NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Note 1: The Company and Basis of Presentation

Travelzoo Inc. (the “Company” or “Travelzoo”) is a global Internet media company. We inform over 26 million subscribers in North America, Europe and Asia Pacific, as well as millions of website users, about the best travel, entertainment and local deals available from thousands of companies. Our deal experts source, research and test-book offers, recommending only those that meet Travelzoo’s rigorous quality standards. We provide travel, entertainment, and local businesses with a fast, flexible, and cost effective way to reach millions of consumers. Our revenues are generated primarily from advertising fees. In Asia Pacific, the Travelzoo brand and technology is operated by Travelzoo (Asia) Limited and Travelzoo Japan K.K. under a license agreement with Travelzoo Inc. and is not owned by the Company.

Our publications and products include the Travelzoo websites (www.travelzoo.com, www.travelzoo.ca, www.travelzoo.co.uk, www.travelzoo.de, www.travelzoo.es, www.travelzoo.fr, among others), the Travelzoo Top 20 e-mail newsletter, the Newsflash e-mail alert service, the SuperSearch pay-per-click travel search tool, and the Travelzoo Network, a network of third-party websites that list travel deals published by Travelzoo. We also operate Fly.com, a travel search engine that allows users to quickly and easily find the best prices on flights from hundreds of airlines and online travel agencies. In addition, we operate Local Deals and Getaway, services that allow our subscribers to purchase vouchers for deals from local businesses such as spas, hotels and restaurants through the Travelzoo website. Vouchers are redeemable at the local businesses during the promotional period. We receive a percentage of the face value of the voucher from the local businesses.

Since November 1, 2009, the Travelzoo websites in Asia Pacific (cn.travelzoo.com, www.travelzoo.co.jp, www.travelzoo.com.au, www.travelzoo.com.hk, www.travelzoo.com.tw, among others), the Travelzoo Top 20 e-mail newsletters in Asia Pacific and the Newsflash e-mail alert service in Asia Pacific have been published by Travelzoo (Asia) Limited and Travelzoo Japan K.K., wholly owned subsidiaries of Azzurro Capital Inc., under a license agreement with the Company. There is a reciprocal revenue-sharing agreement among the entities operating the Travelzoo business in Asia Pacific and the Company related to cross-selling audiences, channels and offers. Ralph Bartel, who founded Travelzoo and who is a Director of Travelzoo, is our largest stockholder, holding beneficially, as of March 31, 2013, approximately 48.4% of our outstanding shares.

The accompanying unaudited condensed consolidated financial statements have been prepared by the Company in accordance with the rules and regulations of the U.S. Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in consolidated financial statements prepared in accordance with generally accepted accounting principles in the United States of America have been condensed or omitted in accordance with such rules and regulations. In the opinion of management, the accompanying unaudited condensed consolidated financial statements reflect all adjustments, consisting only of normal recurring adjustments, necessary to present fairly the financial position of the Company and its results of operations and cash flows. These condensed consolidated financial statements should be read in conjunction with the Company’s audited consolidated financial statements and related notes as of and for the year ended December 31, 2012, included in the Company’s Form 10-K filed with the SEC on February 11, 2013.

The condensed consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation. All foreign subsidiaries use the local currency of their respective countries as their functional currency. Assets and liabilities are translated into U.S. dollars at exchange rates prevailing at the balance sheet dates. Revenues, costs and expenses are translated into U.S. dollars at average exchange rates for the period.

The results of operations for the three months ended March 31, 2013 are not necessarily indicative of the results that may be expected for the year ending December 31, 2013 or any other future period, and the Company makes no representations related thereto.

