At the direction of the full Board, the Compensation Committee reviews and makes recommendations with respect to compensation of our directors, executive officers and senior management. The Compensation Committee administers our Stock Incentive Plan. The Compensation Committee met once during 2006 and approved various other matters by unanimous written consent.

The Nominating Committee is comprised of Messrs. Petrelli, Rumsey, Robbins and DiGiandomenico. At the direction of the full Board, the Nominating Committee review, investigate qualified nominees for election to the Board when vacancies occur and makes recommendations with respect to the nomination of directors. The Nominating Committee met once in 2006. The Board has not adopted any charter or formal procedures with respect to its consideration of director nominees.

The Nominating Committee strives to identify and attract director nominees with a variety of experience who have the business background and personal integrity to represent the interests of all shareholders. Although the Board has not established any specific minimum qualifications that must be met by a director nominee, factors considered in evaluating potential candidates include educational achievement, managerial experience, business acumen, financial sophistication, insurance industry expertise and strategic planning and policy-making skills. Depending upon the current needs of the Board, some factors may be weighed more or less heavily than others in the Board's deliberations. The Board evaluates the suitability of a potential director nominee on the basis of written information concerning the candidate, discussions with persons familiar with the background and character of the candidate and personal interviews with the candidate.

Attendance at Meetings

The Board held six meetings during 2006. Various matters were also approved by the unanimous written consent of the directors during the last fiscal year. Each director attended at least 80% of the aggregate of (i) the total number of meetings of the Board and (ii) the total number of meetings held by all committees of the Board on which such director served. We have no formal policy with respect to the attendance of Board members at the annual meeting of shareholders but encourage all incumbent directors and director nominees to attend each annual meeting of shareholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The objective of the Company's compensation program is to attract, retain and reward management that demonstrates the required skill to develop the Company into a leader in the nutrition and network marketing field. Through the development of the Company's business plan, the compensation program is designed to incentivize management in the creation of shareholder value. The compensation program has been designed to reward executives for establishing the Company in the network marketing field, developing products that can be successfully sold in that channel and creating shareholder wealth.

Currently the Company has used two elements of compensation for management, current compensation, in the form of cash, and long-term equity compensation in the form of grants of stock option awards. The Company has also used the award of options to replace cash compensation for employees and the issuance of stock as a method of fulfilling its obligations under employment contracts. As the Company has not been profitable since its inception, the Company has not had a cash bonus program, but rather relied on the potential of the long-term awards as incentives to compensate its executives. Typically the current compensation is set at a base level, with variances based on the achievement of certain benchmarks.

The cash compensation enables the Company to attract management with the required skills and experience while the awards of stock options are used as a method of retaining executives for long term growth. Additionally, the Company has used the awards of stock and options as a method of reducing cash outflow

The Company has determined the amount of short and long term compensation based on a number of factors: level of experience of the employee in his or her respective field, prevailing market rates for individuals performing similar functions at competing companies in a similar industry and stage of development of the Company. The Company has attempted to evenly balance the compensation between current and long-term for its executives, with the long-term award requiring some form of vesting, typically over a two or four year period. During the current year, the executives that were granted what is typically a long-term compensation award, stock options, in lieu of short term cash compensation, were vested into their options over a year long period. The Company has also used options on a performance basis for certain individuals, with the achievement of certain goals resulting in the vesting in the options. When evaluating the compensation of executives on an annual basis, the Company has reviewed past compensation received by the executive in both current and long-term awards when determining any additional awards.

Each element of the compensation program is designed to further the Company's goals of attracting and retaining high caliber individuals with the experience to grow the Company and ultimately create and increase shareholder wealth. The incentive based awards were directly tied to the achievement of an objective, whereas the other awards that were based on the vesting period were used as a mechanism to retain skilled executives. In the performance based awards, where either long-term awards are vested or there is an increase in current cash compensation, it is the practice of the Company to link the overall objectives of the Company with the respective objectives for that executive and his or her ability to exercise influence over the outcome.

The following table sets forth information with respect to compensation earned by the executive officers of the Company for 2006 and 2005.

(6) Mr. Litt resigned from the Company on March 28, 2007.

