NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 19, 2019
AT 1:00 P.M. PACIFIC TIME

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING PROCEDURES

Why am I receiving these materials?

We sent you a Notice of Availability of Proxy Materials because the board of directors of CytomX Therapeutics, Inc. (the Board) is soliciting your proxy to vote at our 2019 Annual Meeting of Stockholders to be held on June 19, 2019 at 1:00 p.m., Pacific Time, at the San Francisco Airport Marriott Waterfront, 1800 Old Bayshore Highway, Burlingame, CA 94010. We invite you to attend the annual meeting to vote on the proposals described in this Proxy Statement. However, you do not need to attend the meeting to vote your shares. Instead, you may vote by proxy over the Internet or by phone by following the instructions provided in the notice or, if you request printed copies of the proxy materials by mail, you may vote by mail.

Pursuant to the rules adopted by the Securities and Exchange Commission (the SEC), we have elected to provide access to our Annual Meeting materials, which include this Proxy Statement and our Annual Report on Form 10-K for the year ended December 31, 2018 (the Form 10-K), over the internet in lieu of mailing printed copies. We will begin mailing the Notice of Internet Availability to our stockholders of record as of April 22, 2019 (the Record Date) for the first time on or about April 26, 2019. The Notice of Internet Availability will contain instructions on how to access and review the 2019 Annual Meeting materials, and will also contain instructions on how to request a printed copy of the 2019 Annual Meeting materials. In addition, we have provided brokers, dealers, banks, voting trustees and their nominees, at our expense, with additional copies of our proxy materials and the Form 10-K so that our record holders can supply these materials to the beneficial owners of shares of our common stock as of the Record Date. The Form 10-K is also available in the Financial & Filings section of our website at <http://ir.cytomx.com/financial-information/annual-reports>.

As used in this Proxy Statement, CytomX, the Company, we or us refer to CytomX Therapeutics, Inc., a Delaware corporation.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on April 22, 2019 will be entitled to vote at the annual meeting. On this Record Date, there were 45,311,464 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on April 22, 2019, your shares were registered directly in your name with our transfer agent, Computershare Trust Company, N.A., then you are a stockholder of record. The notice will be sent to you by mail directly by us. As a stockholder of record, you may vote in person at the annual meeting or vote by proxy. Whether or not you plan to attend the annual meeting, we urge you to vote on the Internet or by phone as instructed in the notice or by proxy by mail by requesting a paper copy of the proxy materials as instructed in the notice to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on April 22, 2019, your shares were held in an account at a brokerage firm, bank or other agent, then you are the beneficial owner of shares held in street name and the notice is being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual

TABLE OF CONTENTS

meeting. As a beneficial owner, you have the right to direct your broker, bank or other agent on how to vote the shares in your account. Your brokerage firm, bank or other agent will not be able to vote in the election of directors unless they have your voting instructions, so it is very important that you indicate your voting instructions to the institution holding your shares. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the annual meeting unless you request and obtain a valid proxy from your broker, bank or other agent.

What am I voting on?

There are four matters scheduled for a vote:

- Proposal 1: To elect two directors with terms to expire at the 2022 Annual Meeting of Stockholders.
- Proposal 2: To ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2019.
- Proposal 3: A non-binding advisory vote to approve the compensation of our named executive officers.
- Proposal 4: A non-binding advisory vote on the frequency of future advisory votes by stockholders to approve the compensation of our named executive officers.

How are proxy materials distributed?

Under rules adopted by the SEC, we are sending the notice to our stockholders of record and beneficial owners as of April 22, 2018. Stockholders will have the ability to access the proxy materials, including this Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2018, on the Internet at www.proxyvote.com or to request a printed or electronic set of the proxy materials at no charge. Instructions on how to access the proxy materials over the Internet and how to request a printed copy may be found on the notice.

In addition, any stockholder may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to stockholders and will reduce the impact of annual meetings on the environment. A stockholder who chooses to receive future proxy materials by email will receive an email prior to next year's annual meeting with instructions containing a link to those materials and a link to the proxy voting website. A stockholder's election to receive proxy materials by email will remain in effect until the stockholder terminates it.

How do I vote?

- For Proposal 1, you may either vote For or Against or abstain from voting with respect to each nominee to the Board.
- For Proposal 2, you may either vote For or Against or abstain from voting.
- For Proposal 3, you may either vote For or Against or abstain from voting.
- For Proposal 4, you may vote for 1 Year, 2 Years or 3 Years or abstain from voting.

Please note that by casting your vote by proxy you are authorizing the individuals listed on the Proxy Card to vote your shares in accordance with your instructions and in their discretion with respect to any other matter that properly comes before the Annual Meeting or any adjournments or postponements thereof.

The procedures for voting are:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record as of April 22, 2019, you may vote in person at the annual meeting, vote by proxy over the Internet or by phone by following the instructions provided in the notice or, if you request printed copies of

the proxy materials by mail, you may vote by mail. If your proxy is properly executed in time to be voted at the annual meeting, the shares represented by the proxy will be voted in accordance with the instructions you provide. Whether or not you plan to attend the annual meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the annual meeting and vote in person if you have already voted by proxy.

1. To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

TABLE OF CONTENTS

2. To vote on the Internet, go to www.proxyvote.com to complete an electronic proxy card. You will be asked to provide the 12-digit control number from the notice and follow the instructions. Your vote must be received by 11:59 p.m., Eastern Time, on June 18, 2019 to be counted.
3. To vote by phone, request a paper or email copy of the proxy materials by following the instructions on the notice and call the number provided with the proxy materials to transmit your voting instructions. Your vote must be received by 11:59 p.m., Eastern Time, on June 18, 2019 to be counted.
4. To vote by mail, request a paper copy of the proxy materials by following the instructions on the notice and complete, sign and date the proxy card enclosed with the paper copy of the proxy materials and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a notice and voting instructions from that organization rather than from us. Simply follow the instructions to ensure that your vote is counted. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with the notice, or contact your broker, bank or other agent to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you owned as of April 22, 2019.

What is the quorum requirement?

A quorum of stockholders is necessary to take any action at the meeting, other than to adjourn the meeting. The presence, in person or by proxy duly authorized, of the holders of a majority of the outstanding shares of stock entitled to vote will constitute a quorum. On April 22, 2019, there were 45,311,464 shares of common stock outstanding and entitled to vote.

Your shares will be counted toward the quorum only if you submit a valid proxy or vote in person at the annual meeting. Abstentions and broker non-votes will be counted toward the quorum requirement. If there is no quorum, the chairman of the annual meeting or a majority of the votes present at the annual meeting may adjourn the annual meeting to another date.

What if I return a proxy card but do not make specific choices?

If you are a stockholder of record and you return a proxy card without marking any voting selections, your shares will be voted:

1. Proposal 1: For election of two nominees for director.
2. Proposal 2: For the ratification of the Audit Committee's selection of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2019.
3. Proposal 3: For the non-binding, advisory vote to approve the compensation of our named executive officers.
- 4.

Proposal 4: 1 Year for the non-binding advisory vote regarding the future advisory votes by the stockholders to approve the compensation of our named executive officers.

If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

TABLE OF CONTENTS

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, your shares are held by your broker, bank or other agent as your nominee, or in street name, and you will need to obtain a proxy form from the organization that holds your shares and follow the instructions included on that form regarding how to instruct the organization to vote your shares. If you do not give instructions to your broker, bank or other agent, it can vote your shares with respect to discretionary items but not with respect to non-discretionary items. Discretionary items are proposals considered routine under the rules of various national securities exchanges, and, in the absence of your voting instructions, your broker, bank or other agent may vote your shares held in street name on such proposals. Non-discretionary items are proposals considered non-routine under the rules of various national securities exchanges, and, in the absence of your voting instructions, your broker, bank or other agent may not vote your shares held in street name on such proposals and the shares will be treated as broker non-votes.

Which ballot measures are considered routine or non-routine ?

Proposal 1 (the election of directors), Proposal 3 (non-binding advisory vote to approve the compensation of our named executive officers), and Proposal 4 (non-binding advisory vote on the frequency of future advisory votes to approve executive compensation) are considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposal 1, 3 and 4. Proposal 2, being the ratification of the appointment of Ernst & Young LLP, as our independent registered public accounting firm for the year ending December 31, 2019, is considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal 2.

How are votes counted?

Votes will be counted by the inspector of election appointed for the annual meeting, who will count:

- With respect to Proposals 1, 2 and 3, For votes, Against votes and abstentions.
- With respect to Proposal 4, 1 Year, 2 Years and 3 Years votes and abstentions.
- Additionally, with respect to Proposal 1, 3 and 4, broker non-votes.

Who will serve as inspector of elections?

