PROXY STATEMENT

FOR THE ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON

JUNE 16, 2005

INFORMATION CONCERNING SOLICITATION AND VOTING

Introduction

This Proxy Statement and the enclosed proxy card ("Proxy") are being furnished on behalf of the Board of Directors of Bankrate, Inc., a Florida corporation (the "Company"), for use at the 2005 Annual Meeting of Stockholders of the Company (the "Annual Meeting"), or at any adjournments or postponements, for the purposes set forth below and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at The Embassy Suites Hotel, 4350 PGA Boulevard, Palm Beach Gardens, Florida 33408, at 9:00 a.m. local time, on Thursday, June 16, 2005. The Company intends to mail this Proxy Statement and the Proxy on or about May 6, 2005, to all stockholders entitled to vote at the Annual Meeting.

Stockholders Entitled to Notice and to Vote; Quorum

Only holders of record of the Company's Common Stock at the close of business on April 15, 2005 (the Record Date), will be entitled to notice of and to vote at the Annual Meeting. At the Record Date, the Company had outstanding and entitled to vote 15,801,974 shares of Common Stock. Each holder of record of Common Stock on the Record Date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

The holders of a majority of the Common Stock outstanding on the Record Date, whether present at the Annual Meeting in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. The shares held by each stockholder who signs and returns a valid Proxy will be counted for purposes of determining the presence of a quorum at the Annual Meeting, whether or not the stockholder abstains on all or any matters to be acted on. Abstentions and broker non-votes both will be counted toward fulfillment of quorum requirements. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner.

Voting Requirements

At the Annual Meeting, stockholders will consider and act upon the election of directors, the ratification of the selection of the Company's independent registered public accountants, and such other business as may properly come before the Annual Meeting.

The Company's Bylaws provide that directors are elected by a plurality of the votes cast. The withholding of authority by a stockholder (including broker non-votes) as to the election of directors (Proposal 1) thus has no effect on the results of the election.

Under Florida law, the ratification of the selection of the Company's independent registered public accountants (Proposal 2) must be approved by a majority of the votes cast. Abstentions and broker non-votes are not treated as votes cast and thus have no effect on the vote for Proposal 2.

At the Record Date, the directors and executive officers of the Company owned or controlled the power to vote 6,485,119 shares of Common Stock eligible to be voted at the Annual Meeting, constituting approximately 40.0% of the outstanding Common Stock. The Company believes that directors and executive officers will vote all of their shares of Common Stock in favor of the election of each of the director nominees and in favor of Proposal 2 and, therefore, assuming the presence of a quorum, the election of the director nominees and the ratification of the selection of the independent public accountants is reasonably assured.

Proxies

When a Proxy is properly signed and returned, the shares that it represents will be voted at the Annual Meeting in accordance with the owner's instructions. In the absence of such instructions, the shares represented by a signed Proxy will be voted in favor of each of the nominees for election to the Board of Directors, as set forth in Proposal 1, and in favor of the ratification of the selection of independent registered public accountants, as set forth in Proposal 2.

Discretionary authority is provided in the Proxy as to any matters not specifically referred to in the Proxy or this Proxy Statement. The Board of Directors is not aware of any other matters that are likely to be brought before the Annual Meeting. If any other matter is properly presented for action at the Annual Meeting, including a proposal to adjourn or postpone the Annual Meeting to permit the Company to solicit additional proxies in favor of any proposal, the persons named in the Proxy will vote on such matter in their own discretion.

Any stockholder who signs and returns a Proxy has the power to revoke it at any time before it is exercised by providing written notice of revocation to the Secretary of the Company or by filing with the Secretary of the Company a Proxy bearing a later date. Alternatively, a stockholder can revoke a Proxy by attending the Annual Meeting and voting in person.

Proxies will be solicited from the Company's stockholders by mail. The Company will pay all expenses in connection with the solicitation, including postage, printing and handling, and the expenses incurred by brokers, custodians, nominees and fiduciaries in forwarding proxy material to beneficial owners. The Company may employ a proxy solicitation firm to solicit proxies in connection with the Annual Meeting, and the Company estimates that the fee payable for such services would be less than \$10,000. It is possible that directors, officers and other employees of the Company may make further solicitations personally or by telephone, facsimile or mail. Directors, officers and other employees of the Company will receive no additional compensation for any such further solicitations.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth the amount and percent of shares of Common Stock that, at the Record Date, are deemed under the rules of the Securities and Exchange Commission (the "Commission") to be "beneficially owned" by each member of the Board of Directors, by each nominee for election to the Board of Directors, by each executive officer of the Company named in the Summary Compensation Table below, by all directors and executive officers of the Company as a group, and by any person or "group" (as that term is used in the Securities Exchange Act of 1934, as amended (Exchange Act)) known to the Company to be a "beneficial owner" of more than 5% of the outstanding shares of Common Stock as of that date. The information concerning the beneficial ownership of the Company's directors and officers is based solely on information provided by those individuals.