The Company was formed as a result of a combination and merger of entities founded by the Company's principal stockholder, Ralph Bartel. In 1998, Mr. Bartel founded Travelzoo.com Corporation, a Bahamas corporation, which issued 5,155,874 shares via the Internet to approximately 700,000 "Netsurfer stockholders" for no cash consideration, but subject to certain conditions as referred to below. In 1998, Mr. Bartel also founded Silicon Channels Corporation, a California corporation, to operate the Travelzoo website. During 2001, Travelzoo Inc. was formed as a subsidiary of Travelzoo.com Corporation, and Mr. Bartel contributed all of the outstanding shares of Silicon Channels Corporation to Travelzoo Inc. in

7

exchange for 8,129,273 shares of Travelzoo Inc. and options to acquire an additional 2,158,349 shares at \$1.00. Mr. Bartel exercised these options in January 2009.

In April 2002, Travelzoo.com Corporation was merged into Travelzoo Inc. Under and subject to the terms of the merger agreement, holders of promotional shares of Travelzoo.com Corporation (“Netsurfers”) who established that they had satisfied certain prerequisite qualifications were allowed a period of 2 years following the effective date of the merger to receive one share of Travelzoo Inc. in exchange for each share of common stock of Travelzoo.com Corporation. The records of Travelzoo.com Corporation showed that, assuming all of the shares applied for by the Netsurfer stockholders were validly issued, there were 11,295,874 shares of Travelzoo.com Corporation outstanding. As of April 25, 2004, two years following the effective date of the merger, 7,180,342 shares of Travelzoo.com Corporation had been exchanged for shares of Travelzoo Inc. Prior to that date, the remaining shares which were available for issuance pursuant to the merger agreement were also included in the issued and outstanding common stock of Travelzoo Inc. and included in the calculation of basic and diluted earnings per share. After April 25, 2004, the Company ceased issuing shares to the former stockholders of Travelzoo.com Corporation, and no additional shares are reserved for issuance to any former stockholders, because their right to receive shares has now expired. On April 25, 2004, the number of shares reported as outstanding was reduced from 19,425,147 to 15,309,615 to reflect actual shares issued as of the expiration date. Earnings per share calculations reflect this reduction of the number of shares reported as outstanding. As of March 31, 2013, there were 15,361,873 shares of common stock outstanding. On April 21, 2011, the Company entered into an agreement with the State of Delaware resolving all claims relating to an unclaimed property review which began in 2010. The primary issue raised in the preliminary findings from the review, received by the Company on April 12, 2011, concerned the shares of Travelzoo which have not been claimed by former Netsurfer stockholders of Travelzoo.com as discussed in the preceding paragraph. In the preliminary findings under the unclaimed property review, up to 3.0 million shares were identified as “demandable” under Delaware escheat laws. While the Company continues to take the position that such shares were a promotional incentive and were issuable only to persons who establish their eligibility as stockholders, the Company determined that it was in its best interest to promptly resolve all claims relating to the unclaimed property review. The Company made a \$20.0 million cash payment to the State of Delaware on April 27, 2011 and received a complete release of those claims. Since March 2012, the Company has become subject to unclaimed property reviews by most of the other states in the United States (U.S.). The auditing firm representing these states in the reviews has presented to the Company preliminary findings which relate primarily to the unexchanged promotional merger shares that were not covered by the settlement and release by the State of Delaware. During the three months ended March 31, 2012, the Company recorded a \$3.0 million charge related to this unexchanged promotional merger shares contingency. While the Company believes it has meritorious defenses regarding the applicability of escheat rights related to this unexchanged promotional merger shares contingency, the ultimate resolution of this matter may take longer than one year. If the claims for all of the additional shares referred to in the preliminary findings were upheld in full, based on the closing price of the Company’s shares at the end of March 31, 2013, the cost to the Company would be approximately \$20.7 million in excess of the amount accrued, plus any interest or penalty which might be applicable. In addition, the total amount of exposure of this contingency is dependent upon the manner in which each state applies its unclaimed property laws. The Company is not able to predict the ultimate amount or outcome of any current or future claims which have been or might be asserted relating to the unissued shares.

