Proxy Statement
Annual Meeting of Shareholders

April 15, 2009

Solicitation

The proxy accompanying this statement is solicited by and on behalf of the board of directors of First Citizens Bancshares, Inc. (the "Company") for use at the annual meeting of shareholders to be held April 15, 2009 and any adjournment thereof. The time and place of the meeting is set forth in the accompanying Notice of Annual Meeting of Shareholders.

We will pay the expense of preparing, assembling, printing and mailing the proxy statement and materials used in the solicitation of proxies for the meeting. We will solicit proxies principally through use of the mail, but our officers, directors and employees may solicit proxies personally or by telephone, without receiving special compensation therefor. Brokers, custodians and similar parties will be requested to send proxy material to beneficial owners of stock and will be reimbursed for reasonable expenses. We anticipate mailing this proxy statement and accompanying form of proxy to shareholders on or about March 13, 2009.

We will vote all proxies in the accompanying form, which are properly executed and returned to management, in accordance with your directions. You may revoke any proxy you delivered to us at any time before it is exercised if you provide written notice to Judy Long, Secretary of the Company. If you are present at the meeting and wish to vote in person, you may advise the Chairman of your intention to vote in person. In this case, we will suspend powers of proxy holders with respect to your proxy.

If you return your proxy but do not specify how you wish your shares to be voted, we will vote the shares represented by your executed proxy "for" the nominees for election as directors (provided that in the event cumulative voting occurs, the proxy holders will cumulate votes using their judgment so as to ensure the election of as many of the nominees as possible), "for" the ratification of Alexander Thompson Arnold PLLC to serve as our independent registered public accounting firm for the year ending December 31, 2009 and "for" approval of the Articles of Amendment to our Charter. If any other business is properly presented at the meeting, we will vote your proxy in accordance with the recommendation of our board of directors.

Voting Securities

At the close of business February 13, 2009, we had 3,717,593 shares of common stock outstanding and entitled to vote. You are entitled to one vote, in person or by proxy, for each share of common stock you owned as of February 13, 2009, our record date.

If any shareholder present at the annual meeting gives notice at the meeting prior to the voting for election of directors of the intention to vote cumulatively, then all shareholders eligible to vote will be entitled to cumulate their shares in voting for the election of directors. Cumulative voting allows you to cast a number of votes equal to the number of shares held in your name as of the record date, multiplied by the number of directors to be elected. You may cast votes for any one nominee or you may distribute your votes among as many nominees as you wish. You may not, however, cumulate your votes against a nominee. If cumulative voting is declared at the meeting, we will cumulate votes represented by proxies delivered pursuant to this proxy statement at the discretion of the proxy holder, in accordance with management's recommendation.

If cumulative voting is not declared at the meeting, director nominees will be elected by a plurality of the votes cast by the shareholders of our common stock entitled to vote in the election of directors. The ratification of Alexander Thompson Arnold PLLC to serve as our independent registered public accounting firm for the year ending December 31, 2009 and the approval of the Articles of Amendment to our Charter will each require the affirmative

vote of a majority of the shares of our common stock present in person or by proxy at the annual meeting. The approval of all other matters submitted to the shareholders will also require the affirmative vote of a majority of the shares of our common stock present in person or by proxy at the annual meeting.

Inspectors of election will treat shares referred to as "broker non-votes" (i.e. shares held of record by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote with respect to proposals that do not relate to "routine" matters) as shares that are present and entitled to vote for purposes of determining the presence of a quorum. For purposes of determining the outcome of any matter as to which the broker has physically indicated on the proxy that it does not have discretionary authority to vote, however, those shares will be treated as not present and not entitled to vote with respect to that matter (even though those shares are considered entitled to vote for quorum purposes and may be entitled to vote on other matters). Because approval of the Articles of Amendment to our Charter is not a routine matter, broker non-votes on this proposal will have the effect of a vote against the proposal at the annual meeting.

Proposal I. Election of Directors

Our board of directors consists of 22 members with the terms of approximately 1/3 of the directors expiring every year. At the meeting you will be asked to elect the individuals listed below who have been nominated by the board of directors to serve a term of three years. Once elected, each director shall serve the stated term or until his successor has met the necessary qualifications and has been elected. Should any nominee determine that he/she is unable to serve, the persons named in the accompanying proxy intend to vote for the balance of those named. Each member of the Company's board of directors also serves as a director on the board of First Citizens National Bank (the "Bank"), a wholly owned subsidiary of the Company.

The following tables set forth information (as of February 13, 2009) for each of our nominees to become directors and for directors whose terms expire in the years 2010 and 2011. No director holds a directorship with any other public company or registered investment company.

