PART I

Item 1 Description of Business

(a) Business Development

Incorporated in New York in 1946, Gyrodyne Company of America, Inc. (the "Company") was, from its inception and for the next 25 years, engaged in design, testing, development, and production of coaxial helicopters primarily for the US Navy. Following a sharp reduction in the Company's helicopter manufacturing business and its elimination by 1975, the Company began subdividing and renting out its vacant manufacturing facilities which occupy only a small portion of the total acreage. During fiscal 2000 the Company disposed of the last vestiges of the aerospace division in an agreement with Aviodyne, Inc. of California.

The Company now concentrates its efforts on the development of its real estate holdings in St. James, New York. The converted buildings consist of approximately 202,000 rentable square feet housing 73 tenants in space suitable

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

for office, engineering, manufacturing, and warehouse use.

Neither the Company nor any of its subsidiaries have ever been in any bankruptcy, receivership or similar proceeding.

References to the Company contained herein include its wholly owned subsidiaries, except where the context otherwise requires.

(b) Business of Issuer

The Company manages its real estate operation, which is its major source of revenue, and is a passive investor as a limited partner in the Callery Judge Grove in Palm Beach County, Florida. It currently has a total of 12 full time employees involved in support of the real estate operation.

Real Estate

Gyrodyne owns a 326 acre site, Flowerfield, primarily zoned for light industry, approximately 50 miles east of New York City on the north shore of Long Island. The property is just west of the State University of New York (SUNY) at Stony Brook, a major research center complete with a tertiary care and veterans hospital. The Long Island High Technology Incubator, located on the University campus, has spawned numerous corporate graduates creating an ongoing need for research and development rental space. Flowerfield's location also places it in hydrological zone VIII, one of the most liberal with respect to effluent discharge rates.

The Flowerfield property is bisected by the town lines of Smithtown and Brookhaven Townships. The existing buildings and approximately 144 acres are located in the hamlet of St. James, Township of Smithtown, and the contiguous balance of approximately 182 acres is located in the hamlet of Stony Brook, Township of Brookhaven. Of the total acreage, there are 24 acres in Smithtown and 9 in Brookhaven that are zoned for residential use. The vacant industrially zoned property in St. James is the largest undeveloped industrially zoned parcel in the township of Smithtown.

There are five main building groups with rental unit sizes ranging from 300 to 25,000 square feet. Given the location and size of rental units, the Flowerfield Industrial Park attracts many smaller companies that are not dependent on extensive material or product handling. The Port Jefferson Branch of the Long Island Railroad runs through the property.

In June 1996 the Board of Directors adopted a preliminary Master Plan for development of Flowerfield. Because of change of zone requirements, implementation of any development plan should not be viewed as a short term project. The consideration of various themes and uses resulted in several drafting revisions and timing delays. Environmental studies have been updated and numerous other studies including archeological, ecological, and traffic have been conducted -- all with no significant adverse findings. The Company believes that it does not incur material costs in connection with compliance with environmental laws. During Fiscal Year 2002, the Company paid approximately \$1,900.00 for the removal of loose asbestos floor tiles, the removal of asbestos pipe, and the air monitoring and sample analysis of asbestos.

During the past two years, several evaluations of highest and best use for the property have resulted in the adoption of a plan to develop an upscale residential golf course community at Flowerfield.

In April 2002, the Company entered into a Contract of Sale with Sco Properties, Inc., a New York corporation, to sell certain real estate totaling 12 acres owned by the Company for \$5,370,000.00. In addition, Gyrodyne executed agreements with Landmark National to design and develop an 18 hole championship

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

golf course community at Flowerfield. The contractual arrangements with Landmark are included as exhibits to this report.

Citrus Grove

The original limited partner investment of \$1.1 million, which was made in 1965, has over the years yielded distributions of approximately \$5.5 million and is carried on the books of the Company at \$1,585,104. The Company's initial participation through its wholly owned subsidiary, Flowerfield Properties, Inc., represented a 20% interest in the Callery Judge Grove. Based on three subsequent capital infusions in which the Company did not participate, our share is now approximately 10.93%. Although Management has determined that development of the Callery-Judge Grove is in the best interests of the Partnership, the requirement to invest in achieving shareholder value from the Flowerfield property far outweighs this alternative investment opportunity.

