tax years 2008 and 2009, and an income tax benefit of \$(371) and \$7,766 as a result of changes in estimates of excess percentage depletion and Domestic Production Activities Deduction related to the prior-year tax provision. For the three and six months ended June 30, 2014 the Company recognized a \$3,344 income tax expense related to filing amended state income tax returns due to the completion of the Internal Revenue Service audit of tax years 2008 and 2009.

There were no uncertain tax positions at June 30, 2015 and December 31, 2014. There were no additions to the liability for unrecognized tax benefits during the six months ended June 30, 2015.

CONSOL Energy recognizes interest accrued related to uncertain tax positions in its interest expense. There was no accrued interest on uncertain tax positions for the three or six month periods ended June 30, 2015. As of December 31, 2014, the Company had no accrued interest liability relating to uncertain tax positions. The accrued interest liability included \$49 and \$4,898 of interest income that is reflected in the Company's Consolidated Statements of Income for the three and six months ended June 30, 2014 respectively.

CONSOL Energy recognizes penalties accrued related to uncertain tax positions in its income tax expense. As of June 30, 2015 and 2014, CONSOL Energy had no accrued liability for tax penalties.

CONSOL Energy and its subsidiaries file federal income tax returns with the United States and returns within various states and Canadian jurisdictions. With few exceptions, the Company is no longer subject to United States federal, state, local, or non-U.S. income tax examinations by tax authorities for the years before 2010. The Internal Revenue Service began its audit of tax years 2010 through 2013 in the second quarter of 2015.

NOTE 7—INVENTORIES:

Inventory components consist of the following:

	June 30, 2015	December 31, 2014
Coal	\$31,168	\$19,242
Supplies	80,526	82,631
Total Inventories	\$111,694	\$101,873

Inventories are stated at the lower of cost or market. The cost of coal inventories is determined by the first-in, first-out (FIFO) method. Coal inventory costs include labor, supplies, equipment costs, operating overhead, depreciation, depletion and amortization, and other related costs.

NOTE 8—ACCOUNTS RECEIVABLE SECURITIZATION:

CONSOL Energy and certain of its U.S. subsidiaries are party to a trade accounts receivable facility with financial institutions for the sale on a continuous basis of eligible trade accounts receivable. On March 27, 2015, this facility was amended to allow the Company to receive, on a revolving basis, up to \$100,000 of short-term funding and letters of credit. CONSOL Energy may also issue letters of credit against the facility, which decreases the amount available to be drawn upon. The trade accounts receivable facility was terminated on July 7, 2015.

CNX Funding Corporation, a wholly owned, special purpose, bankruptcy-remote subsidiary, buys and sells eligible trade receivables generated by certain subsidiaries of CONSOL Energy. Under the receivables facility, CONSOL Energy and certain subsidiaries, irrevocably and without recourse, sell all of their eligible trade accounts receivable to CNX Funding Corporation, who in turn sells these receivables to financial institutions and their affiliates, while maintaining a subordinated interest in a portion of the pool of trade receivables. This retained interest, which is included in Accounts and Notes Receivable-Trade in the Consolidated Balance Sheets, is recorded at fair value. Due to a short average collection cycle for such receivables, CONSOL Energy's collection experience history and the composition of the designated pool of trade accounts receivable that are part of this program, the fair value of its retained interest approximates the total amount of the designated pool of accounts receivable. CONSOL Energy will continue to service the sold trade receivables for the financial institutions for a fee based upon market rates for similar services.

CONSOL Energy records transactions under the securitization facility as secured borrowings on the Consolidated Balance Sheets. The pledge of collateral is reported as Accounts Receivable - Securitized and the borrowings are classified as debt in Borrowings under Securitization Facility.

At June 30, 2015 and December 31, 2014, eligible accounts receivable totaled \$89,400 and \$77,800, respectively. Outstanding letters of credit were \$49,431 at June 30, 2015 compared to \$60,230, at December 31, 2014. There were outstanding borrowings of \$38,669 at June 30, 2015 and no outstanding borrowings at December 31, 2014.

After taking into account outstanding letters of credit and outstanding borrowings, there remained \$1,300 and \$17,570 in subordinated retained interest at June 30, 2015 and December 31, 2014, respectively. These changes are reflected in the Net Cash Used in Financing Activities section of the Consolidated Statement of Cash Flows. CONSOL Energy's management believes that the letters of credit will expire without being funded, and therefore, the commitments will not have a material adverse effect on the Company's financial condition. No amounts related to these financial guarantees and letters of credit are recorded as liabilities on the financial statements.

The cost of funds under this facility is based upon commercial paper rates or LIBOR, plus a charge for administrative services paid to the financial institutions. Costs associated with the receivables facility totaled \$207 and \$484 for the three months ended June 30, 2015 and 2014 and \$403 and \$484 for the six months ended June 30, 2015 and 2014.

These costs have been recorded as financing fees which are included in Other Costs - Miscellaneous Operating Expense in the Consolidated Statements of Income. No servicing asset or liability has been recorded at June 30, 2015.

