Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On January 30, 2015, the Company issued Convertible Promissory Notes in the principal amount of \$50,000 with a fixed floor conversion price (the "Notes") and three year options to purchase 10,000,000 shares of the Company's Common Stock at \$.005 per share (the "Options") to each of four investors (each an "Investor" and together "Investors"). In consideration for the sale of the Notes and the Options, the Company received total cash proceeds of \$200,000. The Investors approached the Company with the transaction; there was no broker-dealer involved and no commission was paid to a third party. Each of the Notes bears interest on its outstanding principal amount at the rate of 10% per annum. Principal and interest payments on the Notes are to be made quarterly by the Company commencing June 30, 2015 out of fixed percentages of certain types of potential revenues related to sand. The Company retains the right to use other cash flows to repay the Notes. The maturity date of the Notes is January 30, 2018 at which time all outstanding principal and accrued interest shall be due.

The Notes are convertible into shares of Common Stock of the Company at a fixed conversion price of \$0.0025 per share, subject to adjustment for stock splits, stock dividends, recapitalizations and reorganizations. The Notes may be prepaid by the Company, without premium or penalty. Upon a notice of prepayment from the Company, the Investor has the right to decline receipt of such prepayment and instead convert an equivalent amount to Common Stock.

The cash exercise price of the Options is also subject to adjustment upon the occurrence of stock splits, stock dividends, recapitalizations and reorganizations.