(7) The company uses a Black-Scholes option-pricing model (Black-Scholes model) to estimate the fair value of the stock option grant. The use of a valuation model requires the company to make certain assumptions with respect to selected model inputs. Expected volatility was calculated based on the historical volatility of the company's stock price. In the future the average expected life will be based on the contractual term of the option and expected employee exercise and post-vesting employment termination behavior. Currently it is based on the simplified approach provided by SAB 107. The risk-free interest rate is based on U.S. Treasury zero-coupon issues with a remaining term equal to the expected life assumed at the date of the grant. The following were the factors used in the Black Scholes model to calculate the compensation expense:

	For the year ended December 31, 2006	
Stock price volatility	93.4% to 94.1	%
Risk-free rate of return	4.76% to 5.02	%
Annual dividend yield	0	%

Employment Contracts

On March 2, 2005, in connection with Mr. Greenberg's resignation as Chairman, Chief Executive Officer, and President, Mr. Greenberg's employment agreement was amended and restated to provide that his primary duties involve training, motivating, and recruiting independent distributors. Mr. Greenberg receives a salary of \$150,000 per year and may receive bonuses in such amounts as determined by our board of directors. On July 10, 2006 Mr. Greenberg's contract was amended to reduce his base salary for a period of one year to \$75,000 and Mr. Greenberg was granted 150,000 options to purchase the Company's common stock. Mr. Greenberg will also be eligible to participate in bonuses on the same basis as our executives under any executive bonus plan adopted by us. Either party may terminate the agreement upon 30 days prior written notice. Additionally, Mr. Greenberg may be terminated for "just cause" as defined in the employment agreement upon one business day's prior written notice. Mr. Greenberg may terminate his employment for "good reason" as defined in employment agreement. If we terminate Mr. Greenberg without just cause or he terminates his employment for good reason, he is entitled to three years salary payable over the 36 month period commencing October 1, 2006 regardless of when terminated. Mr. Greenberg's employment agreement also includes a non-competition provision for a period of two years after his termination of employment or, if later, one year after final payment of any pay-out provision upon termination. On March 2, 2005, in connection with Mr. Mathis' employment as Chief Executive Office, Mr. Greenberg forfeited options to purchase 275,000 shares. In addition, Mr. Greenberg has agreed to forfeit options to purchase 50,000 shares when the April 2005 public offering was completed. On November 17, 2006 the Company agreed to issue to Mr. Greenberg 1,500,000 shares of its common stock in return for an amendment to his current employment agreement pursuant to which he will forfeit all future base salary amounting to \$396,923 due under the agreement and 250,000 vested options in exchange for the issuance of the shares and payment of a sales commission equal to 1% of the net sales until 2019.

During the current year the Company entered into amended employment contracts with Mr. Mathis, Mr. Greenberg and Mr. Pougnet.

Edgar Filing: XELR8 HOLDINGS, INC. - Form DEF 14A

Earnest Mathis entered into an employment agreement with us, effective March 2, 2005, providing for his employment as our Chief Executive Officer and President. The employment agreement is for a two-year term and provides that he will devote approximately 80% of his time and energies to the business of the Company. Mr. Mathis will receive a salary of \$150,000 per year and may receive bonuses in such amounts as determined by our Compensation Committee. On July 10, 2006 Mr. Mathis' contract was amended to reduce his base salary for a period of one year to \$75,000 and Mr. Mathis was granted 150,000 options to

purchase common stock of the Company. Mr. Mathis will also be eligible to participate in bonuses on the same basis as other executives under any executive bonus plan adopted by us. Either party may terminate the agreement upon 30 days prior written notice. Additionally, Mr. Mathis may be terminated immediately for just cause as defined in the employment agreement. Mr. Mathis may also terminate his employment for good reason as defined in the employment agreement. If we terminate Mr. Mathis without just cause or he terminates his employment for good reason, he is entitled to one year's salary payable over 12 months. Mr. Mathis' employment agreement also includes a non-competition provision for a period of one year after his termination of employment.

Pursuant to his employment agreement, Mr. Mathis also received stock options to purchase 275,000 shares of our common stock at \$3.00 per share. One half of the options were vested as of the date of the grant and the balance vest on the one-year anniversary of the grant provided that Mr. Mathis is still employed by us. The options are exercisable for five years after vesting. If Mr. Mathis is terminated without just cause or he terminates his employment for good reason, all his unvested options vest and are exercisable for a period of five years from the date of termination. If Mr. Mathis is terminated for just cause, all unexercised options terminate as of his date of termination. On October 11, 2006 Mr. Mathis resigned his employment position with us continuing as Chairman of the Board of Directors until his resignation on July 9, 2007.

