Dear fellow NetSol shareholders:

I cordially invite you to the NetSol Technologies, Inc. Annual Meeting, scheduled for April 12, 2010, at our NetSol offices in Calabasas, California. At this meeting, we will review the Company's financial performance for fiscal year 2009, NetSol's strategy and goals for fiscal year 2010, as well as, respond to questions. Enclosed with this proxy statement are a proxy card, voting instructions, and NetSol Technologies, Inc.'s fiscal year 2009 Form 10-K for the year ended June 30, 2009.

Fiscal 2009 - The Year in Review

Fiscal year 2009 was no doubt a challenging time for NetSol as well as the global economy in light of a historic recession. While our team took strategic action to adapt to the dynamic market conditions, our goal remains to expand NetSol by winning more global business, particularly in our core NetSol Financial Suite (NFS)TM offerings. In fiscal 2009, we rescaled our operations, drove internal efficiencies and implemented strategic initiatives which allowed NetSol to emerge from the latter half of fiscal year 2009 in a position of renewed strength. We have expressed our confidence that the fiscal third quarter of 2009 marked the bottom of the economic cycle for our global business.

We finished the year with a 36% sequential rise in quarterly revenue, a increase in sequential cash balances and a near doubling of our pipeline over the course of the fiscal fourth quarter 2009. As our turnaround in the fiscal fourth quarter of 2009 emerged, a clear picture of the success of our comprehensive cost efficiency measures was evident, as we reported an impressive 23% year-over-year reduction in operating expenses. When combined with renewed revenue growth, this drove material improvements in reducing the company's sequential quarterly GAAP net loss as well as the return to quarterly EBITDA profitability.

Based on a strong finish to fiscal year 2009, we continue to see the license sale market in the automotive and banking sectors, particularly in the Asia Pacific markets, as quite promising for the next few quarters. We also believe that the U.S. market is the largest target market for NetSol Financial SuiteTM and IT services offerings as the economy starts to show some visible signs of recovery. We continue to invest in the new generation of technology driven products that will further establish NetSol as a forward-thinking, innovative, strategic, global IT solution provider. As we are now well into our fiscal 2010 year, I am pleased to report that NetSol maintains a stronger revenue backlog and pipeline. We are also seeing excellent new opportunities in the government and public sectors in the Middle East and South East Asia.

With sequential top line revenue growth reestablished, improved bottom line performance, and improved sales pipeline visibility, NetSol has returned to providing financial guidance to convey the renewed strength we see in the global market. In December of 2009, we announced our expectations for fiscal year 2010 top line revenue growth of between 25% and 32% as well as calling for a return to full year GAAP profitability.

Key Drivers in Fiscal 2009

NetSol's improvement in the second half of fiscal 2009 was primarily driven from two fronts: firstly, improved operational efficiencies and strategic initiatives within our global organization; and, secondly, through improved customer demand and purchasing trends. In fiscal year 2009, we streamlined our global corporate structure under our previously announced comprehensive cost reduction measures which provided a highly efficient operating platform, bringing operating expenses in line with revenue and helping restore margins and profitability as revenue has begun to ramp up again. Our global sales and marketing structure is now unified under the leadership of Naeem Ghauri who has established increased sales effectiveness and improved visibility around new opportunities.

On the sales front, we have seen exceptionally strong activity in Asia, particularly in China, where our NetSol Financial Suite™ of solutions for the captive finance sector stands as the de-facto leader in the market. With among the strongest economic growth worldwide and rising consumer demand, we are seeing excellent interest from Chinese customers across our key verticals including banking, finance, leasing and automotive companies. China is now the world's largest single market for automobile sales, recently surpassing the United States in terms of unit volume. This is proving to be an excellent opportunity for NetSol based on our leadership in the automotive sector in that market. Accordingly, we are taking steps to strengthen our local market presence in China in terms of sales, marketing and IT services engineers to support burgeoning market demand.

We successfully established a new IT services joint venture, Atheeb NetSol Limited, a software engineering and joint venture company focused on kingdom of Saudi Arabia, gulf coast countries, and the Middle East; During the new joint venture company formation of Atheeb NetSol Ltd, we received a pilot IT project from Atheeb Group for over \$500,000. We also established a new Neptune Software plc partnership, extending the reach of the NetSol Financial Suite (NFS)™ and LeaseSoft Evolve product into Africa, as leasing is rapidly expanding as a financing solution across the continent. Subsequent to the launch of this partnership, we also announced our first joint customer win.

These joint venture and partnership activities provide highly cost efficient ways to penetrate new global markets with the assistance of a local partner with key relationships on the ground. Our NetSol North America operation has stabilized after internal consolidation. NetSol North America remains solid with 30 plus clients, strong maintenance revenue streams and excellent growth potential for our SAP integration practice group. We also added two major new customers including Nissan's leasing operation in Mexico.

Finally, and most importantly, we continue to have a powerful portfolio of products and services supported by CMMI Level 5 expertise and a global delivery platform that provides our customers high quality service and support.

NetSol has expanded its low cost delivery capabilities to Beijing and Bangkok supporting our Center of Excellence and state-of-the-art technology campus in Lahore. We have made every effort to fully secure our main development location in Lahore against geo-political instability. Our Center of Excellence continues to provide the cost-effective, highest quality to all of our operating entities. Nonetheless, and as further reassurance to our global clients, we continue to provide local management and technical support at our streamlined proximity development centers in the Silicon Valley and in the U.K. The regional and local support to our clients located in USA, Europe and Asia Pacific has essentially lessened the dependency on the Lahore campus which continues provides support primarily on the backend.

In conclusion, NetSol has begun fiscal year 2010 with continued positive momentum as NetSol delivered another quarter of double digit top line revenue growth in the first quarter of fiscal year 2010, compared to the prior quarter ended June 30, 2009. This rise in sales included a 99% sequential increase in license fees driven by the strength of our core NetSol Financial Suite™. Higher sales also contributed to significant improvements in our fiscal first quarter 2010 gross margin and operating margin, as well as another significant reduction in GAAP net loss as we approach

our target of breakeven and long-term profitability. Fiscal first quarter EBITDA profitability also improved materially, more than doubling compared to the prior quarter ended June 30, 2009.

We are very optimistic in NetSol's short-term and long-term outlook as we see strong growth in Asia Pacific as well as the South East Asian emerging markets, while we envision unlimited scope for our niche solutions and services in the Americas from 2010 onwards. Based on the intrinsic value of NetSol's years of capital investment in its offerings, product maturity and the surge in demand amongst fortune 500 clients worldwide, we believe the company is extremely well positioned globally to become a significant IT solutions provide in all key markets within our space. With our new business pipeline for fiscal 2010 continuing to expand, with particular strength in our China, Asia Pacific and Kingdom of Saudi Arabia operations, we are creating new global opportunities as customers in those regions look for asset finance and lending software solutions to meet the various needs of their other international and local operations

My personal thanks go out to each of our global NetSol team members for their hard work and dedication which made our fiscal year 2009 achievements possible. I would also like to thank you for your support and encourage you to vote your proxy as well as attend the Annual Meeting on April 12, 2010 at our offices in Calabasas, California.

Sincerely,

Najeeb U. Ghauri

The common stock and warrants were part of a financing in the amount of \$2,500,000 which initially closed on June 29, 2007 (the "Financing"). The common stock was issued by the Company in 2007. However, a contemplated adjustment of the exercise price of the common stock purchase warrants, under NASDAQ Listing Rules, requires stockholder approval for the issuance of the shares of common stock underlying the warrants in order to permit a full exercise of the warrants by the investors. A detailed discussion of this proposal begins on page 26.
4. To consider such other matters as may properly come before the Annual Meeting.

SOLICITATION OF PROXIES

This proxy solicitation is being made and paid for by NetSol on behalf of our Board of Directors. In addition, we have retained Georgeson Inc. ("Georgeson") to assist in the solicitation. We will pay Georgeson approximately \$6,000 plus reasonable out-of-pocket expenses for their assistance. Our directors, officers and employees may also solicit proxies by personal interview, mail, e-mail, telephone, facsimile or other means of communication. These persons will not be paid additional or special remuneration for their efforts. We will also request brokers and other fiduciaries to forward proxy solicitation material to the beneficial owners of shares of Common Stock that the brokers and fiduciaries hold of record and obtain such holders' voting instructions. Upon request, we will reimburse such brokers and fiduciaries for their reasonable out-of-pocket expenses. These materials are expected to be first mailed to stockholders on or about March 8, 2010.

VOTING AND REVOCATION OF PROXIES

A stockholder, giving a proxy, on the enclosed form, may revoke it at any time prior to the actual voting at the Annual Meeting by filing written notice of the termination of the appointment with an officer of the Company, by attending the Annual Meeting and voting in person, or by filing a new written appointment of a proxy with an officer of the Company. The revocation of a proxy will not affect any vote taken prior to the revocation. Unless a proxy is revoked or there is a direction to abstain on one or more proposals, it will be voted on each proposal and, if a choice is made with respect to any matter to be acted upon, in accordance with such choice. If no choice is specified, the proxies intend to vote the shares represented thereby to approve Proposals Nos. 1, 2, and 3, as set forth in the accompanying

Notice of Annual Meeting of Stockholders, and in accordance with their best judgment on any other matters that may properly come before the Annual Meeting.

VOTING SECURITIES

As of February 22, 2010, there were 35,506,277 shares of common stock issued and outstanding and no shares of Series A 7% Cumulative Convertible Preferred Stock. Each share of common stock is entitled to one vote. Provided, however, that the shares held by the Investors in the Financing which are the subject of proposal number 3, may not be voted in connection with that proposal (the "Currently Held Financing Shares"). The Currently Held Financing Shares may be voted on any and all other proposals at this meeting and may be used for purposes of determining a quorum for this meeting.

INTERESTS OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No director or executive officer holds a substantial interest, either directly or indirectly, in any matter to be acted upon.

VOTING AT THE MEETING

Only stockholders of record at the close of business on February 22, 2010 are entitled to notice of and to vote at the Annual Meeting or any adjournments thereof. Each share of Common Stock is entitled to one vote on the matters to be presented at the Annual Meeting.

A majority of the votes entitled to be cast on matters to be considered at the Annual Meeting, present in person or by proxy, will constitute a quorum at the Annual Meeting. If a share is represented for any purpose at the Annual Meeting, it is deemed to be present for all other matters. Abstentions and broker non votes will be counted for purposes of determining the presence or absence of a quorum. "Broker non votes" are shares held by brokers or nominees which are present in person or represented by proxy, but which are not voted on a particular matter because instructions have not been received from the beneficial owner. Under applicable Nevada law, the effect of Broker non votes on a particular matter depends on whether the matter is one as to which the broker or nominee has discretionary voting authority. Under applicable Nevada law, as it applies to the proposals presented to stockholders at this annual meeting, Broker non votes shall be treated as an abstention and such Broker non votes shall be included in the total shares voted for the purpose of quorum requirements and determining whether a majority of stockholders have approved the transactions. Treatment of Broker non votes as abstentions results in these votes being treated as "no" votes in so far as a majority of all votes cast, including Broker non votes, must be voted in favor for a proposal to be approved. A majority of votes in favor must be acquired in order for the proposals to be approved.

RETURNED PROXY CARDS WHICH DO NOT PROVIDE VOTING INSTRUCTIONS

Proxies that are signed and returned will be voted in the manner instructed by a stockholder. If you sign and return your proxy card with no instructions, the proxy will be voted "For" with respect to the item set forth in the Proposal.

SHARES HELD IN "STREET NAME"

If your shares are held in "street name", your broker can vote your shares only if you provide instructions on how to vote. You should instruct your broker to vote your shares in accordance with directions provided by your broker.

CHANGING YOUR VOTE

You may revoke your proxy at any time before the proxy is voted at the Annual Meeting. In order to do this, you must:

- send us written notice, stating your desire to revoke your proxy,

10

- send us a signed proxy that bears a later date than the one you intend to revoke, or,
- attend the Annual Meeting and vote in person. In this case, you must notify the Inspector of Elections or Secretary of the Company that you intend to vote in person.

QUESTIONS AND ANSWERS ABOUT THE MATTERS SUBJECT TO VOTE

Q. What is being voted on?

A. The following proposals are being voted on:

The election of directors for a new term.

The ratification of the appointment of Kabani & Company to act as our auditor for the year ending June 30, 2011

Approval of the issuance of shares of common stock of the Company and the issuance of shares of common stock upon the full exercise of warrants by investors who took place in a private offering of common stock and warrants in July 2007.

