-

Item 2.02. Results of Operations and Financial Condition.

On December 2, 2004, Inverness Medical Innovations, Inc. (the Company) issued a press release entitled Inverness Medical Innovations Announces Plan to Restate Previously Issued Financial Statements, a copy of which is attached as Exhibit 99.1 to this Current Report on Form 8-K and incorporated by reference herein. Additional disclosures relating to the matters discussed in the press release are included below under Item 4.02, Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

Item 4.02. Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On November 29, 2004, the Audit Committee of the Company's Board of Directors (the Audit Committee) concluded that certain of the Company's previously issued financial statements must be restated because they contain an unintentional error in the application of accounting principles generally accepted in the United States (GAAP) relating to the Company's calculation of its provision for income taxes and the related deferred tax assets. The Audit Committee reached its conclusion after discussions with management and the Company's independent auditor, who agreed that under GAAP the Company should have recorded a valuation reserve against the deferred tax assets associated with certain net operating loss carryforwards. The correction of this error will result in incremental non-cash provisions of income taxes.

The Audit Committee has discussed with the Company's independent auditor the matters disclosed in this filing.

The previously issued financial statements of the Company which must be restated as a result of the error described above and should no longer be relied upon are its audited financial statements for the fiscal years ending December 31, 2002 and 2003 and the Company's unaudited financial statements for interim periods during fiscal years 2002, 2003 and 2004. The Company will file amended reports (including restated financial statements) with the Securities and Exchange Commission.

Item 9.01. Financial Statements and Exhibits.