PROPOSAL 1

ELECTION OF DIRECTORS

Introduction

The Board of Directors is divided into three classes, each of whose members serve for staggered three-year terms. At each annual meeting of stockholders, a class of directors is elected for a three-year term to succeed the directors of the same class whose terms are then expiring. The Board is currently comprised of two Class I directors (Mr. O'Block and Mr. Poliner) whose terms expire at the 2006 annual meeting of stockholders, two Class II directors (Mr. Evans and Mr. Pinola) whose terms expire at the 2007 annual meeting of stockholders, and two Class III directors (Mr. Morse and Mr. Martin) whose terms expire at the Annual Meeting. The Board of Directors has nominated Mr. Morse and Mr. Martin to stand for reelection as directors at the Annual Meeting. If reelected, they will serve as Class III directors with terms expiring at the 2008 annual meeting of stockholders. There are no family relationships among any of the directors or the nominees.

Shares represented by validly executed Proxies will be voted for the election of the nominees, if authority to do so is not withheld. In the event that any nominee is unavailable for election, such shares may be voted for the election of such substitute nominee or nominees, if any, as the Board of Directors may select.

The Board of Directors recommends a vote FOR each of the nominees.

Mr. Pinola received a Bachelor of Science degree in accounting from King's College and an M.B.A. in finance from the University of Scranton.

Board of Directors Meetings and Committees

During 2004, the Board of Directors held five meetings. Each incumbent director attended at least 75% of the aggregate number of meetings of the Board of Directors and committees of the Board on which he served. The Company's independent directors, as defined under the Nasdaq rules, have established a policy to meet separately from the other directors in regularly scheduled executive sessions at least twice annually, and at such other times as may be deemed appropriate by the Company's independent directors. Any independent director may call an executive session of independent directors at any time. In 2004, the independent directors met in an executive session two times.

The members of the Audit Committee are Messrs. Pinola (Chairman), O Block and Poliner. The Board of Directors has determined that each Audit Committee member meets the Nasdaq financial knowledge requirements. In addition, the Board of Directors has determined that Mr. Poliner is an audit committee financial expert as defined by the Securities and Exchange Commission. The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to governmental bodies or the public; the Company's systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board have established; and the Company's accounting and financial reporting process. The Audit Committee encourages continuous improvement of, and fosters adherence to, the Company's policies, procedures and practices at all levels.

The members of the Compensation Committee are Messrs. O Block (Chairman) and Poliner. The Compensation Committee reviews and evaluates the compensation and benefits of all our officers, reviews general policy matters relating to compensation and benefits of employees of the Company and makes recommendations concerning these matters to the Board of Directors. The Compensation Committee also administers our stock option plans.

Nomination of Directors

The Board does not have a standing nominating committee or a charter with respect to the process for nominating directors for election to the Company's Board of Directors. The Company's Board of Directors has adopted a resolution establishing nominating procedures. Under the Company's nominating procedures, members

of the Company's Board submit nominees for election to the Company's Board of Directors to the independent directors (as that term is defined under the Nasdaq's listing standards) of the Board for their consideration. The Company believes that it is beneficial to have all independent directors evaluate all Board of Director nominees.

The Company's Bylaws provide that a stockholder may submit a nomination for election to the Company's Board of Directors by delivering a written notice to the principal executive offices of the Company not less than sixty (60) days prior to an Annual or Special Meeting of the stockholders; provided, however, that in the event that stockholders are provided with fewer than seventy (70) days notice of the meeting, notice by the stockholder will be timely if received by the Company no later than the tenth (10th) day following the earlier of the day on which notice of the meeting was mailed or the date on which public disclosure of the meeting was made.

The stockholder's notice to the Company must set forth, as to each person that the stockholder proposes to nominate for election (or re-election) as a director:

The proposed nominee's name, age, business address and residence address;

The proposed nominee's principal occupation or employment;

The class and number of shares of the Company's capital stock beneficially owned by the proposed nominee; and

Any other information relating to the proposed nominee that is required to be disclosed in solicitations for proxies for election of directors pursuant to Schedule 14A under the Exchange Act.