The Company's investment in the Grove only changes when capital distributions are received or when cash payments are made to the Grove. There were no such transactions in FY 2002, and the Company does not anticipate receiving any distributions from the Grove in the near future. The Company's last cash receipt from the Grove was in calendar year 1991 and amounted to \$294,000.

Aerospace

During the fiscal year ended April 2000, the defunct helicopter manufacturing division was disposed of via an Asset Purchase Agreement with Aviodyne, Inc. of California. Terms of the agreement called for the transfer of the proprietary interest, parts inventory, and drawings to Aviodyne and their assumption of all technical support requirements in Gyrodyne's Technology Transfer Agreement with Dornier GmbH, Germany. A cash payment of \$50,100 was received by the Company as part of the Aviodyne agreement. The Company also retained its rights to a \$1,240,000 payment in the event Dornier executed an option to acquire manufacturing rights to Gyrodyne technology. During April 2001, that option was exercised and the Company received net proceeds of approximately \$1 million after related expenses.

Item 2 Description of Property

(c) Description of Real Estate and Operating Data

The Company owns a 326 acre tract of land located on the north shore of Suffolk County, Long Island, New York just west of the State University of New York at Stony Brook. The Company currently has approximately 202,000 square feet of rental space and maintains its corporate office on site.

The land is carried on the Company's books at cost in the amount of \$808,338 while the buildings and improvements are carried at a depreciated cost of \$1,330,541. At the current time, the property and buildings, except for Building #7 and the surrounding 6 1/2 acres, which are encumbered by a 10 year collateral mortgage in the amount of \$1,050,000, are entirely without financial encumbrances. The principal balance of the mortgage as of April 30, 2002 is \$688,197.

The average age of all the buildings is approximately 42 years and the facilities continually undergo maintenance repair cycles for roofs, paved areas, and building exteriors. The general condition of internal infrastructure, HVAC, electrical, and plumbing is considered above average for facilities of this age. The grounds feature extensive landscaping, are neatly groomed, and well

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

maintained.

The Company currently maintains a \$10 million dollar liability umbrella policy and has insured certain buildings and rent receipts predicated on an analysis of risk, exposure, and loss history. It is Management's opinion that the premises are adequately insured.

The following table sets forth certain information as of April 30, 2002 for the total Company property.

Property -----	Rentable Square Feet ----	Percent Leased -----	Annual Base Rent ----	Annual Base Rent Per Leased SQ. FT. -----

Item 3 Legal Proceedings

In the normal course of business, the Company is a party to various legal proceedings. After reviewing all actions and proceedings pending against or involving the Company, Management considers that the aggregate loss, if any, will not be material.

Item 4 Submission of Matters to a Vote of Security Holders

No matters were submitted to the vote of security holders during the fourth quarter of Fiscal Year 2002.

The Company's annual shareholder meeting for Fiscal Year 2001 was held on June 13, 2002. On each matter submitted to shareholders, the votes were as follows:

To elect two Directors to serve for a term of three years and until his successor shall be elected and shall qualify: Stephen V. Maroney; votes for 659,264, votes withheld 205,250; Philip F. Palmedo; votes for 659,264, votes withheld 205,250.

Messrs. Lamb, Friemann, and Beyer continue to serve as Directors in accordance with their terms of office.

To ratify the engagement of Holtz, Rubenstein & Co., LLP as certified public accountants for fiscal year 2002; votes for 731,124, votes against 131,371, votes abstain 2,019.

Item 6 Management's Discussion and Analysis of Financial Condition and Results of Operation

Fiscal 2002 reflected continued progress in improved earnings from the Company's real estate operation. Revenues from rental property reached record levels for the twelve months ending April 30, 2002 totaling \$2,608,005. This represents a \$155,485 increase over the prior year posting of \$2,452,520. Expenses associated with the rental property amounted to \$1,190,957 which were some \$39,000 less than the prior year and at the lowest level in six years.

As a result, income from rental property operations increased by \$194,486 and totaled \$1,417,048 compared to \$1,222,562 for the same period last year, representing a 16% improvement.