On September 12, 2005, John D. Pougnet joined us as our Chief Financial Officer and effective October 1, 2006 was appointed also as our Chief Executive Officer. Mr. Pougnet's employment agreement is for a two-year term and he will receive a base salary of \$140,000, and may receive bonuses in such amounts as determined by our Compensation Committee. Additionally, Mr. Pougnet will have an option to purchase 50,000 shares of our common stock, with an exercise price of \$1.80. The options will vest in equal amounts over a four-year period on December 31 starting on December 31, 2005. On March 3, 2006 Mr. Pougnet was granted additional options to purchase 100,000 shares of our common stock. On July 10, 2006 Mr. Pougnet's contract was amended to reduce his base salary to \$90,000 for a year and Mr. Pougnet was granted options to purchase 100,000 shares of our common stock. Mr. Pougnet will also be eligible to participate in bonuses on the same basis as other executives under any executive bonus plan adopted by us. If Mr. Pougnet's employment were terminated other than for cause, disability or without good reason by Mr. Pougnet, he would be provided severance pay equal to twelve months, payable in equal monthly installments.

- (1) The company uses a Black-Scholes option-pricing model (Black-Scholes model) to estimate the fair value of the stock option grant. The use of a valuation model requires the company to make certain assumptions with respect to selected model inputs. Expected volatility was calculated based on the historical volatility of the company's stock price. In the future the average expected life will be based on the contractual term of the option and expected employee exercise and post-vesting employment termination behavior. Currently it is based on the simplified approach provided by SAB 107. The risk-free interest rate is based on U.S. Treasury zero-coupon issues with a remaining term equal to the expected life assumed at the date of the grant. The following were the factors used in the Black Scholes model to calculate the compensation expense:

	For the year ended December 31, 2006	
Stock price volatility	92.95	%
Risk-free rate of return	5.07% to 5.27	%
Annual dividend yield	0	%
Expected life	3 Years	

During 2006 the Company compensated Mr. Robbins \$8,000 for his services as the Chairman of the Compensation and Audit Committee. No cash compensation was paid to any of the other independent directors in 2006, except reimbursement of expenses. Additionally, Messrs. McCandless, Robbins and DiGiandomenico were granted 40,000 options to purchase common stock for their services.

RELATED PARTY TRANSACTIONS

We lease our current corporate office space from Arnold Greenberg, the father of our Founder, Sanford D. Greenberg. We paid \$38,830 and \$38,790 in rent for the years ended December 31, 2005 and 2006, respectively. Our current lease at \$3,390 per month expired at the end of March 2006, and has been replaced with a month to month lease at the same amount.

On March 1, 2005, Christopher Marlett, a significant shareholder, loaned the Company \$25,000 evidenced by a promissory note. The note provides that the principal together with interest at 10% per annum, are due and payable on the earlier of May 30, 2005 or the closing of the April 2005 public offering. On April 12, 2005 the Company re-paid the note plus accrued interest of \$288.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Our executive officers, directors and beneficial owners of more than 10% of our Common Stock are required to file reports of ownership and changes in ownership of the Common Stock with the SEC. Based solely upon information provided to us by individual directors, executive officers and beneficial owners, we believe that all such reports were timely filed during and with respect to the calendar year ended December 31, 2006, except for AJ Robbins, who was late filing his initial report of Form 3.

CODE OF ETHICS

Our Board of Directors has adopted a Code of Ethics applicable to all of our employees, officers and directors. The Code of Ethics covers compliance with law; fair and honest dealings with the Company, its competitors and others; full, fair and accurate disclosure to the public; and procedures for compliance with the Code of Ethics. This Code of Ethics has been filed as Exhibit 14.1 to our Annual Report on Form 10-KSB for the year ended December 31, 2006.

(2) Includes consulting and advisory services.

Our Audit Committee reviews and approves all proposed audit and non-audit services prior to the engagement of independent accountants to perform such services. Therefore, the Audit Committee does not presently have any pre-approval policy or procedures. Review and approval of such services generally occur at the Audit Committee's regularly scheduled quarterly meetings. In situations where it is impractical to wait until the next regularly scheduled quarterly meeting, the Audit Committee has delegated to its chairman the authority to approve audit and non-audit services up to a pre-determined level as approved by the Audit Committee. Any audit or non-audit services approved pursuant to such delegation of authority must be reported to the full Audit Committee at its next regularly scheduled meeting. During calendar 2006 and 2005, all audit and non-audit services performed by the Company's independent accountants were approved in advance by the Audit Committee.

PROPOSALS OF SHAREHOLDERS FOR PRESENTATION AT NEXT ANNUAL MEETING OF SHAREHOLDERS

Any shareholders of record who desire to submit a proper proposal for inclusion in the proxy materials relating to the next annual meeting of shareholders must do so in writing and it must be received at our principal executive offices prior to our calendar year end. The proponent must be a record or beneficial shareholder entitled to vote at the next annual meeting of shareholders on the proposal and must continue to own the securities through the date on which the meeting is held.

