#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1 - Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial reporting and instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Therefore, they do not include all information and footnote disclosure necessary for a complete presentation of Chase Corporation s financial position, results of operations and cash flows, in conformity with generally accepted accounting principles. Chase Corporation (the Company, Chase, we, or us) filed audited consolidated financial statements, which included all information and notes necessary for such presentation for the three years ended August 31, 2014 in conjunction with its 2014 Annual Report on Form 10-K. Certain immaterial reclassifications have been made to the prior year amounts to conform to the current year s presentation.

The results of operations for the interim periods ended November 30, 2014 are not necessarily indicative of the results to be expected for any future period or the entire fiscal year. These interim condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements for the year ended August 31, 2014, which are contained in the Company  $\,$  s 2014 Annual Report on Form  $\,$  10-K.

The accompanying unaudited consolidated financial statements contain all adjustments (consisting of normal recurring items) which are, in the opinion of management, necessary for a fair statement of the Company's financial position as of November 30, 2014, the results of operations, comprehensive income and cash flows for the interim periods ended November 30, 2014 and 2013, and changes in equity for the interim period ended November 30, 2014.

The financial statements include the accounts of the Company and its wholly-owned subsidiaries. All intercompany transactions and balances have been eliminated in consolidation. The Company uses the US dollar as the reporting currency for financial reporting. The financial position and results of operations of the Company s UK based operations are measured using the UK pound sterling as the functional currency and the financial position and results of operations of the Company s operations based in France are measured using the euro as the functional currency. Foreign currency translation gains and losses are determined using current exchange rates for monetary items and historical exchange rates for other balance sheet items and are recorded as a change in other comprehensive income. Transaction gains and losses generated from the remeasurement of assets and liabilities denominated in currencies other than the functional currency of our foreign operations are included in Other (expense) / income on the consolidated statements of operations.

On October 31, 2014, the Company purchased the 50% non-controlling membership interest of NEPTCO JV LLC (the JV) owned by its now-former joint venture partner, an otherwise unrelated party. Because of the Company s controlling financial interest, the JV s assets, liabilities and results of operations have been consolidated within the Company s consolidated financial statements since June 27, 2012, the date the Company acquired NEPTCO. The Company will continue to fully consolidate the assets, liabilities and results of operations of the JV, but will

no longer record an offsetting amount for a non-controlling interest subsequent to October 31, 2014. The (\$95) recorded in the Consolidated Statement of Operations as Net (gain) loss attributable to non-controlling interest, represents the now-former joint venture partner s share of the results of operations of the JV for the period from September 1, 2014 through October 31, 2014.

#### **Note 2** Recent Accounting Policies

Recently Adopted Accounting Pronouncements

In May 2014, the FASB issued Accounting Standards Update ( ASU ) No. 2014-09, Revenue from Contracts with Customers , which will replace most of the existing revenue recognition guidance under U.S. Generally Accepted Accounting Principles. The core principle of the ASU is that an entity should recognize revenue for the transfer of goods or services equal to the amount that it expects to be entitled to receive for those goods or services. The ASU requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments. The ASU will be effective for the Company beginning September 1, 2017 (fiscal 2018), including interim periods in its fiscal year 2018, and allows for both retrospective and prospective methods of adoption. The Company is in the process of determining the method of adoption and assessing the impact of this ASU on the Company s consolidated financial position, results of operations or cash flows.
