PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

To Be Held August 2, 2007

SOLICITATION OF PROXIES

This Proxy Statement is furnished in connection with the solicitation of proxies by the board of directors of Encision Inc., a Colorado corporation, for use at our Annual Meeting of Shareholders to be held at 10:00 A.M. Mountain Time, on August 2, 2007, at the offices of Faegre & Benson LLP, 1900 Fifteenth Street, Boulder, Colorado, 80302 and at any and all adjournments of such meeting.

If the enclosed Proxy Card is properly executed and returned in time to be voted at the meeting, the shares of common stock represented will be voted in accordance with the instructions contained therein. Executed Proxy Cards that contain no instructions will be voted for each of the nominees for director indicated herein. It is anticipated that this Proxy Statement and the accompanying Proxy Card and Notice of Annual Meeting will be mailed to our shareholders on or about June 30, 2007.

Shareholders who execute proxies for the Annual Meeting may revoke their proxies at any time prior to their exercise by delivering written notice of revocation to our secretary, by delivering a duly executed Proxy Card bearing a later date, or by attending the meeting and voting in person.

We will bear the costs of the meeting, including the costs of preparing and mailing the Proxy Statement, Notice of Annual Meeting and Proxy Card. We may, in addition, use the services of its directors, officers and employees to solicit proxies, personally or by telephone, but at no additional salary or compensation. We will also request banks, brokers, and others who hold shares of our common stock in nominee names to distribute annual reports and proxy soliciting materials to beneficial owners, and we will reimburse such banks and brokers for reasonable out-of-pocket expenses which they may incur in so doing.

OUTSTANDING CAPITAL STOCK

The record date for shareholders entitled to vote at the Annual Meeting was June 8, 2007. At the close of business on that day, there were 6,430,437 shares of our common stock, no par value, outstanding and entitled to vote at the meeting. Each share of common stock is entitled to one vote.

QUORUM AND VOTING

The presence in person or by proxy of the holders of a majority of the total issued and outstanding shares of our common stock that are entitled to be voted at the Annual Meeting is necessary in order to constitute a quorum for the meeting. Abstentions and broker non-votes will be counted for purposes of attaining a quorum. If a quorum is present, the affirmative vote of a majority of the shares represented at the meeting and entitled to vote will be required to elect directors and approve any other matter to be voted on by the shareholders at the meeting. Thus, abstentions and broker non-votes have the same effect as a vote against a particular proposal.

ACTIONS TO BE TAKEN AT THE MEETING

The accompanying proxy, unless the shareholder otherwise specifies in the proxy, will be voted (1) FOR the election of each of the seven nominees named herein for the office of Director, (2) FOR the approval of our 2007 Stock Option Plan, (3) FOR ratification of the appointment of Gordon, Hughes & Banks, LLP as our independent public accountants and (4) at the discretion of the proxy holders, on any other matter that may properly come before the meeting or any adjournment thereof.

If shareholders have appropriately specified how their proxies are to be voted, they will be voted accordingly. If any other matter of business is brought before the meeting, the proxy holders may vote the proxies at their discretion. The directors do not know of any such other matter of business.

SHAREHOLDER PROPOSALS

Shareholder proposals intended for presentation at our 2008 Annual Meeting of Shareholders, including shareholder recommendation for nominees for election to our board of directors, must be received by us at our offices in Boulder, Colorado, not later than May 16, 2008, and in order for any such proposal to be included in our Proxy Statement for the 2008 Annual Meeting of Shareholders, such proposal must be received by us no later than March 3, 2008.

ELECTION OF DIRECTORS

(Proxy Item #1)

Our board of directors has nominated the seven persons listed below for election as directors for the ensuing year, each to hold office until the 2008 Annual Meeting of Shareholders and until their successors are duly elected and qualified, or until their death, resignation or removal. A shareholder using the enclosed Proxy Card can vote for all or any of the nominees of the board of directors or such shareholder may withhold his or her vote from all or any of such nominees. If the Proxy Card is properly executed but not marked, it will be voted for all of the nominees. Each of the nominees has agreed to serve as a director if elected; however, should any nominee become unable or unwilling to accept nomination or election, the persons named in the proxy will exercise their voting power in favor of such other person or persons as our board of directors may recommend. There are no family relationships among these nominees.

