MONARCH CASINO & RESORT, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation:

Monarch Casino & Resort, Inc., was incorporated in 1993 and through its wholly-owned subsidiary, Golden Road Motor Inn, Inc. (Golden Road), owns and operates the Atlantis Casino Resort Spa, a hotel/casino facility in Reno, Nevada (the Atlantis). Monarch's wholly owned subsidiaries, High Desert Sunshine, Inc. (High Desert) and Golden North, Inc. (Golden North), each own separate parcels of land located proximate to the Atlantis. Monarch's wholly owned subsidiary Monarch Growth Inc. (Monarch Growth), formed in 2011, acquired Riviera Black Hawk, Inc., owner of the Riviera Black Hawk Casino (collectively Black Hawk) on April 26, 2012. Monarch Growth also owns a parcel of land in Black Hawk, Colorado contiguous to the Riviera Black Hawk Casino. The Company has included the results of Black Hawk in its unaudited condensed consolidated financial statements since the date of acquisition.

Monarch's wholly owned subsidiary Monarch Interactive, Inc. (Monarch Interactive) was formed on January 4, 2012 and received approval from the Nevada Gaming Commission on August 23, 2012, which approval was extended on February 26, 2013 for six months pending commencement of operations, for a license as an operator of interactive gaming. Before the license can be issued, a number of conditions must be met, within six months of the approval, and before operations can commence, the Company must enter into contracts with a licensed interactive gaming service provider with an approved system. None of these conditions have occurred, and Monarch Interactive is not currently engaged in any operating activities. In Nevada, legal interactive gaming is currently limited to intrastate poker.

The unaudited condensed consolidated financial statements include the accounts of Monarch and its subsidiaries. Intercompany balances and transactions are eliminated.

Unless otherwise indicated, Monarch, Company, we, our and us refer to Monarch Casino & Resort, Inc. and its subsidiaries.

Interim Financial Statements:

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management of the Company, all adjustments considered necessary for a fair presentation are included. Operating results for the three months ended March 31, 2013 are not necessarily indicative of the results that may be expected for the year ending December 31, 2013.

Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-Q

The balance sheet at December 31, 2012 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by U.S. generally accepted accounting principles for complete financial statements. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-K for the year ended December 31, 2012.

Table of Contents

Reclassification:

Certain gaming related expenses in the 2012 unaudited condensed consolidated financial statements have been reclassified to conform to the 2013 presentation. These reclassifications had no effect on the previously reported, income from operations, net income or statements of cash flows.

Fair Value of Financial Instruments:

The estimated fair value of the Company's financial instruments has been determined by the Company, using available market information and valuation methodologies. However, considerable judgment is required to develop the estimates of fair value; thus, the estimates provided herein are not necessarily indicative of the amounts that the Company could realize in a current market exchange.

The carrying amounts of cash, receivables, accounts payable and accrued expenses approximate fair value because of the short-term nature of these instruments.

NOTE 2. STOCK-BASED COMPENSATION

The Company accounts for its stock-based compensation in accordance with the authoritative guidance requiring the compensation cost relating to share-based payment transactions be recognized in the Company's consolidated statements of income.

Reported stock-based compensation expense was classified as follows:

	Three Months Ended	
	March 31,	
	2013	2012
Casino	\$ 12,987	\$ 13,323
Food and beverage	19,548	16,931
Hotel	4,056	4,056
Selling, general and administrative	199,269	234,175
Total stock-based compensation, before taxes	235,860	268,485
Tax benefit	(82,551)	(93,970)
Total stock-based compensation, net of tax	\$ 153,309	\$ 174,515

NOTE 3. EARNINGS PER SHARE

Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-Q

Basic earnings per share is computed by dividing reported net earnings by the weighted-average number of common shares outstanding during the period. Diluted earnings per share reflect the additional dilution for all potentially dilutive securities such as stock options. The following is a reconciliation of the number of shares (denominator) used in the basic and diluted earnings per share computations (shares in thousands):

	Three Months Ended March 31,			
	2013		2012	
	Shares	Per Share Amount	Shares	Per Share Amount
Basic	16,147	\$ 0.26	16,138	\$ 0.10
Effect of dilutive stock options	128		136	
Diluted	16,275	\$ 0.26	16,274	\$ 0.10

Table of Contents

Excluded from the computation of diluted earnings per share are options where the exercise prices are greater than the market price as their effects would be anti-dilutive in the computation of diluted earnings per share. For the three months ended March 31, 2013 and 2012, 1,912,060 and 1,754,864, respectively, anti-dilutive options were excluded from the computation.