A significant performance benchmark, income as a percentage of revenues, has risen from 26% to 54% over the past few years. Income from the Company's rental property has increased by \$500,000 during the last three years alone. These improved earnings have been utilized to offset significant costs associated with pursuing the full value of the Flowerfield acreage.

General and administrative expenses increased by \$230,546 and totaled \$1,424,520 compared to \$1,193,974 the prior year. Major contributing factors to this year's expenditures were increases of \$20,440 in fees for outside services, \$186,344 in costs associated with corporate governance, and an increase in pension expense of \$71,736. These were partially mitigated by reductions of \$15,846 in salary and benefits, \$12,902 in provisions for doubtful accounts, and \$11,985 in legal and consulting fees.

Other income amounted to \$27,652 for the current year and \$1,045,885 for the prior twelve months ending April 30, 2001. The previous year's results included nonrecurring income of \$1,034,491 pertaining to the Company's defunct helicopter business.

Income before taxes amounted to \$20,180 and \$1,074,473 for fiscal 2002 and 2001, respectively. Net income after tax amounted to \$21,645 in 2002 and \$695,763 for 2001. Had it not been for the aforementioned earnings related to helicopter business, the Company would have operated at similar levels for both years. As stated earlier, the increased earnings from the Flowerfield Industrial Park

have made it possible for the Company to sustain itself and to cope with

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

additional expenses for professional services associated with unlocking the value of the undeveloped acreage at Flowerfield.

Net income per common share amounted to \$0.02 for fiscal 2002 and \$0.57 and \$0.56 on a basic and diluted basis, respectively, for fiscal 2001.

Our limited partnership investment in the Callery Judge Grove continues to be carried on the Company's balance sheet at \$1,585,000. This represents a 10.93% ownership in a 3,500 acre citrus grove in Palm Beach County, Florida. The land is currently included in a proposed 65,000 acre master planned community which is under consideration and review by local municipal authorities. We have no current forecast as to the likelihood of, or timing for, any entitlements that would impact the Grove's value.

Last year we were presented with the ongoing takeover proposals of a major shareholder, Boston based K Capital, whose earlier attempts to acquire the Company at discounted values and under terms that were not consistent with usual and customary practices were rejected. During the latter part of fiscal 2002, they announced their plan to force the sale of the Company through an auction process. The Board of Directors and this management concluded that their proposals were not in the best interest of the shareholders and were also rejected.

That rejection was supported by our conclusions concerning the real value of the Flowerfield property. In January 2001, and as part of our exploration of highest and best use scenarios for the property, we commissioned Price Waterhouse to conduct several evaluations of Flowerfield based on various use assumptions. In every case, including it's current light industrial zoning, the evaluations clearly exceeded the K Capital pricing as well as being above the market capitalization for the Company. We also concluded that a residential upzoning would provide the highest and best use and that residential lots on a golf course setting commanded a significant premium over neighboring prices. To accommodate our ability to move forward with financial security and to neutralize an attempt to force the sale of the Company at auction, we entered into a contract of sale with an existing tenant who operates the catering facility at Flowerfield for approximately 12 acres of land and certain buildings related to the catering operation. The sale price of \$5.4 million enabled us to purchase 111,000 shares of K Capital's stock and bolster our future cash position to fund the anticipated predevelopment costs of the Flowerfield property. In a separate transaction, K Capital sold its remaining shares of Gyrodyne stock and is no longer a shareholder.

With regard to our findings for the highest and best use for our property, we announced in April 2002 that we had executed agreements with Landmark National to design and develop an 18 hole championship golf course community at Flowerfield. Our contractual arrangements with Landmark call for them to oversee the planning for land development and golf course design and construction, and future management of those facilities. The contracts are incentive driven in that Landmark will derive the bulk of their compensation through a participation in future profits which will ensure that our mutual interests in the financial success of this project are closely aligned.

Landmark National courses have been host to numerous major tournament events over the years and include Ryder Cup Matches, the Skins Games, the USGA National Amateur and NCAA Championships, the PGA Championship, the Bob Hope Chrysler Classic, and the Dinah Shore LPGA Tournament. Landmark venues include PGA West, LaQuinta Golf and Tennis Resort, Carmel Valley Ranch, the Ocean Course at Kiawah Island, Oak Tree Golf Club, and most recently Doonbeg, Ireland.

