COACH INDUSTRIES GROUP, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2003 AND 2002

1. BACKGROUND

SearchHound.com, Inc., the predecessor to Coach Industries, Group, Inc. (the "Company" or "Coach"), is the result of the June 1, 2000 merger of Pan International Gaming, Inc. ("Pan International") and Searchhound.com 2000 Ltd. This transaction was treated as a "reverse merger" for financial accounting and reporting purposes.

The "reverse merger" with Searchhound.com 2000 Ltd. was consummated on June 1, 2000. In fiscal year 2000 and prior to June 1, 2000, Pan International was not engaged in operating activities and there were no revenues or business operations. Immediately following the reverse merger with PAN International, Searchhound.com 2000 Ltd. changed its name to SearchHound.com, Inc. effective June 6, 2000.

In 2002, the Company's Board of Directors changed its strategy due to poor operating conditions and operating results in its primary businesses coupled with difficulties in raising capital through debt and equity sources. The Board of Directors adopted the new strategy during 2002, which committed to the disposal of all of its current assets/businesses and to seek a merger/acquisition transaction with a company having better financial resources.

As of March 31, 2003, the Company has disposed of all of its operating assets/businesses and ceased all operating activities. The financial statements disclosed in the Company's filings with the Securities and Exchange Commission reflect the businesses sold as discontinued operations.

The Company consummated the following transactions in order to implement the

Edgar Filing: COACH INDUSTRIES GROUP INC - Form 10QSB

Board of Director's committed plan to restructure the Company and seek a merger candidate.

On May 31, 2002 the Company entered into an asset sale agreement, which sold certain assets related directly with two of the Company's subsidiary operations (Mesia.com and SpeakGlobally.com) to Bradley Cohen. Mr. Cohen was an officer and director of SearchHound.com, Inc. prior to the sale.

Concurrent with the asset sale agreement with Mr. Cohen, Mr. Cohen tendered his resignation from SearchHound.com, Inc. and as a member of the Board of Directors.

During 2002, the Board terminated the employment contract of Dave L. Mullikin. Under the settlement Mr. Mullikin's salary ceased accruing on August 15, 2002 and the severance provision was forgiven. It was replaced with a Consulting Agreement between the Company and Mr. Mullikin whereby Mullikin will continue in his position as acting chief executive officer of the Company. The agreement calls for Mr. Mullikin to 1) contract outsourced services to maintain selected ongoing operations of the Company, 2) attempt to sell the assets of the Company and 3) focus on a merger opportunity for SearchHound.com, Inc. The terms of the Consulting Agreement include the following provisions: Mr. Mullikin agreed to remain on the Board and Mr. Mullikin would receive a monthly compensation of \$1.00 and health benefits.

As of November 14, 2002, Mr. Mullikin agreed to amend his Consulting Agreement and extend its term indefinitely; retaining the monthly compensation of \$1.00, but discontinuing the health benefits provision.

On January 3, 2003 the Company entered into an asset sale agreement, which sold the following assets of the Company to Solutions.com, LLC, an entity controlled by David L. Mullikin: certain domains, customer lists, email names and addresses (for each domain) software, programming code, intellectual property (for each domain) and certain computer and office equipment. At the time of the asset sale agreement, Mr. Mullikin was a director of SearchHound.com, Inc. and was its acting Chief Executive Officer.

On January 3, 2003 the Company also entered into an asset sale agreement, which sold the following assets of the Company to Summit Ridge Technologies Group, LLC (an unaffiliated entity): EarlyBirdDomain.com domain, database for EarlyBirdDomain.com including all subscribers (active, inactive, and unsubscribed), and EarlyBirdDomain.com clients and customers lists.

The Company's Board of Directors approved a one for sixty-seven share reverse stock split. The split is for shareholders of record on December 27, 2002 and was effective on December 30, 2002. The financial statements disclosed in the Company's filings with the Securities and Exchange Commission reflect this reverse stock split on retroactive basis. Subsequently, on August 26, 2003, the Company effected a 1-for-4 stock split of each outstanding share of common stock, which is reflected on a retroactive basis.

During January 2003, the Company partially settled a note payable to a related party whereby it issued 3,655 shares of common stock in consideration for a \$20,000 reduction in the principal balance (and related accrued interest). The settlement of this note payable resulted in a gain of \$17,076 based upon the market value of the common stock at the date issued and was classified as gain on settlement of notes and accounts payable during the nine months ended September 30, 2003.

