Proxy Statement

When and where is the meeting being held?

The meeting is being held at 10:00 A.M., EDT on Thursday, May 12, 2016, at the Bethesda Marriott Hotel, 5151 Pooks Hill Road, Bethesda, Maryland.

What am I being asked to vote on at the meeting?

You are being asked to vote on five proposals at the meeting:

1. the election of eight directors for a one year term until the 2017 Annual Meeting of Shareholders and until their successors are duly elected and qualified;
2. the approval of an amendment to the Company's Articles of Incorporation to require that directors of the Company be approved by majority vote in uncontested elections;
3. the approval of the Company's 2016 Stock Plan;
4. the ratification of the appointment of Stegman & Company as the Company's independent registered public accountants for the year ended December 31, 2016; and
5. a non-binding advisory resolution approving the compensation of our named executive officers.

How does the Board recommend I vote?

The Board unanimously recommends that you vote:

- **FOR the election of all of the nominees for election as director,**
- **FOR the amendment to the Articles of Incorporation,**
- **FOR the approval of the 2016 Stock Plan,**
- **FOR the ratification of accountants, and**
- **FOR the nonbinding resolution approving our named executive officer compensation.**

Who is entitled to vote at the meeting?

Only shareholders of record of the Company's common stock, par value \$0.01 per share (the common stock), at the close of business on March 16, 2016, will be entitled to notice of and to vote at the meeting or any adjournment or postponement of the meeting. On that date, the Company had 33,579,314 shares of common stock outstanding, held by approximately 16,340 total shareholders, including 940 shareholders of record. The common stock is the only class of securities entitled to vote at the meeting.

If your shares are registered directly in your name with Computershare Trust Company, N.A., our transfer agent, then you are a shareholder of record. As a shareholder of record, you may vote in person at the meeting, or vote by proxy, using any of the following three methods to submit your proxy:

- by Internet: go to www.cesvote.com and follow the instructions provided;
- by toll-free telephone: call 1 (888) 693-8683; or
- by mail: mark, sign, date and promptly mail the enclosed proxy card in the enclosed postage-paid envelope.

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

If your shares are held in an account at a broker, bank or other nominee (collectively, your broker), rather than in your name, then you are a beneficial owner of street name shares, and these proxy materials are being forwarded to you by your broker. Only your broker is entitled to vote your shares at the meeting or submit a proxy. (Please see the next question for important information regarding voting by your broker.) As a beneficial owner, you are entitled to direct your broker how to vote your shares. You will need to follow the directions your broker provides you and give the broker instructions as to how the broker should vote your shares by following the instructions you received with your copy of this proxy

Table of Contents

statement. If you want to vote your shares held in street name at the meeting, you will need to obtain a legal proxy from your broker authorizing you to vote your shares. A brokerage statement or the voting instruction form you receive from your broker will not allow you to vote in person at the meeting. Please note that your broker may have a deadline for submitting voting instructions which is earlier than the deadline for voting for recordholders.

Whether or not you plan to attend the meeting, we urge you to vote and submit your proxy, by Internet, telephone or mail, or to instruct your broker how to vote, in order to ensure the presence of a quorum.

Will my broker vote my shares for me?

Under the rules of the New York Stock Exchange applicable to its member firms, your broker will not vote your shares on the election of directors, the approval of the 2016 Stock Plan or the advisory resolution on executive compensation unless they receive instructions from you. **If you hold your shares through a broker, it is extremely important that you instruct your broker how to vote your shares.** The election of directors (even if not contested) and the non-binding advisory vote on executive compensation are not considered routine matters. As such, your broker cannot vote your shares with respect to these proposals if you do not give instructions.

How many votes do I have?

You have one vote for each share of common stock you hold as of the record date on each matter submitted for the vote of shareholders. You do not have the right to cumulate votes in the election of directors.

What is the quorum requirement for the meeting?

The presence, in person or by proxy, of at least a majority of the total number of outstanding shares of common stock is necessary to constitute a quorum at the meeting.

How will proxies be voted and counted?

Properly executed proxies received by the Company in time to be voted at the meeting will be voted as you specify. If you do not specify how you want your shares voted, proxies will be voted **FOR** the election of all the nominees for election as directors, **FOR** the amendment to the Articles of Incorporation, **FOR** the adoption of the 2016 Stock Plan, **FOR** the ratification of the appointment of Stegman & Company, and **FOR** the non-binding advisory resolution approving the compensation of our named executive officers. We do not know of any other matters that will be brought before the meeting. If other matters are properly brought before the meeting, the persons named in the proxy intend to vote the shares to which the proxies relate in accordance with their best judgment.

The inspector of election appointed for the meeting will determine the presence of a quorum and will tabulate the votes cast at the meeting. Abstentions will be treated as present for purposes of determining a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the vote of shareholders. If a broker advises the Company that it cannot vote on a matter because the beneficial owner has not provided voting instructions and it does not have discretionary voting authority on a particular matter, this is a broker non-vote with respect to that matter. Shares subject to broker non-votes will be counted as shares present or represented at the meeting for purposes of determining whether a quorum exists; however, such shares will not be considered as present or voted with respect to the matters on which the broker does not have the power to vote.

Can I revoke my proxy after I submit it?

Yes. You may revoke your proxy or change your vote at any time before it is voted at the meeting by:

- granting a later proxy with respect to the same shares;
- sending written notice to Jane E. Cornett, Corporate Secretary of the Company, 7830 Old Georgetown Road, Third Floor, Bethesda, Maryland 20814 at any time prior to the proxy being voted; or
- voting in person at the meeting.

Table of Contents

Your attendance at the meeting will not, in itself, revoke your proxy. If your shares are held in the name of your broker, please see the voting form provided by your broker for additional information regarding the voting of your shares.

What votes are required to approve the election of directors and the other proposals?

Under Maryland law and our current bylaws, directors are elected at this Annual Meeting by a plurality of the votes cast in the election, in the order of the number of votes received. Approval of the amendment to the Articles of Incorporation requires the vote of at least two-thirds of the outstanding shares of common stock. Each of the other proposals requires a majority of the votes cast on that matter in order to be approved.

How are proxies being solicited?

Proxies may also be solicited personally or by telephone by officers, regular employees or directors of the Company or its subsidiary, EagleBank, who will not receive any special compensation for their services in soliciting proxies. Additionally, we have engaged Alliance Advisors, LLC (Alliance), a proxy solicitation firm, to assist us in the distribution of proxy materials and the solicitation of votes. We will pay Alliance a base fee of \$5,500, plus per-call fees and reimbursement of its out-of-pocket expenses, for its services. We may also reimburse brokers, custodians, nominees and other fiduciaries for their reasonable out-of-pocket and clerical costs for forwarding proxy materials to their principals. The cost of this proxy solicitation is being paid by the Company.

How can I find out the results of the voting at the annual meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting ends. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days after the day final results are available.

What does it mean if I receive more than one set of materials?

This means you hold shares of common stock in more than one way. For example, you may own some shares directly as a shareholder of record and other shares through a broker, or you may own shares through more than one broker. In these situations you may receive multiple sets of proxy materials. In order to vote all the shares you own, you must either complete, sign, and return all of the proxy cards or follow the instructions

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

for any alternative voting procedure on each of the proxy cards voting forms you receive. Each proxy card you received came with its own prepaid return envelope. If you vote by mail, make sure you return each proxy card in the return envelope that accompanied that proxy card.

Why aren't all of the shareholders who are in my household getting their own copy of the proxy materials?

In some cases, only one copy of the proxy statement and the annual report is delivered to multiple shareholders sharing an address. However, this delivery method, called "householding," is not used if we have received contrary instructions from one or more of the shareholders. We will deliver promptly, upon written or oral request, a separate copy of this proxy statement and the Annual Report to a shareholder at a shared address to which a single copy of the documents were delivered. To request a separate delivery of these materials now or in the future, you should submit a written request to: Jane E. Cornett, Corporate Secretary, at the Company's executive offices, 7830 Old Georgetown Road, Bethesda, Maryland 20814, or by calling (301) 986-1800. Additionally, any shareholders who are presently sharing an address and receiving multiple copies of shareholder mailings and who would prefer to receive a single copy of such materials may let us know by directing that request to us in the manner provided above.

Proxy Statement Summary

Introduction

Eagle Bancorp, Inc. is the parent company of EagleBank. The Bank operates as a community bank alternative to the super-regional financial institutions which dominate its primary market area. The cornerstone of the Bank’s philosophy is to provide superior, personalized service to its clients. The Bank focuses on relationship banking, providing each client with a number of services, familiarizing itself with, and addressing itself to, client needs in a proactive, personalized fashion. Management believes that the Bank’s target market segments, including small, medium and large-sized for profit and non-profit businesses and the consumer base working or living in and near the Bank’s market area, demand the convenience and personal service that an independent locally based financial institution such as the Bank can offer. It is these themes of convenience and proactive personal service that form the basis for the Bank’s business development strategies.

Our Mission

We have a mission to be the most respected and profitable community bank. To do this, we put relationships first to the delight of our customers, employees and shareholders and relentlessly deliver the most compelling service and value.

Our Values

Flexible

We **begin** our relationships based on our time-tested tradition of listening to our customer, collaborating with colleagues and designing a comprehensive, creative solution that brings value to and appreciation from our customer. We enhance the relationship with empowered “YES, We Can” service and live up to our strong belief that formulas do not make good banking sense, relationships do. We are entrepreneurial – it is our differentiator.

Involved

We **build** our relationships by developing a rapport that is based on partnership, mutual respect and a desire to delight. We are unwavering in our commitment to the goals and growth of our customers, colleagues and community through volunteerism. We believe that doing the little extras and staying involved with our customer demonstrates our difference.

Responsive

We **shape** our relationships by taking ownership for being ever-responsive, from beginning to end, day in and day out. We understand that reliable, accurate and time-sensitive communication is fundamental to preserving reputation and relationships, internally and externally.

Strong

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

We **strengthen** our relationships each time we are called upon for our expertise and know-how. We are committed to enhancing our professional knowledge in order to remain credible, current and strong partners with our customers, colleagues and community. Our history of sustaining a well-capitalized and profitable position emphasizes our strength and reinforces our relationships.

Trusted

We **uphold** our relationships with honesty, openness and reliability. We can be counted on to do the right thing. We understand that underlying a sound, long-lasting relationship is the essential element of trust. Trust can be lost in a moment, so we are vigilant in our actions and words.

Eagle Bancorp, Inc. at a Glance - 2015

<p>What Did We Accomplish?</p>	<ul style="list-style-type: none"> • Successfully integrated the acquisition of Virginia Heritage Bank; • Consummated an offering of \$100 million of common stock; • Entered into a ten-year support relationship with George Mason University, Fairfax, Virginia (which, among other things, resulted in the Patriot Center being renamed the EagleBank Arena); and • Redeemed the Company's Small Business Lending Fund (SBLF) preferred stock prior to the dividend rate thereon jumping to 9%.
<p>How Did We Perform?</p>	<ul style="list-style-type: none"> • Assets grew to \$6.1 billion. EagleBank is the largest community bank founded in the Washington, DC area. • 2015 continued a trend of strong and sustained underlying financial performance across each line of business (diluted EPS growth of 28.2%). • One-year and three-year Total Shareholder Return (42.1% and 178.1%) substantially outperformed industry. • Return on Average Assets grew 13.7% last year, to 1.49%. • Capital position was strengthened and streamlined with redemption of SBLF preferred stock and with \$100 million common stock offering.
<p>How Did We Pay our Named Executive Officers (NEOs)?</p>	<ul style="list-style-type: none"> • Enhanced a disciplined and balanced framework in response to shareholder feedback by eliminating the discretionary component of, and adding payment caps to, the Senior Executive Incentive Plan (occasionally referred to as the SEIP), our cash incentive plan. • Paid our named executive officers (NEOs) commensurate with 2015 performance and appropriately situated relative to peers. • Added a performance-vested share component to our long term incentive plan, effective 2016.
<p>What are Our Pay Practices and Perspective?</p>	<ul style="list-style-type: none"> • NEO compensation components are decided through goal-based cash bonuses and equity-based compensation that align our executives' interests with shareholder interests. • Executives do <u>not</u> receive any significant special perks or gross-ups. • Compensation is awarded based on strong corporate governance and independent board oversight. • Compensation plans reflect valued feedback from shareholder engagement efforts.

	<ul style="list-style-type: none"> • Pay policies are consistent with best practices, including maintaining a sound set of compensation principles, managing our equity awards responsibly and closely monitoring competitors and market opportunities for our executives.
<p>How Do We Address Risk?</p>	<ul style="list-style-type: none"> • We impose clawback/recovery provisions. • We continue our extensive risk assessment process. • In 2016, we adopted Share Ownership, Anti-Hedging and Pledging Policies.
<p>Why Should our Shareholders Approve our Say on Pay Advisory Vote?</p>	<ul style="list-style-type: none"> • Our 2015 performance represents outstanding performance compared to our performance goals and peer group performance. (See Peer Table, page 44). • Pay is commensurate with Company and individual performance, and peers. • Pay programs were revised in 2015 and will continue to evolve in 2016 in response to shareholder feedback. • Pay practices and policies are aligned with interests of shareholders. • Pay is subject to extensive risk and control features.

Shareholder Engagement and How We've Responded

Investor Outreach

We value the opinion of our shareholders and look forward to a continued, open dialogue on compensation and governance matters relevant to our business. As a result of last year's advisory Say-on-Pay vote, which received the support of 48.7% of votes cast, we enhanced our shareholder outreach efforts beyond those that have been made in the past several years. In the fall of 2015, we reached out to our top 30 shareholders in order to gather feedback regarding our executive compensation program and disclosures, and had substantive discussions with almost half of them. The input we did receive ranged the full spectrum, from being very complimentary to expressing concerns about certain aspects of our compensation plan design and/or desiring greater transparency in our proxy statement regarding plan philosophy and the meeting of goals.

Some of the positive feedback reinforced our high level of insider ownership and alignment with shareholders, with some investors noting a particular comfort that our Chief Executive Officer holds a

Table of Contents

significant number of shares. (In fact, Ronald Paul, our Chairman and Chief Executive Officer, and his family interests own or control shares representing, as of December 31, 2015, over 90 times his 2015 base salary.) There was general support that total direct compensation, including that of our Chief Executive Officer, aligns with performance.

On the other hand, some investors expressed a desire for us to eliminate the discretionary line item within the SEIP, have caps on how much an executive can earn under the SEIP, add a long term equity incentive plan tied to future multi-year Company performance, and generally to provide more details in our disclosures on how the Compensation Committee made its decisions. There was also concern expressed over the allocation of executive incentive compensation between cash and equity.

We also held conversations with two prominent shareholder advisory firms, to further appreciate their policies and perspectives.

We listened carefully and have made many substantial changes to our compensation and governance practices effective to the Say-on-Pay vote and to the subsequent shareholder engagement for 2016 (including relating to 2015) as a result of feedback from our shareholders. Below we summarize the feedback, and how we responded. Greater detail can be found later in this proxy statement, in the Compensation Discussion and Analysis section starting on page 29.

Proposal 1: Election of Directors

<p>The Board of Directors has nominated eight persons for election as directors at the 2016 Annual Meeting, for a one-year period until the 2017 Annual Meeting of Shareholders and until their successors have been elected and qualified.</p>
<p>Unless you withhold authority to vote for one or more nominees for election as director, all proxies received in response to this solicitation will be voted for the election of the nominees listed below. Each of the nominees for election as a director currently serves as a member of the Board of Directors. Each nominee has indicated a willingness to serve if elected. However, if any nominee becomes unable to serve, the proxies received in response to this solicitation will be voted for a replacement nominee selected in accordance with the best judgment of the persons named as proxies.</p>
<p>The rules of The NASDAQ Stock Market (NASDAQ) require that a majority of the members of the Board be independent directors. The Board of Directors has determined that each director and nominee for election as director, other than Mr. Paul, is an independent director as that term is defined in Rule 5605(a)(2) of the NASDAQ rules. The Board has also considered whether the members of the Audit and Compensation Committees are independent under the heightened standards of independence required by Sections 5605(c)(2)(A) and 5605(d)(2)(A), respectively, of the NASDAQ rules, and has determined that they are. In making these determinations, the Board of Directors was aware of and considered the loan and deposit relationships with directors and their related interests which the Company enters into in the ordinary course of its business, the arrangements which are disclosed under Certain Relationships and Related Transactions in this proxy statement, and the compensation arrangements described under Director Compensation.</p>
<p>As required under applicable NASDAQ listing standards, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present.</p>
<p>Set forth below is information concerning the nominees for election as directors. Except as otherwise indicated, the occupation listed has been such person's principal occupation for at least the last five years. Each of the nominees also serves as a director of the Bank. Except as noted below, each nominee has served as a director of the Company since its organization.</p>

It also periodically reviews audit reports with the Company's independent accountants. The Board of Directors has adopted a written charter for the Audit Committee. A copy of the charter is available on the Company's website at www.eaglebankcorp.com. Each of the members of the Audit Committee is independent, as determined under the definition of independence adopted by NASDAQ for audit committee members in Rule 5605(c)(2)(A). Mr. Pincus resigned from the Audit Committee effective December 31,

2015, to eliminate any concerns expressed by certain shareholders as to his independence. The Board of Directors has determined that Mr. Alperstein is the audit committee financial expert as defined under regulations of the Securities and Exchange Commission.

The Audit Committee is also responsible for the pre-approval of all non-audit services provided by its independent accountants. Non-audit services are only provided by the independent auditors to the extent permitted by law. Pre-approval is required unless a *de minimis* exception is met. To qualify for the *de minimis* exception, the aggregate amount of all such non-audit services provided to the Company must constitute not more than five percent of the total amount of revenues paid by the Company to its independent accountants during the fiscal year in which the non-audit services are provided; such services were not recognized by the Company at the time of the engagement to be non-audit services; and the non-audit services are promptly brought to the attention of the committee and approved by one or more members of the committee to whom authority to grant such approval has been delegated by the committee prior to the commencement of the non-audit services.

Compensation Committee

The Compensation Committee makes determinations with respect to salary levels, bonus compensation and equity compensation awards for executive officers, among others. The Compensation Committee has the sole responsibility for determining executive compensation, including that of the named executive officers, and for establishing compensation philosophy. Each of the members of the Compensation Committee is independent, as determined under the definition of independence adopted by NASDAQ for compensation committee members in Rule 5605(d)(2)(A). Mr. Pincus resigned from the Compensation Committee effective December 31, 2015, to eliminate any concerns expressed by certain shareholders as to his independence. The Committee is also responsible for succession planning for the Company and the Bank.

The Board of Directors has adopted a charter for the Compensation Committee. A copy of the charter is available on the Company's website at www.eaglebankcorp.com. For further information on the role of the Committee, see page 42.

During 2015, the Compensation Committee retained and worked with Meyer-Chatfield Compensation Advisors, an executive compensation and benefits consulting firm of national scope and reputation, to advise it in connection with executive compensation decisions for 2015.

Governance & Nominating Committee

The Board of Directors has a standing Governance & Nominating Committee, consisting of three members of the Board of Directors who are independent directors within the meaning of NASDAQ Rule 5605(a)(2). Mr. Pincus resigned from the Committee effective December 31, 2015, to eliminate any concerns expressed by certain shareholders as to his independence. The Governance & Nominating Committee is responsible for the evaluation of nominees for election as director, the recommendation to the Board of Directors of director candidates for nomination for election by the shareholders, the evaluation of sitting directors and the setting of compensation for directors. The Board of Directors has adopted a charter for the Governance & Nominating Committee addressing the nominations process. A copy of the charter is available on the Company's website at www.eaglebankcorp.com.