Following the purchase and redemption of the K Capital shares, the Company announced a 10% stock dividend to shareholders of record as of May 1, 2002.

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

As of April 30, 2002, the Company had cash and cash equivalents of \$1,105,790 and anticipates having the capacity to fund normal operating and administrative expenses and its regular debt service requirements.

Independent Auditors' Report

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

Board of Directors and Stockholders
Gyrodyne Company of America, Inc.
St. James, New York

We have audited the accompanying consolidated balance sheets of Gyrodyne Company of America, Inc. and Subsidiaries as of April 30, 2002 and 2001 and the related consolidated statements of income, stockholders' equity and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Gyrodyne Company of America, Inc. and Subsidiaries as of April 30, 2002 and 2001 and the results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

GYRODYNE COMPANY OF AMERICA, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED APRIL 30, 2002 AND 2001

1. Summary of Significant Accounting Policies:
 - a. Organization and nature of operations

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

Gyrodyne Company of America, Inc. and Subsidiaries (the "Company") is primarily a lessor of industrial and commercial real estate to unrelated diversified entities located in Long Island, New York.

The Company is also in the process of developing its real estate holdings into a golf course community as part of an agreement with DPMG, Inc. (see Note 15).

b. Principles of consolidation

The accompanying consolidated financial statements include the accounts of Gyrodyne Company of America, Inc. ("GCA") and its wholly-owned subsidiaries. All intercompany balances and transactions have been eliminated.

c. Real estate

Real estate assets are stated at cost, less accumulated depreciation and amortization. If there is an event or a change in circumstances that indicates that the basis of the Company's property may not be recoverable, the Company will assess any impairment in value by making a comparison of (i) the current and projected operating cash flows (un-discounted and without interest charges) of the property over its remaining useful life and (ii) the net carrying amount of the property. If the current and projected operating cash flows (un-discounted and without interest charges) are less than the carrying value of its property, the carrying value would be written down to an amount to reflect the fair value of the property.

d. Depreciation and amortization

Depreciation and amortization are provided on the straight-line method over the estimated useful lives of the assets, as follows:

Buildings and improvements	10 to 30 years
Machinery and equipment	3 to 20 years

Expenditures for maintenance and repairs are charged to operations as incurred. Significant renovations are capitalized.

e. Revenue recognition

Minimum revenues from rental property are recognized on a straight-line basis over the terms of the related leases.

f. Investments

The Company accounts for its investment in a citrus grove under the cost method. Under this method any distributions by the citrus grove will be income in the year of distribution and capital contributions by the Company will increase the value of the investment.

1. Summary of Significant Accounting Policies: (Cont'd)

g. Statement of cash flows

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

- h. Net income per common share and per common and common equivalent share

The reconciliations for the years ended April 30, 2002 and April 30, 2001 are as follows:

	Year Ended April 30, 2002		
	Income	Shares	Per Share
Basic EPS	\$ 21,645	1,218,076	\$.02
Effect of dilutive securities - common stock options	--	7,376	--
	\$ 21,645	1,225,452	\$.02

	Year Ended April 30, 2001		
	Income	Shares	Per Share
Basic EPS	\$695,763	1,229,583	\$.57
Effect of dilutive securities - common stock options	--	9,620	(.01)
	\$695,763	1,239,203	\$.56

- i. Income taxes

Deferred tax assets and liabilities are determined based on differences between financial reporting and tax bases of assets and liabilities, and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse.

- j. Stock-based compensation

The Company applies APB Opinion No. 25 and related interpretations in accounting for stock-based compensation to employees. Stock compensation to non-employees is accounted for at fair value in accordance with Statement of Financial Accounting Standard No. 123, "Accounting for Stock-Based Compensation."

- k. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The most

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

significant assumptions and estimates relate to depreciable lives and the valuation of real estate.