NOTE 9—PROPERTY, PLANT AND EQUIPMENT:

	June 30, 2015	December 31, 2014
E&P Property, Plant, and Equipment		
Intangible drilling cost	\$3,252,037	\$2,798,394

Less - Total Company Accumulated Depreciation, Depletion, and Amortization	5,624,326	4,512,305
Total Company Property, Plant and Equipment - Net	\$9,720,001	\$10,162,472

Impairment of Proven Properties

CONSOL Energy performs a quantitative annual impairment test, during the fourth quarter of each year, over proven properties using the published NYMEX forward prices, timing, methods and other assumptions consistent with historical periods. During interim periods, management updates these annual tests whenever events or changes in circumstances indicate that a property's carrying amount may not be recoverable. Throughout the first six months of 2015, spot prices and forward curves for natural gas continued to decline from December 31, 2014 prices, which together with other macro-economic factors in the exploration and production industry were deemed indicators of impairment for all of the Company's natural gas assets. Impairment tests require that the Company first compare future undiscounted cash flows by asset group to their respective carrying values. If the carrying amount exceeds the estimated undiscounted future cash flows, a reduction of the carrying amount of the natural gas properties to their estimated fair values is required, which is determined based on discounted cash flow techniques using a market-specific weighted average cost of capital.

During the quarter ended June 30, 2015, certain of the Company's producing gas properties, primarily shallow oil and gas assets, failed the undiscounted cash flow portion of the test. After performing the discounted cash flow portion of the test, CONSOL Energy recorded an impairment of \$824,742 in the Impairment of Exploration and Production Properties in the Consolidated Statement of Income. Valuation of the impaired assets is a Level 3 measurement as it incorporates significant unobservable inputs,

such as future production levels and operating costs, within the discounted cash flow analysis. The impairment related to approximately 95% of the Company's shallow oil and gas assets in West Virginia and Pennsylvania. The impaired assets now have approximately \$165,900 of carrying value remaining. If gas prices continue to decrease later in 2015, another impairment of these assets, or other natural gas assets, is possible.

Impairment of Unproven Properties

CONSOL Energy evaluates capitalized costs of unproven gas properties for recoverability on a prospective basis. Indicators of potential impairment include potential shifts in business strategy, overall economic factors and historical experience. If it is determined that the properties will not yield proven reserves, the related costs are expensed in the period the determination is made. For the quarter ended June 30, 2015, unproven property impairments relating to the determination that the properties will not yield proven reserves were \$4,163 and are included in the Impairment of Exploration and Production Properties in the Consolidated Statement of Income. Valuation of the impaired assets is a Level 3 measurement as it incorporates significant unobservable inputs, such as future production levels and operating costs, within the discounted cash flow analysis. This impairment primarily relates to the court ruling in June 2015 in the state of New York that officially bans hydraulic fracturing.

Industry Participation Agreements

CONSOL Energy has two significant industry participation agreements (referred to as "joint ventures" or "JVs") that provided drilling and completion carries for the Company's retained interests.

CNX Gas Company LLC (CNX Gas Company), a wholly owned subsidiary of CONSOL Energy, is party to a joint development agreement with Hess Ohio Developments, LLC (Hess) with respect to approximately 153,000 net Utica Shale acres in Ohio in which each party has a 50% undivided interest. Under the agreement, as amended, Hess is obligated to pay a total of approximately \$335,000 in the form of a 50% drilling carry of certain CONSOL Energy working interest obligations as the acreage is developed. As of June 30, 2015, Hess' remaining carry obligation is \$52,075. For the six months ended June 30, 2015 and June 30, 2014, Hess' carry payments to CNX Gas Company reduced capital expenditures by \$47,851 and \$29,984, respectively.

CNX Gas Company is party to a joint development agreement with Noble Energy, Inc. (Noble) with respect to approximately 702,000 net Marcellus Shale oil and gas acres in West Virginia and Pennsylvania, in which each party owns a 50% undivided interest. Under the agreement, as amended, Noble Energy is obligated to pay a total of approximately \$1,846,000 in the form of a one-third drilling carry of certain of CONSOL Energy's working interest obligations as the property is developed, subject to certain limitations. These limitations include the suspension of the carry if average Henry Hub natural gas prices are below \$4.00 per million British thermal units (MMbtu) for three consecutive months. The carry was in effect from March 1, 2014, and remained in effect until November 1, 2014 when average natural gas prices fell below \$4.00/MMbtu for three consecutive months. The carry continues to be suspended. Restrictions also include a \$400,000 annual maximum on Noble Energy's carried cost obligation. As of June 30, 2015, Noble Energy's remaining carry obligation is \$1,624,448. For the six months ended June 30, 2015 and June 30, 2014, Noble's carry payments to CNX Gas Company reduced capital expenditures by \$25,578 and \$25,607, respectively.

NOTE 10—SHORT-TERM NOTES PAYABLE:

CONSOL Energy's current senior secured credit agreement expires on June 18, 2019. The credit facility allows for up to \$2,000,000 of borrowings, which includes a \$750,000 letters of credit sub-limit. CONSOL Energy can request an additional \$500,000 increase in the aggregate borrowing limit amount.