During January 2003, the Company settled a note payable to a related party

Edgar Filing: COACH INDUSTRIES GROUP INC - Form 10QSB

whereby it issued 20,155 shares of common stock in consideration for the full and complete settlement of the outstanding principal balance (and related accrued interest aggregating \$33,795). The settlement of this note payable resulted in a gain of \$109,541 based upon the market value of the common stock at the date issued and was classified as gain on settlement of notes and accounts payable in the Statement of Operations during the nine months ended September 30, 2003.

During January 2003, the Company settled a note payable to a trade creditor whereby it issued 4,820 shares of common stock held in treasury and 3,391 shares of common stock in consideration for the full and complete settlement of the outstanding note balance (and related accrued interest). The settlement of this note payable resulted in a gain of \$56,970 based upon the market value of the common stock at the date issued and was classified as gain on settlement of notes and accounts payable in the Statement of Operations for the nine months ended September 30, 2003.

In March 2003, the Company increased the shares available to be issued by 62,500. The Company issued common stock to employees, consultants and Board Members for services rendered to the Company. During March 2003, the Company issued 62,500 shares to consultants for administrative, corporate accounting and public relations services in lieu of cash compensation totaling \$75,000 which was reflected in the statement of operations for the nine months ended September 30, 2003. The Company is attempting to conserve cash resources by issuing stock for these services.

On July 10, 2003, the Company's sole officer and director, Dave L. Mullikin, resigned his positions as President, Secretary, Treasurer and sole Director and appointed Francis O'Donnell as the sole director. Francis O'Donnell, as the sole member of the Board of Directors of the Company, has approved the change of the address of the corporate office of the Company from Overland Park, Kansas to Coral Springs, Florida. Specifically, the address of the Company's principal executive office changed from 12817 Woodson, Overland Park, Kansas 66209 to 9600 W. Sample Road, Suite 505, Coral Springs, Florida 33065.

The Company's shareholders approved the election of directors, the appointment of independent certified public accountants for the fiscal year ending December 31, 2003, effect a 1-for-4 reverse stock split of the Company's issued and outstanding shares of common stock and amended the Company's Articles of Incorporation to change the name of the Company to Coach Industries Group, Inc.

On September 1, 2003, Commercial Transportation Manufacturing Corporation ("CTMC"), a New York corporation specializing the manufacturing and selling of limousines, was merged into Coach.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PRINCIPLES OF CONSOLIDATION

The accompanying financial statements include the accounts of Coach, and its wholly owned subsidiary CTMC. All significant inter-company balances and transactions have been eliminated.

The Company has operated as a holding Company for internet-based assets/businesses, primarily through the acquisitions of operating assets/businesses through the issuance of common stock. The Company acquired multiple businesses during 2000 and 2001 in this manner. During 2002, the Company's Board of Directors changed its strategy due to poor operating conditions and results in its primary businesses coupled with difficulties in raising capital through debt and equity sources. The Board of Directors adopted the new strategy during 2002, which committed to the disposal of all of its

Edgar Filing: COACH INDUSTRIES GROUP INC - Form 10QSB

current assets/businesses and to seek a merger/acquisition transaction with a Company having better financial resources. As of September 30, 2003, the Company has disposed of all of its operating assets/businesses and ceased all operating activities. The accompanying financial statements reflect the businesses sold as discontinued operations. On September 1, 2003, the Company became the holding company for a manufacturer of limousines, primarily for the livery industry by

modifying and custom fabricating stock vehicles that are manufactured by automotive manufacturers.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results could differ from those estimates.

INTERIM FINANCIAL STATEMENTS

The interim financial statements presented herein have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations. The interim financial statements should be read in conjunction with the Company's annual financial statements, notes and accounting policies included in the Company's annual report on Form 10-KSB for the year ended December 31, 2002 as filed with the SEC. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) which are necessary to provide a fair presentation of financial position as of September 30, 2003 and the related operating results and cash flows for the interim period presented have been made. The results of operations, for the period presented are not necessarily indicative of the results to be expected for the year.

CASH AND CASH EQUIVALENTS

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. At September 30, 2003 and December 31, 2002, cash and cash equivalents include cash on hand and cash in the bank.

REVENUE AND COST RECOGNITION

Revenues are reported at the time the custom re-fabrication or modification is complete and delivered to the customer. Repairs and other services are recorded when the service is performed. Inventory is relieved at the time of sale.

INVENTORIES

Inventories include the cost of the unmodified vehicle chassis and parts related to vehicles in the process of being modified and remanufactured. Shipping and handling costs are included in inventory.

All inventories are valued at the lower of cost or market. The cost of new and used vehicles is determined using the specific identification method. The cost of new parts is valued using the first in first out basis.

