NOTICE OF ACTION TAKEN BY WRITTEN CONSENT OF MAJORITY SHAREHOLDERS

Dear Shareholders:

We are writing to advise you that Togs for Tykes, Inc. will (i) change its name to Biogentech Corp.; and (ii) increase the authorized number of shares of common stock, \$.001 par value per share, from 20,000,000 to 50,000,000. These actions were approved on March 24, 2003, by unanimous approval of our Board of Directors. In addition, shareholders holding a majority of our outstanding common stock approved those actions by written consent in lieu of a meeting on March 24, 2003, in accordance with the relevant sections of Nevada Revised Statutes. Those actions will not be effective until we amend our Articles of Incorporation by filing Articles of Amendment to our Articles of Incorporation with the Nevada Secretary of State. We intend to file the Articles of Amendment twenty days after this Amended Information Statement is first mailed to our shareholders.

Our purpose in changing our name was to reflect the fact that we intend to acquire a currently privately held Nevada corporation named Biogentec Incorporated by merging it with and into our wholly-owned subsidiary, Togs for Tykes Acquisition Corporation, a Nevada corporation. We have included the financial statements of Biogentec Incorporated as an exhibit to this Amended Information Statement. We believe that the acquisition will increase the total value of the corporation to our investors and better position us to take advantage of possible future financings and acquisition opportunities, and other corporate purposes as the board of directors determines in its discretion to be in the best interest of the corporation. To facilitate the acquisition of Biogentec Incorporated, we are increasing the number of authorized shares of common stock. We need the additional authorized shares in order to effectuate the one-for-one exchange with the shareholders of Biogentec Incorporated. We also believe that such an increase will enable us to promptly take advantage of future favorable opportunities that may present themselves without the delay and expense associated with holding a special meeting of stockholders.

No action is required by you. The accompanying Amended Information Statement is furnished only to inform our shareholders of the action described above before it takes effect in accordance with Rule 14c-2 promulgated under the Securities Act of 1934. This Amended Information Statement is being mailed to you on or about June __, 2003.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

AMENDED INFORMATION STATEMENT REGARDING ACTION TAKEN BY WRITTEN CONSENT OF
MAJORITY OF SHAREHOLDERS

We are furnishing this Amended Shareholder Information Statement to you to provide you with information and a description of an action taken by written consent of a majority of our shareholders on March 24, 2003, in accordance with the relevant Sections of the Nevada Revised Statutes. This action was taken by two shareholders who own in excess of the required majority of our outstanding common stock necessary for the adoption of the action.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

This Amended Information Statement is being mailed on or about June ____, 2003 to shareholders of record on March 24, 2003. The Amended Information Statement is being delivered only to inform you of the corporate action described herein before it takes effect in accordance with Rule 14c-2 promulgated under the Securities Exchange Act of 1934.

We have asked brokers and other custodians, nominees and fiduciaries to forward this Amended Information Statement to the beneficial owners of the common stock held of record by such persons and will reimburse such persons for out-of-pocket expenses incurred in forwarding such material.

THIS IS NOT A NOTICE OF A MEETING OF STOCKHOLDERS AND NO STOCKHOLDERS' MEETING WILL BE HELD TO CONSIDER ANY MATTER DESCRIBED HEREIN.

GENERAL

On March 24, 2003, our Board of Directors unanimously approved, subject to shareholder approval, the following actions:

an amendment to our Articles of Incorporation to change our corporate name to Biogentech Corp.; and an amendment to our Articles of Incorporation to increase the authorized number of shares of common stock, \$.001 par value per share, from 20,000,000 to 50,000,000.

On March 24, 2003, two shareholders who own in excess of the required majority of our outstanding common stock necessary for the adoption of the action, approved those actions taken by written consent. The full text of the proposed amendments to the Articles of Incorporation is attached hereto as Exhibit A and Exhibit B.

PURPOSE OF CHANGE IN NAME OF THE CORPORATION

We intend to acquire a currently privately held Nevada corporation named

Edgar Filing: TOGS FOR TYKES INC - Form PRER14C

Biogenetec Incorporated ("Biogenetec") by merging (the "Merger") Biogenetec with and into our wholly-owned subsidiary, Togs for Tykes Acquisition Corporation, a Nevada corporation. Biogenetec will be the surviving corporation. We have included the financial statements of Biogenetec Incorporated as an exhibit to this Amended Information Statement. If and when the Merger closes, on the day of such closing, we will issue a report on Form 8-K that contains full disclosure about the combined entities including audited financial statements, pro forma financial statements and full narrative disclosure similar to the disclosure found in a registration statement. Because the acquisition will be made by our subsidiary, our stockholders do not have the right to vote on the acquisition.