The current facility is secured by substantially all of the assets of CONSOL Energy and certain of its subsidiaries. Fees and interest rate spreads are based on the percentage of facility utilization, measured quarterly. Availability under the facility is limited to a borrowing base, which is determined by the lenders syndication agent and approved by the required number of lenders in good faith by calculating a value of CONSOL Energy's proved gas reserves.

The current facility contains a number of affirmative and negative covenants that limit the Company's ability to dispose of assets, make investments, purchase or redeem CONSOL Energy common stock, pay dividends, merge with another corporation and amend, modify or restate the senior unsecured notes. In May 2015, the facility was amended to allow, among other things, spinoffs, or other public equity offering transactions, in regard to subsidiaries that own metallurgical coal assets and thermal coal assets, and all arrangements, actions and transactions in connection therewith, including releases of associated entities or assets from the Credit Agreement and any liens granted under the loan documents. The Amendment also permits the incurrence of a term loan facility up to an aggregate principal amount of \$600,000 at subsidiaries of the Company that own the thermal coal assets and the incurrence of a revolving credit facility up to an aggregate principal amount of \$300,000 at subsidiaries of the Company that own the metallurgical coal assets.

The facility also requires that CONSOL Energy maintains a minimum interest coverage ratio of 2.50 to 1.00 which is calculated as the ratio of Adjusted EBITDA to cash interest expense of CONSOL Energy and certain of its subsidiaries, measured quarterly. CONSOL Energy must also maintain a minimum current ratio of 1.00 to 1.00 which is calculated as the ratio of current assets, plus revolver availability, to current liabilities excluding borrowings under the revolver and accounts receivable securitization facility, measured quarterly. At June 30, 2015, the interest coverage ratio was 4.65 to 1.00 and the current ratio was 1.38 to 1.00. Further, the credit facility allows unlimited investments in joint ventures for the development and operation of gas gathering systems and permits CONSOL Energy to separate its E&P and coal businesses if the leverage ratio (which is, essentially, the ratio of debt to EBITDA) of the E&P business immediately after the separation would not be greater than 2.75 to 1.00.

At June 30, 2015, the \$2,000,000 facility had \$1,058,000 of borrowings outstanding and \$237,463 of letters of credit outstanding, leaving \$704,537 of unused capacity. At December 31, 2014, the \$2,000,000 facility had no borrowings outstanding and \$244,418 of letters of credit outstanding, leaving \$1,755,582 of unused capacity.

On March 9, 2015, Consol Pennsylvania Coal Company LLC (CPCC) and Conrhein Coal Company (Conrhein) which are wholly owned subsidiaries of the Company, entered into a \$600,000 commitment for a senior secured term loan facility. The facility is secured by the thermal coal assets related to CONSOL Energy's existing Pennsylvania operations along with CONSOL Energy providing a guarantee to the lenders and a pledge of its equity interests in CPCC and Conrhein. The term loan commitment expired on the closing of the CNX Coal Resources LP initial public offering, which was effective on July 7, 2015. CONSOL Energy has recorded \$4,500 within the Other Receivables line item of the Consolidated Balance Sheets as of June 30, 2015 for financing fees that are refundable to the Company.

NOTE 11—LONG-TERM DEBT:

	June 30, 2015	December 31, 2014
Debt:		
Senior notes due April 2020 at 8.25%, issued at par value	\$74,470	\$1,014,800
Senior notes due March 2021 at 6.375%, issued at par value	20,611	250,000
Senior notes due April 2022 at 5.875%, including amortization of bond premium	1,856,062	1,856,506
Senior notes due April 2023 at 8.00%, including amortization of bond discount	492,986	—
MEDCO revenue bonds in series due September 2025 at 5.75%	102,865	102,865
Advance royalty commitments (7.91% weighted average interest rate for June 30, 2015 and December 31, 2014)	13,473	13,473
Other long-term note maturing in 2018 (total value of \$3,784 and \$4,473 less unamortized discount of \$473 and \$643 at June 30, 2015 and December 31, 2014, respectively).	3,311	3,830
	2,563,778	3,241,474
Less amounts due in one year *	5,100	5,052
Long-Term Debt	\$2,558,678	\$3,236,422

* Excludes current portion of Capital Lease Obligations of \$8,301 and \$7,964 at June 30, 2015 and December 31, 2014, respectively.

Accrued interest related to Long-Term Debt of \$37,108 and \$51,159 was included in Other Accrued Liabilities in the Consolidated Balance Sheets at June 30, 2015 and December 31, 2014, respectively.

Edgar Filing: CONSOL Energy Inc - Form 10-Q

On March 30, 2015, CONSOL Energy closed on the private placement of \$500,000 of 8.00% senior notes due 2023 (the "Notes") less \$7,240 of unamortized bond discount. The Notes are guaranteed by substantially all of CONSOL Energy's wholly-owned domestic restricted subsidiaries. CONSOL Energy used the net proceeds of the sale of the Notes, together with borrowings under its revolving credit facility, to purchase \$937,822 of its outstanding 8.25% senior notes due 2020 and \$229,176 of its outstanding 6.375% senior notes due 2021. As part of this transaction, \$67,734 was included in Loss on Debt Extinguishment on the Consolidated Statement of Income.