The Board has not developed a formal policy for the identification or evaluation of nominees. In general, when the Board determines that expansion of the Board or replacement of a director is necessary or appropriate, the Governance & Nominating Committee will review, through candidate interviews with members of the Board and management, consultation with the candidate's associates and through other means, a candidate's honesty, integrity, reputation in and commitment to the community, judgment, personality and thinking style, willingness to invest in the Company, residence, willingness to devote the necessary time, potential conflicts of interest, independence, understanding of financial statements and issues, and the willingness and ability to engage in meaningful and constructive discussion regarding Company issues. The Governance & Nominating Committee would review any special expertise, for example, expertise that qualifies a person as an audit committee financial expert, and membership or influence in a particular geographic or business target market, or other relevant business experience. The Board of Directors and the Governance & Nominating Committee have not established a specific diversity component in their consideration of candidates for director, but strongly recognizes the benefits of having directors with diverse backgrounds and perspectives. To date, the Company has not paid any fee to any third party to identify or evaluate, or to assist it in identifying or evaluating, potential director candidates.

The Governance & Nominating Committee will consider director candidates nominated by shareholders during such times as the Company is actively considering obtaining new directors, on the same basis as candidates proposed by the Governance & Nominating Committee, the Board or other sources. Candidates recommended by shareholders will be evaluated based on the same criteria described above. Shareholders desiring to suggest a candidate for consideration should send a letter to the Company's Corporate Secretary and include: (a) a statement that the writer is a shareholder (providing evidence if the person's shares are held in street name) and is proposing a candidate for consideration; (b) the name and contact information for the candidate; (c) a statement of the candidate's business and educational experience; (d) information regarding the candidate's qualifications to be director, including but not limited to an evaluation of the factors discussed above which the Board would consider in evaluating a candidate; (e) information regarding any relationship or understanding between the proposing shareholder and the candidate;

(f) information regarding potential conflicts of interest; and (g) a statement that the candidate is willing to be considered and willing to serve as director if nominated and elected. Because of the limited resources of the Company and the limited opportunity to

Table of Contents

seek additional directors, there is no assurance that all shareholder proposed candidates will be fully considered, that all candidates will be considered equally, or that the proponent of any candidate or the proposed candidate will be contacted by the Company or the Board, and no undertaking to do so is implied by the willingness to consider candidates proposed by shareholders.

In addition, the Governance & Nominating Committees regularly discusses the contributions of the persons then serving as directors, to ensure alignment with the strategic and tactical directions of the Company. Formal evaluations are conducted biannually.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee has served as an officer or employee of the Company or Bank at any time. None of our executive officers serve as a member of the Compensation Committee of any other company that has an executive officer serving as a member of our Board of Directors. None of our executive officers serve as a member of the board of directors of any other company that has an executive officer serving as a member of the Compensation Committee. Except for loans and deposit transactions in the ordinary course of business made on substantially the same terms, including interest rates and collateral, as those for comparable transactions with unaffiliated parties, and not presenting more than the normal risk of collectability, or other unfavorable features, and for transactions described under Director Compensation and Certain Relationships and Related Transactions, no member of the Compensation Committee or any of their related interests has any material interest in any transaction involving more than \$120,000 to which the Company is a party.

Board Leadership Structure and Risk Oversight Role

The role of Chairman of the Board of Directors and Chief Executive Officer of the Company are currently held by the same person, Mr. Paul. This structure is not mandated by any provision of law or our Articles of Incorporation or bylaws. The Board of Directors reserves the right to establish a different structure in the future. The Board of Directors currently believes that this structure is the most appropriate leadership structure for our Company. Under the Company's bylaws, the official role and power of the Chairman is limited, and is related largely to the conduct of meetings of the Board of Directors and shareholders. The Board of Directors believes that the Chief Executive Officer is in the best position to be aware of major issues facing the Company on a day-to-day and long term basis, and is in the best position to identify key risks and developments facing the Company that may need to be brought to the full Board's attention. While each of the other directors brings unique experience, oversight and expertise from outside the Company and its industry, Mr. Paul's company-specific experience and expertise allow him to most effectively direct Board discussions and focus Board decision-making on those items most important to the Company's long term continued success. Further, a combined Chairman/Chief Executive Officer position eliminates the potential for confusion as to who leads the Company, providing the Company with a single public face in dealing with customers, shareholders, employees, regulators, analysts and other constituencies. To date, this structure has worked successfully for the Company. The Board of Directors has considered whether to have a designated lead director and concluded that to date, a deficiency does not exist that needs to be addressed by such an appointment; it will continue to consider whether such an appointment is in the Company's best interest. We note that all members of the Board of Directors are active in their oversight of management.

The Board of Directors of the Company, all of the members of which are also members of the Board of Directors of the Bank, is actively involved in the Company's and Bank's risk oversight activities. These directors, as well as the directors of the Bank, working through numerous committees of the Company and Bank, review and approve the policies of the Company and Bank. The Boards of Directors regularly review the minutes and other reports from the various Board committees.

Shareholder Communications

If you wish to communicate with the Board of Directors or an individual director, you can write to Eagle Bancorp, Inc., 7830 Old Georgetown Road, Bethesda, Maryland 20814, Attention: Jane E. Cornett, Corporate Secretary. Your letter should indicate that you are a shareholder, and whether you own your shares as a registered holder or in street name. Depending on the subject matter, management will: (a) forward the

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

communication to the director or directors to whom it is addressed; (b) handle the inquiry directly or delegate it to appropriate employees, such as where the communication is a request for information, a stock related matter, or a matter related to ordinary course matters in the conduct of the Company's

banking business; or (c) not forward the communication where it is primarily commercial or political in nature, or where it relates to an improper, frivolous or irrelevant topic. Communications which are not forwarded will be retained until the next Board meeting, where they will be available to all directors.

Director Attendance at the Annual Meeting

The Board of Directors believes it is important for all directors to attend the annual meeting of shareholders in order to show their support for the Company and to provide an opportunity for shareholders to communicate any concerns to them. Accordingly, it is the policy of the Company to encourage all directors to attend each annual meeting of shareholders unless they are unable to attend by reason of personal or family illness or pressing matters. All of the nine directors in office at the time attended the 2015 annual meeting of shareholders.

Audit Committee Report

The Audit Committee has been appointed to assist the Board of Directors in fulfilling the Board's oversight responsibilities by reviewing the financial information that will be provided to the shareholders and others, the systems of internal controls established by management and the Board and the independence and performance of the Company's audit process.

The Audit Committee has:

1. reviewed and discussed with management the audited consolidated financial statements included in the Company's Annual Report on Form 10-K;
2. discussed with Stegman & Company, the Company's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and
3. received the written disclosures and letter from Stegman & Company as required by the applicable requirements of the Public Company Accounting Oversight Board, regarding the independent accountants' communications with the Audit Committee concerning independence, and has discussed with Stegman & Company, its independence.

Based on these reviews and discussions, the Audit Committee has recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015. The Audit Committee has also considered whether the amount and nature of non-audit services provided by Stegman & Company is compatible with the auditor's independence.

(1) Represents the grant date fair value of shares of restricted stock awarded during 2015. At December 31, 2015, the non-employee directors had unvested shares of restricted common stock as follows: Mr. Alperstein 7,198 shares; Mr. Dworken 7,198 shares; Mr. Goodman 7,198 shares; Mr. Pincus 5,798 shares; Mr. Pozez 7,198 shares; Mr. Rogers 7,198 shares; Mr. Summers 0 shares and Mr. Weinstein 7,198 shares.

(2) At December 31, 2015, there were no outstanding option awards, vested or unvested, held by non-employee directors.

(3) Premiums on long term care insurance provided to non-employee directors other than Mr. Pincus and Mr. Summers.

(4) Includes a life insurance allowance of \$10,000 and \$30,000 of payments to defer the cost of health insurance and auto expenses.

During 2015 each non-employee director of the Company, other than Mr. Pincus and Mr. Summers, received annual retainers of \$15,000 in cash in the aggregate, for service as a member of both the Company and Bank Board of Directors, plus a cash fee of \$1,500 for each meeting attended of the Board of Directors of the Company or a committee of the Company Board, and a cash fee of \$750 for each meeting attended of the Board of Directors of the Bank or a committee of the Board of the Bank. The chairs of the Audit and Compensation Committees meeting fees of \$3,000, instead of \$1,500. The chair of the Governance and Nominating Committee received meeting fees of \$2,000, instead of \$1,500. The per meeting fees payable to chairs of certain Bank level committees ranged from \$1,000 to \$1,500 in 2015. In 2015, an aggregate of \$393,750 in cash retainers

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

and meeting fees were paid to members of the Board of Directors of the Company (other than Mr. Paul, Mr. Pincus and Mr. Summers) for service on the Board of Directors of the Company and Bank, and \$116,250 in cash retainers and meeting fees was paid to members of only the Board of Directors of the Bank for such service. In February 2015, each non-employee director of the Company other than Mr. Pincus was awarded 2,840 shares of restricted stock, Mr. Pincus did not receive an award of shares of restricted stock. Each non-employee director serving only on the Bank Board of Directors received an award of 620 shares of restricted stock. All of these awards vest in three annual installments commencing on the first anniversary of the date of grant.

For 2016, director cash compensation rates are unchanged.

Mr. Pincus, the Company and Bank are parties to an agreement, effective June 1, 2014, pursuant to which he is retained as Vice Chairman of the Board of Directors of the Company and Bank. Under that agreement, Mr. Pincus receives an annual payment, in lieu of all other cash fees for service on the Board of Directors. During 2015, this payment was \$503,756, and he is currently entitled to receive \$554,131 for 2016. The amount of the fee is subject to annual increase to reflect, at a minimum, the increase in the consumer price index. Mr. Pincus is also eligible to receive incentive bonuses pursuant to Board approved plans, and \$40,000 of reimbursements. The agreement has a term extending until May 31, 2016, subject to automatic renewal for a one year term unless either party gives 60 days notice of nonrenewal. In the event of early termination of the agreement by the Bank, or as a result of Mr. Pincus' death or disability, or

Table of Contents

as a result of nonrenewal by the Bank, Mr. Pincus (or his estate) would be entitled to receive for a period of one year following termination, continued payment on a monthly basis of his annual payment and one twelfth of the amount of the most recent annual bonus, and continuation of the reimbursement payments, subject to his continued compliance with the confidentiality, non-compete and non-solicitation provisions of the agreement. The agreement provides that during the term and for a period of eighteen months after termination, Mr. Pincus will not in any capacity: (i) provide any advice, assistance or services to a bank or financial services business, including but not limited to any consumer savings, commercial banking, insurance or trust business, or a savings and loan or mortgage business, or other business in which the Bank or Company has engaged in within the two prior years in anticipation of commencing, or to any person or entity that is attempting to form such a business if it operates any office, branch or other facility that is (or is proposed to be) located within a fifty mile radius of the location of any office of the Company or Bank or their affiliates, or sell or solicit sales of competitive products within such area; or (ii) induce or attempt to induce any customers, suppliers, officers, employees, contractors, consultants, agents or representatives of, or any other person that has a business relationship with, the Company or Bank or their affiliates, to discontinue, terminate or reduce the extent of their relationship with such entity or to solicit any such customer for any competitive product or service, or otherwise solicit any customer or employee of the Company or the Bank.

Under the agreement, in the event that: (i) Mr. Pincus's retention by the Bank terminated without cause within 120 days prior to, or within twelve months after, a change in control; (ii) Mr. Pincus is not reelected or nominated for reelection as a director of the Company or Bank, or any successor, following a change in control or if he voluntarily resigns as a director within 12 months following a change in control; or (iii) he voluntarily terminates the agreement within the thirty day period following twelve months after a change in control, Mr. Pincus would be entitled to receive a lump sum payment equal to 1.99 times the sum of his highest rate of retainer compensation in effect within the twelve months prior to termination, and cash bonuses paid within the most recent twelve months, subject to adjustment to avoid adverse tax consequences resulting from characterization of such payment for tax purposes as a parachute payment. He would also be entitled to three years of continued personal reimbursements, subject to the provision of certain releases.

Mr. Pincus is also a party to a non-compete agreement with the Bank. The non-compete agreement provides that in the event of termination of his service with the Bank without cause as defined in the agreement pursuant to which he serves as Vice Chairman, including without limitation, in the event of a change in control and subject to timely signing and delivering to the Bank (a) a General Release and Waiver and (b) a monthly certification regarding compliance with the confidentiality and non-competition provisions of the non-compete agreement and reporting other compensation, the Bank shall, for one (1) year following the date on which the release is executed and delivered to the Bank, continue to pay Mr. Pincus, monthly in arrears, his retainer compensation at the rate being paid as of the termination date, together with an additional amount equal to one-twelfth of the most recent annual cash bonus, if any, for each month of the period during which he is in full compliance with the provisions of the agreement.

The non-compete agreement requires that for one year after termination of his service, Mr. Pincus will not, without express written consent of the Bank (except for services performed for or on behalf of the Bank and its affiliates), directly or indirectly, in any capacity (whether as a proprietor, owner, agent, officer, director, shareholder, organizer, partner, principal, manager, member, employee, contractor, consultant or otherwise) engage in employment or provide services to any person or entity in return for remuneration or a right to remuneration of any kind, including but not limited to current or deferred compensation, wages, salary, fees, benefits, tangible or intangible property or ownership rights or interests or other property rights, whether paid or conveyed to him or promised in the future by any person, business or other entity as a result of, or in exchange for, any work or services performed, or any intellectual property conveyed by him.

If Mr. Pincus were entitled to receive the termination benefits as of December 31, 2015, he would receive approximately (a) \$917,580 if terminated other than in connection with a change in control, or (b) approximately \$2,743,964 in connection with a change in control (before analysis of the tax computation regarding excess parachute payments and assuming that he receives the entire amount payable under the non-compete agreement). Additionally, unvested shares of restricted stock having an inherent value as of such date of \$292,171, would vest.

The Company does not maintain any non-equity incentive plans or compensation programs,

deferred compensation, defined contribution or defined benefit retirement plans, for non-employee directors, or in which such directors may participate.

Additionally, Ms. Williams, a graduate of Georgetown University Law Center and a Member of the Maryland Bar, was previously employed in the private practice of law in Maryland.

Open Letter from Compensation Committee Chairman

Dear Reader,

As reported elsewhere in this proxy statement, the Compensation Committee engaged in meaningful shareholder engagement during 2015. We adopted a number of key changes to our compensation plan design and to the following Compensation Disclosure & Analysis is a direct result of the 2015 Say-on-Pay vote and the ensuing shareholder engagement. The compensation program is more formulaic in design and includes the introduction of performance-vested shares commencing with the 2016-2018 period. Some plan components were adopted immediately in full (such as imposing a cap on each executive officer's eligible cash payout under the Senior Executive Incentive Plan) while others will be phased in over several years (such as the ratio of performance-vested share awards to time-vested share awards.)

With this year's disclosures, we seek to be even more transparent in describing our compensation practices, including the disclosure of actual performance on the various metrics measured in our Senior Executive Incentive Plan, enabling you to see for yourself how our named executive officers fared versus the applicable metrics; this is a departure from prior years, where, for some of the metrics, we just stated the conclusion as to whether actual performance exceeded the goal for such metric.

The following Compensation Disclosure and Analysis reflects the insightful shareholder engagement process we engaged in during 2015. We look forward to continuing those efforts and considering such input in 2016 and beyond.

Table of Contents***Compensation Changes in Response to Shareholder Feedback***

As a result of last year's Say-on-Pay advisory vote, we enhanced our investor outreach, as discussed earlier in this proxy statement. We contacted our 30 largest institutional shareholders and substantively engaged with half of them and two prominent shareholder advisory firms. We appreciate the perspectives our shareholders have on our compensation program and practices and have implemented a number of changes to our program going forward. We remain committed to providing compensation that motivates and rewards our corporate success and the success of our shareholders. We believe the adjustments made in response to shareholder feedback will enhance that effort. We began implementing some of the changes in 2015 and additional enhancements have been implemented in 2016. Below is a summary of key elements of our newly designed compensation program:

Compensation Practice	New Eagle Bancorp Policy/Program
Pay for Performance	We are requiring that a portion of total direct compensation will be based on future performance. During 2015, we eliminated the discretionary component, incorporated caps and paid formula-based cash incentives under our Senior Executive Incentive Plan. The Compensation Committee considered performance relative to our strategic plan and budget as well as relative to peers in making pay decisions for our executives. We paid formula-based cash incentives under our Senior Executive Incentive Plan. During 2016, we added performance-vested shares to our long term incentive program.
Long term Performance-Based Incentive	Our historic practice was to grant time vested restricted stock in February of each year based on an in-depth review of Company and Individual performance for the prior year. However, based on feedback from shareholders during 2015, we modified our equity award program for executive officers to include forward-looking performance-vested stock awards in addition to the time-vested awards. This new program was in effect for our February 2016 grants.
Robust Stock Ownership Policy	We adopted a policy mandating ownership by the CEO, directors and executive officers, based on a multiplier of their respective base salary or annual retainer.
Prohibit Hedging of Company Stock	We adopted a policy prohibiting executive officers and members of the Board of Directors from engaging in transactions intended to hedge or offset the market value of Company stock owned by them.
Restrict Pledging of Company Stock	We adopted a policy restricting the amount of Company stock executive officers and members of the Board of Directors may pledge as collateral.

2015 Advisory Vote on Executive Compensation

--

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

At our 2015 Annual Meeting of Shareholders, we conducted a non-binding advisory vote of our shareholders (Say-on-Pay vote) to approve the compensation of the named executive officers. At that meeting, 48.7% of the votes cast were voted in approval of the compensation of the named executive officers. These results represented a decrease in the proportion of votes cast in favor of our executive compensation program compared to our 2014 Say-on-Pay vote.

As a result of last year s advisory Say-on-Pay vote, we enhanced our shareholder outreach efforts beyond those that have been made for the past several years. We contacted each of our 30 largest institutional shareholders in order to gather feedback regarding our executive compensation program and disclosures, and had substantive discussions with almost half of them. The objective was to identify shareholder concerns and potential areas for modifying our executive compensation program.

While some shareholders appreciated our pay-for-performance alignment and valued the level of insider ownership, particularly that of our Chief Executive Officer who holds a significant number of shares.

Table of Contents

(In fact, Mr. Paul, our Chairman and Chief Executive Officer, and his family interests own or control shares representing as of December 31, 2015 over 90 times his 2015 base salary.) On the other hand, some investors expressed a desire for us to be less discretionary within our SEIP, have caps on how much an executive can earn under the SEIP, add a long term equity incentive plan tied to future multi-year Company performance, better balance the allocation of cash versus equity, and generally to increase disclosures on how the Compensation Committee made its decisions.

We also held conversations with two prominent shareholder advisory firms, to further appreciate their policies and perspectives.

The Compensation Committee considered the input of investors and advisory firms and made significant changes to its 2015 and 2016 programs as summarized above.

The Company is committed to continuing its engagement with our shareholders on executive compensation matters to understand their views concerning our executive compensation philosophy, policies and practices.

Consistent with the recommendation of our Board of Directors and the preference of our shareholders, as reflected in the advisory vote on the frequency of Say-on-Pay votes conducted at our 2012 Annual Meeting of Shareholders, our Board of Directors believes it is appropriate to conduct annual shareholder non-binding advisory votes regarding our executive compensation programs.

Compensation Philosophy

We design our executive compensation program to be driven by performance, rewarding our executives for creating value for shareholders, and represent strong governance. The following sets forth the best practices that we adhere to in designing and determining our executive compensation.

Our compensation philosophy provides the guiding principles for structuring compensation programs that embody these values. The policies and underlying philosophy governing the Company's executive compensation plan, as endorsed by the Compensation Committee and the Board of Directors, are designed to accomplish the following:

- Maintain a compensation program that is equitable in a competitive marketplace.

- Provide compensation opportunities that provide the ability to vary pay in line with performance.
- Encourage achievement of strategic objectives and creation of shareholder value.
- Recognize and reward individual initiative and achievements.
- Maintain an appropriate balance between base salary and short- and long term incentive opportunity.
- Allow the Company to compete for, retain, and motivate talented executives critical to its success.