Lloyd A. Rowland, Senior Vice President, General Counsel and Secretary, will serve as the inspector of elections.

How many votes are needed to approve each proposal?

- For Proposal 1 electing two members of the Board, each director must receive a For vote from a majority of the votes cast either in person or by proxy at the annual meeting and entitled to vote on the election of directors. A majority of votes cast shall mean that the number of shares voted For the director's election exceeds 50% of the number of votes cast with respect to that director's election, with votes cast including votes Against in each case and excluding abstentions and broker non-votes with respect to that director's election.
- For Proposal 2 ratifying the Audit Committee's selection of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2019, the proposal must receive a For vote from the majority of the votes cast either in person or by proxy at the annual meeting and entitled to vote on the proposal, with votes cast including votes Against and excluding abstentions. This is a routine proposal and therefore we do not expect any broker non-votes.
- For Proposal 3, being the non-binding advisory vote to approve the compensation of our named executive officers, the proposal must receive a For vote from the majority of the votes cast either in person or by proxy at the annual meeting and entitled to vote on the proposal, with votes cast excluding abstentions and broker

non-votes. While the vote on this resolution is advisory and not binding on us, our Compensation Committee and our Board will consider the outcome of the vote on this resolution when considering future executive compensation decisions.

- For Proposal 4, being the non-binding advisory vote on the frequency of future advisory votes on executive compensation, the advisory vote frequency alternative (1 Year , 2 Years or 3 Years) receiving the

TABLE OF CONTENTS

highest number of For votes from the majority of the votes cast either in person or by proxy at the annual meeting and entitled to vote on the proposal will be approved, with votes cast excluding abstentions and broker non-votes. If none of the frequency alternatives receives a majority of the votes cast, we will consider the highest number of votes cast by the stockholders to be the frequency that has been selected by the stockholders. However, this proposal is advisory and non-binding upon us.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to the notice and the proxy materials, our directors and employees may also solicit proxies in person, by telephone or by other means of communication. We will not pay our directors and employees any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding the notice and any other proxy materials to beneficial owners.

What does it mean if I receive more than one notice?

If you receive more than one notice, your shares are registered in more than one name or are registered in different accounts. Please vote by proxy according to each notice to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes, you can revoke your proxy at any time before the final vote at the annual meeting. If you are a stockholder of record, you may revoke your proxy in any one of three ways:

1. A duly executed proxy card with a later date or time than the previously submitted proxy;
2. A written notice that you are revoking your proxy to our Secretary, care of CytomX Therapeutics, Inc., at 151 Oyster Point Boulevard, Suite 400, South San Francisco, CA 94080; or
3. A later-dated vote on the Internet or by phone or a ballot cast in person at the annual meeting (simply attending the annual meeting will not, by itself, revoke your proxy).

If you are a beneficial owner, you may revoke your proxy by submitting new instructions to your broker, bank or other agent, or if you have received a proxy from your broker, bank or other agent giving you the right to vote your shares at the annual meeting, by attending the meeting and voting in person.

When are stockholder proposals due for next year's annual meeting?

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the Exchange Act), some stockholder proposals may be eligible for inclusion in our proxy statement for our 2020 Annual Meeting of Stockholders. Any such proposal must be submitted in writing by December 28, 2019, to our Secretary, care of CytomX Therapeutics, Inc., at 151 Oyster Point Boulevard, Suite 400, South San Francisco, CA 94080, the address of our principal executive offices. If we change the date of our 2020 Annual Meeting of Stockholders by more than 30 days from the date of the previous year's annual meeting, the deadline shall be a reasonable time before we begin to print and send our proxy materials. Stockholders interested in submitting such a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of the applicable securities laws and our bylaws. The submission of a stockholder proposal does not guarantee that it will be included in our proxy statement.

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that if you wish to submit a proposal that is not to be included in next year's proxy statement or nominate a director, a timely written notice of a stockholder proposal must be delivered to, or mailed and received by, our Secretary, care of CytomX Therapeutics, Inc., at 151 Oyster Point Boulevard, Suite 400, South San Francisco, CA

94080, no earlier than February 20, 2020 and no later than the close of business on March 21, 2020, which notice must contain the information specified in our bylaws. If we change the date of our 2020 Annual Meeting of Stockholders by more than 30 days before, or more than 60 days after, the one-year anniversary of the 2019 Annual Meeting of Stockholders, then the written notice of a stockholder proposal that is not intended to be included in our proxy statement must be delivered, or mailed and received, not later than the 90th day prior to our 2020 Annual Meeting of Stockholders or, if later, the 10th day following the day on which certain public disclosure as described in our bylaws of the meeting date is made.

What is householding and how does it affect me?

We have adopted a procedure approved by the SEC called householding. Under this procedure, stockholders who have the same address may receive only one copy of our annual report, proxy statement or Notice of Availability of Proxy Materials, unless one or more of these stockholders notifies us that they wish to receive individual copies of such documents. This process potentially means extra convenience for stockholders and cost savings for companies.

If you are a beneficial owner of our common stock, once you receive notice from your broker, bank or other agent that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive separate copies of our annual report, proxy statement or Notice of Availability of Proxy Materials, please notify your broker, bank or other agent, and direct your written request to CytomX Therapeutics, Inc., Secretary, at 151 Oyster Point Boulevard, Suite 400, South San Francisco, CA 94080 or contact our Secretary at (650) 528-2923. Upon written or oral request to us, we will promptly deliver a separate copy of the annual report to security holders, proxy statement, or Notice of Availability of Proxy Materials, as applicable, to a security holder at a shared address to which a single copy of the documents was delivered. Stockholders who currently receive multiple copies of our annual report, proxy statement or Notice of Availability of Proxy Materials at their address and would like to request householding of their communications should contact their broker, bank or other agent.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in a Current Report on Form 8-K filed with the SEC within four business days following the annual meeting.

TABLE OF CONTENTS**PROPOSAL 1: ELECTION OF DIRECTORS**

Our Board currently consists of six directors and is divided into three classes, designated as Class I, Class II and Class III. Under our amended and restated certificate of incorporation, our Board is authorized to assign its members in office to each class. Each class has a term of three years. There are currently two directors in Class I, Sean A. McCarthy, D. Phil., and John Scarlett, M.D., whose terms of office is scheduled to expire at the 2019 Annual Meeting of Stockholders. Each of Sean A. McCarthy and John Scarlett have been nominated for election at the 2019 Annual Meeting of Stockholders.

Any vacancies on our Board resulting from death, resignation, disqualification, removal or other causes, and any newly created directorships resulting from any increase in the number of directors, shall be filled by the affirmative vote of a majority of the directors then in office, even though less than a quorum of the Board. Any director elected to fill a vacancy shall hold office for the remainder of the unexpired term in which the vacancy occurred or newly created directorship was created and until such director's successor shall have been elected and qualified.

Directors are elected by a majority of the votes cast at the annual meeting and entitled to vote on the election of directors. A majority of votes cast shall mean that the number of shares voted For a director's election exceeds 50% of the number of votes cast with respect to that director's election, with votes cast including votes Against in each case and excluding abstentions and broker non-votes with respect to that director's election. Shares represented by executed proxies will be voted for the election of the two nominees named below, unless the Against or Abstain voting selection has been marked on the proxy card.

If any of Drs. McCarthy and Scarlett become unavailable for election as a result of an unexpected occurrence, shares that would otherwise be voted for such director will be voted for the election of a substitute nominee proposed by the Nominating and Corporate Governance Committee and nominated by the Board. Drs. McCarthy and Scarlett have agreed to serve if elected. Our management has no reason to believe that either Drs. McCarthy and Scarlett will be unable to serve. If elected at the annual meeting, each of Drs. McCarthy and Scarlett will serve until the earliest of the 2022 Annual Meeting of Stockholders, or his successor is elected and qualified, or until his death, resignation or removal.

The following are brief biographies of Drs. McCarthy and Scarlett, the nominees for director, and a discussion of their specific experience, qualifications, attributes or skills that led the Nominating and Corporate Governance Committee of the Board to recommend each of Drs. McCarthy and Scarlett for director, as of the date of this proxy statement.