The Company intends to continue to challenge the applicability of escheat rights, in that, among other reasons, the shares of the predecessor Bahamas corporation were offered for free as part of a promotional incentive program to qualified individuals. There were certain conditions applicable to the issuance of shares to the Netsurfer stockholders, including requirements that (i) they be at least 18 years of age, (ii) they be residents of the U.S. or Canada, and (iii) they not apply for shares more than once. The Netsurfer stockholders were advised that failure to comply could result in cancellation of their shares in Travelzoo.com Corporation. Travelzoo.com Corporation was not able to verify that the applicants met the requirements referred to above at the time of their applications for issuance of shares, and the remaining Netsurfer stockholders who have not qualified to receive shares in the Company, or who have not participated in the cash payments program referred to below, have not demonstrated their actual compliance with the conditions to the issuance of shares by Travelzoo.com Corporation. The Company does not know how many of the

requests for shares originally received by Travelzoo.com Corporation in 1998 were valid, but the Company believes that only a portion of such requests were valid. In response to the pending reviews referred to above, and in response to other persons claiming to be former stockholders of Travelzoo.com Corporation, the Company intends to assert that the claimant must establish that the original Netsurfer stockholders complied with the conditions to issuance of their shares.

The Company is continuing its program under which it makes cash payments to people who establish that they satisfy the conditions to receive shares of Travelzoo.com Corporation, and who failed to submit requests to convert their shares into shares of Travelzoo Inc. within the required time period. The accompanying condensed consolidated financial statements include a charge in general and administrative expenses of \$6,000 for these cash payments for the three months ended March 31, 2013.

The total cost of this program is not reliably estimable because it is based on the ultimate number of valid requests received and future levels of the Company's common stock price, and would be affected by any settlement of the pending reviews referred to above. The Company's common stock price affects the liability because the amount of cash payments under the program is based in part on the recent level of the stock price at the date valid requests are received. As noted above, in order to receive payment under the program, a person is required to establish that such person validly held shares in Travelzoo.com Corporation.

Note 2: Net Income Per Share

Basic net income per share is computed using the weighted-average number of common shares outstanding for the period. Diluted net income per share is computed by adjusting the weighted-average number of common shares outstanding for the effect of dilutive potential common shares outstanding during the period. Potential common shares included in the diluted calculation consist of incremental shares issuable upon the exercise of outstanding stock options calculated using the treasury stock method.

The following table sets forth the calculation of basic and diluted net income per share (in thousands, except per share amounts):

| | Three Months Ended March 31, | |
|----------------------------------------------|---------------------------------|---------|
| | 2013 | 2012 |
| Basic net income per share: | | |
| Net income | \$5,595 | \$3,747 |
| Weighted average common shares | 15,362 | 15,962 |
| Basic net income per share | \$0.36 | \$0.23 |
| Diluted net income per share: | | |
| Net income | \$5,595 | \$3,747 |
| Weighted average common shares | 15,362 | 15,962 |
| Effect of dilutive securities: stock options | 9 | 57 |
| Diluted weighted average common shares | 15,371 | 16,019 |
| Diluted net income per share | \$0.36 | \$0.23 |

For the three months ended March 31, 2013 and 2012, options to purchase 100,000 shares of common stock were not included in the computation of diluted net income per share because the effect would have been anti-dilutive.

Note 3: Financial Instruments

At March 31, 2013, restricted cash consisted primarily of a certificate of deposit for \$875,000 serving as collateral for a standby letter of credit for the security deposit under the lease of our corporate headquarters and a \$2.4 million deposit with our bank in the U.K. for our merchant account. Cash equivalents consist of highly liquid investments with remaining maturities of 3 months or less on the date of purchase held in money market funds. The Company believes that the carrying amounts of these financial assets are a reasonable estimate of their fair value and are categorized as Level 1.