3

PURPOSE AND APPROVAL OF AMENDMENT TO OUR ARTICLES OF INCORPORATION TO INCREASE AUTHORIZED SHARES OF COMMON STOCK

Our Articles of Incorporation currently authorize the issuance of 20,000,000 shares of common stock, par value \$.001 per share, and 5,000,000 shares of preferred stock, par value \$.001 per share. Our board has unanimously adopted and a majority of our common stock entitled to vote on such matters approved, an amendment to our Articles of Incorporation to increase the number of authorized shares of our common stock from 20,000,000 shares to 50,000,000 shares, par value \$.001 per share.

The purpose of increasing the number of authorized shares of common stock is to provide additional authorized shares which will be issued to consummate the Merger, fulfill possible future financings, and for acquisitions and such other corporate purposes as the board of directors determines in its sole and absolute discretion. These corporate purposes may include future stock splits, stock dividends or other distributions, future financings, acquisitions and stock options and other equity benefits. The increase in the number of authorized shares of common stock would enable us to promptly take advantage of market conditions and the availability of favorable opportunities without the delay and expense associated with holding a special meeting of stockholders.

After filing the amendment, the board of directors is authorized to issue any of the additional shares of common stock at such times, to such persons and for such consideration as it may determine in its discretion, except as may otherwise be required by applicable law or the rules of any exchange on which the common stock may be listed. When and if they are issued, these additional shares of common stock would have the same rights and privileges as the presently issued and outstanding shares of common stock.

The issuance of any additional shares of common stock would also have the effect of diluting the equity interests of existing stockholders and the earnings per share of existing shares of common stock. Such dilution may be substantial, depending upon the amount of shares issued.

The newly authorized shares of common stock will have voting and other rights identical to those of the currently authorized shares of common stock. The amendment to increase the number of authorized shares will have no effect on the legal rights of the holders of the existing shares of common stock.

PROCEDURE FOR APPROVAL OF AMENDMENTS TO OUR ARTICLES OF INCORPORATION; VOTE REQUIRED

The Nevada Revised Statutes require that, in order for us to amend our Articles of Incorporation, such amendment must be approved by our Board of Directors and

Edgar Filing: TOGS FOR TYKES INC - Form PRER14C

approved by a majority of the outstanding shares entitled to vote. The Nevada Revised Statutes also provide that any action which may be taken at a meeting of the shareholders may be taken without a meeting and without prior notice, if a consent in writing, setting forth the action so taken, shall be signed by the holders of a majority of the outstanding shares entitled to vote.

On March 24, 2003, the record date for determination of the shareholders entitled to receive this Amended Information Statement, there were 5,532,000 shares of common stock outstanding. The holders of common stock are entitled to one vote for each share held of record on all matters submitted to a vote of our shareholders. We needed the affirmative vote of at least a majority of the outstanding shares of our common stock to approve the name change. Our board of directors, by its unanimous written consent, adopted resolutions approving amendments to our Articles of Incorporation to effect the name change and increase the number of authorized shares of common stock. By Action of Written Consent, dated March 24, 2003, holders representing 5,500,000 shares of our issued and outstanding common stock or 81.34% of the shares of the outstanding common stock approved the name change and the increase the number of authorized shares of common stock.

4

EFFECTIVE DATE OF AMENDMENT

The amendments to our Articles of Incorporation will become effective upon the filing with the Nevada Secretary of State. The Articles of Amendment are attached hereto as Exhibit A and Exhibit B. We intend to file the Articles of Amendment twenty days after this Amended Information Statement is first mailed to shareholders.

EFFECT ON CERTIFICATES EVIDENCING SHARES OF COMPANY STOCK

The change in the name of Togs for Tykes, Inc., to Bigentec Incorporated will be reflected in its stock records by book-entry in our records. For those shareholders that hold physical certificates, please do not destroy or send to us your common stock certificates. Those certificates will remain valid for the number of shares held by you after taking into account the reverse stock split, and should be carefully preserved by you.