1. Summary of Significant Accounting Policies: (Cont'd)

1. New accounting pronouncements

In July 2001, the FASB issued Statement No. 141, "Business Combinations" and SFAS No. 142, "Goodwill and Intangible Assets". SFAS No. 141 requires the use of the purchase method of accounting for business combinations and prohibits the use of the pooling of interests method. SFAS No. 141 also expands the definition of intangible assets acquired in a purchase business combination. SFAS No. 142 eliminates the amortization of goodwill, requires annual impairment testing of goodwill and introduces the concept of indefinite life intangible assets. It will be effective in the first quarter of fiscal year 2003. The new rules also prohibit the amortization of goodwill associated with business combinations that close after June 30, 2001.

Also in July 2001, the FASB issued Statement No. 143, "Accounting for Asset Retirement Obligations" which requires the recognition of a liability for an asset retirement obligation in the period in which it is incurred. When the liability is initially recorded, the carrying amount of the related long-lived asset is correspondingly increased. Over time, the liability is accreted to its present value and the related capitalized charges is depreciated over the useful life of the asset. Statement No. 143 is effective for fiscal years beginning after June 15, 2002. In August 2001, the FASB issued Statement No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" which is effective for fiscal periods beginning after December 15, 2001 and interim periods within those fiscal years. Statement No. 144 establishes an accounting model for impairment or disposal of long-lived assets including discontinued operations. The Company is currently evaluating the impact of Statement Nos. 141, 142, 143 and 144. The Company does not believe that these pronouncements will have a material effect on the financial statements.

m. Reclassifications

Certain reclassifications have been made to the consolidated financial statements for the year ended April 30, 2001 to conform with the classification used in 2002.

2. Income Taxes:

The Company files a consolidated U.S. federal income tax return that includes all 100% owned subsidiaries. State tax returns are filed on a consolidated or separate basis, depending on the applicable laws.

The (benefit) provision for income taxes is comprised of the following:

	Years Ended April 30,	
	2002	2001
Current:		
Federal	\$ --	\$ --
State	36,535	7,910

2. Income Taxes: (Cont'd)

The components of the net deferred tax liabilities are as follows:

	April 30,	
	2002	2001
	-----	-----
Deferred tax assets:		
Stock compensation	\$ 38,000	\$ 53,000

	-----	-----
Net deferred income taxes	\$ (1,196,000)	\$ (1,234,000)
	=====	=====

The Company has federal net operating loss carryforwards of approximately \$1,575,000 which can be used to reduce future taxable income through 2022. The valuation allowance decreased by \$19,000 during the year ended April 30, 2002 as the Company expects future earnings to absorb State net operating losses.

A reconciliation of the federal statutory rate to the Company's effective tax rate is as follows:

	Years Ended	
	April 30,	
	2002	2001

Other differences, net	37.5	(1.6)
	----	----
	(7.3)%	35.1%
	====	====

3. Retirement Plans:

The Company has a noncontributory defined benefit pension plan covering substantially all of its employees. The benefits are based on annual average earnings for the highest sixty (60) months (whether or not continuous) immediately preceding the Participant's termination date. Annual contributions to the plan are at least equal to the minimum amount, if any, required by the Employee Retirement Income Security Act of 1974 but no greater than the maximum amount that can be deducted for federal income tax purposes. Contributions are intended to provide not only for benefits attributed to service to date but also those expected to be earned in the future. Due to the overfunded status of the plan, no contributions have been made for each of the two years in the period ended April 30, 2002.

- 17 -

3. Retirement Plans: (Cont'd)

Net periodic pension (income) expense consists of the following components:

	Years Ended April 30,

Market value	\$ 1,327,965	\$ 1,398,476

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

4. Technology Transfer Agreements:

The Company entered into a Technology Transfer Agreement, as amended, with Dornier GmbH of Germany whereby the Company provided technological documentation and assistance related to the Company's coaxial helicopters. During the year ended April 30, 1999, the Company received \$760,000 pursuant to the agreement. Dornier had the option to request technical support and assistance from the Company in order to more fully understand the technology purchased.

During fiscal 2001, Dornier exercised the option, and the Company received a payment of \$1,240,000, which is included in the statement of operations as "Aerospace Income", net of legal and royalty expenses. (See Note 11c).

