## Edgar Filing: ICAD INC - Form 8-K

### Item 8.01. Other Events

In April 2005, iCAD, Inc. (the "Company" or "iCAD") announced the position of its principal competitor, R2 Technology, Inc. ("R2") that iCAD's Second Look(R) product lines allegedly infringed on certain US patents which were assigned to R2 by Shih-Ping Wang ("Wang") and which patents are continuations in part of the patents already licensed to iCAD by R2 under the Settlement Agreement dated September 5, 2003 between iCAD and R2 that resolved certain patent infringement litigation between iCAD and R2 (the "Settlement Agreement").

On May 11, 2005, the Company received a Demand for Arbitration from R2 and Wang, as provided under the Settlement Agreement, with respect to US Patent Nos. 6,266,435 and 6,477,262. A third patent, cited in the Notice of Dispute, was not included in the Demand for Arbitration.

On May 16, 2005, the Company responded to R2 and Wang's Demand for Arbitration, denying R2's and Wang's allegation of infringement and setting forth a series of affirmative defenses to such claims. At the same time the Company asserted as a counterclaim that R2 products infringe and have infringed on US Patent Nos. 6,115,488, 6,556,699, 6,650,766, 6,205,236 and 6,389,157, all owned by the Company. R2 has subsequently denied such allegations and set forth its affirmative defenses to iCAD's claims.

No date has been set for the commencement of the arbitration.

### SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