Assuming the stockholders approve this proposal, the Company may upon a full exercise of the common stock purchase warrants (the "Warrants") by the holders thereof, issue up to 4,032,276 shares of common stock

Q. Why are we being asked to approve the issuance of shares that have already been issued?

A. As a NASDAQ listed Company, we are required to follow the NASDAQ listing rules. One such rule is rule 5635(d)(2) which requires stockholder approval when, in connection with a transaction other than a public offering, a transaction involves the potential issuance by the Company of common stock equal to 20% or more of the common stock outstanding before the issuance. Stockholder approval was not required at the closing of the Financing because the terms of the Financing would not result in issuances equal to or more than 20%. We are contemplating an adjustment to the exercise price of warrants issued in the Financing. With this adjustment, the number of shares which could be acquired upon full exercise of the warrants together with the shares issued in the Financing would exceed 20%, requiring stockholder approval in order to permit a full exercise.

As of the closing date of this Financing, there were 20,158,853 shares of common stock issued and outstanding. In that Financing, a total of 1,515,151 shares of common stock and 757,575 warrants to purchase shares of common stock were issued. As of the completion of the Financing in October 2007, the total number of shares of common stock and shares of common stock which could potentially be issued if the Warrants were exercised in full represented 11.27% of the then issued and outstanding shares of common stock. Accordingly, we were not required to seek shareholder approval of this transaction at that time.

However, the Warrant contains two provisions that are important to this situation. The first provision does not permit the Company to issue any shares in violation of NASDAQ rules. The second provides full ratchet, anti-dilution protection to the Investors. Such protection acts to adjust the exercise price of the Warrant and the number of shares exercisable when the Company issues any securities at or below the then current warrant exercise price. Over time, since 2007, the Warrant exercise price has been adjusted down. Currently, the Warrant exercise price is \$.63 per share. At a \$.63 per share exercise price, the total shares that would be issued if the holders exercised all of the Warrants are 1,984,136. This together with the shares issued in 2007, would total 3,499,287 shares equaling 17.36% of the issued and outstanding shares of the Company at the time of the Financing. This is the current number of shares that can be exercised without any shareholder approval.

In December 2009, the Company and the investors in the Financing entered into a waiver agreement (the "Waiver Agreement") whereby the Company agreed to adjust the Warrant exercise price to \$.31 per share. This adjustment would result in an adjustment of the total number of shares that could be issued if exercised in full to 4,032,276. Together with the total number of shares issued to the investors in the Financing the number of shares

which may be potentially issued if the Warrants were exercised in full by the holders will exceed 19.99% of the issued and outstanding shares of common stock of the Company as of June 29, 2007 and, specifically, would represent 27.51% of the issued and outstanding shares at the time of the original closing in June 2007.

Even if the stockholders do not approve the share issuances as set forth in this proxy, the holders will still be entitled to acquire 1,984,136 shares of common stock at the current exercise price of \$.63 per share.

Q. Why are you adjusting the Warrant exercise price to \$.31 per share?

A. We are agreeing to an adjustment of the Warrant exercise price in order to resolve an issue between the Company and the Investors.

In April through July 2009, the Company issued shares to its employees as part of a stock purchase plan. The shares were issued at a discount from the market price of the shares of common stock on the date the issuances were authorized. As the shares were issued at a discount from market, the issuance was deemed to be an employee stock purchase plan which required shareholder approval prior to issuance according to NASDAQ Listing Rules. As stockholder approval was not obtained for these issuances, and in order to satisfy NASDAQ Listing Rules, the share prices were adjusted to the market price on the day of each investor's purchase. The revised prices were in the range of \$.44 to \$.68 per share. The holders in the Financing assert that they are entitled to anti-dilution protection for all outstanding securities held by them based on the unadjusted price of the issuances. They further assert that the raise was not an employee purchase plan as defined in the Warrant and therefore anti-dilution protection should be applied, not only to the Warrants but to all other adjustable securities owned by them at the lowest, non-adjusted price of \$.20 per share. The Company asserts that as the raise was conceded to be an employee stock purchase, the anti-dilution protection does not apply.

The Waiver Agreement constitutes a compromise of this issue. In this agreement, the investors agree to waive the application of the anti-dilution provisions as it is related to the employee stock purchase as to all adjustable securities in exchange for an adjustment of the exercise price of the Warrants only to \$.31 per share and correspondingly the proportionate upward adjustment in the number of shares that could be exercised. This upward adjustment is required by the full ratchet anti-dilution protection of the Warrant. With this adjustment, the total number of shares that would be issuable if the Warrants were exercised in full at the \$.31 exercise price is 4,032,276.

This Waiver Agreement is effective to resolve the issue if and only if the Company seeks and acquires stockholder approval of the Financing issuances so that the Warrants can be exercised in full based on this newly adjusted price. Should the stockholders fail to approve this issuance the price adjustment will not occur, and the Waiver Agreement will no longer be effective as a resolution of the anti-dilution issue. The Company and the investors will continue to disagree as to the applicability of the anti-dilution provisions to all of the securities held by the Investor which contain anti-dilution provisions and not just the Warrants.

The Waiver Agreement is an effort to resolve this disagreement with its investor and avoid additional costs associated with alternative resolutions or the holders seeking other recourse.

The Audit Committee has reviewed and discussed the consolidated financial statements with management and Kabani & Company, the Company's independent auditors. Management is responsible for the preparation, presentation and integrity of NetSol's financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. Pre-Approval Procedures

The Audit Committee and the Board of Directors are responsible for the engagement of the independent auditors and for approving, in advance, all auditing services and permitted non-audit services to be provided by the independent auditors. The Audit Committee maintains a policy for the engagement of the independent auditors that is intended to maintain the independent auditor's independence from NetSol. In adopting the policy, the Audit Committee considered the various services that the independent auditors have historically performed or may be needed to perform in the future. The policy, which is to be reviewed and re-adopted at least annually by the Audit Committee:

- (i) Approves the performance by the independent auditors of certain types of service (principally audit-related and tax), subject to restrictions in some cases, based on the Committee's determination that this would not be likely to impair the independent auditors' independence from NetSol;
- (ii) Requires that management obtain the specific prior approval of the Audit Committee for each engagement of the independent auditors to perform other types of permitted services; and,
- (iii) Prohibits the performance by the independent auditors of certain types of services due to the likelihood that their independence would be impaired.

Any approval required under the policy must be given by the Audit Committee, by the Chairman of the Committee in office at the time, or by any other Committee member to whom the Committee has delegated that authority. The Audit Committee does not delegate its responsibilities to approve services performed by the independent auditors to any member of management.

The standard applied by the Audit Committee in determining whether to grant approval of an engagement of the independent auditors is whether the services to be performed, the compensation to be paid therefore and other related factors are consistent with the independent auditors' independence under guidelines of the Securities and Exchange Commission and applicable professional standards. Relevant considerations include, but are not limited to, whether the work product is likely to be subject to, or implicated in, audit procedures during the audit of NetSol's financial statements; whether the independent auditors would be functioning in the role of management or in an advocacy role; whether performance of the service by the independent auditors would enhance NetSol's ability to manage or control risk or improve audit quality; whether performance of the service by the independent auditors would increase efficiency because of their familiarity with NetSol's business, personnel, culture, systems, risk profile and other factors; and whether the amount of fees involved, or the proportion of the total fees payable to the independent auditors in the period that is for tax and other non-audit services, would tend to reduce the independent auditors' ability to exercise independent judgment in performing the audit.

Vote Required

An affirmative vote of a majority of the votes cast at the Annual Meeting is required for ratification of KABANI & COMPANY, INC. as our independent accountants for the year ending June 30, 2010.

THE BOARD RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF KABANI & COMPANY, INC. AS THE COMPANY'S INDEPENDENT AUDITORS FOR FISCAL YEAR 2010.

PROPOSAL NO. THREE

APPROVAL OF THE ISSUANCE OF SHARES OF COMMON STOCK OF THE COMPANY
AND THE ISSUANCE OF SHARES OF COMMON STOCK UPON THE FULL EXERCISE OF WARRANTS BY
INVESTORS WHO TOOK PLACE IN A PRIVATE OFFERING OF COMMON STOCK AND WARRANTS IN
2007

The discussion in this proxy statement of the terms of the financing dated June 29, 2007, by and between the Company and the investors is contained in the Common Stock and Warrant Agreement, the Common Stock Purchase Warrant and, the Investor Rights Agreement (collectively referred to as the “Financing Documents”). A copy of the form of the Financing Documents is attached as Annex A-C to this proxy statement and is incorporated into this proxy statement by reference. The Waiver Agreement is attached as Annex D to this proxy statement and is incorporated into this proxy statement by this reference. While we do not believe that this information is material for the exercise of prudent judgment in regards to this matter, in that the matter involves the authorization or issuance of common stock only, to assist you with your understanding, we are incorporating by reference our financial statements for the year ended June 30, 2009 and the quarter ended December 31, 2009. The annual report on form 10-K for the year ended June 30, 2009 is being provided to you with this proxy.

Introduction

The purpose of this Proposal is to obtain the stockholder approval necessary under applicable NASDAQ Listing Rules to allow for the full issuance and exercise of: (i) shares of Common Stock and, (ii) shares of Common Stock upon the full exercise of the Warrants issued by the Company to the investors in the Financing based on an adjusted Warrant exercise price of \$.31 per share. In the event that stockholder approval of this proposal is not acquired, the Warrants’ exercise price will remain at \$.63 per share (per its anti-dilution provisions) and the investors will be able to exercise only those number of shares which, when taken with the number of shares of common stock issued in connection with the Financing will not result in a violation of NASDAQ Listing Rules. Additionally, if stockholder approval of this proposal is not acquired, the waiver agreement entered into by and between the investors and the Company dated December 14, 2009 (the “Waiver Agreement”) which is designed to resolve a disagreement as to the applicability of certain anti-dilution provisions to employee purchases made in 2009, will no longer operate to resolve the disagreement.

Description of the Financing

On June 22, 2007, the Company entered into an agreement with The Tail Wind Fund Ltd., and Solomon Strategic Holdings, Inc. (the “Investors”) whereby the Company was prepared to issue 1,515,151 shares of common stock and common stock purchase warrants to purchase 757,575 shares of common stock (the “Warrants”) in exchange for \$2,500,000 (the “Financing”). The units of common stock and Warrants were sold at the price of \$1.65 per share. The initial exercise price of the Warrants was \$1.65 per share. The initial tranche of 757,575 shares of common stock and warrants to purchase 378,787 shares of common stock were issued at the initial closing on June 29, 2007. The provisions of the common stock and warrant purchase agreement provides that the Investors could purchase an additional 757,575 shares of common stock and warrants to purchase 378,787 shares of common stock at the same price provided that such determination was made within 6 months of the closing of the stock purchase agreement or by no later than December 31, 2007. On or about October 18, 2007, both investors elected to acquire the additional shares and warrants. The total shares issued in connection with this Financing were 1,515,151 shares together with warrants to purchase 757,575 shares of common stock at the initial exercise price of \$1.65 per share.

The Warrant contains a full ratchet anti-dilution provision which provides that the exercise price of the Warrants will be adjusted at any time, during the term of the Warrants, if the Company issues securities below the then current

exercise price of the Warrants. Further, the full ratchet anti-dilution provision requires a corresponding adjustment of the number of shares of common stock that may be acquired upon the exercise of such Warrants (such that the total consideration payable by the investor remains unchanged upon full exercise regardless of a downward adjustment in the exercise price). The Warrant exercise price was adjusted on two occasions to \$.78, based on an amendment in 2009 to a convertible note issued to the Investors in 2008 and then again to \$.63 based on the issuance of notes which are convertible into shares of common stock issued to the Investors in August 2009. Correspondingly, the number of shares which could be acquired upon full exercise of the Warrants increased from 757,575 to 1,984,136 (as a result of the \$.63 adjustment).

The proceeds of the Financing were used for expenses related to the financing and working capital.

In April through July 2009, the Company issued shares to its employees as part of a stock purchase plan. The shares were issued at a discount from the market price of the shares of common stock on the date the issuances were authorized. As the shares were issued at a discount from market, the issuance was deemed to be an employee stock purchase plan which required shareholder approval prior to issuance according to NASDAQ Listing Rules. As stockholder approval was not obtained for these issuances, and in order to satisfy NASDAQ Listing Rules, the share prices were adjusted to the market price on the day of each investor's purchase. The revised prices were in the range of \$.44 to \$.68 per share. The Investors assert that they are entitled to anti-dilution protection for all outstanding securities held by them based on the unadjusted price of the issuances. They further assert that the raise was not an employee purchase plan as defined in the Warrant and therefore anti-dilution protection should be applied, not only to the Warrants but to all other adjustable securities owned by the Investors at the lowest, non-adjusted price of \$.20 per share. The Company asserts that as the raise was conceded to be an employee stock purchase, the anti-dilution protection does not apply.

