**Safe Harbor: Forward-Looking Statements**

This presentation contains forward-looking statements, including, among other statements, statements regarding the proposed business combination between Boston Scientific Corporation and Guidant Corporation, and the anticipated consequences and benefits of such transaction. Statements made in the future tense, and words such as anticipate, expect, project, believe, plan, estimate, intend, will, may and similar expressions are intended to identify forward looking statements. These statements are based on current expectations, but are subject to certain risks and uncertainties, many of which are difficult to predict and are beyond the control of Boston Scientific. Relevant risks and uncertainties include those referenced in Boston Scientific's filings with the Securities and Exchange Commission (SEC) (which can be obtained as described in Additional Information below), and include: general industry conditions and competition; economic conditions, such as interest rate and currency exchange rate fluctuations; technological advances and patents attained by competitors; challenges inherent in new product development, including obtaining regulatory approvals; domestic and foreign health care reforms and governmental laws and regulations; and trends toward health care cost containment. Risks and uncertainties relating to the proposed transaction include: Boston Scientific and Guidant will not enter into any definitive agreement with respect to the proposed transaction; required regulatory approvals will not be obtained in a timely manner, if at all; the proposed transaction will not be consummated; the anticipated benefits of the proposed transaction will not be realized; and the integration of Guidant's operations with Boston Scientific will be materially delayed or will be more costly or difficult than expected. These risks and uncertainties could cause actual results to differ materially from those expressed in or implied by the forward-looking statements, and therefore should be carefully considered. Boston Scientific assumes no obligation to update any forward-looking statements as a result of new information or future events or developments.

**Safe Harbor: Additional Information**

This material is not a substitute for the prospectus/proxy statement and any other documents Boston Scientific and Guidant would file with the SEC if a definitive agreement with Guidant is executed. Investors and security holders are urged to read such prospectus/proxy statement and any other such documents, when available, which would contain important information about the proposed transaction. The prospectus/proxy statement would be, and other documents filed or to be filed by Boston Scientific and Guidant with the SEC are or will be, available free of charge at the SEC's website ([www.sec.gov](http://www.sec.gov)) or from Boston Scientific by directing a request to Boston Scientific Corporation, One Boston Scientific Place, Natick, Massachusetts 01760-1537, Attention: Milan Kofol, Investor Relations.

Boston Scientific is not currently engaged in a solicitation of proxies from the security holders of Boston Scientific or Guidant in connection with Boston Scientific's proposed acquisition of Guidant or in connection with Johnson & Johnson's proposed acquisition of Guidant. If a proxy solicitation commences, Boston Scientific, Guidant and their respective directors, executive officers and other employees may be deemed to be participants in such solicitation. Information about Boston Scientific's directors and executive officers is available in Boston Scientific's proxy statement, dated April 4, 2005, for its 2005 annual meeting of stockholders. Additional information about the interests of potential participants will be included in the prospectus/proxy statement Boston Scientific and Guidant would file if a definitive agreement with Guidant is executed.

---

(1) *Based on J&J's closing price of \$61.21 on December 2, 2005, and J&J's revised offer of 0.493 J&J share and \$33.25 cash per Guidant share.*

**Strength of the BSC Proposal:**

**Certainty of Completion**

Committed financing

Divestiture plan

BSC is prepared to divest the Guidant vascular intervention and endovascular businesses while retaining shared rights to Guidant's drug eluting stent program, which it expects will address any competition concerns

BSC Shareholder support

Entities affiliated with BSC founders holding approximately 30% of BSC shares fully support the proposed transaction

Timing: Q1 2006 expected close

Confirmatory due diligence in December

**Financial Rationale**

Accelerates top and bottom line long-term growth rate

Cash EPS(1) accretive in 2008

Significant synergies opportunity including reprioritization of current BSC spend

Steady, diversified cash flow: 2006 EBITDA of greater than \$3 billion for combined entity

Rapid de-leveraging to achieve nearly zero net debt by 2009

Working with rating agencies regarding capital structure to retain an investment grade rating

---

(1) *Cash EPS is defined as earnings per share excluding (i) incremental amortization of purchased intangibles, depreciation of written-up PP&E and purchased in-process R&D resulting from purchase accounting, (ii) standalone amortization of intangibles, and (iii) non-recurring expenses.*

**Opportunity to Enhance Value for Current  
and Future BSC Shareholders**
