Item 2.05. Costs Associated with Exit or Disposal Activities

On January 28, 2015, Citrix announced the implementation of a restructuring program designed to increase strategic focus and operational efficiency. The restructuring will affect approximately 700 full-time and 200 contractor positions (the “Restructuring Program”). In connection with this Restructuring Program, the Board of Directors of Citrix adopted a severance pay and benefits plan on January 27, 2015.

Citrix currently expects to record in the aggregate approximately \$49 million to \$55 million in pre-tax restructuring charges associated with this Restructuring Program. Included in these pre-tax charges are approximately \$40 million to \$45 million related to employee severance arrangements and approximately \$9 million to \$10 million related to the consolidation of leased facilities during fiscal year 2015. Substantially all of these charges will result in cash expenditures. Citrix currently anticipates completing the majority of the activities related to the Restructuring Program by the end of 2015.