The Waiver Agreement constitutes a compromise of this issue. In this agreement, the Investors agree to waive the application of the anti-dilution provisions as it is related to the employee stock purchase as to all adjustable securities in exchange for an adjustment of the exercise price of the Warrants only to \$.31 per share and correspondingly the proportionate upward adjustment in the number of shares that could be exercised, in line with the full-ratchet anti-dilution clause. With this adjustment, the total number of shares that would be issuable if the Warrants were exercised in full at the \$.31 exercise price is 4,032,276.

This Waiver Agreement is effective to resolve the issue if and only if the Company seeks and acquires stockholder approval of the Financing issuances so that the Warrants can be exercised in full based on this newly adjusted price. Should the stockholders fail to approve this issuance the price adjustment will not occur, and the Waiver Agreement will no longer be effective as a resolution of the anti-dilution issue. The Company and the Investors will continue to disagree as to the applicability of the anti-dilution provisions to all of the securities held by the Investors which contain anti-dilution provisions and not just the Warrants.

The terms of the Warrants permit exercise at any time at the current exercise price of \$.63 per share, through the extended warrant exercise date of June 29 and October 18, 2015 respectively, for each Warrant, to the extent that such exercise does not violate NASDAQ Listing Rules, and in full at the adjusted price of \$.31, at such time after our stockholders approve the issuance of shares of common stock underlying such Warrants. To date, 1,515,151 shares of common stock have been issued to the investors in the Financing. However, none of the Warrants have been exercised and, accordingly, no shares of common stock underlying the Warrants have been issued.

Description of Securities

The terms of the Warrant permit exercise for a period of five years and contain full-ratchet anti-dilution protections. Full-ratchet anti-dilution protection is afforded to the Investors by providing for both an adjustment of the conversion price and a corresponding adjustment in the number of shares of common stock into which the Warrants may be exercised in certain circumstances. The conversion price is adjusted for stock dividends, subdivisions, combinations, distributions and issuances of shares, or securities convertible into shares, of common stock of the Company which effectively reduces the conversion, exercise or exchange price for any securities to an effective Per Share Selling Price (defined below) which is less than the current Warrant price. The Per Share Selling Price includes the amount actually paid by third parties for each share of common stock in a sale or issuance by the Company. If the securities are issued for something other than cash, the Per Share Selling Price shall be the fair value of such consideration as determined in good faith by independent certified public accounts. In such event, the current warrant price shall be automatically reduced effective concurrently with such issue or sale to an amount equal to such

Per Share Selling Price. Further, in the event of such reduction, the number of shares of common stock which are issuable upon exercise of the Warrants shall be inversely proportionately increased such that the aggregate exercise price remains the same.

The foregoing provision does not apply to any issuances or sales of common stock or convertible securities (i) pursuant to any convertible securities currently outstanding on the date the Warrant, in accordance with the terms of such convertible securities, or (ii) to any officer, director or employee of the Company pursuant to a bona fide option or equity incentive plan duly adopted by the Company. Exercise of the Warrants is subject to beneficial ownership cap of 9.9% of the total number of shares of common stock of the Company then issued and outstanding.

The Warrants currently, at the \$.63 per share exercise price, and upon full exercise would result in the issuance of up to 1,984,136 (except as limited by the beneficial ownership cap and the prohibition of any issuance in violation of NASDAQ Listing Rules). The contemplated adjustment, assuming stockholder approval, would result, upon full exercise of the warrants, in an issuance of up to 4,032,276 shares of common stock (again, except as limited by the beneficial ownership cap). The Warrants may be exercised until June 29 and October 18, 2015 respectively.

The common stock issued as part of this Financing was issued at the price of \$1.65 per share are the same class of common stock of the Company currently outstanding and listed on the NASDAQ Capital Market under the symbol "NTWK".

NASDAQ Listing Requirements and the Necessity of Stockholder Approval

As a NASDAQ listed company, we are required to follow the NASDAQ listing rules. One such rule is rule 5635(d)(2) which requires stockholder approval when, in connection with a transaction other than a public offering, a transaction involves the potential issuance by the Company of common stock equal to 20% or more of the common stock outstanding before the issuance. Stockholder approval was not required at the closing of the Financing because the terms of the Financing would not result in issuances equal to or more than 20%. We have agreed to an adjustment to the exercise price of Warrants issued in the Financing. With this adjustment, the number of shares which could be acquired upon full exercise of the warrants together with the shares issued in the Financing would exceed 20%, requiring stockholder approval.

As of the closing date of this Financing, there were 20,158,853 shares of common stock issued and outstanding. In that Financing, a total of 1,515,151 shares of common stock and 757,575 warrants to purchase shares of common stock were issued. As of the completion of the Financing in October 2007, the total number of shares of common stock and shares of common stock which could potentially be issued if the warrants were exercised in full represented 11.27% of the then issued and outstanding shares of common stock. Accordingly, we were not required to seek shareholder approval of this transaction at that time.

However, the Warrant contains two provisions that are important to this situation. The first provision does not permit the Company to issue any shares in violation of NASDAQ Listing Rules. The second provides full ratchet, anti-dilution protection to the Investors. Such protection acts to adjust the exercise price of the Warrant and the number of shares exercisable when the Company issues any securities at or below the then current Warrant exercise price. Over time, since 2007, the Warrant exercise price has been adjusted down and the number of shares which can be acquired when the Warrants are exercised has been adjusted up. Currently, the Warrant exercise price is \$.63 per share. At a \$.63 per share exercise price, the total shares that would be issued if the Investors exercised all of the Warrants are 1,984,136. This together with the shares issued in 2007, would total 3,499,287 shares equaling 17.36% of the issued and outstanding shares of the Company at the time of the Financing. This is the current number of shares that can be exercised without any shareholder approval.

In December 2009, the Company and the investors in the Financing entered into a Waiver Agreement where the Company agreed to adjust the Warrant exercise price to \$.31 per share. This adjustment would result in an adjustment of the total number of shares that could be issued if exercised in full to 4,032,276. Together with the total number of shares issued to the investors in the Financing the number of shares which may be potentially issued if the Warrants

were exercised in full by the Investors will exceed 19.99% of the issued and outstanding shares of common stock of the Company as of June 29, 2007 and, specifically, would represent 27.51% of the issued and outstanding shares at the time of the original closing in June 2007.

Even if the stockholders do not approve the share issuances as set forth in this proxy, the Investors will still be entitled to acquire 1,984,136 shares of common stock at the current exercise price of \$.63 per share.

As of June 26, 2007, there were 20,158,853 shares of common stock of the Company issued and outstanding, less treasury shares. Accordingly, the number of shares to be issued to the Investors based on the shares issued in 2007 and a full exercise of the Warrants, at the adjusted exercise price would be a total of 5,547,427 constituting 27.52% of the issued and outstanding shares at June 29, 2007. Without stockholder approval, the Investors will receive, on full exercise of the Warrants and accounting for shares of common stock issued in 2007, a total of 3,499,287.

Funds raised in the Financing were used for working capital.

The Company's stockholders are being asked to approve the issuance of shares of common stock of the Company and the issuance of shares of common stock upon the full exercise of warrants by investors who took place in a private offering of common stock and Warrants in 2007.

Availability of Principal Accountants

Representatives from our principal accountant are expected to be present at the stockholders' meeting; will have an opportunity to make a statement if they desire to do so; and, are expected to be available to respond to appropriate questions.

Required Vote

The affirmative vote of a majority of the issued and outstanding shares of the Common Stock entitled to vote thereon is necessary for approval of the issuance of shares of Common Stock issuable upon the full exercise of the Warrants issued by the Company in the Financing. Shares of Common Stock acquired by the Investors in the Financing may not be voted in connection with this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE ISSUANCE OF SHARES OF COMMON STOCK OF THE COMPANY AND THE ISSUANCE OF SHARES OF COMMON STOCK UPON THE FULL EXERCISE OF WARRANTS BY INVESTORS WHO TOOK PLACE IN A PRIVATE OFFERING OF COMMON STOCK AND WARRANTS IN 2007

Mr. Lee tendered his resignation as of March 31, 2008. As of April 1, 2009, Mr. Boo-Ali Siddiqui assumed the position of Chief Financial Officer of the Company.

Compensation Philosophy and Objectives

The Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals by the Company, and which aligns executives' interests with those of the stockholders by rewarding performance at or above established goals, with the ultimate objective of increasing stockholder value. The philosophy of the Compensation Committee is to evaluate both performance and compensation to ensure that we maintain our ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of our peer companies. To that end, the Compensation Committee believes executive compensation packages should include both cash and equity-based compensation that reward performance as measured against established goals.

Setting Executive Compensation

Management develops our compensation plans by utilizing publicly available compensation data in the media services and technology industries. We believe that the practices of these groups of companies provide us with appropriate compensation benchmarks, because these groups of companies are in similar businesses and tend to compete with us for executives and other employees. For benchmarking executive compensation, we typically review the compensation data we have collected from these groups of companies, as well as a subset of the data from those companies that have a similar number of employees as the Company. For purposes of determining executive compensation, we have not engaged consultants to help us analyze this data or to compare our compensation programs with the practices of the companies represented in the compensation data we review.

Based on management's analyses and recommendations, the Compensation Committee has approved a pay-for-performance compensation philosophy, which is intended to establish base salaries and total executive compensation (taking into consideration the executive's experience and abilities) that are competitive with those companies with a similar number of employees represented in the compensation data we review.

We work within the framework of this pay-for-performance compensation philosophy to determine each component of an executive's initial compensation package based on numerous factors, including:

- the individual's particular background, track record and circumstances, including training and prior relevant work experience;
- the individual's role with us and the compensation paid to similar persons in the companies represented in the compensation data that we review;

- the demand for individuals with the individual's specific expertise and experience;
- performance goals and other expectations for the position; and,
- uniqueness of industry skills.

The terms of each executive officer's compensation are derived from employment agreements negotiated between the Company and the executive. Each executive's employment agreement is generally negotiated to cover a one to three-year period, and prescribes the base salary and other annual payments, if any, to the executive. Employment agreements for all executive officers are approved by the Board of Directors and the Compensation Committee. Employment agreements for other executives are approved by the Company's Chief Executive Officer.

2009 Executive Compensation Components

For the fiscal year ended June 30, 2009, the principal components of compensation that our named executive officers were eligible to receive were:

- Base salary;
- Long Term Equity Incentive Compensation;
- Performance-based incentive compensation (discretionary bonus); and,
- Perquisites and other personal benefits.

Base Salary

An executive's base salary is evaluated together with components of the executive's other compensation to ensure that the executive's total compensation is consistent with our overall compensation philosophy.

The base salaries were established in arms-length negotiations between the executive and the Company, taking into account their extensive experience, knowledge of the industry, track record, and achievements on behalf of the Company.

Base salaries are adjusted annually by the Compensation Committee.

Annual Bonus

Our compensation program includes eligibility for bonuses as rewarded by the Compensation Committee. All executives are eligible for annual performance-based cash bonuses in accordance with Company policies.

During our fiscal year ended 2009, none of the named executives were awarded cash bonuses. Our former CFOs, both of whom served as CFO during the last fiscal year ended June 30, 2009 received \$5,000 and \$0 respectively for Ms. Gilger and Mr. Lee.

Long-Term Equity Incentive Compensation

We believe that long-term performance is achieved through an ownership culture that encourages long-term participation by our executives in equity-based awards. Our various Employee Stock Option Plans allow us to grant stock options to employees. We currently make initial equity awards of stock options to new executives and certain non-executive employees in connection with their employment with the Company. Annual grants of options, if any, are approved by the Compensation Committee.

Equity Incentives. Executives, certain non-executive employees, and directors who join us may be awarded stock awards and/or stock option grants after they join the Company. These grants have an exercise price equal to the fair market value of our common stock on the grant date. Such awards are intended to provide the executive with incentive to build value in the organization over an extended period of time. The size of the stock option award is also reviewed in light of the executive's track record, base salary, other compensation and other factors to ensure that the executive's total compensation is in line with our overall compensation philosophy. A review of all components of compensation is conducted when determining equity awards to ensure that total compensation conforms to our overall philosophy and objectives.

Perquisites and Other Personal Benefits

We provide named executive officers with perquisites and other personal benefits that we believe are reasonable and consistent with our overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to executive officers.

We maintain benefits and perquisites that are offered to all employees, including health insurance and dental insurance. Benefits and perquisites may vary in different country locations and are consistent with local practices and regulations.