Nominating Committee

The members of our nominating committee are Vern D. Kornelsen and Robert H. Fries. Our nominating committee recommends to our board of directors nominees for election to the board. Our nominating committee will consider recommendations for director nominees by shareholders if the names of those nominees and relevant biographical information are properly submitted in writing to our corporate secretary in the manner described for shareholder nominations below under the heading **Other Matters**. A director nominee must have a strong professional or other background, a reputation for integrity and responsibility and experience relevant to our business and operations. A director nominee must be able to commit appropriate time to prepare for, attend and participate in all meetings of our board of directors and its committees, as applicable, and the annual meeting of shareholders and must not have any conflicts of interest with our business and operations. Our nominating committee will also require some director nominees to be independent as defined under the American Stock Exchange listing standards. All director nominees, whether submitted by a shareholder or our nominating committee, will be evaluated in the same manner. All current members of the nominating committee are independent for purposes of the American Stock Exchange listing standards.

The nominating committee does not have an express policy with regard to the consideration of any director candidates recommended by our shareholders because the nominating committee believes that it can adequately evaluate any such nominees on a case-by-case basis. The nominating committee will consider director candidates proposed by shareholders in accordance with the procedures set forth above under **Shareholder Proposals**, and will evaluate shareholder-recommended candidates for director under the same criteria as internally generated candidates. Although the nominating committee does not currently have formal minimum criteria for nominees, substantial relevant business and industry experience would generally be considered important qualifying criteria, as would the ability to attend and prepare for board, committee and shareholder meetings. Any candidate must state in advance his or her willingness and interest in serving on our board and its committees.

Our board of directors has adopted a written Nominating Committee Charter, a copy of which was attached as Appendix A to our Proxy Statement for the fiscal year ended March 31, 2006 and is not available on our website. Our nominating committee held one meeting during the fiscal year ended March 31, 2007.

Compensation Committee

Until April 24, 2007, the members of the compensation committee were Vern D. Kornelsen and Robert H. Fries. Effective April 24, 2007, the members of the compensation committee are George A. Stewart and Robert H. Fries. Our Compensation Committee reviews and approves compensation for our executive officers whose compensation is approved by our Board of Directors upon recommendation of the Compensation Committee. Our Compensation Committee also administers our stock option plans. Our Compensation Committee held two meetings during the fiscal year ended March 31, 2007.

Audit Committee

Our board of directors maintains an audit committee comprised of our outside directors. The board of directors and the audit committee believe that the audit committee's current members satisfy the American Stock Exchange's requirement that audit committee members be independent directors as that term is currently defined by the American Stock Exchange's Corporate Governance Requirements.

Since July 1, 2005, Bruce L. Arfmann and George A. Stewart have comprised the audit committee. Their backgrounds are more fully disclosed in their biographies under Election of Directors.

Effective July 1, 2005, Bruce L. Arfmann assumed the role of the audit committee's financial expert and is independent under the American Stock Exchange's rules as currently in effect and applicable to us.

The audit committee has adopted a written charter, a copy of which was attached as Appendix B to our Proxy Statement for the fiscal year ended March 31, 2006. Our audit committee held four meetings during the fiscal year ended March 31, 2007 and held two telephonic meetings with our independent auditors during the fiscal year ended March 31, 2007.

Shareholder Communications with Directors

Shareholders and other interested parties wishing to contact any member (or all members) of our board of directors or any committee of the board may do so by mail, addressed, either by name or title, to the board of directors or to any such individual director or group or committee of the directors, and all such correspondence should be sent to our principal office. Our administrative staff may review any such communications to ensure that inappropriate material is not forwarded to the board of directors or to any individual director. The board of directors intends to continuously evaluate its communication process with our shareholders, and may adopt additional procedures to facilitate shareholder communications with the board of directors, consistent with standards of professionalism and our administrative resources.

Code of Ethics

We have adopted a Code of Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer and all other directors and executive officers. The Code of Ethics is available on the investor relations page of our website at www. Encision.com.