On April 7, 2015 CONSOL Energy purchased \$2,508 of its outstanding 8.25% senior notes due 2020 and \$213 of its outstanding 6.375% senior notes due 2021. As part of this transaction, \$17 was included in Loss on Debt Extinguishment on the

Consolidated Statement of Income.

On April 16, 2014 CONSOL Energy purchased all the 8.00% senior notes that were due 2017 at an average premium of 1.04%. As part of this transaction \$74,277 was included in Loss on Debt Extinguishment on the Consolidated Statement of Income.

NOTE 12—COMMITMENTS AND CONTINGENT LIABILITIES:

CONSOL Energy and its subsidiaries are subject to various lawsuits and claims with respect to such matters as personal injury, wrongful death, damage to property, exposure to hazardous substances, governmental regulations including environmental remediation, employment and contract disputes and other claims and actions arising out of the normal course of business. We accrue the estimated loss for these lawsuits and claims when the loss is probable and can be estimated. Our current estimated accruals related to these pending claims, individually and in the aggregate, are immaterial to the financial position, results of operations or cash flows of CONSOL Energy. It is possible that the aggregate loss in the future with respect to these lawsuits and claims could ultimately be material to the financial position, results of operations or cash flows of CONSOL Energy; however, such amounts cannot be reasonably estimated. The amount claimed against CONSOL Energy is disclosed below when an amount is expressly stated in the lawsuit or claim, which is not often the case. The maximum aggregate amount claimed in those lawsuits and claims, regardless of probability, where a claim is expressly stated or can be estimated, exceeds the aggregate amounts accrued for all lawsuits and claims by approximately \$539,196.

The following lawsuits and claims include those for which a loss is probable and an accrual has been recognized:

Hale Litigation: This class action lawsuit was filed on September 23, 2010 in the U.S. District Court in Abingdon, Virginia. The putative class consists of forced-pooled unleased gas owners whose ownership of the coalbed methane (CBM) gas was declared to be in conflict with rights of others. The lawsuit seeks a judicial declaration of ownership of the CBM and damages based on allegations CNX Gas Company failed to either pay royalties due to conflicting claimants, or deemed lessors or paid them less than required because of the alleged practice of improper below market sales and/or taking alleged improper post-production deductions. On September 30, 2013, the District Judge entered an Order certifying the class, and CNX Gas Company appealed the Order to the U.S. Fourth Circuit Court of Appeals. On August 19, 2014, the Fourth Circuit agreed with CNX Gas Company, reversed the Order certifying the class and remanded the case to the trial court for further proceedings consistent with the decision. On April 23, 2015, Plaintiffs filed a Renewed Motion for Class Certification, and on June 23, 2015 CNX Gas Company filed its Opposition to same. The Court has set aside September 8 - 10, 2015 for a class certification hearing. CONSOL Energy continues to believe this action cannot properly proceed as a class action in any form, believes the case has meritorious defenses, and intends to defend it vigorously. The Company has established an accrual to cover its estimated liability for this case. This accrual is immaterial to the overall financial position of CONSOL Energy and is included in Other Accrued Liabilities on the Consolidated Balance Sheets.

Addison Litigation: This class action lawsuit was filed on April 28, 2010 in the United States District Court in Abingdon, Virginia. The putative class consists of gas lessors whose gas ownership is in conflict. The lawsuit seeks a judicial declaration of ownership of the CBM and damages based on the allegations that CNX Gas Company failed to either pay royalties due these conflicting claimant lessors or paid them less than required because of the alleged practice of improper below market sales and/or taking alleged improper post-production deductions. On September 30, 2013, the District Judge entered an Order certifying the class, and CNX Gas Company appealed the Order to the U.S. Court of Appeals for the Fourth Circuit. On August 19, 2014, the Fourth Circuit agreed with CNX Gas Company, reversed the Order certifying the class and remanded the case to the trial court for further proceedings consistent with the decision. On April 23, 2015, Plaintiffs filed a Renewed Motion for Class Certification, and on June 23, 2015 CNX Gas Company filed its Opposition to same. The Court has set aside September 8 - 10, 2015 for a class certification hearing. CONSOL Energy continues to believe this action cannot properly proceed as a class action in any form,

believes the case has meritorious defenses, and intends to defend it vigorously. The Company has established an accrual to cover its estimated liability for this case. This accrual is immaterial to the overall financial position of CONSOL Energy and was included in Other Accrued Liabilities on the Consolidated Balance Sheets.