The Compensation Committee seeks to target executive total direct compensation commensurate with performance by the Company and the individual. Our goal is to provide pay for performance through annual and long term incentives that reward a combination of strategic and financial achievements as well as our performance relative to industry peers. The Compensation Committee annually considers the Company's performance when setting pay. Goals for specific components include:

- Base salaries for executives are generally targeted at the 50th percentile with variation reflective of executive's role, performance, experience and contribution.
- The Senior Executive Incentive Plan targets cash compensation to align with performance. High performance is expected to result in pay that is aligned with our performance relative to peers/industry. Performance below goals and peers is designed to result in pay below median.
- Long term incentives in the form of time-vested restricted stock have historically been granted based on a look-back on the prior year's performance. The Compensation Committee believes that time-based vesting incentivizes retention, supports our ownership goals and encourages shareholder alignment. Time-vested equity is awarded when target goals are met,

Table of Contents

with the potential for higher awards when goals are exceeded.

- Going forward, and in consideration of shareholder feedback, we added a component of long term incentive that provides performance-vested restricted stock units (occasionally referred to as PRSUs) that will vest based on future Company performance relative to specific financial metrics as compared to the KBW NASDAQ Regional Banking Index (KRX) over a three-year timeframe.
- Benefits and perquisites are not a significant component of total 2015 compensation.

The Compensation Committee is committed to tying compensation to performance and ensuring that compensation, both cash and equity, is commensurate with our financial results and ranking relative to peers. The Committee believes the Company's current executive team is of extremely high caliber and contributed significantly to the Company's strong historical growth and impressive continued performance. As indicated in the Executive Summary, the Company has consistently exceeded peer performance, and our total shareholder return exceeded bank and broader industry indices (e.g. S&P, NASDAQ). Rewarding, motivating and retaining a strong executive team is critical to the continued success of the Company. The Compensation Committee is confident that its decisions provide compensation commensurate with performance.

Our Compensation Drivers

In determining compensation levels, we utilize five key drivers:

- Incentive plans are designed to encourage achievement of our strategic business goals and reinforce our business values. All our incentive pay programs and decisions are filtered through the perspective of ensuring sound compensation practices that do not encourage inappropriate risk-taking or result in excessive compensation.
- Pay levels should be fair and internally equitable. Fairness is vital in all compensation programs and results. We do not discriminate in the creation or implementation of pay programs. Pay is based on demonstrated performance, skills, commitment and results.
- We pay for performance and the attainment of our vision, business strategy, operating imperatives and results. A meaningful percentage of overall executive compensation is based on Company and individual performance. Our compensation programs are geared to performance as the basis of determining pay. Our incentive plans are designed to drive prudent individual and enterprise performance.

- We recognize the impact of the individual. Not all positions have the same level of responsibilities, require the same skills and qualifications or have the same effect on the Company. Our compensation programs enable us to reward both Company results and individual performance in furtherance of our philosophy of being fair and paying for performance and thus motivate our officers to perform and succeed as reflected in our stated goals.

- We are mindful of the market. The market sets the framework for opportunity. Then it is Company and individual achievements that drive the payouts and awards. We seek to provide market-based compensation commensurate with performance, to attract and retain top executive talent, while providing value to shareholders.

Our Pay Mix

The cornerstone of our executive compensation program is competitive pay for demonstrated performance. We seek to ensure that the compensation received by our executives is aligned with our performance, and that a meaningful portion of our executives' pay is contingent on the achievement of annual and forward-looking long term performance goals that drive our success as a Company and accordingly, add value for our shareholders.

For example, our CEO 2015 compensation mix and target 2016 compensation mix is shown below:

Table of Contents**Compensation Components**

The key components of our 2015 executive compensation program for all named executive officers consisted of a base salary, the SEIP, a Long Term Incentive Plan, a 401(k) Plan, and except Mr. Paul, a nonqualified supplemental executive retirement benefit program. The Committee typically reviews and determines executive compensation in the first quarter of the year. However, due to circumstances that arise during the year, the Committee may adjust or approve a compensation component at other times during the year, as warranted.

The following table outlines the major elements of 2015 total compensation for our NEO s:

Compensation Element	Purpose	Link to Performance	Fixed/ Performance Based	Short/Long Term	
Base Salary	Helps attract and retain executives through market-competitive base pay	Reflects individual experience, performance and contribution of each executive	Fixed	Short Term	
Annual Cash SEIP	Encourages achievement of short-term strategic and financial performance metrics that create long term shareholder value	Based on achievement of short-term, predefined corporate performance objectives and an assessment of individual performance	Performance-Based	Short Term	
Long Term Incentive	Aligns executives' interests with shareholders, motivates and rewards long term sustained performance, and creates a retention incentive through multi-year vesting	Award amount is determined by the Committee based on Company and individual performance Starting with 2016 grant, a portion of the award will be contingent on future 3-year performance	Performance-Based	Long Term	
Senior Executive Retirement Plan	Provides income security into retirement and creates a retention incentive through multi-year vesting	N/A	Fixed	Long Term	
Benefits and Perquisites	Establishes limited perquisites in line with market practice, as well as health and welfare benefits on the same basis as our general employee population	N/A	Fixed	Short Term	

2015 Programs and Pay Decisions

2015 was another outstanding performance year for the Company, as we exceeded our financial objectives and ranked among the top percentile of our industry peers on many fronts. Our 2015 executive compensation awards reflected both financial and operational results that our Board of Directors determined critical to our long term strategic objectives. The connection between our performance results and named executive officer compensation awards continues to be at the forefront of the Compensation Committee's decision-making. In addition to financial performance, the Compensation Committee also takes into account risk management practices within the organization, including results of federal and state regulatory examinations and internal control matters that may arise from internal and independent audits throughout the year.

In making pay decisions, the Compensation Committee reviews Company, peer and individual performance as well as the results of market survey data prepared by Meyer-Chatfield Compensation Advisors (MCCA), the Company's outside compensation consultant. Below is a summary of our 2015 compensation programs and pay decisions with respect to the compensation of the named executive officers:

Table of Contents

• **Base Salaries**

The Compensation Committee believes that base salaries for named executive officers should be targeted at market competitive levels. Base salaries are reviewed annually and adjusted based on our review of market data and assessment of individual executive performance.

	Named Executive Officer	2014 Base Salary	2015 Base Salary	
	Ronald D. Paul	\$807,070	\$863,565	
	James H. Langmead	\$334,457	\$354,524	
	Antonio F. Marquez	\$290,954	\$320,049	
	Susan G. Riel	\$430,194	\$456,006	
	Janice L. Williams	\$321,376	\$340,659	

• **Senior Executive Incentive Plan**

The SEIP was established to reward our executives for achieving or exceeding predefined performance goals. In 2015, all named executive officers participated in the SEIP. Under the SEIP, an executive is eligible to earn an award based on achievement of Company and individual performance objectives. In response to investor feedback we eliminated the discretionary component of the SEIP, incorporated a formulaic approach and implemented caps (or maximum) payouts for the 2015 plan.

The Compensation Committee defines performance measures and goals for each executive. The performance measures support our strategic plan and are allocated to executives to create accountability and ensure rewards are tied to our financial and strategic success. The performance measures and weights applicable to our named executive officers are summarized in the table below:

	Performance Measure	Mr. Paul	Mr. Langmead	Mr. Marquez	Ms. Riel	Ms. Williams	
	Net Operating Income (available to common shareholders)	35%	15%		20%		
	Nonperforming Assets					30%	
	Strategic Alignment	25%	25%		20%		
	Total Loan Growth (Average Balance CRE)			30%			
	Average Core Deposit Growth (CRE Team)			20%			
	Efficiency Ratio		20%		20%		
	Non-Interest Expenses (Salaries, Benefits, Other Expenses)				20%	20%	
	Net Interest Margin		15%	25%			
	Charge-Offs					30%	
	Dept/Individual Performance	40%	25%	25%	20%	20%	

Specific performance goals, and a range of performance for each measure are defined at the start of the performance period. Below we summarize the performance ranges for each measure, actual performance and the payout percentage used to calculate the incentive payout for each named executive officer.

Table of Contents

	Performance Measure	Threshold	Target	Target Plus	Actual Performance (Adjusted)
	Net Operating Income (available to common shareholders)	\$64,333,648	\$75,686,645	\$87,039,642	\$85,292,427
	Non-performing assets	\$43,122,008	\$37,497,398	\$31,872,788	\$19,091,237
	CRE Loan Growth	\$599,365,743	\$705,136,168	\$810,906,593	\$802,041,599
	Average Core Deposit Growth by CRE	\$27,200,000	\$32,000,000	\$36,800,000	\$103,893,000
	Efficiency Ratio	49.12%	42.76%	36.35%	41.17%
	Non-Interest Expenses	\$124,510,627	\$108,270,110	\$92,029,594	\$106,885,076
	Net Interest Margin	3.59%	4.22%	4.85%	4.33%
	Charge-offs	\$14,639,512	\$12,730,010	\$10,820,509	\$8,026,224

Participants receive a pay out of incentive awards at, above or below target, depending on performance results of each performance goal as may be adjusted in accordance with the Plan. Performance must be at least 15% above budgeted goals to achieve target-plus payouts.

Reflecting our above-target performance for the year, the named executive officers received incentive cash payments under the SEIP that were 108% to 147% of their target incentive opportunities.

	Named Executive Officer	2015 Incentive Compensation at Target	Actual Payout for 2015 Performance
	Ronald D. Paul	\$1,295,348	\$1,775,075
	James H. Langmead	\$301,345	\$353,426
	Antonio F. Marquez	\$272,042	\$400,061
	Susan G. Riel	\$387,605	\$420,189
	Janice L. Williams	\$289,558	\$425,824

Payments under the SEIP are subject to the Company's clawback policy. The Compensation Committee maintains the right to exercise discretion in paying bonuses outside of the SEIP in appropriate circumstances. For 2015, no such discretion was exercised by the Committee with regard to the named executive officers.

• **Mid-Year Bonus**

In response to shareholder feedback, the Committee decided that effective in 2016, no mid-year bonuses for the Chief Executive Officer would be granted, and all compensation would be determined as part of the annual process.

In March 2015, before our expanded shareholders engagement process, the Company, under Mr. Paul's guidance and spearheaded by his personal efforts, sought to raise \$65 million in common equity, the proceeds of which were to facilitate the redemption of preferred stock issued to the U.S. Treasury in connection with the Small Business Lending Fund. Through Mr. Paul's leadership and efforts, the offering was oversubscribed and we concluded the offering earlier than anticipated. A total of \$100 million was raised in the offering, allowing not just for the redemption of the preferred stock but the buttressing of the Company's capital. The Compensation Committee has previously considered

whether extraordinary capital transaction efforts and results should be incorporated into base salary (which would result in a higher level of salary) or compensated only in applicable years, as a way to only pay the chief executive officer in years when such transactions occur, rather than in every year. The Committee concluded that not increasing base compensation is in the best interest of the Company, and so did not factor in such scope when setting 2016 base salary. In 2015, Mr. Paul received \$750,000 as a cash bonus directly attributable to his performance and efforts in connection with this highly successful raise.

• **Long term/Equity Compensation Time-Vested**

We believe equity ownership aligns our executives with our shareholders, promotes a long term focus on the performance and success of the Company and serves as a powerful means of retaining our high performing executives.

In February 2015, consistent with our historical practice, we granted equity in the form of restricted stock to our named executives based on an assessment of Company-wide and individual performance in 2014, as well as direct compensation values in accordance with our market analysis.

To determine the amount of the equity award to a particular executive, that executive's performance is considered along with payouts they earned under our SEIP. We then determine the optimal level of direct compensation (base salary plus cash incentives plus equity) that we believe each executive should receive. For example, a high performing executive who achieved target-plus performance levels on all of his/her goals, as well as the Company-wide goals, would receive an equity award reflective of the matching percentile compared to peers. The Compensation Committee carefully reviews each executive's performance as well as the Company's performance relative to peers. Equity awards also reflect having executives' pay be in line with performance. Using this methodology, the time-vested equity awards granted to named executive officers in 2015 in respect of 2014 performance, ranged from 39% to 52% of an executive's base salary.

The 2015 time-vested equity awards vest ratably over three years commencing on the first anniversary of the date of grant. This helps retain executives and ensure they maintain a long term focus on maintaining and improving Company-wide performance. We believe this feature of the plan enhances shareholder value for the long term. Our new equity ownership guidelines reinforce our goal for executives to have and hold significant stock.

• **Long Term Incentive Plan Changes**

In response to comments received from shareholders during our investor outreach in 2015, the Compensation Committee adjusted the long term incentive program starting with the 2016 grants in respect of 2015 performance. The new program incorporated performance-based vesting to supplement the use of time-based vesting restricted stock. The 2016 award consists of 35% performance-based restricted stock units (PRSUs) and 65% time-vested restricted stock. To facilitate transition and minimize disruption, the Compensation Committee plans to transition to a 50%/50% split over two years. PRSUs will be awarded at target subject to performance-based vesting following a three year measurement period, 2016-2018. At the end of the period, three metrics shall be measured to determine vesting. An executive officer may vest in awards related to none, one, two or all three metrics, depending on the Company performance. In order to receive any vesting for this component, the Company needs to perform at a minimum level of median performance to the KBW NASDAQ Regional Banking Index (KRX) (the Index).

The three metrics for the 2016 - 2018 performance grant will be:

Average Earnings Per Share (EPS)growth,

Average Return on Average Assets (ROAA), and

Average Total Shareholder Return (TSR).

Performance shares will be awarded based on the Company's ranking for each metric relative to the Index and can range from 50% at threshold to 150% at maximum depending on performance. Threshold is defined as median performance, target is defined as the 62.5% percentile, and stretch (or maximum) is defined as the 75th percentile or greater ensuring we only provide rewards for strong performance. Payouts are interpolated on a straight-line pro rata basis in between these points. If the metric does not reach threshold performance (i.e. median performance), PRSUs for that metric will not vest. If only the threshold is met for a metric, then 50% of the award shall become vested. If the maximum is met for a metric, then 150% of the target award shall become vested (with points in between measured on a straight-

Table of Contents

line *pro rata* basis). Metrics performance will be calculated and PRSUs vest no later than March 31 of the year following the performance period (i.e. 2019 for the 2016 awards), or as soon thereafter as data is available. An executive must be employed by the Company, on December 31, 2018 and on the vesting date, except in the event of death, disability or retirement.

The Compensation Committee concluded that the target goals are reasonably achievable with good performance and are sufficiently challenging but not overly difficult. The Long Term Incentive Plan does not include exponential upside for exceeding goals, as there is a maximum award tied to each metric.

The Compensation Committee retained the authority to make adjustments to applicable targets and calculations in the event of extraordinary regional circumstances, such as a regional economic downturn arising from *force majeure* events such as a terrorist act or further governmental sequestration. While this authority is not expected to be utilized, the Committee recognized the possibility of an extraordinary regional economic condition. Since the Index includes a national array of banks, the Committee felt that it was important to be able to react to some circumstance uniquely affecting the Washington, DC metropolitan area, such as a terrorist act and the resulting effect on the economy, and therefore, Company performance.

The long term incentive program is subject to the Company's clawback policy.

The 2016 program will continue to include time vested equity awards as the Compensation Committee believes this not only a promotes retention, but provides an impetus for achieving continued performance. While awarded in part as a result of individual performance, the number of time vested restricted stock awards to an executive are also based on the overall performance of the Company.

- **Supplemental Executive Retirement Plan**

The Company also provides certain of its executive officers, including all of the named executive officers other than the Chief Executive Officer, with a supplemental retirement benefit, with benefits payable well into retirement years, in order to focus our executives on long term Company performance. This Supplemental Executive Retirement Plan (SERP), adopted by the Company in 2013, provides for a lifetime retirement benefit utilizing annuities as a funding source, a program that at the time cost approximately 86% of the cost of similar plans for comparably situated executives that did not utilize annuities. The target retirement age for the benefit is age 67, with reduced benefits prior to age 67.

- **Retirement Benefit**

Our 401(k) plan allows all officers and employees of the Company working 1,000 hours or more in a calendar year to defer a portion of their compensation, and provides a match of up to 3% of their base salaries, subject to certain IRS limitations. While the decision to match employee contributions is discretionary, all employees receive the same percentage match. During 2015, the Company made the maximum matching contributions. Please refer to the discussion accompanying the Summary Compensation Table for additional information regarding the SERP.

- **Health and Welfare Benefits**

We provide health benefits to our executive officers, including the named executive officers, generally on the same basis as all of our full-time employees. These benefits include medical and dental benefits, short-term and long term disability insurance, basic life insurance coverage, and also long term care insurance coverage. We design our employee benefits programs to provide choice and to be affordable and competitive in relation to the market, and to be compliant with applicable laws and practices. We adjust our employee benefits programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

The Compensation Committee believes our current executive compensation policies and practices are effective in advancing our long term strategic plan, reasonable in relation to our

Table of Contents

compensation peer group and responsible in encouraging the named executive officers to work for meaningful shareholder returns without taking unnecessary or excessive risks.

- **Employment, Non-Compete and Severance Arrangements**

Each of our named executive officers has an employment agreement which contains provision for payments upon a change in control of the Company under a modified double trigger. Each named executive officer is also party to a non-compete agreement which provides for payments following termination without cause or in connection with a change in control, which payments are contingent on compliance with the agreements requirements regarding not competing with the Company and Bank following such termination. None of these agreements provide tax gross-ups. These agreements are described in detail under Employment and Non-Compete Agreements following the Summary Compensation Table. The Committee believes that the agreements provide continuity of executive management and employment security, which is conducive to maximum employee effort and valuable protections for the Company and its executive officers.

CEO Pay-for-Performance

We operate in a highly-dynamic business environment, which has been and continues to be characterized by rapidly changing market and customer trends, regulatory changes and requirements, as well as increased expectations from shareholders for meaningful growth without excessive risk taking. To succeed in this environment, our senior leadership must be able to continually refine and enhance products and services; respond to competitive challenges in our markets; attract, satisfy and retain customers; and demonstrate an ability to quickly identify and capitalize on business opportunities.

Our steady and consistent growth over the years, as well as our success in developing a leading market position relative to our peers and competitors, has largely been the result of the exceptional leadership of Mr. Paul, and the team he has assembled, whose focus, creativity and ability to motivate our workforce has enabled us sustained year over year growth and improvement in profitability. As a result, we have sought to structure the compensation opportunities for Mr. Paul to achieve two principal objectives: to motivate and reward the achievement of our annual and longer term financial and strategic objectives and to ensure that he remains with the Company to guide our business into the future.

At the same time, we seek to align the CEO's compensation with our shareholders' long term interests. Accordingly, the Compensation Committee focuses on using incentive compensation with long term company performance implications as a key element of his target total direct compensation opportunity. By focusing on performance-based pay opportunities tied to specific performance goals, the Compensation Committee seeks to ensure the CEO's pay is aligned with Company performance and the value provided to our shareholders. The compensation plan rewards Mr. Paul if the Company's performance is exceptional, because of his ability to earn at the higher end of the payouts under the SEIP and receive share awards of restricted stock and PRSUs under the Long Term Incentive Plan. Going forward the Compensation Committee enhanced the performance-based pay program to include performance-vested equity that will reward future performance. The value of his awards and his stock ownership will rise and fall over the long term, with our stock performance. Mr. Paul and his family owned shares of Company stock valued at December 31, 2015 greater than 90 times his 2015 base salary.

Executive Compensation Process

The Role of the Compensation Committee

The Compensation Committee, among its other responsibilities, establishes our overall compensation philosophy and reviews and approves our executive compensation program, including the specific compensation of our executive officers, including the named executive officers. The Compensation Committee has the authority to retain special counsel and other advisors, including compensation consultants, to assist in carrying out its responsibilities to determine the compensation of our executive officers.

The Committee considers information from its compensation consultant and legal counsel, as well as Mr. Paul, our Chief Financial Officer and our Human Resources department to formulate recommendations with respect to specific compensation actions. The Compensation Committee makes all final decisions regarding compensation, including base salary levels, target bonus opportunities, actual bonus payments and equity awards. The Compensation Committee meets on a regularly-scheduled basis and at other times, as needed.