The stockholder's notice to the Company must also set forth, as to the stockholder giving notice:

The stockholder's name and address, as they appear on the Company's books; and

The class and number of shares of the Company's stock beneficially owned by the stockholder on the date of such notice.

The Company may require any proposed nominee to furnish such other information as may be reasonably required by the Company to determine the proposed nominee's eligibility to serve as a director.

Mr. Morse and Mr. Martin were nominated for re-election by the other members of the Company's Board of Directors. To date, other than from Peter C. Morse, the Company's Chairman and largest stockholder, the Company has not received any recommendations from stockholders requesting that the Board consider a candidate for inclusion among the nominees in the Company's Proxy Statement. The absence of such a recommendation does not mean, however, that a recommendation would not have been considered had one been received. The Board would consider any candidate proposed in good faith by a stockholder. To propose a nominee, a stockholder should send the candidate's name, credentials, contact information, and his or her consent to be considered as a candidate to Robert J. DeFranco, the Company's Senior Vice President-Chief Financial Officer. The proposing stockholder should also include his or her contact information and a statement of his or her share ownership (how many shares owned and for how long).

In evaluating a director nominee, the Board considers the following factors:

the appropriate size of the Company's Board of Directors;

the needs of the Company with respect to the particular talents and experience of its directors;

the nominee's knowledge, skills and experience, including experience in finance, administration or public service, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board;

whether the nominee is independent, as that term is defined under Nasdaq's listing standards;

the familiarity with the Company's industry;

the nominee's experience in political affairs;

the nominee's experience with accounting rules and practices; and

the desire to balance the benefit of continuity with the periodic injection of the fresh perspective provided by new Board members.

The Company's goal is to assemble a Board of Directors that brings together a variety of perspectives and skills derived from high quality business and professional experience. In doing so, the Board will also consider candidates with appropriate non-business backgrounds.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the independent directors may also consider such other factors as they may deem are in the best interests of the Company and its stockholders. The Company also believes it appropriate for certain key members of the Company's management to participate as members of the Board.

Members of the Board identify nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination. If any member of the Board does not wish to continue in service or if the independent directors decide not to re-nominate a member for re-election, the Board then identifies the desired skills and experience of a new nominee in light of the criteria above. Current members of the Board of Directors are polled for suggestions as to individuals meeting the criteria described above. The independent directors may also engage in research to identify qualified individuals. To date, the Company has not engaged third parties to identify or evaluate or assist in identifying potential nominees, although the Company reserves the right in the future to retain a third party search firm, if necessary.

Stockholder Communications with the Board of Directors

Historically, the Company has not adopted a formal process for stockholder communications with the Board. Nevertheless, every effort has been made to ensure that the Board or individual directors, as applicable, hear the views of stockholders and that appropriate responses are provided to stockholders in a timely manner. Any matter intended for the Board, or for any individual member or members of the Board, should be directed to Robert J. DeFranco, the Company's Senior Vice President-Chief Financial Officer, with a request to forward the matter to the intended recipient. All such communications will be forwarded unopened.

Director Attendance at Annual Meeting of Stockholders

The Company encourages all incumbent directors, as well as all nominees for election as director, to attend the Annual Meeting of Stockholders. All of the Company's incumbent directors attended the Company's Annual Meeting in June 2004.

Corporate Governance

The Company has adopted the Bankrate, Inc. Code of Business Conduct (the code of conduct), applicable to all officers, directors and employees, and the Bankrate, Inc. Finance Code of Professional Conduct (the finance code of ethics), applicable to our Chief Executive Officer, Chief Financial Officer, Controller and other finance organization employees. Both the code of conduct and the finance code of ethics are publicly available on our Web site at <http://www.bankrate.com/investor-relations/default.asp>.

Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on the fair market value per share on the date of grant and assumed rates of stock price appreciation of 5% and 10%, compounded annually, from the date the respective options were granted to their expiration date. These assumptions are mandated by the rules of the Commission and are not intended to forecast future appreciation of our stock price. The potential realizable value computation is net of the applicable exercise price, but does not take into account federal or state income tax consequences and other expenses of option exercises or sales of appreciated stock. Actual gains, if any, are dependent upon the timing of such exercise and the future performance of our Common Stock. There can be no assurance that the rates of appreciation in this table can be achieved. This table does not take into account any appreciation in the price of our common stock to date.

Compensation of Directors

Neither employee nor non-employee directors receive any cash compensation for their services as such. Annually, on the first business day of the year, each non-employee director receives an option to purchase 10,000 shares of the Company's common stock at the fair market value on the date of grant. The Company reimburses each director for reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors and any of its committees.