**APPROVAL OF THE 2007 STOCK OPTION PLAN
(Proxy Item #2)**

On April 12, 2007, the board of directors approved, subject to shareholder approval, the Encision Inc. 2007 Stock Option Plan (the 2007 Plan). The number of common shares reserved for issuance under the 2007 Plan is 700,000, subject to adjustment for dividend, stock split or other relevant changes in our capitalization. The 2007 Plan, as proposed, is summarized below.

The purpose of the 2007 Plan is to promote our interests and our shareholders' interest by helping us to attract, retain and motivate key employees.

The board of directors believes that the 2007 Plan will be to our material benefit by assisting us in attracting, retaining and motivating key employees of proven ability. The board of directors also believes that our best interests and our shareholders' best interest require that we continue to be in a position to offer options to current and prospective key personnel.

Summary of the 2007 Plan

Administration. A committee of non-employee directors of the board is responsible for administering the 2007 Plan (the Committee). The Committee has full authority, subject to the terms of the 2007 Plan, to make all determinations under the 2007 Plan. A non-employee director is a person who satisfies the definition of non-employee director as such term is defined in Rule 16b-3 under the Securities Exchange Act of 1934 (the Exchange Act). We will indemnify each member of the board of directors for actions taken under the 2007 Plan.

Incentive and Nonstatutory Stock Options. The Committee may grant incentive stock options under the 2007 Plan and options which do not qualify as incentive stock options (nonstatutory stock options).

Eligibility. Our employees and the employees of our subsidiaries, including officers and directors who are employees, will be eligible to receive incentive stock options and nonstatutory stock options under the 2007 Plan. As of March 31, 2007, we had 46 full-time employees. Members of our board of directors who are not our employees, or employees of any of our subsidiaries, will be eligible to receive nonstatutory stock options under the 2007 Plan. We currently have four non-employee directors. The benefits or amounts that will be received by or allocated to persons eligible to receive options under the 2007 Plan are not determinable.

Exercise Price. The 2007 Plan provides that the exercise price under each incentive stock option or nonstatutory stock option shall be no less than 100% of the fair market value (110% of the fair market value for employees owning more than 10% of our common stock) of the common stock on the day the option is granted. The exercise price of an option is to be paid in cash or in such other consideration as the board of directors deems acceptable, including the optionee's promissory note. The board of directors

may also permit a participant to surrender previously owned shares to us, the fair market value of which would be applied to the option exercise price.

Non-Transferability. All options granted under the 2007 Plan may be exercised during the optionee's lifetime only by the optionee and are non-transferable except by will or the laws of descent and distribution. Notwithstanding the above, the board of directors may, at its discretion, permit the transfer of a nonstatutory option.

Exercise. The duration of each option will be as specified by the board of directors but will not exceed five years and three months from the date of grant. The board of directors, at its discretion, may establish a vesting schedule for any option granted under the 2007 Plan.

Effect of Termination of Services. If an optionee's employment is terminated for a reason other than disability or death, exercisable options held by the optionee may be exercised within one month following the optionee's termination. If the optionee is an employee of ours or a subsidiary of us and the termination is due to the optionee's death or permanent and total disability, then exercisable options held by the optionee may be exercised for a period of three months following the termination. In each case, the options may be exercised only to the extent exercisable on the date of termination of employment and in no event is an option exercisable after the termination date specified in the option grant.

Stock Dividends and Stock Splits. The number, kind and price of the shares subject to each outstanding option will be proportionately and appropriately adjusted in the event of any stock dividend, stock split, recapitalization, reclassification, or other similar change in our outstanding securities. The number of the shares of our common stock reserved for issuance pursuant to options granted under the 2007 Plan will be adjusted by the Committee for any such changes.

Corporate Transactions. If, within the duration of the stock option, there is a corporate merger, consolidation or acquisition, a share exchange in which 50% or more of the outstanding capital stock is exchanged for capital stock of another corporation or the sale, transfer or other disposition of all or substantially all of our assets, then the vesting schedules of all options may be accelerated so that the options shall become exercisable as to those shares which could be purchased under those vesting schedules. All options, to the extent not previously exercised, shall terminate upon the consummation of such transaction and cease to be exercisable unless expressly assumed by the successor corporation or parent thereof.