DISSENTERS' RIGHTS

Under Nevada law, a stockholder is entitled to dissent from, and obtain payment for the fair value of his or her shares (i) in the event of consummation of a plan of merger or plan of exchange in which the Nevada corporation is a constituent entity, and (ii) any corporate action taken pursuant to a vote of the stockholders to the extent that the articles of incorporation, by-laws or a resolution of the board of directors provides that voting or non-voting stockholders are entitled to dissent and obtain payment for their shares. The Nevada Revised Statutes do not provide for dissenters' right of appraisal in connection with (i) the name change or (ii) the increase in the number of shares of authorized common stock.

INTERESTS OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No director, executive officer, nominee for election as a director, associate of any director, executive officer or nominee or any other person has any substantial interest, direct or indirect, by security holdings or otherwise, in (i) the proposed name change or (ii) the increase in number of shares of authorized common stock, which is not shared by all other shareholders of the Company.

Edgar Filing: TOGS FOR TYKES INC - Form PRER14C

INDEPENDENT AUDITORS' REPORT

Board of Directors
BioGentec, Inc.
Irvine, California

We have audited the accompanying balance sheets of BioGentec, Inc. (A Development Stage Company) as of March 31, 2002 and 2001, and the related statements of operations, stockholders' equity (deficit), and cash flows for the year ended March 31, 2002 and the period from inception (November 21, 2000) to March 31, 2001. These financial statements are the responsibility of the

Edgar Filing: TOGS FOR TYKES INC - Form PRER14C

Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of BioGentec, Inc. as of March 31, 2002 and 2001, and the results of its operations and its cash flows for the year ended March 31, 2002 and the period from inception (November 21, 2000) to March 31, 2001, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has losses from operations, has not generated significant revenue, and has a working capital deficiency. These factors raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED:

USE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS:

The Company considers all highly liquid investments purchased with original maturities of three months or less to be cash

Edgar Filing: TOGS FOR TYKES INC - Form PRER14C

equivalents.

BANK OVERDRAFT:

The Company maintains overdraft positions at certain banks. Such overdraft positions are included in current liabilities.

CONCENTRATION OF CREDIT RISK:

The Company places its cash in what it believes to be credit worthy financial institutions and, at times, these deposits may exceed the FDIC \$100,000 insurance limit. The Company has not experienced any losses in such accounts.

INVENTORY:

Inventory, consisting primarily of sample products used for marketing purposes, is carried at the lower of cost or market utilizing the first-in, first-out method.

PROPERTY AND EQUIPMENT:

Property and equipment is recorded at cost. Depreciation is computed using the straight-line method based upon the estimated useful lives, currently five years over the various classes of assets. Expenditures for maintenance and repairs are charged to earnings as incurred; additions, renewals and betterments are capitalized. When property and equipment are retired or otherwise disposed of, the related cost and accumulated depreciation are removed from the respective accounts, and any gain or loss is included in operations.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED:

WEBSITE DEVELOPMENT COSTS:

Website development costs are for the development of the Company's Internet website. These costs have been capitalized when acquired and installed, and will be amortized over three years once placed in service. The Company accounts for these costs in accordance with EITF 00-2, "Accounting for Website Development Costs," which specifies the appropriate accounting for costs incurred in connection with the development and maintenance of websites.

PATENT COSTS:

Patent costs are carried at cost less accumulated amortization, which is calculated on a straight-line basis, over the estimated economic life of the patent (see Note 3). Amortization will begin upon the rollout of the Company's Immun-Eeze products. In accordance with SFAS No. 142, "Goodwill and Other Intangible Assets," the Company evaluates intangible assets and other long-lived assets (including patent costs) for impairment, at least on an annual basis and whenever events or changes in circumstances indicate that the carrying value may not be recoverable from its estimated

Edgar Filing: TOGS FOR TYKES INC - Form PRER14C

future cash flows. Recoverability of intangible assets and other long-lived assets is measured by comparing their net book value to the related projected undiscounted cash flows from these assets, considering a number of factors including past operating results, budgets, economic projections, market trends and product development cycles. If the net book value of the asset exceeds the related undiscounted cash flows, the asset is considered impaired, and a second test is performed to measure the amount of impairment loss. As of December 31, 2002 and March 31, 2002 and 2001, the Company recognized an impairment expense of \$55,832 and \$-0-, respectively, which is included in other operating expenses.