The Compensation Committee regularly conducts a review of our executive compensation program to assess whether our compensation elements, actions and decisions (i) are aligned with our vision, mission, values, corporate goals and compensation philosophy, (ii) provide appropriate short-term and long term incentives for our executive officers and (iii) are competitive with the compensation of the executive in comparable positions at the companies with which we compete for executive talent. It is a result of this process that the long term incentive plan was adopted in 2015 and includes forward-looking performance-based vesting.

As part of this process, the Compensation Committee takes into consideration Mr. Paul's recommendations for NEOs other than himself and a competitive market analysis prepared by its independent compensation consultant. In the course of its deliberations, the Compensation Committee also considers competitive positioning, internal equity and our corporate and individual achievements against one or more short-term and long term performance objectives. The Compensation Committee considers all of this information in light of their individual experience, knowledge of the Company, knowledge of the peer companies, knowledge of each named executive officer and business judgment in

Table of Contents

making decisions regarding executive compensation and our executive compensation program.

As part of this process, the Compensation Committee also evaluates the performance of Mr. Paul each year and makes all decisions regarding his base salary adjustments (if any), bonus payments and equity awards. Mr. Paul is not present during any of the deliberations regarding his compensation.

The Role of Consultants

The Compensation Committee has engaged the services of MCCA as its independent advisor on matters of executive and board compensation (the Engagement). MCCA reports directly to the Committee and provides no other remunerated services to the Company or any of its affiliates. The Company has affirmatively determined that no conflicts of interest exist between the Company and MCCA or any individuals working on the Company's account on MCCA's behalf. In reaching such determination, the Company considered the following enumerated factors, all of which were attested to or affirmed by MCCA:

- During 2015, MCCA provided no services to and received no fees from the Company other than in connection with the Engagement;
- MCCA has adopted and put in place adequate policies and procedures designed to prevent conflicts of interest, which policies and procedures were provided to the Company;
- There are no business or personal relationships between MCCA and any member of the Compensation Committee other than in respect of (i) the Engagement, or (ii) work performed by MCCA for any other company, board of directors or compensation committee for whom such Committee member also serves as an independent director;
- No employees of MCCA owns any stock of the Company; and
- There is no business or personal relationships between MCCA and any executive officer of the Company other than in respect of the Engagement.

The Role of Management

Input from Mr. Paul is considered by the Compensation Committee regarding the criteria to be used to determine base salary, bonuses and other benefits for named executive officers other than Mr. Paul. Although input from Mr. Paul is considered by the Compensation Committee, the Compensation Committee exercises final authority on compensation matters for all named executive officers. Mr. Paul is not present at meetings during which his own compensation is discussed and deliberated.

Competitive Positioning

In making compensation decisions, the Compensation Committee considers the competitive market for executive talent, as well as the compensation policies and practices of the companies with which we compete for talent, which include both publicly-traded and privately-held companies in a wide range of sizes and stages of development. For this purpose, the Compensation Committee uses a number of resources, including executive compensation data compiled by its compensation consultant from publicly-available sources and from various national compensation surveys.

A peer group is one source of reference used by the Compensation Committee. A peer group was developed in 2014 and utilized in 2015 for 2015 salary and incentive targets represented 20 public banks between \$2.7 billion and \$7.3 billion in assets. The peer group was selected based on assets, performance and regional similarities. In applying the methodology, we started in 2014 with seventy-five public banks between \$2.7 billion and \$7 billion in assets. We then narrowed the list further using asset size, geographic location, number of employees, number of offices and performance, as well as adjustments for mergers and acquisitions. The Compensation Committee approved the following peer group, consisting of 23 financial institutions, for use in connection with its annual compensation review for 2015 pay decisions. It is comprised of the prior peer group with the addition of City Holding Company, Financial Institutions, Inc. Lakeland Bancorp, Inc. and NBT Bancorp, Inc.

Other Compensation Policies

- **Compensation Recovery Policy (Clawback)**

The Board of Directors has adopted a policy relating to the clawback of incentive compensation paid to executive officers in the event of certain restatements of our financial statements. Under that policy, the Board of Directors will, to the full extent required by applicable law, in all appropriate cases, require reimbursement of any bonus paid or incentive compensation awarded to the executive, and/or effect the cancellation of unvested equity awards previously granted to the executive if: (1) the amount of the bonus or incentive compensation was calculated based on the achievement of financial results that were subsequently the subject of a material restatement; (2) the executive engaged in intentional misconduct or (3) applicable law or listing standard so requires.

- **Robust Stock Ownership Guidelines**

In direct response to our 2015 shareholder engagement the Company adopted a policy requiring that our executive officers and directors own, directly or indirectly, shares of our common stock having a value as follows:

CEO: 6 times base salary

Directors: 3 times annual retainer/base fee

Executive Officers: 2 times base salary

The persons subject to this requirement have five years after commencing service to satisfy this minimum holdings requirement; executive officers and directors in office as of the date of the policy was adopted have until December 31, 2020. We note that the CEO already is the largest non-institutional shareholder in the Company, with aggregate family holdings representing over 90 times his 2015 base salary as of December 31, 2015. Total insider ownership equates to approximately 10% of all outstanding stock.

- **Anti-hedging/Anti-pledging Policies**

The Company has adopted a policy prohibiting our executive officers and directors from engaging in any hedging of the Company's common stock, including buying or selling puts or calls, short sales, or any other hedging transaction.

The Company's policy also limits the ability of directors and executive officers to pledge Company common stock which they own. The policy limits pledging to one-half of the number of shares owned by such person for purposes of the Company's ownership guidelines, and limits the value of such pledged shares to 25% of the director's or executive officer's net worth.

- **Executive Perquisites**

We do not provide any significant perquisites or other personal benefits to our executive officers; our executive officers participate in our health and welfare benefit programs on the same basis as all of our employees. In 2013, executive officers were provided a Supplemental Executive Retirement Plan as described on page 49.

- **No Tax Gross-Ups or Payments**

We do not provide any gross-ups or tax payments in connection with any cash or equity compensation element or any excise tax gross-up or tax reimbursement in connection with any change in control payments or benefits.

- **Timing and Pricing of Equity Awards**

Equity compensation awards for named executive officers and employees are generally approved in the first quarter of each year. Awards may be made periodically for new hires during the year. Awards are based on a number of criteria including the Company's performance, the relative rank of the employee within the Company and his or her specific contributions to the success of the Company.

The grant date is established when the Compensation Committee approves the grant. We set the exercise price for our stock as the average of the high and low stock price on the grant date.

Table of Contents

Our equity award process is independent of any consideration of the timing of the release of material nonpublic information, including with respect to the determination of grant dates or stock option exercise prices. Similarly, we expect that the release of material nonpublic information will not be timed with the purpose or intent to affect the value of executive compensation.

- **Prohibit Re-Pricing or Exchange**

Our equity based compensation plans do not permit re-pricing or exchange of underwater options without shareholder approval.

- **No Guaranteed Minimum Bonus**

Our SEIP does not guarantee any minimum bonus to executive officers.

Risk Assessment of Incentive Compensation Programs

In setting compensation, the Compensation Committee of the Company also considers the risks to the Company's shareholders and the achievement of our goals that may be inherent in our compensation programs. Although a significant portion of some employees' compensation is performance-based and at-risk, we believe our compensation program is appropriately structured and does not pose a material risk to the Company. The Compensation Committee of the Company receives feedback from the Chief Risk Officer identifying any risks associated with named executive officer compensation plans and other employee incentive compensation plans. The report below outlines our process and the steps taken to mitigate any risks that were uncovered in our discussions.

Executive Compensation Plan Risk Assessment

Our Chief Risk Officer has reviewed all 2016 incentive programs, including the SEIP, and concluded that none of the plans considered individually or as a group, presented any material threat to our capital or earnings, encouraged taking undue or excessive risks, or encouraged manipulation of financial data in order to increase the size of an award. This feedback was provided to the Compensation Committee. The conclusions were based on the following:

- The SEIP is a formal performance-based plan in which the Compensation Committee is deeply involved. The Board of Directors of the Company establishes Company-wide goals early in the performance year through approval of the budget, and communicates these performance goals to the Compensation Committee for their review and approval. We use a balance of Company-wide goals, strategic goals and individual or departmental goals and customize the goals each year based on each executive's functional responsibility. The Compensation Committee is active in setting and approving the Company-wide goals each year. The Chief Executive Officer provides input on weighting of departmental or individual goals for executive officers. Once these are presented to the Compensation Committee, the Compensation Committee will discuss and approve, or revise the goals for the other named executives.

- When setting actual officer-specific goals, we consider not only our annual budget, but our strategic initiatives, peer performance and individual goals, which we believe mitigates risk and keeps executives focused on the long term success of the Company. The Compensation Committee reviews these performance evaluations each year, not only to determine final award payouts, but to discuss developmental opportunities for our named executives. In addition, for any payout to occur, we must have satisfactory regulatory ratings and reviews.
- We believe that target and target plus awards are reasonable and competitive based on market research that was provided by our compensation consultant. We also pay out on a pro-rata basis for actual performance results that fall in between threshold, target and target plus levels but not above the established caps. We believe this reduces the likelihood of an executive misstating numbers to reach the next award level or withholding information to count toward the next performance year.
- A clawback policy was adopted in early 2009 under the SEIP. This allows us to recover all or part of a cash or stock incentive award in certain cases of inaccurate financial statement

Table of Contents

information that resulted in a restatement of our financial statements, or on a fraudulent, willful or grossly negligent misrepresentation or where required by law. Accordingly, such activities would not be rewarded. We have updated the clawback policy to permit the Company to recover equity based compensation whenever required by applicable law, regulation, or exchange listing standard.

- The individual named executive officer employment agreements, which have previously been reviewed and approved by the Compensation Committee, provide for the payment to each named executive officer of base salaries, certain insurance benefits, car allowances, and eligibility for participation in our incentive plans, equity compensation plans and other compensation programs we may adopt, as well as certain benefits and payments upon termination or a change in control. None of the agreements provides for any specific mandatory variable or incentive pay, or any other conditional compensation. As such, the Compensation Committee believes that none of such agreements present any material threat to our capital or earnings, encourage taking undue or excessive risks, or encourage manipulation of financial data in order to increase the size of an award.

Non-Executive Compensation Plan Risk Assessment

Our Chief Risk Officer reviewed 2016 incentive programs in which employees who are not executive officers participate, and provided analysis and conclusions to the Compensation Committee. It was concluded that none of these programs presented any material threat to our capital or earnings, encouraged taking undue or excessive risks, or encouraged manipulation of financial data in order to increase the size of an award. The following incentive compensation plans were reviewed:

- Under the Community Banking, C&I Lending and Commercial Real Estate Lending plan, certain employees are compensated with cash incentives calculated as a specific percentage of salary or of qualifying loans, deposits and other business they produce. A portion of the potential compensation under these plans is tied to individual and/or team performance and paid on an annual basis. There are also components, such as the collection of loan fees and the expansion of existing, or the establishing of new, customer deposit accounts, that are paid quarterly. We believe intrinsic features of these plans protect us against unnecessary risk taking, including: the plan modifier that reduces or eliminates incentive payouts when asset quality measures decline or fall below minimum acceptable levels.
- The SBA Lender Incentive plan rewards departmental personnel with a percentage of the net premium income received by the Bank for the sale of a loan. Intrinsic features of this plan address reducing incentive payments when asset quality measures decline or fall below minimum acceptable levels and when there are critical documentation exceptions, to protect us against unnecessary risk taking.
- Residential Mortgage Loan Officers are generally compensated based on loan production. There are separate agreements with each mortgage loan officer outlining his/her individual compensation package. There is also an incentive program for loan processors, loan closers, and underwriters in the Residential Lending department. Loan processors and loan closers are paid for each loan closed, with closers being required to reach an established minimum number for each month. Underwriters are paid for each loan dispositioned, regardless of the decision made, providing he or she reaches an established minimum number handled per month.

Clawback provisions are included in all incentive compensation plans. All of our incentive plans call for the employee to be in good standing with no adverse written performance documentation. Once an employee receives adverse written documentation for performance, the employee is ineligible to receive incentive payments for a minimum of 90 days.

<p>During 2015, the Company did not maintain any nonqualified deferred compensation programs or arrangements. Prior to 2013, the Company did not maintain any defined benefit retirement plans. In February 2013, the Bank adopted SERP for senior executives, including all of the named executive officers other than Mr. Paul. Under the SERP, upon an executive's retirement, the Bank will pay a stated monthly payment for the executive's lifetime. The retirement benefit is tied to a percentage of the executive's projected average base salary over the five years preceding retirement, assuming retirement at age 67. The SERP provides that (a) the benefits vest ratably over six years of service to the Bank, with the executive receiving credit for years of service prior to entering into the SERP, (b) death, disability and change-in-control will be deemed to be retirement resulting in immediate vesting, and (c) the monthly amount will be reduced if retirement occurs earlier than age 67 for any reason</p>

other than death, disability or change-in-control. The SERP further provides for a death benefit in the event the executive has not received at least 180 monthly installments of supplemental retirement benefits; the death benefit will be based upon an election by the executive for either a lump sum payment or continued monthly installment payments, such that the executive and the executive's beneficiary have received payment(s) sufficient to equate to a cumulative 180 monthly installments. The benefits to the named executive officers are as set forth in the following table:

Table of Contents

<u>Name</u>	<u>Title</u>	<u>Percentage Projected of Salary</u>
James H. Langmead	EVP and CFO Company and Bank	30%
Antonio F. Marquez	EVP and CLO Commercial Real Estate Bank	25%
Susan G. Riel	EVP Company; SEVP and COO Bank	35%
Janice L. Williams	EVP and CCO Bank	30%

The SERP Agreements are unfunded arrangements maintained primarily to provide supplemental retirement benefits and comply with Section 409A of the Internal Revenue Code (the Code). The Bank has elected to finance the retirement benefits by purchasing annuities that have been designed to provide a future source of funds for the lifetime retirement benefits of the SERP Agreements. The primary impetus for utilizing annuities is a substantial savings in compensation expense for the Bank as opposed to a traditional SERP. For additional information regarding the SERP, please refer to the table under the caption Pension Plan.

Employment and Non-Compete Agreements

The Company and Mr. Paul are parties to an amended and restated employment agreement, effective January 1, 2014, governing his service and compensation as President and Chief Executive Officer of the Company. The current term of Mr. Paul's employment agreement expires on December 31, 2018. On each December 31, the term of the agreement automatically extends for one additional year, unless Mr. Paul has given notice of his intention not to renew the term. Under his agreement, Mr. Paul is entitled to receive a current annual base salary for 2016 of \$863,565, subject to periodic increase. No increase in base salary was made for 2016. Separately, Mr. Paul received a 3% cost of living adjustment payment. Mr. Paul may receive grants of options or restricted stock, and may also receive a bonus, in the discretion of the Board of Directors. Mr. Paul is also entitled to receive a monthly automobile allowance of \$1,500 and \$1,000,000 of Bank paid life insurance (at standard rates). Mr. Paul is entitled to participate in all other benefit programs generally available to employees or directors of the Bank or the Company. The compensation under Mr. Paul's employment agreement is in lieu of all other cash fees for service on the Boards of Directors or any committees of the Company and the Bank. In the event of termination of Mr. Paul's employment for any reason other than for cause (as defined), Mr. Paul (or his estate), is entitled to receive an amount in cash equal to 1.99 times his then current base salary and most recent annual cash and equity bonuses, subject to certain limitations in the event that his termination occurs in connection with a change in control (as defined) of the Company or the Bank. In addition, subject to the effect of such provisions, all of Mr. Paul's options and restricted stock will immediately vest upon any termination.

Each of the four other named executive officers has an amended and restated employment agreement with the Bank. Each of the agreements expires August 31, 2017. The other named executive officers have 2016 base salaries as follows: Mr. Langmead \$425,429; Mr. Marquez \$368,056; Ms. Riel \$478,806; Ms. Williams - \$391,758. Each of these officers is also entitled to participation in all other health, welfare, benefit, stock, option and bonus plans, if any, generally available to all executive officers and employees of the Bank or the Company. Under each agreement if the officer's employment is terminated without cause for reasons other than death, disability or in connection with a change of control (as defined), he/she would be entitled to receive continued payment of health insurance premiums under COBRA for one year, subject to his/her compliance with the non-compete and non-disturbance provisions of the agreement. In the event of termination of the other named executive officer's respective employment without cause within 120 days before a change in control, or within 12 months after a change in control; the reduction in his/her compensation or position or responsibilities, or the voluntary termination of employment within the 30 day period following 12 months after a change in control, Mr. Langmead, Ms. Riel, and Ms. Williams would be entitled to receive a lump sum payment equal to 1.99 times the sum of (i) his/her base salary at the highest rate in effect during the 12 months preceding termination, (ii) cash bonuses paid to the officer in the most recent 12 months, as well as three years continuation of life, health, long term care and other non-health insurances and benefits, in the case of Mr. Langmead, Ms. Riel and Ms. Williams, and Mr. Marquez would be entitled to receive a lump sum payment equal to 0.99 times the sum of (i) his base salary at the highest rate in effect during the 12 months preceding termination (ii) cash bonuses (incentive plan and discretionary) paid in the most recent 12 months as well as three years continuation of life, health, long term care and other non-health insurances and benefits, increasing to 1.99 times his base salary after his fifth anniversary with the Bank, in each case subject to adjustment to avoid adverse tax consequences resulting from characterization of such payment for tax purposes as an excess parachute payment.

Each of Mr. Paul and the other named executive officers is also a party to a non-compete agreement with the Bank. The non-compete agreements provide that in the event of termination of the officer's employment by the Bank without cause as defined in such officer's amended and restated employment agreement, including without limitation, in the event of a change in control as defined in the officer's amended and restated employment agreement, or such officer's resignation following a change in control as provided in the officer's amended and restated employment agreement (collectively, Separation), and subject to the officer timely signing and delivering to the Bank (a) a General Release and Waiver and (b) a monthly certification regarding compliance with the confidentiality and non-competition provisions of the non-compete agreement and reporting other compensation, the Bank shall, for one (1) year following the date on which the release is executed and delivered to the Bank, continue to pay the officer, monthly in arrears, salary at the rate being paid as of the termination date, together with an additional amount equal to one-twelfth of the most recent annual cash bonus (incentive plan and discretionary), if any, for each month of the period during which the officer is in full compliance with the provisions of the agreement.

The non-compete agreements require that for one year after separation, the officer will not, without express written consent of the Bank (except for services performed for or on behalf of the Bank and its affiliates), directly or indirectly, in any capacity (whether as a proprietor, owner, agent, officer, director, shareholder, organizer, partner, principal, manager, member, employee, contractor, consultant or otherwise) engage in employment or provide services to any person or entity in return for remuneration or a right to remuneration of any kind, including but not limited to current or deferred compensation, wages, salary, fees, benefits, tangible or intangible property or ownership rights or interests or other property rights, whether paid or conveyed to the officer or promised in the future by any person, business or other entity as a result of, or in exchange for, any work or services performed, or any intellectual property conveyed by such officer.

The table below sets forth the base salary as of December 31, 2015, and the amount of Bank paid life insurance (at standard rates) to which the named executive officers are entitled. The amount to which each of the named executive officers would be entitled to if he/she were terminated, other than for cause or in connection with a change in control, as of December 31, 2015 is set forth in the fourth column of the table below. Such amounts include full payment of amounts due under the non-compete agreements.

The estimated amount of the cash payment which each of the named executive officers would be entitled to receive if the change in control termination benefits were paid as of December 31, 2015, including the full amount payable under the non-compete agreements (without adjustment for other amounts which might be payable as a result of the change in control) is set forth in column 5 of the table below, the value of the accelerated equity awards is set forth in column 6 of the table below, the value of the accelerated vesting of benefits under the SERP is in column 7 and the sum of these three amounts is set forth in column 8.

(1) The cost of this benefit is reflected under All Other Compensation in the Summary Compensation Table, and the amount paid in respect of each officer is reflected in the footnotes to that table.

