 NOTES TO SCHEDULE OF INVESTMENTS

Federal Income Tax Cost: The following information is computed on a tax basis for each item as of September 30, 2012:

Cost of portfolio investments	\$73,367,856

Gross unrealized depreciation	(987,357)
Net unrealized appreciation	\$15,265,337

As required by the Fair Value Measurement and Disclosures Topic of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification, the Fund has performed an analysis of all assets and liabilities measured at fair value to determine the significance and character of all inputs to their fair value determination.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into the following three broad categories.

- Level 1 – quoted unadjusted prices for identical instruments in active markets to which the Fund has access at the date of measurement.
- Level 2 – quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets. Level 2 inputs are those in markets for which there are few transactions, the prices are not current, little public information exists or instances where prices vary substantially over time or among brokered market makers.
- Level 3 – model derived valuations in which one or more significant inputs or significant value drivers are unobservable. Unobservable inputs are those inputs that reflect the Fund’s own assumptions that market participants would use to price the asset or liability based on the best available information.

The following is a summary of the inputs used as of September 30, 2012 in valuing the Fund’s investments carried at value:

VALUATION INPUTS	INVESTMENTS IN SECURITIES	OTHER FINANCIAL INSTRUMENTS*
Level 1 - Quoted Prices		
Equity Investments	\$ 87,882,208	\$ -
Short-Term Investments	750,985	-
Level 2 - Other Significant Observable Inputs	-	-
Level 3 – Significant Unobservable Inputs	-	-
Total	\$ 88,633,193	\$ -

* Other financial instruments include futures, forwards and swap contracts, if any.

The breakdown of the Fund's investments into major categories is disclosed in its Schedule of Investments.

As of September 30, 2012, the Fund did not have any transfers in and out of any Level.

The Fund did not have any assets or liabilities that were measured at fair value on a recurring basis using significant unobservable inputs (Level 3) at September 30, 2012.

The disclosures for the Fund's fiscal year beginning January 1, 2012 relate to presenting separately any Level 3 purchases, sales, issuances and settlements on a gross basis instead of one net amount. Management will continue to evaluate the impact of ASU No. 2010-6 for the required disclosures.

The Fund is exposed to financial market risks, including the valuations of its investment portfolio. During the nine months ended September 30, 2012, the Fund did not engage in derivative instruments and other hedging activities.

The Fund has evaluated the need for additional disclosures and/or adjustments resulting through the date its financial statements were issued. Based on this evaluation, no additional disclosures or adjustments were required to such Schedule of Investments.

Securities valuation policies and other investment related disclosures are hereby incorporated by reference to the Fund's semi-annual report previously filed with the Securities and Exchange Commission on the Form N-CSR on September 4, 2012 with a file number 811-05150.

Other information regarding the Fund is available in the Fund's most recent semi-annual report filed with the Securities and Exchange Commission on the Form N-CSR on September 4, 2012, file number 811-05150.