INCOME TAXES:

Income taxes are provided for based on the asset and liability method of accounting pursuant to SFAS No. 109, "Accounting for Income Taxes." Deferred income taxes, if any, are recorded to reflect the tax consequences on future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each year-end.

19

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED:

REVENUE RECOGNITION:

The Company will recognize revenue from product sales when shipment of product to the customer has been made, which is when title passes. The Company will estimate and record provisions for rebates, sales returns and allowances in the period the sale is recorded. Shipping and handling charges are included in gross sales, with the related costs included in selling, general and administrative expenses.

ADVERTISING COSTS:

Advertising costs are expensed as incurred and included in operating expenses. For the year ended March 31, 2002 and for the period from inception (November 21, 2000) to March 31, 2001, advertising costs were \$9,866 and \$-0-, respectively. For the nine months ended December 31, 2002, advertising costs were \$21,550 (unaudited).

RESEARCH AND DEVELOPMENT COSTS:

The Company incurs costs in the research and development of a dietary supplement, Alleratin. All costs relating to phases I and II clinical trials were incurred before acquisition of the patents. Phase III and other research and development costs are charged to expense as incurred. As of December 31, 2002 and March 31, 2002, the Company incurred \$17,500 (unaudited) and \$6,470, respectively, in research and development expenses.

FAIR VALUE OF FINANCIAL INSTRUMENTS:

The Company's financial instruments consist of cash and cash

Edgar Filing: TOGS FOR TYKES INC - Form PRER14C

equivalents, restricted cash, prepaid expenses and other current assets, inventory, accounts payable and accrued expenses, bank overdraft, and due to related parties. The carrying amounts of these assets and liabilities approximate their fair value due to the highly liquid nature of these short-term instruments. The amounts owed for long-term debt, including contract payable, also approximate fair value because current interest rates and terms offered to the Company are at current market rates.

20

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED:

STOCK-BASED COMPENSATION:

The Company accounts for stock-based employee compensation arrangements in accordance with the provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees" and complies with the disclosure provisions of SFAS No. 123, "Accounting for Stock-Based Compensation." Under APB No. 25, compensation cost is recognized over the vesting period based on the excess, if any, on the date of grant of the fair value of the Company's shares over the employee's exercise price. When the exercise price of the option is less than the fair value price of the underlying shares on the grant date, deferred stock compensation is recognized and amortized to expense in accordance with FASB Interpretation No. 44 over the vesting period of the individual options. Accordingly, if the exercise price of the Company's employee options equals or exceeds the market price of the underlying shares on the date of grant, no compensation expense is recognized. Options or shares awards issued to non-employees or non-employee directors are valued using the fair value method and expensed over the period services are provided.

BASIC AND DILUTED LOSS PER SHARE:

In accordance with SFAS No. 128, "Earnings Per Share," the basic loss per common share is computed by dividing net loss available to common stockholders less preferred dividends by the weighted average number of common shares outstanding. Diluted loss per common share is computed similarly to basic loss per common share, except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were not anti-dilutive. The Company has excluded all outstanding options and convertible debt from the calculation of diluted net loss per share because these securities are anti-dilutive. As of March 31, 2002 and 2001, the Company has approximately 974,000 and 560,000 common stock equivalents, respectively. As of December 31, 2002, the Company has 625,000 common stock equivalents.

COMPREHENSIVE INCOME:

SFAS No. 130, "Reporting Comprehensive Income," establishes standards for the reporting and display of comprehensive income and its components in the financial statements. As of December 31, 2002 and March 31, 2002 and 2001, the Company has no items that represent comprehensive income and, therefore, has not included a schedule of comprehensive income in the financial statements.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED:

RECENT ACCOUNTING PRONOUNCEMENTS:

In July 2001, SFAS No. 141, "Business Combinations," was approved by the Financial Accounting Standards Board ("FASB"). SFAS No. 141 requires that the purchase method of accounting be used for all business combinations initiated after June 30, 2001. Goodwill and certain intangible assets will remain on the balance sheet and not be amortized. On an annual basis, and when there is reason to suspect that their values have been diminished or impaired, these assets must be tested for impairment, and write-downs may be necessary. The Company has implemented SFAS No. 141 as of July 1, 2001.

In July 2001, SFAS No. 142, "Goodwill and Other Intangible Assets," was approved by the FASB. SFAS No. 142 changes the accounting for goodwill from an amortization method to an impairment-only approach. Amortization of goodwill, including goodwill recorded in past business combinations, will cease upon adoption of this statement. The Company has implemented SFAS No. 142 as of March 31, 2001.

