ESCAGENETICS CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE NINE MONTH PERIOD ENDED JUNE 30, 2003 AND 2002

1. Unaudited information:

The financial statements for the nine months ended June 30, 2003 and 2002 are unaudited and reflect all adjustments which are, in the opinion of management, necessary for the fair presentation of the financial position and operating results for the periods presented. Certain footnote disclosures normally included with financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted from these financial statements. Accordingly, these unaudited financial statements should be read in conjunction with the September 30, 2002 audited consolidated financial statements and notes thereto included in the Company's annual report on Form 10-KSB for the year ended September 30, 2002.

2. Stock Transactions:

During April 2003, the Company declared a one for 140 reverse split of all outstanding common stock. All periods presented have reflected the reverse stock split.

During April, 2003, an entity owning 90% of the Company's common stock sold its interest to an individual (the Principal Stockholder), along with a \$253,100 convertible note (the Note) due from the Company. The Principal Stockholder then converted the Note into 235,021 shares (per split) of common stock, in accordance with the terms of the note. As a result of this transaction, the Company is considered a development stage enterprise effective April 1, 2003.

The Company issued the Principal Stockholder and two other individuals 70,000 shares of common stock for services (valued at approximately \$25,000) during the three months ended June 30, 2003.

The Company sold 179,625 shares of common stock to two individuals during the three months ended June 30, 2003 and received proceeds totaling \$42,670.

Edgar Filing: ESCAGENETICS CORP - Form 10QSB

ITEM 2 - Plan of Operation

Effective as of August 22, 1996, the Company was reorganized pursuant to a plan of reorganization that was confirmed by the U.S. Bankruptcy Court. The Company has had no revenues from operations since the reorganization date. The Company does not plan to continue the business activities that it previously conducted. It plans to pursue a business combination or other strategic transaction. The Company believes its status as a public company may be attractive to a private company wishing to avoid an initial public offering but there is no guarantee that a business combination or other strategic transaction will be consummated.

The Company has funded its expenses since the reorganization date with advances from its majority shareholder, Genesee Holdings, Inc. ("Holdings"). During April, 2003, Holdings sold its 90% interest in the Company's to an individual (the Principal Stockholder), along with a \$253,100 convertible note (the Note) due from the Company. The Principal Stockholder then converted the Note into 235,021 shares of common stock, in accordance with the terms of the note. As a result of this transaction, the Company is considered a development stage enterprise effective April 1, 2003. If a business combination or other strategic transaction is not consummated in a suitable timeframe or cannot be consummated due to excessive cost or for any other reason, there is substantial doubt the Company will be able to continue as a going concern.

The Company has no employees and no fixed assets. The company does not anticipate hiring any employees or purchasing any assets until such time as a business combination or other strategic transaction is consummated or is imminent.

On June 20, 2003, the Company entered into a letter of intent to effect an acquisition of Shecom Corporation, a California-based value-added developer and distributor of computer hardware and electronic devices established in 1986.

The acquisition will be completed pursuant to the terms of a formal Acquisition Agreement. The Acquisition Agreement will require the issuance of 23 million newly issued shares of the Company common stock and will entail Shecom becoming a wholly-owned subsidiary of the Company. Upon completion of the Acquisition, the current owners of Shecom will own approximately 92.5% of the outstanding stock of the Company and the Company will change its name to Shecom Corporation.

The acquisition is dependent upon Shecom completing a bridge financing of at least \$500,000 and other representations and conditions to be contained in a formal Acquisition Agreement. There can be no assurance that this acquisition will be completed.

ITEM 3 - Controls and Procedures

The Company was dormant during the fiscal quarter ended June 30, 2003. The Company has had no employees since November 1996. Within 90 days prior to the filing date of this report, to the extent applicable to a dormant company, the Company carried out an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in Exchange Act Rule 13a-14(c) and 15d-14(c)). Based upon that evaluation, the Chief Executive and Financial Officer concluded that the Company's disclosure controls and procedures are effective.

There are no significant changes in the Company's internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation.

Edgar Filing: ESCAGENETICS CORP - Form 10QSB

ITEM 1 - Legal Proceedings - None

ITEM 2 - Changes in Securities and Use of Proceeds - None

ITEM 3 - Defaults upon Senior Securities - None

ITEM 4 - Submission of Matters to a Vote of Security Holders - None