SHAREHOLDER COMMUNICATIONS

The Board of Directors believes that, in light of the accessibility of its directors to informal communications, a formal process for shareholders to communicate with directors is unnecessary. Any shareholder communication sent to the Board of Directors will be forwarded to all members of the Board without screening. Any shareholder communication to the Board of Directors should be addressed in care of John D. Pougnet, our Chief Executive Officer and transmitted to us at our offices in Denver, Colorado. In order to assure proper handling, the transmittal envelope should include a notation indicating Board Communication or Director Communication. All such correspondence should identify the author as a shareholder and clearly state whether the intended recipients are all members of the Board or only specified individual directors. Mr. Pougnet will circulate all such correspondence to the appropriate directors.

REPORT OF AUDIT COMMITTEE

The Audit Committee oversees our financial reporting process. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed our audited financial statements in our Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and from us including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of non-audit services with the auditors' independence.

The Committee also discussed with our independent auditors the overall scope and plans for their audit. The Committee meets with the independent auditors, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. The Committee held four meetings telephonically during the calendar year ended December 31, 2006.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-KSB for the year ended December 31, 2006 for filing with the Securities and

Exchange Commission. The Committee and the Board have also recommended and approved the selection of the Company's independent auditors.

PROPOSAL 2
PROPOSAL TO INCREASE THE NUMBER OF SHARES
ISSUABLE UNDER OUR STOCK INCENTIVE PLAN

During October 2002, our stockholders approved our 2002 Stock Incentive Plan (the "2002 Plan"), a stock option plan that included incentive and non-qualified stock options and restricted stock. The aggregate number of shares of Common Stock that could be granted by us pursuant to the 2002 Plan could not exceed a maximum of 300,000 shares of Common Stock.

The 2002 Plan provided that with respect to incentive stock options (ISOs) the option price per share must be at least the fair market value (as determined by the Compensation Committee, or in lieu thereof, the Board of Directors) of the Common Stock on the date the stock option was granted or based on daily quotes from an exchange or quotation system designated by the compensation committee as the primary market for the shares. Under the 2002 Plan, if for any reason, a change in control occurred, all shares subject to the 2002 Plan immediately became vested and exercisable.

In June 2003, in connection with the reverse acquisition of Instanet, a new stock option plan (the "2003 Stock Incentive Plan") was adopted by us, with the same terms and conditions as the prior plan, except for an increase in the number of shares to be granted under the 2003 Stock Incentive Plan to 800,000 shares of our Common Stock. Options under the 2003 Stock Incentive Plan were substituted for options granted under the 2002 Plan. This modification in substance is treated as though we exchanged newly issued options with an exercise price of \$5.00 per share for the options that had been issued under the 2002 Plan, with our Company incurring additional compensation cost for any incremental increase in value received by the option recipients under the 2003 Stock Incentive Plan. For vested options, the compensation cost is the excess of the value of the modified options over the original options, and such cost was recognized in 2003. Under the 2003 Stock Incentive Plan, non-vested options are measured similarly, though the excess value, if any, is amortized over the remaining vesting period. As a result of this modification, additional compensation cost was recognized in our consolidated financial statements for the year ended December 31, 2003.

The 2003 Stock Incentive Plan is intended to attract persons of training, experience, and ability to continue as employees, directors, and consultants of our company, and to furnish additional incentive to such persons to become stockholders of our company.

The Compensation Committee of our Board of Directors, which we refer to as the administrator, administers the 2003 Stock Incentive Plan. The administrator has the discretion to interpret the provisions of the 2003 Stock Incentive Plan. The administrator will also determine the persons who will receive awards under the 2003 Stock Incentive Plan, and the number of shares, vesting period, and other terms and conditions of the awards. Our Board of Directors may amend or discontinue the 2003 Stock Incentive Plan at any time, and the 2003 Stock Incentive Plan will expire July 1, 2013.

Options granted under the 2003 Stock Incentive Plan may be either incentive stock options, as defined under the Internal Revenue Code, or nonqualified options. The expiration date, maximum number of shares purchasable, vesting provisions, and any other provisions of options granted under the 2003 Stock Incentive Plan will be established at the time of grant. The 2003 Stock Incentive Plan administrator will set the term of each option, but no options may be granted for terms of greater than ten years. Options will vest and become exercisable in whole or in one or more installments at such time as may be determined by the plan administrator. With respect to incentive stock options granted, the exercise price may not be less than the fair market value of the Common Stock on the date of grant, and shall not be less than 110% of the fair market value of the Common Stock on the date of grant in the event an optionee owns 10% or more of our Common Stock. With respect to nonqualified options, the exercise price may be less than the fair market value of the Common Stock on the date of grant. If the optionee terminates his or her relationship with our Company for any reason, including death or disability, the optionee (or the optionee's estate) may exercise any vested options for a three-month period following his or her termination.