Clean Water Act - Bailey Mine. The Company received from the U.S. EPA on April 8, 2011, a request for information relating to National Pollutant Discharge Element System (NPDES) Permit compliance at the Company's Bailey and Enlow Fork Mines. In response, Consol Pennsylvania Coal Company submitted water discharge monitoring and other data to the EPA. The investigation has focused primarily on exceedances at three discharge points: Pond 12, Pond 2 and Pond 13. In early 2013, the case was referred to the U.S. Department of Justice (DOJ), and Pennsylvania Department of Environmental Protection (PA DEP) also became involved. On December 18, 2014, the DOJ provided the Company a proposed Consent Decree to resolve certain Clean Water Act and Clean Streams Law claims against CONSOL Energy, Inc. and Consol Pennsylvania Coal Company with respect to the Bailey Mine Complex. The parties continue to negotiate the terms of the proposed Consent Decree. The Company has established an accrual to cover its estimated liability in this matter. This accrual is immaterial to the overall financial position of CONSOL Energy and was included in Other Accrued Liabilities on the Consolidated Balance Sheets.

The following royalty and land rights lawsuits and claims include those for which a loss is reasonably possible, but not probable, and accordingly, an accrual may not have been recognized. These claims are influenced by many factors which prevent the estimation of a range of potential loss. These factors include, but are not limited to, generalized allegations of unspecified damages (such as improper deductions), discovery having not commenced or not having been completed, unavailability of expert reports on damages and non-monetary issues are being tried. For example, in instances where a gas lease termination is sought, damages would depend on speculation as to if and when the gas production would otherwise have occurred, how many wells would have been drilled on the lease premises, what their production would be, what the cost of production would be, and what the price of gas would be during the production period. An estimate is calculated, if applicable, when sufficient information becomes available.

Virginia Mine Void Litigation: The Company is currently defending four lawsuits naming Consolidation Coal Company (CCC), Island Creek Coal Company (ICCC), CNX Gas Company, and/or CONSOL Energy. All of the lawsuits are pending in the U. S. District Court for the Western District of Virginia. The Complaints seek damages and injunctive relief in connection with the transfer of water from mining activities at Buchanan Mine into void spaces in inactive ICCC mines adjacent to the Buchanan operations, voids ostensibly underlying plaintiffs' properties. While some of the plaintiffs have an ownership interest in the coal, others have some interest in one or more of the fee, surface, coal, oil/gas or other mineral estates. The suits allege the water storage precludes access to and has damaged coal, impeded coalbed methane gas production and was made without compensation to the property owners. Plaintiffs seek recovery in tort, contract and trespass *assumpsit* (quasi-contract). The suits each seek damages between \$50,000 and in excess of \$100,000 plus punitive damages. The Company intends to vigorously defend these suits.

Kennedy Litigation: The Company is a party to a case filed on March 26, 2008 captioned Earl Kennedy (and others) v. CNX Gas Company and CONSOL Energy in the Court of Common Pleas of Greene County, Pennsylvania. The lawsuit alleges that CNX Gas Company and CONSOL Energy trespassed and converted gas and other minerals allegedly belonging to the plaintiffs in connection with wells drilled by CNX Gas Company. The complaint, as amended, seeks injunctive relief, including removing CNX Gas Company from the property, and compensatory damages of \$20,000. The suit also sought to overturn existing law as to the ownership of coalbed methane in Pennsylvania, but that claim was dismissed by the court. The suit further sought a determination that the Pittsburgh No. 8 coal seam does not include the "roof/rider" coal. The court held a bench trial on the "roof/rider" coal issue in November 2011 and ruled in favor of CNX Gas Company and CONSOL Energy. On March 3, 2014, the Company won summary judgment on Counts 1 through 10 of the Amended Complaint, each relating to the alleged trespass of horizontal CBM wells into strata other than the Pittsburgh 8 Seam. The last remaining Count, seeking to quiet title to approximately 40 acres of Pittsburgh Seam coal, was nonsuited by Plaintiffs, without prejudice, on March 26, 2014. Plaintiffs filed Notices of Appeal with the Pennsylvania Superior Court. On April 22, 2015, the Superior Court issued its decision, affirming each of the orders and judgments entered in favor of CONSOL by the trial court. Plaintiffs have filed a Petition for Allowance of Appeal with the Pennsylvania Supreme Court, which has not yet decided whether to grant the appeal.

Rowland Litigation: Rowland Land Company filed a complaint in May 2011 against CONSOL Energy, CNX Gas Company, Dominion Resources Inc., and EQT Production Company (EQT) in Raleigh County Circuit Court, West Virginia. Rowland is the lessor on a 33,000 acre oil and gas lease in southern West Virginia. EQT was the original lessee, but farmed out the development of the lease to Dominion Resources in exchange for an overriding royalty. Dominion Resources sold the indirect subsidiary that held the lease to a subsidiary of CONSOL Energy on April 30, 2010. Subsequent to that acquisition, the subsidiary that held the lease was merged into CNX Gas Company as part of an internal reorganization. Rowland alleges that (i) Dominion Resources' sale of the subsidiary to CONSOL Energy was a change in control that required its consent under the terms of the farmout agreement and lease, and/or (ii) the subsequent merger of the subsidiary into CNX Gas Company was an assignment that required its consent under the lease. The parties have reached a settlement in principle of this matter, which will be dismissed with prejudice. At June 30, 2015, CONSOL Energy has provided the following financial guarantees, unconditional purchase obligations and letters of credit to certain third parties, as described by major category in the following table. These

amounts represent the maximum potential total of future payments that the Company could be required to make under these instruments. These amounts have not been reduced for potential recoveries under recourse or collateralization provisions. Generally, recoveries under reclamation bonds would be limited to the extent of the work performed at the time of the default. No amounts related to these financial guarantees and letters of credit are recorded as liabilities in the financial statements. CONSOL Energy management believes that these guarantees will expire without being funded, and therefore the commitments will not have a material adverse effect on financial condition.