PROPOSAL 2: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Alexander Thompson Arnold PLLC, as our independent registered public accounting firm for the year ending December 31, 2009. We are presenting this proposal to the shareholders for ratification at the annual meeting. A representative of Alexander Thompson Arnold PLLC is expected to be present at the meeting, will have the opportunity to make a statement and will be available to respond to appropriate questions.

Total fees paid to Alexander Thompson Arnold PLLC for the fiscal years ended December 31, 2008 and 2007 are as follows:

	2008	2007
Audit Fees(1)	\$ 99,500	\$ 90,300
Audit-Related Fees	-	-
Tax Fees(2)	22,215	17,088
All Other Fees	<u>-</u>	<u>-</u>
Total	\$ 121,715	\$ 107,388

(1) The Audit Fees for the years ended December 31, 2008 and 2007 consisted principally of fees for professional services in connection with the audits of our consolidated financial statements and the audit of internal control over financial reporting as well as various statutory and compliance audits.

(2) The Tax Fees for the years ended December 31, 2008 and 2007 consisted principally of fees for professional services for tax compliance, tax advice and tax planning.

All audit and non-audit services performed by Alexander Thompson Arnold PLLC must be pre-approved by the Audit Committee. The Audit Committee specifically reviews and pre-approves each audit and non-audit service provided by Alexander Thompson Arnold PLLC prior to its engagement to perform such services. The Audit Committee has not adopted any other pre-approval policies or procedures.

Required Vote

Assuming the presence of a quorum, the affirmative vote of the majority of the shares of our common stock present in person or by proxy at the annual meeting and entitled to vote is required to ratify the selection of Alexander Thompson Arnold PLLC as our independent registered public accounting firm. In the event that such a majority does not ratify the appointment of Alexander Thompson Arnold PLLC, the Audit Committee would consider the vote in

connection with the engagement of an independent registered public accounting firm for fiscal year 2010, but would likely not consider a change for fiscal year 2009 because of the difficulty and expense of making such a change.

The board of directors recommends a vote "FOR" the ratification of the appointment of Alexander Thompson Arnold PLLC as our independent registered public accounting firm for the year ending December 31, 2009.

PROPOSAL 3: AMENDMENT TO OUR CHARTER

Introduction

On February 18, 2009, our board of directors authorized and approved an amendment (the "Amendment") to our Charter to authorize the issuance of up to 1,000,000 shares of preferred stock, no par value per share ("Preferred Stock"), subject to approval by our shareholders.

The complete text of the Amendment is attached hereto as *Appendix A*. If the Amendment is approved by the shareholders, the Amendment will become effective upon filing with the Tennessee Secretary of State, which we expect to occur promptly after the annual meeting or any adjournment thereof. The text of the Amendment may vary, however, for such changes that are consistent with this proposal that we may deem necessary or appropriate.

Purpose of the Amendment

Our board of directors believes that approving the Amendment to authorize the issuance of Preferred Stock is advisable and in our best interests and the best interests of our shareholders for several reasons. The authorization of Preferred Stock will supplement our authorized common stock by creating an undesignated class of Preferred Stock to increase our flexibility in structuring capital raising transactions, acquisitions, financings, joint ventures and strategic alliances. Preferred Stock may also be useful in connection with stock dividends, equity compensation plans or other corporate actions. Our board of directors from time to time evaluates such opportunities and considers different capital structuring alternatives designed to advance our business strategy. Having the authority to issue Preferred Stock will enable us to develop equity securities with terms tailored to specific purposes and to avoid the possible delay associated with, and significant expense of, calling and holding a special meeting of shareholders to authorize additional Preferred Stock on a case-by-case basis. Our board of directors believes that approving the Amendment to authorize the issuance of Preferred Stock will provide us with an enhanced ability to respond to opportunities and favorable capital market conditions before the opportunity or conditions pass. Although we may consider issuing shares of the Preferred Stock in the future for purposes of raising additional capital or in connection with acquisition transactions, there are currently no binding agreements or commitments with respect to the issuance of the Preferred Stock.

Description of the Preferred Stock

Currently, the Charter authorizes only the issuance of up to 10,000,000 shares of our common stock. If this proposal is approved by our shareholders, we will also be authorized to issue up to 1,000,000 shares of Preferred Stock.

Although we may consider issuing shares of the Preferred Stock in the future for purposes of raising additional capital or in connection with acquisition transactions, there are currently no binding agreements or commitments with respect to the issuance of the Preferred Stock. The Amendment will give our board of directors the express authority, without further action by our shareholders (except as may be required by applicable law, rule or regulation), to issue shares of Preferred Stock from time to time in one or more series and to fix before issuance with respect to each series:

The designation and number of shares constituting the series;

The increase or decrease of the number of shares constituting the series to a number not less than the number of outstanding shares of such series;

The dividend rights and rates, if any, including whether or not dividends shall be cumulative;

The rights and terms of redemption, if any;

The liquidation rights, if any;

The voting rights, if any;

Whether the shares will be subject to the operation of a sinking fund or purchase fund, if any;

The conversion rights, if any; and

Any other powers, preferences, rights, limitations or restrictions.