In August 2001, SFAS No. 143, "Accounting for Asset Retirement Obligations," was issued which requires the recognition of a liability for an asset retirement obligation in the period in which it is incurred. When the liability is initially recorded, the carrying amount of the related long-lived asset is correspondingly increased. Over time, the liability is accreted to its present value and the related capitalized charge is depreciated over the useful life of the asset. SFAS No. 143 is effective for fiscal years beginning after June 15, 2002. The Company does not expect the adoption to have a material impact on the Company's financial position or results of operations.

In August 2001, SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," was issued. This statement addresses the financial accounting and reporting for the impairment or disposal of long-lived assets and broadens the definition of what constitutes a discontinued operation and how results of a discontinued operation are to be measured and presented. The provisions of SFAS No. 144 are effective for financial statements issued for fiscal years beginning after December 15, 2001. The adoption of this statement did not have a material effect on the Company's financial position or

results of operations.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED:

RECENT ACCOUNTING PRONOUNCEMENTS, CONTINUED:

In April 2002, the FASB issued Statement No. 145, "Rescission of SFAS Statements No. 4, 44, and 64, Amendment of SFAS Statement No. 13, and Technical Corrections," to update, clarify, and simplify existing accounting pronouncements. SFAS Statement No. 4, which required all gains and losses from debt extinguishment to be aggregated and, if material, classified as an extraordinary item, net of related tax effect, was rescinded. Consequently, SFAS Statement No. 64, which amended SFAS Statement No. 4, was rescinded because it was no longer necessary. The adoption of this statement was implemented by the Company as of April 1, 2002 and did not have a material effect on the Company's financial statements.

In June 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities." SFAS No. 146 addresses accounting and reporting for cost associated with exit or disposal activities and nullifies Emerging Issues Task Force Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (Including Certain Costs Incurred in a Restructuring)." SFAS No. 146 requires that a liability for a cost associated with an exit or disposal activity be recognized and measured initially at fair value when the liability is incurred. FASB No. 146 is effective for exit or disposal activities that are initiated after December 31, 2002, with early application encouraged. The adoption of this statement did not have a material effect on the Company's financial statements.

In October 2002, the FASB issued Statement No. 147, "Acquisitions of Certain Financial Institutions—an amendment of FASB Statements No. 72 and 144 and FASB Interpretation No. 9," which removes acquisitions of financial institutions from the scope of both Statement 72 and Interpretation 9 and requires that those transactions be accounted for in accordance with Statements No. 141, Business Combinations, and No. 142, Goodwill and Other Intangible Assets. In addition, this Statement amends SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, to include in its scope long-term customer-relationship intangible assets of financial institutions such as depositor- and borrower-relationship intangible assets and credit cardholder intangible assets. The requirements relating to acquisitions of financial institutions is effective for acquisitions for which the date of acquisition is on or after October 1, 2002. The provisions related to accounting for the impairment or disposal of certain long-term customer-relationship intangible assets are effective on October 1, 2002. The adoption of this Statement did not have a material impact to the Company's

Edgar Filing: TOGS FOR TYKES INC - Form PRER14C

financial position or results of operations as the Company has not engaged in either of these activities.

23

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED:

RECENT ACCOUNTING PRONOUNCEMENTS, CONTINUED:

In December 2002, the FASB issued Statement No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure," which amends FASB Statement No. 123, Accounting for Stock-Based Compensation, to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this Statement amends the disclosure requirements of Statement 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The transition guidance and annual disclosure provisions of Statement 148 are effective for fiscal years ending after December 15, 2002, with earlier application permitted in certain circumstances. The interim disclosure provisions are effective for financial reports containing financial statements for interim periods beginning after December 15, 2002. The adoption of this statement did not have a material impact on the Company's financial position or results of operations as the Company has not elected to change to the fair value based method of accounting for stock-based employee compensation.