Name	Position	Age
Sean A. McCarthy, D. Phil.	Class I Director	52
John Scarlett, M.D.	Class I Director	68

Dr. McCarthy joined CytomX in December 2010 as our chief business officer, became a member of our Board and our president and chief executive officer in August 2011. On January 1, 2019, Dr. McCarthy became chairman of our Board. Dr. McCarthy has more than twenty years of experience in the biotechnology industry encompassing roles in R&D, business development, financing and general management. Following completion of his post-doctoral training at the DNAX Research Institute (now Merck Palo Alto), Dr. McCarthy held research leadership and program management roles at Millennium Pharmaceuticals where he managed biologics discovery programs. From Millennium, Dr. McCarthy joined SGX Pharmaceuticals, where he spearheaded a wide range of large pharma partnerships as Vice President Business Development and helped drive a strategic reorientation of the company from a platform business model to product-focused oncology company, leading to a successful initial public offering in 2006. Immediately prior to joining CytomX, Dr. McCarthy was a transactional partner at Pappas Ventures from April 2006 to December 2010, where he was responsible for investments in therapeutic, medical device and molecular diagnostic

companies. Dr. McCarthy is an author on multiple peer reviewed scientific publications, issued patents and filed patent applications. He received a B.Sc. in biochemistry and pharmacology at King's College, University of London; an MBA from the Rady School of Management at the University of California San Diego; and a D.Phil. in cancer biology from St. John's College, University of Oxford. Dr. McCarthy currently serves as a member of the board of directors of the California Life Sciences Association. We believe Dr. McCarthy is qualified to serve on our Board based on his management experience in the life sciences sector, including at CytomX, his deep knowledge of the industry, and his strategic and business development expertise.

Dr. Scarlett has served as a member of our Board since June 2016. THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF THE NAMED NOMINEES.

TABLE OF CONTENTS**PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board has selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019 and has further directed that management submit the selection of our independent registered public accounting firm for ratification by the stockholders at the annual meeting. Ernst & Young LLP has audited our financial statements for the fiscal years ended December 31, 2017 and 2018. Representatives of Ernst & Young LLP are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. However, the Audit Committee is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in our best interests and our stockholders' best interest.

The affirmative vote of the holders of a majority of the shares of our common stock present in person or represented by proxy at the annual meeting and cast on this proposal will be required to ratify the selection of Ernst & Young LLP for our fiscal year ending December 31, 2019. Abstentions will not be counted as votes cast on this proposal. No broker non-votes are expected to exist in connection with this proposal.

Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures for the pre-approval of audit and non-audit services provided by our independent registered public accounting firm, Ernst & Young LLP. The policy generally requires pre-approval for specified services in the defined categories of audit services, audit-related services and tax services up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent registered public accounting firm or on an individual explicit case-by-case basis before the independent registered public accounting firm is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting.

TABLE OF CONTENTS

The Audit Committee will review both audit and non-audit services performed by Ernst & Young LLP and the fees charged for such services on at least an annual basis. Among other things, the Audit Committee will review non-audit services proposed to be provided by Ernst & Young LLP and pre-approve such services only if they are compatible with maintaining Ernst & Young LLP's status as an independent registered public accounting firm. All services provided by Ernst & Young LLP in 2018 and 2017 were pre-approved by our Board or the Audit Committee after review of each of the services proposed for approval.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2019.

PROPOSAL 3: NON-BINDING, ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Summary

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our stockholders to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the SEC's rules, commonly known as a Say-on-Pay vote. Accordingly, we are seeking a non-binding, advisory vote to approve the compensation of our named executive officers as described in the Compensation Discussion and Analysis section of this proxy statement and the compensation tables and accompanying narrative disclosures that follow.

Board Recommendation

Our Compensation Committee and the Board believe that the information provided in the Compensation Discussion and Analysis section of this Proxy Statement, compensation tables and accompanying narrative disclosures demonstrates that our executive compensation program is designed appropriately, emphasizes pay for performance and aligns management's interests with our stockholders' interests to support long-term value creation.

Accordingly, our Board recommends that stockholders vote FOR the following resolution:

RESOLVED, that stockholders of CytomX Therapeutics, Inc. (the Company) approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in Compensation Discussion and Analysis, compensation tables and the accompanying narrative disclosures of this Proxy Statement.

While the vote on this resolution is advisory and not binding on us, the Compensation Committee, or our Board, the Compensation Committee and our Board values thoughtful input from stockholders and will consider the outcome of the vote on this resolution when considering future executive compensation decisions. The Board will determine when the next Say-on-Pay advisory vote will be held following consideration of the outcome of the advisory vote on the frequency of future Say-on-Pay votes, included in this Proxy Statement as Proposal No. 4.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE, ON A NON-BINDING ADVISORY BASIS, FOR THE RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

TABLE OF CONTENTS

PROPOSAL 4: ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY (SAY-ON-PAY) VOTES BY STOCKHOLDERS TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Summary

The Dodd-Frank Act enables our stockholders to indicate how frequently they believe we should seek a non-binding advisory vote from stockholders to approve the compensation of our named executive officers. We are providing our stockholders with the choice of selecting a frequency of 1 year, 2 years or 3 years or abstaining from this advisory vote.

The Board is also seeking an advisory Say-on-Pay vote from stockholders at the 2019 Annual Meeting of Stockholders and expects to seek such vote every year. We believe that this frequency is appropriate because it will enable our stockholders to vote, on an advisory basis, on the most recent executive compensation information that is presented in each of our proxy statements, leading to a more meaningful and coherent communication between the Company and our stockholders on the compensation of our named executive officers.

The Board's current plan is further based on the premise that this recommendation could be modified if it becomes apparent that an annual frequency vote is not meaningful, is burdensome or is more frequent than indicated by best corporate governance practices.

Board Recommendation

Based on these factors, the Board recommends that future advisory votes by stockholders on named executive officer compensation occur every year, until the next advisory vote on the frequency of future Say-on-Pay votes.

Stockholders are not being asked to approve or disapprove the Board's recommendation, but rather to indicate their choice among the following frequency options: one year, two years or three years, or to abstain from voting on this item. If none of the frequency alternatives - one year, two years or three years - receives a majority of the votes cast, we will consider the highest number of votes cast by stockholders to be the frequency that has been selected by stockholders. Accordingly, we are asking stockholders to approve the following non-binding advisory resolution at the Annual Meeting:

RESOLVED, that the compensation of named executive officers of CytomX Therapeutics, Inc. (the Company) be submitted to an advisory vote by the Company's stockholders every (a) 1 year, (b) 2 years, or (c) 3 years, with such alternative that receives the highest number of votes cast representing the vote of stockholders.

The vote on this resolution is advisory, and therefore not binding on the Company, the Board or its Compensation Committee. The Board may decide that it is in the best interests of the Company and its stockholders to hold future advisory Say-on-Pay votes more or less frequently than the frequency indicated by stockholders in voting on this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS APPROVE, IN A NON-BINDING ADVISORY VOTE, THAT FUTURE ADVISORY VOTES BY STOCKHOLDERS TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS BE REQUESTED EVERY 1 YEAR .

Meetings of the Board of Directors

The Board met six times during the fiscal year ended December 31, 2018. The Audit Committee of the Board met five times, the Compensation Committee of the Board met seven times and the Nominating and Corporate

TABLE OF CONTENTS

Governance Committee of the Board met four times. Each member of the Board attended at least 75% of the aggregate number of meetings of our Board and of the committees on which he or she served, that were held during the period of the last fiscal year.

Director Attendance at Annual Meetings

Our Board has a policy of encouraging director attendance at our annual meetings of stockholders, but attendance is not mandatory. Our Board and management team encourage all of our directors to attend the 2019 Annual Meeting. All of our directors attended the 2018 Annual Meeting, except Fred W. Gluck, who could not attend for personal reasons.

Corporate Governance Guidelines

The Board has documented our governance practices in our corporate governance guidelines to assure that the board will have the necessary authority and practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The guidelines are also intended to align the interests of directors and management with those of our stockholders. The corporate governance guidelines set forth certain practices the Board will follow with respect to Board composition, Board committees, Board nomination, director qualifications and evaluation of the Board and committees. The corporate governance guidelines and the charter for each committee of the Board may be viewed at www.cytomx.com.

Board Leadership Structure

Our bylaws and Corporate Governance Guidelines provide our Board with flexibility to combine or separate the positions of chairman of the Board and chief executive officer and/or the implementation of a lead director in accordance with its determination that utilizing one or the other structure would be in the best interests of the Company. The position of chief executive officer and chairman of the Board is currently held by Sean A. McCarthy, D. Phil. Our previous chairman, Hoyoung Huh, M.D., Ph.D., retired from the Board on December 31, 2018, and the Board, at the recommendation of the Nomination and Corporate Governance Committee, appointed Dr. McCarthy to the role of chairman upon Dr. Huh's retirement. The Board also appointed Matthew P. Young to serve as Lead Independent Director of the Board. In that role, Mr. Young presides over the executive sessions of the Board in which Dr. McCarthy does not participate, serves as a liaison to Dr. McCarthy and management on behalf of the Board and performs such other duties and exercises such other powers as may from time to time be assigned by the bylaws or the Board.

