## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

(1) General. OptimumBank Holdings, Inc. (the "Holding Company") is a one-bank holding company and owns $100 \%$ of OptimumBank (the "Bank"), a state (Florida)-chartered commercial bank (collectively, the Company ). The Holding Company s only business is the operation of the Bank. The Bank s deposits are insured by the Federal Deposit Insurance Corporation. The Bank offers a variety of community banking services to individual and corporate customers through its three banking offices located in Broward County, Florida.

In the opinion of the management, the accompanying condensed consolidated financial statements of the Company contain all adjustments (consisting principally of normal recurring accruals) necessary to present fairly the financial position at September 30, 2006, and the results of operations for the three- and nine-month periods ended September 30, 2006 and 2005, and cash flows for the nine-months periods ended September 30, 2006 and 2005. The results of operations for the three and nine months ended September 30, 2006, are not necessarily indicative of the results to be expected for the full year.
(2) Loan Impairment and Credit Losses. The activity in the allowance for loan losses was as follows (in thousands):

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED), CONTINUED

(5) Stock-Based Compensation. Prior to January 1, 2006, the Company's stock option plans were accounted for under the recognition and measurement provisions of APB Opinion No. 25 (Opinion 25), Accounting for Stock Issued to Employees, and related Interpretations, as permitted by FASB Statement No. 123, Accounting for Stock-Based Compensation (as amended by SFAS No. 148, Accounting for Stock-Based Compensation Transition and Disclosure) (collectively SFAS 123). No stock-based employee compensation cost was recognized in the Company s consolidated statements of earnings through December 31, 2005, as all options granted under the plans had an exercise price equal to the market value of the underlying common stock on the date of grant. Effective January 1, 2006, the Company adopted the fair value recognition provisions of FASB Statement No. 123(R), Share-Based Payment (SFAS 123R), using the modified-prospective-transition method. Under that transition method, compensation cost recognized in 2006 includes: (a) compensation cost for all share-based payments granted prior to, but not yet vested as of January 1, 2006, based on the grant date fair value calculated in accordance with the original provisions of SFAS 123, and (b) compensation cost for all share-based payments granted subsequent to December 31, 2005, based on the grant-date fair value estimated in accordance with the provisions of SFAS 123(R). As of December 31, 2005, all stock options were fully vested and no options were granted during the period ending September 30, 2006; therefore, no stock-based compensation has been recognized in 2006.

In addition, prior to the adoption of SFAS 123(R), the tax benefits of stock options exercised were classified as operating cash flows. Since the adoption of SFAS 123(R), tax benefits resulting from tax deductions in excess of the compensation cost recognized for options are classified as financing cash flows. As the Company adopted the modified-prospective- transition method, the prior period condensed consolidated cash flow statement was not adjusted to reflect current period presentation.

The Company established an incentive Stock Option Plan (the Plan ) for officers, directors and employees of the Company and reserved 544,840 (amended) shares of common stock for the plan. Both incentive stock options and nonqualified stock options may be granted under the plan. The exercise price of the stock options is determined by the board of directors at the time of grant, but cannot be less than the fair market value of the common stock on the date of grant. The options vest --over three and five years. The Company accelerated the vesting of all unvested options in the Plan in 2005, primarily to reduce noncash compensation expense that would have been recorded in its consolidated statements of earnings in future years due to the adoption of SFAS No. 123(R) in January 2006. In accordance with SFAS 123, in 2005 the Company expensed the remaining unrecognized compensation cost associated with these options in the proforma disclosure. The options must be exercised within ten years from the date of grant. At September 30, 2006, 9,240 options were available for grant.

(5) Stock-Based Compensation, Continued. A summary of the activity in the Company's stock option plan is as follows. All amounts reflect the 5\% stock dividend declared in April, 2006 and paid in June, 2006 (dollars in thousands, except per share amounts):

|  | Number of Options | Weighted <br> Average <br> Exercise Price |  | WeightedAverage Remaining Contractual Term | Aggregate <br> Intrinsic Value |  |

The total intrinsic value of options exercised during the three and nine months ended September 30, 2006 was $\$ 12,884$ and $\$ 106,734$, respectively and the tax benefit relating to the stock options exercised was $\$ 0$ and $\$ 37,000$, respectively.