Termination Based Compensation

Upon termination of employment, all executive officers with a written employment agreement are entitled to receive severance payments under their employment agreements. In determining whether to approve, and as part of the process of setting the terms of, such severance arrangements, the Compensation Committee recognizes that executives and officers often face challenges securing new employment following termination. Further, the Committee recognizes that many of the named executives and officers have participated in the Company since its founding and that this participation has not resulted in a return on their investments. Termination and Change in Control Payments considered both the risk and the dedication of these executives' service to the Company.

Our Chief Executive Officer, CEO of NetSol Technologies, Ltd. and CEO of Netsol Technologies Europe, Ltd. have employment agreements that provide, if his employment is terminated without cause or if the executive terminates the agreement with Good Reason, he is entitled to (a) all remaining salary to the end of the date of termination, plus salary from the end of the employment term through the end of the third anniversary of the date of termination, and (b) the continuation by the Company of medical and dental insurance coverage for him and his family until the end of the employment term and through the end of the third anniversary of the date of termination. Provided, however, if such benefits cannot be continued for this extended period, the Executive shall receive cash (including a tax-equivalency payment for Federal, state and local income and payroll taxes assuming Executive is in the maximum tax bracket for all such purposes) where such benefits may not be continued. These agreements further provide for vesting of all options and restrictive stock grants, if any.

The CFO of the Company does not currently have a written employment agreement with the Company.

The Secretary of the Company has an employment agreement that provides, if she is terminated without cause or if the executive terminates the agreement with Good Reason, she is entitled to (a) all remaining salary to the end of the date of termination, plus salary from the end of the employment term through the end of the first anniversary of the date of termination, and (b) the continuation by the Company of medical and dental insurance coverage for her and her family until the end of the employment term and through the end of the first anniversary of the date of termination. Provided, however, if such benefits cannot be continued for this extended period, the Executive shall receive cash (including a tax-equivalency payment for Federal, state and local income and payroll taxes assuming Executive is in the maximum tax bracket for all such purposes) where such benefits may not be continued. These agreements further provide for vesting of all options and restrictive stock grants, if any.

Tax and Accounting Implications

Deductibility of Executive Compensation

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that we may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. We believe that compensation paid under the management incentive plans is generally fully deductible for federal income tax purposes.

Accounting for Stock-Based Compensation

Commencing on July 1, 2006, we began accounting for stock-based payments, including awards under our Employee Stock Option Plans, in accordance with the requirements of Statement of Financial Accounting Standards No. 123 (revised 2004), Share-Based Payment, or SFAS 123(R).

The following table shows the compensation for the fiscal year ended June 30, 2009 and June 30, 2008, earned by our Chairman and Chief Executive Officer, our Chief Financial Officer who is our Principal Financial and Accounting Officer, and others considered to be executive officers of the Company.

COMMON STOCK AND WARRANT PURCHASE AGREEMENT

This COMMON STOCK AND WARRANT PURCHASE AGREEMENT (“Agreement”) is dated as of June 22, 2007, by and among NetSol Technologies, Inc., a Nevada corporation (the “Seller”), and each of the persons signatory hereto (each is individually referred to as a “Purchaser” and collectively, the “Purchasers”).

WITNESSETH:

WHEREAS, each of the Purchasers is willing to purchase from the Seller, and the Seller desires to sell to the Purchasers (a) shares of the Seller’s common stock, \$0.001 par value (the “Common Stock”), and (b) Common Stock Purchase Warrants (the “Warrants”) entitling the holders thereof to purchase shares of the Seller’s Common Stock (“Warrant Shares”), for an aggregate purchase price of up to \$2,500,000, as more fully set forth herein; and

NOW THEREFORE, in consideration of the mutual promises and representations, warranties, covenants and agreements set forth herein, the parties hereto, intending to be legally bound, hereby agree as follows:

ARTICLE I - PURCHASE AND SALE

1.1 Purchase and Sale.

(a) Closing. Subject to the terms and conditions set forth in this Agreement, at the closing of the transactions contemplated under this Agreement (the “Closing”), each Purchaser shall purchase, severally and not jointly, and the Seller shall issue and sell to each Purchaser, for the Purchase Price set forth on such Purchaser’s signature page hereto:

(i) such number of shares of Common Stock (such shares issued pursuant to this Agreement, the “Shares”) as is equal to such Purchaser’s Purchase Price divided by \$1.65 (as appropriately and equitably adjusted for stock splits, stock dividends, stock combinations and similar events, the “Per Share Purchase Price”); and

(ii) Warrants to purchase such number of shares of Common Stock as is equal to 50% of such Purchaser’s Shares, at an exercise price per share equal to the Per Share Purchase Price.

(iii) The Closing shall occur as promptly as practicable, but no later than June 29, 2007 at the offices of Peter J. Weisman, P.C., 52 Vanderbilt Avenue, 17th Floor, New York, NY 10017, or on such other date and at such other location as the Seller and Purchasers shall mutually agree. The “Closing Date” means the date on which the Closing occurs.

(b) Purchase Price. The purchase price (the “Purchase Price”) to be paid by each Purchaser to the Seller to acquire the Shares and Warrants at Closing shall be equal to the amount set forth on such Purchaser’s signature page hereto.

1.2 Terms of the Warrants. The terms and provisions of the Warrants are more fully set forth in the form of Common Stock Purchase Warrant, attached hereto as Exhibit A.

ARTICLE II – TRANSFERS AND LEGENDS

2.1 Transfers. Except as required by federal securities laws and the securities law of any state or other jurisdiction within the United States, the Shares, Warrants and Warrant Shares (collectively, the “Securities”) may be transferred, in whole or in part, by any of the Purchasers at any time. In the case of Shares, such transfer may be effected by delivering written transfer instructions to the Seller, and the Seller shall reflect such transfer on its books and records and reissue certificates evidencing the Shares upon surrender of such certificates evidencing the Shares being transferred. Any such transfer shall be made by a Purchaser in accordance with applicable law. In connection with any transfer of Securities other than pursuant to an effective registration statement under the Securities Act of 1933, as amended (the “Securities Act”), or to the Seller, the Seller may require the transferor thereof to furnish to the Seller an opinion of counsel selected by the transferor, such counsel and the form and substance of which opinion shall be reasonably satisfactory to the Seller and Seller’s counsel, to the effect that such transfer does not require registration under the Securities Act; provided, that in the case of a transfer of Shares and/or Warrant Shares pursuant to Rule 144 under the Securities Act, no opinion shall be required if the transferor provides the Seller with a customary seller’s representation letter, and if such sale is not pursuant to subsection (k) of Rule 144, a customary broker’s representation letter and Form 144. Notwithstanding the foregoing, the Seller hereby consents to and agrees to register on the books of the Seller and with any transfer agent for the securities of the Seller, without any such legal opinion, any transfer of Securities by a Purchaser to an Affiliate of such Purchaser, provided that the transferee certifies to the Seller that it is an “accredited investor” as defined in Rule 501(a) under the Securities Act and that it is acquiring the Securities solely for investment purposes (subject to the qualifications hereof) and not with a view to, or for, resale, distribution or fractionalization thereof in whole or in part in violation of the Securities Act. The Seller shall reissue certificates evidencing the Securities upon surrender of certificates evidencing the Securities being transferred in accordance with this Section 2.1. An “Affiliate” means any Person (as such term is defined below) that, directly or indirectly through one or more intermediaries, controls or is controlled by or is under common control with a Person, as such terms are used in and construed under Rule 144 under the Securities Act. With respect to a Purchaser, any investment fund or managed account that is managed on a discretionary basis by the same investment manager as such Purchaser will be deemed to be an Affiliate of such Purchaser. A “Person” means any individual or corporation, partnership, trust, incorporated or unincorporated association, joint venture, limited liability company, joint stock company, government (or an agency or subdivision of any thereof) or other entity of any kind.

2.2 Legends. The certificates representing the Securities, unless such Securities are registered under the Securities Act or eligible for resale without registration pursuant to Rule 144(k) under the Securities Act, shall bear the following legends:

“THE SHARES REPRESENTED BY, OR ACQUIRABLE UPON EXERCISE OF SECURITIES EVIDENCED BY, THIS [WARRANT] [CERTIFICATE] [OPTION] HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AND MAY NOT BE OFFERED OR SOLD IN THE ABSENCE OF AN EFFECTIVE REGISTRATION STATEMENT UNDER SAID ACT UNLESS, IN THE OPINION OF COUNSEL REASONABLY SATISFACTORY TO THE COMPANY, SUCH REGISTRATION IS NOT REQUIRED.”

“THE SALE, TRANSFER OR ASSIGNMENT OF THE SECURITIES REPRESENTED BY THIS [WARRANT] [CERTIFICATE] [OPTION] IS SUBJECT TO THE TERMS AND CONDITIONS OF A CERTAIN INVESTOR RIGHTS AGREEMENT DATED AS OF JUNE 22, 2007, AS AMENDED FROM TIME TO TIME, AMONG THE COMPANY AND CERTAIN HOLDERS OF ITS OUTSTANDING SECURITIES. COPIES OF SUCH AGREEMENT MAY BE OBTAINED AT NO COST BY WRITTEN REQUEST MADE BY THE HOLDER OF RECORD OF THIS [WARRANT] [CERTIFICATE] [OPTION] TO THE SECRETARY OF THE COMPANY.”

ARTICLE III - REPRESENTATIONS AND WARRANTIES OF THE SELLER

The Seller represents and warrants to the Purchasers as follows:

3.1 Corporate Existence and Power; Subsidiaries. The Seller and its Subsidiaries are corporations duly incorporated, validly existing and in good standing under the laws of the state in which they are incorporated, and have all corporate powers required to carry on their business as now conducted. The Seller and its Subsidiaries are duly qualified to do business as a foreign corporation and are in good standing in each jurisdiction where the character of the property owned or leased by them or the nature of their activities makes such qualification necessary, except for those jurisdictions where the failure to be so qualified would not have a Material Adverse Effect on the Seller or any of its Subsidiaries. For purposes of this Agreement, the term “Material Adverse Effect” means, with respect to any person or entity, a material adverse effect on its and its Subsidiaries’ condition (financial or otherwise), business, properties, assets, liabilities (including contingent liabilities), results of operations or current prospects, taken as a whole, on the transactions contemplated hereby or by the agreements and instruments to be entered into in connection herewith or therewith, or on the authority or ability of the Seller to perform its obligations hereunder or under the Related Documents. True and complete copies of the Seller’s Articles of Incorporation, as amended, and Bylaws, as amended, as currently in effect and as will be in effect on the Closing Date (collectively, the “Articles and Bylaws”), have previously been provided to the Purchasers. For purposes of this Agreement, the term “Subsidiary” or “Subsidiaries” means, with respect to any entity, any corporation or other organization of which securities or other ownership interests having ordinary voting power to elect a majority of the board of directors or other persons performing similar functions are directly or indirectly owned by such entity or of which such entity is a partner or is, directly or indirectly, the beneficial owner of 50% or more of any class of equity securities or equivalent profit participation interests, or is considered a “significant subsidiary” as defined in Rule 1-02(w) of Regulation S-X promulgated by the Commission under the Exchange Act. The Seller has no Subsidiaries other than those listed on Schedule 3.1 hereto, each of which, unless otherwise indicated, is wholly-owned by the Seller.

3.2 Corporate Authorization. The execution, delivery and performance by the Seller of this Agreement, the Warrants, the Investor Rights Agreement and each of the other documents executed pursuant to and in connection with this Agreement (collectively, the “Related Documents”), and the consummation of the transactions contemplated hereby and thereby (including, but not limited to, the sale and delivery of the Shares and Warrants and the subsequent issuance of the Warrant Shares upon exercise of the Warrants) have been duly authorized, and no additional corporate or stockholder action is required for the approval of this Agreement. The Shares and the Warrant Shares have been duly reserved for issuance by the Seller (without regard to any limitations on issuance or beneficial ownership). This Agreement and the Related Documents have been or, to the extent contemplated hereby or by the Related Documents, will be duly executed and delivered and constitute the legal, valid and binding agreement of the Seller, enforceable against the Seller in accordance with their terms, except as may be limited by bankruptcy, reorganization, insolvency, moratorium and similar laws of general application relating to or affecting the enforcement of rights of creditors, and except as enforceability of its obligations hereunder are subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

3.3 Charter, Bylaws and Corporate Records. The minute books of the Seller and its Subsidiaries contain complete and accurate records of all meetings and other corporate actions of the board of directors, committees of the board of directors, incorporators and stockholders of the Seller and its Subsidiaries. All material corporate decisions and actions have been validly made or taken. All corporate books, including without limitation the share transfer register, comply with applicable laws and regulations and have been regularly updated. Such books fully and correctly reflect all the decisions of the stockholders.