NOTE 4. NEW ACCOUNTING PRONOUNCEMENTS

In December 2011, the FASB issued amendments to enhance disclosures about offsetting and related arrangements. This information will enable the users of the financial statements to evaluate the effect or potential effect of netting arrangements on an entity's financial position, including the effect or potential effect of rights of setoff associated with certain financial and derivative instruments. These amendments are effective for annual reporting periods, and interim periods within those years, beginning on or after January 1, 2013. The disclosures required by these amendments should be provided retrospectively for all comparative periods presented. Management does not believe that these amendments will have a material impact on the consolidated financial statements.

A variety of proposed or otherwise potential accounting standards are currently under review and study by standard-setting organizations and certain regulatory agencies. Because of the tentative and preliminary nature of such proposed standards, we have not yet determined the effect, if any, that the implementation of any such proposed or revised standards would have on the Company's consolidated financial statements.

NOTE 5. RELATED PARTY TRANSACTIONS

The 19 acre shopping center (the Shopping Center) adjacent to the Atlantis is owned by Biggest Little Investments, L.P. (BLI) whose general partner is Maxum, L.L.C. (Maxum). John Farahi, Bob Farahi and Ben Farahi each individually own non-controlling interests in BLI and Maxum. John Farahi is Co-Chairman of the Board, Chief Executive Officer, Secretary, and a Director of Monarch. Bob Farahi is Co-Chairman of the Board, President, and a Director of Monarch.

In addition, the Company shares a driveway with and leases approximately 37,000 square-feet from the Shopping Center for a minimum lease term of 15 years at an annual rent of \$370,000 including common area expenses, subject to increase every year beginning in the 61st month based on the Consumer Price Index. The Company has the option to renew the lease for three individual five-year terms, and at the end of the extension periods, the Company has the option to purchase the leased driveway section of the Shopping Center at a price to be determined based on an appraisal. The Company paid approximately \$85,200 plus common area maintenance charges for its leased driveway space at the Shopping Center during both three month periods ended March 31, 2013 and March 31, 2012.

The Company occasionally leases billboard advertising space from affiliates of its controlling stockholders and paid \$12,500 for the three months ended March 31, 2013, and paid \$53,800 for the three months ended March 31, 2012.

NOTE 6. LONG-TERM DEBT

Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-Q

On November 15, 2011, we amended and restated our \$60.0 million credit facility with a new facility (the New Credit Facility). We utilized the New Credit Facility to finance the acquisition of Riviera Black Hawk, Inc. and the New Credit Facility is available to be used for working capital needs, general corporate purposes and for ongoing capital expenditure requirements. The maximum available borrowings under the New Credit Facility are \$100.0 million.

Table of Contents

In addition to other customary covenants for a facility of this nature, as of March 31, 2013, the Company was required to maintain a leverage ratio, defined as consolidated debt divided by EBITDA, of no more than 3.0:1 and a fixed charge coverage ratio (EBITDA divided by fixed charges, as defined) of at least 1.15:1. As of March 31, 2013, the Company's leverage ratio and fixed charge coverage ratios were 1.7:1 and 10.1:1, respectively.

The maximum principal available under the New Credit Facility is reduced by 1.5% per quarter beginning July 1, 2013. The Company may permanently reduce the maximum principal available at any time so long as the amount of such reduction is at least \$0.5 million and a multiple of \$50,000. Maturities of the Company's borrowings for each of the next three years and thereafter as of March 31, 2013 are as follows:

Amounts in thousands

Year	Maturities	
2013	\$	
2014		
2015		
Thereafter		71,800
	\$	71,800

At March 31, 2013, the Company had \$71.8 million outstanding under the New Credit Facility. At that time its leverage ratio was such that pricing for borrowings under the New Facility was LIBOR plus 2.25%. At March 31, 2013 the one-month LIBOR interest rate was 0.20%. The carrying value of the debt outstanding under the New Facility approximates fair value because the interest fluctuates with the lender's prime rate or other market rates of interest.

