#### 1. BACKGROUND INFORMATION AND LISTING RULES IMPLICATION

On 18 March 2007, the Company entered into the Equity Transfer Agreement with CNPC to dispose, subject to certain pre-conditions as set out below, its entire equity interest in China United Oil, representing 70% of the entire registered capital of China United Oil as at the date of this announcement. Following the Disposal, the Company will cease to hold any equity interest in China United Oil.

CNPC is a promoter and substantial shareholder of the Company, holding approximately 88.21% of the issued share capital of the Company as at the date of this announcement. CNPC is therefore a connected person of the Company and accordingly the Disposal constitutes a connected transaction under Chapter 14A of the Listing Rules.

As the highest applicable percentage ratio, being the revenue ratio, has exceeded 2.5%, the Disposal constitutes a connected transaction subject to the reporting, announcement and independent shareholders' approval requirements under Chapter 14A of the Listing Rules. CNPC and its associates (as defined under the Listing Rules) will be required to abstain from voting in respect of the resolution on the Disposal.

A Board meeting was convened on 18 March 2007 to approve the Equity Transfer Agreement. The Board approval is condition upon, inter alia, the Independent Shareholders' approval. The Directors, including the independent non-executive directors of the Company, are of the view that the transaction is entered into after arm's length negotiations, the consideration payable by CNPC and the other terms of the Disposal are fair and reasonable and are in the interest of the Shareholders as a whole.

#### 2. DESCRIPTION OF THE EQUITY TRANSFER AGREEMENT

##### Summary

Date of the Agreement: 18 March 2007

## Edgar Filing: PETROCHINA CO LTD - Form 6-K

Parties: The Company and CNPC

Subject matter: Disposal of 70% of the equity interests in China United Oil by the Company to CNPC

Consideration: approximately RMB1.01 billion

Condition Precedent: Completion of the Equity Transfer Agreement is subject to, among others:

- (i) approvals from SASAC and other regulatory authorities;
- (ii) approval from the Independent Shareholders;
- (iii) requisite internal approvals from the relevant authorities of CNPC; and
- (iv) the representations, warranties and undertakings given by the Company in relation to the Disposal being true, accurate, complete and valid as at the date of completion of the transaction.

Completion: Unless otherwise agreed by the parties, the closing of the Disposal will occur within thirty business days from the date on which all of the conditions as set out above are satisfied. Full payment will be made in cash on the date of completion.

### Basis of Consideration

The consideration is approximately RMB1.01 billion, which has been determined after arm's length negotiations, with reference to and is approximately equivalent to 70% of the appraisal value of China United Oil as at 31 December 2006 of RMB1.44 billion. The above valuation was conducted based on a cost-base method by Beijing China Enterprise Appraisal Co., Ltd, a PRC qualified asset valuer which is independent of the Group.

The following financial information was derived from the audited accounts of China United Oil prepared under PRC GAAP.

	Year ended 31 December	
	2005	2006
	(RMB\$,000)	(RMB\$,000)
Net profit (loss) before taxes	417,691.04	447,391.95
Net profit (loss) after taxes	263,213.16	273,052.37

The net asset value of China United Oil as of 31 December 2006 was approximately RMB1.275 million, based on which, the Group will be able to

recognize a gain of RMB117 million. The net proceeds of the Disposal are intended to be used for further development of the Company's core businesses.

### 3. REASONS AND BENEFITS FOR THE CONNECTED TRANSACTION

Although the Company holds 70% of the equity interests in China United Oil, China United Oil is equity accounted for by the Company as the Company has little or no control over the board and management of China United Oil. The articles of association of China United Oil states that unanimous shareholder approval is required for major corporate actions, including increasing or decreasing its registered share capital, allocation of profits and losses and changing its corporate structure. Furthermore, representatives from the Company and Sinochem must be present for China United Oil to convene any board meeting. As a result, despite holding 70% of the equity interests in China United Oil, the Company has no actual control over the running of China United Oil. As the Company is unable to unilaterally decide on the strategy and direction of China United Oil, China United Oil could in the future potentially grow and develop along a direction that is inconsistent with the Company's overall strategy.

Furthermore, the Company has gradually been transferring its import and export businesses of crude oil and refined oil to PetroChina International, a wholly-owned subsidiary of the Company incorporated under the laws of PRC in 2002. As the Company is able to exercise total control over PetroChina International, the Company intends to conduct most of its import, export and related international trade businesses through PetroChina International in the future.

Based on the foregoing, the Directors, including the independent non-executive Directors, are of the view that it is in the interests of the shareholders of the Company that China United Oil is disposed of.