3.4 Governmental Authorization. Except as otherwise specifically contemplated in this Agreement and the Related Documents, and except for: (i) the filings referenced in Sections 5.10 and 5.11; (ii) the filing of a Form D with respect to the Shares and Warrants under Regulation D under the Securities Act; (iii) the filing of the Registration Statement with the Commission; (iv) the application(s) to each trading market for the listing of the Shares and the Warrant Shares for trading thereon; and (v) any filings required under state securities laws that are permitted to be made after the date hereof, the execution, delivery and performance by the Seller of this Agreement and the Related Documents, and the consummation of the transactions contemplated hereby and thereby (including, but not limited to, the sale and delivery of the Shares and Warrants and the subsequent issuance of the Warrant Shares upon exercise of the Warrants) by the Seller require no action by or in respect of, or filing with, any governmental body, agency, official or authority.

3.5 Non-Contravention. The execution, delivery and performance by the Seller of this Agreement and the Related Documents, and the consummation by the Seller of the transactions contemplated hereby and thereby (including the issuance of the Shares and Warrant Shares) do not and will not (a) contravene or conflict with the Articles (as amended by any certificate of designation) and Bylaws of the Seller and its Subsidiaries or any material agreement to which the Seller is a party or by which it is bound; (b) contravene or conflict with or constitute a violation of any provision of any law, regulation, judgment, injunction, order or decree binding upon or applicable to the Seller or its Subsidiaries; (c) constitute a default (or would constitute a default with notice or lapse of time or both) under or give rise to a right of termination, cancellation or acceleration or loss of any benefit under any material agreement, contract or other instrument binding upon the Seller or its Subsidiaries or under any material license, franchise, permit or other similar authorization held by the Seller or its Subsidiaries; or (d) result in the creation or imposition of any Lien (as defined below) on any asset of the Seller or its Subsidiaries. For purposes of this Agreement, the term “Lien” means, with respect to any asset, any mortgage, lien, pledge, charge, security interest, claim or encumbrance of any kind in respect of such asset.

3.6 SEC Documents. The Seller is obligated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”) to file reports pursuant to Sections 13 or 15(d) thereof (all such reports filed or required to be filed by the Seller, including all exhibits thereto or incorporated therein by reference, and all documents filed by the Seller under the Securities Act hereinafter called the “SEC Documents”). The Seller has filed all reports or other documents required to be filed under the Exchange Act. All SEC Documents filed by the Seller as of or for any period beginning on or after July 1, 2003, (i) were prepared in all material respects in accordance with the requirements of the Exchange Act and (ii) did not at the time they were filed (or, if amended or superseded by a filing prior to the date hereof, then on the date of such filing) contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading. The Seller has previously delivered to the Purchaser a correct and complete copy of each report (including, without limitation, the most recent Proxy Statement) which the Seller filed with the Securities and Exchange Commission (the “SEC” or the “Commission”) under the Exchange Act for any period ending on or after June 30, 2006 (the “Recent Reports”) to the extent not available via EDGAR. None of the information about the Seller or any of its Subsidiaries which has been disclosed to the Purchasers herein or in the course of discussions and negotiations with respect hereto which is not disclosed in the Recent Reports is or was required to be so disclosed, and no material non-public information has been disclosed to the Purchasers. To the extent that the Seller fails to so publicly disclose any such material non-public information prior to such date, any Purchaser in possession of such information shall be permitted to publicly disclose such material non-public information. The Seller agrees that it shall not furnish any Purchaser any material non-public information concerning the Seller which it does not intend to disclose on or prior to such date.

3.7 Financial Statements. The financial statements of the Seller included in the SEC Documents comply in all material respects with applicable accounting requirements and the rules and regulations of the Commission with respect thereto as in effect at the time of filing. Such financial statements have been prepared in accordance with generally accepted accounting principles applied on a consistent basis during the periods involved (“GAAP”), except as may be otherwise specified in such financial statements or the notes thereto and except that unaudited financial statements may not contain all footnotes required by GAAP, and fairly present in all material respects the financial position of the Seller and its consolidated subsidiaries as of and for the dates thereof and the results of operations and cash flows for the periods then ended, subject, in the case of unaudited statements, to normal, immaterial, year-end audit adjustments. All material agreements to which the Seller and its Subsidiaries are a party or to which any of their respective property or assets are subject that are required to be filed as Exhibits to the SEC Documents under Item 601 of Regulation S K are included as a part of, or specifically identified in, the SEC Documents.

3.8 Compliance with Law. The Seller and its Subsidiaries are in compliance and have conducted their business so as to comply with all laws, rules and regulations, judgments, decrees or orders of any court, administrative agency, commission, regulatory authority or other governmental authority or instrumentality, domestic or foreign, applicable to their operations, the violation of which would cause a Material Adverse Affect. There are no judgments or orders, injunctions, decrees, stipulations or awards (whether rendered by a court or administrative agency or by arbitration), including any such actions relating to affirmative action claims or claims of discrimination, against the Seller or its Subsidiaries or against any of their properties or businesses.

All of such policies are in full force and effect and are valid and enforceable in accordance with their terms, and the Seller and its Subsidiaries have complied with all material terms and conditions of such policies, including premium payments. 3.24 Products and Services. To the knowledge of the Seller and except as disclosed in the Recent Reports, there exists no set of facts (i) which could furnish a basis for the withdrawal, suspension or cancellation of any registration, license, permit or other governmental approval or consent of any governmental or regulatory agency with respect to any product or service developed or provided by the Seller or its Subsidiaries, (ii) which could furnish a basis for the withdrawal, suspension or cancellation by order of any state, federal or foreign court of law of any product or service, or (iii) which could have a Material Adverse Effect on the continued operation of any facility of the Seller or its Subsidiaries or which could otherwise cause the Seller or its Subsidiaries to withdraw, suspend or cancel any such product or service from the market or to change the marketing classification of any such product or service. Each product or service provided by Seller or its Subsidiaries has been provided in accordance in all material respects with the specifications under which such product or service normally is and has been provided and the provisions of all applicable laws or regulations.

3.25 Environmental Matters. None of the premises or any properties owned, occupied or leased by the Seller or its Subsidiaries (the “Premises”) has been used by the Seller or the Subsidiaries or, to the Seller’s knowledge, by any other Person, to manufacture, treat, store, or dispose of any substance that has been designated to be a “hazardous substance” under applicable Environmental Laws (hereinafter defined) (“Hazardous Substances”) in violation of any applicable Environmental Laws. To its knowledge, the Seller has not disposed of, discharged, emitted or released any Hazardous Substances which would require, under applicable Environmental Laws, remediation, investigation or similar response activity. No Hazardous Substances are present as a result of the actions of the Seller or, to the Seller’s knowledge, any other Person, in, on or under the Premises which would give rise to any liability or clean-up obligations of the Seller under applicable Environmental Laws. The Seller and, to the Seller’s knowledge, any other Person for whose conduct it may be responsible pursuant to an agreement or by operation of law, are in compliance with all laws, regulations and other federal, state or local governmental requirements, and all applicable judgments, orders, writs, notices, decrees, permits, licenses, approvals, consents or injunctions in effect on the date of this Agreement relating to the generation, management, handling, transportation, treatment, disposal, storage, delivery, discharge, release or emission of any Hazardous Substance (the “Environmental Laws”). Neither the Seller nor, to the Seller’s knowledge, any other Person for whose conduct it may be responsible pursuant to an agreement or by operation of law has received any written complaint, notice, order, or citation of any actual, threatened or alleged noncompliance with any of the Environmental Laws, and there is no proceeding, suit or investigation pending or, to the Seller’s knowledge, threatened against the Seller or, to the Seller’s knowledge, any such Person with respect to any violation or alleged violation of the Environmental Laws, and, to the knowledge of the Seller, there is no basis for the institution of any such proceeding, suit or investigation.

3.26 Licenses; Compliance Regulatory Requirements. Except as disclosed in the Recent Reports, the Seller holds all material authorizations, consents, approvals, franchises, licenses and permits required under applicable law or regulation for the operation of the business of the Seller and its Subsidiaries as presently operated (the “Governmental Authorizations”). All the Governmental Authorizations have been duly issued or obtained and are in full force and effect, and the Seller and its Subsidiaries are in material compliance with the terms of all the Governmental Authorizations. The Seller and its Subsidiaries have not engaged in any activity that, to their knowledge, would cause revocation or suspension of any such Governmental Authorizations. The Seller has no knowledge of any facts which could reasonably be expected to cause the Seller to believe that the Governmental Authorizations will not be renewed by the appropriate governmental authorities in the ordinary course. Neither the execution, delivery nor performance of this Agreement shall adversely affect the status of any of the Governmental Authorizations.

3.27 Brokers. No broker, finder or investment banker is entitled to any brokerage, finder's or other fee or commission in connection with the transactions contemplated by this Agreement, based upon any arrangement made by or on behalf of the Seller. No broker, finder or investment banker is entitled to any brokerage, finder's or other fee or commission in connection with the transactions contemplated by this Agreement, based upon any arrangement made by or on behalf of the Seller, which would make any Purchaser liable for any fees or commissions.

3.28 Securities Laws. Neither the Seller nor its Subsidiaries nor any agent acting on behalf of the Seller or its Subsidiaries has taken or will take any action which might cause this Agreement or the Shares or Warrants to violate the Securities Act or the Exchange Act or any rules or regulations promulgated thereunder, as in effect on the Closing Date. Assuming that all of the representations and warranties of the Purchasers set forth in Article IV are true, all offers and sales of capital stock, securities and notes of the Seller were conducted and completed in compliance with the Securities Act. All shares of capital stock and other securities issued by the Seller and its Subsidiaries prior to the date hereof have been issued in transactions that were either registered offerings or were exempt from the registration requirements under the Securities Act and all applicable state securities or "blue sky" laws and in compliance with all applicable corporate laws.

3.29 Disclosure. No representation or warranty made by the Seller in this Agreement, nor in any document, written information, financial statement, certificate, schedule or exhibit prepared and furnished by the Seller or the representatives of the Seller pursuant hereto or in connection with the transactions contemplated hereby, contains or will contain any untrue statement of a material fact, or to Seller's knowledge omits to state a material fact necessary to make the statements or facts contained herein or therein not misleading in light of the circumstances under which they were furnished.

3.30 Off-Balance Sheet Arrangements. There is no transaction, arrangement or other relationship between the Seller and an unconsolidated or other off-balance sheet entity that is required to be disclosed by the Seller in its Exchange Act filings and is not so disclosed or that otherwise would be reasonably expected to result in a Material Adverse Effect. There are no such transactions, arrangements or other relationships with the Seller that may create contingencies or liabilities that are not otherwise disclosed by the Seller in its SEC filings.

3.31 Application of Takeover Protections. Except as is set forth in the Articles of Incorporation and amendments thereto of Seller, the Seller and its Board of Directors have taken all necessary action, if any, in order to render inapplicable any control share acquisition, business combination, poison pill (including any distribution under a rights agreement) or other similar anti-takeover provision under the Seller's Articles and By-Laws (or similar charter documents) or the laws of its state of incorporation or any agreement to which the Seller is a party that is or could become applicable to the Purchasers as a result of the Purchasers and the Seller fulfilling their obligations or exercising their rights under this Agreement and the Related Documents, including without limitation the Seller's issuance of the Securities and the Purchasers' ownership of the Securities.

3.32 No Additional Agreements. The Seller does not have any agreement with any Purchaser with respect to the transactions contemplated by this Agreement and the Related Documents other than as specified in this Agreement and the Related Documents.

3.33 Acknowledgment Regarding Purchasers' Purchase of Seller Securities. The Seller acknowledges and agrees that each of the Purchasers is acting solely in the capacity of an arm's length purchaser with respect to this Agreement and the transactions contemplated hereby. The Seller further acknowledges that no Purchaser is acting as a financial advisor or fiduciary of the Seller or any other Purchaser (or in any similar capacity) with respect to this Agreement and the Related Documents and the transactions contemplated hereby and thereby and any advice given by any Purchaser or any of their respective representatives or agents in connection with this Agreement or the Related Documents or the transactions contemplated hereby and thereby is merely incidental to such Purchaser's purchase of the Securities. The Seller further represents to each Purchaser that the Seller's decision to enter into this Agreement and the Related Documents has been based solely on the independent evaluation of the transactions contemplated hereby by the Seller and its representatives.