5. Stock Options Plans:

Incentive Stock Option Plan

The Company has a stock option plan (the "Plan") under which participants may be granted either Incentive Stock Options ("ISOs"), Non-Qualified Stock Options ("NQSOs") or Stock Grants. The purpose of the Plan is to promote the overall financial objectives of the Company and its shareholders by motivating those persons selected to participate in the Plan to achieve long-term growth in shareholder equity in the Company and by retaining the association of those individuals who are instrumental in achieving this growth. Such options or grants become exercisable at various intervals based upon vesting schedules as determined by the Compensation Committee. The options expire between August 2002 and April 2007.

- 19 -

5. Incentive Stock Option Plan (Cont'd)

The ISOs may be granted to employees and consultants of the Company at a price not less than the fair market value on the date of grant. All options are authorized and approved by the Board of Directors, based on recommendations of the Compensation Committee.

ISOs may be granted along with Stock Appreciation Rights which permit the holder to tender the option to the Company in exchange for stock, at no cost to the optionee, that represents the difference between the option price and the fair market value on date of exercise. NQSOs may be issued with Limited Stock Appreciation Rights which are exercisable, for cash, in the event of a change of control. In addition, an incentive kicker may be provided for Stock Grants, ISOs and NQSOs, which increases the number of grants or options based on the market price of the shares at exercise versus the option price. A reload feature may also be attached which permits the optionee to tender previously purchased stock, in lieu of cash, for the purchase of the options and receive additional options equal to the number of shares tendered.

Non-Employee Director Stock Option Plan:

The Company adopted a non-qualified stock option plan for all non-employee Directors of the Company in October 1996. Each non-employee Director was granted an initial 2,500 options on the date of adoption of the plan. These options are exercisable in three equal annual installments commencing on the first anniversary date subsequent to the grant. Additionally, each non-employee Director was granted 1,250 options on each January 1, 1997 through 2001, respectively. These additional options are exercisable in full on the first

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

anniversary date subsequent to the date of grant.

A summary of the Company's various fixed stock option plans as of April 30, 2002 and 2001, and changes during the years then ended is presented below:

\$18.16 - \$19.10	39,600	2.96	\$18.30	39,600

Shares reserved for future issuance at April 30, 2002 are comprised of the following:

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

Shares issuable upon exercise of stock options under the Company's Non-Employee Director Stock Option Plan	73,700
Shares issuable under the Company's Non-Employee Director Stock Compensation Plan	22,792
Shares issuable upon exercise of stock options under the Company's stock incentive plan	230,177
Shares issuable under the Company's stock grant incentive plan	3,465
	330,134

In accordance with APB Opinion No. 25, no compensation expense has been recognized for the employee stock option plans. Had the Company recorded compensation expense for the employee stock options based on the fair value at the grant date for awards in the years ended April 30, 2002 and 2001 consistent with the provisions of SFAS No. 123, the Company's net income and net income per share would have been adjusted to the following pro forma amounts:

	2002	2001
	-----	-----
Net income, as reported	\$ 21,645	\$ 695,763
Net (loss) income, pro forma	(134,935)	611,628

- 21 -

5. Incentive Stock Option Plan (Cont'd)

For the purposes of the pro forma presentation, the fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model. The following range of weighted-average assumptions were used for grants during the fiscal years ended April 30, 2002 and 2001.

	Years Ended April 30,	
	2002	2001
Dividend yield	0.0%	0.0%
Volatility	41.0%	39.0%
Risk-Free interest rate	4.0%	5.75%
Expected life	5 Years	5 Years

Incentive Compensation Plan:

The Company has an incentive compensation plan for all full-time employees and members of the Board in order to promote shareholder value. The benefits of the incentive compensation plan are realized only upon a change in control of the Company. Change in control is defined as the accumulation by any person, entity or group of 30% or more of the combined voting power of the Company's voting stock or the occurrence of certain other specified events. In the event of a change in control, the Company's plan provides for a cash payment equal to

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

the difference between the plan's "establishment date" price of \$15.39 per share and the per share price of the Company's common stock on the closing date, equivalent to 100,000 shares of company common stock. The payment amount would be distributed to eligible participants based upon their respective weighted percentages (ranging from .5% to 18%).