Compensation Committee Interlocks and Insider Participation

The following non-employee directors were the members of the Compensation Committee of the Board of Directors during 2004: Randall E. Poliner (Chairman) and Robert P. O Block. None of the members of the Compensation Committee is an executive officer of the Company.

Compensation Committee Report on Executive Compensation

General

The Compensation Committee of the Company's Board of Directors has furnished the following report on executive compensation in accordance with the rules and regulations of the Commission. This report outlines the duties of the Compensation Committee with respect to executive compensation, the various components of the Company's compensation program for executive officers and other key employees, and the basis on which the 2004 compensation was determined for the executive officers, with particular detail given to the 2004 compensation for the Company's Chief Executive Officer.

Compensation of Executive Officers Generally

The Compensation Committee is responsible for establishing compensation levels for the executive officers of the Company, including the annual bonus plan for executive officers, and for administering the Company's equity compensation plans. The Compensation Committee is comprised of two independent directors: Messrs. Poliner (Chairman) and O Block. The Compensation Committee's overall objective is to establish a compensation policy that will (1) attract, retain and reward executives who contribute to the achievement of the Company's business objectives; (2) motivate executives to attain these objectives; and (3) align the interests of executives with those of the Company's long-term investors. The Company compensates executive officers with a combination of salary and incentives designed to focus their efforts on maximizing both the near-term and long-term financial performance of the Company. In addition, the Company's compensation program rewards individual performance that furthers Company goals. The executive compensation program includes base salary, incentive bonuses, long-term equity incentive awards in the form of stock option grants, and other benefits. Each executive officer's compensation package is designed to provide an appropriately weighted mix of these elements, which cumulatively provide a level of compensation roughly equivalent to that paid by companies of similar size and complexity.

Base Salary. Base salary levels for each of the Company's executive officers, including the Chief Executive Officer, are generally set within a range of base salaries that the Compensation Committee believes are paid to executive officers at companies deemed comparable to the Company based on similarities in revenue levels, industry segments and competitive employment markets. In addition, the Compensation Committee generally takes into account the Company's past financial performance and future expectations, as well as the performance of the executives and changes in the executives' responsibilities. The annual base salary the Company has agreed to pay Mr. Evans (\$300,000) is the amount specified in his employment agreement with the Company.

Incentive Bonuses. The Compensation Committee recommends the payment of bonuses to provide an incentive to executive officers. Bonuses are awarded only if the Company achieves or exceeds certain corporate performance objectives. The incentive bonus to each executive officer is based on the individual executive's performance as it relates to the Company's performance. Pursuant to the Company's employment agreement with Thomas R. Evans, the Company was required to pay, and has paid, Mr. Evans a bonus of \$50,000 in 2004. Subsequent annual bonuses will be contingent on achieving certain company performance criteria and will be at least \$130,000.

Equity Incentives. Stock options are used by the Company to provide a stock-based incentive to improve the Company's financial performance and to assist in the recruitment, retention and motivation of professional, managerial and other personnel. Stock options are also designed to align the interests of the Company's executive officers with those of its stockholders by encouraging executive officers to enhance the value of the Company, the price of the Common Stock, and hence, the stockholders' return over the long term. Generally, stock options are granted to executive officers from time to time based primarily upon the individual's actual and/or potential contributions to the Company and the Company's financial performance over the long term. During the year ended December 31, 2004, options to purchase 1,335,500 shares of Common Stock were granted to the Company's current executive officers.

Compensation of the Chief Executive Officer

The Committee annually reviews the performance and compensation of the Chief Executive Officer based on its assessment of past performance and its expectation of future contributions to the Company's performance. On June 21, 2004, Thomas R. Evans was appointed President and Chief Executive Officer and entered into an employment agreement with the Company. Under the terms of the employment agreement, the Company has agreed to pay Mr. Evans an annual salary of \$300,000 and an annual bonus of at least \$100,000. The Committee believes the compensation paid to Mr. Evans is reasonable.

Policy with Respect to Qualifying Compensation for Deductibility

Section 162(m) of the Internal Revenue Code imposes a limit on tax deductions for annual compensation (other than performance-based compensation) in excess of one million dollars paid by a corporation to its Chief Executive Officer and the other four most highly compensated executive officers. The Company has not established a policy with regard to Section 162(m) of the Internal Revenue Code, because the Company has not paid and does not currently anticipate paying annual compensation in excess of one million dollars to any employee. None of the compensation paid by the Company in 2004 was subject to limitations on deductibility. The Board of Directors will continue to assess the impact of Section 162(m) on its compensation practices and determine what further action, if any, is appropriate.