3.34 Internal Accounting Controls. The Seller and each of its subsidiaries maintains a system of internal accounting controls sufficient to provide reasonable assurance that (i) transactions are executed in accordance with management's general or specific authorizations, (ii) transactions are recorded as necessary to permit preparation of financial statements in conformity with GAAP and to maintain asset accountability, (iii) access to assets is permitted only in accordance with management's general or specific authorization, and (iv) the recorded accountability for assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences. The Seller has established disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the Seller and designed such disclosure controls and procedures to ensure that material information relating to the Seller, including its subsidiaries, is made known to the certifying officers by others within those entities, particularly during the period in which the Seller's Form 10-K or 10-Q, as the case may be, is being prepared. The Seller's certifying officers have evaluated the effectiveness of the Seller's disclosure controls and procedures as of the end of the period covered by the Seller's most recently filed periodic report under the Exchange Act (such date, the "Evaluation Date"). The Seller presented in its most recently filed Form 10-K or Form 10-Q the conclusions of the certifying officers about the effectiveness of the disclosure controls and procedures based on their evaluations as of the Evaluation Date. Since the Evaluation Date, there have been no changes in the Seller's internal control over financial reporting (as such term is defined in Rule 13a-15(f) under the Exchange Act) that has materially affected, or is reasonably likely to materially affect, the Seller's internal control over financial reporting.

3.35 Solvency. Based on the financial condition of the Seller as of the Closing Date, (i) the Seller's fair saleable value of its assets exceeds the amount that will be required to be paid on or in respect of the Seller's existing debts and other liabilities (including known contingent liabilities) as they mature; (ii) the Seller's assets do not constitute unreasonably small capital to carry on its business for the current fiscal year as now conducted and as proposed to be conducted including its capital needs taking into account the particular capital requirements of the business conducted by the Seller, and projected capital requirements and capital availability thereof; and (iii) the current cash flow of the Seller, together with the proceeds the Seller would receive, were it to liquidate all of its assets, after taking into account all anticipated uses of the cash, would be sufficient to pay all amounts on or in respect of its debt when such amounts are required to be paid. The Seller does not intend to incur debts beyond its ability to pay such debts as they mature (taking into account the timing and amounts of cash to be payable on or in respect of its debt).

3.36 Title to Assets. The Seller and the Subsidiaries have good and marketable title in fee simple to all real property owned by them that is material to their respective businesses and good and marketable title in all personal property owned by them that is material to their respective businesses, in each case free and clear of all Liens, except for (i) Liens as do not materially affect the value of such property, do not materially interfere with the use made and proposed to be made of such property by the Seller and the Subsidiaries, (ii) Liens for taxes not yet due and payable and (iii) Liens which would not, individually or in the aggregate, reasonably be expected to have or result in a Material Adverse Effect. To the Seller's knowledge, any real property and facilities held under lease by the Seller and the Subsidiaries are held by them under valid, subsisting and enforceable leases of which the Seller and the Subsidiaries are in compliance except, in each case, as would not reasonably be expected to result in a Material Adverse Effect.

ARTICLE IV - REPRESENTATIONS AND WARRANTIES OF THE PURCHASERS

Each Purchaser, for itself only, hereby severally and not jointly, represents and warrants to the Seller as follows:

4.1 Existence and Power. The Purchaser is duly organized, validly existing and in good standing under the laws of the jurisdiction of such Purchaser's organization. The Purchaser has all powers required to carry on such Purchaser's business as now conducted.

The execution, delivery and performance by the Purchaser of this Agreement, the Related Documents to which such Purchaser is a party, and the consummation by the Purchaser of the transactions contemplated hereby and thereby have been duly authorized, and no additional action is required for the approval of this Agreement or the Related Documents. This Agreement and the Related Documents to which the Purchaser is a party have been or, to the extent contemplated hereby, will be duly executed and delivered and constitute valid and binding agreements of the Purchaser, enforceable against such Purchaser in accordance with their terms, except as may be limited by bankruptcy, reorganization, insolvency, moratorium and similar laws of general application relating to or affecting the enforcement of rights of creditors and except that enforceability of their obligations thereunder are subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

4.3 Investment. The Purchaser is acquiring the securities described herein for its own account and not with a view to, or for sale in connection with, any distribution thereof, nor with the intention of distributing or reselling the same, provided, however, that by making the representation herein, the Purchaser does not agree to hold any of the securities for any minimum or other specific term and reserves the right to dispose of the securities at any time in accordance with or pursuant to a registration statement or an exemption under the Securities Act. The Purchaser is aware that none of the securities has been registered under the Securities Act or under applicable state securities or blue sky laws. The Purchaser is an "Accredited Investor" as such term is defined in Rule 501 of Regulation D, as promulgated under the Securities Act (including without limitation, if the Purchaser is an employee benefit plan within the meaning of the Employee Retirement Income Security Act of 1974 and a self-directed plan, then investment decisions are made solely by persons that are "Accredited Investors").

4.4 Reliance on Exemptions. The Purchaser understands that the Shares and Warrants are being offered and sold to such Purchaser in reliance upon specific exemptions from the registration requirements of United States federal and state securities laws and that the Seller is relying upon the truth and accuracy of, and such Purchaser's compliance with, the representations, warranties, agreements, acknowledgments and understandings of such Purchaser set forth herein in order to determine the availability of such exemptions and the eligibility of such Purchaser to acquire the securities.

4.5 Experience of the Purchaser. The Purchaser, either alone or together with its representatives, has such knowledge, sophistication and experience in business and financial matters so as to be capable of evaluating the merits and risks of the prospective investment in the Securities, and has so evaluated the merits and risks of such investment. The Purchaser is able to bear the economic risk of an investment in the securities and, at the present time, is able to afford a complete loss of such investment.

4.6 General Solicitation. The Purchaser is not purchasing the Securities as a result of any advertisement, article, notice or other communication regarding the securities published in any newspaper, magazine or similar media or broadcast over television or radio or presented at any seminar or any other general solicitation or general advertisement.

4.7 Receipt of Purchaser Information. The Purchaser hereby acknowledges that it has been furnished with, or has had an opportunity to acquire and carefully review the following documents filed by the Seller with the SEC: (a) Annual Report on Form 10-KSB for the year ended June 30, 2006 and any amendments thereto (the "10-KSB"); (b) Quarterly Reports on Form 10-QSB for each of the quarters ended September 30, 2006, December 31, 2006 and March 31, 2007 and any amendments thereto, respectively; (c) all Current Reports on Form 8-K after the filing of the 10-KSB; (d) the Seller's registration statement number 333-140248 filed on Form S-3; and (e) the Seller's most recent definitive proxy materials. Purchaser further represents that the Purchaser has been furnished by the Seller during the course of this transaction with all information regarding the Seller that it or its investment advisors, attorney and/or accountant has requested or desired to know, has been afforded the opportunity to ask questions of and receive answers from duly authorized officers or other representatives of the Seller concerning the terms and conditions of the transaction, and has received any additional information that the Purchaser has requested.

4.8 SEC Policy on Short Sales. The Purchaser acknowledges that the Purchaser, directly or through related parties, affiliates or otherwise, may be prohibited in certain circumstances from selling "short or "shorting against the box" (as those terms are generally understood) any equity security of the Seller as a result of the following Telephone Interpretation in the SEC Manual of Publicly Available Telephone Interpretations (July 1997) A. 65 Section 5:

"An issuer filed a Form S-3 registration statement for a secondary offering of common stock which is not yet effective. One of the selling shareholders wanted to do a short sale of common stock "against the box" and cover the short sale with registered shares after the effective date. The issuer was advised that the short sale could not be made before the registration statement becomes effective, because the shares underlying the short sale are deemed to be sold at the time such sale is made. There would, therefore, be a violation of Section 5 if the shares were effectively sold prior to the effective date."

ARTICLE V - COVENANTS OF THE SELLER AND PURCHASERS

5.1 Insurance. The Seller and its Subsidiaries shall, from time to time upon the written request of the Purchasers, promptly furnish or cause to be furnished to the Purchasers evidence, in form and substance reasonably satisfactory to the Purchasers, of the maintenance of all insurance maintained by it for loss or damage by fire and other hazards, damage or injury to persons and property, including from product liability, and under workmen's compensation laws.

5.2 Reporting Obligations. So long as any of the Shares are outstanding and held by Purchasers, and so long as any portion of the Warrants has not been exercised and has not expired by its terms, the Seller shall furnish to the Purchasers, or any other persons who hold any of the Warrants (provided that such subsequent holders give notice to the Seller that they hold Warrants and furnish their addresses) promptly upon their becoming available one copy of (A) each report, notice or proxy statement sent by the Seller to its stockholders generally, and of each regular or periodic report (pursuant to the Exchange Act) and (B) any registration statement, prospectus or written communication pursuant to the Securities Act relating to the issuance or registration of Shares and the Warrant Shares and filed by the Seller with the Commission or any securities market or exchange on which shares of Common Stock are listed; provided, however, that the Seller shall have no obligation to deliver reports or schedules under this Section 5.2 to the extent such reports are publicly available via EDGAR.

The Purchasers are hereby authorized to deliver a copy of any financial statement or any other information relating to the business, operations or financial condition of the Seller which may have been furnished to the Purchasers hereunder, to any regulatory body or agency having jurisdiction over the Purchasers or to any Person which shall, or shall have right or obligation to succeed to all or any part of the Purchasers' interest in the Seller or this Agreement.

5.3 Investigation. The representations, warranties, covenants and agreements set forth in this Agreement shall not be affected or diminished in any way by any investigation (or failure to investigate) at any time by or on behalf of the party for whose benefit such representations, warranties, covenants and agreements were made. Without limiting the generality of the foregoing, the inability or failure of the Purchasers to discover any breach, default or misrepresentation by the Seller under this Agreement or the Related Documents (including under any certificate furnished pursuant to this Agreement), notwithstanding the exercise by the Purchasers or other holders of the Shares of their rights hereunder to conduct an investigation shall not in any way diminish any liability hereunder.

5.4 Further Assurances. The Seller shall, at its cost and expense, upon written request of the Purchasers, duly execute and deliver, or cause to be duly executed and delivered, to the Purchasers such further instruments and do and cause to be done such further acts as may be necessary, advisable or proper, at the reasonable request of the Purchasers, to carry out more effectually the provisions and purposes of this Agreement. The parties shall use their best efforts to timely satisfy each of the conditions described in Article VI of this Agreement.

5.5 Use of Proceeds. The Seller covenants and agrees that the proceeds of the aggregate Purchase Price shall be used by the Seller solely for working capital, general corporate purposes and the expenses reasonably incurred by Seller in connection with the consummation of the transactions contemplated hereby; provided that under no circumstances shall any portion of the proceeds be applied to:

- (i) accelerated repayment of debt existing on the date hereof;
- (ii) the payment of dividends or other distributions on any capital stock of the Seller other than the Series A 7% Cumulative Convertible Preferred Stock;
- (iii) increased executive compensation or loans to officers, employees, stockholders or directors, unless approved by a disinterested majority of the Board of Directors; or
- (iv) any expenditure not directly related to the business of the Seller.

5.6 Corporate Existence. So long as a Purchaser owns Shares, Warrants or Warrant Shares, the Seller shall preserve and maintain and cause its Subsidiaries to preserve and maintain their corporate existence and good standing in the jurisdiction of their incorporation and the rights, privileges and franchises of the Seller and its Subsidiaries (except, in each case, in the event of a merger or consolidation in which the Seller or its Subsidiaries, as applicable, is not the surviving entity) in each case where failure to so preserve or maintain could have a Material Adverse Effect on the Seller.

5.7 Licenses. The Seller shall, and shall cause its Subsidiaries to, maintain at all times all material licenses or permits necessary to the conduct of its business and as required by any governmental agency or instrumentality thereof.

5.8 Taxes and Claims. The Seller and its Subsidiaries shall duly pay and discharge (a) all material taxes, assessments and governmental charges upon or against the Seller or its properties or assets prior to the date on which penalties attach thereto, unless and to the extent that such taxes are being diligently contested in good faith and by appropriate proceedings, and appropriate reserves therefor have been established, and (b) all material lawful claims, whether for labor, materials, supplies, services or anything else which might or could, if unpaid, become a lien or charge upon the properties or assets of the Seller or its Subsidiaries unless and to the extent only that the same are being diligently contested in good faith and by appropriate proceedings and appropriate reserves therefor have been established.

5.9 Perform Covenants. The Seller shall (a) make full and timely payment of any and all payments in connection with the transactions contemplated hereby, and (b) duly comply with all the terms and covenants contained herein and in each of the instruments and documents given to the Purchasers in connection with or pursuant to this Agreement, all at the times and places and in the manner set forth herein or therein.