Possible Effects on Holders of Common Stock

We are unable to determine the actual effect of the issuance of a series of Preferred Stock on the rights of the holders of our common stock until our board of directors determines the rights of the holders of such series. A series of Preferred Stock may have features, however, that could include:

Restricting our ability to declare dividends on our common stock;

Restricting our ability to repurchase outstanding common stock;

Diluting the voting power of our common stock;

Diluting the equity interests and voting power of holders of our common stock if the Preferred Stock is convertible into common stock; and

Restricting distributions of assets to the holders of our common stock upon liquidation or dissolution and until the satisfaction of any liquidation preference granted to the holders of Preferred Stock.

Possible Anti-Takeover Effects

The Amendment could adversely effect the ability of third parties to take us over or change our control by, for example, permitting issuances that would dilute the stock ownership of a person seeking to effect a change in the composition of our board of directors or contemplating a tender offer or other transaction for the combination of us with another company. The ability of our board of directors to establish the rights of, and to cause us to issue, substantial amounts of Preferred Stock without the need for shareholder approval, upon such terms and conditions, and having such rights, privileges and preferences, as our board of directors may determine from time to time in the exercise of its business judgment, may, among other things, be used to create voting impediments with respect to changes in our control or to dilute the stock ownership of holders of common stock seeking to obtain control of us. The rights of the holders of common stock will be subject to, and may be adversely affected by, any Preferred Stock that may be issued in the future. The issuance of Preferred Stock, while providing desirable flexibility in connection with possible acquisitions, financings and other corporate transactions, may have the effect of discouraging, delaying or preventing a change in our control.

Dissenters' Rights

Pursuant to the Tennessee Business Corporation Act, shareholders are not entitled to dissenters' rights with respect to the Amendment.

Required Vote

Assuming the presence of a quorum, the affirmative vote of the majority of the shares of our common stock present in person or by proxy at the annual meeting and entitled to vote is required to approve the proposed Amendment.

The board of directors recommends that shareholders vote "FOR" approval of the proposed Amendment to our Charter.

-6-

CORPORATE GOVERNANCE

A majority of our directors are independent, as that term is defined below. The Corporate Governance Committee of the board of directors has determined that Messrs. Agee, Henson, Heckler and Lipford, and Ms. Winchester are not independent, because each is an employee of the Bank. Mr. Ladd is also not considered independent because he retired as Executive Vice President and Chief Administrative Officer of the Bank as of December 31, 2006. Although Mr. Larry White meets the criteria defined below for independence, the Corporate Governance Committee does not consider Mr. White to be independent because he serves as Managing Partner of First Citizens/White and Associates Insurance Company, LLC, which is a 50% owned subsidiary of the Bank. The Corporate Governance Committee annually reviews relationships that exist between the Company and a director and his or her related interests for the purpose of determining whether the director is independent. The full board conducts this review on directors serving as members of the Corporate Governance Committee. A director is presumed to be independent unless the director (or their immediate family members):

Has been an employee or executive of the Company during the last 3 years;

Has been an employee or partner of the Company's independent registered public accounting firm during the last three years;

Is an owner, partner, employee, director of an entity with material relationships (i.e., makes payments to, or receives payments from the Company which exceed the greater of \$1 million, or 2% of the entity's gross revenues) with the Company, either as a vendor or customer, except in situations where revenues are generated as a result of a competitive bid process in which the board determines the business relationship is in the best interest of the Company; or

Receives more than \$100,000 per year in direct compensation from the Company, other than director and related fees.

These independence standards can also be found in the "About Us - Investor Relations - Selection and Composition of the Board" section of our website at www.firstcitizens-bank.com.

Board and Committee Meetings

Our board of directors met five times in 2008, while the Bank's board of directors held 12 meetings. The Company's board of directors has no standing committees. All directors attended a minimum of 75% of the total of all meetings of the board and all Bank board committees on which such director served during the fiscal year. Although we have no

specific policy with regard to attendance by directors at the annual meeting, all directors attended the annual meeting in 2008.

Committees of the Board of Directors

Although the Company's board of directors has no standing committees, the Bank's board of directors has an Audit Committee and a Corporate Governance/Nominating/Compensation Committee. On April 16, 2008, the Bank's board appointed members of the Audit Committee and the Corporate Governance/Nominating/Compensation Committee to serve for a term of one year.