	Amount of Commitment Expiration Per Period				
	Total Amounts Committed	Less Than 1 Year	1-3 Years	3-5 Years	Beyond 5 Years
Letters of Credit:					
Employee-Related	\$95,026	\$40,359	\$54,667	\$—	\$—
Environmental	4,786	3,058	1,728	—	—
Other	187,082	151,185	35,897	—	—
Total Letters of Credit	286,894	194,602	92,292	—	—
Surety Bonds:					
Employee-Related	115,199	115,199	—	—	—
Environmental	547,782	546,876	906	—	—
Other	24,578	24,404	173	—	1
Total Surety Bonds	687,559	686,479	1,079	—	1
Guarantees:					
Coal	83,500	66,800	16,700	—	—
Other	80,914	41,604	15,871	12,562	10,877
Total Guarantees	164,414	108,404	32,571	12,562	10,877
Total Commitments	\$1,138,867	\$989,485	\$125,942	\$12,562	\$10,878

Included in the above table are commitments and guarantees entered into in conjunction with the sale of Consolidation Coal Company and certain of its subsidiaries, which contain all five of its longwall coal mines in West Virginia, and its river operations to a subsidiary of Murray Energy Corporation (Murray Energy). As part of the sales agreement, CONSOL Energy has guaranteed certain equipment lease obligations and coal sales agreements that were assumed by Murray Energy. In the event that Murray Energy would default on the obligations defined in the agreements, CONSOL Energy would be required to perform under the guarantees. If CONSOL Energy would be required to perform, the stock purchase agreement provides various recourse actions. At June 30, 2015, and December 31, 2014, the fair value of these guarantees were \$1,195 and \$1,275, respectively, and are included in Other Accrued Liabilities on the Consolidated Balance Sheets. The fair value of certain of the guarantees was determined using CONSOL Energy's risk adjusted interest rate. Significant increases or decreases in the risk-adjusted interest rates may result in a significantly higher or lower fair value measurement. Coal sales agreement guarantees were valued based on an evaluation of coal market pricing compared to contracted sales price and includes an adjustment for nonperformance risk. No other amounts related to financial guarantees and letters of credit are recorded as liabilities in the financial statements. Significant judgment is required in determining the fair value of these guarantees. The guarantees of the leases and sales agreements are classified within Level 3 of the fair value hierarchy.

CONSOL Energy regularly evaluates the likelihood of default for all guarantees based on an expected loss analysis and records the fair value, if any, of its guarantees as an obligation in the consolidated financial statements. CONSOL Energy and CNX Gas Company enter into long-term unconditional purchase obligations to procure major equipment purchases, natural gas firm transportation, gas drilling services and other operating goods and services. These purchase obligations are not recorded on the Consolidated Balance Sheets. As of June 30, 2015, the purchase obligations for each of the next five years and beyond were as follows:

Obligations Due	Amount
Less than 1 year	\$225,158
1 - 3 years	295,495
3 - 5 years	192,339
More than 5 years	604,418
Total Purchase Obligations	\$1,317,410

NOTE 13—DERIVATIVE INSTRUMENTS:

CONSOL Energy enters into financial derivative instruments to manage its exposure to commodity price volatility. CONSOL Energy de-designated all of its cash flow hedges on December 31, 2014 and accounts for all existing and future gas commodity hedges on a mark-to-market basis with changes in fair value recorded in current period earnings. In connection with this change, CONSOL Energy froze the balances recorded in Accumulated Other Comprehensive Income at December 31, 2014 and will reclassify balances to earnings as the underlying physical transactions occur, unless it is no longer probable that the physical transaction will occur at which time the related Other Comprehensive Income (OCI) will be immediately recorded in earnings. In November 2014, CONSOL Energy entered into basis only swaps that did not qualify for hedge accounting. These swaps were entered into to decrease the risk related to pricing differentials between local markets and NYMEX.

CONSOL Energy is exposed to credit risk in the event of nonperformance by counterparties. The creditworthiness of counterparties is subject to continuing review. The Company has not experienced any issues of non-performance by derivative counterparties.