The fair value of these financial assets was determined using the following inputs at March 31, 2013 and December 31, 2012 (in thousands):

| | Fair Value Measurements at Reporting Date Using | | | |
|------------------------------|-------------------------------------------------|----------------------------------------------------------------|-----------------------------------------------|-------------------------------------------|
| | Total | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| Balance at March 31, 2013 | | | | |
| Money market funds | \$ 14,150 | \$ 14,150 | \$— | \$— |
| Total | \$ 14,150 | \$ 14,150 | \$— | \$— |
| Balance at December 31, 2012 | | | | |
| Money market funds | \$ 13,866 | \$ 13,866 | \$— | \$— |
| Total | \$ 13,866 | \$ 13,866 | \$— | \$— |

At March 31, 2013, accounts receivable and accounts payable are not measured at fair value; however, the Company believes that the carrying amounts of these assets and liabilities are a reasonable estimate of their fair value. Accounts receivable and accounts payable are categorized as Level 2.

There have been no changes in Level 1, Level 2 and Level 3 and no changes in valuation techniques for these assets or liabilities for the period ended March 31, 2013.

Note 4: Intangible Assets

Intangible assets consist of the following (in thousands):

| | March 31, 2013 | December 31, 2012 |
|--------------------------------------|----------------|-------------------|
| Internet domain names and technology | \$ 2,767 | \$ 2,805 |
| Accumulated amortization | (1,971) | (1,819) |
| Total | \$ 796 | \$ 986 |

Intangible assets have a useful life of 3 to 5 years. For the three months ended March 31, 2013 and 2012, amortization expense was \$157,000 and \$88,000, respectively.

Future expected amortization expense related to intangible assets at March 31, 2013 is as follows (in thousands):

| | |
|-------------------|--------|
| Remainder of 2013 | \$ 361 |
| 2014 | 130 |
| 2015 | 130 |
| 2016 | 130 |
| 2017 | 45 |
| Total | \$ 796 |

The expected amortization expense is an estimate. Actual amounts of amortization expense may differ from estimated amounts due to additional intangible asset acquisitions, impairment of intangible assets, accelerated amortization of intangible assets and other events.

Note 5: Commitments and Contingencies

Beginning on August 9, 2011, two purported class action lawsuits were commenced in the U.S. District Court for the Southern District of New York. On January 6, 2012, a Consolidated and Amended Class Action Complaint was filed. The complaint asserts claims under Section 10(b) and 20(a) pursuant to the Securities Exchange Act of 1934 (“Exchange Act”) alleging that between March 16, 2011 and July 21, 2011, the Company and/or the individual defendants purportedly issued materially false and misleading statements. In particular, the complaint asserts, among other things, allegations challenging certain statements relating to the Company’s growth. The complaint also makes allegations regarding the Company’s Getaway business and asserts that certain officers and directors sold stock while in possession of materially adverse non-public information. The action seeks unspecified damages and the Company is not able to estimate the possible loss or range of losses that could potentially result from the action. On March 29, 2013, the U.S. District Court for the Southern District of New York issued a decision and order, granting defendants’ motions to dismiss and dismissing the securities action. The plaintiffs have filed a notice of appeal. The Company continues to believe that the action is without merit and intends to defend the suits vigorously.

In addition, five shareholder derivative lawsuits, Wang v. Bartel, et al., Wirth v. Bartel, et al., Kitt v. Bartel, et al., Blatt v. Bartel, et al., and Turansky v. Bartel, et al., were filed in the Southern District of New York based on similar allegations that seek to assert claims under state law derivatively on behalf of Travelzoo against certain officers and directors of the Company. These derivative actions were consolidated and on January 6, 2012, a Verified Consolidated Shareholder Derivative Complaint was filed purportedly on behalf of nominal defendant Travelzoo. The complaint asserts claims for breaches of fiduciary duties, unjust enrichment, abuse of control and gross mismanagement against current and former directors and officers of the Company. The complaint also asserts a breach of fiduciary duty claim for insider trading against certain officers and directors, as well as Azzurro Capital, Inc. The derivative action makes allegations regarding the Company’s Getaway business and asserts that certain officers and directors sold stock while in possession of materially adverse non-public information. On March 29, 2013, the U.S. District Court for the Southern District of New York issued an order providing the plaintiffs with thirty days to decide whether they will file an amended Verified Consolidated Shareholder Derivative Complaint substituting or adding a shareholder plaintiff in the action. Since derivative claims are an attempt by a plaintiff shareholder to assert claims on behalf of the Company, we do not anticipate any potential loss to the Company from these actions.