NOTE 7. TAXES

For the three months ended March 31, 2013 the Company's effective tax rate was 35.6% compared to 35.0% in the quarter ended March 31, 2012 with the increase in the effective rate attributable to Colorado taxable income due to the acquisition of Black Hawk.

NOTE 8. SEGMENT INFORMATION

We have two reportable operating segments, the Atlantis and Black Hawk. The following table highlights our Adjusted EBITDA and reconciles Adjusted EBITDA to net income for the three months ended March 31, 2013 and 2012.

Provision for income taxes	(2,356,816)	(882,250)
Net income	\$ 4,262,002	\$ 1,641,367

(a) We acquired Black Hawk on April 26, 2012.

(b) We define Adjusted EBITDA for each segment as net income plus provision for income taxes, interest expense, acquisition expense, management fee income or expense, gain or loss on disposal of assets, depreciation and amortization and stock based compensation. Adjusted EBITDA should not be construed as an alternative to operating income (as determined in accordance with generally accepted accounting principles) as an indicator of the Company's operating performance, as an alternative to cash flows from operating activities (as determined in accordance with generally accepted accounting principles) or as a measure of liquidity. This item enables comparison of the Company's performance with the performance of other companies that report Adjusted EBITDA, although some companies do not calculate this measure in the same manner and therefore, the measure as presented may not be comparable to similarly titled measures presented by other companies.

(c) Corporate and other expenses represent unallocated payroll, professional fees, travel expenses and other general and administrative expenses not directly related to our casino and hotel operations.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Monarch Casino & Resort, Inc., through its direct and indirect wholly-owned subsidiaries, Golden Road Motor Inn, Inc. (Golden Road), Monarch Growth Inc. (Monarch Growth), Monarch Black Hawk, Inc. (Monarch Black Hawk), High Desert Sunshine, Inc. (High Desert) and Golden North, Inc. (Golden North), and Golden East, Inc. (Golden East) owns and operates the Atlantis Casino Resort Spa, a hotel/casino facility in Reno, Nevada (the Atlantis); the Riviera Black Hawk Casino in Black Hawk, Colorado (Black Hawk); and real estate proximate to the Atlantis and Riviera Black Hawk.

Table of Contents

Monarch's wholly owned subsidiary Monarch Interactive, Inc. (Monarch Interactive) received approval from the Nevada Gaming Commission on August 23, 2012, which approval was extended on February 26, 2013 for six months pending commencement of operations, for a license as an operator of interactive gaming. Before the license can be issued, a number of conditions must be met, within six months of the February 26, 2013 approval, and before operations can commence, the Company must enter into contracts with a licensed interactive gaming service provider with an approved system. None of these conditions have occurred, and Monarch Interactive is not currently engaged in any operating activities. In Nevada, legal interactive gaming is currently limited to intrastate poker.

Unless otherwise indicated, Monarch, Company, we, our and us refer to Monarch Casino & Resort, Inc. and its subsidiaries.

OPERATING RESULTS SUMMARY

Our operating results may be affected by, among other things, competitive factors, gaming tax increases, the commencement of new gaming operations, construction at our facilities, general public sentiment regarding travel, overall economic conditions and governmental policies affecting the disposable income of our patrons and weather conditions affecting our properties.

The following significant factors and trends should be considered in analyzing our operating performance:

Atlantis: As in many other areas around the country, the impacts of the economic decline in Reno that began in the fourth quarter of 2007 continue to be felt in the first quarter of 2013. Aggressive marketing programs by our competitors have also posed challenges to us during that time. Furthermore, based on statistics released by the Nevada Gaming Control Board, the Reno gaming revenue market has shrunk in the aggregate. Despite those negative factors, revenue in our food and beverage, hotel and other operating departments increased compared to the same quarter of 2012, however casino revenue decreased slightly from the prior year quarter. We anticipate that the ongoing macroeconomic decline nationally and in the Reno market, combined with aggressive marketing programs of our competitors, will continue to apply downward pressure on Atlantis revenue.