Our Board has concluded that our current leadership structure is appropriate at this time. However, our Board will continue to periodically review our leadership structure and may make such changes in the future as it deems appropriate.

Risk Oversight

The Board monitors and assesses key business risks directly through deliberations of the Board and also by way of delegation of certain risk oversight functions to be performed by committees of the Board. The Board regularly reviews and assesses, among other matters, the following important areas that present both opportunities and risk to the Company's business:

- review and approval of the Company's annual operating and capital spending plan and review of management's updates as to the progress against plan and any related risks and uncertainties;
-

periodic consideration of the balance of risk and opportunities presented by the Company's medium to long-term strategic plan and the potential implications of success and failure in one or more of the Company's key drug development programs;

- regular consideration of the risks and uncertainties presented by alternative clinical development strategies;
- regular review of the progress and results of the Company's clinical development programs and early research efforts, including, without limitation, the strengths, weaknesses, opportunities and threats for these programs;
- periodic review and oversight of any material outstanding litigation or threatened litigation;

TABLE OF CONTENTS

- review and approval of material collaboration partnerships for the further development and commercial exploitation of the Company's proprietary drug development programs and technologies;
- regular review and approval of the annual corporate goals and an assessment of the Company's level of achievement against these established goals;
- regular review of the Company's financial position relative to the risk and opportunities for the Company's business;
- periodic review of the Company's intellectual property estate;
- review and assessment of succession planning and performance concerns for the Section 16 officers; and
- periodic review of the Company's compensation programs.

The discussion above of risk oversight matters reviewed by the Board is intended to be illustrative only and not a complete list of all important matters reviewed and considered by the Board in providing oversight and direction for the Company's senior management and business.

The risk oversight function of the Board is also administered through various Board committees. The Audit Committee oversees the management of financial, accounting, internal controls, disclosure controls and the engagement arrangement and regular oversight of the independent auditors. The Audit Committee also periodically reviews the Company's investment policy for its cash reserves and fraud monitoring practices and procedures, including the maintenance and monitoring of a whistleblower hotline.

The Compensation Committee is responsible for the design and oversight of the Company's compensation programs. The Compensation Committee also regularly reviews and reports to the Board on succession planning for the chief executive officer and certain other select senior management positions.

The Nominating and Corporate Governance Committee periodically reviews the Company's corporate governance practices, including certain risks that those practices are intended to address. The Nominating and Corporate Governance Committee periodically reviews the composition of the Board to help ensure that a diversity of skills and experiences is represented by the members of the Board taking into account the stage of growth of the Company and its strategic direction, as well as identifies, evaluates and nominates qualified candidates.

In carrying out their risk oversight functions, the Board and its committees routinely request and review management updates, reports from the independent auditors and legal and regulatory advice from outside experts, as appropriate, to assist in discerning and managing important risks that may be faced by the Company. The Board is committed to continuing to ensure and evolve its risk oversight practices as appropriate given the stage of the Company's evolution as a drug development Company and the fast-paced changes in the biopharmaceutical industry.

Independence of the Board of Directors

Under the rules of The Nasdaq Stock Market LLC (Nasdaq), independent directors must comprise a majority of a listed company's board of directors within twelve months from the date of listing. In addition, Nasdaq rules require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and corporate governance committees be independent. Audit committee members must also satisfy additional independence criteria set forth in Rule 10A-3 under the Exchange Act, and in Nasdaq Rule 5605©(2)(A). Under Nasdaq rules, a director will only qualify as an independent director if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

To be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board committee, accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company

or any of its subsidiaries or be an affiliated person of the listed company or any of its subsidiaries.

Our Board has undertaken a review of its composition, the composition of its committees and the independence of each director. Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, our Board determined that none of our directors, other than Dr. McCarthy, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is independent as that term is

defined under the Nasdaq rules. Dr. McCarthy is not considered independent because he is an employee of CytomX. Our Board determined that Charles S. Fuchs, M.D., M.P.H., a member of our Compensation Committee, Frederick W. Gluck, a member of our Audit Committee, Nominating and Corporate Governance Committee, and Compensation Committee, Matthew P. Young, a member of our Audit Committee and Nominating and Corporate Governance Committee, and John Scarlett, M.D., a member of our Audit Committee and Compensation Committee satisfy the independence standards for such committees established by applicable SEC and the Nasdaq rules, including, with respect to Mr. Gluck, Dr. Scarlett and Mr. Young, the heightened independence criteria applicable to the Audit Committee, as set forth in Rule 10A-3 and Nasdaq Rule 5605. In making these determinations, our Board considered the relationships that each non-employee director has with us and all other facts and circumstances our Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Information Regarding the Committees of the Board of Directors

Our Board has three regularly constituted committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The following table provides current membership information and meeting information as of December 31, 2018 for each of the Board committees:

Our Board has determined that each of Mr. Young, Dr. Scarlett and Mr. Gluck are independent for Audit Committee purposes as that term is defined in the applicable rules of the SEC and The Nasdaq Global Select Market. Our Board has designated Mr. Young as an audit committee financial expert as defined under the applicable rules of the SEC and has determined that Mr. Young has the requisite financial sophistication as defined under the applicable rules and regulations of Nasdaq. The Audit Committee has adopted a written Audit Committee charter that satisfies the applicable standards of the SEC and Nasdaq, and which is available on our corporate website at www.cytomx.com.

The responsibilities of the Compensation Committee include, among other things:

The Compensation Committee has the sole authority to retain or replace, at the Company's expense, any independent counsel, compensation and benefits consultants and other outside experts or advisors as the committee believes to be necessary or appropriate. The committee may also utilize the services of the Company's regular legal counsel or other advisors to the Company. The Compensation Committee has engaged Radford, an Aon Hewitt Company, since 2015 as a compensation consultant to evaluate non-employee director compensation and compensation in comparison to

industry peers.

The members of the Compensation Committee are John Scarlett, M.D., Frederick W. Gluck and Charles S. Fuchs, M.D., M.P.H. Dr. Scarlett serves as the chairperson of the committee. term is defined in the applicable Nasdaq rules, and is a non-employee director within the meaning of Rule 16b-3(d)(3) promulgated under the Exchange Act. The Compensation Committee has adopted a written Compensation Committee charter that satisfies the applicable standards of the SEC and Nasdaq, and which is available on our corporate website at www.cytomx.com.

Nominating and Corporate Governance Committee

The responsibilities of the Nominating and Corporate Governance Committee include, among other things:

- identifying individuals qualified to become members of the Board;
- recommending to the Board the persons to be nominated for election as directors and to each committee of the Board;
- annually reviewing our corporate governance guidelines; and
- monitoring and evaluating the performance of the Board and leading the board in an annual self-assessment of its practices and effectiveness.

The Nominating and Corporate Governance Committee has the power to investigate any matter brought to its attention within the scope of its duties and will have the authority to retain counsel and advisors to fulfill its responsibilities and duties.

The Nominating and Corporate Governance Committee may retain, at the Company's expense, any independent counsel, experts or advisors that the committee believes to be desirable and appropriate. The committee may also use the services of the Company's regular legal counsel or other advisors to the Company.

The Nominating and Corporate Governance Committee is comprised of Frederick W. Gluck, who currently serves as the chairperson of the committee, and Matthew P. Young. Our Board has determined that each of Messrs. Gluck and Young are independent directors for Nominating and Corporate Governance Committee purposes as that term is defined in the applicable rules of The Nasdaq Global Select Market. The Nominating and Corporate Governance Committee has adopted a written committee charter that satisfies the applicable standards of the SEC and Nasdaq, and which is available on our corporate website at www.cytomx.com.

The Nominating and Corporate Governance Committee reviews candidates for director nominees in the context of the current composition of the board, our operating requirements and the long-term interests of stockholders. In conducting this assessment, the Nominating and Corporate Governance Committee considers diversity, age, skills and such other factors as it deems appropriate given our current needs and those of our Board to maintain a balance of knowledge, experience and capability. The committee also periodically reviews the overall effectiveness of the Board, including Board attendance, level of participation, quality of performance, self-assessment reviews and any relationships or transactions that might impair director independence. In the case of new director candidates, the committee will also determine whether the nominee must be independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The committee may also use its network of contacts to compile a list of potential candidates and engage, if it deems appropriate, a professional search firm. The committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the board. The committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the board by majority vote.

The Nominating and Corporate Governance Committee will consider for nomination any qualified director candidates recommended by our stockholders. Any stockholder who wishes to recommend a director candidate is directed to submit in writing the candidate's name, biographical information, relevant qualifications and other information required by our bylaws to our Secretary at our principal executive offices before the deadline set forth in our bylaws.