Stock Performance Graph

The following graph provides a comparison of the cumulative total stockholder return on the Company's Common Stock for the period from December 31, 1999 through December 31, 2004, against the cumulative stockholder return during such period achieved by the Nasdaq Stock Market Index for U.S. Companies ("Nasdaq US") and the CoreData Internet Information Providers Index ("CoreData Group Index"). The graph assumes that \$100 was invested on December 31, 1999 in the Company's Common Stock and in each of the comparison indices, and assumes reinvestment of dividends.

The Stock Performance Graph shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under either of such Acts.

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Securities Exchange Act of 1934, the Company's directors, certain of its officers, and beneficial owners of more than 10% of the outstanding Common Stock are required to file reports with the Commission concerning their ownership of and transactions in Common Stock; such persons are also required to furnish the Company with copies of such reports. Based solely upon the reports and related information furnished to the Company, the Company believes that all such filing requirements were complied with in a timely manner during and with respect to 2004, except that Peter C. Morse filed one late Form 4 in May 2004; Thomas R. Evans filed one late Form 4 in July 2004; and Bruce J. Zanca filed one late Form 4 in October 2004.

Certain Transactions

The Company leased office space in North Palm Beach, Florida from Bombay Holdings (Bombay), which is wholly-owned by Peter C. Morse, a director and principal stockholder of the Company. Rent paid to Bombay in 2004 was approximately \$244,000. In November 2004, the Company entered into a sublease for new office space and the Bombay lease was terminated effective December 31, 2004. The Company believes that the terms of the Bombay lease agreement were no less favorable to us than those that could have been obtained from unaffiliated third parties.

The Board of Directors has adopted a resolution requiring that all future transactions with related parties be approved by a majority of the Board of Directors, including a majority of the independent and disinterested members of the Board of Directors, or a majority of the disinterested stockholders, and be on terms no less favorable to the Company than could be obtained from unaffiliated third parties.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT PUBLIC ACCOUNTANTS

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditor

The Audit Committee of the Board of Directors has implemented procedures under the Company's Audit Committee Pre-Approval Policy for Audit and Non-Audit Services (the Pre-Approval Policy) to ensure that all audit and permitted non-audit services provided to the Company are pre-approved by the Audit Committee. Specifically, the Audit Committee pre-approves the use of KPMG LLP for specific audit and non-audit services, within approved monetary limits. If a proposed service has not been pre-approved pursuant to the Pre-Approval Policy, then it must be specifically pre-approved by the Audit Committee before it may be provided by KPMG LLP. Any pre-approved services exceeding the pre-approved monetary limits require specific approval by the Audit Committee. The Audit Committee may delegate pre-approval authority to one or more of its members when expedition of services is necessary. All of the audit-related, tax and all other services provided by KPMG LLP to the Company in 2004 were approved by the Audit Committee by means of specific pre-approvals or pursuant to the procedures contained in the Pre-Approval Policy.

The Audit Committee has determined that all non-audit services provided by KPMG LLP in 2004 were compatible with maintaining its independence in the conduct of its auditing functions.

Report of the Audit Committee

The Audit Committee operates under a written charter adopted by the Board of Directors and revised in 2004 to reflect changes required by the Sarbanes-Oxley Act of 2002 and Nasdaq. The Audit Committee's charter was published in its entirety as an appendix to the Company's 2004 Proxy Statement. This report reviews the actions taken by the Audit Committee with regard to the Company's financial reporting process during 2004 and particularly with regard to the Company's audited consolidated financial statements as of December 31, 2004 and 2003 and for the three years ended December 31, 2004.

The Audit Committee selects the Company's independent registered public accountants and meets with the Company's independent registered public accountants to discuss the scope and review the results of the annual audit.

The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Committee's Charter. The Audit Committee met four times during 2004.

All of the directors who serve on the Audit Committee are independent for purposes of the Nasdaq listing standards. That is, the Board of Directors has determined that none of the members of the Committee has any relationship to the Company that may interfere with his independence from the Company and its management.

The Audit Committee has reviewed the Company's 2004 financial statements and met with both management and KPMG LLP, the Company's independent registered public accountants, to discuss those financial statements. Management has represented to us that the financial statements were prepared in conformity with accounting principles generally accepted in the United States of America. The Committee also has received from and discussed with KPMG LLP the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), relating to that firm's independence from the Company. The Audit Committee has also discussed with KPMG LLP any matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

On the basis of these reviews and discussions, the Audit Committee has recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.