All members of the Audit Committee and the Corporate Governance/Nominating/Compensation Committee are "independent" as described above in the section entitled "Director Independence." Directors serving as members of the Corporate Governance Committee also serve as the members of the Nominating and Compensation Committees. The Corporate Governance/Nominating/Compensation Committee met five times during 2008. The Audit Committee charter, the Corporate Governance/Nominating/Compensation Committee charter can be found in the "About Us - Investor Relations" section of our website at www.firstcitizens-bank.com.

Audit Committee

The Audit Committee charter requires members of the committee to be financially literate. No members of the committee are considered a "financial expert," as defined in regulations adopted by the Securities and Exchange Commission. The Audit Committee held six meetings in 2008. The committee's meetings included, whenever appropriate, sessions with our independent registered public accounting firm and our senior internal auditor, in each case without the presence of management.

Nominating Committee

The Corporate Governance/Nominating/Compensation Committee assists the board in identifying individuals qualified to become directors and recommending to the board nominees to be voted upon at the next annual meeting of shareholders. The committee has responsibility for the selection and composition of the board. In fulfilling that commitment, the committee seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. The process for nominees to be proposed for election to the board other than those made by the existing board is discussed in detail in the section entitled "General Information - Proposals by Shareholders/Director Selection."

Compensation Committee

The Corporate Governance Committee also functions as the Compensation Committee. Compensation issues were considered during two of the five meetings of the Corporate Governance/Nominating/Compensation Committee in 2008. The purpose of the Compensation Committee is to discharge the board's responsibilities relating to compensation of executive officers. The committee has overall responsibility for evaluating and approving executive officer salary, benefits, bonus, incentive compensation, severance, equity-based or other compensation plans, as well as compensation policies and programs.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consists of five directors as identified in the Compensation Committee Report. No member of this committee has at any time been an officer or employee of the Company, the Bank or any of its subsidiaries and all are considered independent based on the guidelines described above. None of our executive officers serves, or in the past year served, as a member of the board of directors or compensation committee of any entity that has or had one or more of its executive officers serving on our board of directors or Compensation

Committee.

Code of Ethics

The Company has a Code of Ethics applicable to all employees, including the principal executive officer as well as all professionals serving in a finance, accounting, treasury, tax or investor relation role. A separate Code of Ethics is applicable to our financial professionals and contains provisions specific to financial professionals. Both the Code of Conduct and the Code of Ethics for Financial Professionals are available under the "About Us - Investor Relations" section on our website (www.firstcitizens-bank.com). We also intend to post changes and amendments (if any) to our Code(s) of Conduct and Ethics on our website.

COMPENSATION DISCUSSION AND ANALYSIS

Our compensation programs are designed to align compensation with business objectives and performance, and to enable us to attract, retain and reward executive officers who contribute to the success of the Company. In order to link pay to performance, we provide an executive compensation program that includes base pay, annual incentive bonuses and retirement benefits through contributions to our ESOP and 401(k) plans. In addition, all executive officers except for the Chief Financial Officer are provided life insurance during the term of their employment and in post-retirement periods. Life insurance benefits for the Chief Financial Officer are limited to the term of her employment.

Compensation Philosophy

The same philosophies used in determining compensation for all Named Executive Officers are used in determining compensation for the Chief Executive Officer and Chief Financial Officer. The Chief Executive Officer's compensation has been reviewed and set by the Compensation Committee since 1996. The Compensation Committee establishes compensation of the Chief Executive Officer based on the achievement of specific financial and non-financial objectives. The Chief Executive Officer makes recommendations for base salary of all executive officers (other than for Chief Executive Officer) subject to approval of the Compensation Committee. No specific weighting or formula is used to determine the aggregate amount of base salary and cash incentive bonus for the Chief Executive Officer or Chief Financial Officer. In determining the aggregate amount of base salary and cash incentive bonus for the Named Executive Officers, the Compensation Committee considers compensation levels for chief executive officer, chief financial officer and other executive officer positions of peer financial institutions as published in annual compensation and benefits surveys conducted by American Bankers Association, Tennessee Bankers Association and the Delves Group. These surveys do not identify the specific banks or bank holding companies that participated in the survey, but do provide data for the participating institutions grouped according to asset size and geographic region. In its review of the aggregate amount of base salary and incentive bonus for the Named Executive Officers for 2008, the Compensation Committee primarily focused on data in these surveys for financial institutions with an asset size of \$500 million to \$1 billion located in the Southeastern region of the United States.