None of the Company's counterparty master agreements currently require CONSOL Energy to post collateral for any of its hedges. However, as stated in the counterparty master agreements, if CONSOL Energy's obligations with one of its counterparties cease to be secured on the same basis as similar obligations with the other lenders under the credit facility, CONSOL Energy would have to post collateral for hedges in a liabilities position in excess of defined thresholds. All of the Company's derivative instruments are subject to master netting arrangements with our counterparties. CONSOL Energy recognizes all financial derivative instruments as either assets or liabilities at fair value on the Consolidated Balance Sheets on a gross basis.

Each of CONSOL Energy's counterparty master agreements allows, in the event of default, the ability to elect early termination of outstanding contracts. If early termination is elected, CONSOL Energy and the applicable counterparty would net settle all open hedge positions.

CONSOL Energy's commodity derivative instruments accounted for a total notional amount of production of 220.0 bcf at June 30, 2015 and are forecasted to settle through 2017. At December 31, 2014, the commodity derivative instruments accounted for a total notional amount of production of 215.9 Bcf. At June 30, 2015, the basis only swaps were for notional amounts of 6.8 Bcf and are forecasted to settle through 2016. At December 31, 2014, the basis only swaps were for notional amounts of 10.6 Bcf.

The gross fair value of CONSOL Energy's derivative instruments at June 30, 2015 and December 31, 2014 were as follows:

	Asset Derivative Instruments		Liability Derivative Instruments		
	June 30, 2015	December 31, 2014	June 30, 2015	December 31, 2014	
Commodity Derivative Instruments					
Prepaid Expense	\$117,002	\$123,676	Other Liabilities	\$2,359	\$—
Other Assets	49,899	68,656	Other Accrued Liabilities	1,342	—
Total Asset:	\$166,901	\$192,332	Total Liability	\$3,701	\$—
Basis Only Swaps					
Prepaid Expense	\$2,770	\$1,064	Other Accrued Liabilities	\$1,267	\$327

The commodity derivative instruments resulted in a loss of \$27,370 being recorded in Unrealized (Loss) Gain on Commodity Derivative Instruments on the Consolidated Statements of Income for the three months ended June 30, 2015. No gain or loss was recorded for the three months ended June 30, 2014. A gain of \$34,261 was recorded to Unrealized (Loss) Gain on Commodity Derivative Instruments on the Consolidated Statements of Income for the six months ended June 30, 2015. No gain or loss was recorded for the six months ended June 30, 2014.

The basis only swaps resulted in a gain of \$2,434 being recorded in Unrealized (Loss) Gain on Commodity Derivative Instruments on the Consolidated Statements of Income for the three months ended June 30, 2015. No gain or loss was recorded for the three months ended June 30, 2014. A gain of \$807 was recorded to Unrealized (Loss) Gain on Commodity Derivative Instruments on the Consolidated Statements of Income for the six months ended June 30, 2015. No gain or loss was recorded for the six months ended June 30, 2014.

The derivative instruments in which CONSOL Energy discontinued cash flow hedging had an effect on the Consolidated Statements of Income and the Consolidated Statements of Stockholders' Equity, net of tax, as follows:

	Three Months Ended June 30,	
	2015	2014
Natural Gas Price Swaps and Options		
Beginning Balance – Accumulated OCI	\$102,207	\$11,841
Gain/(Loss) recognized in Accumulated OCI	—	(12,218)
Amounts reclassified from Accumulated OCI (Net of tax: \$12,103, (\$6,642))	(20,804)) 6,951
Ending Balance – Accumulated OCI	\$81,403	\$6,574
Gain recognized in Outside Sales for ineffectiveness *	\$—	\$508
	Six Months Ended June 30,	
	2015	2014
Natural Gas Price Swaps and Options		
Beginning Balance – Accumulated OCI	\$121,521	\$42,493
Gain/(Loss) recognized in Accumulated OCI	—	(59,183)
Amounts reclassified from Accumulated OCI (Net of tax: \$23,316, (\$17,593))	(40,118)) 23,264
Ending Balance – Accumulated OCI	\$81,403	\$6,574
Gain recognized in Outside Sales for ineffectiveness *	\$—	\$863

* No amounts were excluded from effectiveness testing of cash flow hedges.

CONSOL Energy expects to reclassify an additional \$37,934, net of tax of \$21,738, out of Accumulated Other Comprehensive Income over the remaining period ended December 31, 2015.

NOTE 14—FAIR VALUE OF FINANCIAL INSTRUMENTS:

CONSOL Energy determines the fair value of assets and liabilities based on the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. The fair values are based on assumptions that market participants would use when pricing an asset or liability, including assumptions about risk and the risks inherent in valuation techniques and the inputs to valuations. The fair value hierarchy is based on whether the inputs to valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources (including NYMEX forward curves, LIBOR-based discount rates and basis forward curves), while unobservable inputs reflect the Company's own assumptions of what market participants would use.

The fair value hierarchy includes three levels of inputs that may be used to measure fair value as described below:

Level One - Quoted prices for identical instruments in active markets.

Level Two - The fair value of the assets and liabilities included in Level Two are based on standard industry income approach models that use significant observable inputs, including NYMEX forward curves, LIBOR-based discount rates and basis forward curves.

