MPEG-4 Visual Standard, and that the patent has been incorporated into the MPEG-4 Visual Patent Portfolio License Pool effective January 1, 2005.

Applications of the patented technology include image/video on the Internet, wireless video, and networked video games. The technology allows the coding of images and video with high efficiency and relatively low complexity.

In addition, Mr. John B. Nano, CTT's President and Chief Executive Officer, also announced that recent agreements for homocysteine royalties and license fees will be the initial drivers for expected double-digit growth in revenue and net income for the fiscal year ending July 31, 2005.