Base Salary

Subject to the approval of the Compensation Committee, base salaries of the Named Executive Officers are set annually contingent upon job-related experience, individual performance and pay levels of similar positions at peer institutions. Ms. Winchester's base salary is determined in accordance with the terms of her employment agreement, as discussed below in the section entitled "Executive Compensation - Summary Compensation Table - Employment

Agreements." For each executive office position, salary and incentive bonus ranges for similarly situated executives in our peer group as published in annual surveys are averaged and compared to current salary and incentive bonus levels for our executives. The Compensation Committee determined that the 2008 base salary plus cash incentive bonus for each of the Named Executive Officers was below the aggregate average base salary plus incentive bonus for the surveys. Furthermore, the Compensation Committee determined that each of the Named Executive Officers (excluding Ms. Winchester) had an aggregate base salary and cash incentive bonus for 2008 that was below the 50th percentile of the aggregate base salary plus incentive bonus for financial institutions in our asset size and region, as reported in the Delves Group survey.

The following table provides the base salary for each of the Named Executive Officers for the year ended December 31, 2008:

Name	2008 Base Salary	Change from 2007 Base Salary
Jeffrey D. Agee	\$ 200,000	8.1%
Laura Beth Butler	110,000	10.0
Katie S. Winchester	200,000	(28.6)
Judy Long	160,000	3.7
Sherrell Armstrong	135,712	6.3

Incentive Compensation Plan

Each of the Named Executive Officers except for Ms. Winchester is eligible for a cash incentive bonus under a customized individual incentive plan. Each incentive plan provides bonus cash compensation based on corporate, business unit and individual performance goals that are established each year by the Compensation Committee. For 2008 cash bonuses, the level of incentive compensation for the applicable Named Executive Officers was based on a minimum return on equity of 10.0% for the Company. Because the Company had a return on equity of 10.07% for the year ended December 31, 2008, each of the eligible Named Executive Officers received a cash incentive bonus under his or her respective incentive plan. Further, after the amount of each earned bonus is determined for each eligible Named Executive Officer, as discussed below, up to 25% of each such bonus can be deducted from the total amount actually paid if the executive does not meet or exceed personal business development goals during the plan year. For 2008, all eligible Named Executive Officers met or exceeded their personal business development goals and, therefore, no cash incentive bonuses were reduced by 25%.

The incentive bonus awardable to each of Mr. Agee and Ms. Long for 2008 was not contingent upon achievement of any other corporate or individual goals and, therefore, each received 100% of his or her respective incentive bonus. The incentive bonus awardable to each of Ms. Butler and Mr. Armstrong was contingent upon achievement of additional goals, as discussed below. Prior to 2008, cash incentives were paid annually in December of each year. Beginning in 2008, annual incentive compensation for each year is paid in January of the following year.

The following bonuses were paid to the Named Executive Officers in 2009 based on achievement of corporate and individual performance goals for 2008:

Name	Percentage of Potential Bonus Received	Incentive Plan Compensation
Jeffrey D. Agee	100%	\$ 63,250
Laura Beth Butler	92	23,000
Katie S. Winchester	N/A	--
Judy Long	100	42,550
Sherrell Armstrong	95	32,237

For the year ended December 31, 2008, the incentive plan for Ms. Butler was revised as approved by the Compensation Committee based on the recommendation of the Chief Executive Officer. The plan provided for a

bonus of up to \$25,000 if certain individual and Company performance targets were met. There were five equally weighted performance targets, which consisted of the following:

Category	Description
Return on Equity	Return on equity is benchmarked against Southeast Bank Group Index (data provided by SNL Financial and produced by Mercer Capital's Financial Institutions Group) and must meet or exceed peer averages.
Total Shareholder Return	Total shareholder return is benchmarked against Southeast Bank Group Index and must meet or exceed peer averages.
Dividend Yield	Dividend yield is benchmarked against Southeast Bank Group Index and must meet or exceed peer averages.
Audits	Results and/or ratings of internal and external audits must be satisfactory and limited to minor findings/exceptions, if any.
Regulatory Ratings	Consideration of regulatory ratings helps ensure balance of risk management and profitability.

-9-

For the year ended December 31, 2008, the incentive plan for Mr. Armstrong was revised as approved by the Compensation Committee based on the recommendation of the Chief Executive Officer. The plan provided for a bonus of up to 25% of base salary if certain Company performance targets were met. There were six performance targets designed to emphasize credit quality as well as overall growth and profitability goals of the Bank. The six factors were as follows:

Category	Description	Weighting Factor
Return on Equity	Return on equity is benchmarked against Southeast Bank Group Index and must meet or exceed peer averages.	20%
Criticized Loans	Criticized loans as a percent of total capital are compared to internal policy limit of 25%.	20%
Net Loan Losses to Average Total Loans	Net losses for the year as a percent of average total loans are benchmarked to Uniform Bank Performance Report (as provided by Federal Financial Institutions Examination Council) and must be equal or less than peer averages.	20%
Average Non-performing Loans to Average Total Loans	Average non-performing loans as a percent of average total loans are	20%