Riviera Black Hawk: Since the acquisition of Riviera Black Hawk, Inc. in April 2012, our focus has been to maximize casino and food and beverage revenues. There is currently no hotel on the property. We have evaluated all aspects of operations and have implemented certain operational changes which we believe will enhance the guest experience and have reduced costs. We are in the process of completely redesigning and upgrading the existing Black Hawk facility and received zoning approval on April 10, 2013 for our expansion plans, subject to certain conditions, from the Black Hawk City Council. The approved master plan nearly doubles the existing casino space and converts the facility into a full-scale, high end, resort through the addition of a 335 foot hotel tower with 507 guest rooms and suites, a resort quality spa and pool facility, four restaurants, additional bars, associated support facilities and a new ten story parking structure that, together with existing parking, provides 1,551 parking spaces.

CAPITAL SPENDING AND DEVELOPMENT

We seek to continuously upgrade and maintain our facilities in order to present a fresh, high quality product to our guests.

Capital expenditures totaled approximately \$2.4 million and \$1.4 million for the three month periods ended March 31, 2013 and 2012. During the three month periods ended March 31, 2013, our capital expenditures related primarily to the redesign and upgrade of the Black Hawk facility as well as acquisition of gaming equipment to upgrade and replace existing equipment. The prior year capital expenditures related primarily to purchases of gaming equipment and continued renovation and other general upgrades to the Atlantis facility.

STATEMENT ON FORWARD-LOOKING INFORMATION

When used in this report and elsewhere by management from time to time, the words *believes*, *anticipates* and *expects* and similar expressions are intended to identify forward-looking statements with respect to our financial condition, results of operations and our business including our expansion, development activities, legal proceedings and employee matters. Certain important factors, including but not limited to, competition from other gaming operations, factors affecting our ability to compete, acquisitions of gaming properties, integration of our new property once acquired, leverage, construction risks, the inherent uncertainty and costs associated with litigation and governmental and regulatory investigations, and licensing and other regulatory risks, could cause our actual results to differ materially from those expressed in our forward-looking statements. Further information on potential factors which could affect our financial condition, results of operations and business including, without limitation, our expansion, development activities, legal proceedings and employee matters are included in our filings with the Securities and Exchange Commission. Readers are cautioned not to place undue reliance on any forward-looking statements, which speak only as of the date thereof. We undertake no obligation to publicly release any revisions to such forward-looking statement to reflect events or circumstances after the date hereof.

RESULTS OF OPERATIONS

Comparison of Operating Results for the Three-Month Periods Ended March 31, 2013 and 2012

For the three months ended March 31, 2013, our net income totaled \$4.3 million, or \$0.26 per diluted share, an increase in net income of \$2.6 million, or \$0.16 per diluted share, reflecting a 160.0% increase in both net income and diluted earnings per share. Revenues totaled \$47.6 million in the current quarter, an increase of \$12.8 million over the 2012 first quarter. Income from operations for the three months ended March 31, 2013 totaled \$7.2 million compared to \$2.9 million for the same period in 2012.

Atlantis Operations:

Casino revenues decreased 1.2% in the first quarter of 2013 compared to the first quarter of 2012. Casino operating expenses amounted to 38.6% of casino revenues in the first quarter of 2013, compared to 39.9% in the first quarter of 2012. The improvement in casino operating expenses as a percentage of casino revenues was primarily due to a 5.8% decrease in casino complimentary expense.

Food and beverage revenues for the first quarter of 2013 increased 3.0% over the first quarter of 2012, due to a 3% increase in total covers served with stable average revenue per cover. Food and beverage operating expenses as a percent of total revenue of 44.9% were consistent with the prior year period where costs totaled 44.6% of food and beverage revenues.

Hotel revenues grew 21.6% in the first quarter of 2013, compared to the 2012 first quarter due to improvements in both occupancy and average daily room rate (ADR). Our hotel occupancy improved to 84.9% during the first quarter of 2013 compared to 81.4% during the same period in 2012 while ADR increased 16.9% to \$77.27 during the current quarter versus \$66.09 in the prior year quarter. Revenue per Available Room

Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-Q

(REVPAR), calculated by dividing total room revenue (less service charges, if any) by total rooms available was \$71.60 and \$58.24 for the three month periods ended March 31, 2013 and 2012, respectively. Hotel operating expenses as a percent of hotel revenues improved to 26.4% for the first quarter of 2013 from 29.6% for the first quarter of 2012 due primarily to growth in hotel revenue.