On January 27, 2012, a purported shareholder of Travelzoo commenced a suit in the Supreme Court of New York that asserts claims derivatively on behalf of Travelzoo Inc. for breaches of fiduciary duty against Travelzoo’s board of directors. The complaint also asserts claims for breaches of fiduciary duty and unjust enrichment against Ralph Bartel and Azzurro Capital Inc. The complaint challenges Travelzoo’s sale of its Asia Pacific division for \$3.6 million to Azzurro and alleges that the transaction was not entirely fair to the Company. Since derivative claims are an attempt by a plaintiff shareholder to assert claims on behalf of the Company, we do not anticipate any potential loss to the Company from these actions.

On September 28, 2012, Metasearch Systems, LLC filed a lawsuit in the U.S. District Court for the Eastern District of Delaware against Travelzoo Inc. d/b/a Fly.com alleging infringement of several U.S. patents. Metasearch Systems alleges that the trip-planning metasearch service available on Fly.com infringes one or more claims of the asserted patents. During September 2012, Metasearch Systems filed similar lawsuits against several of Travelzoo’s competitors including Expedia, Inc., Orbitz Worldwide, Inc., Travelocity.com, LP, Priceline.com, Inc., Yahoo! Inc., American Express Company, KAYAK Software Corp., and BookIt.com. The action seeks unspecified damages and we are unable to estimate the possible loss or range of losses that could potentially result from the action. Travelzoo is assessing its obligations and liability, if any, in respect of this litigation and intends to vigorously defend itself in the litigation. The Company believes that the action is without merit and intends to defend the suits vigorously.

On April 21, 2011, the Company entered into an agreement with the State of Delaware resolving all claims relating to an unclaimed property review which began in 2010. The primary issue raised in the preliminary findings from the review, received by the Company on April 12, 2011, concerned the shares of Travelzoo which have not been claimed by former Netsurfer stockholders of Travelzoo.com (unexchanged promotional merger shares) as discussed further in Note 1. In the preliminary findings under the unclaimed property review, up to 3.0 million shares were identified as “demandable” under Delaware escheat laws. While the Company continues to take the position that such shares were a

promotional incentive and were issuable only to persons who established their eligibility as stockholders, the Company determined that it was in its best interest to promptly resolve all claims relating to the unclaimed property review. The Company made a \$20.0 million cash payment to the State of Delaware on April 27, 2011 and received a complete release of those claims.

As discussed in Note 1 above, since March 2012, the Company has become subject to unclaimed property reviews by most of the other states in the U.S. that relate primarily to the unexchanged promotional merger shares, which were not covered by the settlement and release by the State of Delaware. During the three months ended March 31, 2012, the Company recorded

a \$3.0 million charge related to this unexchanged promotional merger shares contingency. While the Company believes it has meritorious defenses regarding the applicability of escheat rights related to this unexchanged promotional merger shares contingency, the ultimate resolution of this matter may take longer than one year. If the claims for all of the additional shares referred to in the preliminary findings were upheld in full, based on the closing price of the Company's shares at the end of March 31, 2013, the cost to the Company would be approximately \$20.7 million in excess of the amount accrued, plus any interest or penalties which might be applicable. In addition, the total amount of exposure of this contingency is dependent upon the manner in which each state applies its unclaimed property laws. The Company is not able to predict the ultimate amount or outcome of any current or future claims which have been or might be asserted relating to the unissued shares.

The Company is continuing its program under which it makes cash payments to people who establish that they satisfied the conditions to receive shares of Travelzoo.com Corporation, and who failed to submit requests to convert their shares into shares of Travelzoo Inc. within the required ti
