**Report of Independent Registered Public Accounting Firm**

To the Plan Administrator

Cimarex Energy Co. 401(k) Plan

Denver, Colorado

We have audited the accompanying statements of net assets available for plan benefits of the Cimarex Energy Co. 401(k) Plan (the Plan) as of December 31, 2016 and 2015, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2016. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2016 and 2015, and the changes in net assets available for plan benefits for the year ended December 31, 2016, in conformity with accounting principles generally accepted in the United States of America.

The supplemental information in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2016 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but include supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

**Notes to Financial Statements**

**1. PLAN DESCRIPTION**

The following is a brief description of the Cimarex Energy Co. 401(k) Plan (the Plan ) and is provided for general information only. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan s provisions.

The Plan was established by Cimarex Energy Co. (the Company or Cimarex ) in 2002, and most recently restated effective January 1, 2015. The Plan was established to provide incentives and security for the employees of the Company and their beneficiaries. In addition to Cimarex employees, the Plan provides for participation by employees of all Cimarex subsidiaries. The Plan is intended to be a defined contribution plan with profit sharing provisions.

***General***

The Plan is a defined contribution plan covering employees of Cimarex and its participating subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ( ERISA ). The Plan is not covered by the Pension Benefit Guaranty Corporation.

***Trustee and Recordkeeper of the Plan***

The trustee of the Plan is Vanguard Fiduciary Trust Company (the Trustee or Vanguard ). The Trustee holds all assets of the Plan in accordance with provisions of the agreement with the Company. All assets of the Plan are held in trust by Vanguard. Vanguard is also the recordkeeper of the Plan.

***Eligibility***

All non-excludable employees of the Company who have attained the age of 18 are eligible to participate in the Plan upon date of hire. Excludable employees include leased employees, members of a collective bargaining unit, commissioned salespersons, independent contractors and non-resident aliens. Employees may enter the Plan on the first day of each calendar month after meeting plan requirements. A participant may modify his/her deferral election at the times determined by the Plan Administrator.

Table of Contents

**Notes to Financial Statements**

**1. PLAN DESCRIPTION (CONTINUED)**

*Contributions*

The contributions (participant and Company) for the plan year are subject to certain limitations imposed by the Internal Revenue Code ( IRC ) and the Plan s terms.

A participant may enter into a salary reduction agreement with the Company whereby the amount withheld is contributed to the Plan during the plan year on behalf of each participant (as an employee s elective 401(k) deferred salary contribution or as a Roth after tax contribution). In no event shall the portion of earnings to be deferred be less than 1% of the participant s earnings nor more than 100% of the participant s pre-tax annual compensation, as defined in the Plan Document, subject to annual IRC dollar limits (\$18,000 for 2016). The Plan also allows catch-up contributions for participants over the age of 50 based on IRC limitations (\$6,000 for 2016).

The Company may make a matching contribution to the Plan during the plan year, on behalf of each participant, equal to 100% of the contributions made by the participant pursuant to the written salary reduction agreement between the participant and the Company. In no event shall the Company s matching contribution, on behalf of a participant, exceed the match percentage approved by the Company s Board of Directors, which was 7% of each participant s eligible compensation for 2016. The matching contribution is also subject to the IRC annual compensation limit (\$265,000 for 2016). Catch-up contributions are not matched by the Company.

The Plan also allows for a profit sharing contribution by the employer. The Company did not make a profit sharing contribution for the year ended December 31, 2016. Employees are eligible to receive the profit sharing contribution if they meet the plan entry requirements, are employed on the last day of the plan year and have a minimum of 500 hours of service in the plan year. For employees who terminated employment due to death, disability or had attained age 62, the requirement for employment on the last day of year and 500 hour service requirement do not apply.

Employees can make rollover contributions from other qualified plans if certain criteria are met as outlined in the Plan Document.

**1. PLAN DESCRIPTION (CONTINUED)**

*Participant Accounts*

Each participant's account is credited with the participant's contributions, the Company's matching contributions, profit sharing contributions (if any), and earnings and losses on investments, and is charged with the participant's withdrawals and distributions on a daily basis. The investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may elect to transfer balances between investment funds within their account at any time.