All written submissions received from our stockholders will be reviewed by the Nominating and Corporate Governance Committee at the next appropriate meeting. The Nominating and Corporate Governance Committee will evaluate any suggested director candidates received from our stockholders in the same manner as recommendations received from management, committee members or members of our Board.

Shareholder Engagement: Say on Pay

We no longer are considered an Emerging Growth Company, as defined by the Jumpstart Our Business Startups Act (JOBS Act) of 2012, due to our strong revenue growth and market capitalization. As such, by way of our 2019 proxy, we are presenting our first Say-on-Pay proposal for shareholder consideration in this proxy statement.

Executive Summary

Highlights of Our Executive Compensation Practices

Our Compensation Committee oversees the design and administration of our executive compensation programs to ensure that they are tied directly to performance and that they reward our executive officers in a manner consistent with shareholder interests, competitive pay practices, and applicable requirements of regulatory bodies. Our executive compensation programs are structured to reward executives for achievement of our short and long-term strategic, operational, and financial goals.

The compensation paid or awarded to our executive officers is generally based on the assessment of each individual s performance, as well as the performance of the Company as a whole, compared against individual and Company performance objectives established for the fiscal year. In addition, we seek to pay compensation at a level that is competitive with similarly situated companies within the life sciences industry.

As we continue to advance our Probody™ platform, it is imperative that we continue to retain, motivate and reward our highly skilled executive team.

TABLE OF CONTENTS

Key Elements of our Compensation Program

Following are the key elements of our compensation program, which also apply to all of our employees:

Compensation Governance and Best Practices

The Compensation Committee regularly reviews industry best practices in executive compensation. We have implemented several strong governance standards with respect to our compensation programs and practices, as follows:

- Pay for performance philosophy and culture
- Significant portion of executive pay at risk and equity-based
- Balance of pay for achievement of both short- and long-term performance
- Responsible use of shares under our long-term incentive program
- Engagement of an independent compensation consultant
- Performance of an annual risk assessment of our compensation programs
- Prohibition of hedging or pledging of our stock
- Implementation of annual stockholder Say-on-Pay vote (to be implemented with this Proxy Statement)

Our Executive Compensation Philosophy and Objectives

The overall objective of our compensation program is to support business objectives which will deliver shareholder value by attracting, retaining, and engaging the highest caliber of employees, including executive officers, while maintaining a fiscally responsible position in a highly competitive employment environment. Consistent with this overall objective, the goals of the executive compensation program are to:

- Attract, motivate, retain and engage the highest caliber of executive leadership
- Maintain a fiscally responsible suite of compensation programs in a highly competitive employment environment
- Link incentive award opportunities to the achievement of measurable individual and corporate goals
- Align the interests of executive officers with the interests of our shareholders by tying compensation to the achievement of our short- and long-term strategic, operational and financial goals, which will serve to maximize responsible value creation for our shareholders

TABLE OF CONTENTS

To achieve these goals, we endeavor to maintain compensation plans that tie a substantial portion of executives overall compensation to key strategic, operational and financial goals that are supportive of our business strategy and align the interests of our executives with those of our long-term shareholders. The Compensation Committee also considers internal equity for all employees including, but not limited to, its executive officers, when determining compensation to ensure that the Company is fair in its compensation practices across all levels and to ensure that there is no discrimination in compensation practices.

Process for Setting Executive Compensation

Role of the Compensation Committee

Appointed by our Board, Compensation Committee members are independent of management and meet the NASDAQ listing standards for independence. The Compensation Committee acts on behalf of the Board to oversee the compensation policies and practices applicable to all our employees, including the administration of our equity plans and employee benefit plans. Typically, the Compensation Committee meets at least once quarterly and with greater frequency as necessary. The agenda for each meeting is usually developed by the Chair of the Compensation Committee, in consultation with the Chief Executive Officer and other members of management, as necessary, as well as our independent compensation consultant, Radford. The Compensation Committee also regularly meets in executive session without the presence of any employees. Historically, the Compensation Committee makes decisions related to executive compensation after conducting meetings during the fourth quarter of the calendar year and early in the first quarter of the ensuing year.

Role of Independent Compensation Consultant

The Compensation Committee retained the services of Radford, an Aon Company, as an independent executive compensation consultant due to its extensive analytical and compensation expertise in the biotechnology and pharmaceutical industry. In this capacity, Radford has advised the Compensation Committee on compensation matters related to employee compensation, including the executive and director compensation programs. In fiscal 2018, Radford assisted the Compensation Committee with, among other things:

- Review and suggest changes to our compensation peer group for our executive and Board positions.
- Analyze competitive market compensation for our executives and directors based on recommended peer companies and broader market survey data.
- Develop and refine executive and director compensation programs.
- Provide guidance on emerging executive compensation governance issues and industry best practices.

The Compensation Committee has the sole authority to engage and terminate Radford's services, as well as to approve their compensation. Radford makes recommendations to the Compensation Committee, but has no authority to make compensation decisions on behalf of the Compensation Committee or the Company. Radford reports to the Compensation Committee and has direct access to the Chairman and the other members of the Compensation Committee. In addition to advice related to the executive and director compensation programs, Radford performs an analysis of all employee compensation for the Company.

The Compensation Committee conducted a specific review of its relationship with Radford in the past year and determined that Radford's work for the Compensation Committee did not raise any conflicts of interest. Radford's work has conformed to the independence factors and guidance provided by all applicable regulatory bodies.

Role of Management

To aid the Compensation Committee in its responsibilities, the Chief Executive Officer, with assistance from the Senior Vice President, Talent and Systems, regularly discusses compensation-related matters with the Chair of the Compensation Committee and then meets with the Compensation Committee to discuss these matters. The Chief Executive Officer also provides the Compensation Committee with quarterly recommendations relating to the level of achievement of our corporate goals. In addition, he presents to the Compensation Committee assessments of the performance and achievements for each of the NEOs (other than himself) for the prior year and makes recommendations regarding compensation arrangements for these individuals. The Compensation Committee gives considerable weight to the Chief Executive Officer's performance evaluations of the other NEOs since he has direct

TABLE OF CONTENTS

knowledge of the criticality of their work, performance and contributions. The Compensation Committee does not consult with any other executive officer with regard to its decisions. The Chief Executive Officer does not participate in the Compensation Committee's or Board's deliberations or decisions regarding his own compensation, which is approved by the independent members of the Board.

Use of Market Data and Peer Group Analysis

When considering executive compensation decisions, the Compensation Committee believes it is important to be informed as to current compensation practices of publicly held companies in the life sciences industry that are most similar to CytomX in terms of labor market competition, stage of product development, market capitalization and number of employees.

In fiscal 2018, as in prior years, the Compensation Committee referenced Radford's market data for our peer group, along with other factors, in setting total compensation for our NEOs because industry competition for executive management is intense and the retention of our highly skilled leadership team is critical to our success. In determining market-competitive compensation for our NEOs, our Compensation Committee has not targeted a specific percentile relative to our compensation peer group for individual components of our total compensation, but rather generally used a range between the 25th to 75th percentiles as a reference point. Competitive market data regarding compensation is just one factor considered in determining the individual compensation of executives. Other important considerations include experience, individual performance, relative scope of responsibilities compared with external market positions surveyed, internal equity and retention.

2018 Peer Group

In the latter half of 2017, based on the recommendation of Radford, the Compensation Committee determined that a defined peer group was appropriate for reference purposes when making 2018 executive officer compensation decisions. With the assistance of Radford, the Compensation Committee considered several factors in determining the appropriate companies to be named as peers, including:

- **Sector/Geography:** US-based biotechnology companies, located in San Francisco Bay Area or other biotech hub markets that reflect the talent market.
- **Stage of development:** Pre-commercial companies, with a continued focus on oncology companies when possible.
- **Market capitalization:** Generally, between \$250M and \$1.8B (~\$550M at time of peer group development).
- **Number of employees:** Headcount between 25 and 200 employees.

Using the aforementioned criteria, the following 23 companies were identified by the Compensation Committee and Radford as the defined peer group for 2018 executive compensation decisions:

Accelaron Pharma	Calithera Biosciences	Karyopharm Therapeutics
Audro BioTech	Coherus BioSciences	MacroGenics
Aimmune Therapeutics	Demira	MyoKardia
Alder BioPharmaceuticals	Editas Medicine	Versartis
Atara Biotherapeutics	Epizyme	Voyager Therapeutics
Audentes Therapeutics	Five Prime Therapeutics	WAVE Life Sciences
Bellicum Pharmaceuticals	Global Blood Therapeutics	Xencor
Blueprint Medicines	Ignyta	

Elements of Compensation

The Compensation Committee's objective is to have compensation programs and practices that are competitive with our peers and industry through a mix of cash (base salary and annual, performance-based cash incentive bonuses) and long-term incentives (equity awards.)