We may grant shares of restricted stock under the 2003 Stock Incentive Plan to eligible persons upon the payment of consideration, if any, as determined by the plan administrator. The administrator may establish a performance goal that must be achieved as a condition to the retention of the restricted stock. The performance goal may be based on the attainment of performance measurement criteria, which may differ as to various eligible persons. The administrator will set the performance criteria and will communicate the criteria in writing to the award recipient prior to the commencement of the period to which the performance relates. During the restricted period, and subject to restrictions on transfer of the shares, the award recipient shall have all voting, dividend, liquidation, and other rights with respect to the Common Stock. In the event the eligible person ceases to be an employee, director, or consultant during a restriction period, or in the event performance goals attributable to a restricted stock award are not achieved, the shares subject to the award that have not been earned are subject to forfeiture.

If any change is made in the Common Stock subject to the 2003 Stock Incentive Plan, or subject to any award granted under the 2003 Stock Incentive Plan (through stock dividends, stock splits, combination of shares, or otherwise), the 2003 Stock Incentive Plan provides that appropriate adjustments will be made as to the aggregate number and exercise prices with respect to each outstanding award. In the event of a merger, consolidation, or other reorganization of our Company, all restrictions relating to restricted stock awards will lapse, and all outstanding stock options will vest. Unless the agreement governing the change in control provides otherwise, upon consummation of the change in control, the 2003 Stock Incentive Plan will terminate and all outstanding options will terminate if not exercised prior to the consummation of the change in control.

Effective November 17, 2004, the 2003 Stock Incentive Plan was amended to increase the number of shares available to issue under its terms to 1,000,000 shares of our Common Stock. Effective July 22, 2005 the shareholders approved a resolution to increase the number of shares available under the 2003 Stock Incentive Plan to 1,800,000. On March 7, 2007 the shareholders approved a resolution to increase the number of shares available under the 2003 Stock Incentive Plan to 2,200,000.

We propose to increase the number of shares available under the 2003 Stock Incentive Plan to 3,000,000 as our Board of Directors has determined that additional options are necessary to attract and retain qualified employees, managers and executive officers and directors. Accordingly, our Board of Directors has determined that it is in our best interest to increase the number of shares issuable under the 2003 Stock Incentive Plan to 3,000,000 shares of our Common Stock, and recommends approval of the proposal.

PROPOSAL 3
PROPOSAL TO INCREASE THE NUMBER SHARES AVAILABLRE
UNDER THE DISTRIBUTOR STOCK OPTION PLAN

During March 2007, our stockholders approved our 2006 Distributor Option Plan (the 2002 Plan), a stock option plan for independent Distributors who distribute the Company s products. The aggregate number of shares of Common Stock that could be granted by us pursuant to the 2006 Plan could not exceed a maximum of 500,000 shares of Common Stock.

The purpose of the Distributor Option Plan is to enhance shareholder value and financial performance by using the options to attract, retain and motivate the company s Independent Distributors and to encourage stock ownership by such individuals by providing them with a means to acquire interest in the company s success through stock ownership. The Company would use the options as an additional incentive to attract network leaders to the company. Additionally, the ability of the Independent Distributors to participate in an Option Plan of the company could result in enhanced loyalty of the distributors to the Company in the long-term.

Options granted under the 2006 Distributor Stock Incentive Plan will be nonqualified options, as defined under the Internal Revenue Code. The expiration date, maximum number of shares purchasable, vesting provisions and any other provisions of options granted under the 2006 Distributor Stock Incentive Plan will be established at the time of grant. The 2006 Distributor Stock Incentive Plan will be administrated by the Board of the Company. The term of the option will be three years unless that administrator designates a different term for a specific award, but no options may be granted for terms of greater than ten years. Options will vest and become exercisable in whole or in one or more installments at

such time as may be determined by the plan administrator. The exercise price may not be less than the fair market value of the Common Stock on the date of grant.

We propose to increase the number of shares available under the 2006 Distributor Option Plan to 1,500,000 as our Board of Directors has determined that additional options are necessary to attract and retain qualified distributors. Accordingly, our Board of Directors has determined that it is in our best interest to increase the number of shares issuable under the 2006 Distributor Option Plan to 1,500,000 shares of our Common Stock, and recommends approval of the proposal.