Average Loan Yield	benchmarked to Uniform Bank Performance Report and must be equal or less than peer averages. Average loan yield is benchmarked to Uniform Bank Performance Report and must be equal or exceed peer averages.	10%
Loan Volume Goals	Loan volumes must meet or exceed internal growth goals as determined by the Chief Executive Officer and board of directors.	10%

For 2009, the incentive plans for Mr. Agee and Ms. Long have been revised to ensure the compensation program is competitive, comprehensive and properly reflects our strategic direction. The new plan will provide an incentive of 25% to 50% of annual salary based on performance in certain categories. Performance will be measured using a "balanced scorecard" matrix, which is aligned with our strategic goals of creating long-term shareholder value and protecting the interests of the Bank's depositors. The plan is subject to the Company attaining a minimum return on equity as set by the board of directors, which has been set at 10.0% for 2009. The "balanced scorecard" matrix for 2009 is equally weighted with five major components, which are as follows:

Category	Description
Employees	Employee turnover rates compared to peer institutions and corporate culture survey results are used to gauge achievement of goals to attract, develop and retain high quality employees in positive corporate culture and environment.
Customers	Results from various customer surveys provide independent feedback about mission to provide exceptional level of customer service.
Growth and Innovation	Growth and innovation drive and create long-term shareholder value. Quantitative factors include growth rates for assets, market share and referrals. Qualitative factors considered include leadership development, new projects, products or services implemented during the plan year and other accomplishments.
Shareholder Return	Shareholder return is measured by comparing the Company to peer institutions on dividend yield, return on equity and total shareholder return.
Regulatory Ratings	Consideration of regulatory ratings helps ensure balance of risk management and profitability.

Retirement Contributions

The ESOP provides for participation by all employees of the Bank who are at least 21 years old and who have completed a year of service if, at the end of the first 12 consecutive months of employment, the employee has been credited with at least 1,000 hours of service. All of the Named Executive Officers are participants in the ESOP. The Bank makes contributions equal to 7% of a participant's total compensation under the ESOP.

The Bank's 401(k) plan provides for participation by all employees of the Bank who are at least 21 years old and who have completed a year of service if, at the end of the first 12 consecutive months of employment, the employee has been credited with at least 1,000 hours of service. All of the Named Executive Officers are participants in the 401(k) plan. The Bank makes contributions equal to 3% of a participant's total compensation under the 401(k) plan. In addition, employees may elect to make employee contributions subject to applicable IRS regulations and limits. Total compensation for retirement contribution purposes is based on total compensation that is subject to federal income tax for each calendar year.

Endorsement Split Dollar Life Insurance and Imputed Income Tax Reimbursement Agreements

The Bank has a bank-owned life insurance plan that offers Endorsement Split Dollar Life Insurance to certain officers of the Bank with a position of Vice President and higher. Each of the Named Executive Officers participates in this plan. Each of the Named Executive Officers except for Ms. Butler is eligible for death benefits in post-retirement periods under this plan. Ms. Butler is eligible for death benefits under the plan limited to the term of her employment.

Executive Management Life Insurance Death Benefit Only Salary Continuation Plans provided for in the employment agreements with Ms. Winchester, Mr. Agee, Ms. Long, Mr. Ladd and Mr. Henson were replaced in December 2007 with Endorsement Split Dollar Life Insurance Plans and Amended and Restated Split Dollar Agreements. The new agreements combine the death benefits from the Bank's larger group plan discussed above with the death benefits established in the Executive Management Life Insurance Death Benefit Only Salary Continuation Plans. The new agreements did not change the total after-tax death benefit provided to each participant.

Because the new Endorsement Split Dollar Life Insurance Plans created imputed income to each participant without generating cash to pay the tax expense associated with the imputed income, and in order to provide participants the same after-tax benefit provided under the previous plans, effective January 1, 2008 we entered into Imputed Income Tax Reimbursement Agreements with Ms. Winchester, Mr. Agee, Ms. Long, Mr. Ladd and Mr. Henson under the Amended and Restated Split Dollar Agreements. The Imputed Income Tax Reimbursement Agreements provide for annual cash payments to the participants until death beginning in March 2009 for the previous tax year in amounts equal to a portion of federal income taxes attributable to (i) the income imputed to the participant on the benefit under the Amended and Restated Split Dollar Agreement and (ii) the additional cash payments under the Imputed Income Tax Reimbursement Agreement. Each participant was 100% vested in this benefit as of January 1, 2008. Thus, 100% of the principal (or service) cost of the plan was accrued for as of January 1, 2008 and expensed through earnings in the year ended December 31, 2008. Interest accrues monthly at a discount rate of 7.0%. The plan is accounted for under guidance provided in Accounting Principles Board Opinion No. 12 as amended by SFAS No. 106 "Employers' Accounting for Postretirement Benefits Other than Pensions."