Pay Mix

Our executive compensation strategy does not include any formal policy or practice of dividing total compensation into specific, percentage-based cash and non-cash portions. Instead, the Compensation Committee uses its judgment, in consultation with Radford, in determining an appropriate mix of cash/equity, and short-term/long-

TABLE OF CONTENTS

term performance-based compensation. The Compensation Committee believes that a substantial portion of pay for the executives should be at risk and incentivize long-term performance. Therefore, a majority of the annual compensation is at risk in the form of annual cash bonuses for short term performance and equity-based compensation to incentivize long term performance.

The balance among these components may change from year to year, based on corporate strategy and objectives, among other considerations. While there is no specific target mix of fixed versus variable, performance-based pay, for fiscal year 2018, approximately 84% of our Chief Executive Officer's total direct compensation (consisting of base salary, target annual cash incentive award and the grant date fair value of equity awards) was performance-based and approximately 74% of the other NEO's total direct compensation was performance-based, with the majority of compensation incentivizing long-term performance.

Base Salaries

The Compensation Committee's philosophy is to maintain base salaries at a competitive level sufficient to recruit and retain individuals possessing the skills and capabilities necessary to achieve the Company's goals over the long-term. Base salaries serve to provide fixed cash compensation to our executive officers for performing their ongoing responsibilities. Base salaries for our executive officers are approved upon joining the Company by the Compensation Committee. Then on an annual basis they are reviewed and adjusted, as appropriate, by the Compensation Committee, in consultation with the Committee's independent compensation consultant, Radford, and taking into consideration the Chief Executive Officer's recommendations.

Such annual adjustments are based on factors that may include each executive officer's:

- Position and specific responsibilities.
- Individual performance.
- Level of experience.
- Contribution to corporate and strategic goals.
- Competitive market data for comparable positions at peer companies and the broader market.

We reviewed our NEOs' base salaries referencing relevant compensation survey data from Radford, as well as taking into account our Chief Executive Officer's assessment of individual executive performance (except with respect to his own salary.) Based on this review, the Compensation Committee increased our NEOs' base salaries in 2018, effective as of January 1, 2018, as set forth below:

NEO BASE SALARIES			
Named Executive Officer	FY 2017	FY 2018	% Increase
Sean A. McCarthy, D. Phil.	\$ 500,000	\$ 550,000	10 %
Debanjan Ray	\$ 375,000	\$ 393,750	5 %
Rachel Humphrey, M.D.	\$ 410,800	\$ 440,448	7 %
W. Michael Kavanaugh, M.D.	\$ 410,920	\$ 427,357	4 %
Lloyd A. Rowland, J.D.*	—	\$ 360,000	—

* Mr. Rowland became employed by the Company beginning May 21, 2018. His base salary was negotiated as part of his new-hire compensation.

Annual Performance-Based Cash Incentives

Our annual cash incentive program is designed to reward all employees, including our executive officers, for the achievement of the Company's annual corporate goals, as well as individual performance against annual individual

goals. We believe that annual incentives hold executives accountable, reward executives based on actual business results and help create a pay for performance culture. There are no minimum or guaranteed bonus payments for employees, including the NEOs.

Under our cash incentive program, every employee, including each NEO, has an established annual performance-based incentive target, which is equal to a percentage of the employee's base salary. This percentage increases as levels of responsibility increase.

TABLE OF CONTENTS***Executive Incentive Opportunities***

Under our cash incentive program, each of our executive officers has an established annual incentive target which is equal to a percentage of their base salary (AIP). The actual earned annual incentive bonus, if any, is calculated based on corporate goal achievement and their individual goal achievement, multiplied by the AIP. For 2018, our NEOs had the following annual AIP cash incentive opportunities:

Named Executive Officer	2018 Base Salary	Target AIP (as % of base salary)	
Sean A. McCarthy, D. Phil.	\$ 550,000	60	%
Debanjan Ray	\$ 393,750	40	%
Rachel Humphrey, M.D.	\$ 440,448	40	%
W. Michael Kavanaugh, M.D.	\$ 427,357	40	%
Lloyd A. Rowland, J.D.	\$ 360,000	40	%*

* Prorated based on employment beginning May 21, 2018.

Annual Corporate Performance Goals

At the beginning of each year, our Chief Executive Officer develops annual corporate goals with input from our executive management team. The goals relate to our strategic, operational and financial strategy. Each goal is assigned a weighting based on its importance and business value for CytomX and our shareholders. Each of the goals is established with criteria for getting to target goal accomplishment (100%) and criteria for obtaining stretch goal accomplishment (up to 150%). The Compensation Committee reviews and adjusts the proposed corporate goals and associated weightings as necessary and then recommends them to the Board for approval.

At the end of each performance year, the Chief Executive Officer presents to the Compensation Committee an assessment of the Company's achievement against the pre-established annual corporate goals. The Compensation Committee reviews and discusses the corporate performance assessment, makes adjustments based on events or circumstances it deems appropriate, and determines an overall corporate performance score representing the extent to which the Company achieved its overall objectives for the year. The corporate performance score can range up to 150% and is approved by the Board upon recommendation from the Compensation Committee. This corporate performance score serves as the basis for determining actual bonus payouts under the annual cash incentive plan.

2018 Corporate Performance

For 2018 our corporate goals were based on the following:

1. Clinical development goals, including clinical trial progress on CX-072, CX-2009 and CX-2029; and progression of CX-188 to IND filing;
2. Research goals, including the accomplishment of projects pertaining to new molecular targets, Probody modalities, and the advancement of next generation Probody technology;
3. Financing and business development goals; and
4. Company culture goals, including goals pertaining to hiring and retention, and the establishment of programs for employee development.

TABLE OF CONTENTS

In early 2019, the Board reviewed the Company's accomplishments for 2018, and with the recommendation of the Compensation Committee, determined that the overall achievement percentage of the Company was 125% based on the total of each corporate goal accomplishment set forth above and in consideration of other accomplishments, primarily with respect to clinical development.

Individual Performance

To further our commitment to a pay for performance culture, we allocate our bonus pool by applying a multiplier to the corporate performance score, based on each executive's individual performance rating. At the end of each performance year, the Chief Executive Officer presents the Compensation Committee with an evaluation of each executive officer's performance against pre-established annual individual goals, as well as a performance rating for each executive officer (other than himself) and a recommended annual incentive award amount for each executive officer (other than himself) based on the corporate performance score and the recommended individual performance rating multiplier. Our bonus awards are calibrated to pay out at 100% of overall target if an individual's performance has been rated at the Exceeds Expectations level, consistent with our compensation philosophy. For those executives receiving an Outstanding individual performance rating, bonus payouts based on corporate performance score are increased by an additional 30%. Conversely, for those executives receiving a Meets Expectation rating, bonus payouts based on the corporate performance score are decreased by 30%.

Dr. McCarthy's performance is assessed based on leading the Company to achieve its corporate goals and he therefore received a performance rating of 125% for 2018. Each other NEO received a performance rating calibrated to reflect actual performance against expectations for their target performance. The NEOs exceeded target performance expectations and received a performance rating at the Exceeds Expectations level discussed above. Mr. Ray's rating reflected his successful completion of a follow-on financing with net proceeds of \$135 million, building of the finance team, leading broad-based investor relations efforts and business development efforts. Dr. Humphrey's performance rating reflected her leadership of broad clinical programs, delivery of CX-072 Phase 1 clinical data, advancement of CX-2009, and development of clinical, regulatory and quality functions. Dr. Kavanaugh's rating reflected his research and translational sciences leadership and contribution to IND filings. Mr. Rowland's performance rating reflected his effective onboarding and planning across key legal functions, integration into the executive team and strengthening of the compliance program.

2018 Earned Cash Bonuses

Based on the bonus determination process described above, the following table sets forth the annual bonus amounts for each NEO for the 2018 performance year, along with each executive's target bonus percentage for 2018 and associated dollar value.

Equity Awards

The long-term incentive component of our executive compensation program is equity-based and is dependent on the future success of the Company. In 2018 our equity program consisted of time-based options to purchase shares of our common stock, which require our common stock to appreciate in value before our executive officers realize any economic benefit from the options.