5.10 Additional Covenants.

(a) Except for transactions approved by a majority of the disinterested directors of the Board of Directors, neither the Seller nor any of its Subsidiaries shall enter into any transaction with any director, officer, employee or holder of more than 5% of the outstanding capital stock of any class or series of capital stock of the Seller or any of its Subsidiaries, member of the family of any such person, or any corporation, partnership, trust or other entity in which any such person, or member of the family of any such person, is a director, officer, trustee, partner or holder of more than 5% of the outstanding capital stock thereof, with the exception of transactions which are consummated upon terms that are no less favorable than would be available if such transaction had been effected at arms-length, in the reasonable judgment of the Board of Directors.

(b) The Seller shall timely prepare and file with the Securities and Exchange Commission the form of notice of the sale of securities pursuant to the requirements of Regulation D regarding the sale of the Shares and Warrants under this Agreement.

(c) The Seller shall timely prepare and file such applications, consents to service of process (but not including a general consent to service of process) and similar documents and take such other steps and perform such further acts as shall be required by the U.S. state securities law requirements of each jurisdiction where a Purchaser resides as indicated on such Purchaser's signature page hereto with respect to the sale of the Shares and Warrants under this Agreement.

(d) Neither the Seller nor any of its Affiliates, nor any Person acting on its or their behalf, shall directly or indirectly make any offers or sales of any securities or solicit any offers to buy any securities under circumstances that would cause the loss of the 4(2) exemption under the Securities Act for the transactions contemplated hereby. Subject to any consent or approval rights of the Purchasers hereunder, in the event the Seller contemplates an offering of its equity or debt securities within six months following the Closing Date, the Seller agrees that it shall notify the Purchasers of such offering (without providing any material non-public information to any Purchaser without its prior approval) and obtain the prior written consent of Purchasers.

5.11 Securities Laws Disclosure; Publicity. The Seller shall (i) on or promptly after the Closing Date, issue a press release acceptable to The Tail Wind Fund Ltd. disclosing the transactions contemplated hereby, and (ii) promptly after the Closing Date, file with the Commission a Report on Form 8-K disclosing the transactions contemplated hereby. Except as provided in the preceding sentence, neither the Seller nor the Purchasers shall make any press release or other publicity about the terms of this Agreement or the transactions contemplated hereby without the prior approval of the other unless otherwise required by law or the rules of the Commission.

5.12 Like Treatment of Purchasers and Holders. Neither the Seller nor any of its affiliates shall, directly or indirectly, pay or cause to be paid any consideration (immediate or contingent), whether by way of interest, fee, payment for redemption, conversion or exercise of the Securities, or otherwise, to any Purchaser or holder of Securities, for or as an inducement to, or in connection with the solicitation of, any consent, waiver or amendment to any terms or provisions of this Agreement or the Related Documents, unless such consideration is required to be paid to all Purchasers or holders of Securities bound by such consent, waiver or amendment. The Seller shall not, directly or indirectly, redeem any Securities unless such offer of redemption is made pro rata to all Purchasers or holders of Securities, as the case may be, on identical terms.

5.13 Independent Nature of Purchasers' Obligations and Rights. The obligations of each Purchaser under this Agreement or any Related Documents are several and not joint with the obligations of any other Purchaser, and no Purchaser shall be responsible in any way for the performance of the obligations of any other Purchaser under any such agreement. Nothing contained herein or in any Related Documents, and no action taken by any Purchaser pursuant thereto, shall be deemed to constitute the Purchasers as a partnership, an association, a joint venture or any other kind of entity, or create a presumption that the Purchasers are in any way acting in concert or as a group with respect to such obligations or the transactions contemplated by such agreement. Each Purchaser shall be entitled to independently protect and enforce its rights, including without limitation, the rights arising out of this Agreement or out of the other Related Documents, and it shall not be necessary for any other Purchaser to be joined as an additional party in any proceeding for such purpose. Each Purchaser represents that it has been represented by its own separate legal counsel in its review and negotiation of this Agreement and the Related Documents. For reasons of administrative convenience only, the Purchasers acknowledge and agree that they and their respective counsel have chosen to communicate with the Seller through Peter J. Weisman, P.C., but Peter J. Weisman, P.C. does not represent any of the Purchasers in this transaction other than The Tail Wind Fund Ltd. (the "Lead Investor").

5.14 Other Transactions. Until after four months following the date on which the Registration Statement (as defined in the Investor Rights Agreement) is declared effective by the Commission, the Seller shall not issue or sell or agree to issue or sell any securities in a financing transaction which is a Variable Rate Transaction or otherwise provides the purchasers of such securities with more favorable terms (including without limitation with respect to the effective purchase price per share, conversion, exercise or exchange price (whether before or after adjustment), term, coupon, warrant coverage or otherwise) than those contained in this Agreement and the Related Documents and the transactions contemplated hereby and thereby. "Variable Rate Transaction" shall mean a transaction in which the Seller issues or sells, or agrees to issue or sell (a) any debt or equity securities that are convertible into, exchangeable or exercisable for, or include the right to receive additional shares of, Common Stock either (x) at a conversion, exercise or exchange rate or other price that is based upon and/or varies with the trading prices of or quotations for the Common Stock at any time after the initial issuance of such debt or equity securities, (y) with a fixed conversion, exercise or exchange price that is subject to being reset at some future date after the initial issuance of such debt or equity security or upon the occurrence of specified or contingent events directly or indirectly related to the business of the Seller or the market for the Common Stock (but excluding standard stock split anti-dilution provisions), or (z) under a warrant exercisable for a number of shares based upon and/or varying with the trading prices of or quotations for the Common Stock at any time after the initial issuance of such warrant, or (b) any securities of the Seller pursuant to an "equity line" structure which provides for the sale, from time to time, of securities of the Seller which are registered for resale pursuant to the Securities Act.

5.15 Greenshoe. On or prior to December 31, 2007, each Purchaser shall have the right, upon written notice to the Company, to purchase up to such number of additional shares of Common Stock (“Additional Shares”) as is equal to the number of Shares purchased by such Purchaser hereunder for a purchase price per share equal to the Per Share Purchase Price. For each Additional Share purchased by such Purchaser, such Purchaser shall receive an additional Warrant (collectively “Additional Warrants”) to purchase 0.5 shares of Common Stock (collectively “Additional Warrant Shares”). In the event that any Purchaser exercises such right, the terms “Shares”, “Warrants” and “Warrant Shares” as used herein shall include the Additional Shares, Additional Warrants and Additional Warrant Shares, respectively, and the representations, warranties, terms and covenants set forth herein and in the Related Documents shall apply to such Additional Shares, Additional Warrants and Additional Warrant Shares retroactively mutatis mutandis (including without limitation the Company’s obligation to register such Additional Shares and Warrant Shares in accordance with the terms of the Registration Rights Agreement). Notwithstanding anything contained herein, the Company shall not issue to any Purchaser, and such Purchaser may not acquire, a number of Additional Shares to the extent that, upon such exercise of the right contained herein, the number of shares of Common Stock then beneficially owned by such Purchaser and its Affiliates and any other persons or entities whose beneficial ownership of Common Stock would be aggregated with such Purchaser’s for purposes of Section 13(d) of the Exchange Act (including shares held by any “group” of which the Purchaser is a member, but excluding shares beneficially owned by virtue of the ownership of securities or rights to acquire securities that have limitations on the right to convert, exercise or purchase similar to the limitation set forth herein) would exceed 9.9% of the total number of shares of Common Stock of the Company then issued and outstanding. For purposes hereof, “group” has the meaning set forth in Section 13(d) of the Exchange Act and applicable regulations of the Commission, and the percentage held by the holder shall be determined in a manner consistent with the provisions of Section 13(d) of the Exchange Act.

5.16 Participation Rights.

(a) Subject to the terms and conditions specified in this Section 5.16, until the second anniversary of the date hereof, the Purchasers shall have a right to participate with respect to the issuance or possible issuance by the Seller of any future equity or equity-linked securities or debt which is convertible into equity or in which there is an equity component (as the case may be, “Additional Securities”) on the same terms and conditions as offered by the Seller to the other purchasers of such Additional Securities. Each time the Seller proposes to offer any Additional Securities, the Seller shall make an offering of such Additional Securities to each Purchaser in accordance with the following provisions:

(i) The Seller shall deliver a notice (the “Issuance Notice”) to the Purchasers stating (a) its bona fide intention to offer such Additional Securities, (b) the number of such Additional Securities to be offered, (c) the price and terms, if any, upon which it proposes to offer such Additional Securities, and (d) the anticipated closing date of the sale of such Additional Securities.

(ii) By written notification received by the Seller, within ten (10) days after giving of the Issuance Notice, each Purchaser may elect to purchase or obtain, at the price and on the terms specified in the Issuance Notice, up to that number of such Additional Securities which equals such Purchaser’s Participation Amount for the same consideration and on the same terms and conditions as such third-party sale, where the “Participation Amount” for each Purchaser shall equal (a) 50% of the aggregate amount of such Additional Securities issued or to be issued to investors in such offering prior to the exercise of the participation rights contemplated by this Section 5.16 (such aggregate amount, the “Subsequent Offering Amount”), multiplied by (b) a fraction, the numerator of which equals the number of Shares purchased hereunder and the denominator of which equals the aggregate number of Shares purchased by all Purchasers pursuant to this Agreement. The Seller shall promptly, in writing, inform each Purchaser which elects to purchase all of the Additional Securities available to it (“Fully-Exercising Holder”) of any other Purchaser's failure to do likewise. During the five-day period commencing after such information is given, each Fully-Exercising Holder shall be entitled to obtain that portion of the Additional Securities for which the Purchasers were entitled to subscribe but

which were not subscribed for by such Purchasers which is equal to the proportion that the number of Shares purchased by such Fully-Exercising Holder bears to the total number of Shares by all Fully-Exercising Holders who wish to purchase some of the unsubscribed shares.

(iii) The Seller may, during the 75-day period following the expiration of the 10-day and 5-day periods referenced in Section 5.16(a)(ii) above, offer up to the Subsequent Offering Amount of such Additional Securities to any person or persons at a price not less than, and upon terms no more favorable to the offeree than, those specified in the Issuance Notice. If the Seller does not consummate the sale of such Additional Securities within such period, the right provided hereunder shall be deemed to be revived and such Additional Securities shall not be offered or sold unless the Participation Amount is again first reoffered to the Purchasers in accordance herewith.

(b) Notwithstanding anything contained herein, no Purchaser shall have the right to purchase Additional Securities hereunder to the extent same would cause such holder to exceed the Beneficial Ownership Cap (as defined in the Warrants).

ARTICLE VI - CONDITIONS TO CLOSINGS

6.1 Conditions to Obligations of Purchasers to Effect each Closing. The obligations of a Purchaser to effect the Closing and the transactions contemplated by this Agreement shall be subject to the satisfaction at or prior to Closing, of each of the following conditions, any of which may be waived, in writing, by a Purchaser:

(a) Representations and Warranties. The representations and warranties of the Seller set forth in this Agreement shall be true and correct in all material respects (except for those qualified as to materiality or a Material Adverse Effect, which shall be true and correct in all respects) as of the date of this Agreement and as of the Closing Date (except to the extent that such representation or warranty speaks of an earlier date, in which case such representation or warranty shall be true and correct in all material respects (or if qualified as to materiality or a Material Adverse Effect, true and correct in all respects) as of such date) as though made on and as of the Closing Date. On or prior to the Closing Date the Seller shall deliver to each of the Purchasers a certificate of the Chief Executive Officer and Chief Financial Officer of the Seller to the effect that all of the representations and warranties of the Seller set forth in this Agreement are true and correct as of the Closing Date (including, to the extent necessary, updated disclosure schedules which shall be reasonably acceptable to each Purchaser) and that the Seller has performed all of its obligations under this Agreement required to be performed prior to the Closing Date.

(b) Performance of Obligations of Seller. The Seller shall have performed in all material respects all agreements and covenants required to be performed by it under this Agreement on or prior to the Closing Date.

(c) No Suspension of Trading. From the date hereof to the Closing Date, trading in the Common Stock shall not have been suspended by the Commission (except for any suspension of trading of limited duration agreed to by the Seller, which suspension shall be terminated prior to Closing), and, at any time prior to the Closing Date, trading in securities generally as reported by Bloomberg Financial Markets shall not have been suspended or limited, or minimum prices shall not have been established on securities whose trades are reported by such service, or on any trading market, nor shall a banking moratorium have been declared either by the United States or New York State authorities, nor shall there have occurred any material outbreak or escalation of hostilities or other national or international calamity of such magnitude in its effect on, or any material adverse change in, any financial market which, in each case, in the reasonable judgment of each Purchaser, makes it impracticable or inadvisable to purchase the Shares and Warrants at the Closing.