Table of Contents

Promotional allowances as a percentage of gross revenues decreased to 18.6% during the first quarter of 2013 compared to 18.0% in the comparable 2012 quarter.

Other revenues increased 9.0% in the first quarter of 2013 compared to the first quarter of 2012.

Riviera Black Hawk Operations:

We acquired the Riviera Black Hawk on April 26, 2012, and therefore, no information is given for the quarter ended March 31, 2012. The amounts of net revenue and operating income of Riviera Black Hawk included in the Company's consolidated statement of income, after elimination of intercompany transactions, for the quarter ended March 31, 2013 are as follows:

Amounts in millions

Net revenues	\$	11.6
Income from operations		2.8
Net income		1.4

Corporate and Other Expenses:

Selling, General and Administrative (SG&A) expense increased to \$14.0 million in the first quarter of 2013 from \$11.7 million in the first quarter of 2012 attributable primarily due to the inclusion of Black Hawk SG&A of \$2.5 million offset by lower marketing and utilities expenses. As a percentage of net revenue, SG&A expenses declined to 29.3% in the first quarter of 2013 from 33.5% in the same period in 2012 as a result of growth in revenues.

Depreciation and amortization expense increased to \$4.6 million in the first quarter of 2013 from \$3.4 million in the 2012 first quarter due to the inclusion of \$1.2 million of depreciation and amortization related to the Black Hawk acquired assets.

During the quarter, the Company paid down the principal balance on its credit facility by \$9.3 million, which decreased the outstanding balance of the credit facility to \$71.8 million at March 31, 2013 from \$81.1 million at December 31, 2012. Interest expense increased to \$0.6 million in the quarter ended March 31, 2012 from \$0.3 million in the prior year's first quarter due to higher average loan balances in the current year quarter compared to the prior year quarter.

LIQUIDITY AND CAPITAL RESOURCES

Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-Q

For the three months ended March 31, 2013, net cash provided by operating activities totaled \$11.9 million, an increase of approximately \$7.1 million or 150.4% compared to the same period last year due primarily to increased net income from the addition of the Black Hawk property. Also contributing to the improvement in operating cash flow were increases in income taxes and accounts payable as well a decrease in account receivable.

Net cash used in investing activities totaled \$2.4 million for the current quarter compared to \$1.4 million for the prior year period. The current period investing activities reflects our continued investment in gaming equipment and facilities upgrades for both the Atlantis and Black Hawk properties while the prior period cash used for investing activities related to gaming equipment and upgrades of the Atlantis property.

We used \$9.3 million and \$5.7 million of cash in financing activities during the three months ended March 31, 2013 and March 31, 2012, respectively, to repay borrowings under our New Credit Facility.

The Company has a \$100.0 million credit facility available (New Credit Facility) of which \$71.8 million was drawn at March 31, 2013. The proceeds from the New Credit Facility were utilized by the Company to finance the acquisition of Black Hawk, Inc. and may also be used for working capital needs, general corporate purposes and for ongoing capital expenditure requirements. The company had \$28.2 million available on the New Credit Facility as of March 31, 2013.

The maximum principal available under the New Credit Facility is reduced by 1.5% per quarter beginning July 1, 2013. The Company may permanently reduce the maximum principal available at any time so long as the amount of such reduction is at least \$0.5 million and a multiple of \$50,000. Maturities of the Company's borrowings for each of the next three years and thereafter as of March 31, 2013 are as follows:

Amounts in thousands

Year	Maturities
2013	\$
2014	
2015	
Thereafter	71,800
	\$ 71,800

The maturity date of the New Credit Facility is November 15, 2016. Borrowings are secured by liens on substantially all of the real and personal property of Monarch.

The Company may prepay borrowings under the New Credit Facility without penalty (subject to certain charges applicable to the prepayment of LIBOR borrowings prior to the end of the applicable interest period). Amounts prepaid may be reborrowed so long as the total borrowings outstanding do not exceed the maximum principal available.

The New Credit Facility contains customary covenants for a facility of this nature, including, but not limited to, covenants requiring the preservation and maintenance of the Company's assets and covenants restricting our ability to merge, transfer ownership of Monarch, incur additional indebtedness, encumber assets and make certain investments. Management does not consider the covenants to restrict normal functioning of day-to-day operations.