TABLE OF CONTENTS

Our equity awards program is designed to:

- Attract key talent
- Align our executives’ compensation with the long-term interests of our shareholders, as well as with CytomX’s performance over the long-term
- Retain skilled leadership needed to drive the Company forward to achieve long-term success and value creation
- Maintain competitive levels of executive compensation
- Encourage employee ownership culture

In 2018, equity awards were comprised solely of stock option grants under our 2015 Plan. The Compensation Committee views options as performance-based, and took into consideration the fact that most companies in our competitive market have equity programs in which options are the sole vehicle utilized. Such grants encourage employee ownership in CytomX, link pay with performance and align the interests of shareholders and employees. Our employees, including the NEOs, have an opportunity to realize value from equity-based awards through sustained, increasing price per share performance in our Common Stock. The Compensation Committee determines the size of any stock option grant according to each executive officer’s position. To do so, the Compensation Committee generally references the market data of our peer group companies provided by Radford. The Compensation Committee also takes into consideration each NEO’s recent performance history, his or her potential for future responsibility, and criticality of his or her work to the long-term success of the Company. Other factors may include equity awards previously granted, the amount of actual versus theoretical equity value per year that has been derived to date by the individual, the current actual value of unvested equity grants for each individual. The Compensation Committee has the discretion to give relative weight to each of these factors as it sets the size of the stock option grant to appropriately create an opportunity for reward based on increasing shareholder value.

CytomX’s standard vesting schedule for the first stock option grant awarded to newly hired employees, including executive officers, provides that 25% of the shares granted will vest on the first anniversary of the commencement of employment, with the balance vesting in equal monthly installments over the subsequent thirty-six (36) months, until option shares are fully vested, subject to the individual’s continued service to us through the applicable vesting date. Additional option grants made after an employee, including an executive officer, has provided services to the Company generally vest monthly from the date of grant over four years, subject to the individual’s continued service to us through the applicable vesting date.

The Compensation Committee grants equity awards to newly hired and existing executive officers. Our general policy is to grant stock options and other equity awards on fixed dates determined in advance, although there are occasions when grants are made on other dates.

All required approvals are obtained in advance of or on the actual grant date. Other than stock option grants to new hires, stock option grants to executive officers are generally approved once a year when compensation decisions are finalized (typically in January, in conjunction with a meeting of the Compensation Committee and Board.) If an executive officer is promoted, grants will normally be made at the time of such promotion, or, in rare circumstances, ad-hoc grants may be made for recognition of outstanding performance.

Our NEOs received the following stock option grants in January 2018:

Named Executive Officer	Options (#)
Sean A. McCarthy, D. Phil.	300,000
Debanjan Ray	100,000
Rachel Humphrey, M.D.	100,000

W. Michael Kavanaugh, M.D.	75,000	
Lloyd A. Rowland, J.D.	100,000	*

* Mr. Rowland's options were granted in connection with his hiring on May 21, 2018. 25% of Mr. Rowland's options shall vest upon the 1-year anniversary of the grant date (May 31, 2018), with the remaining options vesting in equal monthly installments over the next three years thereon.

TABLE OF CONTENTS

In accordance with our equity grant practices, the exercise price for these stock option grants was equal to the closing price of our Common Stock as reported by the Nasdaq Global Select Market on the date of grant and the vesting schedule (except for new-hire grants) is monthly over four years from the date of grant, provided the employee continues to provide services to the Company.

On occasion, when the Compensation Committee wants to incentivize specific corporate objectives which have substantial uncertainty, option grants are made to the person with specific responsibility for such objective. These grants generally vest upon accomplishment of the specific objective, provided it occurs within certain time limits. If the objective does not occur within the established time limit, the grant expires. These equity grants also generally have a term of ten years from the date of grant.

Additional Compensation Policies, Practices, and Governance

Perquisites

Dr. Humphrey and Mr. Rowland are reimbursed for the cost of commuting for work from New Jersey and Southern California, respectively. The Compensation Committee has considered these expenses and believes that in light of the highly competitive market in which the Company competes for talent and the unique talents and contributions of these executives, these expenses are in the best interests of our shareholders.

Employment Agreements and Severance and Change in Control Benefits

We have entered into written employment agreements with each of our NEOs that set forth the terms of their employment, including initial base salaries and eligibility to participate in the Company's annual performance-based bonus program. In addition, each employment agreement includes restrictive covenants that would apply in the event of termination, which our Board believe helps protect our value. Each of our NEOs is employed at will. Dr. Humphrey's offer letter, as amended, also provides that we will reimburse Dr. Humphrey's travel expenses for her commute from her principal residence in New Jersey to our headquarters in South San Francisco, California. The Company has also agreed to reimburse Mr. Rowland for his travel expense reimbursements for his commute from his principal residence in San Diego to our headquarters in South San Francisco, California.

Our NEOs are entitled to certain severance and change in control benefits under the terms of our amended and restated severance agreements, their employment agreements and our equity plans, as further described under the sub-section entitled Potential Payments Upon Termination or Change in Control. As of December 31, 2018, in the event of a termination without cause or due to good reason, these benefits generally provided for a payment to Dr. McCarthy and the other NEOs equal to 12 months and 9 months, respectively, of base salary and COBRA insurance premiums and, for Dr. McCarthy, an additional amount equal to his prorated annual target bonus for the year terminated. In the event of a termination due to a change in control, (i) all of the NEOs vesting of outstanding stock option grants would be accelerated; (ii) in the case of Dr. McCarthy, his cash payment would be increased to an amount equal to 18 months of base salary, annual target bonus and COBRA premiums; and (iii) all of the NEOs (other than Dr. McCarthy) would receive an increased cash payment equal to 9 months of base salary, annual target bonus and COBRA premiums.

In 2019, following a review of competitive market practice, the severance and change of control agreement for Dr. McCarthy was amended and restated to increase the benefits payable to 18 months of salary, pro-rated annual target bonus and 18 months COBRA premiums in the event of a termination without cause or for good reason and to 24 months of salary, 24 months annual target bonus and 24 months COBRA premiums in the event of a termination without cause or for good reason in the event of a change in control. For other NEOs, the amended and restated agreements increased the amount payable to 12 months of base salary and COBRA benefits, plus an amount equal to the prorated bonus in the year terminated in the event of a termination without cause or for good reason. For the other

NEOs, a termination without cause or for good reason in the event of a change in control increased the amount equal to 12 months of base salary, annual target bonus and COBRA benefits.

The Compensation Committee believes these severance and change in control provisions are essential elements of our executive compensation program and assist us in recruiting, retaining and developing key management talent in the competitive San Francisco Bay Area employment market. Our change in control benefits are intended to allow employees, including our NEOs, to focus their attention on the business operations of CytomX in the face of the potentially disruptive impact of a rumored or actual change in control transaction, to assess takeover bids objectively without regard to the potential impact on their own job security and to allow for a smooth transition in the event of

TABLE OF CONTENTS

a change in control of CytomX. In addition, our severance benefits provide reasonable protection to the executive officer in the event that he or she is not retained. We do not provide for any excise tax gross-ups in the amended and restated severance agreements.

Broad-Based Benefits

We offer a comprehensive array of benefits to our employees, including our NEOs. Benefit programs include a variety of health insurance plans, 401(k) plan with Company matching contributions at Board-approved levels, employee stock purchase plan and term life insurance. These benefits are offered to all employees, including executive officers, in order to attract and retain employees. We do not offer defined benefit pension or other supplementary retirement benefits to employees.

Tax and Accounting Implications of Executive Compensation

The Compensation Committee considers the deductibility of executive compensation under Section 162(m) of the Code in designing, establishing and implementing our executive compensation policies and practices. Section 162(m) generally prohibits us from deducting any compensation over \$1 million per taxable year paid to our NEOs unless, under tax laws in effect prior to January 1, 2018, such compensation is treated as performance-based compensation within the meaning of Section 162(m) of the Code. The Tax Cuts and Jobs Act (the Tax Act) among other changes, repealed the exception from the deduction limit under Section 162(m) for performance-based compensation effective for taxable years beginning after December 31, 2017, such that compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017 that are not materially modified after that date. However, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) as revised by the Tax Act, including the uncertain scope of the transition relief adopted in connection with repealing Section 162(m)'s performance-based compensation exception, no assurance can be given that previously granted compensation intended to satisfy the requirements for performance-based compensation will in fact qualify for such exception. In determining the form and amount of compensation for our NEOs, the Compensation Committee will continue to consider all elements of the cost of such compensation, including the potential impact of Section 162(m).

While the Compensation Committee considers the deductibility of awards as one factor in determining executive compensation, the Compensation Committee also looks at other factors in making its decisions and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by us for tax purposes.

In addition to considering the tax consequences, the Compensation Committee considers the accounting consequences of its decisions, including the impact of expenses being recognized in connection with equity-based awards, in determining the size and form of different equity-based awards.

Pension Benefits and Nonqualified Deferred Compensation Plans

We do not have any pension benefits or nonqualified deferred compensation plans.