Term of 2007 Plan. The 2007 Plan will terminate ten years from the date that the 2007 Plan was approved by the shareholders, or, if earlier, upon the purchase of all common stock subject to the 2007 Plan pursuant to the exercise of options granted under the 2007 Plan. Any options outstanding after the termination of the 2007 Plan will remain in effect in accordance with their terms. Our board of directors may terminate or amend the 2007 Plan, except that our board of directors may not, without shareholder approval, increase the number of shares of common stock as to which options may be granted, materially increase the benefits accruing to participants or materially modify the eligibility requirements.

Federal Income Tax Consequences

Incentive Stock Options. An optionee will not realize taxable income upon the grant of an incentive stock option under the 2007 Plan. In addition, an optionee will not realize taxable income upon the exercise of an incentive stock option if the optionee holds the shares acquired until at least one year and one day after exercise and, if later, until two years after the date of grant of option. The amount by which the fair market value of the shares exceeds the option price at the time of exercise generally is an item of tax preference for purposes of the alternative minimum tax. If an optionee acquires stock through the exercise of an incentive stock option under the 2007 Plan and subsequently sells the stock

after holding the stock for the period described above, the gain which is the difference between the sale price of the stock and the option exercise price will be taxed as capital gain. The gain will not be treated as ordinary income except when the holding period requirements discussed above are not satisfied.

An incentive stock option does not entitle us to an income tax deduction except to the extent that an optionee realizes ordinary income therefrom.

13

Nonstatutory Options. An optionee generally will not realize taxable income upon the grant of a nonstatutory stock option. When an optionee exercises a nonstatutory stock option, the optionee will realize taxable ordinary income at that time equal to the difference between the option price and the fair market value of the stock on the date of exercise. An optionee will generally have a basis in stock acquired through the exercise of a nonstatutory stock option under the 2007 Plan equal to the fair market value of the stock on the date of exercise. If the optionee subsequently sells the stock, the gain which is the difference between the sale price and the basis will be taxed as capital gain. Any ordinary income realized by an optionee upon exercise of a nonstatutory stock option will be allowable to us as a deduction at the time it is realized by the optionee.

Participants in the 2007 Plan should consult their own tax advisors to determine the specific tax consequences of the 2007 Plan for them.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE 2007 STOCK OPTION PLAN.

The 2007 Stock Option Plan will be approved if the number of votes cast favoring the action exceed the number of votes cast opposing the action. Unless otherwise specified, proxies solicited by the board of directors will be voted FOR the adoption of the 2007 Stock Option Plan. A copy of the 2007 Stock Option Plan is attached to this Proxy as Appendix A.

Audit Committee Report

Our board of directors maintains an audit committee comprised of our outside directors. The board of directors and the audit committee believe that the audit committee's current members satisfy the American Stock Exchange's requirement that audit committee members be independent directors as that term is currently defined by the American Stock Exchange's Corporate Governance Requirements.

Since July 1, 2005, Bruce L. Arfmann and George A. Stewart have comprised the audit committee. Their backgrounds are more fully disclosed in their biographies under Election of Directors.

Effective July 1, 2005, Bruce L. Arfmann assumed the role of the audit committee's financial expert and is independent under the American Stock Exchange's rules as currently in effect and applicable to us.

The audit committee oversees our financial process on behalf of the board of directors. The audit committee has adopted a written charter. The audit committee has adopted a complaint procedure policy. A copy of the audit committee's complaint procedure policy is attached to this Proxy Statement as Appendix B. The audit committee reviews and reassesses the adequacy of its charter on an annual basis. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The audit committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61. In addition, the audit committee has discussed with the independent auditors the auditors' independence from management and us including the matters in the written disclosures and the letter from the independent auditors required by the Independence Standards Board, Standard No. 1. The audit committee approves in advance any and all audit services, including audit engagement fees and terms, and non-audit services provided to us by our independent auditors. The independent auditors and our management are expected to periodically report to the audit committee the extent of services provided by the independent auditors and the fees associated with these services.

The audit committee discussed with our independent auditors the overall scope and plans for their audit. The audit committee meets with the independent auditors to discuss the results of their examination, their evaluation of our internal controls, and the overall quality of our financial reporting. The audit committee met four times in the fiscal year ended March 31, 2007 and held two telephonic meetings with our independent auditors during the fiscal year ended March 31, 2007.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors, and the board of directors has approved, that the audited consolidated financial statements be included in our Annual Report on Form 10-KSB for the year ended March 31, 2007, for filing with the Securities and Exchange Commission.