OFF BALANCE SHEET ARRANGEMENTS

Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-Q

A driveway was completed and opened on September 30, 2004, that is being shared between the Atlantis and a shopping center (the Shopping Center) directly adjacent to the Atlantis. The Shopping Center is controlled by an entity whose owners include our controlling stockholders. As part of this project, in January 2004, we leased a 37,368 square-foot corner section of the Shopping Center for a minimum lease term of 15 years at an annual rent of \$300,000, subject to increase every year beginning in the 61st month based on the Consumer Price Index. We also use part of the common area of the Shopping Center and pay our proportional share of the common area expense of the Shopping Center. We have the option to renew the lease for three individual five-year terms, and at the end of the extension periods, we have the option to purchase the leased section of the Shopping Center at a price to be determined based on an MAI Appraisal. The leased space is being used by us for pedestrian and vehicle access to the Atlantis, and we may use a portion of the parking spaces at the Shopping Center. The total cost of the project was \$2.0 million; we were responsible for two thirds of the total cost, or \$1.35 million.

Table of Contents

The cost of the new driveway is being depreciated over the initial 15-year lease term; some components of the new driveway are being depreciated over a shorter period of time. We paid approximately \$85,200 in lease payments for the leased driveway space at the Shopping Center during the three months ended March 31, 2013.

CRITICAL ACCOUNTING POLICIES

A description of our critical accounting policies and estimates can be found in Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations of our Form 10-K for the year ended December 31, 2012 (2012 Form 10-K). For a more extensive discussion of our accounting policies, see Note 1, Summary of Significant Accounting Policies, in the Notes to the Consolidated Financial Statements in our 2012 Form 10-K filed on March 15, 2013.

OTHER FACTORS AFFECTING CURRENT AND FUTURE RESULTS

The economies in northern Nevada, the Denver metropolitan area, and our feeder markets, like many other areas around the country, are experiencing the effects of several negative macroeconomic trends, including a broad economic recession, higher home mortgage defaults and declining residential real estate values. These negative trends could adversely impact discretionary incomes of our target customers, which, in turn has and is expected to continue to adversely impact our business. We believe that as recessionary pressures increase or continue for an extended period of time, target customers may further curtail discretionary spending for leisure activities and businesses may reduce spending for conventions and meetings, both of which would adversely impact our business. Management continues to monitor these trends and intends, as appropriate, to adopt operating strategies to attempt to mitigate the effects of such adverse conditions. We can make no assurances that such strategies will be effective.

The expansion of Native American casinos in California has had an impact on casino revenues in Nevada in general, and many analysts have continued to predict the impact will be more significant on the Reno-Lake Tahoe market. If other Reno-area casinos continue to suffer business losses due to increased pressure from California Native American casinos, such casinos may intensify their marketing efforts to northern Nevada residents as well, greatly increasing competitive activities for our local customers.

Higher fuel costs may deter California, Denver area, and other drive-in customers from coming to the Atlantis or the Riviera Black Hawk Casino.

We also believe that unlimited land-based casino gaming in or near any major metropolitan area in the Atlantis key feeder market areas, such as San Francisco or Sacramento, or in other areas near Denver, Colorado, the Black Hawk key feeder markets, could have a material adverse effect on our business.

COMMITMENTS AND CONTINGENCIES

Our contractual cash obligations as of March 31, 2013 and the next five years and thereafter are as follows:

Table of ContentsAmounts in thousands

	Total	Payments Due by Period (4)			
		less than 1 year	1 to 3 years	4 to 5 years	more than 5 years
Operating Leases (1)	\$ 2,462	\$ 416	\$ 751	\$ 740	\$ 555
Borrowings Under Credit Facility (2)	71,800			71,800	
Purchase Obligations (3)	6,613	6,613			
Total Contractual Cash Obligations	\$ 80,875	\$ 7,029	\$ 751	\$ 72,540	\$ 555

(1) Operating leases include leased storage, driveway usage and common area expense payments for the shopping center adjacent to the Atlantis.

(2) The amount represents outstanding draws against the New Credit Facility as of March 31, 2013.