Level Three - Unobservable inputs significant to the fair value measurement supported by little or no market activity. The significant unobservable inputs used in the fair value measurement of the Company's third party guarantees are the credit risk of the third party, and the third party surety bond markets. A significant increase or decrease in these values, in isolation, would have a directionally similar effect resulting in higher or lower fair value measurement of the Company's Level Three guarantees.

In those cases when the inputs used to measure fair value meet the definition of more than one level of the fair value hierarchy, the lowest level input that is significant to the fair value measurement in its totality determines the applicable level in the fair value hierarchy.

The financial instruments measured at fair value on a recurring basis are summarized below:

Description	Fair Value Measurements at June 30, 2015			Fair Value Measurements at December 31, 2014		
	(Level 1)	(Level 2)	(Level 3)	(Level 1)	(Level 2)	(Level 3)
Gas Derivatives	\$—	\$ 164,703	\$—	\$—	\$ 193,069	\$—
Murray Energy Guarantees	\$—	\$—	\$ 1,195	\$—	\$—	\$ 1,275

The following methods and assumptions were used to estimate the fair value for which the fair value option was not elected:

Cash and cash equivalents: The carrying amount reported in the Consolidated Balance Sheets for cash and cash equivalents approximates its fair value due to the short-term maturity of these instruments.

Short-term notes payable: The carrying amount reported in the Consolidated Balance Sheets for short-term notes payable approximates its fair value due to the short-term maturity of these instruments.

Borrowings under Securitization Facility: The carrying amount reported in the Consolidated Balance Sheets for borrowings under the securitization facility approximates its fair value due to the short-term maturity of these instruments.

Long-term debt: The fair value of long-term debt is measured using unadjusted quoted market prices or estimated using discounted cash flow analyses. The discounted cash flow analyses are based on current market rates for instruments with similar cash flows.

The carrying amounts and fair values of financial instruments for which the fair value option was not elected are as follows:

	June 30, 2015		December 31, 2014	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Cash and Cash Equivalents	\$ 10,031	\$ 10,031	\$ 176,989	\$ 176,989
Short-Term Notes Payable	\$(1,058,000)	\$(1,058,000)	\$—	\$—
Borrowings Under Securitization Facility	\$(38,669)	\$(38,669)	\$—	\$—
Long-Term Debt	\$(2,563,778)	\$(2,263,935)	\$(3,241,474)	\$(3,169,154)

Cash and cash equivalents represent highly-liquid instruments and constitute Level 1 fair value measurements. Certain of the Company's debt is actively traded on a public market and, as a result, constitute Level 1 fair value measurements. The portion of the Company's debt obligations that are not actively traded are valued through reference to the applicable underlying benchmark rate and, as a result, constitute Level 2 fair value measurements.

NOTE 15—SEGMENT INFORMATION:

CONSOL Energy consists of two principal business divisions: Exploration and Production (E&P) and Coal. The principal activity of the E&P division, which includes four reportable segments, is to produce pipeline quality natural gas for sale primarily to gas wholesalers. The E&P division's reportable segments are Marcellus, Utica, Coalbed Methane, and Other Gas. The Other Gas segment is primarily related to shallow oil and gas production as well as Upper Devonian Shale, and includes the Company's purchased gas activities and general and administrative activities, as well as various other activities assigned to the E&P division but not allocated to each individual well type.

The principal activities of the Coal division, which includes three reportable segments, are mining, preparation and marketing of thermal coal, sold primarily to power generators, and metallurgical coal, sold to metal and coke producers. The Coal division's reportable segments are Pennsylvania (PA) Operations, Virginia (VA) Operations, and Other Coal. Each of these reportable segments includes a number of operating segments (individual mines). For the three and six months ended June 30, 2015, the PA Operations aggregated segment includes the following mines: Bailey Mine, Enlow Fork Mine, and Harvey Mine and the corresponding preparation plant facilities. For the three and six months ended June 30, 2015, the VA Operations aggregated segment includes the Buchanan Mine and the corresponding preparation plant facilities. For the three and six months ended June 30, 2015, the Other Coal segment includes the Miller Creek Complex, coal terminal operations, the Company's purchased coal activities, idled mine activities and general and administrative activities, as well as various other activities assigned to the Coal division but not allocated to each individual mine.

CONSOL Energy's All Other division includes expenses from various other corporate activities that are not allocated to the E&P or Coal divisions.

In the preparation of the following information, intersegment sales have been recorded at amounts approximating market. Operating profit for each segment is based on sales less identifiable operating and non-operating expenses. Assets are reflected at the division level for E&P and are not allocated between each individual E&P segment. These assets are not allocated to each individual segment due to the diverse asset base controlled by CONSOL Energy, whereby each individual asset may service more than one segment within the division. An allocation of such asset base would not be meaningful or representative on a segment by segment basis.

Edgar Filing: CONSOL Energy Inc - Form 10-Q

Industry segment results for the three months ended June 30, 2015 are:

	Marcellus Shale	Utica Shale	Coalbed Methane	Other Gas	Total E&P	PA Operations	VA Operations	Other Coal	Total Coal	All Other