Employment Agreements

Proposal I. Election of Directors

Employment agreements are currently in effect for Mr. Agee, Ms. Long and Ms. Winchester. Agreements for Mr. Agee and Ms. Long include severance provisions in the event the executive voluntarily terminates his or her employment or the executive is terminated under certain circumstances, including without "cause" or in connection with a change in control, as specified below. Under the employment agreements for Mr. Agee and Ms. Long, "cause" generally means (i) the conviction of the executive or the rendering of a final non-appealable judgment for the willful and continued failure to substantially perform his or her duties under the agreement, our policies or federal or state law, which breach of duty materially adversely affected the safety and soundness of the Company or (ii) the non-appealable conviction of a felony. Further, "change in control" generally means (i) the acquisition by any person or group of persons of the shares of the Company or the Bank which, when added to any other shares beneficially owned by such acquiror, results in ownership by any person(s) of 10% of such stock or which would require prior notification under any federal or state banking law or regulation or (ii) the occurrence of any merger, consolidation or reorganization to which the Company or the Bank is a party and to which the Bank or the Company is not a surviving entity, or the sale of substantially all of the assets of the Company or the Bank.

Under the employment agreements for Mr. Agee and Ms. Long, if termination by the Company for cause occurs before, coincident with or after a change in control or termination by the executive occurs prior to a change in control (including by reason of death, disability or retirement), the executive is entitled to receive (a) his or her base salary at the annual rate in effect through the last day of the month in which the termination occurs, (b) a pro-rata portion of any bonus earned prior to the date of termination to the extent not paid and (c) any amounts due under any other benefit plans in effect at the date of termination. If termination by the Company not for cause occurs at least six months before a change in control, the executive is entitled to receive payments under the agreement through the end of the term of the agreement without further automatic extensions. Both of these employment agreements are renewable annually in April.

In the event that either Mr. Agee or Ms. Long is terminated without cause or terminates his or her employment coincident with or following a change of control (including by reason of death, disability or retirement), the employment agreements provide for compensation in addition to the amount specified above that the executive would receive upon termination for cause. In these circumstances, the executive would also receive a lump sum cash payment in an amount equal to two times compensation paid in the preceding calendar year, or scheduled to be paid to the executive during the year of the termination, whichever is greater, plus an additional amount sufficient to pay United States income tax on such lump sum amount; provided, however that if the lump sum payment, together with other payments that the executive is entitled to receive from the Company, would constitute a parachute payment under Section 280G of the Internal Revenue Code, the payment will be reduced to the largest amount that would result in no portion of the lump sum payment being subject to the excise tax imposed by Section 4999 of the Internal Revenue Code. For purposes of this calculation, compensation is equal to the amount of total compensation reported or to be reported on the executive's Form W-2 for the applicable year.

Pursuant to these employment agreements as amended by the Amended and Restated Split Dollar Agreements (described above in the section entitled "Compensation Discussion and Analysis - Endorsement Split Dollar Life Insurance and Imputed Income Tax Reimbursement Agreements"), the Company has purchased a life insurance policy for each of Mr. Agee and Ms. Long with a face amount of \$650,000. Upon the death of Mr. Agee prior to separation of service, we will pay an amount equal to \$650,000 from the proceeds of the policy to the person(s) he properly designated or the personal representative of the his estate. Upon the death of Mr. Agee after separation of service, we will pay an amount equal to \$300,000 from the proceeds of the policy to the person(s) he properly designated or the personal representative of his estate. Upon the death of Ms. Long prior to or after separation of service, we will pay an amount equal to \$650,000 from the proceeds of the policy to the person(s) she properly designated or the personal representative of her estate. All proceeds received from the policy in excess of these amounts will be retained by the Company to offset the cost of providing these benefits.

The employment agreement for Ms. Winchester was amended and restated effective January 1, 2008 to provide for part-time employment. The term of employment under the new contract ends December 31, 2011, unless

earlier terminated pursuant to the terms of the contract. The contract provides for annual base compensation of \$200,000 inclusive of payment of premiums on her long-term care insurance. Additional benefits include payment of premiums on health insurance and a monthly allowance to cover automobile expenses for Bank related travel. Ms. Winchester participates in the ESOP and 401(k) plan and will serve as a member of the board during the term of her employment for so long as shareholders continue to elect her. Ms. Winchester does not participate in any incentive compensation plans that are offered to other Named Executive Officers. Pursuant to her Amended and Restated Split Dollar Agreement (described above in the section entitled "Compensation Discussion and Analysis - Endorsement Split Dollar Life Insurance and Imputed Income Tax Reimbursement Agreements"), the Company has purchased a life insurance policy for Ms. Winchester with a face amount of \$850,000. Upon the death of Ms. Winchester prior to or after separation of service, we will pay an amount equal to \$850,000 from the proceeds of the policy to the person(s) she properly designated or the personal representative of her estate. All proceeds received from the policy in excess of this amount will be retained by the Company to offset the cost of providing the benefit.