(2) Includes amounts payable under non-compete agreements.

(3) Reflects the excess of the last trade price for the Company's common stock on December 31, 2015 over the exercise or strike price of unvested options, plus the last trade price of unvested shares of restricted stock (assuming vesting of the maximum number of shares subject to the award). Out of the money options have been excluded from the calculation.

(4) Reflects estimated maximum cash payment upon termination in connection with a change in control plus the accelerated value of equity awards. Does not reflect adjustment, if any, of total amount for effect of Section 280G limitation.

The following table presents information regarding awards made during 2015 to named executive officers under the Company's 2006 Stock Plan and SEIP. The payouts under Estimated Future Payouts Under Non-Equity Incentive Plan Awards reflected in the table represent the amount of formula payment which the named executive officer could have earned with respect to 2015 performance under the SEIP if each of the performance targets established by the Compensation Committee were achieved. The amounts reflected under All Other Stock Awards and Grant Date Fair Value of Stock and Option Awards reflect the shares of restricted stock issued in 2015 under the 2006 Stock Plan.

Under the 2006 Stock Plan, the Company can make awards of stock options, stock appreciation rights (SARs), and restricted stock to employees of the Company and to Bank, including all of the named executive officers. The payouts under Estimated Future Payouts Under Non-Equity Incentive Plan Awards reflected in the table represent the amount of formula payment which the named executive officer could have earned with respect to 2015 performance under the SEIP if each of the performance targets established by the Compensation Committee were achieved. The aggregate amount which could be earned by the named executive officers, at the target level, represented from 87% to 203% of salary in 2015.

These levels are higher than the levels in 2014 because the 2014 SEIP included the discretionary performance factor. The performance factor was dropped from the 2015 SEIP in response to shareholder feedback, necessitating the increase in the formula, to enable the SEIP to provide appropriate levels of compensation.

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

A portion of the aggregate amount is subject to the achievement of designated Company or individual performance targets. No amounts are payable if the Company does not achieve at least 85% of the net income goal. If at least the threshold performance metric is met, proportional payouts are made if performance is between payout levels. The targets were established with the expectation that the goals were stretch goals, representing performance standards in excess of expected results. The attainment of target-plus levels poses highly challenging goals to performance achievement and represents a

substantial percentage return on incentive costs. The amounts paid in 2016 pursuant to the SEIP for 2015 performance, represented from 92% to 206% of base salary for the named executive officers. The actual amounts earned with respect to 2015 performance, which reflect payments for achievement of results in certain categories in excess of target levels, are reflected in the Summary Compensation Table for 2015 in the column labeled Nonequity Incentive Plan Compensation.

The foregoing table does not reflect rights to purchase shares of common stock at a discount to the market price granted to or exercised by named executive officers during 2015 under the Company's 2011 Employee Stock Purchase Plan, which is generally available to substantially all employees.

Outstanding Equity Awards at Fiscal Year-End

The following table sets forth, on an award by award basis, information concerning all awards of stock options, restricted stock held by named executive officers at December 31, 2015. All options were granted with an exercise price of 100% of market value as determined in accordance with the applicable plan. The number of shares subject to each award and the exercise price have been adjusted to reflect all stock dividends and stock splits effected after the date of such award, but have not otherwise been modified.

Table of Contents**Options Exercised and Stock Vested**

The following table sets forth information regarding options exercised by the named executive officers during 2015, the aggregate amount realized upon such exercises, based on the difference between the closing market price on the exercise date and the exercise or base price, and information regarding shares of restricted stock held by named executive officers which vested during 2015, and the value realized upon such vesting based on the closing price on the vesting date. The following table does not reflect rights to purchase shares of common stock at a discount to the market price granted to or exercised by named executive officers under the Company's 2011 Employee Stock Purchase Plan. Readers should note that the grant date fair value of awards of options and restricted stock, the vesting and exercise of which is disclosed below, has been included in prior years in the compensation of named executive officers, and therefore does not represent additional compensation paid by the Company.

Employee Benefit Plans

The Bank provides a benefit program which includes health and dental insurance, life and long term and short-term disability insurance, and a 401(k) plan under which the Company makes matching contributions up to 3% of an employee's salary, for all officers and employees working 1,000 hours or more in a calendar year. Executive officers and directors also are provided long term care insurance. The Company also maintains the 2011 Employee Stock Purchase Plan, which is a qualified plan under Section 423 of the Internal Revenue Code (the ESPP). Under the ESPP, substantially all employees other than certain part time employees and those who have not been with the Company for at least six months, and employees who are greater than 5% shareholders, are eligible to purchase shares of the Company's common stock at a discount to the market price.

Equity Compensation Plans

During 2015, the Company maintained two equity compensation plans, the 1998 Stock Option Plan (the 1998 Plan) and the 2006 Stock Plan (the 2006 Stock Plan), each of which has been approved by shareholders. The purpose of each plan is to attract, retain, and motivate key officers, employee and directors of the Company and the Bank by providing them with a stake in the success of the Company as measured by the value of its shares. As of December 31, 2015, no options to purchase shares of common stock remained outstanding under the 1998 Plan. No further options can be granted under the 1998 Plan.

Under the 2006 Stock Plan, as amended, an aggregate of 1,996,500 shares of common stock are subject to issuance upon the exercise of incentive stock options (ISOs), non-incentive stock options (Non-ISOs) and SARs, and the award of shares of restricted stock to such employees as the Committee may designate, and for the issuance of Non-ISOs or restricted stock to directors and advisory board members of the Company, the Bank, and their affiliates. In the event of any merger, consolidation, recapitalization, reorganization, reclassification, stock dividend, split-up, combination of shares or similar event in which the number or kind of shares is changed without receipt or payment of consideration by the Company, the number and kind of shares of stock as to which options, SARs and restricted stock may be awarded under the 2006 Stock Plan, the affected terms of all outstanding options, SARs and shares of restricted stock, and the aggregate number of shares of common stock remaining available for grant under the 2006 Stock Plan will be adjusted. As of December 31, 2015, options to purchase an aggregate of 261,399 shares of common stock, and unvested awards of 369,093 shares of restricted stock were outstanding under the 2006 Plan, and 340,874 shares remained available for the grant of additional awards.

In connection with the acquisition of Fidelity, the Company assumed Fidelity s option plans. Options to purchase an aggregate of 237,100 shares of common stock were assumed in connection with the acquisition, of which 1,648 remained outstanding as of December 31, 2015. No further options can be granted under Fidelity s plans.

In connection with the acquisition of VHB the Company assumed VHB s option plans. Options to purchase an aggregate of 401,497 shares of common stock were assumed in connection with the acquisition, of which 35,693 remained outstanding as of December 31, 2015. No further options can be granted under VHB s plans.

As of December 31, 2015, the Company had options and unvested restricted stock awards with respect to an aggregate of 667,833 shares of common stock issued and outstanding under all equity compensation plans. Subsequent to December 31, 2015, 15,445 shares of time-vested restricted stock were issued to employees other than executive officers and to non-employee directors, and time-vested restricted stock and PRSUs was issued to our executive officers as set forth below:

Certain Relationships and Related Transactions

The Bank has had, and expects to have in the future, banking transactions in the ordinary course of business with some of the Company's directors, executive officers, and their associates. All of such transactions have been on substantially the same terms, including interest rates, maturities and collateral requirements as those prevailing at the time for comparable transactions with non-affiliated persons and did not involve more than the normal risk of collectability or present other unfavorable features. Loans to insiders require approval by the Board of Directors, with any interested director not participating. The Company also applies the same standards to any other transaction with an insider. Additionally, loans and other related party transactions involving Company directors must be reviewed and approved by the Audit Committee.

The maximum aggregate amount of loans (including lines of credit) to officers, directors and affiliates of the Company during the year ended December 31, 2015 amounted to \$57.6 million, representing approximately 7.8% of the Company's total shareholders' equity at December 31, 2015. In the opinion of the Board of Directors, the terms of these loans are no less favorable to the Bank than terms of the loans from the Bank to unaffiliated parties. On December 31, 2015, \$29.9 million of loans were outstanding to individuals who, during 2015, were officers, directors or affiliates of the Company. At the time each loan was made, management believed that these loans involved no more than the normal risk of collectability and did not present other unfavorable features. None of such loans were classified as Substandard, Doubtful or Loss.

The Bank leases certain office space from limited liability companies in which Mr. Paul or a trust for the benefit of Mr. Paul's children has a majority interest. During 2015, the Bank paid an aggregate of \$1,550,562 in rent in respect of these properties, excluding certain pass through expenses.

Mr. Rogers is a partner in the law firm Shulman, Rogers, Gandal, Pordy & Ecker, P.A. which has provided, and continues to provide, legal services to the Company and its subsidiaries. During 2015, the Company and its subsidiaries paid aggregate fees of \$984,093 to that firm.

Ryan Riel, the son of Ms. Riel, is employed by the Bank as a Lending Group Leader. During 2015, Mr. Riel's total compensation was \$527,777, including base salary, incentive bonus payments and awards of restricted stock. Mr. Riel's compensation is determined on the same basis as all other comparable

Table of Contents

employees, and is determined by the Compensation Committee, without any participation or input by Ms. Riel.

William Sherrill, a son-in-law of Ms. Riel, is, employed by the Bank as a mortgage loan officer. During 2015, Mr. Sherrill's total compensation was \$213,409, which was primarily commission and incentive income. Mr. Sherrill's compensation is determined on the same basis as other comparable employees under a defined commission plan, without any participation or input by Ms. Riel.

Kenneth Van Valkenburgh, a brother-in-law of Mr. Paul, is employed by the Bank as a Vice President, Insurance Sales. During 2015, Mr. Van Valkenburgh's total compensation was \$172,714, including base salary, an incentive bonus payment and an award of restricted stock. Mr. Van Valkenburgh's compensation is determined on the same basis as other comparable employees, without any participation or input by Mr. Paul.

Proposal 2: Amendment of the Articles of Incorporation

At the meeting, shareholders are being asked to approve an amendment to the Company's Articles of Incorporation which would replace the current standard for the election of directors, plurality voting. The amendment, if approved, would:

- require that nominees for election as director in uncontested elections must receive the affirmative vote of at least a majority of the votes cast; and
- require that any director who does not receive at least a majority of the votes cast in an uncontested election submit their resignation.

Purpose of the Amendment. Under the Maryland General Corporation Law and the Company's Articles of Incorporation and bylaws, the vote required to elect directors is a plurality of the votes cast. Plurality voting means that the persons receiving the greatest number of votes FOR their election are elected as director, up to the number of available seats. In an uncontested election, where there are the same number of nominees as there are directors being elected, one FOR vote results in the election of a director. WITHHOLD or AGAINST votes do not have an impact on the election. In a contested election under a plurality voting standard, where there are more nominees than seats (i.e. nine nominees for eight seats), the nominees with the highest number of votes, up to the number of available seats (i.e. the eight highest FOR vote recipients), will be elected.

The plurality voting standard has been criticized as an inappropriate and unchallenging voting standard, in that it allows directors to be elected even in the face of overwhelming disapproval of a nominee's election, and as such it effectively disenfranchises shareholders. Advocates of majority voting standards believe that adoption of a more challenging standard for the election of directors will empower shareholders, increase director accountability, confirm that directors who are elected will have the support of the shareholders and improve the performance of the Board of Directors and individual directors.

After hearing from a number of shareholders and considering the issue, the Company believes that it is in the best interests of the Company and its shareholders to adopt a more challenging voting standard. The Board of Directors believes that the interests of the individual directors have always been closely aligned with those of shareholders. The implementation of the proposed amendment in prior director elections would not have resulted in any director not being elected. However, the Board of Directors desires to be responsive to the Company's shareholders, and believes that the proposed majority vote standard with mandatory resignation represents a best governance practice, and would further align the interests of the Board of Directors with those of shareholders. Adoption of the majority vote standard as a part of the Articles of Incorporation would prevent a future Board of Directors from reverting to a plurality voting standard, without mandatory resignation, in uncontested elections without the prior approval of the shareholders.

The Amendment. The Board of Directors has approved, subject to shareholder approval, the amendment of Article V of the Articles of Incorporation to read in its entirety as follows:

Table of Contents

Directors. (a) The number of directors constituting the entire board shall be not less than three (3) nor more than twenty-five (25), the exact number of which as may be fixed from time to time in accordance with the bylaws, provided that the number of directors shall not be reduced so as to shorten the term of any director then in office.

(b) Directors shall be elected by the vote of a plurality of the votes cast in the election of directors, for which purpose unvoted shares and abstentions shall not be counted, provided, however, that if there is an Uncontested Election (hereinafter defined), and a nominee (including a currently serving director nominated for reelection) does not receive a Majority Vote for Election (hereinafter defined) then such nominee shall immediately after the certification of the shareholder vote relating to the election, submit his or her resignation, subject to acceptance or declination by the Board of Directors. Such resignation shall be effective upon the first to occur of: (i) acceptance by the Board of Directors or (ii) 120 days after the date of certification of the shareholder vote relating to the election. An Uncontested Election is defined as any election of directors in which the number of nominees is equal to or less than the number of directors to be elected. A Majority Vote for Election is defined as more votes being cast for such nominee's election than against such nominee's election, counting votes against such nominee's election or for which voting authority for such nominee's election is expressly withheld, but not including unvoted shares or abstentions. No resignation shall be required to be submitted in the event a nominee does not receive a Majority Vote For Election in an election which is not an Uncontested Election. The bylaws shall establish procedures relating to the submission, and the acceptance or declination, of such resignations.

If the amendment is approved, then beginning with the 2017 annual meeting of shareholders, each nominee for election as director in an uncontested election will have to receive a majority of the votes cast in the election (excluding unvoted shares and abstentions), and any nominee who did not, would be required to immediately submit his or her resignation, subject to acceptance or declination by the Board of Directors.

The resignation of a director who did not receive a majority vote would become effective upon the earlier of its acceptance by the Board of Directors or 120 days after certification of the shareholder vote relating to the election, unless the resignation is declined by the Board of Directors. The 120 day period for effectiveness of a resignation is provided in order to permit a smooth transition of director duties, and to provide the Board with sufficient time to determine whether to fill the resigning director's seat, and to identify and vet candidates with the appropriate skills, special expertise, understanding of the Company's business and industry, and other characteristics necessary to serve as a successful director of the Company. Under the amendment, the Board of Directors would retain the right to decline a resignation, but anticipates that it would only exercise that right in extraordinary circumstances, as may be necessary to ensure the continued successful operation of the Company. The Company would file a Current Report on Form 8-K reporting the Board of Director's decision to accept a resignation, or, in the event that a resignation is declined, disclosing the decision to decline and an explanation of the Board's reasons for declining the resignation. In a contested election of directors, where there are more candidates for election than there are seats on the Board of Directors up for election, directors would continue to be elected on the basis of a plurality vote.

If the amendment is approved, the bylaws of the Company would be amended as set forth in Exhibit B, to provide further details on the implementation of the amendment.

Vote Required and Recommendation. Approval of the proposed amendment to the Articles of Incorporation requires the favorable vote of at least two-thirds of the outstanding shares of common stock entitled to vote. **The Board of Directors unanimously recommends that shareholders vote FOR approval of the proposed amendment to the Articles of Incorporation.**

Table of Contents**Proposal 3: 2016 Stock Plan****General**

The Board of Directors has adopted the Eagle Bancorp, Inc. 2016 Stock Plan (the 2016 Stock Plan), subject to approval by the Company's shareholders. A copy of the 2016 Stock Plan is attached hereto as Exhibit A and should be consulted for additional information. All statements made herein regarding the 2016 Stock Plan, which are only intended to summarize the 2016 Stock Plan, are qualified in their entirety by reference to the 2016 Stock Plan.

If approved, the 2016 Stock Plan will replace the 2006 Plan, and no further awards will be granted under the 2006 Plan. Awards issued under the 2006 Plan will continue in effect and will be subject to the requirements of that plan, but no new awards will be granted under it. The 2016 Stock Plan authorizes awards for up to 1,000,000 shares of Company common stock over its ten-year term.

Purpose of the 2016 Stock Plan

The purpose of the 2016 Stock Plan is to advance the interests of the Company by providing directors and selected employees of the Bank, the Company, and their affiliates with the opportunity to acquire shares of common stock, through awards of options, time vested restricted stock, performance-based restricted stock and stock appreciation rights. By encouraging stock ownership, the Company seeks to attract, retain and motivate the best available personnel for positions of substantial responsibility and to provide additional incentive to directors and employees of the Company, the Bank and any affiliate to promote the success of the business as measured by the value of its shares, and to increase the commonality of interests among directors, key employees and other shareholders. It is expected that the 2016 Stock Plan will enable the Company to provide key employees with a significant portion of their overall compensation package in equity, and to tie a portion of that equity compensation to performance.

The Board of Directors is seeking shareholder approval of the 2016 Stock Plan in order to satisfy the requirements of the Internal Revenue Code for favorable tax treatment of incentive stock options, to exempt certain option transactions from the short-swing trading rules of the Securities and Exchange Commission, and to satisfy the listing requirements of NASDAQ.

Description of the 2016 Stock Plan

Administration. The 2016 Stock Plan is administered by the Compensation Committee of the Board of Directors (in this proposal, the Committee). In the absence at any time of a duly appointed Committee, the 2016 Stock Plan will be administered by the members of the Board of Directors who are Independent Directors.

The Committee has discretion and authority to select participants and grant awards, to determine the form and content of any awards made under the 2016 Stock Plan, to interpret the 2016 Stock Plan, to prescribe, amend and rescind rules and regulations relating to the 2016 Stock Plan, and to make all other decisions necessary or advisable in connection with administering the 2016 Stock Plan, including establishing the corporate, divisional or individual performance or achievement standards on which an award may be contingent. All decisions, determinations and interpretations of the Committee are final and conclusive on all persons affected thereby. Members of the Committee will be indemnified to the full extent permissible under the Company's Articles of Incorporation and bylaws in connection with any claims or other actions relating to any action taken under the 2016 Stock Plan.

Eligible Persons; Types of Awards. Under the 2016 Stock Plan, the Committee may grant incentive stock options, non-incentive stock options (together with ISOs, Options), stock appreciation rights and shares of restricted stock (in this proposal, Restricted Stock) to such employees as the Committee may designate, and may grant Non-ISOs and shares of Restricted Stock to directors and advisory board members of the Company, the Bank, and their affiliates.

Financial Effects to the Company of Grants. The Company will receive no monetary consideration for the granting of awards under the 2016 Stock Plan. It will receive no monetary consideration other than the option exercise price for shares of common stock issued to optionees upon the exercise of their Options. Generally, it will receive no monetary consideration for the exercise of SARs or the issuance of Restricted

Table of Contents

Stock.

The Company is required to accrue compensation expense for the grant of Options or other equity based instruments such as SARs and Restricted Stock. Generally, the measurement date of the expense is the date of grant, subject to adjustment over the vesting or performance period for the award.

Shares Available for Grants. The 2016 Stock Plan reserves 1,000,000 shares of common stock for issuance upon the exercise of Options, SARs and the grant of Restricted Stock, which represents less than 3.0% of current total outstanding shares. In the event of any merger, consolidation, recapitalization, reorganization, reclassification, stock dividend, split-up, combination of shares or similar event in which the number or kind of shares is changed without receipt or payment of consideration by the Company, the number and kind of shares of stock as to which Options, SARs and Restricted Stock may be awarded under the 2016 Stock Plan, the affected terms of all outstanding Options, SARs and shares of Restricted Stock, and the aggregate number of shares of common stock remaining available for grant under the 2016 Stock Plan will be adjusted. Generally, the number of shares as to which SARs are granted are charged against the aggregate number of shares available for grant under the 2016 Stock Plan, provided that, in the case of a SAR granted in conjunction with an Option, under circumstances in which the exercise of the SAR results in termination of the option and vice versa, only the number of shares of common stock subject to the option shall be charged against the aggregate number of shares of common stock remaining available under the 2016 Stock Plan. If awards should expire, become unexercisable, or be forfeited for any reason without having been exercised or become vested in full, the shares of common stock subject to such awards will be available for the grant of additional awards, unless the 2016 Stock Plan has been terminated. Shares issued upon the exercise of Options or SARs or in respect of Restricted Stock awards may be either authorized but unissued shares or, to the extent permitted by Maryland law, treasury stock.