6. Loans Payable:

	April 30,	
	2002	2001
	-----	-----
Term loan, bank (a)	\$688,197	\$742,392
Installment loans, other	11,987	--

	=====	=====

(a) The loan requires monthly installment payments of \$9,643, including interest at 8.45% per annum through September 2005 when the remaining unpaid principal of approximately \$470,000 is payable. The loan provides for an adjustment to the fixed interest rate on every fifth anniversary based upon the U.S. Treasury note rate. The loan is secured by the assignment of rents and a first collateral mortgage on certain real estate. The Bank requires compensating balances totaling 20% of the ending monthly balance of the loan to be held in interest bearing and non-interest bearing deposit accounts.

- 22 -

6. Loans Payable: (Cont'd)

Annual maturities of debt is as follows:

Years ending April 30,	Amount

7. Deposit on Contract for Sale of Real Estate:

In April 2002, the Company entered into an agreement to sell 12 acres of land, buildings, and improvements located in St. James, New York to one of its tenants for \$5,370,000. Pursuant to this agreement, the Company received a cash deposit of \$1,000,000. The date of the closing is expected to be in July 2002, at which time the remaining balance will be paid through a note in the amount of \$1,800,000 and cash of \$2,570,000. In fiscal 2003, the gain on the sale of this real estate is expected to be in excess of \$4,000,000.

8. Stockholders' Equity:

- a. Repurchase of common stock

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

On April 12, 2002, the Company repurchased 111,000 shares of common stock from one of its stockholders at a price of \$20.25 per share. The par value method of accounting is used for common stock repurchases. The excess of the cost of shares acquired over their par value is allocated to paid-in capital with the excess over market value charged to retained earnings.

b. Stock dividend

On April 15, 2002, the Company's Board of Directors declared a 10% stock dividend payable on May 15, 2002 for shareholders of record as of May 1, 2002. A total of 100,646 shares of common stock were issued out of treasury in connection with this dividend. The financial statements at April 30, 2002 give effect to the dividend and reflect a reduction of treasury stock equal to the fair value of the stock dividend of \$2,038,082. All references in the accompanying financial statements to the number of common shares and per share amounts have been restated to reflect the stock dividend.

In connection with the 10% stock dividend, a cash dividend of \$8,397 was paid to stockholders for fractional shares.

- 23 -

9. Concentration of Credit Risk:

Financial instruments which potentially subject the Company to concentrations of credit risk consist principally of cash and cash equivalents and long-term investments. The Company places its temporary cash investments with high credit quality financial institutions and, by policy, limits the amount of credit exposure in any one financial institution. The Company is affected by the economics of the Citrus industry due to its investments therein. Management does not believe significant credit risk exists at April 30, 2002.

12. Fair Value of Financial Instruments:

The methods and assumptions used to estimate the fair value of the following classes of financial instruments were:

The carrying amount of cash, receivables and payables and certain other short-term financial instruments approximate their fair value.

The estimated fair value of the Company's investment in the Citrus Grove Partnership at April 30, 2002, based upon an independent third party appraisal report, is approximately \$5,288,000 based on the Company's ownership percentage.

The book value of the Company's loans payable approximates its fair value.

13. Related Party Transactions:

Services

A law firm related to a director provided legal services to the Company for which it was compensated approximately \$309,000 and \$172,000 for the years ended April 30, 2002 and 2001, respectively.

14. Major Customers:

For the year ended April 30, 2002 rental income from three tenants represented 16%, 12% and 11% of total rental income.

For the year ended April 30, 2001 rental income from three tenants represented 20%, 12% and 11% of total rental income.

Subsequent to year end, one of the Company's major tenants purchased land, buildings, and improvements from the Company (see Note 7). The tenant is not expected to continue leasing from the Company. Rental income from this tenant for the years ended April 30, 2002 and 2001 was approximately \$304,000 and \$295,000, respectively.

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form 10KSB

15. Contracts:

On April 9, 2002, the Company entered into a Golf Operating and Asset Management Agreement with DPMG, Inc. (dba Landmark National). Under the terms of this agreement, Landmark National will develop and design an 18 hole championship golf course community. The agreement provided for DPMG, Inc. to oversee the planning for land development and golf course design and construction, and the management of the facilities.