Edgar Filing: COACH INDUSTRIES GROUP INC - Form 10QSB

IMPAIRMENT OF LONG-LIVED ASSETS

The Company reviews long-lived assets for impairment whenever circumstances and situations change such that there is an indication that the carrying amounts may not be recovered. At September 30, 2003, the Company believes that there has been no impairment of its long-lived assets.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash, prepaid expenses, other assets, and accounts payable carrying amounts approximate fair value.

WARRANTY RESERVES

The Company provides warranties to its new car customers of the earlier of three years or fifty thousand miles, only on parts and labor performed by the Company.

INCOME TAXES

Deferred income taxes arise from timing differences resulting from income and expense items reported for financial accounting and tax purposes in different periods. A deferred tax asset valuation allowance is recorded when it is more likely than not that deferred tax assets will not be realized. The financial statements reflect a deferred tax asset of approximately \$200,000 as of September 30, 2003 and a valuation allowance of the same amount, since the Company did not have the revenue history to support the future recognition of the deferred tax asset. It is more likely that the deferred tax asset will not be recognized. The deferred tax asset as of December 31, 2002 was restated as part of a quasi reorganization and presented as a \$0 balance.

Utilization of the net operating loss carry-forwards may be subject to a substantial annual limitation due to ownership change limitations provided by the Internal Revenue Code. The annual limitation may result in the expiration of net operating loss carry-forwards before utilization.

GOODWILL

The Company adopted SFAS No.142, "Goodwill and Other Intangible Assets," on January 1, 2002. As of the adoption date, the Company no longer amortizes goodwill over its useful life. Instead, goodwill is tested for impairment annually. The impairment test consists of two steps. In the first step, the Company determines the carrying value of each reporting unit by assigning the assets and liabilities, including the existing goodwill and intangible assets, to those reporting units. If the fair value of the reporting unit is greater than its carrying value, the test is completed and goodwill assigned to the reporting unit is not impaired. To the extent a reporting unit's carrying amount exceeds its fair value, an indication exists that the reporting unit's goodwill may be impaired, and the Company must perform the second step of the impairment test. In the second step, the Company must compare the implied fair value of the reporting unit's goodwill, determined by allocating the reporting unit's fair value to all of its assets (recognized and unrecognized) and liabilities in a manner similar to a purchase price allocation in accordance with SFAS No.141, to its carrying amount. The Company will recognize a goodwill impairment charge if the carrying amount of the goodwill assigned to the reporting unit is greater than the implied fair value of the goodwill. At September 30, 2003, the Company

Edgar Filing: COACH INDUSTRIES GROUP INC - Form 10QSB

has not recognized an impairment loss.

The Company conducted an asset evaluation based on impairment for long-lived assets, which included its five web site, database, and exchange servers (asset group) and found that they no longer support revenue or income from continuing operations. This asset group was evaluated based on fair market value of like equipment for sale. The amount written off as a result of this valuation process was \$102,635 for the three and nine months ended September 30, 2002.

Management's review of the SearchHound.com and SoloSearch.com intangible assets yielded that they no longer are capable of generating ongoing revenue as the costs to maintain the sites is in excess of any potential revenue source and therefore their value has been impaired. As a result, an impairment charge of \$3.2 million and \$4.2 million was recorded for the three and nine months ended September 30, 2002, respectively.

NET INCOME (LOSS) PER SHARE

The Company has presented basic and diluted net income (loss) per share pursuant to SFAS No. 128, "Earnings per Share," and the Securities and Exchange Commission SAB No. 98. In accordance with SFAS No. 128, basic net income (loss) per share has been computed by dividing net income (loss) by the weighted-average number of shares of common stock outstanding during the period. Diluted net income (loss) per share includes the effect, if any, from the potential exercise or conversion of securities, such as stock options, which would result in the issuance of shares of common stock.

STOCK SPLIT

On August 26, 2003, the Company effected a 1-for-4 stock split of each outstanding share of common. On December 30, 2002, the Company effected a 1-for-67 share reverse stock split. The accompanying financial statements reflect this reverse stock split on a retroactive basis. All share data have been restated to reflect these stock splits.

3. CONCENTRATION OF CREDIT RISK

The amounts on deposit at September 30, 2003 did not exceed the \$100,000 federally insured limit for bank deposits. The Company purchases a significant portion of its inventory from two major suppliers. The relationships with these suppliers are significant to the ongoing operations of the business and are subject to licensing agreements.

4. INVENTORIES

Inventories consist of the following components as of September 30, 2003 and December 31, 2002:

	September 30, 2003	December 31, 2002
Vehicle Chassis	\$ 108,874	\$ -

	\$ 150,971	\$ -
	=====	=====

Edgar Filing: COACH INDUSTRIES GROUP INC - Form 10QSB

5. RELATED PARTY TRANSACTIONS

The Company is a party to a non-cancelable operating lease pertaining to the office and plant facilities. The lease term, as amended, expires in January 2008 with payments commencing in July 2003. The lease is to a related party.