(d) Deliverables. The Seller shall deliver or cause to be delivered to each of the Purchasers the following on or prior to the Closing Date:

1. (A) One or more certificates (“Share Certificates”) evidencing the aggregate number of Shares to be purchased at the Closing by such Purchaser, duly authorized, issued, fully paid and non-assessable, registered in the name of such Purchaser, in such denominations as may be reasonably requested by such Purchaser, or (B) a copy of irrevocable transfer agent instructions that (I) have been delivered to the Company’s transfer agent, (II) instruct the Company’s transfer agent to issue the Share Certificates, (III) are acknowledged in writing by the Company’s transfer agent, and (IV) are in form and substance satisfactory to the Lead Investor; provided that, in any case, the Company shall deliver or cause to be delivered the original Share Certificates as soon as practicable following the Closing; and;

(B) One or more certificates evidencing the Warrants (“Warrant Certificates”), each registered in the name of such Purchaser, in such denominations as may be reasonably requested by such Purchaser, pursuant to which such Purchaser shall be initially entitled to purchase with respect to the Warrants, that number of shares of Common Stock pursuant to Section 1.1 above, or a facsimile copy of such Warrant Certificates, provided that, in any case, the Company shall deliver or cause to be delivered the original Warrant Certificates as soon as practicable following the Closing.

2. The Investor Rights Agreement, in the form attached hereto as Exhibit C (the “Investor Rights Agreement”), duly executed by the Seller.

3. A legal opinion of counsel to the Seller (“Seller’s Counsel”), in the form attached hereto as Exhibit D.

4. A certificate of the Secretary of the Seller (the “Secretary’s Certificate”), in form and substance satisfactory to the Purchasers, certifying as follows as of the date of such Closing:

- (i) that attached to the Secretary's Certificate is true and complete copy of the Articles of Incorporation of the Seller, as amended, including the Certificate of Designation;
- (ii) that a true copy of the Bylaws of the Seller, as amended to the Closing Date, is attached to the Secretary's Certificate;
- (iii) that attached thereto are true and complete copies of the resolutions of the Board of Directors of the Seller authorizing the execution, delivery and performance of this Agreement and the Related Documents, instruments and certificates required to be executed by it in connection herewith and approving the consummation of the transactions in the manner contemplated hereby including, but not limited to, the authorization and issuance of the Shares and Warrants;
- (iv) the names and true signatures of the officers of the Seller signing this Agreement and all other documents to be delivered in connection with this Agreement;
- (v) such other matters as required by this Agreement; and
- (vi) such other matters as the Purchasers may reasonably request.

5. A wire transfer representing the amount due for legal fees and other expenses set forth in Section 8.2 hereof (which may be offset from the Purchase Price at the election of the applicable Purchaser).

6. Seller shall have applied to each U.S. securities exchange, interdealer quotation system and other trading market where its Common Stock is currently listed or qualified for trading or quotation for the listing or qualification of the Shares and the Warrant Shares for trading or quotation thereon in the time and manner required thereby.

7. Such other documents as the Purchasers shall reasonably request.

(e) There shall have been no Material Adverse Effect with respect to the Seller.

6.2 Conditions to Obligations of the Seller to Effect each Closing. The obligations of the Seller to effect the Closing and the transactions contemplated by this Agreement shall be subject to the satisfaction at or prior to the Closing of each of the following conditions, any of which may be waived, in writing, by the Seller:

(a) Representations and Warranties. The representations and warranties of each Purchaser set forth in this Agreement shall be true and correct in all material respects as of the date of this Agreement and as of the Closing Date (except to the extent that such representation or warranty speaks of an earlier date, in which case such representation or warranty shall be true and correct in all material respects as of such date) as though made on and as of the Closing Date.

(b) Performance of Obligations of the Purchasers. Each of the Purchasers shall have performed in all material respects all agreements and covenants required to be performed by it under this Agreement on or prior to the Closing Date.

(c) Deliverables. Each of the Purchasers shall deliver or cause to be delivered to the Seller (i) upon receipt of the Seller's items described in Section 6.1(d) above, payment of the portion of the Purchase Price set forth on such Purchaser's signature page hereto, in cash by wire transfer of immediately available funds to an account designated in writing by Seller prior to the date hereof; (ii) an executed copy of the Investor Rights Agreement; and (iii) such other documents as the Seller shall reasonably request.

ARTICLE VII – INDEMNIFICATION AND LIQUIDATED DAMAGES

7.1 Survival of Representations. The representations and warranties of the Seller and the Purchasers contained in or made pursuant to this Agreement shall survive the execution and delivery of this Agreement. The Seller's and the Purchasers' warranties and representations shall in no way be affected by any investigation of the subject matter thereof made by or on behalf of the Seller or the Purchasers.

7.2 Indemnification. The Seller agrees to indemnify and hold harmless the Purchasers, their Affiliates, each of their officers, directors, employees and agents and their respective successors and assigns, from and against any losses, damages, or expenses which are caused by or arise out of (i) any breach or default in the performance by the Seller of any covenant or agreement made by the Seller in this Agreement or in any of the Related Documents; (ii) any breach of warranty or representation made by the Seller in this Agreement or in any of the Related Documents; (iii) any and all third party actions, suits, proceedings, claims, demands, judgments, costs and expenses (including reasonable legal fees and expenses) incident to any of the foregoing; and (iv) any enforcement of this indemnification.

7.3 Indemnity Procedure. The Seller is referred to herein as the "Indemnifying Party" and the other party or parties claiming indemnity is referred to as the "Indemnified Party". An Indemnified Party under this Agreement shall, with respect to claims asserted against such party by any third party, give written notice to the Indemnifying Party of any liability which might give rise to a claim for indemnity under this Agreement within sixty (60) business days of the receipt of any written claim from any such third party, but not later than twenty (20) days prior to the date any answer or responsive pleading is due, and with respect to other matters for which the Indemnified Party may seek indemnification, give prompt written notice to the Indemnifying Party of any liability which might give rise to a claim for indemnity; provided, however, that any failure to give such notice will not waive any rights of the Indemnified Party except to the extent the rights of the Indemnifying Party are materially prejudiced.

The Indemnifying Party shall have the right, at its election, to take over the defense or settlement of such claim by giving written notice to the Indemnified Party at least fifteen (15) days prior to the time when an answer or other responsive pleading or notice with respect thereto is required. If the Indemnifying Party makes such election, it may conduct the defense of such claim through counsel of its choosing (subject to the Indemnified Party's approval of such counsel, which approval shall not be unreasonably withheld), shall be solely responsible for the expenses of such defense and shall be bound by the results of its defense or settlement of the claim. The Indemnifying Party shall not settle any such claim without prior notice to and consultation with the Indemnified Party, and no such settlement involving any equitable relief or which might have an adverse effect on the Indemnified Party may be agreed to without the written consent of the Indemnified Party (which consent shall not be unreasonably withheld). So long as the Indemnifying Party is diligently contesting any such claim in good faith, the Indemnified Party may pay or settle such claim only at its own expense and the Indemnifying Party will not be responsible for the fees of separate legal counsel to the Indemnified Party, unless the named parties to any proceeding include both parties or representation of both parties by the same counsel would be inappropriate due to conflicts of interest or otherwise. If the Indemnifying Party does not make such election, or having made such election does not, in the reasonable opinion of the Indemnified Party proceed diligently to defend such claim, then the Indemnified Party may (after written notice to the Indemnifying Party), at the expense of the Indemnifying Party, elect to take over the defense of and proceed to handle such claim in its discretion and the Indemnifying Party shall be bound by any defense or settlement that the Indemnified Party may make in good faith with respect to such claim. In connection therewith, the Indemnifying Party will fully cooperate with the Indemnified Party should the Indemnified Party elect to take over the defense of any such claim. The parties agree to cooperate in defending such third party claims and the Indemnified Party shall provide such cooperation and such access to its books, records and properties as the Indemnifying Party shall reasonably request with respect to any matter for which indemnification is sought hereunder; and the parties hereto agree to cooperate with each other in order to ensure the proper and adequate defense thereof.

With regard to claims of third parties for which indemnification is payable hereunder, such indemnification shall be paid by the Indemnifying Party upon the earlier to occur of: (i) the entry of a judgment against the Indemnified Party and the expiration of any applicable appeal period, or if earlier, five (5) days prior to the date that the judgment creditor has the right to execute the judgment; (ii) the entry of an unappealable judgment or final appellate decision against the Indemnified Party; or (iii) a settlement of the claim. Notwithstanding the foregoing, the reasonable expenses of counsel to the Indemnified Party shall be reimbursed on a current basis by the Indemnifying Party. With regard to other claims for which indemnification is payable hereunder, such indemnification shall be paid promptly by the Indemnifying Party upon demand by the Indemnified Party.

7.4 Liquidated Damages. The Seller and the Purchasers agree that the Purchasers will suffer damages if a Breach Event (as defined below) occurs or is ongoing. The Seller and the Purchasers further agree that it may not be feasible to ascertain the extent of such damages with precision. If a Breach Event (as defined below) occurs, then the Purchasers may elect, as liquidated damages, and in addition to any other remedies legally available to such Purchasers, to require that the Seller shall pay to the Purchasers liquidated damages at a rate of 12% per annum of the aggregate Purchase Price of such Purchasers payable monthly in cash at the end of each month (or part thereof) in which the Breach Event is outstanding.

“Breach Event” means either:

(i) Any breach of any warranty or representation of the Seller as of the date made in this Agreement, any Related Agreement or any other agreement delivered herewith, which breach, or the facts and circumstances concerning such breach, has or is reasonably likely to have a Material Adverse Effect; or

(ii) Any breach by the Seller of any material covenant or obligation under this Agreement, any Related Agreement or any other agreement delivered herewith, and which breach, if capable of being cured, has not been cured within ten (10) days after notice of such breach has been given by the holders of a majority in interest of Purchasers to the Seller.

The Seller and the Purchasers have expressly negotiated this Section 7.4, and have agreed that in light of the circumstances existing at the time of execution of this Agreement, the liquidated damages expressed herein represent a reasonable estimate of the harm likely to be suffered by the Purchasers upon the occurrence of a Breach Event.

ARTICLE VIII - MISCELLANEOUS

8.1 Further Assurances. Each party agrees to cooperate fully with the other parties and to execute such further instruments, documents and agreements and to give such further written assurances as may be reasonably requested by any other party to better evidence and reflect the transactions described herein and contemplated hereby and to carry into effect the intents and purposes of this Agreement, and further agrees to take promptly, or cause to be taken, all actions, and to do promptly, or cause to be done, all things necessary, proper or advisable under applicable law to consummate and make effective the transactions contemplated hereby, to obtain all necessary waivers, consents and approvals, to effect all necessary registrations and filings, and to remove any injunctions or other impediments or delays, legal or otherwise, in order to consummate and make effective the transactions contemplated by this Agreement for the purpose of securing to the parties hereto the benefits contemplated by this Agreement.

8.2 Fees and Expenses. The parties hereto shall pay their own costs and expenses in connection herewith, except that the Seller shall pay to Tail Wind Advisory and Management Ltd. a non-refundable sum equal to \$10,000 as and for legal and due diligence expenses incurred in connection herewith. The Seller shall pay all fees and expenses of any placement agents, finders and escrow agents in connection with the transactions contemplated by this Agreement pursuant to a separate agreement between such parties.

8.3 Notices. 8.8 Entire Agreement. This Agreement and the other agreements and instruments referenced herein constitute the entire understanding and agreement of the parties with respect to the subject matter hereof and supersedes all prior agreements and understandings.

8.9 Other Remedies. Except as otherwise provided herein, any and all remedies herein expressly conferred upon a party shall be deemed cumulative with and not exclusive of any other remedy conferred hereby or by law, or in equity on such party, and the exercise of any one remedy shall not preclude the exercise of any other.

8.10 Amendment and Waivers. No amendment shall be effected to impact a Purchaser in a disproportionately adverse fashion without the consent of such individual Purchaser.

8.12 No Waiver. The failure of any party to enforce any of the provisions hereof shall not be construed to be a waiver of the right of such party thereafter to enforce such provisions.

8.13 Construction of Agreement; Knowledge. For purposes of this Agreement, the term "knowledge," when used in reference to a corporation means the knowledge of the directors and executive officers of such corporation (including, if applicable, any person designated as a chief scientific, medical or technical officer) assuming such persons shall have made inquiry that is customary and appropriate under the circumstances to which reference is made, and when used in reference to an individual means the knowledge of such individual assuming the individual shall have made inquiry that is customary and appropriate under the circumstances to which reference is made.

This Agreement shall become binding when one or more counterparts hereof, individually or taken together, shall bear the signatures of all of the parties reflected hereon as signatories. In the event that any signature is delivered by facsimile transmission, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile signature page were an original thereof.