(3) Purchase obligations represent approximately \$1.9 million of commitments related to capital projects and approximately \$4.7 million of materials and supplies used in the normal operation of our business. Of the total purchase order and construction commitments, approximately \$4.7 million are cancelable by us upon providing a 30-day notice.

(4) Because interest payments under our New Credit Facility are subject to factors that in our judgment vary materially, the amount of future interest payments is not presently determinable. These factors include: 1) future short-term interest rates; 2) our future leverage ratio which varies with EBITDA and our borrowing levels and 3) the speed with which we deploy capital and other spending which in turn impacts the level of future borrowings. The interest rate under our Credit Facility is LIBOR, or a base rate (as defined in the Credit Facility agreement), plus an interest rate margin ranging from 1.25% to 2.50% depending on our leverage ratio. The interest rate is adjusted quarterly based on our leverage ratio which is calculated using operating results over the previous four quarters and borrowings at the end of the most recent quarter. At March 31, 2013 pricing was set at the opening pricing point of LIBOR plus 2.25% and will be adjusted in subsequent quarters in accordance with our leverage ratio. At March 31, 2013, the one-month LIBOR rate was 0.20%.

SALES AND USE TAX ON COMPLIMENTARY MEALS

In March 2008, the Nevada Supreme Court issued a decision in Sparks Nugget, Inc. vs. The State of Nevada Department of Taxation (the Department), holding that food purchased for subsequent use in the provision of complimentary and/or employee meals were exempt from use tax. As a result of this decision, refund claims were filed for use taxes paid, over the period April 1997 through March 2000 and the period February 2005 through June 2008, on food purchased for subsequent use in complimentary and employee meals at our Nevada casino property. We estimate the requested refund to be approximately \$1.6 million, excluding interest. We have not recognized any of these refund amounts.

Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-Q

In February 2012, the Department issued a policy directive, requesting that affected taxpayers begin collecting and remitting sales tax on complimentary meals and employee meals effective February 2012 and on June 25, 2012, the Nevada Tax Commission adopted regulations providing for a similar requirement, which regulations have not yet been made effective. As such we have accrued the resultant tax of \$0.5 million as of March 31, 2013.

Table of Contents

We believe this policy directive, and possibly, the new regulations, contradict the March 27, 2008 Nevada Supreme Court decision, and we believe each are being challenged by several affected parties.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the risk of loss arising from adverse changes in market risks and prices, such as interest rates, foreign currency exchange rates and commodity prices. We do not have any cash or cash equivalents as of March 31, 2013 that are subject to market risk. As of March 31, 2013 we had \$71.8 million of outstanding debt under our New Credit Facility that was subject to credit risk. A 1% increase in the interest rate on the balance outstanding under the New Credit Facility at March 31, 2013 would result in a change in our annual interest cost of approximately \$0.7 million.

ITEM 4. CONTROLS AND PROCEDURES

As of the end of the period covered by this Quarterly Report on Form 10-Q, (the Evaluation Date), an evaluation was carried out by our management, with the participation of our Chief Executive Officer and our Chief Financial Officer and Treasurer, of the effectiveness of our disclosure controls and procedures (as defined by Rule 13a-15(e) under the Securities Exchange Act of 1934). Based upon the evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

There was no change in our internal control over financial reporting during our most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

As previously disclosed, litigation was filed against Monarch on January 27, 2006, by Kerzner International Limited (Kerzner) owner of the Atlantis, Paradise Island, Bahamas in the United States District Court, District of Nevada, case number 3:06-cv-00232-ECR (RAM). The complaint sought declaratory judgment prohibiting Monarch from using the name Atlantis in connection with offering casino services other than at Monarch's Atlantis Casino Resort Spa located in Reno, Nevada, and particularly prohibiting Monarch from using the Atlantis name in connection with offering casino services in Las Vegas, Nevada; injunctive relief enforcing the same; and other relief. Monarch filed a counterclaim against Kerzner seeking to cancel Kerzner's federal registration of the ATLANTIS mark for casino services and to obtain declaratory relief in its favor on issues related to Monarch's use of the mark, as raised by Kerzner's complaint. Upon conclusion of discovery various motions were filed by the parties. On December 14, 2009, the court ruled on the pending motions, and identified a single remaining factual question concerning Kerzner's alleged fame that potentially was dispositive of Kerzner's claims. After addressing additional procedural matters, on June 3, 2010, the court directed the parties to file the proposed joint pretrial order. In the proposed joint pretrial order, Kerzner conceded that it could not prove the sole dispositive issue of fame and requested the court to make entry of judgment against Kerzner. The court

Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-Q

treated Kerzner's request as a motion to dismiss and for entry of judgment, and on October 8, 2010 issued an order granting dismissal and entry of judgment against Kerzner. On February 10, 2011, the court issued its final judgment against Kerzner and in favor of

Table of Contents

Monarch with respect to all claims asserted by Kerzner in the Complaint. As to Monarch's Counterclaims, the court granted all remaining counterclaims in favor of Monarch, including declaratory relief that: Monarch's use of the ATLANTIS mark does not infringe on Kerzner's rights; Monarch has developed valid common law rights in the ATLANTIS mark for casino services; Monarch owns a valid Nevada state trademark for the ATLANTIS mark in casino services; Monarch has the exclusive ability to use the ATLANTIS mark for casino services within the State of Nevada by virtue of its Nevada state registration; and Monarch has the right and ability to use and convey rights in the Atlantis name and mark in connection with casino services in Las Vegas, Nevada, and to do so does not constitute deceptive trade practices under Nevada law. The court declined Monarch's request for cancellation of Kerzner's federal registration and for attorneys' fees, but awarded costs of suit to Monarch as the prevailing party. On March 11, 2011, Kerzner filed its Notice of Appeal, appealing the above referenced final judgment. Monarch filed a cross-appeal on the bases that the district court erred by failing to cancel Kerzner's federal registration of the ATLANTIS mark for gaming, and by not awarding attorneys' fees to Monarch. The case number assigned in the Ninth Circuit Court of Appeal was 11-15675. The Ninth Circuit briefing schedule was stayed while the parties explored settlement. Having reached a settlement, on February 13, 2013, the parties submitted a Stipulated Motion to Voluntarily Dismiss Appeal and Cross-Appeal and the Ninth Circuit's Order of Dismissal pursuant to that Motion was entered February 14, 2013. In conjunction with the settlement, Monarch was acknowledged by Kerzner to own the rights in the United States for use of the name ATLANTIS in connection with casino, restaurant, bar and cocktail lounge services, and Monarch further obtained registration for the marks Atlantis Casino and Atlantis Casino Spa in the US Patent and Trademark Office in International Class 41 (U.S. Classes 100, 101 and 107) for casinos, and in International Class 43 (U.S. Classes 100 and 101) for restaurant and bar services, and cocktail lounges. Also, as an element of the settlement, under a license from Monarch, Kerzner is entitled to exclusive use of the Atlantis name for gaming in resort-type settings in the United States east of the Mississippi River. However, Monarch retains all rights for online or internet-based casino gaming services under the Atlantis name directed toward United States consumers. Kerzner retains ownership of the mark ATLANTIS for lodging services (this class of services was not a subject of the litigation) and Monarch continues to hold the exclusive license from Kerzner for lodging services under the Atlantis name in the state of Nevada. Accordingly, Monarch holds the intellectual property rights enabling it to own and/or operate an Atlantis-branded casino resort in Las Vegas, and any other Nevada location. The above-described trademark litigation with Kerzner is now concluded.

We are party to other claims that arise in the normal course of business. Management believes that the outcomes of such claims will not have a material adverse impact on our financial condition, cash flows or results of operations.

ITEM 1A. RISK FACTORS

A description of our risk factors can be found in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2012. The material changes to those risk factors during the three months ended March 31, 2013 are found below.

OUR BUSINESS MAY BE ADVERSELY IMPACTED IF THE RENO OR DENVER METROPOLITAN ECONOMIES FURTHER DECLINE OR STAGNATE

We market to and rely upon business from Reno and Denver metropolitan area residents. Adverse changes in the business and employment conditions in Reno (prior to our acquisition of Riviera Black Hawk) brought on by the economic recession have adversely impacted our business. There can be no guarantee that such conditions will improve or will not worsen. Additional erosion in business and employment conditions in Reno or the Denver metropolitan area could adversely impact our business.