SECTION 1. INTRODUCTION.

The Company's Board of Directors adopts the Encision Inc. 2007 Stock Option Plan on April 12, 2007; provided that, the Plan shall become effective upon its approval by Company shareholders. If the Company's shareholders do not approve this Plan, no Options may be granted under this Plan.

The purpose of the Plan is to promote the long-term success of the Company and the creation of shareholder value by offering Key Employees an opportunity to share in such long-term success by acquiring a proprietary interest in the Company.

The Plan seeks to achieve this purpose by providing for discretionary long-term incentive Options in the form of either Nonstatutory Stock Options (NSOs) or Incentive Stock Options (ISOs).

Options shall be ISOs only to the extent specified in the applicable Stock Option Agreement. Subject to the other provisions of the Plan, a Participant may receive ISOs and NSOs at the same time, provided that the ISOs and NSOs are clearly designated as such, and the exercise of one does not affect the exercise of the other.

Except as otherwise expressly provided herein, all of the provisions and requirements of the Plan relating to Options shall apply to ISOs and NSOs.

The Plan shall be governed by, and construed in accordance with, the laws of the State of Colorado. Capitalized terms shall have the meaning provided in Section 2 unless otherwise provided in this Plan.

- (i) selecting Key Employees who are to receive Options under the Plan;

The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or Bylaws, by contract, as a matter of law, or otherwise, or under any power that the Company may have to indemnify them or hold them harmless.

SECTION 4. GENERAL.

(a) Eligibility. With respect to grants of ISOs, only Employees or Directors shall be eligible for designation as Key Employees by the Committee, in its sole discretion. With respect to NSOs, only Employees, Directors, Non-Employee Directors and Consultants shall be eligible for designation as Key Employees by the Committee, in its sole discretion.

(b) Beneficiaries. Unless stated otherwise in a Stock Option Agreement, a Participant may designate one or more beneficiaries with respect to an Option by timely filing the prescribed form with the Company. A beneficiary designation may be changed by filing the prescribed form with the Company at any time before the Participant's death. If no beneficiary was designated or if no designated beneficiary survives the Participant, then after a Participant's death any vested Option(s) shall be transferred or distributed to the Participant's estate.

(c) No Rights as a Shareholder. A Participant, or a transferee of a Participant, shall have no rights as a shareholder with respect to any Common Stock covered by an Option until such person has satisfied all of the terms and conditions to receive such Common Stock, has satisfied any applicable withholding or tax obligations relating to the Option and the Shares have been issued (as evidenced by an appropriate entry on the books of the Company or a duly authorized transfer agent of the Company).

(d) Termination of Service. Unless the applicable Stock Option Agreement or the applicable employment agreement provides otherwise, the following rules shall govern the vesting, exercisability and term of outstanding Options held by a Participant in the event of termination of such Participant's Service (in all cases subject to the term of the Option): (i) upon termination of Service for any reason, all unvested portions of any outstanding Options shall be immediately forfeited without consideration; (ii) if the Service of a Participant is terminated for Cause, then all unexercised Options shall terminate and be forfeited immediately without consideration; (iii) if the Service of Participant is terminated for any reason other than for Cause, death, or Disability, then the vested portion of his/her then-outstanding Options may be exercised by such Participant or his or her personal representative within one month after the date of such termination; or (iv) if the Service of a Participant is terminated due to death or Disability, the vested portion of his/her then-outstanding Options may be exercised within three months after the date of termination of Service. Notwithstanding the foregoing, but subject to the other provisions of this Plan, a Stock Option Agreement may specify longer periods for exercise of a NSO or ISO (unless to do so in the case of an ISO would cause the ISO not to qualify as an incentive stock option pursuant to Section 422 of the Code) after any such event.

SECTION 5. SHARES SUBJECT TO PLAN AND SHARE LIMITS.

(a) Basic Limitation. The stock issuable under the Plan shall be authorized but unissued Shares. The aggregate number of Shares reserved for Options under the Plan shall not exceed 700,000 Shares, subject to adjustment pursuant to Section 8.