Duration of the 2016 Stock Plan and Grants. The 2016 Stock Plan, if approved at the meeting, will have a term of ten years from May 12, 2016, its effective date, after which date no awards may be granted. The maximum term for an Option or SAR is ten years from its date of grant, except that the maximum term of an ISO may not exceed five years if the optionee owns more than 10% of the common stock on the date of grant. The expiration of the 2016 Stock Plan, or its earlier termination, will not affect any award then outstanding.

Repricing. No awards under the 2016 Stock Plan may be repriced or exchanged for awards with lower exercise prices without the approval of shareholders.

Options. The exercise price of Options may not be less than 100% of the fair market value of the common stock on the date of grant. In the case of an optionee who owns more than 10% of the outstanding common stock on the date of grant, such option price may not be less than 110% of fair market value of the shares. As required by federal tax laws, to the extent that the aggregate fair market value (determined when an ISO is granted) of the common stock with respect to which ISOs are exercisable by an optionee for the first time during any calendar year (under all plans of the Company and of any subsidiary) exceeds \$100,000, the Options will be treated as Non-ISOs, and not as ISOs. In the event that the fair market value per share of the common stock falls below the exercise price of previously granted Options, the Committee will have the authority, with the consent of the optionee, to cancel outstanding Options and to issue new Options with an exercise price equal to the then current fair market price per share of the common stock, provided that no such repricing will occur without ratification or approval by the shareholders.

If the common stock is listed on a national securities exchange (including The NASDAQ Stock Market) on the date in question, then the market value per share will be not less than the closing price on such exchange on such date, or if there were no sales on such date, then the exercise price will be not less than the mean between the bid and asked prices on such date. If the common stock is traded otherwise than on a national securities exchange on the date in question, then the market value per share will be not less than the mean between the bid and asked price on such date, or, if there is no bid and asked price on such date, then on the next prior business day on which there was a bid and asked price. If no such bid and asked price is available, then the market value per share will be its fair market value as determined by the Committee, in its sole and absolute discretion. If the date for determining the market value per share is not a trading day, then the market value for such date will be the market value as of the most recent prior day which was a trading day.

SARs. A SAR is a right that entitles the holder to receive, as the Committee prescribes in the grant, all or a percentage of the difference between (i) the fair market value of the shares of common stock

Table of Contents

subject to the SAR at the time of its exercise, and (ii) the fair market value of such shares at the time the SAR was granted (or, in the case of SARs granted in tandem with options, the exercise price). This difference is payable in cash or common stock or a combination of cash and stock, as designated by the Committee. The exercise price as to any particular SAR may not be less than the fair market value of the optioned shares on the date of grant. A SAR may be granted in tandem with all or part of any Option granted under the 2016 Stock Plan or without any relationship to any Option. A SAR granted in tandem with an ISO must expire no later than the ISO, must have the same exercise price as the ISO and may be exercised only when the ISO is exercisable and when the fair market value of the shares subject to the ISO exceeds the exercise price of the ISO. For SARs granted in tandem with options, the optionee's exercise of the SAR cancels the right to exercise the option, and vice versa.

Exercise of Options and SARs. The exercise of Options and SARs will be subject to such terms and conditions as are established by the Committee in a written agreement between the Committee and the optionee. In the absence of Committee action to the contrary: (A) an otherwise unexpired ISO shall cease to be exercisable upon (i) an employee's termination of employment for just cause (as defined in the 2016 Stock Plan), (ii) the date three months after an employee terminates service for a reason other than just cause, death, or disability, (iii) the date one year after an employee terminates service due to disability, or (iv) the date two years after termination of such service due to his death, and in each case such shorter period as may be set forth in an award; (B) an unexpired Non-ISO shall be exercisable at any time (but not later than the date on which the Non-ISO would otherwise expire), except where the optionee's service with the Company terminates as a result of just cause or where a director optionee is removed from the board of directors on which he or she serves, in which case Non-ISO will terminate on the date of termination or removal, as the case may be. Notwithstanding the provisions of any Option which provides for its exercise in installments as designated by the Committee, an Option will become immediately exercisable upon the optionee's death or permanent and total disability. Notwithstanding the provisions of any SAR, upon the death, disability or retirement of the holder of a SAR after achieving the age of 65 and after five years of continuous service: (A) a SAR that is not a performance-based award and that provides for its vesting or exercise in installments or at a future date as designated by the Committee, will be exercisable for that portion of the award as bears the same relation to the total amount of the award as the period of service from the date of grant to the date of death, disability or retirement bears to the period from the date of grant to original date of vesting or exercisability, and (B) a SAR that is a performance-based award, may be exercised for that portion of the award as bears the same relationship to the achievement in respect of the performance-based award standards or conditions, as determined by the Committee in its sole discretion. In no event, however, will any Option or SAR be exercisable after its expiration date, as to fractional shares of common stock or prior to the holder's satisfaction of any income tax withholding requirements.

A participant may exercise Options or SARs, subject to provisions regarding their termination and limitations on their exercise, only by written notice of intent to exercise with respect to a specified number of shares of common stock, and payment to the Company in cash, in common stock, or a combination of cash and common stock, of the amount of the exercise price for the number of shares with respect to which the Option or SAR is then being exercised. Common stock used in full or partial payment of the exercise price for Options or SARs will be valued at its market value at the date of exercise.

Restricted Stock. Restricted Stock is an award of shares of common stock that is subject to forfeiture, restrictions against transfer, meeting specific corporate, individual or individual performance or achievement standards or goals, or other conditions or restrictions set forth in an award agreement. The Committee has discretion at the time of making a Restricted Stock grant to determine a period of at least one year and up to ten years during which the shares granted will be subject to restrictions, and the conditions that must be satisfied in order for the shares of restricted stock to become unrestricted (i.e., vested and nonforfeitable). For example, the Committee may condition vesting upon a recipient's continued employment or upon the recipient's attainment of specific corporate, divisional, or individual performance or achievement standards or goals. However, the minimum vesting period for Restricted Stock is three years if the vesting is based solely on the passage of time and continued employment, although vesting may occur ratably over such period; and the minimum measurement date for vesting of restricted stock based upon performance criteria is one year. The Committee shall determine the percentage of the award of restricted stock which shall vest in the event of death, disability, or retirement prior to the expiration of the restriction period or the satisfaction of the restrictions applicable to an award of restricted stock. Neither the Committee nor the Board will have the authority, without shareholder approval, to accelerate the vesting period of Restricted Stock other than in the event of a change-in-control of the Company or the

Table of Contents

death, disability, retirement, or termination of employment of the participant.

Until a recipient's interest vests, Restricted Stock is nontransferable and forfeitable. Nevertheless, the recipient may be entitled to vote the Restricted Stock and to receive dividends and other distributions made with respect to Restricted Stock grants that are issued subject to forfeiture in the event that the vesting conditions are not met, as opposed to shares that are issued only upon satisfaction of the conditions. To the extent that a recipient becomes vested in Restricted Stock and has satisfied applicable income tax withholding obligations, the Company will deliver unrestricted shares of common stock to the recipient. At the end of the restriction period, the recipient will forfeit to the Company any issued shares of Restricted Stock as to which the recipient did not earn a vested interest during the restriction period, i.e. where the performance-based conditions are not met.

Change in Control. Notwithstanding the provisions of any award which provide for its exercise or vesting in installments or subject to conditions, all awards, other than awards which are granted to a participant who, at the time of grant is an executive officer, will be immediately exercisable and fully vested upon the occurrence of a change in control. For purposes of the 2016 Stock Plan, an executive officer is an employee who is designated by the Board of Directors as an executive officer of the Company by the Committee, and will generally include the Company and Bank's senior management team. Acceleration of vesting of Awards granted to participants who are, at the date of grant, executive officers are subject to the additional condition that a triggering event defined below, has occurred.

At the time of a change in control that does not constitute a transaction, the participant shall, at the discretion of the Committee, be entitled to receive cash in an amount equal to the excess of the fair market value of the common stock subject to an Option or SAR over the exercise price of such shares, in exchange for the cancellation of such Options and SARs by the optionee.

In the event of a change in control that is a transaction, all awards of Options, SARs and Restricted Stock must be surrendered, and with respect to each award surrendered, the Committee will, in its sole and absolute discretion, determine whether the holder of the surrendered award will receive: (1) an award for the number and kind of shares into which each outstanding share (other than shares held by dissenting shareholders) is changed or exchanged, together with an appropriate adjustment to the exercise price; (2) the number and kind of shares into which each outstanding share (other than shares held by dissenting shareholders) is changed or exchanged in the transaction that are equal in market value to the excess of the market value on the date of the transaction of the shares subject to the Option or SAR, over the exercise price; or (3) a cash payment (from the Company or the successor corporation) in an amount equal to the excess of the market value on the date of the transaction of the shares subject to the Option or SAR over the exercise price.

For purposes of the 2016 Stock Plan, change in control means (1) that there has been consummated (i) any consolidation, merger, share exchange, or similar transaction relating to the Company, or pursuant to which shares of the Company's capital stock are converted into cash, securities of another entity and/or other property, other than a transaction in which the holders of Company's voting stock immediately before such transaction shall, upon consummation of such transaction, own at least fifty percent (50%) of the voting power of the surviving entity, or (ii) any sale of all or substantially all of the assets of the Company, other than a transfer of assets to a related person which is not treated as a change in control event under §1.409A-3(i)(5)(vii)(B) of the U.S. Treasury Regulations; (2) any person, entity or group (each within the meaning of Sections 13(d) and 14(d)(2) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) shall become the beneficial owner (within the meaning of Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the voting power of all outstanding securities of the Company entitled to vote generally in the election of directors of the Company (including, without limitation, any securities of the Company that any such person has the right to acquire pursuant to any agreement, or upon exercise of conversion rights, warrants or options, or otherwise, which shall be deemed beneficially owned by such person); or (3) over a twelve (12) month period, a majority of the members of the Board are replaced by directors whose appointment or election was not endorsed by a majority of the members of the Board in office prior to such appointment or election. Notwithstanding the foregoing, if the event purportedly constituting a change in control does not also constitute a change in ownership of the Company, a change in effective control of the Company or a change in the ownership of a substantial portion of the assets of the Company within the meaning of Code Section 409A, then such event shall not constitute a change in control. Transaction means (i) the liquidation or dissolution of the Company, (ii) a merger or consolidation in which the Company is not the

Table of Contents

surviving entity, or (iii) the sale or disposition of all or substantially all of the Company's assets. No adjustment upon a change in control, a transaction or otherwise may be made in such a manner as to constitute a modification, within the meaning of Section 424(h) of the Code, of outstanding ISOs. If, by reason of any such adjustments, an optionee becomes entitled to new, additional, or different shares of stock or securities, such new, additional, or different shares of stock or securities shall thereupon be subject to all of the conditions and restrictions which were applicable to the shares pursuant to the Option before the adjustment was made.

For purposes of the 2016 Stock Plan a triggering event means the occurrence of any of the following events with respect to an executive officer: (1) the executive officer's employment with the Company or the Bank is terminated without just cause (i) within one hundred twenty (120) days immediately prior to and in conjunction with a change in control or (ii) within twelve (12) months following consummation of a change in control; (2) within twelve (12) months following consummation of a change in control, the executive officer's title, duties and or position have been materially reduced such that the executive officer is not in a comparable position (with materially comparable compensation, benefits and responsibilities and is located within twenty-five (25) miles of the executive officer's primary worksite) to the position he held immediately prior to the change in control, and within thirty (30) days after notification of such reduction such executive officer notifies the Company that such executive officer is terminating employment due to such change, unless such change is cured within thirty (30) days of such notice by providing the executive officer with a comparable position (including materially comparable compensation and benefits and is located within twenty-five (25) miles of the executive officer's primary worksite), and executive officer's employment is in fact terminated; or (3) if within the thirty (30) day period immediately following the first anniversary of the consummation of a change in control, the executive officer gives written notice to the Company that the executive officer is electing to terminate executive officer's employment, and executive officer's employment is in fact terminated.

Although these provisions are included in the 2016 Stock Plan primarily for the protection of an employee-participant in the event of a change in control of the Company, they may also be regarded as having a takeover defensive effect, which may reduce the Company's vulnerability to hostile takeover attempts and certain other transactions which have not been negotiated with and approved by the Board of Directors.

Restrictions on Transferability. ISOs, SARs and Restricted Stock may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent and distribution, or pursuant to the terms of a qualified domestic relations order. Non-ISOs may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent and distribution, pursuant to the terms of a qualified domestic relations order or, in the sole discretion of the Committee, in connection with a transfer for estate or retirement planning purposes to a trust established for such purposes.

Conditions on Issuance of Shares. The Committee will have the discretionary authority to impose, in agreements, such restrictions on shares issued pursuant to the 2016 Stock Plan as it may deem appropriate or desirable, including but not limited to the authority to impose a right of first refusal or to establish repurchase rights or both of these restrictions. In addition, the Committee may not issue shares unless the issuance complies with applicable securities laws, and to that end may require that an optionee or recipient make certain representations or warranties.

Amendment and Termination of the 2016 Stock Plan. The Board of Directors may from time to time amend the terms of the 2016 Stock Plan and, with respect to any shares at the time not subject to Options, suspend or terminate the 2016 Stock Plan; provided that shareholder approval is required to increase the number of shares subject to the 2016 Stock Plan or to extend the term of the 2016 Stock Plan. No amendment, suspension, or termination of the 2016 Stock Plan will, without the consent of any affected holders of an award, alter or impair any rights or obligations under any award granted prior to any such termination, amendment or suspension.

Federal Income Tax Consequences

ISOs. An employee recognizes no taxable income upon the grant of ISOs. If the optionee holds the option shares for at least two years from the date the ISO is granted and one year from the date the ISO is exercised, any gain realized on the sale of the shares received upon exercise of such ISO is taxed as long term capital gain. However, the difference between the fair market value of the stock at the date of exercise and the exercise price of the ISO will be treated as an item of tax preference in the year of exercise for

Table of Contents

purposes of the alternative minimum tax. If the employee disposes of the shares before the expiration of either of the special holding periods, the disposition is a disqualifying disposition. In this event, the employee will be required, at the time of the disposition of the stock, to treat the lesser of the gain realized or the difference between the exercise price and the fair market value of the stock at the date of exercise as ordinary income and the excess, if any, as capital gain.

The Company will not be entitled to any deduction for federal income tax purposes as the result of the grant or exercise of an ISO, regardless of whether or not the exercise of the ISO results in liability under the alternative minimum tax. However, if the employee has ordinary income taxable as compensation as a result of a disqualifying disposition, the Company will be entitled to deduct an equivalent amount, subject to federal income tax limitations on annual executive compensation deductions.

Non-ISOs. In the case of a Non-ISO, the holder will recognize ordinary income upon the exercise of the Non-ISO in an amount equal to the difference between the fair market value of the shares on the date of exercise and the exercise price (or, if the optionee is subject to certain restrictions imposed by the federal securities laws, upon the lapse of those restrictions unless the optionee makes a special tax election within 30 days after the date of exercise to have the general rule apply). Upon a subsequent disposition of such shares, any amount received by the optionee in excess of the fair market value of the shares as of the date of exercise will be taxed as capital gain. The Company will be entitled to a deduction for federal income tax purposes at the same time and in the same amount as the ordinary income recognized by the optionee in connection with the exercise of a Non-ISO.

SARs. The grant of a SAR has no tax effect on the optionee or the Company. Upon exercise of the SARs, however, any cash or common stock received by the optionee in connection with the exercise of a SAR will be treated as compensation income to the optionee, and the Company will be entitled to a business expense deduction for the amounts treated as such compensation income, subject to federal income tax limitations on annual executive compensation deductions.

Restricted Stock. The recipient of Restricted Stock will not have taxable income upon grant, except that the recipient may elect to be taxed at the time of grant. Unless an election is made to be taxed as of the time of grant, the recipient of Restricted Stock will have ordinary income at the time of vesting of shares of Restricted Stock. The Company will be entitled to a business expense deduction in the same amount, subject to federal income tax limitations on annual executive compensation deductions.

Vote Required and Board Recommendation

Approval of the proposed 2016 Stock Plan requires the favorable vote of a majority of the votes cast on the proposal. **The Board of Directors unanimously recommends that shareholders vote FOR approval of the 2016 Stock Plan.**

Proposal 4: Ratification of the Appointment of Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors has selected Stegman & Company (Stegman) as the Company s independent registered public accounting firm to audit the Company s financial statements for the fiscal year ending December 31, 2016. Stegman has audited the financial statements of the Company since its organization. Representatives of Stegman are expected to be present at the meeting and available to respond to appropriate questions. The representatives also will be provided with an opportunity to make a statement, if they desire. Services provided to the Company and its subsidiaries by Stegman in 2015 are described under Fees Paid to Independent Accounting Firm below. Additional information regarding the Audit Committee is provided in the Report of the Audit Committee and under the caption Election of Directors - Committees, Meetings and Procedures of the Board of Directors. Stegman has announced that effective June 2016, its partners and employees will join Dixon Hughes Goodman, L.L.P. who will then carry out the audit of the Company s financial statements for the fiscal year ending December 31, 2016.

Vote Required and Board Recommendation

The affirmative vote of a majority of votes cast on the proposal is required for approval of the ratification of the appointment of the independent registered public accounting firm. If the shareholders fail to ratify this appointment, the Audit Committee will reconsider whether to retain Stegman, and may retain Stegman or another firm, without resubmitting the matter to shareholders. **The Board of Directors recommends that shareholders vote FOR the ratification of the appointment of Stegman as the Company s independent registered public accounting firm.**

Proposal 5: Non-Binding Advisory Vote on Executive Compensation

Section 14A of the Securities Act of 1934, added as Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and the rules of the Securities and Exchange Commission adopted thereunder (Section 14A), requires that not less than once every three years, a separate, advisory, shareholder resolution to approve the compensation of executives, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, must be included in the Company's proxy materials for the annual meeting. As a result, the Company is providing shareholders with the opportunity to cast a non-binding advisory vote at the meeting to approve the compensation of the Company's executives. This proposal, commonly known as a Say-on-Pay proposal, gives shareholders the opportunity to endorse or not endorse our executive pay program through the following resolution:

RESOLVED, that the shareholders approve the compensation of the Company's named executive officers, as disclosed in this proxy statement for the 2016 Annual Meeting pursuant to the rules of the Securities and Exchange Commission, which disclosure includes the Compensation Discussion and Analysis section, the tabular disclosure regarding named executive officer compensation and the accompanying narratives.

Because this vote is advisory, it will not be binding upon the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements. Under Section 14A, the vote may not be construed as overruling a decision by the Company or the Board of Directors, changing or implying any change in the fiduciary duties of the Company or the Board of Directors; or creating or implying any additional fiduciary duty of the Company or the Board of Directors.

Shareholders are encouraged to read the section of this proxy statement titled Compensation Discussion and Analysis including the tabular disclosure regarding named executive officer compensation, together with the accompanying narrative disclosures.

Vote Required and Board Recommendation

The affirmative vote of a majority of the votes cast at the meeting on the proposal is required for the approval of this resolution. It is expected that all of the shares of the common stock entitled to vote on the proposal over which directors of the Company exercise voting power will be voted for the proposal. We believe our compensation policies are strongly aligned with the long term interests of the Company and its shareholders. **As such, the Board of Directors recommends that shareholders vote FOR approval of this non-binding advisory resolution.**

Form 10-K Annual Report

The Company will provide, without charge, to any shareholder of record entitled to vote at the meeting or any beneficial owner of common stock solicited hereby, a copy of its Annual Report on Form 10-K for the year ended December 31, 2015 filed with the Securities and Exchange Commission, upon the written request of such shareholder. Requests should be directed to Jane E. Cornett, Corporate Secretary, at the Company's executive offices, 7830 Old Georgetown Road, Bethesda, Maryland 20814. It is also available electronically through www.sec.gov and www.eaglebankcorp.com.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than ten percent of the common stock, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission, and to provide the Company with copies of all Forms 3, 4, and 5 they file.