Pension Benefits

The following table provides information regarding the present value of the accumulated benefit to each of our Named Executive Officers under the corresponding Imputed Income Tax Reimbursement Agreement, each of which is a non-qualified defined benefit plan and not a pension plan, as of December 31, 2008:

Name	Plan Name	Number of Years Credited Service	Present Value of Accumulated Benefit	Payments During Last Fiscal Year
Jeffrey D. Agee	Imputed Income Tax Reimbursement Agreement	N/A	\$ 20,677	\$ --
Laura Beth Butler	--	--	--	--
Katie S. Winchester	Imputed Income Tax Reimbursement Agreement	N/A	119,824	--
Judy Long	Imputed Income Tax Reimbursement Agreement	N/A	34,780	--
Sherrell Armstrong	--	--	--	--

Under each Imputed Income Tax Reimbursement Agreement, the present value of the accumulated benefit consists of two components - service costs and interest costs. As participants were 100% vested as of January 1, 2008, 100% of service cost for each participant was accrued as of January 1, 2008. Service costs are based on the net present value of the sum of payments in accordance with each participant's agreement. Interest costs are credited at an interest rate of 7%.

Potential Payments Upon Termination or Change-in-Control

We have entered into certain agreements and maintain certain plans that will require us to provide compensation to Mr. Agee and Ms. Long in the event of a termination of employment or change in control. We are not required to make any payments to Mr. Armstrong, Ms. Butler or Ms. Winchester upon their termination or a change in control except for death benefits from life insurance plans described above in the section entitled "Compensation Discussion and Analysis - Endorsement Split Dollar Life Insurance and Imputed Income Tax Reimbursement Agreements." The amount of compensation payable to each Named Executive Officer if each situation occurred on December 31, 2008 is listed in the tables below.

The board of directors establishes director fees on an annual basis. Directors who are executive officers of the Bank or any of its subsidiaries receive fees for service on the board, but do not receive additional compensation for service on a Bank board committee. In 2008, directors were paid \$500 for each meeting attended as well as an annual retainer fee of \$4,000. In addition, annual fees were paid in the amount of \$3,000 to each of Ms. Winchester and Messrs. Heckler and Agee for service on our Southwest Region Advisory Board. This Advisory Board considers issues specific to customers in our southwest markets.

We pay additional amounts annually for service on various Bank board committees. Members of the Audit Committee and Corporate Governance/Nominating/Compensation Committee are each paid \$10,000 with an additional \$2,000 paid to each committee chairman. Outside directors serving on all other Bank board committees are compensated at \$5,000 annually, except Executive Committee members who receive \$10,000 annually.

All director fees are paid in cash. Directors may choose to have their fees donated to a charitable organization qualifying under Section 501(c)(3) of the Internal Revenue Code.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We conduct certain transactions with executive officers, directors, principal shareholders and their affiliates (collectively referred to hereafter as "related parties"). Such transactions are conducted under the ordinary course of business and consist primarily of loan and deposit activities. Extensions of credit to related parties are governed by board-approved policies. Such policies are designed and implemented to comply with applicable regulations including but not limited to Regulation O (12 CFR 215). Our board of directors approved Code of Conduct provides guidance regarding transactions with related parties. Written policies and procedures as well as the Code of Conduct require related party transactions to be entered into under substantially the same terms as unrelated party transactions. All non-lending transactions with related parties of a material nature must be approved by the board of directors.

Banking transactions in the ordinary course of business with directors, officers, principal shareholders and their affiliates are on substantially the same terms, including interest rates and collateral on loans, as those prevailing at the time for comparable transactions with others. An affiliate includes a corporation or other entity of which an officer or director of the Company is an officer, partner, or 10% shareholder, any trust or estate of which he is a trustee, executor or significant beneficiary or any relative or spouse or spouse's relative who lives in his home. These loans do not represent unfavorable features or more than a normal risk of collectibility. These loans aggregated total \$16.1 million and represent approximately 21% of shareholders' equity as of December 31, 2008.

During 2008, the Bank paid approximately \$1.2 million to Forcum-Lannom Contractors, LCC for renovations to full service branches in Franklin and Atoka, Tennessee as well as site work for a lot in Jackson, Tennessee. Mr. Taylor, a director of the Company, owns 40% of Forcum-Lannom Contractors, LCC and serves as its president. Mr. Lannom, a director of the Company, holds the position of chairman and chief executive officer of Forcum-Lannom, Inc., which owns 27.5% of Forcum-Lannom Contractors, LLC. The Bank seeks competitive bids for all of its construction projects.