(b) Limitation on ISOs. To the extent the aggregate Fair Market Value (determined as of the time the ISO is granted) of the Shares with respect to which ISOs are exercisable for the first time by an individual in a particular calendar year exceeds \$100,000, such excess Options shall be treated as NSOs.

(b) Additional Shares. If Options are forfeited or are terminated for any other reason before being exercised, then the Shares underlying such Options shall again become available for Options under the Plan.

SECTION 6. TERMS AND CONDITIONS OF OPTIONS.

(a) Stock Option Agreement. Each Grant of an Option under the Plan shall be evidenced and governed exclusively by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions that are not inconsistent with the Plan and that the Committee deems appropriate for inclusion in a Stock Option Agreement (including without limitation any performance conditions). The provisions of the various Stock Option Agreements entered into under the Plan need not be identical.

(b) Number of Shares. Each Stock Option Agreement shall specify the number of Shares that are subject to the Option and shall be subject to adjustment of such number in accordance with Section 8.

(c) Exercise Price. An Option's Exercise Price shall be established by the Committee and set forth in a Stock Option Agreement. The Exercise Price of an Option shall not be less than 100% of the Fair Market Value on the date of Grant. Notwithstanding anything herein to the contrary, if an ISO is granted to an Employee who then owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the Exercise Price of such ISO shall be at least 110% of the Fair Market Value of the Common Stock subject to the ISO at the time of such Grant.

(d) Exercisability and Term. Each Stock Option Agreement shall specify the date when all or any installment of the Option is to become exercisable. The Stock Option Agreement shall also specify the term of the Option; provided that the term of an Option shall in no event exceed five years and three months from the date of Grant. Notwithstanding the foregoing, if an ISO is granted to an Employee who then owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, such ISO shall not be exercisable after five years after the date of the Grant. Unless the applicable Stock Option Agreement provides otherwise, each Option shall vest and become exercisable with respect to 20% of the Shares subject to the Option upon completion of one year of Service measured from the vesting commencement date, the balance of the Shares subject to the Option shall vest and become exercisable in forty-eight equal installments upon completion of each month of Service thereafter, and the term of the Option shall be five years and three months from the date of Grant. A Stock Option Agreement may provide for accelerated vesting in the event of the Participant's death, Disability, or other events. Notwithstanding any other provision of the Plan, no Option can be exercised after the expiration date provided in the applicable Stock Option Agreement (as amended from time to time) and no Option may provide that, upon exercise of the Option, a new Option will automatically be granted.

(e) Modifications or Assumption of Options. Within the limitations of the Plan, the Committee may modify (including accelerating vesting), extend or assume outstanding Options or may accept the cancellation of outstanding Options in return for the grant of new Options for the same or a different number of Shares, at the same or a different Exercise Price, and with the same or different vesting provisions. Notwithstanding the preceding sentence or anything to the contrary herein, the Committee may not re-price outstanding Options unless there is approval by the Company shareholders (by majority vote of a quorum) and no modification of an Option shall, without the consent of the Optionee, impair his or her rights or obligations under such Option.

(f) Assignment or Transfer of Options. No Option granted under this Plan, nor any other rights acquired by Optionee under this Plan, shall be transferable by the Optionee other than by will or by the laws of descent and distribution. An Option may be exercised during the lifetime of the Optionee only by the Optionee or by the guardian or legal representative of the Optionee. No Option or interest therein may be assigned, pledged or hypothecated by the Optionee during his or her lifetime, whether by operation of law or otherwise, or be made subject to execution, attachment or similar process. Notwithstanding the foregoing, the Committee, in its sole discretion, to the extent permitted by applicable law, may permit the assignment or transfer of an NSO and the exercise thereof by a person other than an Optionee, on such terms and conditions as the Committee in its sole discretion may determine. Any such terms shall be set forth in the applicable Stock Option Agreement. In

the event of an Optionee's death, the Stock Option may be exercised by the personal representative of the Optionee's estate or by the successor or successors in interest determined under the Optionee's will or under the applicable laws of descent and distribution. The terms of any rights under this Plan in the hands of a transferee or assignee shall be determined as if held by the Optionee and shall be of no greater extent or term than if the transfer or assignment had not taken place.

SECTION 7. PAYMENT FOR OPTION SHARES.