Severance and Change in Control Arrangements

Our NEOs are entitled to certain severance and change in control benefits under the terms of individual severance and change of control agreements and our equity plans. These severance and change in control provisions are intended to allow employees, including NEOs, to focus their attention on the business operations of CytomX in the face of the potentially disruptive impact of a proposed change in control transaction, to assess takeover bids objectively without regard to the potential impact on their own job security and to allow for a smooth transition in the event of a change in control of CytomX.

TABLE OF CONTENTS

The compensation committee believes that the severance benefits we offer remain essential to fulfill the objectives to recruit, retain and develop key management talent in the competitive San Francisco Bay Area employment market. These arrangements enable us to recruit and retain high-quality management talent because they provide reasonable protection to the executive officer in the event that he or she is not retained under limited circumstances.

In February 2019, the Company's amended Dr. McCarthy's Amended and Restated Severance and Change of Control Agreement. It provides that if his employment is terminated by us without cause or if Dr. McCarthy terminates his employment due to good reason (as such terms are defined in his agreement), subject to his execution of a general release of claims against the Company, he will be entitled to receive a lump sum payment equal to eighteen months (one-year prior to the amendment) of base salary plus his target annual bonus for such calendar year pro-rated based on his termination date as well as continued medical and dental coverage for a period of either eighteen months (one-year prior to the amendment) following termination of employment or the date Mr. McCarthy becomes eligible for medical and dental coverage from a subsequent employer, whichever occurs earlier. To the extent we are unable to provide such benefit coverage, the Company will make a lump sum payment equal to the premium cost relating to such benefit coverage for the eighteen months (one-year prior to the amendment) prior to Dr. McCarthy's termination. Dr. McCarthy's agreement also provides that, in the event of a change of control (as defined in the agreement) and a termination of employment without cause or due to good reason within 60 days prior to or 12 months following such change of control, Dr. McCarthy will be entitled to receive the same benefits, except that the lump sum payment will equal 24 months (18 months prior to the amendment) of his then current base salary plus 24 months (18 months prior to the amendment) of his target annual bonus for such calendar year, and continued medical and dental coverage will be for 24 months (18 months prior to the amendment), unless, within such period, Mr. McCarthy becomes eligible for coverage from his subsequent employer, and full vesting of his outstanding equity awards. In addition, upon a change of control, the performance goal stipulated in any performance-based equity awards held by Dr. McCarthy will be deemed achieved in full.

In March 2019, the Company's amended each other named executive officer's Severance and Change of Control Agreement. The agreements entered into with each of our named executive officers other than Dr. McCarthy provide that if the officer's employment is terminated by us without cause or if the officer terminates his or her employment due to good reason (as such terms are defined in the agreements), subject to his or her execution of a general release of claims against the Company, he or she will be entitled to receive a lump sum payment equal to twelve-months of base salary (nine months prior to the amendment) plus his or her target annual bonus for such calendar year pro-rated based on his or her termination date (not included prior to the amendment) as well as continued medical and dental coverage for a period of either twelve months (nine months prior to the amendment) following termination of employment or the date the named executive officer becomes eligible for medical and dental coverage from their subsequent employer, whichever occurs earlier. To the extent we are unable to provide such benefit coverage, the Company will make a lump sum payment equal to the premium cost relating to such benefit coverage for the twelve months (nine months prior to the amendment) prior to the named executive officers' termination. The Amended and Restated Severance and Change in Control Agreements entered into with each of our named executive officers other than Dr. McCarthy also provide (including prior to the amendment) that, in the event the officer is terminated without cause or terminates due to good reason, in each case within 60 days prior to or 12 months following a change in control, then the officer will be entitled to receive an amount equal to 12 months of base salary (nine months prior to the amendment) plus 12 months of target annual bonus (nine months prior to the amendment) for such calendar year, and continued medical and dental coverage for 12 months (9 months prior to the amendment), unless, within such period, the officer becomes eligible for coverage from his or her subsequent employer, and each named executive officer will also receive full vesting acceleration of his or her outstanding equity awards.

In addition, under each of the Severance and Change in Control Agreements for our NEOs, if any payment or other benefit provided to the officer pursuant to the Severance and Change in Control Agreement constitutes a "excess parachute payment" within the meaning of Section 280G of the Code, and would be subject to an excise tax imposed

by Section 4999 of the Code, then the amounts actually paid to the officer will be either delivered in full pursuant to the terms of the agreement or reduced to the extent that such a reduction would result in no portion of the payment being subject to the excise tax.

Estimated Potential Payments

The following table shows the payments and benefits that would be made to our NEOs under their agreements as of December 31, 2018 assuming a termination without cause or a resignation for good reason, including within

(2) In 2010, the Company adopted its 2010 Stock Incentive Plan (the "2010 Plan") which provided for the granting of stock options to employees, directors and consultants of the Company. Options granted under the 2010 Plan were either incentive stock options ("ISOs") or nonqualified stock options ("NSOs").

In February 2012, the Company adopted its 2011 Stock Incentive Plan (the "2011 Plan"). The 2011 Plan is divided into two separate equity programs, an option and stock appreciation rights grant program and a stock award program. In conjunction with adopting the 2011 Plan, the Company discontinued the 2010 Plan and released the shares reserved and still available under that plan.

TABLE OF CONTENTS

In connection with the consummation of the IPO in October 2015, the Board adopted the Company's 2015 Equity Incentive Plan (the 2015 Plan and collectively with the 2010 Plan and 2011 Plan, the Plans). In conjunction with adopting the 2015 Plan, the Company discontinued the 2011 Plan with respect to new equity awards. Options under the 2015 Plan may be granted for periods of up to ten years. All options issued to date have had a 10-year life. Under the terms of the 2015 Plan, options may be granted at an exercise price not less than the estimated fair value of the shares on the date of grant, as determined by the Board. For employees holding more than 10% of the voting rights of all classes of stock, the exercise price of ISOs and NSOs may not be less than 110% of the estimated fair value of the shares on the date of grant, as determined by the Board. To date, options granted generally vest over four years and vest at a rate of 25% upon the first anniversary of the issuance date and 1/48th per month thereafter.

The initial number of shares of common stock available for future issuance under the 2015 Plan was 2,444,735. Beginning on January 1, 2016 and continuing until the expiration of the 2015 Plan, the total number of shares of common stock available for issuance under the 2015 Plan will automatically increase annually on January 1 by 4% of the total number of issued and outstanding shares of common stock as of January 1 of the same year. As of December 31, 2018, 1,884,494 shares of common stock were available for future issuance under the 2015 Plan.

- (3) The Company estimates that approximately 86,000 shares will be purchased under the 2015 Employee Stock Purchase Plan with respect to the purchase period that was in effect as of December 31, 2018.

The audit committee is currently comprised of three non-employee directors, Matthew P. Young, who chairs the committee, and Frederick W. Gluck and John Scarlett. The audit committee has the responsibility and authority described in the audit committee charter, which has been approved by the board of directors. A copy of the audit committee charter is available on our website at www.cytomx.com.

The audit committee is responsible for assessing the information provided by management and our independent registered public accounting firm in accordance with its business judgment. Management is responsible for the preparation, presentation and integrity of our financial statements and for the appropriateness of the accounting principles and reporting policies that are used. Management is also responsible for testing the system of internal controls and reports to the audit committee on any deficiencies found. Our independent registered public accounting firm, Ernst & Young LLP, is responsible for auditing the annual financial statements and for reviewing the unaudited interim financial statements.

In fulfilling its oversight responsibilities, the audit committee has reviewed and discussed the audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2018 with both management and our independent registered public accounting firm. The audit committee's review included a discussion of the quality and integrity of the accounting principles, the reasonableness of significant estimates and judgments and the clarity of disclosures in the financial statements.

The audit committee reviewed with our independent registered public accounting firm the overall scope and plan of the audit. In addition, it met with our independent registered public accounting firm, with and without management present, to discuss the results of our registered public accounting firm's examination, the evaluation of our system of internal controls, the overall quality of our financial reporting and such other matters as are required to be discussed under generally accepted accounting standards in the United States. The audit committee has also received from, and discussed with, our independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees issued by the Public Company Accounting Oversight Board (PCAOB).

The audit committee has discussed with Ernst & Young LLP that firm's independence from management and our company, including the matters in the written disclosures and the letter regarding independence from Ernst & Young LLP required by applicable requirements of the PCAOB. The audit committee has also considered the compatibility of audit related and tax services with the auditors' independence. Based on its evaluation, the audit committee has selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors, and the board of directors approved, the inclusion of the audited financial statements and management's assessment of the effectiveness of our internal controls over financial reporting in the Annual Report on Form 10-K for the year ended December 31, 2018 filed with the SEC.