The following table illustrates the effect on net earnings and earnings per share if the Company had applied the fair value recognition provisions of SFAS 123 to options granted under the Company s stock option plan for the three months and nine months ended September 30, 2005. For purposes of this pro forma disclosure, the value of the options is estimated using the Black-Scholes option-pricing model and is being amortized to expense over the options vesting periods. All amounts reflect the 5\% stock dividend declared in April, 2006 and paid in June, 2006 (in thousands, except per share data).

## REVIEW BY INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Hacker, Johnson \& Smith PA, the Company s independent registered public accounting firm, have made a limited review of the interim financial data as of September 30, 2006, and for the three- and nine-month periods ended September 30, 2006 and 2005, presented in this document, in accordance with standards established by the Public Company Accounting Oversight Board.

Their report furnished pursuant to Article 10 of Regulation S-X is included herein.

# REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM 

## OptimumBank Holdings, Inc.

## Fort Lauderdale, Florida:

We have reviewed the accompanying condensed consolidated balance sheet of OptimumBank Holdings, Inc. and Subsidiary (the Company ) as of September 30, 2006, and the condensed consolidated statements of earnings for the three- and nine-month periods ended September 30, 2006 and 2005 and the related condensed consolidated statements of stockholders equity and cash flows for the nine-month periods ended September 30, 2006 and 2005. These interim financial statements are the responsibility of the Company s management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying interim condensed consolidated financial statements for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board, the consolidated balance sheet as of December 31, 2005, and the related consolidated statements of earnings, stockholders equity and cash flows for the year then ended (not presented herein); and in our report dated March 10, 2006, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2005, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Item 2. Management s Discussion and Analysis of Financial Condition and Results of Operations, Continued

## Off-Balance Sheet Arrangements

The Company is a party to financial instruments with off-balance-sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include commitments to extend credit and undisbursed loans in process. These instruments involve, to varying degrees, elements of credit and interest-rate risk in excess of the amounts recognized in the condensed consolidated balance sheet. The contract or notional amounts of those instruments reflect the extent of the Company s involvement in particular classes of financial instruments.

The Company s exposure to credit loss in the event of nonperformance by the other party to the financial instrument for commitments to extend credit and undisbursed loans in process is represented by the contractual amount of those instruments. The Company uses the same credit policies in making commitments as it does for on-balance-sheet instruments.

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since many of the commitments are expected to expire without being drawn upon, the total committed amounts do not necessarily represent future cash requirements. The Company evaluates each customer s creditworthiness on a case-by-case basis. The amount of collateral obtained, if it is deemed necessary by the Company upon extension of credit, is based on management $s$ credit evaluation of the counter party.

A summary of the amounts of the Company s financial instruments, with off-balance sheet risk at September 30, 2006, follows (in thousands):

|  | Contract <br> Amount |  |
| :--- | :---: | ---: |
| Commitments to extend credit | $\$$ | 12,455 |
| Undisbursed loans in process | $\$$ | 84 |

Management believes that the Company has adequate resources to fund all of its commitments and that substantially all its existing commitments will be funded in the next twelve months.

Interest expense on borrowings increased to $\$ 749,000$ for the three months ended September 30, 2006 from $\$ 543,000$ for the three months ended September 30, 2005 due primarily to an increase in the average balance of borrowings.

Provision (Credit) for Loan Losses. The provision (credit) for loan losses is charged to earnings to bring the total allowance to a level deemed appropriate by management and is based upon historical experience, the volume and type of lending conducted by the Company, industry standards, the amount of nonperforming loans, general economic conditions, particularly as they relate to the Company s market areas, and other factors related to the estimated collectibility of the Company s loan portfolio. The Company recorded a provision for the three months ended September 30,2006 of $\$ 12,000$ compared to a credit of $\$(40,000)$ for the same period in 2005. Noninterest Income. Total noninterest income decreased to $\$ 108,000$ for the three months ended September 30, 2006 , from $\$ 163,000$ for the three months ended September 30, 2005, primarily due to decreases in prepayment fees collected and service charges and fees.

Noninterest Expenses. Total noninterest expenses decreased to $\$ 890,000$ for the three months ended September 30, 2006 from $\$ 918,000$ for the three months ended September 30, 2005.

This increase in the Company s net earnings was primarily due to an increase in net interest income.

Noninterest Expenses. Total noninterest expenses increased to $\$ 2.7$ million for the nine months ended September 30, 2006 from $\$ 2.6$ million for the nine months ended September 30, 2005, primarily due to an increase in salaries and employee benefits of $\$ 86,000$ and an increase in professional fees of $\$ 70,000$, all due to the continued growth of the Company.