The entire Exercise Price of Shares issued upon exercise of Options shall be payable in cash at the time when such Shares are purchased, except as follows and if so provided for in an applicable Stock Option Agreement:

- (i) Cashless Exercise. Payment for all or any part of the Exercise Price may be made through Cashless Exercise.
- (ii) Other Forms of Payment. Payment for all or any part of the Exercise Price may be made in any other form that is consistent with applicable laws, regulations and rules and approved by the Committee.

The Committee may, in its discretion at any time, accept payment in any form(s) described in this Section 7.

Notwithstanding the foregoing, unless approved by the Committee, no Option may be exercised by delivery to the Company of stock certificates representing Company stock unless such stock has been held by the Optionee for more than six months.

SECTION 8. PROTECTION AGAINST DILUTION.

(a) Adjustments. In the event of a subdivision of the outstanding Shares, a declaration of a dividend payable in Shares, a declaration of a dividend payable in a form other than Shares in an amount that has a material effect on the price of Shares, a combination or consolidation of the outstanding Shares (by reclassification or otherwise) into a lesser number of Shares, a recapitalization, a spin-off or a similar occurrence, the Committee shall make appropriate adjustments to the following:

- (i) the number of Shares and the kind of shares or securities available for future Options under Section 5;
- (ii) the number of Shares covered by each outstanding Option; and
- (iii) the Exercise Price under each outstanding Option.

Notwithstanding the foregoing, no adjustment shall be made pursuant to this Section 8(a) if such adjustment (A) would cause the Plan to fail to comply with Section 422 of the Code or Rule 16b-3 (if applicable to such Option) or (B) would be considered as the adoption of a new plan requiring shareholder approval.

(b) Participant Rights. Except as provided in this Section 8, a Participant shall have no rights by reason of any issue by the Company of stock of any class or securities convertible into stock of any class, any subdivision or consolidation of shares of stock of any class, the payment of any stock dividend or any other increase or decrease in the

number of shares of stock of any class. If by reason of an adjustment pursuant to this Section 8 a Participant's Option covers additional or different shares of stock or securities, then such additional or different shares and the Option in respect thereof shall be subject to all of the terms, conditions and restrictions which were applicable to the Option and the Shares subject to the Option prior to such adjustment.

(c) Fractional Shares. Any adjustment of Shares pursuant to this Section 8 shall be rounded down to the nearest whole number of Shares. Under no circumstances shall the Company be required to authorize or issue fractional shares and no consideration shall be provided as a result of any fractional shares not being issued or authorized.

SECTION 9. EFFECT OF A CORPORATE TRANSACTION.

(a) Corporate Transaction. In the event that the Company is a party to a Corporate Transaction (or, if the Board so decides, if the Company experiences a Change in Control), outstanding Options shall be subject to the applicable agreement of merger, reorganization, sale of assets or other governing agreement. Such agreement may provide, without limitation, (i) for the assumption or substitution of outstanding Options by the surviving corporation or its parent, (ii) for the replacement of outstanding Options with a cash incentive program of the surviving entity which preserves the spread existing on the unvested portions of such outstanding Options at the time of the transaction and provides for subsequent payout in accordance with the same vesting provisions applicable to those Options, (iii) for accelerated vesting of outstanding Options, or (iv) for the cancellation of outstanding Options with or without consideration, in all cases without the consent of the Participant.

(b) Acceleration. The Committee may determine, at the time of grant of an Option or thereafter, that such Option shall become partially or fully vested as to all Shares subject to such Option in the event that a Corporate Transaction or a Change in Control occurs. Unless otherwise provided in the applicable Stock Option Agreement, in the event that a Corporate Transaction occurs and any outstanding Options are not assumed, substituted, or replaced with a cash incentive program pursuant to Section 9(a), then such Options shall fully vest and be fully exercisable immediately prior to such Corporate Transaction. Unless otherwise determined by the Committee, immediately following the consummation of a Corporate Transaction, all outstanding Options shall terminate and cease to be outstanding, except to the extent that they are assumed by the surviving corporation or its parent. The portion of any ISO accelerated in connection with a Corporate Transaction shall remain exercisable as an ISO only to the extent the applicable dollar limitation in Section 5(b) is not exceeded. To the extent such dollar limitation is exceeded, the accelerated portion of such Option shall be exercisable as an NSO under the Code.