*Investment Options*

Participants may direct the investment of their account balance into various investment options offered by the Plan. Currently, the Plan offers various investment options in registered investment companies and a Cimarex Energy Co. common stock fund. Participants may change their investment directions at any time, subject to such restrictions and procedures as established by the recordkeeper, the Plan and Cimarex. Employee-participants are not permitted to trade company stock while in possession of material, undisclosed information about the Company.

*Notes Receivable from Participants*

An employee may borrow the lesser of \$50,000 or one-half of their vested account balance. Participants may not have more than one loan outstanding at any time and the minimum original loan amount is \$1,000. Participants may not apply for another loan within six months of the date on which the previous loan was paid in full. The maximum loan term is five years, except for a loan to acquire a participant's principal residence, which may have a term of up to ten years. A participant's loan shall become due and payable if such participant fails to make a principal and/or interest payment as provided in the loan agreement, subject to a short grace period. The loans are secured by the balance in the participant's account, and bear interest at a rate of 1% above prime rate. Interest rates for the loans range from 4.25% to 8.25% as of December 31, 2016. Principal and interest are paid ratably through payroll deductions.

Table of Contents**Notes to Financial Statements****1. PLAN DESCRIPTION (CONTINUED)***Vesting*

A participant is always 100% vested in that portion of his/her account attributable to 401(k) deferred salary contributions, Roth contributions, catch-up contributions and rollover contributions. Vesting for that portion of the participant's account attributable to Company contributions is based on years of credited service as defined by the Plan Document, in accordance with the following schedule:

Completed years of credited service with the Company	Vested Percentage
1	25%
2	50%
3	75%
4 or more	100%

Participants also become fully vested in their accounts upon reaching normal retirement age (62), death or disability.

*Forfeitures*

At December 31, 2016 and 2015, amounts held in the forfeiture account totaled \$232,255 and \$148,106, respectively. These amounts can be used to reduce future Company contributions. During 2016 forfeitures of \$35,035 were utilized to fund Company contributions. The Company utilized \$16,391 of forfeitures in 2017 to fund the 2016 match true up contribution. Remaining unused forfeiture amounts have not been allocated to participant accounts.

*Plan Expenses*

Loan origination and annual fees are paid by participants who take out loans. Participants that elect to participate in the managed account service provided by Vanguard pay managed account fees. A quarterly fee is deducted from the accounts of participants who are no longer employed by the Company. During the year ended December 31, 2016, expenses of \$67,365 were paid by or allocated to participants. All other administrative expenses of the Plan are paid by the Company and are excluded from these financial statements.

Table of Contents

**Notes to Financial Statements**

**1. PLAN DESCRIPTION (CONTINUED)**

*Plan Termination*

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participant accounts would immediately become fully vested and the assets would be distributed among the participants in accordance with the terms set forth in the Plan.

*Payment of Benefits*

Upon termination of service, death, disability or attainment of the normal retirement age (62), a participant may elect to receive a lump-sum distribution equal to the vested value of the participant's account, or transfer the vested balance to another qualified retirement plan or individual retirement account. Immediate lump-sum distributions are to be made to terminated participants if the participant's vested account balance, net of rollover contributions, is \$1,000 or less. Participants may request to receive Company stock held in their account as an in-kind distribution.

Participants may also take certain voluntary in-service withdrawals and hardship withdrawals if certain criteria are met.

*Voting Rights of Company Common Stock*

The Trustee, holds the shares of Cimarex common stock on behalf of the Plan. Each participant or beneficiary of a deceased participant shall have the right to direct the Trustee as to the manner of voting and the exercise of all other rights which a shareholder of record has with respect to shares of Company stock which have been allocated to the participant's account including, but not limited to, the right to sell or retain shares in a public or private tender offer. Participants direct the Trustee to vote by submission of timely participant directions. Shares held by Vanguard for which timely participant directions are not received are voted in the same proportion as the shares for which the Trustee received timely participant directions, except in the case where to do so would be inconsistent with the provisions of Title I of ERISA.

*Basis of Accounting*

The financial statements of the Plan are prepared using the accrual method of accounting.