Based solely upon the Company's review of the copies of the forms which it has received and written representations from the Company's directors, executive officers and ten percent shareholders, the Company is not aware of any failure of any such person to comply with the requirements of Section 16(a), except that: one Form 4 reporting twenty two transactions (all part of a single transaction order executed at multiple prices) for Mr. Goodman and one Form 4 reporting one transaction for each of Mr. Paul and Mr. Pincus, were not filed in a timely manner.

Other Matters

The Board of Directors of the Company is not aware of any other matters to be presented for action by shareholders at the meeting. If, however, any other matters not now known are properly brought before the meeting or any adjournment thereof, the persons named in the accompanying proxy will vote such proxy in accordance with their judgment on such matters.

Shareholder Proposals

All shareholder proposals to be presented for consideration at the next annual meeting and to be included in the Company's proxy materials must be received by the Company no later than December 2, 2016. Shareholder proposals for nominations for election as director must be received by the Company no later than January 1, 2017. In order to be eligible for consideration at the next annual meeting of shareholders, the Company must receive notice of shareholder proposals for business other than the election of directors to be conducted at the annual meeting which are not proposed to be included in the Company's proxy materials not less than thirty and not more than ninety days before the date of the annual meeting, or if less than forty five days notice of the meeting is given, by the earlier of two days before the meeting and fifteen days after the notice of the meeting is mailed.

By Order of the Board of Directors

Exhibit A 2016 Stock Plan

EAGLE BANCORP, INC.

2016 STOCK PLAN

1. **Purpose of the Plan.** The purpose of this Eagle Bancorp, Inc. 2016 Stock Plan (the Plan) is to advance the interests of the Company by providing directors and selected employees of the Bank, the Company, and their Affiliates with the opportunity to acquire Shares. By encouraging stock ownership, the Company seeks to attract, retain and motivate the best available personnel for positions of substantial responsibility; to provide additional incentive to directors and selected employees of the Company, the Bank and their Affiliates to promote the success of the business as measured by the value of its shares; and generally to increase the commonality of interests among directors, employees, and other shareholders.

Upon approval of this Plan by shareholders of the Company, the Plan shall replace the Company's 2006 Stock Option Plan (the 2006 Plan), which shall be terminated as of that time. Following such termination, Awards granted under the 2006 Plan shall continue in effect, and shall be subject to the provisions of the 2006 Plan, but no new Awards may be granted under the 2006 Plan.

2. **Definitions.** In this Plan:

(a) **Affiliate** means any parent corporation or subsidiary corporation of the Company as such terms are defined in Section 424(e) and (f), respectively, of the Code.

(b) **Agreement** means a written agreement entered into in accordance with Section 5(c).

(c) **Awards** means, collectively Options, SARs and Restricted Stock, unless the context clearly indicates a different meaning.

(d) **Bank** means EagleBank.

(e) **Board** means the Board of Directors of the Company.

(f) Bank Board means the Board of Directors of the Bank.

(g) Change in Control means (1) that there have been consummated (i) any consolidation, merger, share exchange, or similar transaction relating to the Company, or pursuant to which shares of the Company's capital stock are converted into cash, securities of another entity and/or other property, other than a transaction in which the holders of Company's voting stock immediately before such transaction shall, upon consummation of such transaction, own at least fifty percent (50%) of the voting power of the surviving entity, or (ii) any sale of all or substantially all of the assets of the Company, other than a transfer of assets to a related person which is not treated as a change in control event under §1.409A-3(i)(5)(vii)(B) of the U.S. Treasury Regulations; (2) any person, entity or group (each within the meaning of Sections 13(d) and 14(d)(2) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) shall become the beneficial owner (within the meaning of Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the voting power of all outstanding securities of the Company entitled to vote generally in the election of directors of the Company (including, without limitation, any securities of the Company that any such person has the right to acquire pursuant to any agreement, or upon exercise of conversion rights, warrants or options, or otherwise, which shall be deemed beneficially owned by such person); or (3) over a twelve (12) month period, a majority of the members of the Board are replaced by directors whose appointment or election was not endorsed by a majority of the members of the Board in office prior to such appointment or election. Notwithstanding the foregoing, if the event purportedly constituting a Change in Control does not also constitute a change in ownership of the Company, a change in effective control of the Company or a change in the ownership of a substantial portion of the assets of the Company within the meaning of Code Section 409A, then such event shall not constitute a Change in Control hereunder.

(h) Code means the Internal Revenue Code of 1986, as amended.

Table of Contents

(i) **Committee** means the Compensation Committee of the Board, or any successor committee thereto, all of the members of which are independent for purposes of service on such committee, as determined under applicable law regulation and the listing requirements of The NASDAQ Stock Market or other national securities exchange on which the Common Stock is listed.

(ff) SAR means a right to receive all or a specified portion of the increase in value over the Market Value on the date of grant of a specified number of Shares of Common Stock.

(gg) Share means one share of Common Stock.

(hh) Subject Shares means Shares subject to an Option, SAR or grant of Restricted Stock granted pursuant to this Plan.

(ii) Subsidiary means any present or future entity which would be a subsidiary corporation of the Company as defined in Section 424(f) and Section 424(g) of the Code.

(jj) Transaction means (i) the liquidation or dissolution of the Company, (ii) a merger or consolidation in which the Company is not the surviving entity, or (iii) the sale or disposition of all or substantially all of the Company's assets.

(kk) Triggering Event means the occurrence of any of the following events with respect to an Executive Officer:

(i) Executive Officer's employment with the Company or the Bank is terminated without Just Cause (i) within one hundred twenty (120) days immediately prior to and in conjunction with a Change in Control or (ii) within twelve (12) months following consummation of a Change in Control;

(ii) Within twelve (12) months following consummation of a Change in Control, the Executive Officer's title, duties and or position have been materially reduced such that the Executive Officer is not in a comparable position (with materially comparable compensation, benefits and responsibilities and is located within twenty-five (25) miles of the Executive Officer's primary worksite) to the position he held immediately prior to the Change in Control, and within thirty (30) days after notification of such reduction such Executive Officer notifies the Company that such Executive Officer is terminating employment due to such change, unless such change is cured within thirty (30) days of such notice by providing the Executive Officer with a comparable position (including materially comparable compensation and benefits and is located within twenty-five (25) miles of the

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

Executive Officer's primary worksite), and Executive Officer's employment is in fact terminated; or

(iii) If within the thirty (30) day period immediately following the first anniversary of the consummation of a Change in Control, the Executive Officer gives written notice to the Company that the Executive Officer is electing to terminate Executive Officer's employment, and Executive Officer's employment is in fact terminated.

3. Term of the Plan and Awards.

(a) **Term of the Plan.** The Plan shall continue in effect for a term of ten (10) years from the Effective Date unless sooner terminated pursuant to Section 17. No Award may be granted under the Plan after ten (10) years from the Effective Date.

(b) **Term of Options and SARs.** The Committee shall establish the term of each Option and SAR granted under the Plan. No Option or SAR may have a term that exceeds ten (10) years. No ISO granted to an Employee who owns Shares representing more than ten percent (10%) of the outstanding shares of Common Stock, as determined in accordance with the Code, at the time an ISO is granted may have a term that exceeds five (5) years.

4. Shares Subject to the Plan.

(a) **General.** Except as otherwise required by the provisions of Section 13, the aggregate number of Shares deliverable upon the exercise of Awards shall be 1,000,000. Subject Shares may either be authorized but unissued Shares or Shares held in treasury to the extent allowed by Maryland law. If Awards should expire, become unexercisable or be forfeited for any reason without having been exercised or

Table of Contents

become vested in full, the Subject Shares shall be available for the grant of additional Awards under the Plan, unless the Plan shall have been terminated.

(b) Special Rule for SARs. Not in limitation of the provisions of Section 4(a), the number of Shares with respect to which a SAR is granted, and not the number of Shares delivered upon the exercise of the SAR, shall be charged against the aggregate number of Shares remaining available under the Plan, provided, however, that in the case of a SAR granted in tandem with an Option, under circumstances where the exercise of the Option results in the termination of the SAR, or vice versa, only the number of Shares subject to the Option shall be charged against the aggregate number of Shares remaining available under the Plan. The Shares related to an Option as to which Option rights have been terminated as a result of the exercise of a related SAR shall not be available for the grant of additional Awards.

5. Administration of the Plan.

(a) **Composition of the Committee.** The Plan shall be administered by the Committee, which shall consist of not less than three (3) members of the Board. In the absence at any time of a duly appointed Committee, the Plan shall be administered by the members of the Board who are Independent Directors.

(b) **Powers of the Committee.** Except as limited by the express provisions of the Plan or by resolutions adopted by the Board, the Committee shall have sole and complete authority and discretion (i) to select Participants and grant Awards, (ii) to determine the form and content of Awards to be issued in the form of Agreements under the Plan, including but not limited to the corporate, divisional or individual performance or achievement standards or goals of Performance Based Awards, which need not be identical among Participants granted Awards at the same time, (iii) to interpret the Plan, (iv) to prescribe, amend and rescind rules and regulations relating to the Plan, and (v) to make other determinations necessary or advisable for the administration of the Plan. The Committee shall have and may exercise such other power and authority as may be delegated to it by the Board from time to time. A majority of the entire Committee shall constitute a quorum and the action of a majority of the members present at any meeting at which a quorum is present, or acts approved in writing by a majority of the Committee without a meeting, shall be deemed the action of the Committee.

(c) **Agreement.** Each Award shall be evidenced by a written agreement containing such provisions as may be approved by the Committee. Each such Agreement shall constitute a binding contract between the Company and the Participant, and every Participant, upon acceptance of such Agreement, shall be bound by the terms and restrictions of the Plan and of such Agreement. The terms of each such Agreement shall be in accordance with the Plan, but each Agreement may include such additional provisions and restrictions determined by the Committee, in its discretion, provided that such additional provisions and restrictions are not inconsistent with the terms of the Plan. In particular, the Committee shall set forth in each Agreement: (i) the Exercise Price of an Option or SAR; (ii) the number of Shares subject to, and the expiration date of, the Award; (iii) the manner, time and rate (cumulative or otherwise) of exercise or vesting of such Award; (iv) the restrictions, including Performance Based Awards standards, if any, to be placed upon such Award, or upon Shares which may be issued in respect of such Award; (v) provisions requiring the cancellation, disgorgement and/or recovery by the Company of Awards, shares of Common Stock issuable thereunder, or any proceeds thereof, in the event that the Award was based on materially inaccurate financial statements (which includes, but is not limited to, statements of earnings, revenues, or gains) or any other materially inaccurate performance metric criteria, or as may otherwise be required by applicable law, regulation or exchange listing standard. The Chairman of the Committee and such other officers as shall be designated by the Committee are hereby authorized to execute Agreements on behalf of the Company and to cause them to be delivered to the recipients of Awards.

(d) **Effect of the Committee's Decisions.** All decisions, determinations, and interpretations of the Committee shall be final and conclusive on all persons affected thereby. The Committee's determination whether a Participant's Continuous Service has ceased, the effective date thereof, and whether a Performance Based Award standard or condition shall have been met in the event of the Death, Disability or Retirement shall be final and conclusive on all persons affected thereby.

(e) **Indemnification.** In addition to such other rights of indemnification as they may have, the members of the Committee shall be indemnified by the Company in connection with any claim, action, suit or proceeding relating to any action taken or failure to act under or in connection with the Plan or any Option, granted hereunder to the full extent provided for under the Company's Articles of Incorporation or Bylaws with respect to the indemnification of directors.

6. Grant of Options.

(a) **General Rule.** The Committee, in its sole discretion, may grant ISO s or Non-ISOs to Employees of the Company or its Affiliates and may grant Non-ISOs to members of the Board, members of the Bank Board, members of Bank advisory boards, and members of the boards of directors of Affiliates.

(b) **Special Rules for ISOs.** The aggregate Market Value, as of the date the Option is granted, of the Shares with respect to which ISOs are exercisable for the first time by an Employee during any calendar year (under all incentive stock option plans, as defined in Section 422 of the Code, of the Company, or any Parent or Subsidiary), shall not exceed \$100,000. Notwithstanding the prior provisions of this Section, the Committee may grant Options in excess of the foregoing limitations, in which case such Options granted in excess of such limitation shall be Options which are Non-ISOs.

(c) **Special Rule for Executive Officers.** Notwithstanding anything to the contrary contained herein, no Option awarded to an Employee who, as of the date of grant of such Option, is an Executive Officer, shall have an initial vesting date (without regard to any provisions providing for the acceleration of vesting of any Award, which shall continue to be operative in accordance with their terms) earlier than the first anniversary of the date of grant.

7. Exercise Price for Options.

(a) **Limits on Committee Discretion.** The Exercise Price as to any particular Option granted under the Plan shall not be less than the Market Value of the Subject Shares on the date of grant. In the case of an Employee who owns Shares, as determined in accordance with the Code, representing more than 10% of the Company s Outstanding Shares of Common Stock at the time an ISO is granted, the Exercise Price shall not be less than 110% of the Market Value of the Subject Shares at the time the ISO is granted.

(b) **Standards for Determining Market Value.** If the Common Stock is listed on a national securities exchange (including The NASDAQ Stock Market) on the date in question, then the Market Value per Share shall be the closing price on such date. If the Common Stock is traded otherwise than on a national securities exchange on the date in question, then the Market Value per Share shall be not less than the mean between the bid and asked price on such date, or, if there is no bid and asked price on such date, then on the next prior business day on which there was a bid and asked price. If no such bid and asked price is available, then the Market Value per Share shall be its fair market value as determined in good faith by the Committee, in its sole and absolute discretion. If the date for determining the Market Value of the Common Stock is a Saturday, Sunday or other day on which the equity markets are not open for trading, then the Market Value for such date shall be the Market Value per Share determined as of the most recent prior day on which such markets were open.

8. Exercise of Options.

(a) **Generally.** Any Option shall be exercisable at such times and under such conditions as shall be permissible under the terms of the Plan and of the Agreement. An Option may not be exercised for a fractional Share. In the event that any adjustment of an Option pursuant to Section 13 or otherwise would result in an Optionee being entitled to exercise for a fractional Share, then upon such adjustment, the number of Shares which

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

may be acquired upon exercise of such Option shall be rounded down to the next whole share, and the Optionee shall not be entitled to any payment, compensation or alternative Award in lieu thereof.

(b) *Procedure for Exercise.* A Participant may exercise Options, subject to provisions relative to its termination and limitations on its exercise, only by: (1) notice of intent to exercise the Option with respect to a specified number of Shares, and (2) payment (contemporaneously with delivery of such notice) in cash, in Common Stock, or a combination of cash and Common Stock, of the amount of the Exercise Price for the number of Shares with respect to which the Option is then being exercised. Each such notice and payment shall be delivered to the administrative agent designated from time to time by the Company, in accordance with procedures established by the Company and agent. Common Stock utilized in full or partial payment of the Exercise Price for Options shall be valued at its Market Value at the date of exercise.

(c) *Period of Exercisability-ISOs.* An ISO may be exercised by a Participant only while the Participant is an Employee and has maintained Continuous Service from the date of the grant of the ISO, or within three months after termination of such Continuous Service (but not later than the date on

Table of Contents

which the Option would otherwise expire), except if the Employee's Continuous Service terminates by reason of:

(i) **Just Cause** which for purposes hereof shall have the meaning set forth in any unexpired employment or severance agreement between the Participant and the Bank and/or the Company (and, in the absence of any such agreement, means termination because of the Employee's personal dishonesty, incompetence, willful misconduct, breach of fiduciary duty involving personal profit, intentional failure to perform stated duties, willful violation of any law, rule or regulation (other than traffic violations or similar offenses) or final cease-and-desist order), then the Participant's rights to exercise such ISO shall expire on the date of such termination;

(ii) death, then to the extent that the Participant would have been entitled to exercise the ISO immediately prior to his death, such ISO of the deceased Participant may be exercised by the personal representatives of his estate or person or persons to whom his rights under such ISO shall have passed by will or by laws of descent and distribution within two years from the date of his death, or such shorter period as may be set forth in an Agreement, but not later than the date on which the Option would otherwise expire;

(iii) Disability, then to the extent that the Participant would have been entitled to exercise the ISO immediately prior to his Disability, such ISO may be exercised within one year from the date of such Disability, or such shorter period as may be set forth in an Agreement, but not later than the date on which the ISO would otherwise expire.

(d) **Period of Exercisability-Non-ISOs.** Except to the extent otherwise provided in the terms of an Agreement, a Non-ISO may be exercised by a Participant, or the estate of a Participant, at any time before its expiration date, except if the Participant's Service terminates by reason of:

(i) **Just Cause** which for purposes hereof shall have the meaning set forth in any unexpired employment or severance agreement between the Participant and the Bank and/or the Company (and, in the absence of any such agreement, means termination because of the Participant's personal dishonesty, incompetence, willful misconduct, breach of fiduciary duty involving personal profit, intentional failure to perform stated duties, willful violation of any law, rule or regulation (other than traffic violations or similar offenses) or final cease-and-desist order), then the Participant's rights to exercise such Non-ISO shall expire on the date of such termination; or

(ii) Removal from the Board or the Bank Board pursuant to the respective Articles of Incorporation, or termination of service as an advisory board member for any reason whatsoever then the Participant's rights to exercise such Non-ISO shall expire on the date of such removal. Failure to be nominated for reelection or failure to be reelected to the Board at the end of a director's term shall not constitute a removal.

(e) **Acceleration on Death or Disability.** Notwithstanding the provisions of any Option that provides for its exercise in installments as designated by the Committee, such Option shall become immediately exercisable upon the Participant's death or Disability.

9. **Stock Appreciation Rights (SARs).**

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

(a) Granting of SARs. In its sole discretion, the Committee may from time to time grant to Employees SARs either in conjunction with, or independently of, any Options granted under the Plan. A SAR granted in conjunction with an Option may be an alternative right wherein the exercise of the Option terminates the SAR to the extent of the number of shares purchased upon exercise of the Option and, correspondingly, the exercise of the SAR terminates the Option to the extent of the number of Shares with respect to which the SAR is exercised. Alternatively, a SAR granted in conjunction with an Option may be an additional right wherein both the SAR and the Option may be exercised. A SAR may not be granted in conjunction with an ISO under circumstances in which the exercise of the SAR affects the right to exercise the ISO or vice versa, unless the SAR, by its terms, meets all of the following requirements:

- (i)** The SAR will expire no later than the ISO;

- (ii)** The SAR may be for no more than the difference between the Exercise Price of the ISO and the Market Value of the Shares subject to the ISO at the time the SAR is exercised;

- (iii)** The SAR is transferable only when the ISO is transferable, and under the same conditions;

- (iv)** The SAR may be exercised only when the ISO may be exercised; and

Table of Contents

(v) The SAR may be exercised only when the Market Value of the Shares subject to the ISO exceeds the Exercise Price of the ISO.

(a) **Exercise Price.** The Exercise Price as to any particular SAR shall not be less than the Market Value of the Subject Shares on the date of grant.

(b) **Exercise of SARs.** A SAR granted hereunder shall be exercisable at such times and under such conditions as shall be permissible under the terms of the Plan and of the Agreement granted to a Participant, provided that a SAR may not be exercised for a fractional Share. Upon exercise of a SAR, the Participant shall be entitled to receive, without payment to the Company except for applicable withholding taxes, an amount equal to the excess of (or, in the discretion of the Committee if provided in the Agreement, a portion of) the excess of the then aggregate Market Value of the number of Subject Shares with respect to which the Participant exercises the SAR, over the aggregate Exercise Price of such number of Subject Shares. This amount shall be payable by the Company, in the discretion of the Committee as set forth in an Agreement with respect to an Award of SARs, in cash or in Shares valued at the then Market Value thereof, or any combination thereof. The provisions of Section 8(d) regarding the period of exercisability of Options are incorporated by reference herein, and shall determine the period of exercisability of SARs. Not in limitation of the foregoing, unless an Agreement provides that a SAR may be settled only in Shares, a SAR shall be exercisable only on a date certain specified in the Agreement.