The minimum lease commitment for the non-cancelable operating lease for the subsequent five year periods are summarized as follows:

2004	\$	288,000
2005		288,000
2006		288,000
2007		288,000
2008		72,000

	\$	1,224,000
		=====

Rental expense under all operating leases totaled approximately \$21,600 and \$0 and \$21,600 and \$28,397 for the three and nine months ended September 30, 2003 and 2002, respectively, that includes amortization of approximately \$2,400 and \$2,400 for the three and nine months ended September 30, 2003, respectively of deferred rental expense.

As of September 30, 2003 and December 31, 2002 the Company had receivable balances for approximately \$19,000 and \$0 due from related parties, respectively.

The Company maintained certain equipment used for manufacturing currently owned by a related party in anticipation of a pending purchase agreement for that equipment. It is expected that this equipment will be purchased for its fair value based upon an independent valuation.

On August 29, 2003, the Company registered 1.8 million shares of common stock, issued pursuant to consultant agreements entered into between the Company and certain consultants in satisfaction of compensation owed to these parties. The total value of these agreements is \$810,000 to settle past services, as well as future services to the Company. The agreements are for periods between 6 months to 2 years. Compensation expense recorded for past services rendered by these individuals was approximately \$260,000 included in the three and nine months ended September 30, 2003. In addition, the amortization of the deferred compensation expense relating to the consulting agreements was approximately \$32,000 included in the three and nine months ended September 30, 2003.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Summary Overview and Overall Business Strategy

SearchHound.com, Inc., the predecessor to Coach Industries, Group, Inc., is the result of the June 1, 2000 merger of Pan International Gaming, Inc. ("Pan International") and Searchound.com 2000 Ltd. This transaction was treated as a "reverse merger" for financial accounting and reporting purposes.

The "reverse merger" with Searchound.com 2000 Ltd. was consummated on June 1, 2000. In fiscal 2000 and prior to June 1, 2000, Pan International was not engaged in operating activities and there were no revenues or business operations. Immediately following the reverse merger with PAN International, changed its name to SearchHound.com, Inc. effective June 6, 2000.

In 2002, the Company's Board of Directors changed its strategy due to poor operating conditions and operating results in its primary businesses coupled with difficulties in raising capital through debt and equity sources. The Board of Directors adopted the new strategy during 2002, which committed to the disposal of all of its current assets/businesses and to seek a merger/acquisition transaction with a company having better financial resources.

As of March 31, 2003, the Company has disposed of all of its operating assets/businesses and ceased all operating activities. The financial statements disclosed in the Company's filings with the Securities and Exchange Commission reflect the businesses sold as discontinued operations.

Concurrent with the asset sale agreement with Mr. Cohen, Mr. Cohen tendered his resignation from SearchHound.com, Inc. and as a member of the Board of Directors.

During 2002, the Board terminated the employment contract of Dave L. Mullikin. Under the settlement Mr. Mullikin's salary ceased accruing on August 15, 2002 and the severance provision was forgiven. It was replaced with a Consulting Agreement between the Company and Mr. Mullikin whereby Mullikin will continue in his position as acting chief executive officer of the Company. The agreement calls for Mr. Mullikin to 1) contract outsourced services to maintain selected ongoing operations of the Company, 2) attempt to sell the assets of the Company and 3) focus on a merger opportunity for SearchHound.com, Inc. The terms of the Consulting Agreement include the following provisions: Mr. Mullikin agreed to remain on the Board and Mr. Mullikin would receive a monthly compensation of \$1.00 and health benefits.

Edgar Filing: COACH INDUSTRIES GROUP INC - Form 10QSB

As of November 14, 2002, Mr. Mullikin agreed to amend his Consulting Agreement and extend its term indefinitely, retaining the monthly compensation of \$1.00, but discontinuing the health benefits provision.

ACCOUNTING POLICIES SUBJECT TO ESTIMATION AND JUDGMENT

Management's Discussion and Analysis of Financial Condition and Results of Operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. When preparing our financial statements, we make estimates and judgments that affect the reported amounts on our balance sheets and income statements, and our related disclosure about contingent assets and liabilities. We continually evaluate our estimates, including those related to revenue, allowance for doubtful accounts, reserves for income taxes, and litigation. We base our estimates on historical experience and on various other assumptions, which we believe to be reasonable in order to form the basis for making judgments about the carrying values of assets and liabilities that are not readily ascertained from other sources. Actual results may deviate from these estimates if alternative assumptions or condition are used.