In January 2003, the FASB issued Interpretation No. 46, "Consolidation of Variable Interest Entities." Interpretation 46 changes the criteria by which one company includes another entity in its consolidated financial statements. Previously, the criteria were based on control through voting interest. Interpretation 46 requires a variable interest entity to be consolidated by a company if that company is subject to a majority of the risk of loss from the variable interest entity's activities or entitled to receive a majority of the entity's residual returns or both. A company that consolidates a variable interest entity is called the primary beneficiary of that entity. The consolidation requirements of Interpretation 46 apply immediately to variable interest entities created after January 31, 2003. The consolidation requirements apply to older entities in the first fiscal year or interim period beginning after June 15, 2003. Certain of the disclosure requirements apply in all financial statements issued after January 31, 2003, regardless of when the variable interest entity was established. The Company does not expect the adoption to have a material impact to the Company's financial position or results of operations.

24

Edgar Filing: TOGS FOR TYKES INC - Form PRER14C

(2) GOING CONCERN:

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. As of December 31, 2002 and March 31, 2002, the Company has not generated significant revenue, has a working capital deficit of \$48,610 (unaudited) and \$2,597,801, respectively, and has incurred substantial losses for the year ended March 31, 2002 totaling \$1,028,397 and from inception (November 21, 2000) through December 31, 2002, totaling \$2,732,635 (unaudited).

The Company is currently attempting to raise additional financing. For the period from April 1, 2002 to December 31, 2002, the Company has raised additional equity and debt financing of \$237,000 (see Note 10) and subsequent to December 31, 2002, the Company has raised additional equity and debt financing of \$80,500 (see Note 12).

For the period from April 1, 2002 to December 31, 2002, the Company has also received additional capital contributions from a related party of \$292,718 (see Notes 5 and 10).

The Company is currently test marketing and branding their product, Alleratin. The Company is planning a national rollout of Alleratin during the fourth quarter of the fiscal year ended March 31, 2003.

The Company has also restructured the minimum royalty obligation due to Gene Pharmaceuticals, LLC (see Notes 3 and 7). As of December 31, 2002, the Company no longer has a minimum royalty obligation due and has issued 2,000,000 shares of its common stock valued at a fair market value of \$4,000,000 as consideration for the contract payable totaling \$2,341,622.

The Company requires substantial capital to pursue its operating strategy, which includes commercialization of Alleratin, and currently has limited cash for operations. Until the Company can obtain revenues sufficient to fund working capital needs and additional research and development costs necessary to obtain the regulatory approvals for commercialization, the Company will be dependent upon external sources of financing.

During December 2002, the Company entered into negotiations to acquire a publicly traded vehicle to reverse merge with, which would help facilitate the raising of additional equity financing.

25

(2) GOING CONCERN, CONTINUED:

There can be no assurances that sufficient financing will be available on terms acceptable to the Company, or at all. If the Company is unable to obtain such financing, the Company will be forced to scale back operations, which could have an adverse effect on the Company's financial condition and results of operations. These factors raise substantial doubt about the Company's ability to continue as a going

Edgar Filing: TOGS FOR TYKES INC - Form PRER14C

concern.

Management believes that actions presently being taken to revise the Company's operating and financial requirements provide the opportunity for the Company to continue as a going concern.

(3) ACQUISITION OF CERTAIN ASSETS:

On November 22, 2000, the Company entered into an asset purchase agreement to acquire certain tangible and intangible assets from Gene Pharmaceuticals, LLC, formerly known as Allergy Limited, LLC ("GP LLC"), an unrelated company. As consideration, the Company agreed to pay a \$150,000 down payment, as well as royalty payments calculated as a percentage of gross sales of the product known as "Immune-Eeze," occurring on or after January 1, 2001. The royalty payments were to be computed and payable quarterly, beginning with the quarter ended March 31, 2001, at the greater of the:

- (i) Buyers Minimum Royalty Obligation (see Note 7);
- (ii) rate of 6% of annual gross sales on the first \$50,000,000 in gross sales; and
- (iii) rate of 3% of annual gross sales on all gross sales in excess of \$50,000,000.

The Company's minimum royalty obligation to GP LLC in the event that gross sales in any quarter did not meet certain threshold amounts totals was to be \$3,930,000. The minimum guaranteed purchase price was payable through 2022 (see Note 7).

Gross sales are defined as all payments received by the Company on worldwide sales of all products containing Vitamin B12 including, but not limited to, sales of all products in pediatric doses and for use by domestic animals.

Per the asset purchase agreement, the Company had the option to buy the patent outright with no royalty or future minimum royalty payments for the following:

- a) \$5,000,000 through June 30, 2002;
- b) \$6,000,000 from July 1, 2002 to June 30, 2003;
- c) \$7,000,000 from July 1, 2003 to June 30, 2004; or
- d) \$8,000,000 thereafter.