Table of Contents

**Notes to Financial Statements**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ( GAAP ) requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and such differences could be material.

*Valuation of Investments and Income Recognition*

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The net appreciation in the fair value of investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

*Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance; any accrued and unpaid interest was de minimis. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan Document.

*Payment of Benefits*

Benefits are recorded when paid. As of December 31, 2016 and 2015, there were no distributions requested that had not been paid.

*Contributions*

Participant contributions and related matching contributions are recorded in the period payroll deductions are made. Profit sharing contributions are recorded for the year to which they apply.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*New Accounting Pronouncements*

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965), I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, III. Measurement Date Practical Expedient* ( ASU 2015-12 ). Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Part I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II. Adoption of Part II of ASU 2015-12 did not have a material impact on the accompanying financial statements.

*Subsequent events*

Management has evaluated subsequent events through April 25, 2017, which is the date the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that require recognition or disclosure in the financial statements.

**3. FAIR VALUE MEASUREMENTS**

ASC 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets for identical assets and liabilities. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for an asset or liability.

Table of Contents

## Notes to Financial Statements

**3. FAIR VALUE MEASUREMENTS (CONTINUED)**

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

*Registered Investment Companies:* Valued at quoted market prices in active markets that the Plan has the ability to access, which represent the net asset value of shares held by the Plan at year-end and are Level 1 investments.

*Cimarex Energy Co. Common Stock:* Valued at year-end closing price reported on the active market on which the securities are traded and are Level 1 investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 161,535,015	\$	\$	\$ 161,535,015
Common stock:				
Company stock	28,994,265			28,994,265
Total investments, at fair value	\$ 190,529,280	\$	\$	\$ 190,529,280

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 152,128,897	\$	\$	\$ 152,128,897
Common stock:				
Company stock	20,001,814			20,001,814
Total investments, at fair value	\$ 172,130,711	\$	\$	\$ 172,130,711

Table of Contents

**Notes to Financial Statements**

#### **4. INCOME TAX STATUS**

The prototype plan, which the Company adopted January 1, 2015, obtained its latest opinion letter on May 28, 2014. The Internal Revenue Service ( IRS ) has stated that the prototype plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **5. RELATED PARTY/ PARTY-IN-INTEREST TRANSACTIONS**

The Plan invests in shares of registered investment companies managed by an affiliate of Vanguard. Vanguard acts as trustee and recordkeeper for the Plan. During the plan year ended December 31, 2016, annual administrative fees of \$67,365 were paid to Vanguard. The Plan also issues loans to participants which are secured by the vested portion of the participant s accounts.

The Plan also invests in Cimarex Energy Co. common stock, common stock of the plan sponsor, which also qualifies as a related party transaction. During the plan year ended December 31, 2016, the gain on investment was \$10,627,673 (including \$89,329 dividends reinvested), purchases of Cimarex common stock were \$1,882,764, sales of Cimarex common stock were \$1,395,207 and net transfer out of Cimarex common stock was \$2,089,170. As of December 31, 2016 and 2015, the Plan held 213,350 and 223,784 shares of Cimarex common stock at a value of \$28,994,265 and \$20,001,814, respectively, along with the investment in the Vanguard Prime Money Market Fund of \$130,240 and \$96,631, respectively, in the Cimarex Energy Co. Common Stock Fund. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

**6. CONCENTRATIONS, RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions, including delinquencies or defaults, and may be adversely affected by shifts in the market's perceptions of the issuers and changes in interest rates. Shares of the Company's common stock are also exposed to the same risks as well as risks specific to the Company, which are detailed in the Company's filings with the Securities and Exchange Commission. Investment in the Company's common stock represents 15% and 12% of the net assets available for plan benefits as of December 31, 2016 and 2015, respectively. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term would materially affect the amounts reported in the statement of net assets available for plan benefits and participants' accounts.

Additionally, certain registered investment companies' investments are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

**7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

Participant loans are reported as notes receivable from participants in the accompanying financial statements as required by current authoritative guidance; however, for Form 5500 purposes and reporting on the supplemental Schedule of Assets (Held at End of Year) they are shown as investments, as required.