(c) **Procedure for Exercising SARs.** To the extent not inconsistent with this Section, the provisions of Section 8(b) as to the procedure for exercising Options are incorporated by reference, and shall determine the procedure for exercising SARs.

(d) **Acceleration of SARs.** Notwithstanding the provisions of any SAR, upon the Death, Disability or Retirement of a Participant, such Participant (or the Participant's estate) shall be entitled to exercise such SAR:

(i) that is not a Performance Based Award and that provides for its vesting or exercise in installments or at a future date as designated by the Committee in an Agreement, for that portion of the Award as bears the same relation to the total amount of the Award as the period of service from the date of grant to the date of Death, Disability or Retirement bears to the period from the date of grant to original date of vesting or exercisability;

(ii) that is a Performance Based Award, for that portion of the Award as bears the same relationship to the achievement in respect of the Performance Based Award Standards or conditions, as determined by the Committee in its sole discretion.

(e) **Repricing of Options or SARs.** Notwithstanding anything herein to the contrary, the Committee shall have the authority to cancel outstanding Options or SARs with the consent of the Participant and to reissue new Options or SARs at a lower Exercise Price equal to the then Market Value per share of Common Stock in the event that the Market Value per share of Common Stock at any time prior to the date of exercise of outstanding Options or SARs falls below the Exercise Price, provided, however, that no such repricing shall be effective unless specifically approved or ratified by the affirmative vote of a majority of the Common Stock present or represented and entitled to vote at a meeting of shareholders duly called and held on a date not later than the date of the next annual meeting of shareholders following such cancellation and reissuance.

10. Restricted Stock Awards.

(a) **Any Share of Restricted Stock.** Subject to an Award shall be subject to the following terms and conditions, and otherwise to such other terms and conditions as are either applicable generally to Awards or prescribed by the Committee in the applicable Agreement.

(b) **Restriction Period.** At the time of each award of Restricted Stock, there shall be established for the Restricted Stock a restriction period, which shall be no less than 12 months and no greater than 10 years (the Restriction Period). Such Restriction Period may differ among Participants and may have different expiration dates with respect to portions of shares of Restricted Stock covered by the same Award. In no event (i) may the goal or standard measurement date for a Performance Based Award of Restricted Stock be less than one year from the date of grant; or (ii) may the Restriction Period for any other award of Restricted Stock be less than 3 years, provided that restrictions may terminate ratably over the vesting period.

(c) **Vesting Restrictions.** The Committee shall determine the restrictions applicable to the award of Restricted Stock, including, but not limited to, requirements of Continuous Service for a

Table of Contents

specified term, or, for Performance Based Awards of Restricted Stock, the attainment of specific corporate, divisional, or individual performance or achievement standards or goals, which restrictions may differ with respect to each Participant granted an Award of Restricted Stock at the same time. The Agreement shall provide for forfeiture of Shares covered thereby if the specified restrictions are not met during the Restriction Period. Awards of Restricted Stock may provide for the issue of Shares upon grant, subject to forfeiture if the specified restrictions are not met, or for the issuance of Shares only upon the achievement of the restrictions at the end of the Restricted Period or upon the achievement of the performance standards or goals, subject to earlier vesting as provided herein.

(d) Vesting upon Death, Disability, or Retirement. The Committee shall set forth in the Agreement the percentage of the Award of Restricted Stock, if any, which shall vest in the Participant in the event of death, Disability, or Retirement prior to the expiration of the Restriction Period or the satisfaction of the restrictions applicable to an award of Restricted Stock.

(e) Acceleration of Vesting. Notwithstanding the Restriction Period and the restrictions imposed on the Restricted Stock, as set forth in any Agreement, the Committee may shorten the Restriction Period or waive any restrictions, if the Committee concludes that it is in the best interests of the Company to do so, provided that any such actions not done in connection with a Change in Control or the death, Disability, Retirement, or termination of employment or service of a Participant shall not be effective unless specifically approved or ratified by the affirmative votes of the holders of a majority of the Common Stock present or represented and entitled to vote at a meeting duly held on date no later than the next annual meeting of shareholders.

(f) Ownership; Voting. Where stock certificates are issued in respect of Restricted Stock Awards awarded hereunder, which are subject to forfeiture if the restrictions are not satisfied, such certificates shall be registered in the name of the Participant, whereupon the Participant shall become a shareholder of the Company with respect to such Restricted Stock and shall, to the extent not inconsistent with express provisions of the Plan, have all the rights of a shareholder, including but not limited to the right to vote and to receive all dividends paid on such Shares, and the certificates shall be deposited with the Company or its designee, together with a stock power endorsed in blank, and the following legend shall be placed upon such certificates reflecting that the shares represented thereby are subject to restrictions against transfer and forfeiture:

(i) The transferability of this certificate and the shares of stock represented thereby are subject to the terms and conditions (including forfeiture) contained in the Eagle Bancorp, Inc. 2016 Stock Plan, and an agreement entered into between the registered owner and Eagle Bancorp, Inc. Copies of such Plan and Agreement are on file in the offices of the Secretary of Eagle Bancorp, Inc.

(ii) Where an Award of Restricted Stock is subject to issuance upon the achievement of Performance Based Award standards or goals or other conditions, no certificates shall be issued until satisfaction of such conditions.

(g) Lapse of Restrictions. At the expiration of the Restricted Period applicable to the Restricted Stock, or upon the satisfaction of conditions to receipt of the Restricted Stock, as applicable, the Company shall deliver to the Participant, or the legal representative of the Participant's estate, or if the personal representative of the Participant's estate shall have assigned the estate's interest in the Restricted Stock, to the person or persons to whom his rights under such Restricted Stock shall have passed by assignment pursuant to his will or to the laws of descent and distribution, the stock certificates deposited with it or its designee and as to which the Restricted Period has expired and the requirements of the restrictions have been met. If a legend has been placed on such certificates, the Company shall cause such certificates to be reissued without the legend.

(h) Forfeiture of Restricted Stock. The Agreement shall provide for forfeiture of any Restricted Stock which is not vested in the Participant or for which the restrictions have not been satisfied during the Restriction Period.

11. Conditions Upon Issuance of Shares.

(a) Compliance with Securities Laws. Shares of Common Stock shall not be issued with respect to any Award unless the issuance and delivery of such Shares shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, the rules and regulations promulgated thereunder, any applicable state securities law, and the requirements of any securities exchange upon which the Shares may then be listed. The Plan is intended to comply with Rule 16b-3, and any provision of the Plan than the Committee determines in its sole and absolute discretion to

be inconsistent with said Rule shall, to the extent of such inconsistency, be inoperative and null and void, and shall not affect the validity of the remaining provisions of the Plan.

(b) *Special Circumstances.* The inability of the Company to obtain approval from any regulatory body or authority deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder shall relieve the Company of any liability in respect of the non-issuance or sale of such Shares. As a condition to the exercise or vesting of an Award, the Company may require the person exercising or vesting in the Award to make such representations and warranties as the Committee determines may be necessary to assure the availability of an exemption from the registration requirements of federal or state securities law.

(c) *Committee Discretion.* The Committee shall have the discretionary authority to impose in Agreements such restrictions on Shares as it may deem appropriate or desirable, including but not limited to the authority to impose a right of first refusal or to establish repurchase rights or both of these restrictions.

(d) *Compliance with Section 409A.* It is intended and anticipated that Awards under the Plan will not be subject to the requirements of Code Section 409A. However, to the extent that Code Section 409A does apply to an Award, the Plan is intended to comply with Code Section 409A, and official guidance issued thereunder, and thus avoid the imposition of any excise tax and interest on any Participant pursuant to Code Section 409A(a)(1)(B). Notwithstanding any provision of the Plan to the contrary, the Plan shall be interpreted, operated and administered consistent with this intent, and any inconsistent provision of any Award or Agreement shall be deemed to be modified accordingly as the Committee shall determine in its sole discretion and without further consent of the affected Participant; provided that the Company shall have no liability whatsoever to any Participant or any other person in the event that any Award is determined to be subject to, and is not in compliance with, Section 409A of the Code. Notwithstanding any other provision of the Plan to the contrary, any Award or vesting, issuance or payment of an Award hereunder or any Agreement that is considered nonqualified deferred compensation that is to be made to a Participant while such Participant is a specified employee, in each case as defined and determined for purposes of Section 409A, within six months following such Participant's separation from service (as determined in accordance with Section 409A), then to the extent that such Award, vesting, issuance or payment of an Award is not otherwise permitted under Section 409A, such Award, vesting, issuance or payment of an Award shall be delayed and shall be effected on the first business day of the seventh calendar month following the Participant's separation from service, or, if earlier upon Participant's death.

13. Effect of Changes in Control and Changes in Common Stock Subject to the Plan.

(a) *Effects of Change in Control.* Subject to the provisions of subsection (b) of this Section:

(i) Notwithstanding the provisions of any Award that provides for its exercise or vesting in installments, all Awards shall be immediately exercisable and fully vested upon a Change in Control, and all conditions to the vesting, exercise or receipt of an Award or Shares subject to an Award shall be deemed to be satisfied.

(ii) At the time of a Change in Control which does not constitute a Transaction, in the discretion of the Committee, any or all outstanding Options and/or SARs may be cancelled, in exchange for which cancellation the Participant shall receive payment in cash or Shares in an amount equal to the excess of the Market Value at the time of the Change in Control of the Shares subject to such Option and/or SAR over the Exercise Price of such Options or SAR (or in the event that the terms of any SAR limit the maximum payment pursuant to such SAR, such maximum amount).

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

(iii) In the event there is a Change in Control that constitutes a Transaction, all outstanding Awards.

(iv) Shall be surrendered with respect to each such Award so surrendered, the Committee shall in its sole and absolute discretion determine whether the holder of each such Award so surrendered shall receive:

i for each Share then subject to an Award, an Award for the number and kind of shares (or amount of cash or other property, or combination thereof) into which each Outstanding Share (other than Shares held by dissenting stockholders) is changed or exchanged, together with an appropriate adjustment to the Exercise Price in the case of Options and SARs; or

i the number and kind of shares (or amount cash or other property, or combination thereof) into which each Outstanding Share (other than Shares held by dissenting stockholders) is changed or exchanged in the Transaction that are equal in market value to the Market Value of the Shares subject to the Award, and in the case of Options or SARS, the excess of the Market Value on the date of the Transaction of the over the Exercise Price of the Option or SAR; or

i a cash payment (from the Company or the successor corporation), in an amount equal to the excess of the Market Value on the date of the Transaction of the Shares subject to the Award, over the Exercise Price of the Option or SAR.

(b) *Additional Requirement for Awards to Executive Officers.* Notwithstanding the provisions of subsection (a) of this Section (a) of this Section, an Award granted to an Employee who is, at the grant date of the Award, an Executive Officer, shall not have its exercisability or vesting accelerated, have its Performance Based Award restrictions waived, or be cancelled in exchange for a payment in cash or stock, unless a Triggering Event shall have occurred.

(c) *Recapitalizations; Stock Splits, Etc.* The number and kind of shares reserved for issuance under the Plan, and the number and kind of shares subject to outstanding Awards and the Exercise Price thereof, shall be proportionately adjusted for any increase, decrease, change or exchange of Shares for a different number or kind of shares or other securities of the Company which results from a merger, consolidation, recapitalization, reorganization, reclassification, stock dividend, split-up, combination of shares, or similar event in which the number or kind of shares is changed without the receipt or payment of consideration by the Company

(d) *Special Rule for ISOs.* Any adjustment made pursuant to subsections (a)(3)(A) or (B) of this Section shall be made in such a manner as not to constitute a modification, within the meaning of Section 424(h) of the Code, of outstanding ISOs.

(e) *Conditions and Restrictions on New, Additional, or Different Shares or Securities.* If, by reason of any adjustment made pursuant to this Section, a Participant becomes entitled to new, additional, or different shares of stock or securities, such new, additional, or different shares of stock or securities shall thereupon be subject to all of the conditions and restrictions which were applicable to the Shares pursuant to the Award before the adjustment was made.

(f) *Other Issuances.* Except as expressly provided in this Section, the issuance by the Company or an Affiliate of shares of stock of any class, or of securities convertible into Shares or stock of another class, for cash or property or for labor or services either upon direct sale or upon the exercise of rights or warrants to subscribe therefor, shall not affect, and no adjustment shall be made with respect to, the number, class, or Exercise Price of Shares then subject to Awards or reserved for issuance under the Plan.

14. Non-Transferability of Awards.

(a) ISOs, SARs and Restricted Stock may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent and distribution, or pursuant to the terms of a qualified domestic relations order (within the meaning of Section 414(p) of the Code and the regulations and rulings thereunder).

(b) Non-ISO s may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent and distribution, pursuant to the terms of a qualified domestic relations order (within the meaning of Section 414(p) of the Code and the regulations and rulings thereunder), or, in the sole discretion of the Committee, in connection with a transfer for estate or retirement planning purposes to a trust established for such purposes.

15. **Time of Granting Awards.** The date of grant of an Award shall, for all purposes, be the later of the date on which the Committee makes the determination of granting such Award, and the Effective Date. Notice of the determination shall be given to each Participant to whom an Award is so granted within a relatively short time period after the date of such action by the Committee.

16. **Modification of Awards.** Subject to the provisions of Section 10, at any time, and from time to time, the Board may authorize the Committee to direct execution of an instrument providing for the modification of any outstanding Award, provided no such modification shall confer on the holder of said Award any right or benefit which could not be conferred on him by the grant of a new Award at such time, or impair the Award without the consent of the holder.

17. **Amendment and Termination of the Plan.** The Board may from time to time amend the terms of the Plan and, with respect to any Shares at the time not subject to Awards, suspend or terminate the Plan; provided that shareholder approval shall be required to increase the number of Shares subject to the Plan provided in Section 4 or to extend the term of the Plan. No amendment, suspension, or termination of the Plan shall, without the consent of any affected holders of an Award, alter or impair any rights or obligations under any Award theretofore granted.

18. **Reservation of Shares.** The Company, during the term of the Plan, will reserve and keep available a number of Shares sufficient to satisfy the requirements of the Plan.

19. **Withholding Tax.** The Company's obligation to deliver Shares upon exercise or vesting of Awards (or such earlier time that the Participant makes an election under Section 83(b) of the Code) shall be subject to the Participant's satisfaction of all applicable federal, state and local income and employment tax withholding obligations. The Committee, in its discretion, may permit the Participant to satisfy the obligation, in whole or in part, by irrevocably electing to have the Company withhold Shares, or to deliver to the Company Shares that he already owns, having a value equal to the amount required to be withheld. The value of Shares to be withheld, or delivered to the Company, shall be based on the Market Value of the Shares on the date the amount of tax to be withheld is to be determined. As an alternative, the Company may retain, or sell without notice, a number of such Shares sufficient to cover the amount required to be withheld.

20. **No Employment or Other Rights.** In no event shall a Participant's eligibility to participate or participation in the Plan create or be deemed to create any legal or equitable right of the Director or Employee or any other party to continue service with the Company, the Bank, or any Affiliate of such corporations. No member of the Board, Bank Board, or board of directors of any Affiliate shall have a right to be granted an Award or, having received an Award, the right to be granted an additional Award.

21. **Governing Law.** The Plan shall be governed by and construed in accordance with the laws of the State of Maryland, except to the extent that federal law shall be deemed to apply.

Exhibit B Proposed Amendments to the Bylaws

If the proposed amendment to the Articles of Incorporation is approved by shareholders at the meeting, then upon its effectiveness after filing with the Maryland State Department of Assessments and Taxation, the following amendments to the Company's bylaws would become effective:

Article II, Section 2, would be amended and restated to read in its entirety as follows:

SECTION 2. Number, Term and Election

(a) The maximum number of directors is fixed by the Corporation's Articles of Incorporation and may be altered only by amendment thereto. The minimum number of directors shall be three (3). Directors shall be elected to serve a term of office of one (1) year, until the next Annual Meeting of Shareholders to be held after their election, until their respective successors shall be elected and qualified, or until their prior death, resignation, retirement, disqualification or removal from office.

(b) The Board of Directors may, by a vote of a majority of the directors then in office, between Annual Meetings of Shareholders, increase or decrease the membership of the Board of Directors within such limits, provided that no decrease in the number of directors shall have the effect of shortening the term of any incumbent director. Where any vacancy on the Board of Directors is filled by the action of the Board of Directors, the director so elected or appointed shall serve a term of office extending until the next Annual Meeting of Shareholders to be held after their election or appointment, until their respective successors shall be elected and qualified, or until their prior death, resignation, retirement, disqualification or removal from office.

(c) If, in any election of directors in which the number of nominees is equal to or less than the number of directors to be elected (an Uncontested Election), a nominee (including a currently serving director nominated for reelection) does not receive more votes cast for such nominee's election than against such nominee's election, counting votes against such nominee's election or for which voting authority for such nominee's election is expressly withheld, but not including unvoted shares or abstentions (a Majority Vote For Election), then such nominee shall immediately after the certification of the shareholder vote relating to the election, submit his or her resignation, subject to acceptance or declination by the Board of Directors, as described in Article II, Section 10 of these bylaws, to be effective upon the first to occur of (i) acceptance by the Board of Directors or (ii) 120 days after the date of such notice. No resignation shall be required to be submitted in the event a nominee does not receive a Majority Vote For Election in an election which is not an Uncontested Election.

; and

Article II, Section 10 of the Bylaws be amended and restated to read in its entirety as follows:

SECTION 10. Resignation

(a) Any director may resign at any time by sending a written notice of such resignation to the principal office of the Corporation addressed to the Chairman of the Board of Directors, the President, or the Secretary. Unless otherwise specified therein or herein, such resignation shall take effect upon acceptance thereof by the Board of Directors.

(b) If a nominee for election or reelection as a director in an Uncontested Election does not receive a Majority Vote For Election but has received a plurality of the votes cast in the election for director, then such nominee shall immediately after the certification of the shareholder vote relating to the election submit to the Corporation, such nominee's irrevocable written resignation from the Board of Directors of the Corporation and all committees of which

such nominee is then a member, which shall state that it shall be effective upon the first to occur of (i) acceptance by the Board of Directors or (ii) 120 days after the date on which a Majority Vote for Election was not received (Conditional Resignation). The Board of Directors may require prospective nominees for election or reelection as director to deliver a Conditional Resignation as a requirement for nomination. If a Conditional Resignation has been delivered as a requirement for nomination, then such Conditional Resignation shall be deemed to have been submitted immediately following the certification by the inspector of elections that such nominee did not receive a Majority Vote For Election, and no additional submission shall be required.

(c) In the event that a Conditional Resignation is submitted by a director who does not receive a Majority Vote For Election, the Board of Directors will accept or reject the Conditional Resignation no later than 120 days following certification of the shareholder vote at the meeting at which the election occurred (the Meeting Date.). Any director who submits his or her Conditional Resignation pursuant to this provision will not participate in the consideration of the Board of Directors or any committee of the Board of Directors, regarding whether to accept or reject the Conditional Resignation. If one or more Conditional Resignations are accepted by the Board of Directors, the Board of Directors will consider whether to fill such vacancy or vacancies or to reduce the size of the Board of Directors.

The Board of Directors shall act on the resignation after having received the oral or written report and recommendation of the Governance and Nominating Committee (or successor committee). The Board of Directors and Governance and Nominating Committee may consider any factor they deem relevant in deciding whether to accept the Conditional Resignation.

Promptly, and in any event not more than four (4) business days, after having made a determination to accept or decline a Conditional Resignation, the Board of Directors shall disclose its decision to accept a Conditional Resignation, or the reasons for declining the Conditional Resignation, in a Current Report on Form 8-K (or successor report) filed with the Securities and Exchange Commission.