26

(3) ACQUISITION OF CERTAIN ASSETS, CONTINUED:

The tangible and intangible assets purchased resulted in the recording of \$6,250 of inventory, \$2,222,744 of patents as of November 22, 2000, and, since the minimum royalty payments did not include interest, the Company has recorded a discount on the contract payable totaling \$1,701,006, using an interest rate of 6%, which was being amortized over the life of the payable (see Note 7).

Per the asset purchase agreement, the Company has secured the rights to two patents, which were valued at their fair market values as of the at

Edgar Filing: TOGS FOR TYKES INC - Form PRER14C

date of purchase (see Note 7). The patents are for the introduction of, or "delivery" of, Cyanocobalamin, via a lozenge, and cover the various forms of B12 used to provide relief from allergy and bronchial asthma symptoms. The U.S. patent expires in 2009. Additional U.S. and foreign patents covering the use of lozenges delivering B12 for allergic diseases are in effect until 2019. In July 2001, the Company was granted a Notice of Entitlement intended to expand geographic coverage of the two existing patents. Amortization will be calculated on a straight-line basis over the shorter of the remaining economic life or estimated lives of the patents, ranging from 9 to 17 years, once shipment of products begins. The Company recorded its patents based upon the discounted value of the contract payable.

Recognition of contingent royalty payments above the guaranteed purchase price will be expensed in the period they are incurred (see Note 7).

As of March 31, 2002, the Company was in default on the minimum guaranteed payments. On April 20, 2002, payments relating to the minimum guaranteed purchase price were extended without penalty until May 31, 2002, at which time the first payment was due and payable. The Company remained in default of the agreement.

Per the asset purchase agreement, in event of default on any of the royalty or minimum royalty payments to the seller and such default is not cured within 120 days, all purchased assets would revert back to GP LLC.

On December 19, 2002, GP LLC and the Company entered into a new memorandum of agreement whereby they amended the terms of the original asset purchase agreement whereby the purchase price shall be as follows:

- a) the sum of all amounts previously paid by the Company under the asset purchase agreement totaling \$161,000;
- b) the sum of \$4,000,000 payable in the form of 2,000,000 shares of the Company's common stock valued at \$2.00 per share; and
- c) a royalty calculated at 1.5% of the gross sales of the product, as defined above.

27

(3) ACQUISITION OF CERTAIN ASSETS, CONTINUED:

Royalty payments shall commence to accrue on December 19, 2002, and will be computed and payable quarterly.

As a result, the Company satisfied its indebtedness to GP LLC, and reduced its future royalty obligation related to the patents in exchange for the shares, and therefore increased the carrying amount of the patents to \$3,905,832. Based upon an independent appraisal, the fair value of the patents were deemed to be \$3,850,000 as of December 31, 2002. Therefore, the Company recorded an impairment expense of \$55,832 as of December 31, 2002, which is included in other operating expenses.

Edgar Filing: TOGS FOR TYKES INC - Form PRER14C

The Company has also recorded the issuance of the common stock and removed all guaranteed minimum royalty obligations under the original asset purchase agreement (see Note 7).

(4) PROPERTY AND EQUIPMENT:

Property and equipment, at cost, consisted of the following:

	December 31, 2002	----- March 31, 2002 -----	
	(unaudited)		
Furniture and fixtures	\$ 65,000	\$ 65,000	\$

Less accumulated depreciation	(23,768)	(14,886)	
	-----	-----

For the year ended March 31, 2002 and for the period from inception (November 21, 2000) to March 31, 2001, depreciation expense was \$12,865 and \$2,021, respectively. For the nine months ended December 31, 2002, depreciation expense was \$8,882 (unaudited).

The full realization of the tax benefit associated with the carryforward depends predominantly upon the Company's ability to generate taxable income during the carryforward period.

Since the Company has granted all its stock options at an exercise price equal to or above the quoted market on the date measurement date, no compensation expense related to grants of stock options to employees has been recorded.

Had the Company chosen the fair value method of accounting for transactions involving stock option issuance to employees pursuant to SFAS No. 123, the Company would have recorded an additional \$67,097 and \$16,026 in compensation costs for the years ended March 31, 2002 and 2001, respectively, as presented by the proforma earnings statement, as follows.
