Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.

On December 20, 2012, Pure Bioscience, Inc. (the “Company”), received a deficiency letter (the “Notification Letter”) from The NASDAQ Stock Market (“NASDAQ”) notifying the Company that it no longer meets NASDAQ’s requirements for continued listing on the NASDAQ Capital Market under NASDAQ Listing Rule 5550(a)(2) (the “Bid Price Rule”) because the minimum bid price of the Company’s common stock has not equaled or exceeded \$1.00 at least once over a period of 30 consecutive business days. The Notification Letter does not impact the Company’s listing on the NASDAQ Capital Market at this time and the Company’s common stock will continue to trade on the NASDAQ Capital Market under the symbol “PURE.”

NASDAQ explained in the Notification Letter that under NASDAQ Listing Rule 5810(c)(3)(A), the Company will be afforded 180 calendar days, or until June 18, 2013, to regain compliance with the Bid Price Rule. To regain compliance, the closing bid price of the Company’s common stock must meet or exceed \$1.00 per share for at least 10 consecutive business days during that 180-day period. If the Company does not regain compliance by June 18, 2013, then NASDAQ will provide written notification to the Company that the Company’s common stock will be subject to delisting from the NASDAQ Capital Market. The Company may, however, be eligible for an additional grace period of 180 calendar days if it satisfies the continued listing requirement for market value of publicly held shares and all other initial listing standards (with the exception of the Bid Price Rule) for listing on the NASDAQ Capital Market, and submits a timely notification to NASDAQ of its intention to cure the deficiency during the second compliance period, by effecting a reverse stock split, if necessary. The Company may also appeal NASDAQ’s delisting determination to a NASDAQ Hearings Panel.

The Company intends to actively monitor the bid price of its common stock and will consider available options to resolve the deficiency and regain compliance with NASDAQ requirements. Such actions could include implementation of a reverse split of the Company’s common stock, which would need to be authorized by the Company’s stockholders, or other possible actions. The Company has not yet determined what action or actions it may pursue to regain compliance with NASDAQ’s continued listing requirements, and there can be no assurance that the Company will be able to regain compliance with NASDAQ’s continued listing requirements.