(c) Dissolution. To the extent not previously exercised or settled, Options shall terminate immediately prior to the dissolution or liquidation of the Company.

SECTION 10. LIMITATIONS ON RIGHTS.

(a) No Entitlements. A Participant's rights, if any, in respect of or in connection with any Option are derived solely from the discretionary decision of the Company to permit the individual to participate in the Plan and to benefit from a discretionary Option. By accepting an Option under the Plan, a Participant expressly acknowledges that there is no obligation on the part of the Company to continue the Plan and/or grant any additional Options. Any Option granted hereunder is not intended to be compensation of a continuing or recurring

nature, or part of a Participant's normal or expected compensation, and in no way represents any portion of a Participant's salary, compensation, or other remuneration for purposes of pension benefits, severance, redundancy, resignation or any other purpose.

Neither the Plan nor any Option granted under the Plan shall be deemed to give any individual a right to remain an employee, consultant or director of the Company, a Parent or a Subsidiary. The Company and its Parents and Subsidiaries reserve the right to terminate the Service of any person at any time, and for any reason, subject to applicable laws, the Company's Articles of Incorporation and Bylaws and a written employment agreement (if any), and such terminated person shall be deemed irrevocably to have waived any claim to damages or specific performance for breach of contract or dismissal, compensation for loss of office, tort or otherwise with respect to the Plan or any outstanding Option that is forfeited and/or is terminated by its terms or to any future Option.

(b) Shareholders' Rights. A Participant shall have no dividend rights, voting rights or other rights as a shareholder with respect to any Shares covered by his or her Option prior to the issuance of such Shares (as evidenced by an appropriate entry on the books of the Company or a duly authorized transfer agent of the Company). No adjustment shall be made for cash dividends or other rights for which the record date is prior to the date when such Shares are issued, except as expressly provided in Section 8.

(c) Regulatory Requirements.

Any other provision of the Plan notwithstanding, the obligation of the Company to issue Shares or other securities under the Plan shall be subject to all applicable laws, rules and regulations and such approval by any regulatory body as may be required. The Company reserves the right to restrict, in whole or in part, the delivery of Shares or other securities pursuant to any Option prior to the satisfaction of all legal requirements relating to the issuance of such Shares or other securities, to their registration, qualification or listing or to an exemption from registration, qualification or listing.

SECTION 11. WITHHOLDING TAXES.

(a) General. A Participant shall make arrangements satisfactory to the Company for the satisfaction of any withholding tax obligations that arise in connection with his or her Option. The Company shall not be required to issue any Shares or make any cash payment under the Plan until such obligations are satisfied.

(b) Share Withholding. The Committee may, in its discretion, permit a Participant to satisfy withholding or income tax obligations related to an Option through Cashless Exercise or through a sale of Shares underlying the Option. If a Participant is an officer or director of the Company within the meaning of Section 16 of the Exchange Act, the Participant must satisfy the requirements of Section 16 and any applicable rules thereunder with respect to the use of stock to satisfy such tax withholding obligation.

SECTION 12. DURATION AND AMENDMENTS.

(a) Term of the Plan. The Plan shall become effective upon its approval by Company shareholders. The Plan shall terminate at the Company's 2017 Annual Meeting of Shareholders and may be terminated on any earlier date pursuant to this Section 12.

(b) Right to Amend or Terminate the Plan. The Board may amend or terminate the Plan at any time and for any reason, including, where applicable, in order to ensure that ISOs will be classified as incentive stock options under the Code, or to comply with the provisions of Rule 16b-3 or Section 162(m) of the Code or any change in applicable laws or regulations, or any ruling or interpretation of any governmental agency or regulatory body. The termination of the Plan, or any amendment thereof, shall not impair the rights or obligations of any Participant under any Option previously granted and outstanding under the Plan without the Participant's consent. No Options shall be granted under the Plan after the Plan's termination. An amendment of the Plan shall be subject to the approval of the Company's shareholders only to the extent such approval is otherwise required by applicable exchange or listing requirements, laws, regulations or rules.

SECTION 13. EXECUTION.

To record the adoption of the Plan by the Board, the Company has caused its duly authorized officer to execute this Plan on behalf of the Company.
